## Background

In recent years, there have been a few Ordinances to provide extra support to small businesses opening or expanding within the city. A quick summary list is included below for reference. Full background and additional details are also outlined Planning Department Case No. [2023-005354PCA](#).

- Small Business Permit Streamlining Ordinance, Board File No. 181211, effective on October 11, 2019,<sup>1</sup>
- Proposition H (Prop. H), initiated under Board File No. 200650, effective on December 18, 2020,<sup>2</sup>
- Small Business Recovery Act (SBRA), Board File No. 210285, effective September 3, 2021,<sup>3</sup> and
- Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses, Board File No. 230701, effective January 13, 2024.<sup>4</sup>

Each of these legislative efforts built on the last, with the most recent efforts expanding even more opportunities for commercial businesses in San Francisco. The proposed Ordinance is a follow-up to Board File 230701, which the Planning Commission heard on September 7, 2023. This Ordinance was duplicated on November 27, 2023, at the Land Use and Transportation Committee (LUTC) hearing (see Exhibit B). The duplicated Ordinance incorporates additional changes primarily related to LCUs, LCCUs, OOAs, and specific district changes in response to community feedback. The draft Ordinance included in Exhibit C highlights all the changes in yellow to signify other amendments made after the LUTC hearing. These amendments are also outlined in the table above “The Way It Is Now/The Way It Would Be”.

## Issues and Considerations

### Opening Our NC Districts to More Businesses

Since the City established its current NCD Zoning Districts in the 1980s, there has been a prevailing trend toward more restrictive zoning controls. This shift has been facilitated by the introduction of individualized or named NCDs allowing for the customization of land use controls tailored to the specific needs of each neighborhood. Consequently, communities have become more explicit in specifying their preferences and restrictions regarding permissible activities within their neighborhoods. In recent years, the City has enacted legislation to simplify the Code and make Uses more permissible. This approach has been particularly helpful for small and emerging businesses and helps address storefront vacancies. Like the original Ordinance under Board File 230701, the amendments proposed in this Ordinance further simplify the Code generally and, in some instances, make it easier to open new businesses in San Francisco.

### Amendments Based on Community Feedback

The proposed Ordinance includes amendments in response to community feedback received during and after the public hearing for the original Ordinance. For example, there are Health Services exceptions within the Polk Street NCD for properties that do not have frontage on Polk Street or California Street. This would be expanded

---

<sup>1</sup> [Ordinance 205-19](#).

<sup>2</sup> [November 3, 2020 Election Results](#).

<sup>3</sup> [Ordinance No. 111-21](#).

<sup>4</sup> [Ordinance 249-23](#).

to also include Hyde Street. Similarly, the Non-Retail Professional Services exception within Polk Street NCD would be expanded to conditionally permit Non-Retail Professional Services on the first story for properties that do not have frontage on Hyde Street. Lastly, Nighttime Entertainment would be more permissive on the first and second stories within the Polk Street NCD.

There are also amendments to restrict certain Uses further. Specifically, Retail Professional Services would now require a CUA on the first story within the North Beach NCD. Retail Professional Services would still be permitted on the second story and above. This amendment is a direct response to community feedback based on what they would like to see in their neighborhood.

### **Limited Commercial Uses and Limited Corner Commercial Uses**

In the 1970s when the City adopted the RH zoning districts, it prohibited all commercial uses in these new residential districts. To maintain neighborhood vitality and convenience, these historic small corner stores or other low impact commercial uses were later “grandfathered” in and categorized as LCUs. A few years later, LCCUs were created as part of the Market and Octavia Plan and were intended to permit new LCU type uses in neighborhoods where commercial uses had been prohibited.

Historically, all LCUs and LCCUs were permitted to have an OOA at the front of the property, regardless of zoning district. Prop. H expanded this to allow OAAs located elsewhere on the property as of right under certain conditions, which are outlined under Section 202.2(a)(7). These conditions limit the allowable hours of operation, require seating, and prohibit alcohol service directly in the OOA to lessen the impact on nearby residents. OAAs located at the rear or side of the property that do not comply with Section 202.2(a)(7) require a CUA. Under the proposed Ordinance, OAAs would not be permitted within the RH or RM districts if they are not located at the front of the property.

The original “Citywide Expansion of Allowable Commercial, Restaurant, and Retail Uses” ordinance also expanded where LCCUs were allowed. This was done in anticipation of more density coming to the city RH zoning districts through various rezoning efforts. Permitting LCCUs would allow commercial uses in residential districts intended for the convenience of residents, providing goods and services within walking distance. At the time these amendments were added, the impact that Formula Retail could have on these neighborhoods was not fully evaluated. The proposed ordinance would prohibit Formula Retail in LCUs and LCCUs within RH and RM Zoning Districts.

The intent of both amendments is to lessen the intensity of the commercial activity in these residential neighborhoods to maintain harmony when these new uses are added.

### **General Plan Compliance**

The proposed Ordinance supports the Commerce and Industry Element’s goals of maintaining and supporting the economic growth of San Francisco. The proposed amendments build on past efforts to expand new opportunities for businesses, while also strengthening the NCDs. The expanded Use allowances and additional flexibility help address storefront vacancies and responds to the Commerce and Industry Element’s objective of maintaining a diverse economic base. Lastly, the proposed Ordinances also amends the LCU and LCCU controls

to focus more intense uses within the RM-3, RM-4, and RTO districts. This aligns with the Commerce and Industry Element's Policy 1.1 of encouraging development to provide services and benefits while minimizing undesirable effects.

### **Racial and Social Equity Analysis**

The proposed amendments will expand flexibility for commercial uses within San Francisco. These changes will make the process of opening and operating small businesses easier. Particularly as we navigate the post-COVID economy, the City needs to reduce the process that can prolong the time a new business is paying rent, and potentially employees, while waiting for permit approvals. These changes also benefit potential employees by creating more jobs in the neighborhoods. Additionally, future patrons will have easier access to goods and services. Existing business owners may also benefit as the vacant storefronts start to fill up more because it creates a more vibrant, welcoming environment in the neighborhoods, and may also attract new customers visiting the new business(es).

In the first year Prop. H became effective, approximately 75% of Prop. H applicants have been Black, American Indian, and people of color, and approximately 42% women-owned businesses. Expanding on these efforts will continue to support Black, American Indian, and people of color populations, both business owners and their current and future employees. Retail employees tend to be younger and are disproportionately women and Black, American Indian, and people of color. The proposed Ordinance could create additional service-industry and professional employment opportunities for residents through expanded opportunities for Restaurants, Limited Restaurants, Health Services, and other Uses.

### **Implementation**

The Department has determined that this Ordinance will impact our current implementation procedures; however, the proposed changes can be implemented without increasing permit costs.

### **Recommendation**

The Department recommends that the Commission *approve* the proposed Ordinance and adopt the attached Draft Resolution to that effect.

### **Basis for Recommendation**

The Department supports the proposed Ordinance's goal to support small businesses by making it easier to open new businesses in San Francisco. This legislation builds on past efforts such as Prop. H and SBRA to remove unnecessary and restrictive bureaucratic hurdles, while also maintaining reasonable controls to ensure neighborhood compatibility. As a result, the proposed Ordinance helps alleviate storefront vacancies, makes it easier for businesses to open, and attracts new businesses into San Francisco. It also refines recent amendments to ensure better neighborhood compatibility and harmony.

## Required Commission Action

The proposed Ordinance is before the Commission so that it may approve it, reject it, or approve it with modifications.

## Environmental Review

The proposed amendments are not defined as a project under CEQA Guidelines Section 15378 and 15060(c)(2) because they do not result in a physical change in the environment.

## Public Comment

As of the date of this report, the Planning Department has not received any public comment regarding the proposed Ordinance.

5 (b) **Requirements.**

6 (1) **Underlying Uses incorporated into Flexible Retail.** Flexible Retail, as  
7 defined in Section 102, incorporates two or more specific uses. Each such use must be  
8 Principally Permitted in the underlying zoning district. If a use requires a Conditional Use  
9 Authorization in the underlying zoning district, then a Conditional Use Authorization must be  
10 obtained before such use may be permitted as part of a Flexible Retail Use.

11 (2) **Minimum of two Uses.** A Flexible Retail Use must operate with at least  
12 two Uses at any given time.

13 (c) **Abandonment.** A Flexible Retail Use must operate with at least two uses at any  
14 given time. A Flexible Retail Use that operates only one Use for a period of 90 days or more  
15 shall be deemed abandoned, and no new Flexible Retail Use shall be restored without the  
16 issuance of a new building permit. However, based on a good faith showing that the operator  
17 has diligently attempted to locate and establish a second permitted Use within the Flexible  
18 Retail Use, the Zoning Administrator may grant a 90-day extension. If such extension passes  
19 without a second permitted Use established within the Flexible Retail Use, then the Flexible  
20 Retail Use shall be deemed abandoned.

22 **SEC. 209.1. RH (RESIDENTIAL, HOUSE) DISTRICTS.**

23 \* \* \* \*

24 **RH-2 Districts: Two-Family.** These Districts are devoted to one-family and two-family  
25 houses, with the latter commonly consisting of two large flats, one occupied by the owner and

1 the other available for rental. Structures are finely scaled and usually do not exceed 25 feet in  
 2 width or 40 feet in height. Building styles are often more varied than in historically single-  
 3 family areas, but certain streets and tracts are quite uniform. Considerable ground-level open  
 4 space is available, and it frequently is private for each unit. The Districts may have easy  
 5 access to shopping facilities and transit lines. In ~~the~~ some cases, Group Housing and  
 6 institutions are found in these areas, although nonresidential uses tend to be quite limited.

8 **SEC. 209.4. RTO (RESIDENTIAL TRANSIT ORIENTED) DISTRICTS.**

9 These Districts are intended to recognize, protect, conserve, and enhance areas  
10 characterized by a mixture of houses and apartment buildings, covering a range of densities  
11 and building forms. RTO and RTO-M (*Residential Transit Oriented, Mission*) Districts are  
12 composed of multi-family moderate-density areas, primarily areas formerly designated RM  
13 and RH-3, and are well served within short walking distance, generally less than one-quarter  
14 mile, of transit and neighborhood commercial areas. Transit available on nearby streets is  
15 frequent and/or provides multiple lines serving different parts of the City or region. Limited  
16 small-scale neighborhood-oriented retail and services is common and permitted throughout  
17 the neighborhood on Corner Lots only to provide goods and services to residents within  
18 walking distance, but the districts are otherwise residential. Only retail compatible with  
19 housing, generally those permitted in NC-1 Districts, is permitted and auto-oriented uses are  
20 not permitted. Hours of operation are restricted and off-street parking is not permitted for  
21 these very locally-oriented uses.

5 **SEC. 231. LIMITED CORNER COMMERCIAL USES IN RH, RTO, AND RM DISTRICTS.**

6 (a) **Purpose.** Corner stores enhance and support the character and traditional pattern of  
7 *development in San Francisco*~~RTO and RM Districts~~. These small neighborhood-oriented  
8 establishments provide convenience goods and services on a retail basis to meet the frequent  
9 and recurring needs of neighborhood residents within a short walking distance of their homes.  
10 These uses tend to be small in scale, to serve primarily walk-in trade, and cause minimum  
11 interference with nearby streets and properties. These uses are permitted only on the ground  
12 floor of corner buildings, and their intensity and operating hours are limited to ensure  
13 compatibility with the predominantly residential character of the district. Accessory off-street  
14 parking is prohibited for these uses to maintain the local neighborhood walk-in character of  
15 the uses.

16 (b) **Location.** Uses permitted under this section must be located:

17 (1) completely within an RH, RTO, RTO-M, or ~~RM-3, or RM-4~~ District;

18 (2) on or below the ground floor; ~~and~~

19 (3) in RH, RM-1, RM-2, and RTO Districts, on a Corner Lot, with no part of the use  
20 extending more than 50 feet in depth from said corner, as illustrated in Figure 231; and

21 (4) in a space that would not require the Residential Conversion of a Residential Unit or  
22 Unauthorized Unit under Planning Code Section 317, unless the space proposed for  
23 conversion is occupied by a garage or storage space located in the Basement or First Story.

24 \* \* \* \*

1        ~~(4)(5)~~ in RM-3, RM-4, and RTO-M Districts, on a Corner Lot, with no part of the use  
2 extending more than 100 feet in depth from said corner.

3        (c) **Permitted Uses.** Any use is permitted which complies with the use limitations for the  
4 First Story and below of a Neighborhood Commercial District or Special Use District within  
5 one-half mile of the use, or if the use is more than one-half mile from the nearest NCD or  
6 SUD, an NC-1 District, as set forth in Section 710 of this Code.

7        (d) **Use Size.** In any RH or RM District, the use size shall comply with the use size  
8 limitations of the nearest Neighborhood Commercial District or Special Use District. No more  
9 than 1,200 square feet of Occupied Floor Area of commercial area in a RTO, ~~RH, RM-1, or~~  
10 ~~RM-2~~ District and no more than 2,500 occupied square feet of Commercial Use in a ~~RM-3,~~  
11 ~~RM-4 or~~ RTO-M District shall be allowed per Corner Lot, except those lots which occupy more  
12 than one corner on a given block and which may provide an additional 1,200 square feet of  
13 Occupied Floor Area of Commercial Use per additional corner, so long as the commercial  
14 space is distributed equitably throughout appropriate parts of the parcel or project.

15        (e) **Formula Retail Uses.** All uses meeting the definition of "formula retail" use per Section  
16 303.1 shall not be permitted except by Conditional Use through the procedures of Section 303  
17 for RTO and RTO-M Districts and shall not be permitted in RH, RM-1, RM-2, RM-3, and RM-4  
18 Districts.

19 \* \* \* \*

20        (j) **Awnings.** Awnings are permitted, subject to the standards in Section 136.1(a) of this  
21 Code. Canopies and marquees are not permitted.

22        ~~(k) **Outdoor Activity Area.** An Outdoor Activity Area is principally permitted if it is located~~  
23 ~~at the front of the building. An Outdoor Activity Area that is located at the rear of the building is~~  
24 ~~principally permitted only if it complies with the operating restrictions in Section 202.2(a)(7).~~

9 ~~proposed new Restaurant, Limited Restaurant, or Bar would occupy a space that is currently or was~~

20 The Broadway District controls are designed to encourage development that is  
21 compatible with the existing moderate building scale and mixed-use character, and maintain  
22 the district's balance of entertainment uses, restaurants, and small-scale retail stores. New  
23 buildings exceeding 40 feet in height will be carefully reviewed and rear yards at residential  
24 levels are protected. Most commercial uses in new buildings are permitted at the first two  
25 stories. Neighborhood-serving businesses are strongly encouraged. In order to protect the

livability of the area, limitations apply to new ~~fast-food~~formula retail restaurants and adult entertainment uses at the first and second stories, as well as late-night activity. Financial services are allowed on the ground story subject to certain limitations. Nonretail offices are ~~limited~~prohibited~~prohibited on the first story and above the second story~~ in order to prevent encroachment of the adjoining downtown office uses. Due to the high traffic volume on Broadway, most automobile and drive-up uses are prohibited in order to prevent further traffic congestion. Parking garages are permitted if their ingress and egress do not disrupt the traffic flow on Broadway.

**SEC. 716. INNER CLEMENT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.**

\* \* \* \*

The Inner Clement Street District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that supports the district’s vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and protect adjacent residential livability. These controls ~~limit~~*prohibit* additional financial service uses, and ~~limit~~ additional eating and drinking establishments, and late-night commercial uses. In order to maintain the street’s active retail frontage, controls also prohibit most new automobile and drive-up uses.

4 **SEC. 719. HAIGHT STREET NEIGHBORHOOD COMMERCIAL DISTRICT.**

5 \* \* \* \*

6 The Haight Street District controls are designed to protect the existing building scale  
7 and promote new mixed-use development which is in character with adjacent buildings. The  
8 building standards regulate large-lot and use development and protect rear yards above the  
9 ground story and at residential levels. To promote the prevailing mixed-use character, most  
10 commercial uses are directed primarily to the ground story with some upper-story restrictions  
11 in new buildings. In order to maintain the balanced mix and variety of neighborhood-serving  
12 commercial uses and regulate the more intensive commercial uses which can generate  
13 congestion and nuisance problems, special controls ~~limit~~ prohibit additional drinking uses and  
14 tourist hotels. Prohibitions of most automobile and drive-up uses protect the district's  
15 continuous retail frontage.

23 **SEC. 725. UNION STREET NEIGHBORHOOD COMMERCIAL DISTRICT.**

24 \* \* \* \*

1 The Union Street District controls are designed to provide sufficient growth  
 2 opportunities for commercial development that is in keeping with the existing scale and  
 3 character, promote continuous retail frontage, and protect adjacent residential livability. Small-  
 4 scale buildings and neighborhood-serving uses are promoted, and rear yards above the  
 5 ground story and at all residential levels are protected. Most commercial development is  
 6 permitted at the first two stories of new buildings, while retail service uses are monitored at  
 7 the third story and above. Controls are necessary to preserve the remaining convenience  
 8 businesses and to reduce the cumulative impacts which the growth of certain uses have on  
 9 neighborhood residents. Such controls require Conditional Use authorization for ~~prohibit~~  
 10 additional drinking establishments and limit additional entertainment, and financial service  
 11 uses. Most automobile and drive-up uses are prohibited in order to maintain continuous retail  
 12 frontage and minimize further traffic congestion.

**SEC. 729. WEST PORTAL AVENUE NEIGHBORHOOD COMMERCIAL DISTRICT.**

\* \* \* \*

Special controls on commercial uses are designed to protect the existing mix of ground-story retail uses and prevent further intensification and congestion in the district. ~~No new financial services are permitted.~~ Because the district and surrounding neighborhoods are well served by the existing number of eating and drinking establishments, new bars are discouraged: any proposed new establishment should be carefully reviewed to ensure that it is neighborhood-serving and family-oriented, and will not generate traffic, parking, or litter problems. Medical, business or professional services are permitted at the first two stories, but additional ground-story locations are to be closely monitored to ensure that the current balance between retail and office uses is maintained. Existing service stations are encouraged to continue operating, but changes in their size, operation, or location are subject to review. Other automotive uses are prohibited. The neighborhood-oriented, retail character of the district is further protected by prohibiting hotels and limiting nonretail uses. The daytime orientation of the district is maintained by prohibition of late-night commercial operating hours.

**SEC. 762. VALENCIA STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.**

\* \* \* \*

The Valencia Street District has a pattern of large lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. Continuous retail frontage is promoted by prohibiting drive-up facilities *and*, some automobile uses, and *limiting* new nonretail commercial uses. Parking is not required, and any new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses are required.

 22 **DISTRICT.**

23 \* \* \* \*

24 The 24th Street – Mission Neighborhood Commercial Transit District controls are  
 25 designed to provide potential for new development consistent with the existing scale and

1 character. Small-scale buildings and neighborhood-serving uses are encouraged, and rear  
 2 yard corridors above the ground story and at residential levels are protected. Most  
 3 commercial uses are encouraged at the ground story, while service uses are permitted with  
 4 some limitations at the second story. Special controls are necessary to preserve the unique  
 5 mix of convenience and specialty commercial uses. In order to maintain convenience stores  
 6 and protect adjacent livability, new bars are limited~~prohibited~~, and limitations apply to the  
 7 development and operation of ground-story restaurants and entertainment uses. Continuous  
 8 retail frontage along 24th Street is maintained and encouraged by prohibiting most automobile  
 9 and drive-up uses, banning curb cuts, and requiring active, pedestrian-oriented ground floor  
 10 uses. Parking is not required, and any new parking required to be set back or below ground.

**SEC. 231. LIMITED CORNER COMMERCIAL USES IN RH, RTO, AND RM DISTRICTS.**

(a) **Purpose.** Corner stores enhance and support the character and traditional pattern of development in San Francisco. These small neighborhood-oriented establishments provide convenience goods and services on a retail basis to meet the frequent and recurring needs of neighborhood residents within a short walking distance of their homes. These uses tend to be small in scale, to serve primarily walk-in trade, and cause minimum interference with nearby streets and properties. These uses are permitted only on the ground floor of corner buildings, and their intensity and operating hours are limited to ensure compatibility with the predominantly residential character of the district. Accessory off-street parking is prohibited for these uses to maintain the local neighborhood walk-in character of the uses.

(b) **Location.** Uses permitted under this section must be located:

- (1) completely within an RH, RTO, RTO-M, or RM District;
- (2) on or below the ground floor;
- (3) in RH, RM-1, RM-2, and RTO Districts, on a Corner Lot, with no part of the use extending more than 50 feet in depth from said corner, as illustrated in Figure 231; and
- (4) in a space that would not require the Residential Conversion of a Residential Unit or Unauthorized Unit under Planning Code Section 317, unless the space proposed for conversion is occupied by a garage or storage space located in the Basement or First Story.

\* \* \* \*

1 (5) in RM-3, RM-4, and RTO-M Districts, on a Corner Lot, with no part of the use  
2 extending more than 100 feet in depth from said corner.

3 (c) **Permitted Uses.** Any use is permitted which complies with the use limitations for the  
4 First Story and below of a Neighborhood Commercial District or Special Use District within  
5 one-half mile of the use, or if the use is more than one-half mile from the nearest NCD or  
6 SUD, an NC-1 District, as set forth in Section 710 of this Code.

7 (d) **Use Size.** In any RH or RM District, the use size shall comply with the use size  
8 limitations of the nearest Neighborhood Commercial District or Special Use District. No more  
9 than 1,200 square feet of Occupied Floor Area of commercial area in a RTO, RH, RM-1, or  
10 RM-2, RH, RM-1, or RM 2 District and no more than 2,500 occupied square feet of  
11 Commercial Use in a RM-3, RM-4 or RM-3, RM-4 or RTO-M District shall be allowed per  
12 Corner Lot, except those lots which occupy more than one corner on a given block and which  
13 may provide an additional 1,200 square feet of Occupied Floor Area of Commercial Use per  
14 additional corner, so long as the commercial space is distributed equitably throughout  
15 appropriate parts of the parcel or project.

16 (e) **Formula Retail Uses.** All uses meeting the definition of "formula retail" use per Section  
17 303.1 shall not be permitted except by Conditional Use through the procedures of Section 303  
18 for RTO and RTO-M Districts and shall not be permitted in RH, RM-1, RM-2, RM-3, and RM-4  
19 and RM Districts.

20 \* \* \* \*

21 (k) **Outdoor Activity Area.** An Outdoor Activity Area is principally permitted if it is located at  
22 the front of the building. An Outdoor Activity Area that is not at the front of the building is  
23 principally permitted in RTO and RTO-M Districts only if it complies with the operating  
24 restrictions in Section 202.2(a)(7) and shall not be permitted in RH or RM Districts.

1 **SEC. 303.1. FORMULA RETAIL USES.**

2 \* \* \* \*

4 be required for a Formula Retail use in the following zoning districts unless explicitly

8 by Sections 186, 186.3, and 231;

9 \* \* \* \*

10 (f) **Formula Retail Uses Not Permitted.** Formula Retail uses are not permitted in the  
11 following zoning districts:

12 \* \* \* \*

13 (10) RH Districts do not permit Formula Retail ~~uses that are also Limited~~  
14 ~~Corner Commercial Uses;~~ and

20 Section 5. Formatting of Ordinance; Explanation of Fonts.

21 (a) On \_\_\_\_\_, the Land Use and Transportation Committee of the Board of  
22 Supervisors duplicated Board File No. 230701 to create Board File No. 231221. The  
23 ordinance in File No. 230701 proceeded through the legislative process, was enacted as  
24 Ordinance No. 249-23, and became effective in January 2024. The ordinance in File No.

1 231221 – this ordinance – remained at the Land Use and Transportation Committee. This is  
2 the third version of that ordinance.

3 (b) To clearly understand the proposed amendments to existing law contained in this  
4 third version of the ordinance, the ordinance shows in “existing text” font (plain Arial) the law  
5 currently in effect, as amended by Ordinance No. 249-23 and other ordinances that became  
6 effective since the ordinance in Board File No. 230701 was first introduced. The ordinance  
7 shows in “Board amendment” font (double-underlined Arial for additions, and strikethrough  
8 Arial for deletions) amendments to existing law. This ordinance omits sections of the law  
9 currently in effect that are not being amended by this ordinance.

10 (c) This third version of the ordinance also includes new short and long titles that  
11 describe the ordinance, to reflect changes in existing law. They replace the short and long  
12 titles in the previous two versions of the ordinance, which had included references to the  
13 amendments that became effective with the enactment of Ordinance No. 249-23.

14  
15 Section 456. Effective Date. This ordinance shall become effective 30 days after
