Hearing about Fire Investigations and Fire, Building and Health Code Enforcement in the Mission

The text is listed below or attached:

This hearing is to examine the status of fire investigations by the Fire Department, specifically the current status of the over 300 backlogged investigations, and what the Department is doing to address this situation. I would also like a status report by the Fire Department on the Fire that took place at 29th and Mission on Saturday June 18, 2016.

Finally I would also like an update on code enforcement efforts in the Mission district. I would like the Fire, Building Inspections and Health departments to participate in this hearing to provide data on their enforcement efforts in the Mission, in the context of fire safety and prevention.

I kindly request that this be sent to the Neighborhood Services and Safety Committee.
