Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

 1. the CoC Application,
 2. the CoC Priority Listing, and
 3. all the CoC's project applications that were either approved and ranked, or rejected.

 As the Collaborative Applicant, you are responsible for reviewing the following:

 1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
 2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
 3. All information provided to ensure it is correct and current.
 4. Responses provided by project applicants in their Project Applications.
 5. The application to ensure all documentation, including attachment are provided.

 Your CoC Must Approve the Consolidated Application before You Submit It
 - 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.
 - 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions
 Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

 Attachments
 Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.
 - Attachments must match the questions they are associated with–if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.
 - We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

4B. Attachments Screen For All Application Questions

	We have provided the following guidance to help you successfully upload attachments and get maximum points:

1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.
2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.
3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.
4.	Attachments must match the questions they are associated with.
5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.
6.	If you cannot read the attachment, it is likely we cannot read it either.
	. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).
	. We must be able to read everything you want us to consider in any attachment.
7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.
8.	Only use the "Other" attachment option to meet an attachment requirement that is not otherwise listed in these detailed instructions.
