Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

I Oppose the proposed Ordinance Allowing SFMTA to Bypass Current Rules/Regulations in entering Contracts for City Contracting

Message: Dear Supervisors.

The ordinance put forth by Supervisor Chan amending the Administrative Code which would allow SFMTA to bypass important rules and best practices for entering into contracts is unconscionable.

The rules set forth in the Administrative Code governing contracts include competitive bidding, the Environmental Code, equal benefits, local business enterprise utilization and other important safeguards against corruption, fraud, and waste. The provisions in the Administrative Code should not be waivable or optional; they exist to protect the taxpayer, local business, local talent and presumably the environment.

Amending the Administrative Code is a drastic step towards granting an incompetent agency power they should not have. SFMTA simply is not an agency that can or should be trusted to enter into contracts without oversight or rules to guide the process and ensure best practice.

We are all currently feeling the consequences of unprecedented fiscal irresponsibility by our City government with a deficit that is threatening the operations of almost every department in the city.

Now is not the time to allow an agency with a known track record for shoddy data and over-budget projects to enter into contracts with no accountability and fewer protections to the process.

This ordinance's built in expiration date of 3 years provides little comfort to taxpayers as SFMTA has a habit of making things that are "temporary" permanent. It would be better not to go down this path of AMENDING a code then to try to re-establish it in the future. Once SFMTA can ignore all sensible elements to negotiating and entering into a contract it is safe to say it will remain that way indefinitely.

The failure of SFMTA to achieve its Vision Zero goals has less to do with streamlining a contract process and everything to do with their poor planning, lack of interest in community feedback, and little understanding of the city streets and how they are used. Vision Zero requires more than knee-jerk reactions and piecemeal projects, and until competence and data replaces ideology and fiction, no amount of streamlining any process will bring us closer to achieving safer streets or the goals of vision zero.

I urge you to abandon this ordinance and require SFMTA to continue to respect and adhere to the very necessary protections in our Administrative Code. Taxpayers, small businesses, and local workers can no longer bear the brunt of SFMTA's unproductive and community damaging projects.

She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors Dear Supervisors,

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. Commissioner Walker has reliably worked to avoid the complete demoralization of our police force. Thankfully, she and two other commissioners have been insistent on remaining true to the mission and spirit of this Commission. Debra Walker has been judicious, fair, and ethical in her approach to her job. She challenges shoddy data, calls investigations when ethical violations arise, and listens attentively to every person who takes time out of their evening to step up to the podium to address the Commission. Ms. Walker's stellar and caring attitude is in stark contrast with the majority of the BOS appointees, who routinely fail to give their attention to speakers, present biased studies that they further misrepresent, and actively foster an unwelcoming and hostile atmosphere for those with whom they disagree. Ms. Walker clearly endeavors and succeeds in making

ALL points of view welcome and considered in room 400 of City Hall.

I cannot imagine why there is any hesitation about re-appointing Ms. Walker other than your own desire to keep pro-public safety, fair-minded and diligent commissioners off this important commission.

At the hands of Commissioners Elias, Yanez, Carter-Oberstone and Benedicto this Commission has lost its credibility and its integrity. Debra Walker has been one of three commissioners whose efforts alone afford this Commission whatever shreds of dignity and legitimacy it still has. Please help maintain some semblance of common sense on this Commission and re-appoint this incredible public servant.

I Support the Re-Appointment of Debra Walker to the Police Commission

Message to the Board of Supervisors **Dear Supervisors,**

The Police Commission is a necessary and important component in the network of City Government agencies dedicated to public safety. It is clear from the passage of Prop E, the increase in public comment and media scrutiny, and the public call for the resignation of Commissioner Yanez, that this commission has become highly dysfunctional. It is no secret that four of the seven BOS-appointed commissioners espouse anti-law enforcement biases with ideological beliefs about criminal justice reform that border on the fanatical and that their behavior has contributed significantly to the Commission's decline in effectiveness and reputation.

Clerk Young - my correspondence for circulation for this file number - thanks. Moe

Dear President Peskin and members of the Board of Supervisors,

My name is Moe Jamil, I am a board member of the Russian Hill Neighbors, and for the last 10 years have been very involved in work with every neighborhood in the Northeast corner of our City on a variety of issues including supporting and partnering with our Police Department to serve our residents and local businesses. Today, I offer my thoughts as an individual in support of Debra Walker for reappointment.

Her 35 plus year record of serving the community has been well detailed in other letters so I would like to focus on one key initiative that she has been instrumental in - the patrol specialist program.

Fisherman's Wharf is an essential tourism destination that has been hard hit post COVID and with a variety of issues involving break ins and other crime that has harmed our special corner of the City economically. The Fisherman's Wharf CBD has been strong supporters of a patrol specialist program using retired officers to augment and supplement our stretched police force. Community stakeholders have noted Ms. Walkers full support and engagement on this critical issue. Work is still left to be done and Ms. Walker continued presence on the commission as a liaison between stakeholders and the department is critical to support this initiative which has broad community support.

I urge the board to amend the motion to a motion of support and reappoint Debra Walker to the police commission.

Sincerely,
Moe Jamil
