I have lived and worked in San Francisco since 1982 and have a ridden a bike for most of that time. I commute to work, shop, run errands and ride for pleasure. I teach bike safety and learn to ride classes for all ages. Because biking is my main form of transportation and I ride thousands of miles per year on the streets of San Francisco I am familiar with the joys and challenges of biking in our beautiful city and am very aware of what is working well and what we could do better. I have seen the changes in infrastrucutor and attitudes that have made biking here easier and my committment to doing my part to create a cooperative transportation culture is reflected in my riding behavior and teaching. I was one of the first women to become a League of American Bicyclists certified instructor in the Bay Area. I would like to continue seving on the BAC because our work to counter global warming with better transportation options has hardly begun, and we can get more people to ride safely and

Civic Activities:

Have served on the San Francisco BAC for 5 years. Have spoken before the Board of Supervisors and the SFMTA Board for bike education funding.
