## HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA's Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4b of this NoA. After you have completed the initial registration steps (i.e., created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you can also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit <https://grants3.hrsa.gov/2010/WebEPSEExternal/Interface/common/accesscontrol/login.aspx> to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-464-4772.

## Terms and Conditions

**Failure to comply with the remarks, terms, conditions, or reporting requirements may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.**

### Grant Specific Term(s)

1. 45 CFR Part 75 applies to all federal funds associated with the award. Part 75 has been effective since December 26, 2014. All references to prior OMB Circulars for the administrative and audit requirements and the cost principles that govern Federal monies associated with this award are superseded by the Uniform Guidance 2 CFR Part 200 as codified by HHS at 45 CFR Part 75.
2. As required by the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109–282), as amended by section 6202 of Public Law 110–252, recipients must report information for each subaward of \$30,000 or more in Federal funds and executive total compensation, as outlined in Appendix A to 2 CFR Part 170. You are required to submit this information to the FFATA Subaward Reporting System (FSRS) at <https://www.fsr.gov/> by the end of the month following the month in which you awarded any subaward. The FFATA reporting requirements apply for the duration of the project period and so include all subsequent award actions to aforementioned HRSA grants and cooperative agreement awards (e.g., Type 2 (competing continuation), Type 5 (non-competing continuation), etc.). Subawards to individuals are exempt from these requirements. For more information, visit: <https://www.hrsa.gov/grants/ffata.html>.
3. All post-award requests, such as significant budget revisions or a change in scope, must be submitted as a Prior Approval action via the Electronic Handbooks (EHBs) and approved by HRSA prior to implementation. Grantees under "Expanded Authority," as noted in the Remarks section of the Notice of Award, have different prior approval requirements. See "Prior-Approval Requirements" in the DHHS Grants Policy Statement: <https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf>.
4. The funds for this award are in a sub-account in the Payment Management System (PMS). This type of account allows recipients to specifically identify the individual grant for which they are drawing funds and will assist HRSA in monitoring the award. Access to the PMS account number is provided to individuals at the organization who have permissions established within PMS. The PMS sub-account code can be found on the HRSA specific section of the NoA (Accounting Classification Codes). Both the PMS account number and sub-account code are needed when requesting grant funds. **Please note that for new and competing continuation awards issued after 10/1/2020, the sub-account code will be the document number.**

You may use your existing PMS username and password to check your organizations' account access. If you do not have access, complete a PMS Access Form (PMS/FFR Form) found at: <https://pmsapp.psc.gov/pms/app/userrequest>. If you have any questions about accessing PMS, contact the PMS Liaison Accountant as identified at:

<http://pms.psc.gov/find-pms-liaison-accountant.html>

### Program Specific Term(s)

1. On September 15, 2010, the United States Department of Justice published revised Americans with Disabilities Act (ADA) regulations in the Federal Register that update and amend some of the provisions in the original 1991 ADA regulations (see <http://www.ada.gov/>). These changes include revised accessibility standards, called the 2010 Standards for Accessible Design (2010 Standards), which establish minimum criteria for accessibility in design and construction ([http://www.ada.gov/2010ADAstandards\\_index.htm](http://www.ada.gov/2010ADAstandards_index.htm)).
2. The award recipient must submit an annual Federal Financial Report with expense date for each consecutive twelve (12) month budget period. This report is submitted through the Payment Management System (PMS).
3. This Notice of Award (NoA) is issued to inform your organization of the awarding of Community Project Funding/Congressionally Directed Spending (CPF/CDS): Construction Projects (HRSA-24-110) funding. This funding is authorized by the FY 2024 Consolidated Appropriations Act (P.L. 118-47) for projects that relate to the construction and renovation (including equipment) of health care and other facilities. This award cannot be transferred to another entity.
4. Each budget has a Federal Percentage Share based upon the award amount and the total allowable costs. Grant funds can only be drawn down from the Payment Management System (PMS) as allowable costs are incurred. Unless otherwise authorized, draw down should be

done in the same proportion as the grant is to total project costs in the approved budget. For example, for a project with a total allowable cost of \$100,000, and a federal contribution of \$75,000, the federal share is 75 percent. If \$100 in allowable costs are incurred, then \$75 of grant funds would be drawn down from PMS to pay this incurred cost, while the other \$25 will be paid by other sources of funds. The draw down percentage may be re-evaluated based on any modifications to the project that have been received from the grantee and approved by HRSA.

5. Applicants that are NOT required to file a Notice of Federal Interest, still acknowledge with the receipt of the Notice of Award that the Federal interest exists in real property and equipment and will be maintained in accordance with 45 CFR Part 75 UNIFORM ADMINISTRATIVE REQUIREMENTS FOR AWARDS AND SUBAWARDS TO INSTITUTIONS OF HIGHER EDUCATION, HOSPITALS, OTHER NONPROFIT ORGANIZATIONS, or 45 CFR Part 75 UNIFORM ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND COOPERATIVE AGREEMENTS TO STATE AND LOCAL GOVERNMENTS, as applicable. The recipient shall maintain adequate documentation to track and protect the Federal Interest. For real property, adequate documentation will also include communications between the lessor and the lessee related to protecting such interest, in accordance with the standard award terms and conditions. Such documentation should be available for subsequent review by HRSA.
6. The preferred method for accomplishing construction development is by soliciting for competitive bids and then selecting the lowest responsive and responsible bid (where the contractor has adequately responded to the terms, conditions, and specification of the bid and has the capability to satisfactorily perform the contract). However, some award recipients may wish to accomplish construction using their own work force (force account). The award recipient must justify the use of force account by demonstrating that it would be more cost effective and that qualified personnel are available to accomplish the work. Consultation with the Project Officer is needed to determine if force account labor will be permitted.
7. If a Notice of Federal Interest (NFI) is required, HRSA's Federal interest is subordinate to all pre-existing mortgages or obligations recorded against the property. HRSA's Federal interest is also subordinate to loans and obligations identified in the application as sources of financing for the project. Future modifications and new mortgages and obligations will require prior approval.
8. You will need to submit a pre-award prior approval request to HRSA for review of any costs incurred up to 90 day prior to the Consolidated Appropriations Act, 2024 (P.L. 118-47; enacted March 23, 2024). Please refer to HRSA-24-110 for further guidance.
9. The award recipient does not have expanded authority under this program. Items that require prior approval from the awarding office as indicated in 45 CFR Part 75. HRSA has not waived cost-related or administrative prior approvals for recipients unless specifically stated on this Notice of Award] or 45 CFR Part 75, or the HHS Grants Policy Statement Prior-Approval Requirements, must be submitted in through the Electronic Handbook. Only responses to prior approval requests signed by the GMO and authorized under a Notice of Award are considered valid. award recipients who take action on the basis of responses from other officials do so at their own risk. Such responses will not be considered binding by or upon the HRSA.  
HRSA requires award recipients to seek prior approval through the Electronic Handbook for: (a) all pre-award costs, (b) rebudgeting of funds between construction and nonconstruction work; (c) rebudgeting of project costs exceeding 25 percent of the total approved budget (inclusive of direct and indirect costs and Federal funds and required matching or cost sharing) for that budget period; (d) changes in project scope, which occurs when the recipient proposes to change (or changes) the objectives, aims, or purposes identified in the approved application, including changing location, changing the approved design under a construction grant, eliminating a primary care delivery site, or making budget changes that cause a project to change substantially from that which was approved. Approval of a prior approval request may be conditioned by new terms and conditions that must be met and lifted from the Notice of Award prior to implementing work.
10. An award recipient may acquire a variety of commercially available goods or services in connection with a grant-supported project or program. Award recipients may use their own procurement procedures that reflect applicable state and local laws and regulations, as long as those procedures conform to the following applicable U.S. Department of Health and Human Services (HHS) regulations: HHS regulations at 45 Code of Federal Regulations (CFR) 75 UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR HHS AWARDS. States must follow the requirements at Title 45 CFR 75. Generally, States must follow the same policies and procedures they use for procurements from non-Federal funds. Local and Tribal governments must follow the requirements at 45 CFR 75.
11. All program income generated as a result of awarded funds must be used for approved project-related activities. Any program income earned by the recipient must be used under the addition/additive alternative. Additional requirements found at 45 CFR § 75.307.
12. Note: Your organization is required to submit a Quarterly Expenditure Report due to [*Rationale from FA*]. A detailed expenditure report aligning with your organization's approved budget must be submitted quarterly.

A template for the Quarterly Expenditure Report has been attached to the Notice of Award. The Expenditure Report should include the approved line item amounts from the HRSA approved budget narrative in the first column. Expenditures for each quarter should be provided in the columns indicated for the three months. Please contact your Grants Management Specialist for specific submission instructions.

13. Although this NoA approves funds for the project(s) identified in the submitted application, HRSA may take action to withdraw the approval and funds for the project(s) if subsequent events lead HRSA to conclude that a project as originally proposed is ineligible or cannot be completed. Subsequent events could include, but are not limited to, non-compliance with the implementation of the project (such as excessive drawdown, improper procurement, conflicts of interests, etc.), significant changes to the location or physical scope of the project without prior approval, or the identification of previously undocumented environmental or historic preservation issues that lead the HRSA to conclude that the proposed project cannot be carried out consistent with the eligibility and program requirements. If this occurs, please contact the assigned Project Officer to discuss.
14. Equipment includes all moveable equipment that has a useful life of more than one year and a per-unit acquisition cost of \$5,000 or more, including information technology systems. Moveable equipment can be readily shifted from place to place without requiring a change in the utilities or structural characteristics of the space. Any equipment purchased with your CDS award must be procured, maintained, tracked, and disposed of in accordance with 45 CFR part 75.
