(b) **Reserved. (Payment Discount Terms)**

3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make copies of such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

3.4.2 If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed

descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.4.3 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.2 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.4 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. 8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

3. Goal Statement:

The Medical Respite and Sobering Center (MRS) is a collaboration between the SFDPH Community Oriented Primary Care (COPC) and Community Forward SF (CFSF). Medical Respite provides temporary coordinated health and social supportive services to stabilize, transition, and improve the health status of medically fragile persons recovering from hospitalization and/or Emergency Department visits. The Sobering Center provides coordinated health and social, supportive services to stabilize homeless persons suffering from substance abuse and addiction.

4. Target Population:

The program is designed to address the needs of residents of San Francisco with a focus on homeless individuals who have substance use disorders and are hospitalized in medical-surgical units. Medical Respite serves clients with chronic medical needs that cannot safely be addressed in shelters and that are typically rejected because of their needs. While clients with psychiatric comorbidities will be accepted, the Medical Respite will not accept clients whose primary reason for hospitalization is psychiatric. Anyone requiring acute hospitalization or skilled nursing will not be accepted into the program. Medical Respite serves medically frail clients who need assistance with chronic health management, medication adherence, and social services. The Sobering Center prioritizes inebriated individuals who often are homeless and picked up on the streets. They are provided with a safe place to sober up with medical monitoring and referrals for ongoing care.

5. Modality(s)/Intervention(s)

See Appendix B CRDC

6. Methodology:

Medical Respite has 75 respite beds to provide temporary housing with supportive services for medically frail homeless persons leaving the hospital or the emergency department. The Sobering Center provides safe temporary shelter and medical oversight for inebriated individuals who are typically homeless. Hospitals, DPH Emergency Shelter Nursing Team shelter referrals, and SFHOT refer clients to both facilities. SFDPH will provide clinical services for MRSC, including medical personnel, social workers, and case managers.

- While 75 respite beds are our capacity, the average utilization is 65 beds due to safety concerns with distancing with COVID-related cases. This number fluctuates depending on the total number of positive cases in the facility at any given time.
- We have been closely following DPH guidelines and the Order of The Health Officer of The City and County of San Francisco and putting in place protocols that allow our clients and staff to be in a safe environment. This includes and is not limited to conducting fewer group activities, offering rapid testing for our clients and staff onsite, ensuring proper protocols with outside visitors at the front desk, following through and keeping records of vaccination mandates, ensuring all guidelines are followed by onsite staff and participants (e.g., screening, distancing, isolation, and quarantine).

- A. CFSF is not required to provide outreach, recruitment, promotion, and advertisement for MRSC. These services are provided to MRSC's clients through its partnership with DPH.
- B. At admission, CFSF will provide all clients orientation to the facility, a clean and freshly laundered bed, instruction on the facility rules, and support as needed to become acclimated to the facility
- C. Service Delivery Model: CFSF will provide quality supportive services for the Medical Respite and Sobering Center clients, including, but not limited to:
 - a. Medical respite workers staff the desks at 1171 and 1179 Mission St. 24 hours per day, 7 days per week. A CFSF worker staffs the Sobering Center desk at 1185 Mission from 3 pm to 7 am, 7 days per week.
 - This staffing structure changed during COVID-19 as follows: 1179 Mission St. entrance closed; Assistant Managers are using the desk, and a CSS Security guard usually staffs the Sobering Center desk.
 - b. Materials and assistance for immediate client health and hygiene related needs, seeking nursing support as needed.
 - c. Preparation and serving of nutritious meals including ordering food and supplies, facility food storage, cooking meals, serving meals, bussing tables, and cleaning & sanitizing dishware.
 - d. Assisting health care providers with client navigation throughout the building.

- e. Monitoring client belongings at their bedside.
- f. CFSF facilities department will provide maintenance and cleaning of the facility.
- g. Laundering of client linens and belongings weekly.
- h. The transportation team will provide transportation to and from appointments and other essential services to Medical Respite clients Monday through Friday from 7:00 a.m. to 6:00 p.m. Two vans and two drivers will be available at all times to ensure transportation for Medical Respite clients. The team will follow updated protocols and procedures.
- i. Coordinate with DPH concerning life safety issues.
- j. Safety services contracted through a third-party vendor, St. Anthony's. Security personnel will monitor the facility 24 hours daily, 365 days per year.
 - At least one employee or independent contractor of Security personnel will be on-site to provide security services.
 - Security personnel shall monitor the sidewalk in front of the facility for activities that may pose a risk to staff and clients entering and exiting the facility. Outside the facility, security personnel shall report suspicious or criminal activities to law enforcement or other appropriate first responders as they deem appropriate at their sole discretion and provide such other support as security personnel deem appropriate at their sole discretion.
 - Security personnel shall monitor the facility's interior at 1171, 1179, and 1185 Mission St. for disruptive behavior on the part of any CFSF client. This includes physical and verbal behavior that is potentially harmful to the environment, facility, or person of any CFSF client or employee. Security personnel shall intervene with de-escalation techniques to resolve all situations without harm to anyone in the facility. Security personnel shall intervene to safely retain all CFSF clients within the program when possible. If efforts toward that goal prove ineffective, in consultation with available CFSF and DPH staff members on-site, the security personnel employee shall escort the client or clients who present harmful behavior out of the building. Physical contact with clients shall be avoided unless security personnel employee deems it necessary to prevent immediate violence. In such a case, the minimum physical intervention necessary shall be employed. Under no circumstances will physical intervention be employed as punishment for past behavior or as a deterrent to future behavior. Under no circumstances shall a client be detained physically to surrender the client to law enforcement. Security personnel will not enforce facility rules unrelated to the immediate safety of clients and staff and shall instead report any observed or suspected client rule violations to CFSF's management staff.
 - Limitations. Security personnel will not physically engage in any violent behaviors and/or interactions that could potentially be harmful or violent to the employee, independent contractor, or affiliate by any person. Physical response shall include, without limitation, any physical contact

with or using any restraints on any person. The security personnel are not a replacement for law enforcement. Any suspicious or criminal activities should be reported to law enforcement or other first responders by the Neighbor. At client discharge, CFSF provides bedside assistance, packing of client belongings, support for behavioral health issues, security to oversee precipitous discharge, and transportation to discharge location approved by the DPH treatment team.

TERMS AND CONDITIONS

The following terms and conditions govern Third Party access to San Francisco Department of Public Health (“Department” and/or “City”) Computer Systems. Third Party access to Department Computer Systems and Department Confidential Information is predicated on compliance with the terms and conditions set forth herein.

SECTION 1 - “THIRD PARTY” CATEGORIES

1. **Third Party In General:** means an entity seeking to access a Department Computer System. Third Party includes, but is not limited to, Contractors (including but not limited to Contractor’s employees, agents, subcontractors), Researchers, and Grantees, as further defined below. Category-specific terms for Treatment Providers, Education Institutions, and Health Insurers are set forth Sections 4 through 6, herein.
2. **Treatment Provider:** means an entity seeking access to Department Computer Systems in order to obtain patient information necessary to provide patient treatment, billing, and healthcare operations, including access for Physician Practices, Hospitals, Long Term Care Facilities, and Nursing Homes.
3. **Education Institution:** means an entity seeking access to Department Computer Systems to support the training of its students while performing education activities at Department facilities.
4. **Health Insurer:** means an entity seeking access to provide health insurance or managed care services for Department patients.

SECTION 2 - DEFINITIONS

1. **“Agreement”** means an Agreement between the Third Party and Department that necessitates Third Party’s access to Department Computer System. Agreement includes, but is not limited to, clinical trial agreements, accreditation agreements, affiliation agreements, professional services agreements, no-cost memoranda of understanding, and insurance network agreements.
2. **“Department Computer System”** means an information technology system used to gather and store information, including Department Confidential Information, for the delivery of services to the Department.
3. **“Department Confidential Information”** means information contained in a Department Computer System, including identifiable protected health information (“PHI”) or personally identifiable information (“PII”) of Department patients.
4. **“Third Party”** and/or **“Contractor”** means a Third Party Treatment Provider, Education Institution, and/or Health Insurer, under contract with the City.
5. **“User”** means an individual who is being provided access to a Department Computer Systems on behalf of Third Party. Third Party Users include, but are not limited to, Third Party’s employees, students/trainees, agents, and subcontractors.

SECTION 3 – GENERAL REQUIREMENTS

1. **Third Party Staff Responsibility.** Third Party is responsible for its work force and each Third Party User’s compliance with these Third Party System Access Terms and Conditions.
2. **Limitations on Access.** User’s access shall be based on the specific roles assigned by Department to ensure that access to Department Computer Systems and Department Confidential Information is limited to the minimum necessary to perform under the Agreement.

3. **Qualified Personnel.** Third Party and Department (i.e., training and onboarding) shall ensure that Third Party Users are qualified to access a Department Computer System.

4. **Remote Access/Multifactor Authentication.** Department may permit Third Party Users to access a Department Computer System remotely. Third Party User shall use Department's multifactor authentication solution when accessing Department systems remotely or whenever prompted.

5. **Issuance of Unique Accounts.** Department will issue a unique user account for each User of a Department Computer System. Third Party User is permitted neither to share such credentials nor use another user's account.

6. **Appropriate Use.** Third Party is responsible for the appropriate use and safeguarding of credentials for Department Computer System access issued to Third Party Users. Third Party shall take the appropriate steps to ensure that their employees, agents, and subcontractors will not intentionally seek out, download, transfer, read, use, or disclose Department Confidential Information other than for the use category described in Section 1 – "Third Party" Categories.

7. **Notification of Change in Account Requirements.** Third Party shall promptly notify Department via Third Party's Report for DPH Service Desk (dph.helpdesk@sfdph.org) in the event that Third Party or a Third Party User no longer has a need to use Department Computer Systems(s), or if the Third Party User access requirements change. Such notification shall be made no later than one (1) business day after determination that use is no longer needed or that access requirements have changed.

8. **Assistance to Administer Accounts.** The Parties shall provide all reasonable assistance and information necessary for the other Party to administer the Third Party User accounts.

9. **Security Controls.** Third Party shall appropriately secure Third Party's computing infrastructure, including but not limited to computer equipment, mobile devices, software applications, and networks, using industry standard tools to reduce the threat that an unauthorized individual could use Third Party's computing infrastructure to gain unauthorized access to a Department Computer System. Third Party shall also take commercially reasonable measures to protect its computing infrastructure against intrusions, viruses, worms, ransomware, or other disabling codes. General security controls include, but are not limited to:

a **Password Policy.** Third Party must maintain a password policy based on information security best practices for password length, complexity, and reuse. Third Party credentials used to access Third Party networks and systems must be configured for a password change no greater than every 90 calendar days.

b **Workstation/Laptop Encryption.** All Third Party-owned or managed workstations, laptops, tablets, smart phones, and similar devices that access a Department Computer System must be configured with full disk encryption using a FIPS 140-2 certified algorithm.

c **Endpoint Protection Tools.** All Third Party-owned or managed workstations, laptops, tablets, smart phones, and similar devices that access a Department Computer System must maintain a current installation of comprehensive anti-virus, anti-malware, anti-ransomware, desktop firewall, and intrusion prevention software with automatic updates scheduled at least daily.

d **Patch Management.** To correct known security vulnerabilities, Third Party shall install security patches and updates in a timely manner on all Third Party-owned workstations, laptops, tablets, smart phones, and similar devices that access Department Computer Systems based on Third Party's risk assessment of such patches and updates, the technical requirements

of Third Party's computer systems, and the vendor's written recommendations. If patches and updates cannot be applied in a timely manner due to hardware or software constraints, mitigating controls must be implemented based upon the results of a risk assessment.

e **Mobile Device Management.** Third Party shall ensure both corporate-owned and personally owned mobile devices have Mobile Device Management (MDM) installed. Given the prevalence of restricted data in Third Party's environment, all mobile devices used for Third Party's business must be encrypted. This applies to both corporate-owned and privately-owned mobile devices. At a minimum, the MDM should: Enforce an entity's security policies and perform real-time compliance checking and reporting; Enforce strong passwords/passcodes for access to mobile devices; Perform on-demand remote wipe if a mobile device is lost or stolen; Mandate device encryption.

10. **Auditing Accounts Issued.** Department reserves the right to audit the issuance and use of Third Party User accounts. To the extent that Department provides Third Party with access to tools or reports to audit what Department Confidential Information a Third Party User has accessed on a Department Computer System, Third Party must perform audits on a regular basis to determine if a Third Party User has inappropriately accessed Department Confidential Information.

11. **Assistance with Investigations.** Third Party must provide all assistance and information reasonably necessary for Department to investigate any suspected inappropriate use of a Department Computer Systems or access to Department Confidential Information. The Department may terminate a Third Party' User's access to a Department Computer System following a determination of inappropriate use of a Department Computer System.

12. **Inappropriate Access, Failure to Comply.** If Third Party suspects that a Third Party User has inappropriately accessed a Department Computer System or Department Confidential Information, Third Party must immediately, and within no more than one (1) business day, notify Department.

13. **Policies and Training.** Third Party must develop and implement appropriate policies and procedures to comply with applicable privacy, security and compliance rules and regulations. Third Party shall provide appropriate training to Third Party Users on such policies. Access will only be provided to Third Party Users once all required training is completed.

14. **Third Party Data User Confidentiality Agreement.** Before Department Computer System access is granted, as part of Department's compliance, privacy, and security training, each Third Party User must complete Department's individual user confidentiality, data security and electronic signature agreement form. The agreement must be renewed annually.

15. **Corrective Action.** Third Party shall take corrective action upon determining that a Third Party User may have violated these Third Party System Access Terms and Conditions.

16. **No Technical or Administrative Support.** Except as provided herein or otherwise agreed, the Department will provide no technical or administrative support to Third Party or Third Party User(s) for Department Computer System access; provided, however, that the foregoing does not apply to technical or administrative support necessary to fulfill Third Party's contractual and/or legal obligations, or as required to comply with the terms of this Agreement.

Dispute Resolution Procedure

For Health and Human Services Nonprofit Contractors

9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingt看_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- **Step 1** The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The

writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.

- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for disputes that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.
