15 Be it ordained by the People of the City and County of San Francisco:

16 Section 1. Findings.

17 In June 2018, the voters approved Proposition C, which imposed a new tax on the
18 gross receipts from the lease of commercial space in properties in the City (the "Tax"). The
19 ballot measure required the City to spend 85% of the revenues from the Tax to fund quality
20 early care and education for young children. At the time, the City already provided significant
21 funding (the "Base Amount") to early care and education programs ("Baseline Programs").

22 Proposition C added to that existing funding for Baseline Programs, and provided that
23 in any given fiscal year, the City can spend Tax revenues only if it has also appropriated
24 separate funds for Baseline Programs in an amount equal to at least the Base Amount
25 (subject to some adjustments by the City Controller). The intent of Proposition C was to
ensure dedicated revenues to increase funding for quality early care and education for San
Francisco children under the age of six, without those revenues supplanting existing funding.

1 To allow flexibility, the voters authorized the Board of Supervisors to amend or repeal
2 Proposition C by ordinance. Under Business and Tax Regulations Code Section 2113, the
3 Board may do so without a supermajority vote or any specific findings.

4 The City uses funding from a variety of sources, including State and Federal grants, for
5 early learning scholarships, compensation for early educators, parenting support, childcare
6 facilities, and additional programs. Despite these investments, there is still a gap in meeting
7 the needs of families of young children and expanding quality early care and education. This
8 requires an ongoing strategy to increase wages and benefits for early care educators; recruit
9 and retain the workforce; expand and improve access to childcare slots for families up to
10 200% of Area Median Income, particularly for infants and toddlers; and develop other
11 programs that support the physical, emotional, and cognitive development of children under
12 six. In approving this Ordinance, the Board recognizes that the voters did not intend revenues
13 from the Tax to be used to fill other budgeting priorities, and acknowledges the goal of the
14 measure was to establish dedicated funding source to realize the goals of a universal early
15 care and education system.

16 This Ordinance would allow the City to use interest earned in the Babies and Families
17 First Fund to fund Baseline Programs previously funded from the General Fund. Doing so will
18 further the purposes of Proposition C, as it will enable the City to redirect those General Fund
19 monies that would have funded Baseline Programs toward other essential services for
20 children and families, such as educational programs for children, family support services, and
21 food access programs. To that end, this Ordinance temporarily modifies the baseline
22 requirements in Business and Tax Regulations Code Section 2112(f) and (g) for Fiscal Years
23 2024-2025 through 2027-2028 to credit against the Base Amount interest earned in the
24 Babies and Families First Fund.

1 In July 2023, the City enacted Ordinance No. 176-23, which temporarily modified the
2 baseline requirements for Fiscal Years 2023-2024 and 2024-2025 to credit against the Base
3 Amount interest earned in the Babies and Families First Fund. This Ordinance supersedes
4 Ordinance No. 176-23 as to the requirements for Fiscal Year 2024-2025, and also extends the
5 modification for three additional fiscal years.

6
7 Section 2. Modification of Baseline Provisions in Proposition C.

8 Pursuant to Business and Tax Regulations Code Section 2113, the Board of
9 Supervisors temporarily modifies Article 21 of the Business and Tax Regulations Code to:

10 (a) Credit against the Base Amount, as that term is defined in Section 2103, interest
11 earned in the Babies and Families First Fund in Fiscal Years 2024-2025 through 2027-2028
12 and prior Fiscal Years in the following amounts: for Fiscal Year 2024-2025, up to \$16,600,000
13 or a higher amount determined in the March 1 financial update prepared by the Mayor, Budget
14 Analyst, and Controller under Administrative Code Section 3.6(b) (the “March 1 Update”) in
15 2025; for Fiscal Year 2025-2026, up to \$16,900,000 or a higher amount determined in the
16 March 1 Update in 2026; and for Fiscal Years 2026-2027 and 2027-2028, up to the amount of
17 interest estimated in the March 1 Update for 2027 and 2028, respectively. These credits shall
18 not be applied against the Base Amount in any Fiscal Year where the cash balance in the
19 Babies and Families First Fund as of July 1 of that Fiscal Year is less than \$100 million; and

20 (b) In Fiscal Years 2025-2026 through 2027-2028, not increase the Base Amount, as
21 that term is defined in Section 2103, as required in Section 2112(g) despite any increase in
22 aggregate City discretionary revenues in those fiscal years, unless the City’s projected budget
23 deficit for that year at the time of the Joint Report or Update to the Five Year Financial Plan in
24 March of the year is less than the amount referenced in Section 2112(h) after annual
25 adjustments.

LEGISLATIVE DIGEST

[Business and Tax Regulations Code - Early Care and Education Commercial Rents Tax Baseline - FYs 2024-2025 through 2027-2028]

Ordinance modifying the baseline funding requirements for early care and education programs in Fiscal Years (FYs) 2024-2025 through 2027-2028, to enable the City to use the interest earned from the Early Care and Education Commercial Rents Tax for those baseline programs.

Existing Law

In June 2018, the voters approved Proposition C, which imposed a new tax on the gross receipts from the lease of commercial space in properties in the City. The ballot measure required the City to spend 85% of the revenues from the tax to fund quality early care and education for young children through the City's Babies and Families First Fund. When the voters adopted Proposition C, the City already provided funding to early care and education programs. Proposition C referred to that funding as the "Base Amount" of money to pay for "Baseline Programs." Proposition C added to that existing funding for Baseline Programs. The ballot measure stated that in any given fiscal year, the City can spend tax revenues only if it has also appropriated separate funds for Baseline Programs in an amount equal to at least the Base Amount (subject to some adjustments by the City Controller).

Since the passage of Proposition C, the City has collected interest on the tax revenues in the Babies and Families First Fund. Like the revenues from the tax, that interest must be used to pay for early care and education programs.

Proposition C authorized the Board of Supervisors to amend the measure by ordinance in the future. In July 2023, the Board of Supervisors adopted Ordinance No. 176-23, which allowed the City to temporarily modify the baseline requirements for Fiscal Years 2023-2024 and 2024-2025 to credit against the Base Amount interest earned in the Fund.

Amendments to Current Law

Similar to Ordinance No. 176-23, the proposed ordinance would temporarily modify the baseline requirements for Fiscal Years 2024-2025 through 2027-2028 to credit against the Base Amount interest earned in the Babies and Families First Fund. This modification would allow the City to appropriate funds from the tax to support Baseline Programs without also appropriating separate funds at the level June 2018 Proposition C would have otherwise required. The proposed ordinance would also suspend the annual increase in the Base Amount in Fiscal Years 2025-2026 through 2027-2028 if the City's projected budget deficit for that year is greater than a specific amount calculated under Proposition C.

Item 13 File 24-0604	Department: Early Childhood (DEC)
---------------------------------------	---

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance would allow the City to use interest earned in the Babies and Families First Fund to reduce early care and education baseline spending requirements in FY 2024-25, FY 2025-26, FY 2026-27, and FY 2027-28. In addition, the proposed ordinance would halt growth in the baseline spending amount through FY 2027-28, unless the City’s financial condition improves.

Key Points

- Approved by voters in June 2018, Proposition C created a tax on commercial rents. Of the revenues, 15 percent is transferred to the General Fund and 85 percent is deposited into the Babies and Families First Fund and must be spent on early care and education. Proposition C also requires the City to maintain a baseline level of early care and education spending, based on funding levels in FY 2017-18 and adjusted annually unless the City projects a certain General Fund deficit. Baseline spending is funded by the General Fund as well as the Public Education and Enrichment Fund and work orders from the Department of Children, Youth, and Families.
- In July 2023, the Board of Supervisors approved an ordinance that allowed interest earned within the Babies and Families First Fund to reduce baseline spending requirements and also to suspend growth in baseline spending requirement through FY 2024-25.

Fiscal Impact

- In the March 2024 Joint Report, the City is projecting General Fund deficits that exceed \$209 million per year through FY 2027-28, so growth in the early care and education baseline would likely be suspended even without the proposed ordinance. The primary fiscal impact of the proposed ordinance is to reduce early care and education baseline spending by the amount of interest earned in the Babies and Families First Fund. The proposed ordinance allows interest credits to baseline spending up to \$16.6 million in FY 2024-25, up to \$16.9 million in FY 2024-25, and up to the amount of interest earned in FY 2026-27 and in FY 2027-28.
- According to the Mayor’s Budget Office, the savings will be used to fund food access programs at the Human Services Agency (\$10 million per year) and to partially backfill non-profit service provision funded by the Department of Children Youth and Families (\$11.3 million per year).

Recommendation

- Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

MANDATE STATEMENT

Charter Section 2.105 requires that legislative acts in San Francisco be by ordinance, subject to approval by a majority of the Board of Supervisors.

Business and Tax Regulations Code Section 2113 states that amendments to or repeal of Article 21 of the Business and Tax Regulations Code are subject to Board of Supervisors approval by ordinance without voter approval.

BACKGROUND

Commercial Rents Tax

The Early Care and Education Commercial Rents Tax was authorized by the voters in June 2018 with the passage of Proposition C and went into effect on January 1, 2019. The validity of the tax was litigated and resolved in the City’s favor. The law is codified in Article 21 of the Business and Tax Regulation Code.

The commercial rents tax applies to businesses leasing commercial space that are subject to the City’s gross receipts tax and is in addition to gross receipts or payroll taxes paid by non-residential businesses in the City. Of the revenues, 15 percent is transferred to the General Fund and 85 percent is deposited into the Babies and Families First Fund and must be spent on early care and education.

Proposition C (June 2018) also requires the City to maintain a baseline level of early care and education spending, based on funding levels in FY 2017-18 and adjusting annually by the percent change in the City’s aggregate discretionary revenues. Baseline spending is funded by the General Fund as well as the Public Education and Enrichment Fund and work orders from the Department of Children, Youth, and Families. The City may suspend growth in the early care and education baseline funding if the City’s projected budget deficit at the time of the Joint Report of the Five-Year Financial Plan exceeds \$200 million, adjusted annually by the percent change in the City’s aggregate discretionary revenues. According to the December 2023 Joint Report, the deficit trigger early care and education baseline is \$209 million. Because the March 2024 Update to the Joint Report projected the City’s General Fund deficit at \$235.9 million for FY 2024-25, growth in early care and education baseline for FY 2024-25 would be paused, regardless of any legislative action.

2023 Ordinance

In July 2023, the Board of Supervisors approved an ordinance that modified the early care and education baseline funding requirement in FY 2023-24 and FY 2024-25 in two ways (File 23-0661). The ordinance allowed up to \$20 million interest earned on fund balance in FY 2023-24 and up to \$10 million in FY 2024-25 as a credit against early care and education baseline spending. The General Fund savings were used to fund nutrition assistance programs provided by the Human Services Agency. The 2023 ordinance also suspended growth in early care and education baseline spending amount in FY 2024-25. Growth in the baseline spending was suspended in FY 2023-24

due to the projected deficit in 2023, so the baseline spending amount remains at the FY 2022-23 level (\$93.8 million).

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would allow the City to use interest earned in the Babies and Families First Fund to reduce early care and education baseline spending requirements in FY 2024-25, FY 2025-26, FY 2026-27, and FY 2027-28, as follows:

- Up to \$16.6 million in FY 2024-25
- Up to \$16.9 million in FY 2025-26
- Up to the amount of interest earned in FY 2026-27 and in FY 2027-28

If the cash balance in the Babies and Families First Fund is below \$100 million.

The proposed FY 2024-25 allowable use of interest to reduce baseline spending (\$16.6 million) supersedes the amount for FY 2024-25 approved in the 2023 ordinance (\$10 million).

In addition, the proposed ordinance would halt growth in the baseline spending amount by three additional years, through FY 2027-28, unless the City’s projected deficit is less than the deficit trigger.

FISCAL IMPACT

Exhibit 1 below shows the proposed change in the early care and education baseline spending and. FY 2023-24 is included as a benchmark.

Exhibit 1: Proposed Changes in Early Care & Education Baseline Spending

ECE Baseline	FY 2023-24	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28
Base Amount	93,800,000	93,800,000	97,000,000	103,500,000	106,100,000
Proposed Base Amount	93,800,000	93,800,000	93,800,000	93,800,000	93,800,000
Difference in Base Amount	0	0	(3,200,000)	(9,700,000)	(12,300,000)
Credit from Interest	(15,000,000)	(16,581,000)	(16,856,000)	(16,700,000)	(16,600,000)
Adjusted Base Spending	78,800,000	77,219,000	76,944,000	77,100,000	77,200,000

Source: Proposed Ordinance, Controller’s Office

Note: Base spending is the Proposed Base Amount minus the Credit from Interest

In the March 2024 Joint Report, the City projected General Fund deficits that exceed \$209 million per year through FY 2027-28, so growth in the early care and education baseline would likely be suspended even without the proposed ordinance. The primary fiscal impact of the proposed ordinance is to reduce early care and education baseline spending by the amount of interest earned on the Babies and Families First fund balance.

Use of General Fund Savings

As noted above, reducing baseline spending requirements results in savings to the General Fund. According to the Mayor's Budget Office, the savings will be used to fund food access programs at the Human Services Agency (\$10 million per year) and partially backfill non-profit service provision funded by the Department of Children, Youth, and Families (\$11.3 million per year).

Interest Revenue

Estimates for interest earned were provided by the Controller's Office and are included in the proposed budget for FY 2024-25 and FY 2025-26. However, they do not account for an increase in spending planned by the Department of Early Childhood, which is planning to spend \$102.8 million of fund balance (in addition to their proposed \$175.8 million annual budget funded by this revenue) in FY 2024-25 and increasing amounts of fund balance through FY 2027-28. A decrease in fund balance will reduce the amount of interest earned. To the extent that the department is able to spend down its fund balance, it will reduce the amount of interest revenue available to reduce early care and education baseline spending, which will require a reallocation of the General Fund to early care and education.

RECOMMENDATION

Approval of the proposed ordinance is a policy matter for the Board of Supervisors.
