MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 to such contract is subject to Board of Supervisors approval.

BACKGROUND**A Better Way**

A Better Way is a not-for-profit organization providing foster care services, parent education programs, mental health services, and parent advocacy programs for children, youth and families at risk of entering or currently in the foster care system in Northern California.

Solicitations

On March 24, 2017, the Department of Public Health (DPH) issued a Request For Proposals (RFP) #1-2017 seeking multiple vendors to provide mental health outpatient treatment services for children, youth and families. This RFP outlined an agreement with an initial term of 1.5 years, with subsequent extension options for the City up to a maximum term of 10 years.

On November 2, 2016, the Department issued RFP 33-2016 seeking multiple vendors to provide specialty mental health services to children, youth and their families, including Therapeutic Visitation Services (TVS). The RFP outlined an initial agreement of one year with four options to extend, for a maximum term of five years, ending on June 30, 2022. As described below, this service was included in the current agreement but not the proposed extension, because the solicitation authority expired on June 30, 2022.

Scoring

In response to the 2017 solicitation, A Better Way applied for one category of services, Mental Health Outpatient Treatment Services. It received 208.5 points out of 230 possible points and placed fourth of 18 applicants in the category. Of the 28 total applicants across four types of services, 25 were approved to enter into contractual agreements for these services, pending budget negotiations.

The Mental Health Outpatient Treatment Services review panel consisted of two representatives from the San Francisco Unified School District (SFUSD); one representative each from DPH, the Department of Children, Youth and Their Families, Contra Costa County Health Services; and an independent contractor for the San Francisco Human Services Agency (HSA).

The review process included a review of financial documents and fiscal scoring of the vendor organizations. Five agencies, including A Better Way, were assessed to have a "High Risk" level, indicating that although there were no concerns from financial auditors, the organization was running a deficit and/or had low cash reserves.

In addition, A Better Way was selected to provide Therapeutic Visitation Services based on the organization's proposal in response to the 2016 solicitation. The organization received a score of 179.14 out of 200 points possible and placed fourth out of six applicants in the category. Five out of six applicants were recommended for funding, including A Better Way. Proposals were reviewed by representatives from DPH, the Juvenile Probation Department, the Human Services Agency, SFUSD, and the Department of Children, Youth and Families.

Initial Agreement

On July 1, 2017, DPH entered into an initial contract agreement with A Better Way for a period from July 1, 2017 through December 31, 2021 to provide outpatient behavioral health services to Medi-cal beneficiaries ages birth to 21 and outpatient early childhood behavioral health services for children in foster care ages birth to five, who have been identified as having or at risk for developing behavioral or emotional disturbances as well as Therapeutic Visitation Services to children, youth and families in the foster care system who are pursuing reunification, with a total not-to-exceed amount of \$9,327,033. Because the initial contract agreement amount was lower than \$10 million, the contract did not require approval by the Board of Supervisors.

First Amendment

On January 1, 2022, DPH amended the contract to extend the term for two years from December 31, 2021 to December 31, 2023 and increase the not-to-exceed amount to \$9,780,027. The original two categories of services in the initial agreement, outpatient behavioral health and therapeutic visitation, remained, however therapeutic visitation services ended in this contract effective June 30, 2022. DPH issued a new solicitation (RFP3-2022 Continuum of Care Reform) for providing these services after that date, and a new stand-alone contract to provide these services was awarded to A Better Way.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve the second amendment to the Department of Public Health's contract with A Better Way for the provision of behavioral health outpatient services for children and youth in the foster care system and their families. The proposed amendment would extend the agreement for outpatient services for three and a half years through June 30, 2027, and it would increase the total not-to-exceed amount by \$3,799,272 to a total not-to-exceed amount of \$13,579,299.

Services Provided

The scope of work for the proposed amendment includes (1) outpatient behavioral health services to children ages six to 21 and (2) outpatient early childhood behavioral health services for children ages birth to five who have been identified as having or at risk for developing behavioral or emotional disturbances. Services include comprehensive assessments of clients' mental health needs, individual and family therapy, case management and supportive services such as parent support groups. Clinicians also provide intensive home-based services aimed at improving parenting, social and daily living skills. Clients must be Medi-Cal beneficiaries in San Francisco.

PerformanceFY 2021-22

DPH provided performance monitoring reports for FY 2021-22 for both programs. The early childhood (age 0-5) program was rated received a rating of “1 – unacceptable” (out of a possible 4) due to delivering only 23 percent of contracted units of service, not documenting improvements of client well-being, and not administering client surveys. The outpatient program (ages 6 – 21) was given an overall rating of “3 – meets standards,” but also did not document client progress within specified time periods. According to DPH, the provider had staffing vacancies, unproductive staff, and low referrals from the Human Services Agency, all of which contributed to A Better Way’s performance in FY 2021-22. DPH required A Better Way to provide plans to correct their performance, which they did on November 30, 2023, according to DPH staff.

FY 2022-23

Performance monitoring for FY 2022-23 is ongoing however DPH provided invoice data which indicates the early childhood program (ages 0-5) achieved 71 percent of contracted units of service and the outpatient program (ages 6-21) achieved 98 percent of contracted units of service. DPH performance monitoring will evaluate compliance with other contract objectives, such as the extent to which clients are making progress in their treatment and whether the provider is administering client surveys to assess client satisfaction.

Fiscal Monitoring

DPH completed FY 2022-23 fiscal and compliance monitoring in July 2023 as part of the Citywide non-profit monitoring process; the review found that A Better Way was not in conformance with the standard that “year-to-date net income is either a positive number or the contractor provides a sound explanation of how it will be positive by the end of the fiscal year”. As part of the corrective action plan, the organization was required to explain how it will achieve a positive net income by the end of the fiscal year. As described in DPH’s final fiscal and compliance monitoring letter in August 2023, A Better Way provided a status update that the organization anticipates closing FY 2022-23 at net loss due to low client/trainee numbers, low referrals and understaffing but expects to end FY 2023-24 in the positive due to CalAIM and payments reforms (which allow for cost reimbursement billing rather than fee for service billing, according to DPH staff) and an anticipated increase in referrals.

DPH’s Business Office of Contract Compliance (BOCC) prepared a memo to the Board of Supervisors dated November 16, 2023 that analyzes key financial indicators from June 30, 2015 through June 30, 2022, or an eight-year period, and concludes by stating that A Better Way has overall good financial standing and rated the agency as “low risk”. The memo stated that the organization received funds from the PPP Loan forgiveness program, which increased its operating cash reserve.

FISCAL IMPACT

The proposed amendment would increase the not-to-exceed amount of the contract by \$3,799,272 for a total amount not to exceed \$13,579,299. Actual and projected expenditures by year are shown in Exhibit 1 below.

Exhibit 1: Actual and Projected Contract Expenditures by Year

Contingency (12% of Projected Expenditures)	634,042
Total Not-to-Exceed	\$13,579,299

Source: Proposed Amendment No. 2

DPH has projected FY 2023-24 expenses to be \$1,244,255 based on staffing costs, operating costs, and indirect costs, as shown in Exhibit 2 below. According to Appendix B of the proposed amendment, annual spending on outpatient services funds 7.0 FTE, including 6.08 FTE mental health professionals and 0.92 administrative staff. Operating expenses include rent, materials and supplies, training/staff development, local travel and other expenses. Expenditures in future years increase by approximately four percent due to Cost of Doing Business increases. FY 2023-24 expenditures of \$1,244,255 are funded by the Federal government (\$478,350 or 38.4 percent), State sources (\$478,350 or 38.4 percent), and the General Fund (\$287,555 or 23.1).

¹ To prevent an interruption in services during an expected gap between expiring contracts and the start of new agreements reflecting the solicitations noted above, during FY 2017-18 the DPH provided A Better Way and other providers with interim contracts for the 2018 calendar year. When DPH subsequently entered the 2017 agreement with A Better Way on July 1, 2017, this created a six-month overlap period between the interim contract and the new agreement, during which the Department paid A Better Way through the interim contract, resulting in lower spending under the current agreement.

Underspending

A Better Way had an unspent balance totaling \$2,468,276 from FY 2017-18 to FY 2021-22. According to DPH, the organization was unable to meet the budgeted contract allocation due to underutilization of services caused by the unpredictability of service needs of the highly vulnerable target population, as well as barriers to accessing services, staffing shortages due to the high cost of living in the San Francisco, and a decrease in referrals from the Human Service Agency. According to DPH staff, the reduction in referrals is due to understaffing and turnover within the City and not due to reduced need for services.

RECOMMENDATION

Approve the proposed resolution.

² Indirect expenses include management and administrative staffing costs and operating costs incurred by the provider that are indirect to the services provided in the contract.

Goal Statement:** Our program provides accessible and culturally sensitive behavioral health services to children and youth aged 6 to 21, with a referral source of 100% Foster Care Mental Health and the capacity to serve up to 80 children annually. For those with more intensive needs, we offer supplemental services, including Intensive Care Coordination (ICC) and Intensive Home-Based Services (IHBS), aligned with a Child and Family Team (CFT) approach focused on family-centered care. We prioritize the caregiver system's role, recognizing its significance in a child's life, and we strengthen it through collaboration. In addition, we provide dyadic, individual, and/or family therapy that is trauma-informed and relationship-focused to heal and enhance relationships between children and their caregivers, including birth parents, resource parents, and other community supports, using comprehensive assessments to identify areas of need and establish collaborative treatment goals.

5. Modality(s)/Intervention(s)

See Appendix B - DPH 2: Department of Public Health Cost Reporting/Data Collection (CRDC) – Section B-1 – Outpatient – Case Management Brokerage (15/01-09) and Outpatient Mental Health Services (15/10-57, 59)

6. Methodology:

Direct Client Services:

A. Outreach, recruitment, promotion, and advertisement:

A Better Way has an on-going collaboration with San Francisco Foster Care Mental Health (FCMH) and Human Services Agency (HSA) each serving as our primary source of referrals.

B. Admission, enrollment and/or intake criteria and process where applicable:

Criteria: Clients are eligible for services if they: 1) have an open case through Human Services Agency; 2) meet access criteria and display behavioral health symptoms that can ameliorated by services; 3) have EPSDT/San Francisco full-scope Medi-Cal coverage. Access criteria aligns with the new CalAIM standards of having at least one of the following: 1) experiencing homelessness and/or interaction with the child welfare or criminal justice system; 2) scoring high on a trauma screening tool which places them at high risk of mental health disorders; or 3) person has a significant impairment, a reasonable probability of significant deterioration in an important area of life functioning, a reasonable probability of not progressing as developmentally appropriate, or there is no presence of impairment; and 4) the significant impairments listed above are due to a mental health disorder, Diagnostic Statistical Manual, Fifth Edition (DSM-5), either diagnosed or suspected, but not yet diagnosed.

Process: Protective Service Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for outpatient mental health services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model

Contractor Name: A Better Way	Appendix A- 1
Program Name: Out Patient Services	Funding Term: 07/01/23 – 06/30/24
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Treatment Modalities: A Better Way follows all DHCS and San Francisco County guidelines and requirements for ICC and IHBS services. Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Trauma Focuses Cognitive Behavioral Therapy; Safety Organized Practice; Child Parent Psychotherapy; Motivational Interviewing; Trauma-Focused Cognitive Behavioral Therapy; Attachment, Regulation and Competency; Neurosequential Model of Therapeutics; and evidence-based element from these and other EBPs. Additionally, when appropriate, we provide attachment-based play therapy, child-specific developmental guidance, intensive care coordination, intensive home-based services and parent support groups.

Phases of Treatment: Engagement Phase: Clients and families will engage in a 60 day EPSDT assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 60 day period, clinicians will work with the client and family to obtain information, build rapport, understand symptom presentation, and assess social determinants of health. During the initial 60 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with Protective Social Workers (PSW) to gather information on safety concerns and permanency planning issues that may be relevant to the mental health needs of the client.

Service Delivery Phase: Based on CANS assessment and clinical formulation, treatment providers will provide services including individual therapy, dyadic therapy, family therapy, parent collateral sessions, case management, plan development, individual rehabilitation, and crisis intervention. Ongoing collaboration with members of the child's support team (biological family, foster parents, Human Service Agency workers, attorneys, etc.) will take place to develop progressive, permanency-informed treatment goals.

Hours of Operation: Open 9:00 am-5:00 pm Monday –Friday. After 5:00 pm appointments are available as needed.

Length of Stay: Average length of treatment will be eight to twelve months depending on the needs of the client and family.

Location of Service Delivery: Locations are dependent on the need of the family and client. Locations include: A Better Way's San Francisco Office, other A Better Way offices (e.g. Oakland, Berkeley, Fairfield) and surrounding Bay Area community locations (client's home, foster home, school, and community spaces, such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

Frequency and Duration of Services: Maximum frequency and duration of services will be determined by the level of need and impairment. Within these limits and the EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

Contractor Name: A Better Way	Appendix A- 1
Program Name: Out Patient Services	Funding Term: 07/01/23 – 06/30/24
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Strategies for Service Delivery: Services will be Evidence-based and Outcomes Informed as indicated by client needs.

D. Discharge Planning and exit criteria and process

Exit criteria: There is no specific criterion needed for clients to be discharged. However, termination of services will take place if there is decrease in impairment (e.g. through successful completion of treatment goals and amelioration of emotional and behavioral symptoms) or if eligibility criteria are no longer in place (e.g. child placed out of county with discontinuation of San Francisco County full-scope coverage: case with Human Services Agency closes and there is no clear significant clinical need for ongoing services). A Better Way programs also use PCOMS (Partners for Change Outcoming Management System) tool to continually measure and assess change.

Process: During the treatment period, the treatment team will collaborate with family and support team to determine treatment goals. Assessment is ongoing throughout treatment. Once treatment goals have been successfully completed and the level of impairment has decreased, termination will take place. The treatment team will collaborate with the family and PSW to ensure that clients are connected with ongoing support services, if appropriate.

E. Program staffing: Mental Health Services are provided by Licensed Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, or other trained staff (e.g. Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: licensed clinical supervisors; licensed program director; intake coordinator; office management; chief program officer; and quality assurance staff.

7. **Objectives and Measurements:** All objectives and corresponding measurements are contained in the CBHS document entitled *CBHS Performance Objectives FY 23-24*

8. **Continuous Quality Improvement:** Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity: A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year-to-date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's time-management and caseload as needed. Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month or summer/winter holidays/vacations. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits: Our service documentation goes through multiple levels of Quality Assurance and Internal Review.

- All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Exym) help reduce errors in entries
- Provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance staff conduct compliance reviews for all charts at the following intervals: 60 days post episode opening; and annually post episode opening.
- All charts are continually reviewed by supervisors, including at 6-8 months after opening and at discharge.
- Feedback and corrections from all chart reviews are shared with supervisors and clinicians to assure continuous quality improvement
- Reports on timeliness of notes are generated monthly and distributed to supervisors to share with supervisees.

Cultural humility of staff and services: A Better Way places a great deal of attention and training on our staff's understanding and ongoing practice of cultural humility. Assessment of staff cultural humility levels are monitored through regular supervision and periodic case presentations. A Better Way regularly seeks out trainings that target cultural humility.

Client satisfaction: A Better Way distributes client satisfaction surveys annually. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS: A Better Way utilizes the CANS for all clients, and strive to complete it in a timely manner As indicated, we also administer standardized caregiver-report questionnaires for all children (e.g. Child Behavior Checklist, Trauma Symptom Checklist for Young Children, Pediatric Symptom Checklist) and teacher reports if appropriate (e.g. Teacher Report Form). Additionally, A Better Way clinicians use PCOMS (Partners for Change Outcoming Management System) tool to continually measure and assess change and gather feedback from the client on the therapeutic alliance. The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (compromised of QA and clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

Contractor Name: A Better Way	Appendix A-2
Program Name: Outpatient 0-5	Funding Term: 07/01/23-06/30/24
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Treatment Modalities: A Better Way follows all DHCS and San Francisco County guidelines and requirements for ICC and IHBS services. Services will primarily involve dyadic (infant-carer/parent) therapy and other evidence-based practices and outcome informed practices within an overarching relationship-based framework as indicated by client need. Interventions include Safety Organized Practice; Attachment, Regulation, and Competencies (ARC), Neurosequential Model of Therapeutics (NMT), Child Parent Psychotherapy (CPP); along with additional attachment-based play therapy, child-specific developmental guidance, intensive care coordination, intensive home-based services, and parent support groups; as clinically indicated.

Phases of Treatment

- **Engagement Phase:** Clients and families will engage in a 60-day EPSDST assessment through clinical interview, behavioral observations, and any indicated standardized assessment tools (including CANS, Ages and Stages Questionnaire). During the 60-day period, clinicians will work with the client and family to obtain information, build rapport, and understand symptom presentation, and assess social determinants of health. During the initial 60-day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Access criteria aligns with the new CalAIM standards of having at least one of the following: 1) experiencing homelessness and/or interaction with the child welfare or criminal justice system; 2) scoring high on a trauma screening tool which places them at high risk of mental health disorders; 3) person has a significant impairment, a reasonable probability of significant deterioration in an important area of life functioning, a reasonable probability of not progressing as developmentally appropriate, or there is no presence of impairment; and 4) the significant impairments listed above are due to a mental health disorder, Diagnostic Statistical Manual, Fifth Edition (DSM-5), either diagnosed or suspected, but not yet diagnosed.
- **Service Delivery Phase:** Based on CANS assessment and clinical formulation, treatment providers will provide services including, but not limited to infant-caregiver/parent therapy, family collateral sessions, parental collateral, case management, crisis intervention, and plan development. Ongoing collaboration with members of the child's support team (e.g. family members, child care providers) will take place to develop strengthen caregivers' natural support system to enhance stability of care giving environment.

Hours of Operation: Open 9:00 am to 5:00 pm Monday-Friday. After 5:00 pm appointments are available as needed.

Length of Stay: Average length of treatment will be eight to twelve months depending on the needs of the client and family

Locations of Service Delivery: Locations are dependent on the need of the family and client. Locations include A Better Way's San Francisco Offices, other A Better Way offices (e.g. Oakland, Berkeley, Fairfield) and surrounding Bay Area community locations (client's home,

preschool, community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

Frequency and Duration of Services: Maximum frequency and duration of services will be determined by the level of need and impairment. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family.

Strategies for Service Delivery: Services will be Evidence-based and Outcomes Informed as indicated by parent needs.

D. Discharge Planning and exit criteria and process

Exit Criteria: There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is a decrease in impairment (e.g., through successful completion of treatment goals and amelioration of mental health symptoms or if eligibility criteria are no longer in place (e.g. discontinuation of San Francisco County full-scope Medi-Cal coverage). A Better Way programs also use PCOMS (Partners for Change Outcoming Management System) tool to continually measure and assess change.

Process: During the treatment period, the treatment team will collaborate with family and support team to determine treatment goals. Assessment is ongoing throughout treatment. Once treatment goals have been successfully completed and the level of impairment has decreased, termination will take place.

E. Program staffing: Mental Health Services are provided by licensed Marriage and Family Therapists and Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waived Psychologists, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes licensed clinical supervisors; licensed program director; intake coordinator; office management; chief program officer; and quality assurance staff.

7. **Objectives and Measurements:** All objective and corresponding measurements are contained in the CBHS document *entitled CBHS Performance Objectives FY 23-24*

8. **Continuous Quality Improvement:** Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity: We monitor contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's time-management and caseload as needed. Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the varying number of workdays in each month

and lulls due to summer/winter holiday vacations. Productivity standards are clarified to all service providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits: Our service documentation goes through multiple levels of Quality Assurance and Internal Reviews.

- All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Exym) help reduce errors in entries
- Providers documentation is reviewed by a supervisor upon completion
- Our Quality Assurance staff conduct compliance reviews for all charts at the following intervals: 60 days post episode opening; and annually post episode opening.
- All charts are continually reviewed by supervisors, including at 6-8 months after opening and at discharge.
- Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- Reports on timeliness of notes are generated monthly and distributed to supervisors to share with supervisees.

Cultural humility of staff and services: A Better Way places a great deal of attention and training on our staff's understanding and ongoing practice of cultural humility. Assessment of staff cultural humility levels are monitored through regular supervision and periodic case presentations. A Better Way regularly seeks out trainings that target cultural humility.

Client satisfaction: A Better Way distributes client satisfaction surveys annually. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS: A Better Way utilizes the CANS for all clients and strive to complete it in a timely manner. As indicated, we also administer standardized caregiver-report questionnaires for all children (e.g. Child Behavior Checklist, Trauma Symptom Checklist for Young Children, Pediatric Symptom Checklist) and teacher reports if appropriate (e.g. Teacher Report Form). Additionally, A Better Way clinicians use PCOMS (Partners for Change Outcoming Management System) tool to continually measure and assess change and gather feedback from the client on the therapeutic alliance. The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (compromised of QA and clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

Appendix B Calculation of Charges

1. Method of Payment

A. For the purposes of this Section, “General Fund” shall mean all those funds, which are not Work Order or Grant funds. “General Fund Appendices” shall mean all those appendices, which include General Fund monies. Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner

(1) For contracted services reimbursable by Fee for Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) For contracted services reimbursable by Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) For contracted services reimbursable by Fee for Service Reimbursement:

A final closing invoice, clearly marked “FINAL,” shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY’S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) For contracted services reimbursable by Cost Reimbursement:

A final closing invoice clearly marked “FINAL,” shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY.

D. Upon the effective date of this Agreement, and contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund and Mental Health Service Act (Prop 63) portions of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto:

Appendix B-1 – Outpatient Mental Health Program

Appendix B-2 – Early Childhood Mental Health Services Program (Outpatient 0-5)

B. CONTRACTOR understands that, of this maximum dollar obligation listed in section 3.3.1 of this Agreement, **\$634,042** is included as a contingency amount and is neither to be used in Program Budgets attached to this Appendix, or available to Contractor without a modification to this Agreement as specified in Section 3.7 Contract Amendments; Budgeting Revisions. Contractor further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Contractor agrees to fully comply with these laws, regulations, and policies/procedures.

C. For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

D. The amount for each fiscal year, to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

CONTRACTOR understands that the CITY may need to adjust funding sources and funding allocations and agrees that these needed adjustments will be executed in accordance with Section 3.7 of this Agreement. In event that such funding source or funding allocation is terminated or reduced, this Agreement

Any Revision to Scope of Access shall be considered a part of and incorporated into this Agreement, governed by all its terms, by reference.

1.2 Primary and Alternate Agency Site Administrator.

Before System(s) access is granted, Agency must appoint a primary and alternate Agency Site Administrator responsible for System(s) access tasks, including but not limited to the following:

1.2.1 Completing and obtaining City approval of the Account Provisioning Request documents and/or Data Set Request documents;

1.2.2 Communicating with the SFDPH IT Service Desk;

1.2.3 Providing Agency Data User(s) details to the City;

1.2.4 Ensuring that Agency Data User(s) complete required SFDPH trainings annually;

1.2.5 Ensuring that Agency Data User(s) understand and execute SFDPH's data access confidentiality agreement; and

1.2.6 Provisioning and deprovisioning Agency Data Users as detailed herein. To start the process, the Agency Site Administrator must contact the SFDPH IT Service Desk at 628-206-7378, dph.helpdesk@sfdph.org.

1.3 SFDPH IT Service Desk.

For new provisioning requests, only Agency Site Administrators are authorized to contact the SFDPH IT Service Desk. The City reserves the right to decline any call placed by other than the Agency Site Administrator. Individual Agency Data Users are not authorized to contact the SFDPH IT Service Desk.

Agency, through the Agency Site Administrator, has sole responsibility to deprovision Agency Data Users from the System(s) as appropriate on an ongoing basis. Agency must immediately deprovision an Agency Data User upon any event ending that Data User's need to access the System(s), including job duty change and/or termination. Agency remains liable for the conduct of Agency Data Users until deprovisioned. When deprovisioning employees via the SFDPH IT Service Desk, Agency must maintain evidence that the SFDPH IT Service Desk was notified.

1.5 Active Directory.

Agency Data Users will need an SFDPH Active Directory account in order to access each System(s). These Active Directory Accounts will be created as part of the provisioning process.

1.6 Role Based Access.

Each Agency Data User's access to the System(s) will be role-based and access is limited to that necessary for treatment, payment, and health care operations. The City will assign Agency Data User roles upon provisioning and reserves the right to deny, revoke, limit, or modify Agency Data User's access acting in its sole discretion.

1.7 Training Requirements.

Before System(s) access is granted, and annually thereafter, each Agency Data User must complete SFDPH compliance, privacy, and security training. Agency must maintain written records evidencing such annual training for each Agency Data User and provide copies upon request to the City. For questions about how to complete SFDPH's compliance, privacy, and security training, contact Compliance.Privacy@sfdph.org, (855) 729-6040.

Before Agency Data User first access to System(s), system-specific training must be completed. For training information, Agency Site Administrator may contact the SFDPH IT Service Desk,

1.8 Agency Data User Confidentiality Agreement.

Agency is liable for any such misuse. Agency's failure to monitor each Agency Data User's ID and/or password use shall provide grounds for the City to terminate and/or limit Agency's System(s) access.

1.12 Multi Factor Authentication.

Agency and each Agency Data User must use multi-factor authentication as directed by the City to access the System(s).

1.13 Qualified Personnel.

In no case shall the safeguards of Agency's data privacy and information security program be less stringent than the safeguards and standards recommended by the National Institute of Standards and Technology (NIST) Cybersecurity Framework and the Health Information Technology for Economic and Clinical Health Act (HITECH).

1.27 Disaster Recovery.

Agency must establish a documented plan to protect the security of electronic City Data in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this agreement for more than 24 hours.

1.28 Supervision of Data.

City Data in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an Agency Data User authorized to access the information. City Data in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.

1.29 As Is Access.

The City provides Agency and each Agency Data User with System(s) access on an "as is" basis with no guarantee as to uptime, accessibility, or usefulness. To the fullest extent permissible by applicable law, the City disclaims all warranties, express or implied, including, without limitation, implied warranties of merchantability, fitness for a particular purpose, title and non-infringement.

1.30 No Technical or Administrative Support.

Except as provided herein, the City will provide no technical or administrative support to Agency or Agency Data Users for System(s) access.

1.31 City Audit of Agency and Agency Data Users.

The City acting in its sole discretion may audit Agency and Agency Data Users at any time. If an audit reveals an irregularity or security issue, the City may take corrective action including but not limited to termination of such Agency's and/or Agency Data User's access to the System(s) permanently or until the City determines that all irregularities have been satisfactorily cured. Agency and each Agency Data User understands that the City may create and review an audit trail for each Agency Data User, including but not limited to, noting each Agency Data User's ID(s), the patient information accessed, and/or the date accessed. Agency and each Agency Data User understands that any inappropriate access or use of patient information, as determined by the City, may result in the temporary and/or permanent termination of Agency's or such Agency Data User's access to the System(s). Agency remains liable for all inappropriate System(s) access, misuse and/or breach of patient information, whether in electronic or hard-copy form.

1.32 Minimum Necessary.

Agency and each Agency Data User shall safeguard the confidentiality of all City Data that is viewed or obtained through the System(s) at all times. Agency and each Agency Data User shall access patient information in the System(s) only to the minimum extent necessary for its assigned duties and shall only disclose such information to persons authorized to receive it, as minimally necessary for treatment, payment and health care operations.

1.33 No Re-Disclosure or Reporting.

Agency may not in any way re-disclose SFDPH Data or otherwise prepare reports, summaries, or any other material (in electronic or hard-copy format) regarding or containing City Data for transmission to any other requesting individuals, agencies, or organizations without prior written City approval and where such re-disclosure is otherwise permitted or required by law.

1.34 Health Information Exchange.

If Agency is qualified to enroll in a health information exchange, the City encourages Agency to do so in order to facilitate the secure exchange of data between Agency's electronic health record system (EHR) and the City's Epic EHR.

1.35 Subcontracting.

Agency may not subcontract any portion of Data Access Agreement, except upon prior written approval of City. If the City approves a subcontract, Agency remains fully responsible for its subcontractor(s) throughout the term and/or after expiration of this Agreement. All Subcontracts must incorporate the terms of this Data Access Agreement. To the extent that any subcontractor would have access to a System, each such subcontractor's access must be limited and subject to the same governing terms to the same extent as Agency's access. In addition, each contract between Agency and that subcontractor must, except as the City otherwise agrees, include a Business Associate Agreement requiring such subcontractor to comply with all regulatory requirements regarding third-party access, and include a provision obligating that subcontractor to (1) defend, indemnify, and hold the City harmless in the event of a data

breach in the same manner in which Agency would be so obligated, (2) provide cyber and technology errors and omissions insurance with limits identified in Article 5, and (3) ensure that such data has been destroyed, returned, and/or protected as provided by HIPAA at the expiration of the subcontract term.

Article 2 Indemnity

2.1 Medical Malpractice Indemnification.

Agency recognizes that the System(s) is a sophisticated tool for use only by trained personnel, and it is not a substitute for competent human intervention and discretionary thinking. Therefore, if providing patient treatment, Agency agrees that it will:

- (a) Read information displayed or transmitted by the System accurately and completely;
- (b) Ensure that Agency Data Users are trained on the use of the System;
- (c) Be responsible for decisions made based on the use of the System;

- (f) Follow industry standard business continuity policies and procedures that will permit Agency to provide patient care in the event of a disaster or the System unavailability;
- (g) Use the System only in accordance with applicable standards of good medical practice.

Agency agrees to indemnify, hold harmless and defend City from any claim by or on behalf of any patient, or by or on behalf of any other third party or person claiming damage by virtue of a familial or financial relationship with such a patient, regardless of the cause, if such claim in any way arises out of or relates to patient care or outcomes based on Agency's or an Agency Data User's System access.

- iii. a description of where the City Data is believed to have been improperly used or disclosed; and
- iv. a description of the probable and proximate causes of the breach or security incident; and
- v. whether any federal or state laws requiring individual notifications of breaches have been triggered.

3.2.2 Written Report: Agency shall provide a written report of the investigation to the City as soon as practicable after the discovery of the breach or security incident. The report shall include, but not be limited to, the information specified above, as well as a complete, detailed corrective action plan, including information on measures that were taken to halt and/or contain the breach or security incident, and measures to be taken to prevent the recurrence or further disclosure of data regarding such breach or security incident.

3.2.3 Notification to Individuals: If notification to individuals whose information was breached is required under state or federal law, and regardless of whether Agency is considered only a custodian and/or non-owner of the City Data, Agency shall, at its sole expense, and at the sole election of City, either:

- i. make notification to the individuals affected by the breach (including substitute notification), pursuant to the content and timeliness provisions of such applicable state or federal breach notice laws. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.3.1 **Payment Limited to Satisfactory Services.** Contractor is not entitled to any payments from City until Department of Public Health approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.6 Grant Funded Contracts.

(a) **Disallowance.** If Contractor requests or receives payment from City for Services, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement between Contractor and City.

3.4 **Audit and Inspection of Records.** Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. Said requirements can be found at the following website address: <http://www.whitehouse.gov/omb/circulars/a133/a133.html>.

If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.4.2 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide

minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.3 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

3.5 **Submitting False Claims.** The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. 3.6 **Reserved. (Payment of Prevailing Wages)**

Article 4 Services and Resources

4.1 **Services Contractor Agrees to Perform.** Contractor agrees to perform the Services provided for in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.4 **Independent Contractor; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Contractor.** For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 **Payment of Employment Taxes and Other Expenses.** Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.5 **Assignment.** The Services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

4.7 **Reserved. Liquidated Damages.**

4.8 **Reserved. Bonding Requirements.**

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 **Required Coverages.** Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

- (a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and
- (b) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; policy must include Abuse and Molestation coverage.
- (c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.
- (d) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.
- (e) Blanket Fidelity Bond or Crime Policy with limits of in the amount of any Initial Payment included under this Agreement covering employee theft of money written with a per loss limit.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

- (a) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

(b) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.3 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.4 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.7 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.8 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.9 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 **Indemnification.** Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such

loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. Contractor shall also indemnify, defend and hold City harmless from all suits or claims or administrative proceedings for breaches of federal and/or state law regarding the privacy of health information, electronic records or related topics, arising directly or indirectly from Contractor's performance of this Agreement, except where such breach is the result of the active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide

information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Contractor acknowledges that this Agreement may create a “possessory interest” for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a “change in ownership” for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which

City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default ("Event of Default") under this Agreement:

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Contractor pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City.

8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.4 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

D. Discharge Planning and exit criteria and process

- **Exit criteria:** There is no specific criterion needed for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g. through successful completion of treatment goals and amelioration of emotional and behavioral issues) or if eligibility criteria are no longer in place (e.g. child placed out of county with discontinuation of San Francisco County full-scope coverage; case with Human Services Agency closes and there is no clear significant clinical need for ongoing services).
- **Process:** During the 12-month initial authorization period, the treatment team will collaborate with family and support team to determine treatment goals. Once treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. After the initial authorization period, treatment will continue and be reauthorized on 3- or 6- month cycles. During the reauthorization cycles, once medical necessity is no longer met due to amelioration of emotional and behavioral issues, termination will also take place. The treatment team will collaborate with the family and PSW to ensure that clients are connected with ongoing support services, if appropriate.

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."

D. Upon the effective date of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund and MESA Fund of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program are listed below:

Budget Summary
Appendix B-1 – Outpatient Mental Health Services
Appendix B-2 – Early Childhood Mental Health Services
Appendix B-3 – Therapeutic Visitation Services

B. Compensation

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed **Nine Million Three Hundred Twenty Seven Thousand Thirty Three Dollars (\$9,327,033) for the period of July 1, 2017 through December 31, 2021.**

CONTRACTOR understands that, of this maximum dollar obligation, \$897,090 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

(1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the

instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

(2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, notwithstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and an Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

Total: July 1, 2017 through December 31, 2021	\$ 9,327,033

CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

(3) CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.

C. In no event shall the CITY be liable for interest or late charges for any late payments.

3. Services of Attorneys

No invoices for Services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

4. State or Federal Medi-Cal Revenues

A. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

B. CONTRACTOR further understands and agrees that any State or Federal Medi-Cal funding in this Agreement subject to authorized Federal Financial Participation (FFP) is an estimate, and actual amounts will be determined based on actual services and actual costs, subject to the total compensation amount shown in this Agreement."

5. Reports and Services

No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.

F. Adjustments made by the City:

(1) Related to Federal and State Grants Administration:

Contractor understands and agrees to any reasonable adjustments to dates and amounts the City may make to Appendix B in order to facilitate the administration of federal and state grants or monies in compliance with the City's Fiscal Year 17/18 budget and sources of revenue.

If an individual or an individual's representative submits a request for an accounting directly to BA or its agents or subcontractors, BA shall forward the request to CE in writing within five (5) calendar days.

i. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors in Designated Record Sets available to CE for inspection and copying within (5) days of request by CE to enable CE to fulfill its obligations under state law [Health and Safety Code Section 123110] and the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains Protected Information in electronic format, BA shall provide such information in electronic format as necessary to enable CE to fulfill its obligations under the HITECH Act and HIPAA Regulations, including, but not limited to, 42 U.S.C. Section 17935(e) and 45 C.F.R. 164.524.

j. Amendment of Protected Information. Within ten (10) days of a request by CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA and its agents and subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment or other documentation to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If an individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request and of any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

San Francisco Department of Public Health

Business Associate Agreement

k. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with HIPAA [45 C.F.R. Section 164.504(e)(2)(ii)(I)]. BA shall provide CE a copy of any Protected Information and other documents and records that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

l. Minimum Necessary. BA, its agents and subcontractors shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the intended purpose of such use, disclosure, or request. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary" to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.

m. Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

n. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the BAA; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured Protected Information has been, or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. BA shall take (i) prompt corrective action to cure any deficiencies and (ii) any action pertaining to unauthorized uses or disclosures required by applicable federal and state laws. [42 U.S.C. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]

o. Breach Pattern or Practice by Business Associate's Subcontractors and Agents. Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii).]

b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI.

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure of Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this BAA, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act,

San Francisco Department of Public Health

the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department. However,

notwithstanding the foregoing, nothing shall diminish the parties' rights to seek any and all other legal or equitable remedies.

Appendix H

San Francisco Department of Public Health Privacy Policy Compliance Standards

As part of this Agreement, Contractor acknowledges and agrees to comply with the following:

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 1, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.

As Measured by: An authorization form that meets the requirements of the Federal Privacy Rule (HIPAA) is available to program staff and, when randomly asked, staff are aware of circumstances when authorization form is needed.

Appendix I

THE DECLARATION OF COMPLIANCE

Each Fiscal Year, CONTRACTOR attests with a Declaration of Compliance that each program site has an Administrative Binder that contains all of the forms, policies, statements, and documentation required by Community Behavioral Health Services (CBHS). The Declaration of Compliance also lists requirements for site postings of public and client information, and client chart compliance if client charts are maintained. CONTRACTOR understands that the Community Programs Business Office of Contract Compliance may visit a program site at any time to ensure compliance with all items of the Declaration of Compliance.

2.10 Audit and Inspection of Records. *The following is hereby added to Article 3 of the Agreement, replacing the previous Section 3.4 in its entirety.*

3.4 Audit and Inspection of Records.

3.4.1 Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location

and condition for a period of not fewer than five years, unless required for a longer duration due to Federal, State, or local requirements of which the City will notify contractor in writing, after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$750,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Said requirements can be found at the following website address: https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl.

3.4.2 If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

3.4.3 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

3.4.4 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

2.11 Contract Amendments; Budgeting Revisions. *The following is hereby added to Article 3.7 of the Agreement:*

3.7 Contract Amendments; Budgeting Revisions.

3.7.1 Formal Contract Amendment: Contractor shall not be entitled to an increase in the Compensation or an extension of the Term unless the Parties agree to a Formal Amendment in accordance with the San Francisco Administrative Code and Section 11.5 (Modifications of this Agreement).

3.7.2 City Revisions to Program Budgets: The City shall have authority, without the execution of a Formal Amendment, to purchase additional Services and/or make changes to the work in accordance with the terms of this Agreement (including such terms that require Contractor's agreement), not involving an increase in the Compensation or the Term by use of a written City Program Budget Revision.

3.7.3 City Program Scope Reduction. Given the local emergency, the pandemic, and the City's resulting budgetary position, and in order to preserve the Agreement and enable Contractor to continue to perform work albeit potentially on a reduced basis, the City shall have authority during the Term of the Agreement, without the execution of a Formal Amendment, to reduce scope, temporarily suspend the Agreement work, and/or convert the Term to month-to-month (Program Scope Reduction), by use of a written Revision to Program Budgets, executed by the Director of Health, or his or her designee, and Contractor. Contractor

understands and agrees that the City's right to effect a Program Scope Reduction is intended to serve a public purpose and to protect the public fisc and is not intended to cause harm to or penalize Contractor. Contractor provides City with a full and final release of all claims arising from a Program Scope Reduction. Contractor further agrees that it will not sue the City for damages arising directly or indirectly from a City Program Scope Reduction

2.10 Qualified Personnel: *The following is hereby added to Article 4 of the Agreement, replacing the previous 4.2 in its entirety:*

4.2. Qualified Personnel

4.2.1 Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.2.2 Contractor Vaccination Policy.

(a) Contractor acknowledges that it has read the requirements of the 38th Supplement to Mayoral Proclamation Declaring the Existence of a Local Emergency ("Emergency Declaration"), dated February 25, 2020, and the Contractor Vaccination Policy for City Contractors issued by the City Administrator ("Contractor Vaccination Policy"), as those documents may be amended from time to time. A copy of the Contractor Vaccination Policy can be found at: <https://sf.gov/confirm-vaccine-status-your-employees-and-subcontractors>.

(b) A Contract subject to the Emergency Declaration is an agreement between the City and any other entity or individual and any subcontract under such agreement, where Covered Employees of the Contractor or Subcontractor work in-person with City employees in connection with the work or services performed under the agreement at a City owned, leased, or controlled facility. Such agreements include, but are not limited to, professional services contracts, general services contracts, public works contracts, and grants. Contract includes such agreements currently in place or entered into during the term of the Emergency Declaration. Contract does not include an agreement with a state or federal governmental entity or agreements that do not involve the City paying or receiving funds.

(c) In accordance with the Contractor Vaccination Policy, Contractor agrees that:

(i) Where applicable, Contractor shall ensure it complies with the requirements of the Contractor Vaccination Policy pertaining to Covered Employees, as they are defined under the Emergency Declaration and the Contractor Vaccination Policy, and insure such Covered Employees are either fully vaccinated for COVID-19 or obtain from Contractor an exemption based on medical or religious grounds; and

(ii) If Contractor grants Covered Employees an exemption based on medical or religious grounds, Contractor will promptly notify City by completing and submitting the Covered Employees Granted Exemptions Form ("Exemptions Form"), which can be found at <https://sf.gov/confirm-vaccine-status-your-employees-and-subcontractors> (navigate to "Exemptions" to download the form).

(d) The City reserves the right to impose a more stringent COVID-19 vaccination policy for the San Francisco Department of Public Health, acting in its sole discretion.

2.11 Subcontracting. The following is hereby added to Article 4 of the Agreement, replacing the previous Section 4.3 in its entirety.

4.3 Subcontracting.

6. Methodology:

Direct Client Services:

A. Outreach, recruitment, promotion, and advertisement:

A Better Way has an on-going collaboration with San Francisco Foster Care Mental Health (FCMH) and Human Services Agency (HSA) each serving as our primary source of referrals.

B. Admission, enrollment and/or intake criteria and process where applicable:

Criteria: Clients are eligible for services if they: 1) have an open case through Human Services Agency; 2) meet medical necessity and display behavioral health symptoms that can ameliorated by services; 3) have EPSDT/San Francisco full-scope Medi-Cal coverage.

Process: Protective Social Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for outpatient mental health services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model

Treatment Modalities: Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Trauma Focuses Cognitive Behavioral Therapy; Safety Organized Practice; Child Parent Psychotherapy; Motivational Interviewing; Cognitive Behavioral Therapy; Attachment, Regulation and Competency; Neurosequential Model of Therapeutics; and evidence-based element from these and other EBPs.

Phases of Treatment:

Engagement Phase: Clients and families will engage in a 60 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 60 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 60 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with Protective Social Workers (PSW) to gather information on safety concerns and permanency planning issues that may be relevant to the mental health needs of the client.

Contractor Name: A Better Way	Appendix A- 1
Program Name: Out Patient Services	Contract Term: 07/01/21 – 06/30/22
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Service Delivery Phase: Based on CANS assessment and clinical formulation, treatment providers will provide services including individual therapy, dyadic therapy, family collateral sessions, parent collateral sessions, case management, plan development, individual rehabilitation and crisis intervention. Ongoing collaboration with members of the child’s support team (biological family, foster parents, Human Service Agency workers, attorneys, etc.) will take place to develop progressive, permanency-informed treatment goals.

Hours of Operation: Open 9:00 am-5:00 pm Monday –Friday. After 5:00 pm appointments are available as needed.

Length of Stay: Average length of treatment will be six to twelve months depending on the needs of the client and family.

Location of Service Delivery: Locations are dependent on the need of the family and client. Locations include: A Better Way’s San Francisco Offices, other A Better Way offices (e.g. Oakland, Berkeley, Fairfield) and surrounding Bay Area community locations (client’s home, foster home, school, and community spaces, such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

Frequency and Duration of Services: Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and the EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

Strategies for Service Delivery: Services will be Evidence-based and Outcomes Informed as indicated by client needs.

D. Discharge Planning and exit criteria and process

Exit criteria: There is no specific criterion needed for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g. through successful completion of treatment goals and amelioration of emotional and behavioral issues) or if eligibility criteria are no longer in place (e.g. child placed out of county with discontinuation of San Francisco County full-scope coverage: case with Human Services Agency closes and there is no clear significant clinical need for ongoing services).

Contractor Name: A Better Way	Appendix A- 1
Program Name: Out Patient Services	Contract Term: 07/01/21 – 06/30/22
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Process: During the 12-month initial authorization period, the treatment team will collaborate with family and support team to determine treatment goals. Once treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. After the initial authorization period, treatment will continue and be reauthorized on 3- or 6- month cycles. During the reauthorization cycles, once medical necessity is no longer met due to amelioration of emotional and behavioral issues, termination will also take place. The treatment team will collaborate with the family and PSW to ensure that clients are connected with ongoing support services, if appropriate.

E. Program staffing: Mental Health Services are provided by Licensed Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, or other trained staff (e.g. Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: licensed clinical supervisors; licensed program director; intake coordinator; office management; chief program officer; and quality assurance staff.

7. **Objectives and Measurements:** All objectives and corresponding measurements are contained in the CBHS document entitled *CBHS Performance Objectives FY 21-22*.

8. **Continuous Quality Improvement:** Our program’s CQI activities include the following:

Achievement of contract performance objectives and productivity: A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and ‘year-to-date’ basis. We also have additional tools to help service providers and supervisors to adjust a provider’s time-management and caseload as needed. Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month or summer/winter holidays/vacations. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits: Our service documentation goes through multiple levels of Quality Assurance and Internal Review.

- All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Exym) help reduce errors in entries
- Provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts compliance reviews for all charts at the following intervals: 60 days post episode opening; semi-annual (6-8 months) post episode opening; annual post episode opening; after the first year at 3- or 6-month intervals, at discharge.

Contractor Name: A Better Way	Appendix A- 1
Program Name: Out Patient Services	Contract Term: 07/01/21 – 06/30/22
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

- All charts are reviewed for clinical review outside of weekly clinical supervision at least twice time during the first year, then at 3- or 6-month intervals after the first year.
- Feedback and corrections from all chart reviews are shared with supervisors and clinicians to assure continuous quality improvement
- Reports on timeliness of notes are generated monthly and distributed to supervisors to share with supervisees.

Cultural humility of staff and services: A Better Way places a great deal of attention and training on our staff's understanding and ongoing practice of cultural humility. Assessment of staff cultural humility levels are monitored through regular supervision and periodic case presentations. A Better Way regularly seeks out trainings that target cultural humility.

Client satisfaction: A Better Way distributes client satisfaction surveys annually. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS: A Better Way utilizes the CANS for all clients. As indicated we also administer standardized caregiver-report questionnaires for ll children (e.g. Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g. Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (compromised of QA and clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family.

Strategies for Service Delivery: Services will be Evidence-based and Outcomes Informed as indicated by parent needs.

D. Discharge Planning and exit criteria and process

Exit Criteria: There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is a lack of medical necessity (e.g. through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g. discontinuation of San Francisco County full-scope Medi-Cal coverage).

Program Name: Outpatient 0-5	Contract Term: 07/01/21-06/30/22
	Funding Source: SDMC FFP CYF, PSR-EPSDT 2011, MH CYF General Funds

Process: During the 12-month initial authorization period, the treatment team will collaborate with family and support team to determine treatment goals. Once treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. After the initial authorization period, treatment will continue and be reauthorized on 3-to 6-month cycles depending on clinical need. During the reauthorization cycles, once medical necessity is no longer met to amelioration of emotional and behavioral issues, termination will also take place.

E. Program staffing: Mental Health Services are provided by licensed Marriage and Family Therapists and Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waived Psychologists, or other trained staff (e.g. Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: licensed clinical supervisors; licensed program director; intake coordinator; office management; chief program officer; and quality assurance staff.

7. **Objectives and Measurements:** All objective and corresponding measurements are contained in the CBHS document *entitled CBHS Performance Objectives FY 21-22*
8. **Continuous Quality Improvement:** Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity: We monitor contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's time-management and caseload as needed. Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the varying number of workdays in each month and lulls due to summer/winter holiday vacations. Productivity standards are clarified to all service providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits: Our service documentation goes through multiple levels of Quality Assurance and Internal Reviews.

- All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Exym) help reduce errors in entries
- Providers documentation is reviewed by a supervisor upon completion
- Our Quality Assurance staff conduct compliance reviews for all charts at the following intervals: 60 days post episode opening; semi-annual (6-8 months post episode opening); annual post episode opening; after the first year at 3-or 6- month intervals, at discharge.
- All charts receive a clinical review outside of weekly supervision at least one time during the first year, then at 3- or 6- month intervals after the first year

- Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- Reports on timeliness of notes are generated monthly and distributed to supervisors to share with supervisees.

Cultural humility of staff and services: A Better Way places a great deal of attention and training on our staff's understanding and ongoing practice of cultural humility. Assessment of staff cultural humility levels are monitored through regular supervision and periodic case presentations. A Better Way regularly seeks out trainings that target cultural humility.

Client satisfaction: A Better Way distributes client satisfaction surveys annually. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS: A Better Way utilizes the CANS for all clients. As indicated we also administer standardized caregiver-report questionnaires for ll children (e.g. Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g. Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (compromised of QA and clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

6. Methodology:

Direct Client Services:

A. Outreach, recruitment, promotion, and advertisement:

Collaboration with San Francisco Foster Care Mental Health (FCMH) and Human Services Agency (HAS) will be ongoing, and serve as A Better Way’s primary referral sources.

B. Admission, enrollment and/or intake criteria and process:

Criteria: Clients are eligible for services if they: 1) have an open case through Human Services Agency and have been removed from their family or origin; 2) meet medical necessity and display behavioral health symptoms that can be ameliorated by services; 3) demonstrate clinical need for therapeutic visitation versus a lower level of supervised visitation; and 4) have EPSDT/San Francisco full-scope Medi-Cal coverage.

Process: Protective Social Workers (PSW) from HSA refers children and their families to FCMH who in turn refer eligible clients for therapeutic visitation services. Once we receive the complete referral paperwork packet and court orders clarifying consenting rights from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model:

Treatment Modalities: Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Safety Organized Practice; Child Parent Psychotherapy; Attachment, Regulation, and Competencies; Neurosequential Model of Therapeutics; and evidence-based elements from these and other EBPs that will help parents to increase their protective capacity for their child.

Phase of Treatment:

Engagement Phase

Clients and families will engage in a 60 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and indicated standardized assessment tools (including CANS). During the 60 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 60 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with

Hours of Operation:

Open 9:00 am to 5:00 pm. Monday through Friday. After 5:00 pm appointments are available as needed.

(1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

Dispute Resolution Procedure
For Health and Human Services Nonprofit Contractors
9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions or concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as

appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.

- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for disputes that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

APPENDIX J

Data Access and Sharing Terms

Article 1 Access

1.1 Revision to Scope of Access (RSA):

Any added access may be granted by the City to Agency and each Agency Data User through a Revision to Scope of Access in writing and executed by both parties. Any Revision to Scope of Access shall be considered a part of and incorporated into this Agreement, governed by all its terms, by reference.

1.2 Primary and Alternate Agency Site Administrator.

Before System(s) access is granted, Agency must appoint a primary and alternate Agency Site Administrator responsible for System(s) access tasks, including but not limited to the following:

1. Completing and obtaining City approval of the Account Provisioning Request documents and/or Data Set Request documents;
 2. Communicating with the SFDPH IT Service Desk;
 3. Providing Agency Data User(s) details to the City;
 4. Ensuring that Agency Data User(s) complete required SFDPH trainings annually;
 5. Ensuring that Agency Data User(s) understand and execute SFDPH's data access confidentiality agreement; and
 6. Provisioning and deprovisioning Agency Data Users as detailed herein.
- To start the process, the Agency Site Administrator must contact the SFDPH IT Service Desk at 628-206-7378, dph.helpdesk@sfdph.org.

1.3 SFDPH IT Service Desk.

For new provisioning requests, only Agency Site Administrators are authorized to contact the SFDPH IT Service Desk. The City reserves the right to decline any call placed by other than the Agency Site Administrator. Individual Agency Data Users are not authorized to contact the SFDPH IT Service Desk.

1.4 Deprovisioning Schedule.

Agency, through the Agency Site Administrator, has sole responsibility to deprovision Agency Data Users from the System(s) as appropriate on an ongoing basis. Agency must immediately deprovision an Agency Data User upon any event ending that Data User's need to access the System(s), including job duty change and/or termination. Agency remains liable for the conduct of Agency Data Users until deprovisioned. When deprovisioning employees via the SFDPH IT Service Desk, Agency must maintain evidence that the SFDPH IT Service Desk was notified.

1.5 Active Directory.

Agency Data Users will need an SFDPH Active Directory account in order to access each System(s). These Active Directory Accounts will be created as part of the provisioning process.

1.6 Role Based Access.

Each Agency Data User's access to the System(s) will be role-based and access is limited to that necessary for treatment, payment, and health care operations. The City will assign Agency Data User roles upon provisioning and reserves the right to deny, revoke, limit, or modify Agency Data User's access acting in its sole discretion.

1.7 Training Requirements.

Before System(s) access is granted, and annually thereafter, each Agency Data User must complete SFDPH compliance, privacy, and security training. Agency must maintain written records evidencing such annual training for each Agency Data User and provide copies upon request to the City. For questions about how to complete SFDPH's compliance, privacy, and security training, contact Compliance.Privacy@sfdph.org, (855) 729-6040.

Before Agency Data User first access to System(s), system-specific training must be completed. For training information, Agency Site Administrator may contact the SFDPH IT Service Desk,

1.8 Agency Data User Confidentiality Agreement.

Before System(s) access is granted, as part of SFDPH's compliance, privacy, and security training, each Agency Data User must complete SFDPH's individual user confidentiality, data security and electronic signature agreement form. The agreement must be renewed annually.

1.9 Corrective Action.

Agency shall take corrective action, including but not limited to termination and/or suspension of any System(s) access by any Agency Data User who acts in violation of this Agreement and/or applicable regulatory requirements.

1.10 User ID and Password.

Each Agency Data User will be assigned or create a User ID and password. Agency and each Agency Data User shall protect the confidentiality of User IDs and passwords and shall not divulge them to any other person(s). Agency is responsible for the security of the User IDs and passwords issued to or created by Agency Data Users and is liable for any misuse.

1.11 Notification of Compromised Password.

In the event that a password assigned to or created by an Agency Data User is compromised or disclosed to a person other than the Agency Data User, Agency shall upon learning of the compromised password immediately notify the City, at Compliance.Privacy@sfdph.org, (855) 729-6040. Agency is liable for any such misuse. Agency's failure to monitor each Agency Data User's ID and/or password use shall provide grounds for the City to terminate and/or limit Agency's System(s) access.

1.12 Multi Factor Authentication.

Agency and each Agency Data User must use multi-factor authentication as directed by the City to access the System(s).

1.13 Qualified Personnel.

Agency shall allow only qualified personnel under Agency's direct supervision to act as Agency Data Users with access to the System(s).

1.14 Workstation/Laptop encryption.

All workstations and laptops that process and/or store City Data must be encrypted using a current industry standard algorithm. The encryption solution must be full disk unless approved by the SFDPH Information Security Office.

1.15 Server Security.

Servers containing unencrypted City Data must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.

1.16 Removable media devices.

All electronic files that contain City Data must be encrypted using a current industry standard algorithm when stored on any removable media or portable device (i.e. USB thumb drives, CD/DVD, smart devices tapes etc.).

1.17 Antivirus software.

All workstations, laptops and other systems that process and/or store City Data must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

1.18 Patch Management.

All workstations, laptops and other systems that process and/or store City Data must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.

1.19 System Timeout.

The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.

1.20 Warning Banners.

All systems containing City Data must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.

1.21 Transmission encryption.

All data transmissions of City Data outside the Agency's secure internal network must be encrypted using a current industry standard algorithm. Encryption can be end to end at the network level, or the data files containing City Data can be encrypted. This requirement pertains to any type of City Data in motion such as website access, file transfer, and e-mail.

1.22 No Faxing/Mailing.

City Data may not be faxed or mailed.

1.23 Intrusion Detection.

All systems involved in accessing, holding, transporting, and protecting City Data that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

of the City.

1.24 Security of PHI.

Agency is solely responsible for maintaining data security policies and procedures, consistent with those of the City that will adequately safeguard the City Data and the System. Upon request, Agency will provide such security policies and procedures to the City. The City may examine annually, or in response to a security or privacy incident, Agency's facilities, computers, privacy and security policies and procedures and related records as may be necessary to be assured that Agency is in compliance with the terms of this Agreement, and as applicable HIPAA, the HITECH Act, and other federal and state privacy and security laws and regulations. Such examination will occur at a mutually acceptable time agreed upon by the parties but no later than ten (10) business days of Agency's receipt of the request.

1.25 Data Security and City Data

Agency shall provide security for its networks and all internet connections consistent with industry best practices, and will promptly install all patches, fixes, upgrades, updates and new versions of any security

software it employs. For information disclosed in electronic form, Agency agrees that appropriate safeguards include electronic barriers (e.g., "firewalls", Transport Layer Security (TLS), Secure Socket Layer [SSL] encryption, or most current industry standard encryption, intrusion prevention/detection or similar barriers).

1.26 Data Privacy and Information Security Program.

Without limiting Agency's obligation of confidentiality as further described herein, Agency shall be responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the proper disposal of City Data; and, (v) ensure that all of Agency's employees, agents, and subcontractors, if any, comply with all of the foregoing. In no case shall the safeguards of Agency's data privacy and information security program be less stringent than the safeguards and standards recommended by the National Institute of Standards and Technology (NIST) Cybersecurity Framework and the Health Information Technology for Economic and Clinical Health Act (HITECH).

1.27 Disaster Recovery.

Agency must establish a documented plan to protect the security of electronic City Data in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this agreement for more than 24 hours.

1.28 Supervision of Data.

City Data in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an Agency Data User authorized to access the information. City Data in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.

1.29 As Is Access.

The City provides Agency and each Agency Data User with System(s) access on an "as is" basis with no guarantee as to uptime, accessibility, or usefulness. To the fullest extent permissible by applicable law, the City disclaims all warranties, express or implied, including, without limitation, implied warranties of merchantability, fitness for a particular purpose, title and non-infringement.

1.30 No Technical or Administrative Support.

Except as provided herein, the City will provide no technical or administrative support to Agency or Agency Data Users for System(s) access.

1.31 City Audit of Agency and Agency Data Users.

The City acting in its sole discretion may audit Agency and Agency Data Users at any time. If an audit reveals an irregularity or security issue, the City may take corrective action including but not limited to termination of such Agency's and/or Agency Data User's access to the System(s) permanently or until the City determines that all irregularities have been satisfactorily cured. Agency and each Agency Data User understands that the City may create and review an audit trail for each Agency Data User, including but not limited to, noting each Agency Data User's ID(s), the patient information accessed, and/or the date accessed. Agency and each Agency Data User understands that any inappropriate access or use of patient information, as determined by the City, may result in the temporary and/or permanent termination of Agency's or such Agency Data User's access to the System(s). Agency remains liable for all inappropriate System(s) access, misuse and/or breach of patient information, whether in electronic or hard-copy form.

1.32 Minimum Necessary.

Agency and each Agency Data User shall safeguard the confidentiality of all City Data that is viewed or obtained through the System(s) at all times. Agency and each Agency Data User shall access patient information in the System(s) only to the minimum extent necessary for its assigned duties and shall only disclose such information to persons authorized to receive it, as minimally necessary for treatment, payment and health care operations.

1.33 No Re-Disclosure or Reporting.

Agency may not in any way re-disclose SFDPH Data or otherwise prepare reports, summaries, or any other material (in electronic or hard-copy format) regarding or containing City Data for transmission to any other requesting individuals, agencies, or organizations without prior written City approval and where such re-disclosure is otherwise permitted or required by law.

1.34 Health Information Exchange.

If Agency is qualified to enroll in a health information exchange, the City encourages Agency to do so in order to facilitate the secure exchange of data between Agency's electronic health record system (EHR) and the City's Epic EHR.

1.35 Subcontracting.

Agency may not subcontract any portion of Data Access Agreement, except upon prior written approval of City. If the City approves a subcontract, Agency remains fully responsible for its subcontractor(s) throughout the term and/or after expiration of this Agreement. All Subcontracts must incorporate the terms of this Data Access Agreement. To the extent that any subcontractor would have access to a System, each such subcontractor's access must be limited and subject to the same governing terms to the same extent as Agency's access. In addition, each contract between Agency and that subcontractor must, except as the City otherwise agrees, include a Business Associate Agreement requiring such subcontractor to comply with all regulatory requirements regarding third-party access, and include a provision obligating that subcontractor to (1) defend, indemnify, and hold the City harmless in the event of a data breach in the same manner in which Agency would be so obligated, (2) provide cyber and technology errors and omissions insurance with limits identified in Article 5, and (3) ensure that such data has been destroyed, returned, and/or protected as provided by HIPAA at the expiration of the subcontract term.

Article 2 Indemnity

2.1 Medical Malpractice Indemnification.

Agency recognizes that the System(s) is a sophisticated tool for use only by trained personnel, and it is not a substitute for competent human intervention and discretionary thinking. Therefore, if providing patient treatment, Agency agrees that it will:

1. Read information displayed or transmitted by the System accurately and completely;
2. Ensure that Agency Data Users are trained on the use of the System;
3. Be responsible for decisions made based on the use of the System;
4. Verify the accuracy of all information accessed through the System using applicable standards of good medical practice to no less a degree than if Agency were using paper records;
5. Report to the City as soon as reasonably practicable all data errors and suspected problems related to the System that Agency knows or should know could adversely affect patient care;

6. Follow industry standard business continuity policies and procedures that will permit Agency to provide patient care in the event of a disaster or the System unavailability;

7. Use the System only in accordance with applicable standards of good medical practice.

Agency agrees to indemnify, hold harmless and defend City from any claim by or on behalf of any patient, or by or on behalf of any other third party or person claiming damage by virtue of a familial or financial relationship with such a patient, regardless of the cause, if such claim in any way arises out of or relates to patient care or outcomes based on Agency's or an Agency Data User's System access.

Article 3 Proprietary Rights and Data Breach

3.1 Ownership of City Data.

The Parties agree that as between them, all rights, including all intellectual property rights in and to the City Data and any derivative works of the City Data shall remain the exclusive property of the City.

3.2 Data Breach; Loss of City Data.

The Agency shall notify City immediately by telephone call plus email upon the discovery of a breach (as herein). For purposes of this Section, breaches and security incidents shall be treated as discovered by Agency as of the first day on which such breach or security incident is known to the Agency, or, by exercising reasonable diligence would have been known to the Agency. Agency shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is an employee or agent of the Agency.

Agency shall take:

- i. prompt corrective action to mitigate any risks or damages involved with the breach or security incident and to protect the operating environment; and
- ii. any action pertaining to a breach required by applicable federal and state laws.

1. **Investigation of Breach and Security Incidents:** The Agency shall immediately investigate such breach or security incident. As soon as the information is known and shall inform the City of:

- i. what data elements were involved, and the extent of the data disclosure or access involved in the breach, including, specifically, the number of individuals whose personal information was breached; and
- ii. a description of the unauthorized persons known or reasonably believed to have improperly used the City Data and/or a description of the unauthorized persons known or reasonably believed to have improperly accessed or acquired the City Data, or to whom it is known or reasonably believed to have had the City Data improperly disclosed to them; and
- iii. a description of where the City Data is believed to have been improperly used or disclosed; and
- iv. a description of the probable and proximate causes of the breach or security incident; and
- v. whether any federal or state laws requiring individual notifications of breaches have been triggered.

2. **Written Report:** Agency shall provide a written report of the investigation to the City as soon as practicable after the discovery of the breach or security incident. The report shall include,

but not be limited to, the information specified above, as well as a complete, detailed corrective action plan, including information on measures that were taken to halt and/or contain the breach or security incident, and measures to be taken to prevent the recurrence or further disclosure of data regarding such breach or security incident.

3. **Notification to Individuals:** If notification to individuals whose information was breached is required under state or federal law, and regardless of whether Agency is considered only a custodian and/or non-owner of the City Data, Agency shall, at its sole expense, and at the sole election of City, either:

- i. make notification to the individuals affected by the breach (including substitute notification), pursuant to the content and timeliness provisions of such applicable state or federal breach notice laws. Agency shall inform the City of the time, manner and content of any such notifications, prior to the transmission of such notifications to the individuals; or
- ii. cooperate with and assist City in its notification (including substitute notification) to the individuals affected by the breach.

4. **Sample Notification to Individuals:** If notification to individuals is required, and regardless of whether Agency is considered only a custodian and/or non-owner of the City Data, Agency shall, at its sole expense, and at the sole election of City, either:

- i. electronically submit a single sample copy of the security breach notification as required to the state or federal entity and inform the City of the time, manner and content of any such submissions, prior to the transmission of such submissions to the Attorney General; or
- ii. cooperate with and assist City in its submission of a sample copy of the notification to the Attorney General.

3.3 **Media Communications**

City shall conduct all media communications related to such Data Breach, unless in its sole discretion, City directs Agency to do so.
