Hi Alberto - Thanks for taking my call and explaining the steps through this process. I've cc'd my brother/business partner, Shawn, on this email as well.

Here is the general information about the project:

Location: 2200B Market Street

License: Type 42 ABC - Beer/Wine Bar (emphasis on beer)

Hours of Operation: 3pm-2am M-Su

Capacity: 117

Concept: Beer-centric beer and wine arcade bar

10 arcade game units (to increase to 24 once legislation is passed to remove 10 game limitation)

Relationship with neighbor Bandidos to offer small snacks to our patrons

1) LOCAL SUPERVISOR SUPPORT

Scott Weiner amended legislation that allows Upper Market district establishments to have up to 10 games in house. We were just informed of this resolution last Friday. The next step is to get legislation amended to allow us to have more than 10 games. They have told us that it can take at least 6 months for this to happen but they are working on it. RESOLUTION ATTACHED

Please see attached link that states Scott Weiner is backing up this initiative to get this restriction removed city-wide.

2) PROOF OF COMMUNITY OUTREACH

a) We have presented to the following neighborhood groups: Castro Merchant, EVNA, CBD, DTNA

Castro Merchants - sending letter of support to our planner (will forward you copy once completed)

The remaining 3 did not display opposition to the project. I reached out to each stating if they do plan to write a letter of support to send to our planner by 5/22/14. If letters are issued, I will forward to you as well.

b) Testimonials from Blackbird neighbors (2124 Market Street) that have stated how Shawn proactively remediates noise control issues at his current business. LETTERS ATTACHED

c) Holding a neighborhood meeting in early May to address neighborhood concerns before our CU meeting on 6/5/14.

3) BUSINESS CONCEPT

I've attached the business concept and space rendering. PPT ATTACHED

4) ON SITE MEETING

Our availability is Tuesday 4/29 or Thursday 5/1 any time between 10am until 4pm.

Please let me know if you have any additional questions.

What is it?

Handcrafted beers and arcade games. Project 22 is the new playground for a San Francisco generation: Video games and beers in an industrial urban atmosphere, kind of like that city place your parents thought would ruin your life, but was actually the reason you became who you are today.

It fits with a nod to the past.

Project 22 has a distinct personality. Vintage industrial furnishings and video games with a jukebox playing old-school jams from the 80s on will set the tone. The Market St. wall of windows surrounds the front lounge area with a clear view of the bar with an oversized projection TV above. The bar is filled with comfortable, relaxing, casual pub tables and stools, like an old-fashioned shoe-shine stand or barber shop. It is a nice place to stop and enjoy the games. Long bar tables in the back are perfect seating to watch the gaming action and make sure you are still the top scorer.

Project 22 is designed by C. Walker Design. Craig Walker, the principal designer, is responsible for the design of Project 22's sister bar, Blackbird at 2124 Market St., in addition to other Castro hotspots, such as Hi Topz, Felts, The Edge, and Midnight Sun.

There's something about being an adult and playing video games that's even better than when you did it as a kid. Text your friends, queue up a song on the jukebox and grab a pitcher of beer. Let's play at Project 22.

EXHIBIT A

AUTHORIZATION

This authorization is for a conditional use to allow an Arcade Bar (d.b.a. Project 22) located at 2200B Market Street, Block 3560, and Lot 054 pursuant to Planning Code Section(s) 303, 733.41 and 733.48 within the Upper Market Street Neighborhood Commercial Transit District and a 40-X and 60/65-X Height and Bulk District and subject to conditions of approval reviewed and approved by the Commission on June 12, 2014 under Motion No. 19171. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

RECORDATION OF CONDITIONS OF APPROVAL

Prior to the issuance of the building permit or commencement of use for the project, the Zoning Administrator shall approve and order the recordation of a Notice in the Official Records of the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on June 12, 2014 under Motion No. 19171.

PRINTING OF CONDITIONS OF APPROVAL ON PLANS

The conditions of approval under the 'Exhibit A' of this Planning Commission Motion No. 19171 shall be reproduced on the Index Sheet of construction plans submitted with the Site or Building Permit application for the Project. The Index Sheet of the construction plans shall reference to the Conditional Use authorization and any subsequent amendments or modifications.

SEVERABILITY

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. "Project Sponsor" shall include any subsequent responsible party.

CHANGES AND MODIFICATIONS

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use authorization.

Conditions of Approval, Compliance, Monitoring, and Reporting

PERFORMANCE

1. **Validity and Expiration.** The authorization and right vested by virtue of this action is valid for three (3) years from the effective date of the Motion. A building permit from the Department of Building Inspection to construct the project and/or commence the approved use must be issued as this Conditional Use authorization is only an approval of the proposed project and conveys no

independent right to construct the project or to commence the approved use. The Planning Commission may, in a public hearing, consider the revocation of the approvals granted if a site or building permit has not been obtained within three (3) years of the date of the Motion approving the Project. Once a site or building permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. The Commission may also consider revoking the approvals if a permit for the Project has been issued but is allowed to expire and more than three (3) years have passed since the Motion was approved.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

2. **Extension.** This authorization may be extended at the discretion of the Zoning Administrator only where failure to issue a permit by the Department of Building Inspection to perform said tenant improvements is caused by a delay by a local, State or Federal agency or by any appeal of the issuance of such permit(s).

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

DESIGN – COMPLIANCE AT PLAN STAGE

3. **Garbage, composting and recycling storage.** Space for the collection and storage of garbage, composting, and recycling shall be provided within enclosed areas on the property and clearly labeled and illustrated on the building permit plans. Space for the collection and storage of recyclable and compostable materials that meets the size, location, accessibility and other standards specified by the San Francisco Recycling Program shall be provided at the ground level of the buildings.

For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org

4. **Odor Control Unit.** In order to ensure any significant noxious or offensive odors are prevented from escaping the premises once the project is operational, the building permit application to implement the project shall include air cleaning or odor control equipment details and manufacturer specifications on the plans. Odor control ducting shall not be applied to the primary façade of the building.

For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org

MONITORING - AFTER ENTITLEMENT

5. **Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

6. **Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

OPERATION

7. **Garbage, Recycling, and Composting Receptacles.** Garbage, recycling, and compost containers shall be kept within the premises and hidden from public view, and placed outside only when being serviced by the disposal company. Trash shall be contained and disposed of pursuant to garbage and recycling receptacles guidelines set forth by the Department of Public Works.

For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works at 415-554-5810, <http://sfdpw.org>

For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works, 415-695-2017, <http://sfdpw.org>

9. **Noise Control.** The premises shall be adequately soundproofed or insulated for noise and operated so that incidental noise shall not be audible beyond the premises or in other sections of the building and fixed-source equipment noise shall not exceed the decibel levels specified in the San Francisco Noise Control Ordinance.

11. **Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator shall be made aware of such a change. The community liaison shall report to the Zoning Administrator what issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

RECEIVED
BOARD OF SUPERVISORS
SAN FRANCISCO

April 22, 2014

2014 APR 24 PM 2:37

Dear Derek Evans:

I would like to request for a public convenience and necessity hearing for our new project located at 2200B Market Street. Please see list of key information below:

Business Name: TBD

Address: 2200B Market Street San Francisco, CA 94114

Mailing Address: 2124 Market Street San Francisco, CA 94114

License Type: Type 42 Beer/Wine (new license)

Business Hours: 3-2am M-Su

It is anticipated that well over 500 residential units will be built within a 3 mile radius. The neighborhood needs to offer more restaurants and nightlife to satisfy the demands of the growing community and to prevent overcapacity at the existing establishments. Over crowding will lead to deteriorating customer experiences in established businesses, which could hurt the neighborhood in the long run. With new businesses sprouting up, it will entice locals and tourists to come check out the new places as well as revisit the charm of existing establishments. New retail shops, coffee shops, etc. will bring new foot traffic in to the community allowing them to possibly discover places they have never visited before and will offer much-needed support to some already struggling retail businesses as well. Creating a comfortable array of choices will not only help support the current small business community, but create a renewed interest in the neighborhood. Business owners looking for prospective locations may want to bring their concepts to the neighborhood and rent out one of the many shuttered storefronts we now see throughout the Castro. An influx of cutting edge, inventive concepts in to the neighborhood will shed light on an area that has recently been out shined by other parts of San Francisco.

I look forward to hearing back from you and working together on the next steps. Please let me know if you have any questions.

Regards,

Tiffany Vergara Chung
