Recommendation: Adoption of Recommendation of Approval

PROJECT DESCRIPTION

The action before the Commission is an adoption of a recommendation approval of amendments to the Zoning Map for the property at 909 Tennessee Street from the P (Public) District to the UMU (Urban Mixed Use) District. On January 31, 2013, the Commission initiated the Zoning Map amendment for 909 Tennessee Street, as noted in Planning Commission Resolution No. 18791.

SITE DESCRIPTION AND PRESENT USE

909 Tennessee Street is located on the east side of Tennessee Street, between 20th and 22nd Street, on Block 4108, Lot 036. The subject property is located on a rectangular lot that measures 50-ft by 100-ft. 909 Tennessee Street is a contributing resource to the Dogpatch Historic District, which is designated in Article 10 of the San Francisco Planning Code. The subject property is currently located within the P (Public) Zoning District and a 40-X Height and Bulk District.

909 Tennessee Street is developed with a two-story brick masonry firehouse constructed in 1925. Formerly known as San Francisco Fire Department Fire Engine House No. 16, 909 Tennessee Street was designed by City Architect, John Reid, Jr., in an American Renaissance Revival architectural style. The subject property contains a small one-story entry wing marked by an arched terracotta surround. Other notable features of the subject property included the decorative terracotta ornamentation, hinged wood panel doors, decorative cornice, and decorative brickwork.

SURROUNDING PROPERTIES AND NEIGHBORHOOD

The surrounding area is mixed use in character with a mix of residential and light industrial properties. The subject property is located within close proximity to 3rd Street, and is within one block of the

commercial properties along 22nd Street. On the east side of Tennessee Street, nearby properties include a one-story light industrial property at the corner, a three-story industrial property and four-story multi-family residence. On the west side of Tennessee Street, nearby properties include a two-story industrial warehouse and several smaller two-story, single-family residences. The surrounding area consists of properties within the UMU (Urban Mixed Use) Zoning District and one property (former Potrero Police Station) within the P (Public Zoning District). Other nearby zoning districts include NCT-2 (Small-Scale Neighborhood Commercial Transit), RH-3 (Residential House, Three-Family), and PDR-1-G (Production, Distribution and Repair-General).

ENVIRONMENTAL REVIEW

The Proposed Zoning Map Amendment is exempt from environmental review as a General Rule Exclusion under Section 15061(b)(3) of the CEQA Guidelines.

PUBLIC COMMENT

As of the date of this report, the Planning Department has one phone call inquiring about the proposed zoning map amendment.

ISSUES AND OTHER CONSIDERATIONS

On January 31, 2013, the Commission initiated the Zoning Map amendment for 909 Tennessee Street, as noted in Planning Commission Resolution No. 18791.

The Department has no issues with the proposed Zoning Map amendment to rezone the subject property from P (Public) to UMU (Urban Mixed Use) Zoning District.

The Property Owner recently purchased the subject property from the City and County of San Francisco. The subject property is currently zoned for public use, and was formerly used as a firehouse. In order for the property owner to develop the subject property, a Zoning Map amendment is required to rezone the subject lot from P (Public) to UMU (Urban Mixed Use), as is consistent with the surrounding neighborhood.

REQUIRED COMMISSION ACTION

The Department recommends that the Commission recommend *approval* of amendment to the Zoning Map and adopt the attached Draft Resolution.

BASIS FOR RECOMMENDATION

- The subject property is surrounded by the UMU Zoning District to the north, west and south, and the integration of this lot into the surrounding UMU Zoning District will not have a negative effect on the mixed use character of the neighborhood, as it already contains a mix of residential, commercial, and light industrial uses; and
- The subject property is currently vacant, and there is no project proposed to date; and
- The proposed zoning map amendment will not impact the subject property's status as a contributor to the Dogpatch Historic District. On February 6, 2013, the proposed zoning map amendment was reviewed by the Historic Preservation Commission, who recommended approval as noted in Historic Preservation Commission Resolution No. 703.

Hi Andrea

Thank you for contacting us. We did get notice and as long as the historic restrictions are adhered to and any rehab keeps the historic elements intact and any new construction on the site is minimal and does not overpower or interfere with the historic value of the property and DNA has ability to review and discuss new plans with owner, planning Dept. and historic planners, planning and historic commissioners and supervisors, so that we are assured the historic resource stays intact and is not diminished, we do not have a problem with the revised zoning. Design sensitivity will be the key. Please make this part of the official public record.

Thank you,

Janet and Susan –

The Planning Department initiated a zoning change at 909 Tennessee St. (the old Firehouse) to re-zone the property from P (Public Use) to UMU. This is because the property is no longer in public ownership. I have attached the packet for the item. The current property owner Wayneco Heavy Industries, LLC had postings up on the site and DNA should have received notification of the Planning Commission hearing. There is nothing in the file from DNA, so I did want to check in with you and make sure you had received the notice and if DNA had any questions about this item. It is scheduled to be heard at the Board of Supervisor's Land Use Committee on Monday.
