A8.595 MEMBERS OF THE POLICE DEPARTMENT ON JANUARY 1, 2003 WHO ARE
MEMBERS OF THE RETIREMENT SYSTEM UNDER CHARTER SECTION A8.559.

Members of the police department on January 1, 2003 who are members of the retirement system under Section A8.559 may elect to be members of the retirement system under Section A8.595 instead of Section A8.559. Any such election must be exercised in writing, on a form furnished by the retirement system, and filed at the office of said system not later than the close of business on December 31, 2002.

1

Those persons who elect to be members under Section A8.595 as provided in the preceding paragraph, shall be members of the system subject to provisions of Sections A8.595 through Section A8.595-14 (which shall apply only to members under Section A8.595) in addition to the provisions contained in Sections 12.100 to 12.103 and Sections A8.500, A8.510 and A8.520 of this charter, notwithstanding the provisions of any other section of this charter, and shall not be subject to any of the provisions of Section A8.559 of this charter.

The provisions of section A8.595 shall not apply to any member of the retirement system under section A8.559 who separated from service, retired or died before January 1, 2003, or to his or her continuant; provided, however, that the provisions of section A8.595-2 shall apply to the adjustment required in Sections A8.559-3, A8-559-4 and A8.559-5 for a retired member or his or her surviving spouse or continuant when the retired member would not have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years until after January 1, 2003.

## A8.595-1 DEFINITIONS

The following words and phrases as used in this section A8.595 and Sections A8.595-2 through A8.595-14, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," "death allowance" or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation," as distinguished from benefits under the Workers' Compensation

Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash,
by the city and county, without deduction except for absence from duty, for time during which the
individual receiving such remuneration is a member of the police department, but excluding
remuneration paid for overtime.

For retirement purposes, any increase in compensation attached to a rank which is based solely upon the possession of a POST certificate, compared to the equivalent rank without a POST certificate, shall be subject to the following limitations:

- (a) for possession of the intermediate POST certificate, no more than 4% shall be included in compensation,
- (b) for possession of the advanced POST certificate, no more than an additional 2% over the maximum provided in subsection (a), above, shall be included in compensation,

These limits shall apply to any pay increments which are solely attributable to the possession of a POST certificate, including but not limited to premiums or special ranks which may be established in the future and which are solely attributable to the possession of a POST certificate.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him or her during such period, it being assumed that during any absence, he or she was in the rank or position held by him or her at the beginning of the absence, and that prior to becoming a member of the police department, he or she was in the rank or position first held by him or her in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit."

"Final compensation" shall mean the monthly compensation earnable by a member at the time of his or her retirement, or death before retirement, as the case may be, at the rate of remuneration attached at that time to the rank or position which said member held, provided that

said member has held said rank or position for at least one year immediately prior to said
retirement or death; and provided, further, that if said member has not held said rank or position
for at least one year immediately prior to said retirement or death, "final compensation," as to
such member, shall mean the monthly compensation earnable by such member in the rank or
position next lower to the rank or position which he or she held at the time of retirement or death
at the rate of remuneration attached at the time of said retirement or death to said next lower
rank or position; provided, however, that in the case of a member's death before retirement as the
result of a violent traumatic injury received in the performance of his or her duty, "final
compensation," as to such member shall mean the monthly compensation earnable by such
member at the rate of remuneration attached on the date he receives such injury to the rank or
position held by such member on that date.

For purposes of calculation of final compensation, any increase in pay solely attributable to possession of a POST certificate shall be included only if the member possesses the qualifying POST certificate for a period of not less than four (4) years prior to his or her retirement date; provided, however, that should a member possess the qualifying POST certificate for a period of time less than four (4) years prior to retirement, final compensation shall be calculated based upon the monthly compensation in the next lower rank not requiring possession of the qualifying POST certificate.

For the purpose of Sections A8.595 through A8.595-14, the terms "member of the police department," "member of the department," or "member" shall mean any officer or employee of the police department, who was a member of the police department on January 1, 2003 and a member of the retirement system under Section A8.599 and who elected to be a member of Section A8.595 as provided in Section A8.595.

Any police service performed by such members of the police department outside the limits of the city and county and under orders of a superior officer of any such member, shall be considered as city and county service, and any disability or death incurred therein shall be covered under the provisions of the retirement system.

"Retirement system" or "system" shall mean San Francisco City and County Employees'
Retirement System as created in Section A8.500 of the charter.

"Retirement board" shall mean "retirement board" as created in Section 12.100 of the charter.

"Charter" shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter gender, and singular numbers shall include the plural and the plural the singular.

"Interest" shall mean interest at the rate adopted by the retirement board.

# A8.595-2 SERVICE RETIREMENT

Any member of the police department who completes at least twenty-five (25) years of service in the aggregate and attains the age of fifty (50) years, said service to be computed under Section A8.595-10, may retire for service at his or her option. A member retired after meeting the service and age requirements in the preceding sentence, shall receive a retirement allowance equal to the percent of the final compensation of said member, as defined in Section A8.595-1, set forth below opposite his or her age at retirement, taken to the preceding quarter year, for each year of service, as computed under Section A8.595-10:

Retirement Age	Percent for Each Year of Credited Service
<u>50</u>	2.400
50.25	2.430
50.5	2.460

<i>50.75</i>	<u>2.490</u>
<u>51</u>	2.520
51.25	2.550
51.5	$\overline{2.580}$
<del>51.7</del> 5	$\overline{2.610}$
52	$\frac{1}{2.640}$
<u>52.25</u>	$\frac{2.670}{2.670}$
52.5	$\frac{2.700}{2.700}$
<u>52.7</u> 5	$\frac{2.730}{2.730}$
<u>53</u>	$\frac{2.750}{2.760}$
<u>53</u> .25	$\frac{2.700}{2.790}$
<u>53.25</u> <u>53.5</u>	$\frac{2.750}{2.820}$
<u>53.75</u>	2.850
<u>54</u>	<u>2.880</u>
<u>54.25</u>	<u>2.910</u>
<u>54.5</u>	<u>2.940</u>
<u>54.75</u>	<u>2.970</u>
<u>55+</u>	<u>3.000</u>

In no event, however, shall such a retirement allowance exceed ninety (90) percent of a member's final compensation.

If, at the date of retirement for service, or retirement for disability resulting from an injury received in the performance of duty, said member has no spouse, children or dependent parents, who would qualify for the continuance of the allowance after the death of said member, or with respect to the portion of the allowance which would not be continued regardless of dependents, or upon retirement for disability resulting from other causes, with respect to all of the allowance and regardless of dependents at retirement, a member retired under this section, or Section A8.595-3, may elect before the first payment of the retirement allowance is made, to receive the actuarial equivalent of his or her allowance or the portion which would not be continued regardless of dependents, as the case may be, partly in a lesser allowance to be received by him or her throughout his or her life, and partly in other benefits payable after his or her death to another person or persons, provided that such election shall be subject to all the conditions prescribed by

the board of supervisors to govern similar election by other members of the retirement system, including the character and amount of such other benefits.

# A8.595-3 RETIREMENT FOR INCAPACITY

Any member of the police department who becomes incapacitated for the performance of his or her duty by reason of any bodily injury received in, or illness caused by the performance of his or her duty, shall be retired. If he is not qualified for service retirement, he shall receive a retirement allowance in an amount which shall be equal to the same percentage of the final compensation of said member, as defined in Section A8.595-1, as his or her percentage of disability is determined to be. The percentage of disability shall be as determined by the Workers' Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five affirmative votes, adjust the percentage of disability as determined by said appeals board; and provided, further, that such retirement allowance shall be in an amount not less than 50 percent nor more than 90 percent of the final compensation of said member, as defined in Section A8.595-1. Said allowance shall be paid to said member until the date upon which said member would have qualified for service retirement had he lived and rendered service without interruption in the rank held by the member at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date based on the final compensation, as defined in Section A8.595-1, he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than 55 percent of such final compensation.

If, at the time of retirement because of disability, he is qualified as to age and service for retirement under Section A8.595-2, he shall receive an allowance equal to the retirement

allowance which he would receive if retired under Section A8.595-2, but not less than 55 percent of said final compensation. Any member of the police department who becomes incapacitated for performance of his or her duty, by reason of a cause not included under the provisions of the immediately preceding sentences, and who shall have completed at least 10 years of service in the aggregate, computed as provided in Section A8.595-10, shall be retired upon an allowance of one and one-half percent of the final compensation of said member as defined in Section A8.595-1 for each year of service, provided that said allowance shall not be less than 33-1/3 percent of said final compensation; provided, however, that if such member has completed at least 25 years of service in the aggregate, computed as provided in Section A8.595-10, but has not yet attained the age of 50 years, he shall receive an allowance equal to the retirement allowance he would have received if he had attained the age of 50 years and retired under Section A8.595-2 as of the date of retirement for such incapacity. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the police commission, or by said member or his or her guardian. If his or her disability shall cease, his or her retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his or her retirement.

# A8.595-4 DEATH ALLOWANCE

If a member of the police department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout her life or until her remarriage. If the member, at the time of death, was qualified for

service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on the day of death, but such allowance shall not be less than 55 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the final compensation of said member at the date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by the member at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than 55 percent of such monthly final compensation. If he had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he was a member under Section 5.595 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be reduced upon the date at which said member would have qualified for service retirement, in the same manner as it would have been reduced had the member not died. If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children

under the age of 18 years, but leave a child or children, regardless of age, dependent upon him for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

# A8.595-5 PAYMENT TO SURVIVING DEPENDENTS

<u>Upon the death of a member of the police department resulting from any cause, other than</u> an injury received in, or illness caused by performance of duty;

- (a) if his or her death occurred after qualification for service retirement, under

  Section A8.595-2 or after retirement for service or because of disability which resulted from any
  cause other than an injury received in, or illness caused by performance of duty, three-fourths of
  his or her retirement allowance to which the member would have been entitled if he had retired
  for service at the time of death or three-fourths of the retirement allowance as it was at his or her
  death, as the case may be, shall be continued throughout life or until remarriage to his or her
  surviving spouse; or
- (b) if his or her death occurred after the completion of at least 25 years of service in the aggregate but prior to the attainment of the age of 50 years, three-fourths of the retirement allowance to which he would have been entitled under Section A8.595-2 if he had attained the age of 50 years on the date of his or her death shall be continued throughout life or until remarriage to his or her surviving spouse; or

- (c) if his or her death occurred after retirement for disability by reason of injury received in, or illness caused by performance of duty, his or her retirement allowance as it was at his or her death shall be continued throughout life or until remarriage, to his or her surviving spouse, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date of which said member would have qualified for service retirement, in the same manner as it would have been adjusted had the member not died; or
- (d) if his or her death occurred after completion of at least 10 years of service in the aggregate, computed as provided in Section A8.595-10, an allowance in an amount equal to the retirement allowance to which the member would have been entitled pursuant to Section A8.595-3 if he had retired on the date of death because of incapacity for performance of duty resulting from a cause other than bodily injury received in, or illness caused by performance of duty shall be paid throughout life or until remarriage to his or her surviving spouse.

If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under age of 18 years, but leave a child or children, regardless of age, dependent upon him or her for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse

otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member prior to the date of the injury or onset of the illness which results in death if he had not retired, or unless she was married to the member at least one year prior to his or her death if he had retired.

As used in this section and Section A8.595-4, "surviving spouse" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member, but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving spouse, in the event of death of the member after qualification for but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in Section A8.595-A8, in lieu of the allowance which otherwise would be continued to her under this section. If there is no surviving spouse, the guardian of the eligible child or children may make such election, and if there are no such children, the dependent parent or parents may make such election. "Qualified for service retirement," "Qualification for service retirement" or "Qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under Section A8.595 are subject, shall mean completion of 25 years of service and attainment of age 50, said service to be computed under Section A8.595-10.

#### A8.595-6 ADJUSTMENT OF ALLOWANCES

Every retirement or death allowance payable to or on account of any member under

Section A8.595 shall be increased or decreased as of January 1, 2003, and thereafter on the

effective date of any legislation fixing the rates of compensation for police officers under section

A8.590-1 et seq. of this charter by an amount equal to 50 percent of any increase or decrease,

respectively, in the rate of remuneration attached to the rank or position upon which such retirement or death allowance was based; provided, however, that no allowance shall be reduced below the amount being received by a member or his or her beneficiary on January 1, 2003, or on the date such member or beneficiary began to receive the allowance, whichever is later.

## A8.595-7 ADJUSTMENT FOR COMPENSATION PAYMENTS

That portion of any allowance payable because of the death or retirement of any member of the police department which is provided by contributions of the city and county, shall be reduced, by the amount of any benefits other than medical benefits, payable by the city and county to or on account of such person, under any workers' compensation law or any other general law and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in or illness caused by performance of duty, shall be considered as in lieu of all benefits, other than medical benefits, payable to or on account of such person under such law and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

## A8.595-8 DEATH BENEFIT

If a member of the police department shall die, before retirement from causes other than an injury received in or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under Section 8.595-4 or 8.595-5 preceding, a death benefit shall be paid to his or her estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary the amount of which and the conditions for the payment of which shall

be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

## A8.595-9 REFUNDS AND REDEPOSITS

Should any member of the police department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of the retirement system. If he or she shall again become a member of the department, he or she shall redeposit in the retirement fund, the amount refunded to him or her. Should a member of the police department become an employee of any other office or department, his or her accumulated contribution account shall be adjusted by payments to or from him or her as the case may be to make the accumulated contributions credited to him or her at the time of change, equal to the amount which would have been credited to him or her if he or she had been employed in said other office or department at the rate of compensation received by him or her in the police department and he or she shall receive credit for service for which said contributions were made, according to the charter section under which his or her membership in the retirement system continues.

## A8.595-10 COMPUTATION OF SERVICE

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he was a member under any other charter section, and not redeposited upon reentry into service:

- (a) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.
- (b) Time during which said member served and received compensation as a jail matron in the office of the sheriff.
- (c) Time during which said member is absent from a status included in Subsections (a) or (b) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his or her account.

# A8.595-11 SOURCES OF FUNDS

<u>All payments provided for members under Section A8.595 shall be made from funds</u> <u>derived from the following sources, plus interest earned on said funds:</u>

(a) There shall be deducted from each payment of compensation made to a member under Section A8.595 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.595-8, A8.595-9 and A8.595-10. A member's individual

account under Section A8.595 shall include all monies previously credited to the member's account under Section A8.559.

- The dependent contributions of each member under this section which shall be required of each member throughout his or her membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under Section A8.595-2, and upon he or she first qualifying as to age and service for retirement under that section, onethird of the portion of his or her allowance, which is to be continued under Section A8.595-5 after his or her death and throughout the life of a surviving spouse whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability resulting from injury received in the performance of duty, said member has no spouse who would qualify for the continuance of the allowance to him or her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his or her marital conditions, the dependent contributions with accumulated interest thereon, shall be paid to him or her forthwith. The dependent rate of contribution, however, shall not exceed the difference between seven percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.
- (c) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section

  A8.595-11, to provide the benefits payable to members under Section A8.595. Such contributions of the city and county to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of

a percentage to the total compensation paid during said year to persons who are members under

Section A8.595 in accordance with the provisions of Section A8.510.

- (d) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide benefits for members under Section A8.595, shall be a part of the fund in which all other assets of said system are included.
- (e) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with city representatives to implement a cost sharing arrangement between the city and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the city's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3%@55

benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under section A8.590-1 et seq.

# A8.595-12 RIGHT TO RETIRE

Upon the completion of the years of service set forth in Section A8.595-2 as requisite to retirement, a member of the police department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.595-2, and nothing shall deprive said member of said right.

## A8.595-13 LIMITATION IN EMPLOYMENT DURING RETIREMENT

Except as otherwise provided in Section A 8.511 of this charter, no person retired as a member under Section A 8.595 for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror, or in the preparation for, or the giving of, testimony as an expert witness for or on behalf of the City and County of San Francisco before any court or legislative body shall not be affected by this section.

## *A8.595-14 VESTING*

Notwithstanding any provisions of this charter to the contrary, should any member of the police department who is a member of the Retirement System under Charter Section A8.595 with five years of credited service, cease to be so employed, through any cause other than death or retirement, he or she shall have the right to elect, without right of revocation and within 90 days after termination of said service, to allow his or her accumulated contributions including interest to remain in the retirement fund and to receive a retirement allowance equal to the percent set forth in Section A8.595-2 opposite his or her age at retirement, for each year of service multiplied against the final compensation of said member, calculated at termination, payable beginning no

earlier than age 50. The provisions of Section A8.595-14 shall not apply to any members of the retirement system under Section A8.559 who terminated before January 1, 2003 or their continuants. No vesting retirement allowance under this section shall exceed ninety (90%) percent of the member's final compensation.

Any member of the police department convicted of a crime involving moral turpitude

committed in connection with his or her duties as a member of the police department shall, upon

termination of his or her employment pursuant to the provisions of this charter, forfeit all right to

any benefits under this section except refund of his or her accumulated contributions.

Every retirement or death allowance payable to or on account of any member under

Section A 8.595-14 shall be adjusted in accordance with the provisions of Section A 8.595-6

provided that if the member's accrued service credit is less than 25 years the Section A 8.595-6

adjustment will be multiplied by a fraction where the denominator is 25 and the numerator is equal to the member's accrued service credit at the date of termination.

# ARE MEMBERS OF THE RETIREMENT SYSTEM UNDER CHARTER SECTION A8.585

Members of the fire department on January 1, 2003 who are members of the retirement system under Section A8.585 may elect to be members of the retirement system under Section A8.596 instead of Section A8.585. Any such election must be exercised in writing, on a form furnished by the retirement system, and filed at the office of said system not later than the close of business on December 31, 2002.

Those persons who elect to be members under Section A8.596 as provided in the preceding paragraph, shall be members of the system subject to provisions of Section A8.596 through Section A8.596-14 (which shall apply only to members under Section A8.596) in addition to the provisions contained in Sections 12.100 to 12.103 and Sections A8.500, A8.510 and A8.520 of this charter, notwithstanding the provisions of any other section of this charter, and shall not be subject to any of the provisions of Section A8.585 of this charter.

The provisions of section A8.596 shall not apply to any member of the retirement system under section A8.585 who separated from service, retired or died before January 1, 2003, or to his or her continuant; provided, however, that the provisions of section A8.596-2 shall apply to the adjustment required in Sections A8.585-3, A8-585-4 and A8.585-5 for a retired member or his or her surviving spouse or continuant when the retired member would not have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years until after January 1, 2003.

# A8.596-1 DEFINITIONS

The following words and phrases as used in this section A8.596 and Sections A8.596-2 through A8.596-14, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," "death allowance" or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation," as distinguished from benefits under the Workers' Compensation

Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash,

by the city and county, without deduction except for absence from duty, for time during which the

individual receiving such remuneration is a member of the fire department, but excluding

remuneration paid for overtime.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him or her during such period, it being assumed that during any absence, he or she was in the rank or position held by him or her at the beginning of the absence, and that prior to becoming a member of the fire department, he or she was in the rank or position first held by him or her in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit."

"Final compensation" shall mean the monthly compensation earnable by a member at the time of his or her retirement, or death before retirement, as the case may be, at the rate of remuneration attached at that time to the rank or position which said member held, provided that said member has held said rank or position for at least one year immediately prior to said retirement or death; and provided, further, that if said member has not held said rank or position for at least one year immediately prior to said retirement or death, "final compensation," as to such member, shall mean the monthly compensation earnable by such member in the rank or position next lower to the rank or position which he or she held at the time of retirement or death at the rate of remuneration attached at the time of said retirement or death to said next lower rank or position; provided, however, that in the case of a member's death before retirement as the result of a violent traumatic injury received in the performance of his or her duty, "final compensation," as to such member shall mean the monthly compensation earnable by such member at the rate of remuneration attached on the date he receives such injury to the rank or position held by such member on that date.

For the purpose of Sections A8.596 through A8.596-14, the terms "member of the fire department," "member of the department," or "member" shall mean any officer or employee of the fire department, who was a member of the fire department on January 1, 2003 and a member of the retirement system under Section A8.585 and who elected to be a member of Section A8.596 as provided in Section A8.596.

Any fire service performed by such members of the fire department outside the limits of the city and county and under orders of a superior officer of any such member, shall be considered as city and county service, and any disability or death incurred therein shall be covered under the provisions of the retirement system.

"Retirement system" or "system" shall mean San Francisco City and County Employees'
Retirement System as created in Section A8.500 of the charter.

"Retirement board" shall mean "retirement board" as created in Section 12.100 of the charter.

"Charter" shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter gender, and singular numbers shall include the plural and the plural the singular.

"Interest" shall mean interest at the rate adopted by the retirement board.

# A8.596-2 SERVICE RETIREMENT

Any member of the fire department who completes at least twenty-five (25) years of service in the aggregate and attains the age of fifty (50) years, said service to be computed under Section A8.596-10, may retire for service at his or her option. A member retired after meeting the service and age requirements in the preceding sentence, shall receive a retirement allowance equal to the percent of the final compensation of said member, as defined in Section A8.596-1, set forth below opposite his or her age at retirement, taken to the preceding quarter year, for each year of service, as computed under Section A8.596-10:

<u>Retirement Age</u>	Percent for Each Year of Credited Service
<u>50</u>	<u>2.400</u>
<u>50.25</u>	<u>2.430</u>
<u>50.5</u>	<u>2.460</u>
<u>50.75</u>	<u>2.490</u>
<u>51</u>	<u>2.520</u>
<u>51.25</u>	<u>2.550</u>
<u>51.5</u>	<u>2.580</u>
<u>51.75</u>	<u>2.610</u>
<u>52</u>	<u>2.640</u>
<u>52.25</u>	<u>2.670</u>
<u>52.5</u>	<u>2.700</u>

<u>52.75</u>	<u>2.730</u>
<u>53</u>	<u>2.760</u>
<i>53.25</i>	<u>2.790</u>
<u>53.5</u>	<u>2.820</u>
<i>53.75</i>	<u>2.850</u>
<u>54</u>	2.880
<i>54.25</i>	<u>2.910</u>
<u>54.5</u>	<u>2.940</u>
<i>54.75</i>	<u>2.970</u>
<u>55+</u>	<i>3.000</i>

In no event, however, shall such a retirement allowance exceed ninety (90) percent of a member's final compensation.

If, at the date of retirement for service, or retirement for disability resulting from an injury received in the performance of duty, said member has no spouse, children or dependent parents, who would qualify for the continuance of the allowance after the death of said member, or with respect to the portion of the allowance which would not be continued regardless of dependents, or upon retirement for disability resulting from other causes, with respect to all of the allowance and regardless of dependents at retirement, a member retired under this section, or Section A8.596-3, may elect before the first payment of the retirement allowance is made, to receive the actuarial equivalent of his or her allowance or the portion which would not be continued regardless of dependents, as the case may be, partly in a lesser allowance to be received by him or her throughout his or her life, and partly in other benefits payable after his or her death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar election by other members of the retirement system, including the character and amount of such other benefits.

## A8.596-3 RETIREMENT FOR INCAPACITY

Any member of the fire department who becomes incapacitated for the performance of his or her duty by reason of any bodily injury received in, or illness caused by the performance of his

or her duty, shall be retired. If he is not qualified for service retirement, he shall receive a retirement allowance in an amount which shall be equal to the same percentage of the final compensation of said member, as defined in Section A8.596-1, as his or her percentage of disability is determined to be. The percentage of disability shall be as determined by the Workers' Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five affirmative votes, adjust the percentage of disability as determined by said appeals board; and provided, further, that such retirement allowance shall be in an amount not less than 50 percent nor more than 90 percent of the final compensation of said member, as defined in Section A8.596-1. Said allowance shall be paid to said member until the date upon which said member would have qualified for service retirement had he lived and rendered service without interruption in the rank held by the member at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date based on the final compensation, as defined in Section A8.596-1, he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than 55 percent of such final compensation.

If, at the time of retirement because of disability, he is qualified as to age and service for retirement under Section A8.596-2, he shall receive an allowance equal to the retirement allowance which he would receive if retired under Section A8.596-2, but not less than 55 percent of said final compensation. Any member of the fire department who becomes incapacitated for performance of his or her duty, by reason of a cause not included under the provisions of the immediately preceding sentences, and who shall have completed at least 10 years of service in the aggregate, computed as provided in Section A8.596-10, shall be retired upon an allowance of one

and one-half percent of the final compensation of said member as defined in Section A8.596-1 for each year of service, provided that said allowance shall not be less than 33-1/3 percent of said final compensation; provided, however, that if such member has completed at least 25 years of service in the aggregate, computed as provided in Section A8.596-10, but has not yet attained the age of 50 years, he shall receive an allowance equal to the retirement allowance he would have received if he had attained the age of 50 years and retired under Section A8.596-2 as of the date of retirement for such incapacity. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the fire commission, or by said member or his or her guardian. If his or her disability shall cease, his or her retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his or her retirement.

# A8.596-4 DEATH ALLOWANCE

If a member of the fire department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on the day of death, but such allowance shall not be less than 55 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the final compensation of said member at the

date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by the member at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than 55 percent of such monthly final compensation. If he had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he was a member under Section 5.596 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be reduced upon the date at which said member would have qualified for service retirement, in the same manner as it would have been reduced had the member not died. If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a child or children, regardless of age, dependent upon him for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid

under this section to a surviving spouse following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

## A8.596-5 PAYMENT TO SURVIVING DEPENDENTS

<u>Upon the death of a member of the fire department resulting from any cause, other than</u> an injury received in, or illness caused by performance of duty;

- (a) if his or her death occurred after qualification for service retirement, under

  Section A8.596-2 or after retirement for service or because of disability which resulted from any
  cause other than an injury received in, or illness caused by performance of duty, three-fourths of
  his or her retirement allowance to which the member would have been entitled if he had retired
  for service at the time of death or three-fourths of the retirement allowance as it was at his or her
  death, as the case may be, shall be continued throughout life or until remarriage to his or her
  surviving spouse; or
- (b) if his or her death occurred after the completion of at least 25 years of service in the aggregate but prior to the attainment of the age of 50 years, three-fourths of the retirement allowance to which he would have been entitled under Section A8.596-2 if he had attained the age of 50 years on the date of his or her death shall be continued throughout life or until remarriage to his or her surviving spouse; or
- (c) if his or her death occurred after retirement for disability by reason of injury received in, or illness caused by performance of duty, his or her retirement allowance as it was at his or her death shall be continued throughout life or until remarriage, to his or her surviving spouse, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date of which said member would have qualified

for service retirement, in the same manner as it would have been adjusted had the member not died; or

(d) if his or her death occurred after completion of at least 10 years of service in the aggregate, computed as provided in Section A8.596-10, an allowance in an amount equal to the retirement allowance to which the member would have been entitled pursuant to Section A8.596-3 if he had retired on the date of death because of incapacity for performance of duty resulting from a cause other than bodily injury received in, or illness caused by performance of duty shall be paid throughout life or until remarriage to his or her surviving spouse.

If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under age of 18 years, but leave a child or children, regardless of age, dependent upon him or her for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member prior to the date of the injury or onset of the illness which results in death if he had not retired, or unless she was married to the member at least one year prior to his or her death if he had retired.

As used in this section and Section A8.596-4, "surviving spouse" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member, but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving spouse, in the event of death of the member after qualification for but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in Section A8.596-8, in lieu of the allowance which otherwise would be continued to her under this section. If there is no surviving spouse, the guardian of the eligible child or children may make such election, and if there are no such children, the dependent parent or parents may make such election. "Qualified for service retirement," "Qualification for service retirement" or "Qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under Section A8.596 are subject, shall mean completion of 25 years of service and attainment of age 50, said service to be computed under Section A8.596-10.

# A8.596-6 ADJUSTMENT OF ALLOWANCES

Every retirement or death allowance payable to or on account of any member under

Section A8.596 shall be increased or decreased as of January 1, 2003, and thereafter on the

effective date of any legislation fixing the rates of compensation for firefighters under section

A8.590-1 et seq. of this charter by an amount equal to 50 percent of any increase or decrease,

respectively, in the rate of remuneration attached to the rank or position upon which such

retirement or death allowance was based; provided, however, that no allowance shall be reduced

below the amount being received by a member or his or her beneficiary on January 1, 2003, or on

the date such member or beneficiary began to receive the allowance, whichever is later.

### A8.596-7 ADJUSTMENT FOR COMPENSATION PAYMENTS

That portion of any allowance payable because of the death or retirement of any member of the fire department which is provided by contributions of the city and county, shall be reduced, by the amount of any benefits other than medical benefits, payable by the city and county to or on account of such person, under any workers' compensation law or any other general law and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in or illness caused by performance of duty, shall be considered as in lieu of all benefits, other than medical benefits, payable to or on account of such person under such law and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

# A8.596-8 DEATH BENEFIT

If a member of the fire department shall die, before retirement from causes other than an injury received in or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under Section A8.596-4 or A8.596-5 preceding, a death benefit shall be paid to his or her estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

### A8.596-9 REFUNDS AND REDEPOSITS

Should any member of the fire department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of the retirement system. If he or she shall again become a member of the department, he or she shall redeposit in the retirement fund, the amount refunded to him or her. Should a member of the fire department become an employee of any other office or department, his or her accumulated contribution account shall be adjusted by payments to or from him or her as the case may be to make the accumulated contributions credited to him or her at the time of change, equal to the amount which would have been credited to him or her if he or she had been employed in said other office or department at the rate of compensation received by him or her in the fire department and he or she shall receive credit for service for which said contributions were made, according to the charter section under which his or her membership in the retirement system continues.

## A8.596-10 COMPUTATION OF SERVICE

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he was a member under any other charter section, and not redeposited upon reentry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.

(b) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his or her account.

# A8.596-11 SOURCES OF FUNDS

<u>All payments provided for members under Section A8.596 shall be made from funds</u> <u>derived from the following sources, plus interest earned on said funds:</u>

- (a) There shall be deducted from each payment of compensation made to a member under Section A8.596 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.596-8, A8.596-9 and A8.596-10. A member's individual account under Section A8.596 shall include all monies previously credited to the member's account under Section A8.585.
- (b) The dependent contributions of each member under this section which shall be required of each member throughout his or her membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average

for such member, will provide, assuming service without interruption under Section A8.596-2.

and upon he or she first qualifying as to age and service for retirement under that section, onethird of the portion of his or her allowance, which is to be continued under Section A8.596-5 after
his or her death and throughout the life of a surviving spouse whose age at said death is three
years less than the age of said member. If, at the date of retirement for service or retirement for
disability resulting from injury received in the performance of duty, said member has no spouse
who would qualify for the continuance of the allowance to him or her after the death of said
member, or upon retirement for disability resulting from other causes, regardless of his or her
marital conditions, the dependent contributions with accumulated interest thereon, shall be paid
to him or her forthwith. The dependent rate of contribution, however, shall not exceed the
difference between seven percent and the member's normal rate of contribution, and said
dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the
age of qualification for service retirement.

- (c) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section

  A8.596-11, to provide the benefits payable to members under Section A8.596. Such contributions of the city and county to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.596 in accordance with the provisions of Section A8.510.
- (d) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide benefits for

members under Section A8.596, shall be a part of the fund in which all other assets of said system are included.

(e) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with city representatives to implement a cost sharing arrangement between the city and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the city's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3%@55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under section A8.590-1 et seq.

## A8.596-12 RIGHT TO RETIRE

Upon the completion of the years of service set forth in Section A8.596-2 as requisite to retirement, a member of the fire department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.596-2, and nothing shall deprive said member of said right.

### A8.596-13 LIMITATION IN EMPLOYMENT DURING RETIREMENT

Except as otherwise provided in Section A 8.511 of this charter, no person retired as a member under Section A8.596 for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror, or in the preparation for, or the giving of, testimony as an expert witness for or on behalf of the City and County of San Francisco before any court or legislative body shall not be affected by this section.

# A8.596-14 VESTING

Notwithstanding any provisions of this charter to the contrary, should any member of the fire department who is a member of the Retirement System under Charter Section A8.596 with five years of credited service, cease to be so employed, through any cause other than death or retirement, he or she shall have the right to elect, without right of revocation and within 90 days after termination of said service, to allow his or her accumulated contributions including interest to remain in the retirement fund and to receive a retirement allowance equal to the percent set forth in Section A8.596-2 opposite his or her age at retirement, for each year of service multiplied against the final compensation of said member, calculated at termination, payable beginning no earlier than age 50. The provisions of Section A8.596-14 shall not apply to any members of the retirement system under Section A8.585 who terminated before January 1, 2003 or their continuants. No vesting retirement allowance under this section shall exceed ninety (90%) percent of the member's final compensation.

Any member of the fire department convicted of a crime involving moral turpitude

committed in connection with his or her duties as a member of the fire department shall, upon

termination of his or her employment pursuant to the provisions of this charter, forfeit all right to

any benefits under this section except refund of his or her accumulated contributions.

Every retirement or death allowance payable to or on account of any member under

Section A8.596-14 shall be adjusted in accordance with the provisions of Section A8.596-6

provided that if the member's accrued service credit is less than 25 years the Section A8.596-6

adjustment will be multiplied by a fraction where the denominator is 25 and the numerator is equal to the member's accrued service credit at the date of termination.

A8.597 MEMBERS OF THE POLICE DEPARTMENT ON JANUARY 1, 2003

WHO ARE MEMBERS OF THE RETIREMENT SYSTEM UNDER CHARTER SECTION A8.586,

AND MEMBERS OF THE POLICE DEPARTMENT AFTER JANUARY 1, 2003.

Members of the police department on January 1, 2003 who are members of the retirement system under Section A8.586, and persons who become members of the police department, as defined in Section A8.597-1, after January 1, 2003, shall be members of the retirement system subject to the provisions of Sections A8.597 through A8.597-15 (which shall apply only to members under Section A8.597) in addition to the provisions contained in Sections 12.100 to 12.103 and Sections 8.500, 8.510, 8.520 and 8.526 of this charter, notwithstanding the provisions of any other section of this charter, and shall not be subject to any of the provisions of Sections A8.586 of this charter.

The provisions of section A8.597 shall not apply to any member of the retirement system under section A8.586 who separated from service, retired or died before January 1, 2003, or to his or her continuant; provided, however, that the provisions of section A8.597-2 shall apply to the adjustment required in Sections A8.586-3, A8.586-4 and A8.586-5 for a retired member or his or her surviving spouse or continuant when the retired member would not have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years until after January 1, 2003.

# A8.597-1 DEFINITIONS

The following words and phrases as used in this Section, Section A8.597 and Section

A8.597-2 through A8.597-14, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," "death allowance" or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be, and continuing for life unless a different term of payment is definitely provided by the context.

"Compensation," as distinguished from benefits under the Workers' Compensation

Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash,

by the city and county, without deduction except for absence from duty, for time during which the

individual receiving such remuneration is a member of the police department, but excluding

remuneration paid for overtime.

Subject to the requirement that it be payable in cash and that overtime be excluded,

"compensation" for pension purposes may be defined in a collective bargaining agreement.

Provided, however, that for retirement purposes, any increase in compensation attached to a rank which is based solely upon the possession of a POST certificate, compared to the equivalent rank without a POST certificate, shall be subject to the following limitations:

- (a) for possession of the intermediate POST certificate, no more than 4% shall be included in compensation.
- (b) for possession of the advanced POST certificate, no more than an additional 2% over the maximum provided in subsection (a), above, shall be included in compensation, These limits shall apply to any pay increments which are solely attributable to the possession of a POST certificate, including but not limited to premiums or special ranks which may be established in the future and which are solely attributable to the possession of a POST certificate.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under

consideration and at the rates of remuneration attached at that time to the ranks or positions held by him or her during such period, it being assumed that during any absence, he or she was in the rank or position held by him or her at the beginning of the absence, and that prior to becoming a member of the police department, he or she was in the rank or position first held by him or her in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit."

"Final compensation" shall mean the average monthly compensation earnable by a member during any one year of credited service in which his or her average compensation is the highest.

For purposes of calculation of final compensation, any increase in pay solely attributable to possession of a POST certificate shall be included only if the member possesses the qualifying POST certificate for a period of not less than four (4) years prior to his or her retirement date; provided, however, that should a member possess the qualifying POST certificate for a period of time less than four (4) years prior to retirement, final compensation shall be calculated based upon the monthly compensation in the next lower rank not requiring possession of the qualifying POST certificate.

For the purpose of Section A8.597 through A8.597-14, the terms "member of the police department," "member of the department," or "member shall mean any member of the police department on January 1, 2003 who was an active member of the retirement system under Section A8.586, and any officer or employee of the police department employed after January 1, 2003 who was or shall be subject to the charter provisions governing entrance requirements of members of the uniformed force of said department and said terms shall further mean persons

employed after January 1, 2003 at an age not greater than the maximum age then prescribed for entrance into employment in said uniformed force, to perform duties now performed under the titles of criminologist, photographer, police woman or jail matron; provided, however, that said terms shall not include any person who has not satisfactorily completed such course of training as may be required by the police department prior to assignment to active duty with said department.

"Retirement system" or "system" shall mean San Francisco City and County Employees'
Retirement System as created in Section A8.500 of the charter.

"Retirement board" shall mean "retirement board" as created in Section 3.670 of the charter.

"Charter" shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter gender, and singular numbers shall include the plural and the plural the singular.

"Interest" shall mean interest at the rate adopted by the retirement board.

# A8.597-2 SERVICE RETIREMENT

Any member of the police department who completes at least five years of service in the aggregate and attains the age of fifty (50) years, said service to be computed under Section

A8.597-10, may retire for service at his or her option. A member retired after meeting the service and age requirements in the preceding sentence, shall receive a retirement allowance equal to the percent of final compensation (as defined in Section A8.597-1) set forth below opposite his or her age at retirement, taken to the preceding completed quarter year, for each year of service, as computed under Section A8.597-10:

<u>54.5</u>	<u>2.940</u>
<u>54.75</u>	<u>2.970</u>
<u>55+</u>	<u>3.000</u>

<u>In no event, however, shall such a retirement allowance exceed ninety (90) percent of a member's final compensation.</u>

## A8.597-3 RETIREMENT FOR INCAPACITY

Any member of the police department who becomes incapacitated for the performance of his or her duty by reason of any bodily injury received in, or illness caused by the performance of his or her duty, shall be retired. If he or she is not qualified for service retirement, he or she shall receive a retirement allowance in an amount which shall be equal to the same percentage of the final compensation of said member, as defined in Section A8.597-1, as his or her percentage of disability is determined to be. The percentage of disability shall be as determined by the Workers' Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five affirmative votes, adjust the

percentage of disability as determined by said appeals board; and provided, further, that such retirement allowance shall be in an amount not less than 50 percent nor more than 90 percent of the final compensation of said member, as defined in Section A8.597-1. Said allowance shall be paid to him or her until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years had he or she lived and rendered service without interruption in the rank held by him or her at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date based on the final compensation, as defined in Section A8.597-1, he or she would have received immediately prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation.

If, at the time of retirement because of disability, he or she is qualified as to age and service for retirement under Section A8.597-2, he or she shall receive an allowance equal to the retirement allowance which he or she would receive if retired under Section A8.597-2, but not less than 50 percent of said final compensation. Any member of the police department who becomes incapacitated for performance of his or her duty by reason of a cause not included under the provisions of the immediately preceding sentences, and who shall have completed at least 10 years of service in the aggregate, computed as provided in Section A8.597-10, shall be retired upon an allowance of 1-1/2 percent of the final compensation of said member as defined in Section A8.597-1 for each year of service, provided that said allowance shall not be less than 33-1/3 percent of said final compensation. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the police commission or by said member or his or her guardian. If his or her disability shall cease,

his or her retirement allowance shall cease and he or she shall be restored to the service in the rank he or she occupied at the time of his or her retirement.

## A8.597-4 DEATH ALLOWANCE

If a member of the police department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance, payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but he or she had not retired, the allowance payable shall be equal to threefourths of the retirement allowance which the member would have received if he or she had been retired for service on the date of death, but such allowance shall not be less than 50 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, had he or she lived and rendered service without interruption in the rank held by him or her at death, and after said date the allowance payable shall be equal to three-fourths of the retirement allowance said member would have received if retired for service on said date, based on the final compensation he or she would have received prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation. If he or she had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall

be equal to three-fourths of the retirement allowance of the member, except that if he or she was a member under Section A8.597 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died.

If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a child or children, regardless of age, dependent upon him for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

#### A8.597-5 PAYMENT TO SURVIVING DEPENDENTS

<u>Upon the death of a member of the police department resulting from any cause other than</u> an injury received in, or illness caused by performance of duty,

- (a) if the death occurred after qualification for service retirement under Section

  A8.597-2, or after retirement service or because of disability which result from any cause other

  than an injury received in, or illness caused by performance of duty one-half of the retirement

  allowance to which the member would have been entitled if he or she had retired for service at

  the date of death or one-half of the retirement allowance as it was at his or her death, as the case

  may be, shall be continued through out his or her life or until remarriage to his or her surviving

  spouse, or
- (b) if his or her death occurred after the completion of at least 25 years of service in the aggregate but prior to the attainment of the age of 50 years, one-half of the retirement allowance to which he or she would have been entitled under Section A8.597-2 if he or she had attained the age of 50 years on the date of his or her death shall be continued throughout life or until remarriage to his or her surviving spouse, or
- (c) if his or her death occurred after retirement for disability by reason of injury received in or illness caused by performance of duty, three-fourths of his or her retirement allowance as it was at his or her death shall be continued throughout life or until remarriage to his or her surviving spouse, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date on which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died, or
- (d) if his or her death occurred after completion of at least 10 years of service in the aggregate, computed as provided in Section A8.597-10, an allowance in an amount equal to the retirement allowance to which the member would have been entitled pursuant to Section A8.597-3

if he or she had retired on the date of death because of incapacity for performance of duty shall be paid throughout life or until remarriage to his or her surviving spouse. If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children, under age of 18 years, but leave a child or children, regardless of age, dependent upon him or her for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however shall be paid under this section to a surviving spouse unless she was married to the member prior to the date of the injury or onset of the illness which results in death if he or she had not retired, or unless she was married to the member at least one year prior to his or her retirement if he or she had retired.

As used in this section and Section A8.597-4 "surviving spouse" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member, but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving spouse, in the event of death of the member after qualification for, but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in Section A8.597-8, in lieu of the allowance which otherwise would be

continued to her under this section. If there is no surviving spouse, the guardian of the eligible child or children may make such election, and if there are no such children, the dependent parent or parents may make such election. "Qualified for service retirement," "qualification for service retirement" or "qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under Section A8.597 are subject, shall mean completion of 25 years of service and attainment of age 50, said service to be computed under Section A8.597-10.

## A8.597-6 ADJUSTMENT OF ALLOWANCES

Every retirement or death allowance payable to or on account of any member under

Section A8.597 shall be adjusted in accordance with the provisions of Subsection (b) of Section

A8.526 of this charter.

## A8.597-7 ADJUSTMENT FOR COMPENSATION PAYMENTS

That portion of any allowance payable because of the death or retirement of any member of the police department which is provided by contributions of the city and county, shall be reduced, by the amount of any benefits other than medical benefits, payable by the city and county to or on account of such person, under any workers' compensation law or any other general law and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in, or illness caused by performance of duty, shall be considered as in lieu of all benefits, other than medical benefits, payable to or on account of such person under such law and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

#### A8.597-8 DEATH BENEFIT

If a member of the police department shall die, before retirement from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause if no allowance shall be payable under Section A8.597-4 or A8.597-5 preceding, a death benefit shall be paid to his or her estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

## A8.597-9 REFUNDS AND REDEPOSITS

Should any member of the police department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of the retirement system. If he or she shall again become a member of the department, he or she shall redeposit in the retirement fund the amount refunded to him or her. Should a member of the police department become an employee of any other office or department, his or her accumulated contribution account shall be adjusted by payments to or from him or her as the case may be to make the accumulated contributions credited to him or her at the time of change equal to the amount which would have been credited to him or her if he or she had been employed in said other office or department at the rate of compensation received by

him or her in the police department and he or she shall receive credit for service for which said contributions were made, according to the charter section under which his or her membership in the retirement system continues.

## A8.597-10 COMPUTATION OF SERVICE

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

- (a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.
- (b) Time prior to January 1, 2003, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section A8.597-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.
- (c) Time during which said member is absent from a status included in Subsection (a)

  next preceding, by reason of service in the armed forces of the United States of America, or by

  reason of any other service included in Sections A8.520 and A8.521 of the charter, during any

  war in which the United States was or shall be engaged or during other national emergency, and

for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his or her account.

## A8.597-11 SOURCES OF FUNDS

All payments provided for members under Section A8.597 shall be made from funds derived from the following sources, plus interest earned on said funds:

- (a) There shall be deducted from each payment of compensation made to a member under Section A8.597 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.597-8, A8.597-9 and A8.597-10. A member's individual account under Section A8.597 shall include all monies previously credited to the member's account under Section A8.586.
- (b) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section

  A8.597-11, to provide the benefits payable to members under Section A8.597. Such contributions of the city and county to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.597 in accordance with the provisions of Section A8.510.

- (c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide benefits for members under Section A8.597, shall be a part of the fund in which all other assets of said system are included.
- (d) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with city representatives to implement a cost sharing arrangement between the city and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the city's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3%@55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under section A8.590-1 et seq.

## A8.597-12 RIGHT TO RETIRE

Upon the completion of the years of service set forth in Section A8.597-2 as requisite to retirement, a member of the police department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.597-2, and, except as provided in the following paragraph, nothing shall deprive said member of said right.

Any member of the police department convicted of a crime involving moral turpitude committed in connection with his or her duties as a member of the police department shall, upon termination of his or her employment pursuant to the provisions of this charter, forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section A8.597-2, he or she shall have the right to elect, without right of revocation and within 90 days of the termination of his or her employment, whether to withdraw all of his or her accumulated contributions or to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such termination of employment.

### A8.597-13 LIMITATION ON EMPLOYMENT DURING RETIREMENT

(a) Except as provided in Section A8.511 of this charter and in Subsection (b) of this section, no person retired as a member under Section A8.597 for service or disability and entitled to receive a retirement allowance under the retirement system shall be employed in any capacity by the city and county, nor shall such person receive any payment for services rendered to the city and county after retirement.

- (b)(1) Service as an election officer or juror, or in the preparation for, or giving testimony as an expert witness for or on behalf of the city and county before any court or legislative body shall be affected by the provisions of Subsection (a) of this section.
- (2) The provisions of Subsection (a) shall not prevent such retired person from serving on any board or commission of the city and county and receiving the compensation for such office, provided said compensation does not exceed \$100 per month.
- (3) If such retired person is elected or appointed to a position or office which subjects him or her to membership in the retirement system under Section A8.597, he or she shall re-enter membership under Section A8.597 and his or her retirement allowance shall be cancelled immediately upon his or her re-entry. The provisions of Subsection (a) of this section shall not prevent such person from receiving the compensation for such position or office. The rate of contributions of such member shall be the same as that for other members under Section A8.597. Such member's individual account shall be credited with an amount which is the actuarial equivalent of his or her annuity at the time of his or her re-entry, but the amount thereof shall not exceed the amount of his or her accumulated contributions at the time of his or her retirement. Such member shall also receive credit for his or her service as it was at the time of his or her retirement.
- (c) Notwithstanding any provision of this charter to the contrary, should any person retired for disability engage in a gainful occupation prior to attaining the age of 55 years, the retirement board shall reduce that part of his or her monthly retirement allowance which is provided by contributions of the city and county to an amount which, when added to the amount of the compensation earnable, at the time he or she engages in the gainful occupation, by such person if he or she held the position which he or she held at the time of his or her retirement, or,

if that position has been abolished, the compensation earnable by the member if he or she held the position from which he or she was retired immediately prior to its abolishment.

## A8.597-14 CONFLICTING CHARTER PROVISIONS

Any section or part of any section in this charter, insofar as it should conflict with the provisions of Section A8.597 through A8.597-15 or with any part thereof, shall be superseded by the contents of said sections. In the event that any word, phrase, clause or section of said sections shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

#### *A8.597-15 VESTING*

Notwithstanding any provisions of this charter to the contrary, should any member of the police department who is a member of the Retirement System under Charter Section A8.597 with five years of credited service, cease to be so employed, through any cause other than death or retirement, he or she shall have the right to elect, without right of revocation and within 90 days after termination of said service, to allow his or her accumulated contributions including interest to remain in the retirement fund and to receive a retirement allowance equal to the percent set forth in Section A8.597-2 opposite his or her age at retirement, for each year of service multiplied against the final compensation of said member, calculated at termination, payable beginning no earlier than age 50. No vesting retirement allowance under this section shall exceed ninety (90%) percent of the member's final compensation. The provisions of Section A8.597-15 shall not apply to any members of the retirement system under Section A8.586 who terminated before January 1, 2003 or their continuants.

A8.598 MEMBERS OF THE FIRE DEPARTMENT ON JANUARY 1, 2003 WHO

ARE MEMBERS OF THE RETIREMENT SYSTEM UNDER CHARTER SECTION A8.588, AND

MEMBERS OF THE FIRE DEPARTMENT AFTER JANUARY 1, 2003.

Members of the fire department on January 1, 2003 who are members of the retirement system under Section A8.588, and persons who become members of the fire department, as defined in Section A8.598-1, after January 1, 2003, shall be members of the retirement system subject to the provisions of Sections A8.598 through A8.598-15 (which shall apply only to members under Section A8.598) in addition to the provisions contained in Sections 12.100 to 12.103 and Sections 8.500, 8.510, 8.520 and 8.526 of this charter, notwithstanding the provisions of any other section of this charter, and shall not be subject to any of the provisions of Sections A8.588 of this charter.

The provisions of section A8.598 shall not apply to any member of the retirement system under section A8.588 who separated from service, retired or died before January 1, 2003, or to his or her continuant; provided, however, that the provisions of section A8.598-2 shall apply to the adjustment required in Sections A8.588-3, A8.588-4 and A8.588-5 for a retired member or his or her surviving spouse or continuant when the retired member would not have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years until after January 1, 2003.

### A8.598-1 DEFINITIONS

The following words and phrases as used in this Section, Section A8.598 and Section

A8.598-2 through A8.598-14, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," "death allowance" or "allowance," shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be, and continuing for life unless a different term of payment is definitely provided by the context.

remuneration paid for overtime. Subject to the requirement that it be payable in cash and that

overtime be excluded, "compensation" for pension purposes may be defined in a collective

bargaining agreement.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached at that time to the ranks or positions held by him or her during such period, it being assumed that during any absence, he or she was in the rank or position held by him or her at the beginning of the absence, and that prior to becoming a member of the fire department, he or she was in the rank or position first held by him or her in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit."

<u>"Final compensation" shall mean the average monthly compensation earnable by a</u>

and age requirements in the preceding sentence, shall receive a retirement allowance equal to the percent of final compensation (as defined in Section A8.598-1) set forth below opposite his or her age at retirement, taken to the preceding completed quarter year, for each year of service, as computed under Section A8.598-10:

In no event, however, shall such a retirement allowance exceed ninety (90) percent of a member's final compensation.

## A8.598-3 RETIREMENT FOR INCAPACITY

Any member of the fire department who becomes incapacitated for the performance of his or her duty by reason of any bodily injury received in, or illness caused by the performance of his or her duty, shall be retired. If he or she is not qualified for service retirement, he or she shall receive a retirement allowance in an amount which shall be equal to the same percentage of the

final compensation of said member, as defined in Section A8.598-1, as his or her percentage of disability is determined to be. The percentage of disability shall be as determined by the Workers' Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five affirmative votes, adjust the percentage of disability as determined by said appeals board; and provided, further, that such retirement allowance shall be in an amount not less than 50 percent nor more than 90 percent of the final compensation of said member, as defined in Section A8.598-1. Said allowance shall be paid to him or her until the date upon which said member would have completed at least twentyfive (25) years of service in the aggregate and attained the age of fifty (50) years had he or she lived and rendered service without interruption in the rank held by him or her at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date based on the final compensation, as defined in Section A8.598-1, he or she would have received immediately prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation.

If, at the time of retirement because of disability, he or she is qualified as to age and service for retirement under Section A8.598-2, he or she shall receive an allowance equal to the retirement allowance which he or she would receive if retired under Section A8.598-2, but not less than 50 percent of said final compensation. Any member of the fire department who becomes incapacitated for performance of his or her duty by reason of a cause not included under the provisions of the immediately preceding sentences, and who shall have completed at least 10 years of service in the aggregate, computed as provided in Section A8.598-10, shall be retired upon an allowance of 1-1/2 percent of the final compensation of said member as defined in

Section A8.598-1 for each year of service, provided that said allowance shall not be less than 33-1/3 percent of said final compensation. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the fire commission or by said member or his or her guardian. If his or her disability shall cease, his or her retirement allowance shall cease and he or she shall be restored to the service in the rank he or she occupied at the time of his or her retirement.

# A8.598-4 DEATH ALLOWANCE

If a member of the fire department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his or her duty, a death allowance, in lieu of any allowance, payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his or her surviving spouse throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but he or she had not retired, the allowance payable shall be equal to threefourths of the retirement allowance which the member would have received if he or she had been retired for service on the date of death, but such allowance shall not be less than 50 percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, had he or she lived and rendered service without interruption in the rank held by him or her at death, and after said date the allowance payable shall be equal to three-fourths of the retirement allowance said member would have received if retired for service on said date, based

on the final compensation he or she would have received prior to said date, had he or she lived and rendered service as assumed, but such allowance shall not be less than 50 percent of such final compensation. If he or she had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to three-fourths of the retirement allowance of the member, except that if he or she was a member under Section A8.598 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died.

If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children under the age of 18 years, but leave a child or children, regardless of age, dependent upon him for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving spouse following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

#### A8.598-5 PAYMENT TO SURVIVING DEPENDENTS

Upon the death of a member of the fire department resulting from any cause other than an injury received in, or illness caused by performance of duty,

- (a) if the death occurred after qualification for service retirement under Section

  A8.598-2, or after retirement service or because of disability which result from any cause other

  than an injury received in, or illness caused by performance of duty one-half of the retirement

  allowance to which the member would have been entitled if he or she had retired for service at

  the date of death or one-half of the retirement allowance as it was at his or her death, as the case

  may be, shall be continued through out his or her life or until remarriage to his or her surviving

  spouse, or
- (b) if his or her death occurred after the completion of at least 25 years of service in the aggregate but prior to the attainment of the age of 50 years, one-half of the retirement allowance to which he or she would have been entitled under Section A8.598-2 if he or she had attained the age of 50 years on the date of his or her death shall be continued throughout life or until remarriage to his or her surviving spouse, or
- (c) if his or her death occurred after retirement for disability by reason of injury received in or illness caused by performance of duty, three-fourths of his or her retirement allowance as it was at his or her death shall be continued throughout life or until remarriage to his or her surviving spouse, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date on which said member would have completed at least twenty-five (25) years of service in the aggregate and attained the age of fifty (50) years, in the same manner as it would have been adjusted had the member not died, or

(d) if his or her death occurred after completion of at least 10 years of service in the aggregate, computed as provided in Section A8.598-10, an allowance in an amount equal to the retirement allowance to which the member would have been entitled pursuant to Section A8.598-3 if he or she had retired on the date of death because of incapacity for performance of duty shall be paid throughout life or until remarriage to his or her surviving spouse. If there is no surviving spouse entitled to an allowance hereunder, or if she dies or remarries before every child of such deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had she lived and not remarried shall be paid to his or her child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. Should said member leave no surviving spouse and no children, under age of 18 years, but leave a child or children, regardless of age, dependent upon him or her for support because partially or totally disabled and unable to earn a livelihood or a parent or parents dependent upon him or her for support, the child or children and the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving spouse otherwise would have received, during such dependency. No allowance, however shall be paid under this section to a surviving spouse unless she was married to the member prior to the date of the injury or onset of the illness which results in death if he or she had not retired, or unless she was married to the member at least one year prior to his or her retirement if he or she had retired.

As used in this section and Section A8.598-4 "surviving spouse" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member, but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving spouse, in the event of death of the member after qualification for, but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in Section A8.598-8, in lieu of the allowance which otherwise would be continued to her under this section. If there is no surviving spouse, the guardian of the eligible child or children may make such election, and if there are no such children, the dependent parent or parents may make such election. "Qualified for service retirement," "qualification for service retirement" or "qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under Section A8.598 are subject, shall mean completion of 25 years of service and attainment of age 50, said service to be computed under Section A8.598-10.

## A8.598-6 ADJUSTMENT OF ALLOWANCES

Every retirement or death allowance payable to or on account of any member under

Section A8.598 shall be adjusted in accordance with the provisions of Subsection (b) of Section

A8.526 of this charter.

## A8.598-7 ADJUSTMENT FOR COMPENSATION PAYMENTS

That portion of any allowance payable because of the death or retirement of any member of the fire department which is provided by contributions of the city and county, shall be reduced, by the amount of any benefits other than medical benefits, payable by the city and county to or on account of such person, under any workers' compensation law or any other general law and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in, or illness caused by performance of duty, shall be considered as in lieu of all benefits, other than medical benefits,

payable to or on account of such person under such law and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

## A8.598-8 DEATH BENEFIT

If a member of the fire department shall die, before retirement from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause if no allowance shall be payable under Section A8.598-4 or A8.598-5 preceding, a death benefit shall be paid to his or her estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

## A8.598-9 REFUNDS AND REDEPOSITS

Should any member of the fire department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of the retirement system. If he or she shall again become a member of the department, he or she shall redeposit in the retirement fund the amount refunded to him or her. Should a member of the fire department become an employee of any other office or department, his or her accumulated contribution account shall be adjusted by payments to or from him or her as the case may be to make the accumulated contributions credited to him or her

at the time of change equal to the amount which would have been credited to him or her if he or she had been employed in said other office or department at the rate of compensation received by him or her in the fire department and he or she shall receive credit for service for which said contributions were made, according to the charter section under which his or her membership in the retirement system continues.

## A8.598-10 COMPUTATION OF SERVICE

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

- (a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.
- (b) Time prior to January 1, 2003, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section A8.598-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.
- (c) Time during which said member earned compensation as a paramedic with the fire department or department of public health, provided that the accumulated contributions on

account of such service are transferred to his or her Section A8.598 account or, if previously refunded, are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board. The retirement board shall require that said member execute a waiver so that any paramedic service covered by Section A8.598 is not also covered by other pension provisions in this charter. Members of the fire department on January 1, 2003, who are members of the retirement system under Section A8.598, shall execute and file said waiver on or before June 30, 2003. Persons who become members of the fire department, as defined in Section A8.598-1, after January 1, 2003, shall execute and file said waiver within 90 days after their effective date of membership. Failure to file a timely waiver shall bar any application to have such paramedic service treated as safety service under this subsection.

(d) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his or her account.

### A8.598-11 SOURCES OF FUNDS

All payments provided for members under Section A8.598 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.598 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said

contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.598-8, A8.598-9 and A8.598-10. A member's individual account under Section A8.598 shall include all monies previously credited to the member's account under Section A8.588.

- be necessary, when added to the contributions referred to in Subsection (a) of this Section

  A8.598-11, to provide the benefits payable to members under Section A8.598. Such contributions of the city and county to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.598 in accordance with the provisions of Section A8.510.
- (c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide benefits for members under Section A8.598, shall be a part of the fund in which all other assets of said system are included.
- (d) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with city representatives to implement a cost sharing

arrangement between the city and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the city's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3%@55

benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under section A8.590-1 et seq.

## A8.598-12 RIGHT TO RETIRE

Upon the completion of the years of service set forth in Section A8.598-2 as requisite to retirement, a member of the fire department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.598-2, and, except as provided in the following paragraph, nothing shall deprive said member of said right.

Any member of the fire department convicted of a crime involving moral turpitude

committed in connection with his or her duties as a member of the fire department shall, upon

termination of his or her employment pursuant to the provisions of this charter, forfeit all rights

to any benefits under the retirement system except refund of his or her accumulated contributions;

provided, however, that if such member is qualified for service retirement by reason of service

and age under the provisions of Section A8.598-2, he or she shall have the right to elect, without right of revocation and within 90 days of the termination of his or her employment, whether to withdraw all of his or her accumulated contributions or to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such termination of employment.

### A8.598-13 LIMITATION ON EMPLOYMENT DURING RETIREMENT

- (a) Except as provided in Section A8.511 of this charter and in Subsection (b) of this section, no person retired as a member under Section A8.598 for service or disability and entitled to receive a retirement allowance under the retirement system shall be employed in any capacity by the city and county, nor shall such person receive any payment for services rendered to the city and county after retirement.
- (b)(1) Service as an election officer or juror, or in the preparation for, or giving testimony as an expert witness for or on behalf of the city and county before any court or legislative body shall be affected by the provisions of Subsection (a) of this section.
- (2) The provisions of Subsection (a) shall not prevent such retired person from serving on any board or commission of the city and county and receiving the compensation for such office, provided said compensation does not exceed \$100 per month.
- (3) If such retired person is elected or appointed to a position or office which subjects him or her to membership in the retirement system under Section A8.598, he or she shall re-enter membership under Section A8.598 and his or her retirement allowance shall be cancelled immediately upon his or her re-entry. The provisions of Subsection (a) of this section shall not prevent such person from receiving the compensation for such position or office. The rate of contributions of such member shall be the same as that for other members under Section

A8.598. Such member's individual account shall be credited with an amount which is the actuarial equivalent of his or her annuity at the time of his or her re-entry, but the amount thereof shall not exceed the amount of his or her accumulated contributions at the time of his or her retirement. Such member shall also receive credit for his or her service as it was at the time of his or her retirement.

(c) Notwithstanding any provision of this charter to the contrary, should any person retired for disability engage in a gainful occupation prior to attaining the age of 55 years, the retirement board shall reduce that part of his or her monthly retirement allowance which is provided by contributions of the city and county to an amount which, when added to the amount of the compensation earnable, at the time he or she engages in the gainful occupation, by such person if he or she held the position which he or she held at the time of his or her retirement, or, if that position has been abolished, the compensation earnable by the member if he or she held the position from which he or she was retired immediately prior to its abolishment.

## A8.598-14 CONFLICTING CHARTER PROVISIONS

Any section or part of any section in this charter, insofar as it should conflict with the provisions of Section A8.598 through A8.598-15 or with any part thereof, shall be superseded by the contents of said sections. In the event that any word, phrase, clause or section of said sections shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

#### *A8.598-15 VESTING*

Notwithstanding any provisions of this charter to the contrary, should any member of the fire department who is a member of the Retirement System under Charter Section A8.598 with five years of credited service, cease to be so employed, through any cause other than death or retirement, he or she shall have the right to elect, without right of revocation and within 90 days

after termination of said service, to allow his or her accumulated contributions including interest to remain in the retirement fund and to receive a retirement allowance equal to the percent set forth in Section A8.598-2 opposite his or her age at retirement, for each year of service multiplied against the final compensation of said member, calculated at termination, payable beginning no earlier than age 50. No vesting retirement allowance under this section shall exceed ninety (90%) percent of the member's final compensation. The provisions of Section A8.598-15 shall not apply to any members of the retirement system under Section A8.588 who terminated before January 1, 2003 or their continuants.

# A8.500-1 RECIPROCAL PENSION BENEFITS WITHIN THE RETIREMENT SYSTEM AND WITH OTHER PUBLIC PENSION PLANS

Subject to the provisions of Section 8.500, the board of supervisors shall have the power to enact ordinances to establish reciprocal agreements with the Public Employees' Retirement System and other public agencies maintaining independent retirement systems for the purpose of extending reciprocal benefits to members of such systems as provided by state law. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such agreements.

Subject to the provisions of Section 8.500, the board of supervisors is further empowered to enact ordinances necessary to extend reciprocal rights to members who transfer between retirement plans established by this Charter Sections 8.509, 8.559, 8.584, 8.585, 8.586, 8.588 provided that service under any plan for miscellaneous members Sections 8.509 and 8.584 shall be used for qualification purposes only and not to calculate benefits under any retirement plan for members of the police or fire departments Sections 8.559, 8.585, 8.586 and 8.588. With the exception of those members who transferred pursuant to Charter Sections A8.559-14 and A8.585-14, no ordinance enacted under this section shall extend reciprocal rights to any member who transferred from Charter section A8.559 or A8.585 to Charter section A8.509, A8.584, A8.586 or A8.588, before April 1, 1993. No ordinance enacted under this section shall extend reciprocal rights to any person who terminated his or her membership in the retirement system or retired before April 1, 1993. Subject to the above, reciprocal benefits under this paragraph shall be consistent with interpretations that have been made relative to the reciprocal benefit provisions of the Public Employees' Retirement System and 1937 County Employees' Retirement Act which this paragraph is intended to implement. The reciprocal benefits under this section will be limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time, and no reciprocal benefits will be effective if they have an adverse impact on the tax qualified status of

the retirement system under Section 401 of the Internal Revenue Code of 1986, as amended from time to time. (Amended November 1999)
