F6	It is difficult to evaluate the success of the City’s hiring strategy due to lack of transparency in the hiring process.	MYR, DHR, Civil Services Commission, CON	Disagree, partially	While information regarding time to hire has historically been difficult to track and report on, recent improvements have enabled more meaningful internal reporting for management purposes and permitted much improved internal tracking and reporting on challenges in the hiring process. However, we concur with the CGJ that improvements are needed to report on these metrics to the public and other key stakeholders, and the Controller’s Office is available to assist DHR and others with those efforts.

MYR, DHR, CON, ADM	Will be implemented	As discussed in our response to the related finding, the Controller’s Office is available to support DHR and others to develop public dashboards and other regular public reporting, at their direction.
