Paname 523 Broadway San Francisco 94133

02/20/2024

To Office of the Clerk of the Board of Supervisors

I am writing to express support for the futur establishment called Paname in North beach, San Francisco and to make a determination regarding its classification as a Public Convenience or Necessity (PCN). The purpose of this determination is to assess the potential benefits the club would bring to the community.

Paname is the slang name of Paris in France. Everyone in France know Paris as "Paname" especially

Parisian like me. Paname is gonna be the big sister of the french bar/restaurant called le petit Paris 75

that I opened 4 years ago right before Covid which is located right next door at 515 Broadway. Paname

will be a bigger space and will be a hybrid club that will offer a diverse range of entertainment, including comedy shows, magic shows, drag shows, French cabaret show (similar to like Mouling rouge in Paris), live bands, and DJs. This establishment aims to serve the public convenience and necessity in both the neighborhood and citywide by fostering cultural enrichment, community engagement, and providing a unique entertainment experience.

****Security and Safety Protocols:****

Paname will prioritize the safety of its patrons and neighbors by implementing robust security.

protocols. This includes hiring trained security personnel, monitoring the premises to deter any unwanted behavior, and collaborating with local law enforcement to address any safety concerns promptly.

At least 2 security guard will permanent be outside

1 checking ID and 2nd will monitor the line and the crowd waiting outside.

4 guard will be inside on each corner of the venue + 1 floating around inside and outside

****Community Engagement and Open Communication:****

The club is committed to establishing open lines of communication with its neighbors to address any concerns proactively. Regular community meetings and feedback sessions will be organized to ensure that neighbors have a platform to express their opinions, allowing for a collaborative approach in addressing potential issues

****Soundproofing and Acoustic Measures:****

BY QA

Paname is committed to implementing state-of-the-art soundproofing and acoustic measures within the establishment. This includes the installation of sound-absorbing materials, acoustic panels, and other technologies designed to contain sound within the club premises. These measures aim to create an immersive and vibrant atmosphere inside the club without causing any noise pollution outside.

The layout has been carefully designed to minimize sound spillage beyond the club

boundaries. The placement of speakers, sound systems, and designated entertainment areas has been optimized to focus sound energy inward, reducing the likelihood of noise reaching neighboring residences.

****Volume Monitoring and Control:****

The club will employ advanced sound monitoring and control systems to ensure that noise levels are consistently within permissible limits. Trained staff will actively manage sound levels throughout events, adjusting as necessary to maintain compliance with local noise ordinances.

****Cultural Enrichment:****

Paname contributes to the cultural diversity of San Francisco by showcasing various forms of entertainment. It becomes a hub for residents and visitors to experience and appreciate

French arts and performances, promoting cultural understanding and unity.

****Community Engagement:****

The club provides a space for the local community to come together, enjoy diverse performances, and connect with fellow residents. This fosters a sense of belonging and community spirit, enhancing the overall well-being of the neighborhood.

****Economic Impact:****

The venue stimulates the local economy by attracting patrons to the neighborhood, leading to increased foot traffic for nearby businesses, restaurants, and shops. This economic boost contributes to the overall vitality and sustainability of the community.

****Artistic Expression:****

Supporting various forms of entertainment, Paname becomes a platform for emerging and established artists to showcase their talents. This not only enriches the artistic landscape of the city but also encourages the growth of the performing arts community.

****Tourism and Citywide Attraction:****

Offering a unique blend of entertainment, Paname becomes a destination for both locals and tourists. This draws people from across the city, contributing to San Francisco's reputation as a vibrant and culturally rich metropolitan area.

In conclusion, Paname French Music Venue Club serves as a cultural anchor, promoting community engagement, economic growth, and artistic expression. Its diverse offerings cater to a wide audience, making it an essential contributor to the public convenience and necessity in both the neighborhood and citywide.

Considering these factors, it is reasonable to conclude that Paname would indeed serve as a Public

Convenience or Necessity, enriching the cultural and social fabric of San Francisco. I recommend

favorable consideration for the establishment of Paname, recognizing its potential to enhance the overall quality of life in the community.

Sincerely, Liam

- The license type Applied for from the ABC is : Type 90

- The license will be a new issuance

- The proposed business hours of operation;

the exact hours are TBD but on the ABC application is : 6am to 2am everyday

- the applicant filed in person at the local Office of the ABC on 02/20/2024

- Premises Posted : 02/12/2014

- Date of mailing to the neighbors : 02/15/2024
