American Rescue Plan Act of 2021 (P.L.

Sec. 2501 Funding for Public Health  
Workforce

Dear Dr. Susan Philip:

This letter covers the Public Health Workforce Development Supplemental funding through the American Rescue Plan Act of 2021, to establish, expand, train, and sustain the STLT public health workforce to support jurisdictional COVID-19 prevention, preparedness, response, and recovery initiatives, including school-based health programs. Funding for these activities is covered for the period beginning July 1, 2021 to June 30, 2023. The California Department of Public Health (CDPH) is allocating **\$1,557,822** to **City & County of San Francisco**. This letter describes the goals and structure of the workforce development strategy, the funding provided, and the expectations.

CDPH was awarded \$173 million and will allocate \$64 million to LHDs for strategically recruiting, hiring, and training personnel to address projected jurisdictional COVID-19 response needs while continuing to distribute and administer vaccine without discriminating on non-public-health grounds within a prioritized group.

**Funding:**

The funding term is July 1, 2021 to June 30, 2023. CDPH will evaluate spending at the local level in June 2022. CDPH, in consultation with the California Conference of Local Health Officers and California Health Executives Association of California, will consider options for possible redirection of funds at that time.

### **Allowable Costs:**

Funding can be used to hire personnel for roles that may range from senior leadership positions to early career or entry-level positions and may include, but is not limited to:

- Permanent full-time and part-time staff
- Temporary or term-limited staff
- Fellows
- Interns
- Contractors or contracted employees

For a detailed listing of allowable costs and activities, please refer to the funding guidance document, Attachment 4.

### **Unallowable Costs:**

The funding associated with the Public Health Workforce grant cannot be used for the following costs:

- Research.
- Clinical care (except as otherwise noted in Domain 5 and as may be provided in further guidance from CDC).
- Publicity and propaganda (lobbying):
  - Other than for normal and recognized executive-legislative relationships, no funds may be used for:
    - publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body.
    - the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body.

### **Submission Requirements:**

1. Complete a Workplan and Budget by **September 30, 2021** and submit to CDPH at: [LHBTProg@cdph.ca.gov](mailto:LHBTProg@cdph.ca.gov). See *Attachments 1 and 2*. Your Agency should consider the following when developing your Workplan and Budget:

- Develop approximate goals and metrics regarding diversity of staff hired and equity and inclusion activities. Report on progress against those measures will be required.

- Because overtime costs are a very likely and reasonable expense during the response to COVID-19, CDC is allowing budgets to include projected overtime costs. Overtime costs should be estimated based on current real-time needs.
- It is recommended that your Agency fund an administrative position to ensure fiscal accountability and reporting requirements of this grant.
- Your Agency must work in coordination with tribal governments, community-based organizations, and faith-based organizations, particularly those with experience with high-risk populations based upon county COVID-19 surveillance data. There is no explicit cap or percentage that must go to these partners; however, you must reach out to them and enlist their help where it makes sense (i.e. outreach, testing strategy, education, or housing, etc.).
- Your Agency is encouraged to recruit and give hiring preference to unemployed workers, underemployed workers, and applicants from local communities disproportionately affected by COVID-19, who are qualified to perform the work. In addition, you are encouraged to work with applicants from your community when executing contracts and other services.

**Reporting Requirements:**

As a subrecipient of the Public Health Workforce Development Supplemental Funding, the CDC requires submission of the following reporting documents. For your convenience, your Contract Manager will issue reminders as these dates get closer.

1. Quarterly progress reports on status of timelines, goals, and objectives.
  - Progress reports must include status in meeting hiring goals. Progress toward meeting hiring goals including types of staff hired and the general roles they hold.
2. Quarterly fiscal reports summarizing progress in obligating and spending the allocated funds.

Progress reports must be submitted to CDPH following the schedule below. Note, if your workplan or budget is under review by CDPH and has not been approved by the progress report due date, you are still required to submit your progress report to CDPH.

1. First Quarter Payment: CDPH will issue a warrant (check) to your Agency for 25% of your total allocation, this will be issued as an advance payment.
2. Future payments will be based on reimbursement of expenditures once the 25% advance payment has been fully expended. In order to receive future payments, your Agency must complete and submit reporting documentation within Attachments 1 and 2 following the due dates above within Reporting Requirements.
3. Your Agency must maintain supporting documentation for any expenditures invoiced to CDPH against this source of funding. Documentation should be readily available in the event of an audit or upon request from CDPH. Documentation should be maintained onsite for five years.

Thank you for the time your Agency has and will continue to invest in this response. We are hopeful that this additional funding can support the needs of your local health jurisdiction and that it provides solutions that allow for a more sustained workforce. WFDP001	TBD	Agency Preparedness Manager (0931)	Program Management Staff	The COVID-19 Pandemic has demonstrated many gaps in our Public Health Preparedness, as well as the silos that exist within the City and County of San Francisco (CCSF). This manager-level position will be tasked with overseeing the updating of current plans based on lessons learned from the pandemic, as well as modification of current plans as new variants are introduced, as well as coordinating across city departments to ensure a robust-unified response to future disasters and health threats.	\$155,638	100.00%	4.00	\$18,158	\$51,879	\$168,323	100.00%	12.00	\$58,913	\$168,323	\$297,273
WFDP002	TBD	Healthcare System Readiness Manager (2593)	Program Management Staff	Prior to the pandemic, CCSF Public Health Emergency Preparedness and Response (PHEPR) maintained relationships with external healthcare entities to keep them apprised in times of crisis. However, the COVID-19 pandemic demonstrated the acute need for better coordination, as well as improved support to maintain facility preparedness. This position will allow for improved coordination with healthcare partners, as well as improved ability to provide guidance to facilities in need.	\$115,362	100.00%	4.00	\$13,459	\$38,454	\$124,741	100.00%	12.00	\$43,659	\$124,741	\$220,314
WFDP003	TBD	Policy, Communications, and Community Resilience Manager 0931	Program Management Staff	The Policy, Communications, and Community Resilience Manager will help to fill a gap demonstrated by the COVID pandemic. We have essentially no outreach capability to the community, and we know that in the first phases of a disaster, community often leads the response itself and community preparedness, as well as strong relationships with disaster management officials, is absolutely key to a successful response. This manager will oversee community outreach efforts, build relationships at a neighborhood level, oversee training and exercise development to improve community preparedness, and support community messaging and outreach both through liaising DPH communications, the city-wide JIC, and the communities themselves.	\$155,638	100.00%	4.00	\$18,158	\$51,879	\$168,323	100.00%	12.00	\$58,913	\$168,323	\$297,273

## CDC - Coronavirus-19 Public Health Workforce Development Funding (American Rescue Plan Act of 2021)

**1. Local Health Jurisdiction Name:**

**Grant Number:** 1 NU90TP922174-01-00

**2. EPO has provided the State's overall workplan for the PH Workforce Development funding which includes 8 Goals. Local Health Juridictions should review the State's Objectives, Outcomes and Activities for each of the 8 Goals and then insert the LHJs Objectives, Outcomes and Activities that differ from the State's.**

**Over the past couple of months, CDPH partnered with LHDs to outline the infrastructure needs to address COVID-19 suppression and recovery for the year after June 15th, developing a plan entitled 2021 Beyond the Blueprint. Building on that planning effort, specific scenarios were outlined that described possible changes to the scope of the COVID-19 response which could be used to prepare CDPH and other Departments. Eight strategic planning goals are outlined in this workplan.**

**GOAL 1: Deploy effective communications and engagement strategy for ALL Californians that aims to reduce transmission by addressing vaccine hesitancy and employs a harm reduction strategy with a focus on hardest to reach populations and communities at risk.**

Objectives	Outcomes	State Activities
<p>Continue and expand comprehensive communications plan through the following objectives:</p> <ol style="list-style-type: none"> <li>1. Use surveillance data to inform and update communication messages and modalities.</li> <li>2. Focus public education &amp; engagement efforts to bolster vaccine confidence and uptake.</li> <li>3. Enhance public education to employ harm reduction model for ALL Californians.</li> <li>4. Coordinate community engagement efforts and focus on key messages that support communications objectives for bolstering vaccine confidence, employing harm reduction strategies, and providing direct appointment assistance.</li> </ol>	<ol style="list-style-type: none"> <li>1. Shift the proportion of undecided by at least 5% from the 15% undecided in June 2021 to Supporters (vaccinated or plan to vaccinate) by 9/1/21.</li> <li>2. Decrease proportion of populations that have negative perceptions of vaccine efficacy.</li> <li>3. Increase proportion of unvaccinated people wearing masks indoors by at least 5% by August (based on results of planned survey).</li> </ol>	<ol style="list-style-type: none"> <li>1. Develop a department-wide data governance, facilitating a department-wide data strategy, and developing and deploying a unified technology platform that will establish interoperability between diverse data sets in CDPH programs.</li> <li>2. Implement a Policy and Guidance team to work with policy makers in Agency and the Governor’s Office to develop content that is in line with existing and upcoming science and policies.</li> <li>3. Provide LHDs with current state information and help ensure Californians are prepared for and know how to prevent the virus, plus improve and expand upon existing communications structure.</li> <li>4. Enhancements to media response, outreach and education, social media, web communications and multimedia communications.</li> </ol>

**Local Objectives:** *Coordinate community engagement efforts and focus on key messages that support communications objectives for bolstering vaccine confidence and employ harm reduction strategies.*

**Local Outcomes:** *Increase proportion of the eligible population that has received the vaccine by at least 5% in our 10 most highly impacted communities by June 2023*

**Local Activities:** *Establish strong relationships with communities highly impacted by COVID through consistent staff presence in those communities in order to facilitate prevention and mitigation communications.*

**GOAL 2: Achieve community immunity through effective vaccination strategy.**

Objectives	Outcomes	State Activities
<p>1. Plan to administer booster based on CDC recommendation – either J&amp;J requires mRNA booster and/or a third dose of the mRNA vaccine is needed due to waning immunity.</p> <ul style="list-style-type: none"> <li>a. Ensure effective communications to public.</li> <li>b. Ensure easy access by expanding provider network.</li> <li>c. Scale support to LHDs and providers with staffing, mobile clinics, communications, and other distribution resources if needed.</li> <li>d. Stand up Allocation team if needed for equitable prioritization and distribution of boosters.</li> <li>e. Ensure long-term care facilities have access to boosters.</li> <li>f. Develop planning and technical assistance for school-based clinics.</li> </ul>	<p>1. Outcome 1: Increase percent of 12-17-year-olds vaccinated with at least one dose to at least 50% by August 30, 2021 and at least 80% by November 30, 2021.</p> <p>2. Outcome 2: Increase percent of all Californians with at least one dose to 80% by November 30, 2021(if vaccination of &lt;12-year-olds approved by then).</p> <p>3. Outcome 3: Reduce race/ethnicity disparities in vaccination rates &amp; increase vaccination amongst African Americans by 10% by October 31, 2021 date.</p> <p>4. Outcome 4: Reduce disparities in at least one dose vaccination rate for 12-years and older HPI Quartile 1 population from 60% to 70% by September 1, 2021.</p>	<p>1. Review publications and other external data regarding vaccine effectiveness.</p>
