Clerk Angela Calvillo,

Dear Board of Supervisors,

I am writing to urge you to SUPPORT the measure to restore remote public comment at Board of Supervisors committee meetings in San Francisco.

As someone who works during the day and has a chronic illness, it is impossible for me to physically make it to City Hall during the day. It's amazing how many people are denied a voice in the decision making process if you will only listen to people who are able to make it to City Hall in the middle of the day. Do you understand what message you are sending, that you don't care about the voices of working people, parents and caregivers, disabled people, people who are sick, and so many other disenfranchised people?

Please listen to all of us urging you to bring back this tool of democracy.

Sahar Navid

Clerk Angela Calvillo,

Dear Board of Supervisors,

As a District 7 resident, I am writing to urge you to SUPPORT the measure to restore remote public comment at Board of Supervisors committee meetings in San Francisco. After former Supervisor Peskin proposed such a measure last fall (File #241048), the matter unfortunately did not make it to a vote before the end of the year. We need one or more members of the Board of Supervisors to take up sponsorship again, and for the rest of the Board to support it.

Remote public comment is crucial in allowing constituents to provide meaningful, real-time feedback on decisions that will affect us and our communities. There are myriad reasons why so many of us can't make it in person in the middle of the day to City Hall to give a public comment, even when the outcome of the decisions the Board is making will impact us greatly. Many people can't take the time off work, or need to be present as a parent or caregiver for family or other loved ones. Many people don't have reliable transportation, or can't afford to risk COVID/Flu and other illnesses in an indoor poorly ventilated environment where so few people are wearing masks. Remote public comment makes democracy more accessible and increases digital inclusion for the residents of this city, who you represent.

We urge you to SUPPORT access to democratic participation for ALL, especially those most disenfranchised and marginalized in our city, who have been historically left out of the political process. Please listen to our broad coalition of San Franciscans, and invest in democracy by supporting remote public comment.

Clerk Angela Calvillo,

Dear Board of Supervisors,

I am a public school teacher who lives blocks away from a senior community. Daily I see how infrastructure cuts to public transportation hurts our seniors and disabled abilities to move around the city easily. Additionally, mobility issues means it's not accessible to everyone to attend in person. If you care about equity in access to government I am writing to urge you to SUPPORT the measure to restore remote public comment at Board of Supervisors committee meetings in San Francisco.

After former Supervisor Peskin proposed such a measure last fall (File #241048), the matter unfortunately did not make it to a vote before the end of the year. We need one or more members of the Board of Supervisors to take up sponsorship again, and for the rest of the Board to support it.

Clerk Angela Calvillo,

Dear Board of Supervisors,

Please SUPPORT the measure to restore remote public comment at Board of Supervisors committee meetings in San Francisco. All San Franciscans should be able to participate in public comment remotely -- many people like me have been shut out of the democratic process because we are unable to participate in person for various reasons. After former Supervisor Peskin proposed such a measure last fall (File #241048), the matter unfortunately did not make it to a vote before the end of the year. We need one or more members of the Board of Supervisors to take up sponsorship again, and for the rest of the Board to support it.

Remote public comment is crucial in allowing constituents to provide meaningful, real-time feedback on decisions that will affect us and our communities. There are myriad reasons why so many of us can't make it in person in the middle of the day to City Hall to give a public comment, even when the outcome of the decisions the Board is making will impact us greatly.
