Item 14 File 25-0514	Department: Human Services Agency (HSA)
EXECUTIVE SUMMARY	
Legislative Objectives - The proposed resolution would approve the first amendment to the grant between HSA and Institute on Aging for the provision of the Community Living Fund (CLF) program, increasing the not to exceed amount by \$16,216,128 for a total not to exceed \$27,630,868, and extending the term by two years through June 30, 2027. Key Points - The CLF was established in 2006 by the Board of Supervisors and is funded by annual General Fund appropriations and federal funds issued by the State. Administered by the HSA through the Department of Disability and Aging Services, the program assists eligible lower income San Francisco residents transition out of hospitals or care facilities so they can live independently. In June 2023, the Board of Supervisors approved a grant between HSA and the Institute on Aging for the provision of the Community Living Fund program in the amount of \$11,414,740 for a two-year term from July 1, 2023 through June 30, 2025. - Under the proposed amendment, the Institute on Aging will continue to provide case management and purchase of goods and services for older adults and adults with disabilities who are currently in or at risk of being institutionalized, administer the Public Guardian Housing Fund program, and provide an Enhanced Care Management program for San Francisco Health Plan members. The proposed amendment updates the scope of services to include the provision of the Community Supports program for San Francisco Health Plan members to find and pay for housing. - According to the FY 2024-25 program monitoring report, Institute on Aging met or exceeded most service objectives. Data for two of the outcome objectives was not available at the time of program monitoring because of a database transition but will be reported on FY 2025-26. Fiscal Impact - When factoring the actual expenditures for FY 2023-24 (which were less than budgeted), projected remaining spending, and a contingency, we estimate that HSA will spend \$25,676,683 on this grant. This is \$1,954,185 less than the Department is seeking. - The grant is funded approximately 80 percent by the City's General Fund and approximately 20 percent by federal funds. The grant funds a total of 14.19 FTE program staff for the CLF program and 0.35 FTE for the Public Guardian Housing Fund program. Recommendations - Amend the proposed resolution to reduce the not to exceed amount from \$27,630,868 to \$25,676,683. - Approve the proposed resolution, as amended.	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND**Community Living Fund**

The Community Living Fund (CLF) was established in 2006 by the Board of Supervisors (File 06-0793) and is funded by annual General Fund appropriations and federal funds issued by the State. Administered by the Human Services Agency (HSA) through the Department of Disability and Aging Services (DAS), the CLF program assists eligible lower income San Francisco residents transition out of hospitals or care facilities so they can live independently and prevents unnecessary institutionalization for individuals living the community. As specified in Section 10.100-12 of the San Francisco Administrative Code, appropriations to the fund may only be used for DAS programming related to community placement alternatives.

Existing Grant

In June 2023, the Board of Supervisors approved a grant between HSA and the Institute on Aging for the provision of the Community Living Fund program in the amount of \$11,414,740 for a two-year term¹ from July 1, 2023 through June 30, 2025 (File 23-0407). Under the terms of the RFP, the total grant duration was for four years.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve the first amendment to the grant between HSA and Institute on Aging for the provision of the CLF program, increasing the not to exceed amount by \$16,216,128 for a total not to exceed \$27,630,868 and extending the term by two years for a total four-year term from July 1, 2023 through June 30, 2027. The resolution also authorizes HSA to make further immaterial amendments to the contract.

Services and Client Eligibility

Under the proposed amendment, the Institute on Aging will continue to provide the following services as part of the CLF program:

¹ The Board amended the original resolution and approved a two-year grant in 2023 (although a four-year grant was requested). HSA had fully spent the FY 2021-22 budget despite only serving 50 percent of the target number of clients. According to HSA, the decrease in clients served in FY 2021-22 was driven by the impact of COVID-19 and paused discharges from Laguna Honda Hospital. HSA experienced a reduction in program referrals during this same period compared to previous years. According to HSA, the average monthly purchase of services cost per client rose by \$370 (14 percent) from the prior year, primarily in increased costs for home care and assisted living subsidies. In addition, grant funds were used to upgrade a data system, as well as higher indirect costs for that year.

- Case management and purchase of goods and services (deemed necessary by assessment) for older adults and adults with disabilities who are currently in or at risk of being institutionalized. Examples of goods and services that can be purchased through the CLF program include home care, transportation, assistive devices, home modifications, and translation services.
- Administration of the Public Guardian Housing Fund program. This program provides support to Public Guardian clients through monthly approval and administration of housing subsidies, coordinated case management, in-person visits, and other activities. Allowable purchases through the Public Guardian Housing Fund include (1) monthly subsidies (up to 100 percent) for a licensed assisted living facility, supportive housing, or similar, and (2) move-related costs and purchases (such as security deposits, furniture, etc.).
- Provision of the Enhanced Care Management (ECM) program through the California Advancing and Innovating Medi-Cal (CalAIM) initiative for San Francisco Health Plan (SFHP) members. These services are designed to help individuals with complex health and social needs living in the community at risk of institutionalization or transitioning from living in a nursing facility to the community. ECM services include client outreach, assessment and development of care plans, coordination of medical and non-medical services, provision of health education, client support during transitions such as hospital discharges, care navigation support, and client referral to community and social support resources.

In addition, the proposed amendment updates the scope of services to include the following as part of the CLF program:

- Provision of the Community Supports program through the CalAIM initiative for SFHP members. Clients in this program must be eligible for and enrolled in the Enhanced Case Management program. This program helps eligible San Francisco Health Plan members (1) transition from a licensed facility to living in a private residence, and (2) transition from a nursing facility or at risk of being placed in such a facility to living in an assisted living facility. Services include housing needs assessments, assistance in locating and securing housing or facility placement, assessment of eligibility for the Assisted Living Waiver² and assistance with placement, and other activities.

Under the proposed amendment, Institute on Aging must continue to annually serve approximately 375 total unduplicated clients in the CLF program. Institute on Aging will also annually serve approximately 30 total unduplicated clients in the Community Supports program and serve at least six new clients in the Public Guardian Housing Fund program.

Eligible CLF program recipients must be San Francisco residents, age 18 or older, institutionalized or at risk of being institutionalized, willing and able to live in the community with appropriate supports, and at an income level up to 300 percent of federal poverty plus assets up to \$130,000

² An assisted living waiver program is a Medicaid program that allows individuals to receive long-term care services in an assisted living facility or home and community-based setting, instead of a nursing home, while still receiving Medicaid benefits

for case management services (or assets up to \$6,000 for individuals with only purchase of service needs). Priority is given to patients of Laguna Honda and Zuckerberg San Francisco General Hospital, patients at other San Francisco acute care hospitals and skilled nursing facilities, nursing home eligible individuals on the Laguna Honda Hospital waiting list, and individuals who are at imminent risk for nursing home or institutional placement.

Subcontractors

The contract also provides funding to three subcontractors that provide case management services to clients: (1) Catholic Charities for \$157,832 annually; (2) Self-Help for the Elderly for \$172,014 annually; and (3) Conard House for \$130,115 annually.

Performance and Fiscal Monitoring

FY 2024-25 Performance

HSA staff completed program monitoring on the Institute on Aging grant for FY 2024-25 in July 2025. Based on the monitoring, Institute on Aging was found in compliance with the terms of the contract, and no corrective action was needed.

As reflected in Exhibit 1 below, the FY 2024-25 program monitoring report showed that Institute on Aging met or exceeded most service objectives. The organization served a total of 391 unduplicated clients, which exceeded the service objective goal of 375 unduplicated clients. Institute on Aging also enrolled 27 non-ECM clients, which was below the service objective goal of 55; however, the organization exceeded the objective goal for the total number of new clients enrolled.

Data for two of the outcome objectives was not available at the time of program monitoring because of a database transition for the launch of ECM.³ According to HSA, a new data management system was implemented to document ECM services and claims and incorporate new Community Supports program services and claims, while an existing data system tracked other CLF program clients and services, therefore limiting reporting functionality. HSA states that the two data systems will be consolidated in FY 2025-26, and these objectives will be tracked and reported on for FY 2025-26. In addition, according to a client satisfaction survey completed in May 2025, 83 percent of clients believed that CLF services helped maintain or improve their quality of life, which is somewhat below the outcome objective goal of 90 percent.

³ According to the FY 2022-23 program monitoring report, Institute on Aging exceeded the outcome goal for percentage of clients who are being discharged from Laguna Honda Hospital at the time of enrollment and community living for at least six months (93 percent) but did not meet the outcome goal for percentage of care plan problems resolved, on average, after one year of enrollment in CLF program (53 percent) due to challenges related to the high needs of clients receiving intensive case management. Data was not available for these two outcome objectives in the FY 2023-24 program monitoring report due to the database transition.

Objective	Target	Performance

Proposed Service and Outcome Objectives

The proposed amendment maintains the existing service objective to serve a total of 375 unduplicated clients.⁴ The amendment adds an additional service objective that Institute on Aging annually serve approximately 30 total unduplicated clients in the Community Supports program, as well as modifies the service requirements on new client enrollments. The service objectives under the proposed amendment are detailed below:

- Serve a total of 375 unduplicated clients;
- Enroll a total of 175 new clients (150 ECM clients, 25 traditional CLF Program clients);
- Serve a total of 30 unduplicated Community Supports program clients (10 Community Transition clients and 20 Nursing Facility Transition/Diversion clients); and
- Serve a total of six (6) clients for Public Guardian Housing Fund services.

In addition, the proposed amendment updates the outcome objectives to include the following:

- At least 85 percent of clients experience one or fewer unplanned admissions to an acute care hospital within a six-month period;

⁴ According to HSA, the service goal remains the same despite the addition of the Community Supports program component because some clients are receiving both ECM and Community Support services, which may not lead to a higher unduplicated client count. As previously mentioned, clients in the Community Supports program must be enrolled in the ECM program.

- At least 70 percent of clients achieve their annual care plan goals within one year of enrollment in the program; and
- At least 85 percent of clients feel they are treated with respect by program staff.

Fiscal and Compliance Monitoring

HSA staff reviewed Institute on Aging's financial documents in June 2025 as part of the FY 2024-25 Citywide Fiscal and Compliance Monitoring program and identified no findings.

FISCAL IMPACT

The proposed first amendment would increase the not-to-exceed amount of the Institute on Aging grant by \$16,216,128, for a total not to exceed \$27,630,868. The budgeted sources and uses of the grant from FY 2023-24 through FY 2026-27 are summarized in Exhibit 2 below.

Source: Appendix B of Proposed Amendment

Salaries and fringe benefits funded by the grant are for a total of 14.19 FTE program staff for the CLF program and 0.35 FTE for the Public Guardian Housing Fund program. For FY 2025-26 and FY 2026-27, operating expenses for each year for the CLF program reflect approximately 10 to 11 percent of the total budget and include costs such as rent, staff travel, subcontractors, web hosting and user fee, technology equipment, translation services, and other expenses.

⁵ This refers to an administrative fee that was established with Institute on Aging for managing the subcontractors.

⁶ This funds the start-up development and customization of the data system used to document and track ECM and Community Support Services client and programmatic data

Expenses for the purchase of goods and services in the CLF program increase by approximately \$1.5 million from FY 2024-25 to FY 2025-26. According to HSA, this will fund six additional CLF program clients in need of on-going assisted living subsidies (an estimated \$27,000 per month), as well as upfront expenses⁷ for approximately 30 Community Supports clients before reimbursements are received from SFHP. According to HSA, revenue from claims submitted to SFHP will be used to offset the General Fund.

The not-to-exceed amount includes a 10 percent contingency to account for escalation and/or expansions of programs. The contingency is calculated based on the four-year budget. The contingency amount of \$2.5 million provides an 18 percent contingency on the remaining two years. We recommend that the contingency amount be reduced to \$1,432,780 to reflect 10 percent of the remaining two-year budget. The grant is funded approximately 80 percent by the City's General Fund and approximately 20 percent by federal funds.

Actual Spending

According to HSA, spending was below budget in FY 2023-24 of the grant agreement, with Institute on Aging spending approximately 84 percent, or \$4.4 million of the total budget of \$5.3 million. HSA states this was driven by staffing vacancies and underspending in operating expenses and purchases of goods and services. As of April 2025, invoiced expenditures were 71 percent of the budget in FY 2024-25, or \$3.9 million out of \$5.5 million. Assuming Institute on Aging fully spends the FY 2024-25 grant budget of \$5.5 million, plus actual and proposed spending on the grant, we expect the total grant authority needed to extend the agreement to be \$25,676,683 (which includes the reduced contingency amount). Therefore, we recommend HSA reduce the not to exceed amount of the grant by \$1,954,185 from \$27,630,868 to \$25,676,683 and the Board of Supervisors amend the resolution to reflect a new not to exceed amount of \$25,676,683.

RECOMMENDATIONS

1. Amend the proposed resolution to reduce the not to exceed amount from \$27,630,868 to \$25,676,683.
2. Approve the proposed resolution, as amended.

⁷ This includes the purchase of goods and services, Nursing Facility Transition (NFT) service fees that fund the cost of services provided by assisted living facilities (such as assistance with Instrumental Activities of Daily Living like eating, bathing, dressing, meal preparation, and other activities), and NFT admin fees.

Appendix A-1: Services to be Provided
Institute on Aging
Community Living Fund Program
Effective July 1, 2023 to June 30, 2027

I. Purpose of the Grant

The San Francisco Administrative Code, Section 10.100-12, created an Aging and Adult Services Community Living Fund (CLF) to support aging in place and community placement alternatives to institutionalization. The Fund is administered by the Department of Disability and Aging Services (DAS). The purpose of this grant is to provide services through the CLF.

The Community Living Fund Program (CLFP) is designed to implement and fulfill the purpose of the CLF, aiming to (1) prevent unnecessary institutionalization for individuals living in the community and (2) support the transition of individuals from skilled nursing facilities back into the community. It supports older adults and adults with disabilities with the resources, services, and care coordination needed to live in the community. The program includes a two-pronged approach: (1) coordinated case management and (2) purchase of services.

The goals of CLFP are as follows.

- A. Enable eligible older adults and adults with disabilities to remain living safely in their own homes and communities for as long as possible.
- B. Provide financial support for home- and community-based long-term care and supportive services beyond existing provisions.
- C. Offer flexible funding to create “wrap-around” services that provide essential community-based assistance, care, and support.
- D. Facilitate the development of service delivery models that strengthen the community-based long-term care systems and workforce.
- E. Expand, not supplant, the existing funding, to fill funding gaps until new sources of financial support for community-based long-term care services can be secured through federal Medicaid waivers and/or other means.

II. Definitions

Adult with a Disability	A person 18-59 years of age living with a disability

Assisted Living Waiver	An assisted living waiver program is a state-specific Medicaid program that allows individuals to receive long-term care services in an assisted living facility or home and community-based setting, instead of a nursing home, while still receiving Medicaid benefits. These programs are funded by both federal and state funds and are designed to provide a more person-centered and cost-effective alternative to traditional nursing home care.
At Risk of Institutionalization	To be considered at risk of institutionalization, a person must have, at a minimum, one of the following: 1) functional impairment in a minimum of two Activities of Daily Living (ADL): eating, dressing, transferring, bathing, toileting, and grooming; or 2) a medical condition to the extent requiring the level of care that would be provided in a nursing facility; or 3) be unable to manage his/her own affairs due to emotional and/or cognitive impairment, evidenced by functional impairment in a minimum of three Instrumental Activities of Daily Living (IADLs): preparing meals, managing money, shopping for groceries or personal items, performing housework, using a telephone

Community Living Fund Program	Funded by CLF, the Community Living Fund Program (CLFP) provides home- and community-based services, or a combination of goods and services, that will help those who are currently institutionalized to return to community living, or those at risk of institutionalization to continue living in their homes. This program, using a two-pronged approach of coordinated case management and purchased services, provides the needed resources, not available through any other mechanism, to vulnerable older adults and adults with disabilities.

V. Description of Service Components

A. Traditional CLFP Service Component

1. Case Management

The Grantee provides varying levels of case management services, including intensive case management and moderate to minimal assistance. This flexible approach allows services to be tailored to individual needs, ensuring stabilization and preventing premature hospitalization and/or institutionalization.

Levels of case management are defined as below:

- a. Intensive case management supports individuals with complex medical, cognitive, behavioral, and psychological needs who require the highest level of care, supervision, and access to ongoing resources and services. This critical support is designed for individuals with chronic and acute conditions, ensuring comprehensive coordination and access to a full spectrum of social, behavioral, mental health, and medical services.
- b. Moderate case management assists individuals who require minimal to moderate support and access to one-time resources and services. Designed for more stable clients with specific needs, this level of care provides targeted interventions to promote stabilization and prevent hospitalization or nursing home placement.

2. Purchase of Services

CLFP provides a range of service options, varying levels of care, housing, and supportive services. These services must be deemed necessary by a CLFP Case Manager, and the funds are only used as the last resort, when all other payment options for that service have been exhausted. Purchased services supplement existing resources to ensure that each client receives a comprehensive and appropriate array of services necessary for community living.

B. PG Housing Fund Service Component

The CLFP supports the PG Housing Fund initiative by administering housing funds for PG clients who meet the traditional CLFP eligibility criteria. The PG office provides support through in-person visits, coordinated case management, monthly approval of the housing subsidies, and other activities to ensure equitable access to and appropriate use of the fund.

Allowable purchases through the PG Housing Fund are as follows.

1. Supplemental monthly subsidies (up to 100% as appropriate) for a licensed assisted Living Facility, supportive housing, or similar arrangements
2. Move-related expenses such as security deposits, moving boxes, transportation for the move, care provider hours for packing and unpacking belongings, furniture, or similar purchases

C. DAS ECM Service Component

This grant agreement includes DAS ECM program through the CalAIM state initiative for members of the SFHP. ECM services are designed to provide comprehensive, coordinated care for individuals with complex health and social needs to improve health outcomes and reduce unnecessary hospitalizations. ECM is delivered through a collaborative, team-based approach, ensuring clients receive holistic and personalized support.

The program targets individuals living in the community at risk of institutionalization as well as nursing facility residents transitioning to the community. These two populations of focus align with those of the traditional CLFP component.

ECM includes seven (7) core services: outreach and engagement, comprehensive assessment and care management plan, enhanced coordination of care, health promotion/education, transitional care services, client and family support, as well as coordination of and referral to community and social support services.

D. DAS CS Service Component

The Grantee also provides services for DAS CS program through CalAIM initiative for members of SFHP. DAS ECM clients will be referred to the DAS CS program if deemed eligible. A client referred to the DAS CS program must also be eligible for and enrolled in the DAS ECM program. DAS CS program includes the following two types of services.

1. Community Transition Services / Nursing Facility Transition to a Home

This area of CS services is defined as non-recurring set-up expenses for individuals who are transitioning from a licensed facility to a living arrangement in a private residence. Allowable expenses cover the following services.

- a. Assessing clients' housing needs and presenting options
- b. Assisting in searching for and securing housing, including the completion of housing applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history)
- c. Communicating with landlord (if applicable) and coordinating the move

- d. Establishing procedures and contacts to retain housing
- e. Identifying, coordinating, securing, or funding non-emergency, non-medical transportation to options prior to transition and on move-in day
- f. Identifying the need for and coordinating funding for environmental modifications to install necessary accommodations for accessibility

2. Nursing Facility Transition/Diversion to Assisted Living Facilities Services

The goal of this area of CS services is to assist individuals who are in nursing facilities or at risk of being placed in such facilities to transition or divert them to assisted living settings.

In addition to the services available at the Assisted Living Facility, this service component includes the following services.

- a. Assess clients' housing needs and present options.
- b. Assess the service needs of the client to determine if enhanced onsite services are needed.
- c. Assist with securing a facility residence, including the completion of facility applications and securing required documentation (e.g., Social Security card, birth certificate, prior rental history, client acknowledgement of paying the room and board portion of the facility rate).
- d. Communicate with facility administration and coordinate the move.
- e. Establish procedures and contacts to retain facility housing.
- f. Conduct outreach to the referred client for the approved Community Supports upon receiving the referral and begin providing services. The Grantee shall initiate outreach within 24 hours of assignment, if applicable.
- g. Coordinate with other providers in the client's care team, including DAS and SFHP if needed.
- h. Assess eligibility for the Assisted Living Waiver (ALW) and assist with required assessments and ALW placement, if approved. If ALW placement occurs out of the San Francisco County, the client may be disenrolled from SFHP and enroll with another Medi-Cal plan in the area. The Community Supports provider will work with SFHP and the new Medi-Cal plan to ensure continuity of care.

Allowable expenses for this service area are those necessary to enable a person to establish a community facility residence (except room and board). Clients are required to pay for room and board. The required client contribution will be based on their income and will align with the state's individual contribution requirements under the ALW, which is adjusted annually.

If City disapproves any element of the Grant Plan as implemented, or requires any change to it, Grantee shall immediately eliminate the disapproved portions and make the required changes. If City disapproves any materials, activities or services provided by third parties, Grantee shall immediately cease using the materials and terminate the activities or services and shall, at City's request, require that Grantee obtain the return of materials from recipients or deliver such materials to City or destroy them.

(e) City has the right to monitor from time to time the administration by Grantee or any of its subcontractors of any programs or other work, including, without limitation, educational programs or trainings, funded in whole or part by the Grant Funds, to ensure that Grantee is performing such element of the Grant Plan, or causing such element of the Grant Plan to be performed, consistent with the terms and conditions of this Agreement.

(f) Grantee shall acknowledge City's funding under this Agreement in all Publications. Such acknowledgment shall conspicuously state that the activities are sponsored in whole or in part through a grant from the Department. Except as set forth in this subsection, Grantee shall not use the name of the Department or City (as a reference to the municipal corporation as opposed to location) in any Publication without prior written approval of City.

ARTICLE 5 USE AND DISBURSEMENT OF GRANT FUNDS

5.1 Maximum Amount of Grant Funds.

The amount of the Grant Funds disbursed hereunder shall not exceed **Ten Million, Three Hundred Seventy-Seven Thousand Thirty-Six Dollars (\$10,377,036)** for the period **from July 1, 2023 to June 30, 2025, plus any contingent amount authorized by City and certified as available by the Controller.**

Contingent amount: Up to **One Million, Thirty-Seven Thousand Seven Hundred Four Dollars (\$1,037,704)** may be available, in the City's sole discretion as a contingency but only subject to written authorization by the City and if monies are certified as available by the Controller.

The maximum amount of Grant Funds disbursed hereunder shall not exceed **Eleven Million, Four Hundred Fourteen Thousand Seven Hundred Forty Dollars (\$11,414,740)** for the period from **July 1, 2023 to June 30, 2025.**

Grantee understands that the maximum amount of Grant Funds disbursement identified above in Section 5.1 of this Agreement, includes the amount shown as the contingent amount and may not to be used in Program Budget(s) attached to this Agreement as Appendix B, and is not available to Grantee without a written revision to the Program Budgets of Appendix B approved by Agency. Grantee further understands that no payment of any portion of this contingency amount will be made unless and until such funds are certified as available by Controller. Grantee agrees to fully comply with these laws, regulations, and policies and procedures.

5.2 Use of Grant Funds. Grantee shall use the Grant Funds only for Eligible Expenses as set forth in Appendix A and for no other purpose. Grantee shall expend the Grant Funds in accordance with the Budget and shall obtain the prior approval of City before transferring expenditures from one line item to another within the Budget.

5.3 Disbursement Procedures. Grant Funds shall be disbursed to Grantee as follows:

(a) Grantee shall submit to the Department for approval, in the manner specified for notices pursuant to Article 15, a document (a "Funding Request") substantially in the form attached as Appendix C. Any unapproved Funding Requests shall be returned by the Department to Grantee with a brief explanation why the Funding Request was rejected. If any such rejection relates only to a portion of Eligible Expenses itemized in a Funding Request, the Department shall have no obligation to disburse any Grant Funds for any other Eligible Expenses itemized in such Funding Request unless and until Grantee submits a Funding Request that is in all respects acceptable to the Department.

(b) The Department shall make all disbursements of Grant Funds pursuant to this Section through electronic payment or by check payable to Grantee sent via U.S. mail in accordance with Article 15, unless the Department otherwise agrees in writing, in its sole discretion. For electronic payment, City vendors receiving new contracts, contract renewals, or contract extensions must sign up to receive electronic payments through the City's Automated Clearing House (ACH) payments service/provider. Electronic payments are processed every business day and are safe and secure. To sign up for electronic payments, visit www.sfgov.org/ach. The Department shall make disbursements of Grant Funds no more than once during each MONTH.

ARTICLE 6 REPORTING REQUIREMENTS; AUDITS; PENALTIES FOR FALSE CLAIMS

6.1 Regular Reports. Grantee shall provide, in a prompt and timely manner, financial, operational and other reports, as requested by the Department, in form and substance satisfactory to the Department. Such reports, including any copies, shall be submitted on recycled paper and printed on double-sided pages, to the maximum extent possible.

6.2 Organizational Documents. If requested by City, Grantee shall provide to City the names of its current officers and directors and certified copies of its Articles of Incorporation and Bylaws as well as satisfactory evidence of the valid nonprofit status described in Section 8.1.

6.3 Notification of Defaults or Changes in Circumstances. Grantee shall notify City immediately of (a) any Event of Default or event that, with the passage of time, would constitute an Event of Default; and (b) any change of circumstances that would cause any of the representations and warranties contained in Article 8 to be false or misleading at any time during the term of this Agreement.

6.4 Financial Statements. Pursuant to San Francisco Administrative Code Section 67.32 and Controller requirements, if requested, within sixty (60) days following the end of each Fiscal Year, Grantee shall deliver to City an unaudited balance sheet and the related statement of income and cash flows for such Fiscal Year, all in reasonable detail acceptable to City, certified by an appropriate financial officer of Grantee as accurately presenting the financial position of Grantee. If requested by City, Grantee shall also deliver to City, no later than one hundred twenty (120) days following the end of any Fiscal Year, an audited balance sheet and the related statement of income and cash flows for such Fiscal Year, certified by a reputable accounting firm as accurately presenting the financial position of Grantee.

6.5 Books and Records. Grantee shall establish and maintain accurate files and records of all aspects of the Grant Plan and the matters funded in whole or in part with Grant Funds during the term of this Agreement. Without limiting the scope of the foregoing, Grantee shall establish and maintain accurate

financial books and accounting records relating to Eligible Expenses incurred and Grant Funds received and expended under this Agreement, together with all invoices, documents, payrolls, time records and other data related to the matters covered by this Agreement, whether funded in whole or in part with Grant Funds. Grantee shall maintain all of the files, records, books, invoices, documents, payrolls and other data required to be maintained under this Section in a readily accessible location and condition for a period of not less than five (5) years after final payment under this Agreement or until any final audit has been fully completed, whichever is later.

6.6 Inspection and Audit. Grantee shall make available to City, its employees and authorized representatives, during regular business hours all of the files, records, books, invoices, documents, payrolls and other data required to be established and maintained by Grantee under Section 6.5. Grantee shall permit City, its employees and authorized representatives to inspect, audit, examine and make excerpts and transcripts from any of the foregoing. The rights of City pursuant to this Section shall remain in effect so long as Grantee has the obligation to maintain such files, records, books, invoices, documents, payrolls and other data under this Article 6.

6.7 Submitting False Claims Grantee shall at all times deal in good faith with the City, shall only submit a Funding Request to the City upon a good faith and honest determination that the funds sought are for Eligible Expenses under the Grant, and shall only use Grant Funds for payment of Eligible Expenses as set forth in Appendix A. Any Grantee who commits any of the following false acts shall be liable to the City for three times the amount of damages the City sustains because of the Grantee's act. A Grantee will be deemed to have submitted a false claim to the City if the Grantee: (a) knowingly presents or causes to be presented to an officer or employee of the City a false Funding Request; (b) knowingly disburses Grants Funds for expenses that are not Eligible Expenses; (c) knowingly makes, uses, or causes to be made or used a false record or statement to get a false Funding Request paid or approved by the City; (d) conspires to defraud the City by getting a false Funding Request allowed or paid by the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

6.8 Grantee's Board of Directors. Grantee shall at all times be governed by a legally constituted and fiscally responsible board of directors. Such board of directors shall meet regularly and maintain appropriate membership, as established in Grantee's bylaws and other governing documents and shall adhere to applicable provisions of federal, state and local laws governing nonprofit corporations. Grantee's board of directors shall exercise such oversight responsibility with regard to this Agreement as is necessary to ensure full and prompt performance by Grantee of its obligations under this Agreement.

ARTICLE 7 TAXES

7.1 Grantee to Pay All Taxes. Grantee shall pay to the appropriate governmental authority, as and when due, any and all taxes, fees, assessments or other governmental charges, including possessory interest taxes and California sales and use taxes, levied upon or in connection with this Agreement, the Grant Plan, the Grant Funds or any of the activities contemplated by this Agreement.

7.2 Use of City Real Property. If at any time this Agreement entitles Grantee to the possession, occupancy or use of City real property for private gain, the following provisions shall apply:

(a) Grantee, on behalf of itself and any subgrantees, successors and assigns, recognizes and understands that this Agreement may create a possessory interest subject to property taxation and Grantee, and any subgrantee, successor or assign, may be subject to the payment of such taxes.

(b) Grantee, on behalf of itself and any subgrantees, successors and assigns, further recognizes and understands that any assignment permitted hereunder and any exercise of any option to renew or other extension of this Agreement may constitute a change in ownership for purposes of property taxation and therefore may result in a revaluation of any possessory interest created hereunder. Grantee shall report any assignment or other transfer of any interest in this Agreement or any renewal or extension thereof to the County Assessor within sixty (60) days after such assignment, transfer, renewal or extension.

(c) Grantee shall provide such other information as may be requested by City to enable City to comply with any reporting requirements under applicable law with respect to possessory interests.

7.3 Withholding. Grantee agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Grantee further acknowledges and agrees that City may withhold any payments due to Grantee under this Agreement if Grantee is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Grantee, without interest, upon Grantee coming back into compliance with its obligations.

ARTICLE 8 REPRESENTATIONS AND WARRANTIES

Grantee represents and warrants each of the following as of the date of this Agreement and at all times throughout the term of this Agreement:

8.1 Organization; Authorization. Grantee is a nonprofit corporation, duly organized and validly existing and in good standing under the laws of the jurisdiction in which it was formed. Grantee has established and maintains valid nonprofit status under Section 501(c)(3) of the United States Internal Revenue Code of 1986, as amended, and all rules and regulations promulgated under such Section. Grantee has duly authorized by all necessary action the execution, delivery and performance of this Agreement. Grantee has duly executed and delivered this Agreement and this Agreement constitutes a legal, valid and binding obligation of Grantee, enforceable against Grantee in accordance with the terms hereof.

8.2 Location. Grantee's operations, offices and headquarters are located at the address for notices set forth in Section 15. All aspects of the Grant Plan will be implemented at the geographic location(s), if any, specified in the Grant Plan.

8.3 No Misstatements. No document furnished or to be furnished by Grantee to City in connection with the Application Documents, this Agreement, any Funding Request or any other document relating to any of the foregoing, contains or will contain any untrue statement of material fact or omits or will omit a material fact necessary to make the statements contained therein not misleading, under the circumstances under which any such statement shall have been made.

8.4 Conflict of Interest.

(a) Through its execution of this Agreement, Grantee acknowledges that it is familiar with the provision of Section 15.103 of the City's Charter, Article III, Chapter 2 of the City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California, and certifies that it does not know of any facts which constitutes a violation of said provisions and agrees that it will immediately notify the City if it becomes aware of any such fact during the term of this Agreement.

(b) Not more than one member of an immediate family serves or will serve as an officer, director or employee of Grantee, without the prior written consent of City. For purposes of this subsection, "immediate family" shall include husband, wife, domestic partners, brothers, sisters, children and parents (both legal parents and step-parents).

8.5 No Other Agreements with City. Except as expressly itemized in Appendix D, neither Grantee nor any of Grantee's affiliates, officers, directors or employees has any interest, however remote, in any other agreement with City including any commission, department or other subdivision thereof.

8.6 Subcontracts. Except as may be permitted under Section 13.3, Grantee has not entered into any agreement, arrangement or understanding with any other person or entity pursuant to which such person or entity will implement or assist in implementing all or any portion of the Grant Plan.

8.7 Eligibility to Receive Federal Funds. By executing this Agreement, Grantee certifies that Grantee is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Grantee acknowledges that this certification of eligibility to receive federal funds is a material term of the Agreement.

ARTICLE 9 INDEMNIFICATION AND GENERAL LIABILITY

9.1 Indemnification. Grantee shall indemnify, protect, defend and hold harmless each of the Indemnified Parties from and against any and all Losses arising from, in connection with or caused by: (a) a material breach of this Agreement by Grantee; (b) a material breach of any representation or warranty of Grantee contained in this Agreement; (c) any personal injury caused, directly or indirectly, by any act or omission of Grantee or its employees, subgrantees or agents; (d) any property damage caused, directly or indirectly by any act or omission of Grantee or its employees, subgrantees or agents; (e) the use, misuse or failure of any equipment or facility used by Grantee, or by any of its employees, subgrantees or agents, regardless of whether such equipment or facility is furnished, rented or loaned to Grantee by an Indemnified Party; (f) any tax, fee, assessment or other charge for which Grantee is responsible under Article 7; or (g) any infringement of patent rights, copyright, trade secret or any other proprietary right or trademark of any person or entity in consequence of the use by any Indemnified Party of any goods or services furnished to such Indemnified Party in connection with this Agreement. Grantee's obligations under the immediately preceding sentence shall apply to any Loss that is caused in whole or in part by the active or passive negligence of any Indemnified Party, but shall exclude any Loss caused solely by the willful misconduct of the Indemnified Party. The foregoing indemnity shall include, without limitation, consultants and experts and related costs and City's costs of investigating any claims against the City.

9.2 Duty to Defend; Notice of Loss. Grantee acknowledges and agrees that its obligation to defend the Indemnified Parties under Section 9.1: (a) is an immediate obligation, independent of its other obligations hereunder; (b) applies to any Loss which actually or potentially falls within the scope of

Section 9.1, regardless of whether the allegations asserted in connection with such Loss are or may be groundless, false or fraudulent; and (c) arises at the time the Loss is tendered to Grantee by the Indemnified Party and continues at all times thereafter. The Indemnified Party shall give Grantee prompt notice of any Loss under Section 9.1 and Grantee shall have the right to defend, settle and compromise any such Loss; provided, however, that the Indemnified Party shall have the right to retain its own counsel at the expense of Grantee if representation of such Indemnified Party by the counsel retained by Grantee would be inappropriate due to conflicts of interest between such Indemnified Party and Grantee. An Indemnified Party's failure to notify Grantee promptly of any Loss shall not relieve Grantee of any liability to such Indemnified Party pursuant to Section 9.1, unless such failure materially impairs Grantee's ability to defend such Loss. Grantee shall seek the Indemnified Party's prior written consent to settle or compromise any Loss if Grantee contends that such Indemnified Party shares in liability with respect thereto.

9.3 Incidental and Consequential Damages. Losses covered under this Article 9 shall include any and all incidental and consequential damages resulting in whole or in part from Grantee's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that any Indemnified Party may have under applicable law with respect to such damages.

9.4 LIMITATION ON LIABILITY OF CITY. CITY'S OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE AGGREGATE AMOUNT OF GRANT FUNDS ACTUALLY DISBURSED HEREUNDER. NOTWITHSTANDING ANY OTHER PROVISION CONTAINED IN THIS AGREEMENT, THE APPLICATION DOCUMENTS OR ANY OTHER DOCUMENT OR COMMUNICATION RELATING TO THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, THE GRANT FUNDS, THE GRANT PLAN OR ANY ACTIVITIES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

ARTICLE 10 INSURANCE

10.2 Additional Requirements for General and Automobile Coverage. Commercial General Liability and Commercial Automobile Liability insurance policies shall:

- (a) Name as additional insured City and its officers, agents and employees.

10.3 Additional Requirements for All Policies. All policies shall be endorsed to provide at least thirty (30) days' advance written notice to City of cancellation of policy for any reason, nonrenewal or reduction in coverage and specific notice mailed to City's address for notices pursuant to Article 15.

10.4 Required Post-Expiration Coverage. Should any of the insurance required hereunder be provided under a claims-made form, Grantee shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three (3) years beyond the expiration or termination of this Agreement, to the effect that, should occurrences during the term hereof give rise to claims made after expiration or termination of the Agreement, such claims shall be covered by such claims-made policies.

10.5 General Annual Aggregate Limit/Inclusion of Claims Investigation or Legal Defense Costs. Should any of the insurance required hereunder be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

10.6 Evidence of Insurance. Before commencing any operations under this Agreement, Grantee shall furnish to City certificates of insurance, and additional insured policy endorsements, in form and with insurers satisfactory to City, evidencing all coverages set forth above, and shall furnish complete copies of policies promptly upon City's request. Before commencing any operations under this Agreement, Grantee shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

10.7 Effect of Approval. Approval of any insurance by City shall not relieve or decrease the liability of Grantee hereunder.

10.8 Insurance for Subcontractors and Evidence of this Insurance. If a subcontractor will be used to complete any portion of this agreement, the grantee shall ensure that the subcontractor shall provide all

necessary insurance and shall name the City and County of San Francisco, its officers, agents, and employees and the grantee listed as additional insureds.

ARTICLE 11

EVENTS OF DEFAULT AND REMEDIES

11.1 Events of Default. The occurrence of any one or more of the following events shall constitute an “Event of Default” under this Agreement:

(a) **False Statement.** Any statement, representation or warranty contained in this Agreement, in the Application Documents, in any Funding Request or in any other document submitted to City under this Agreement is found by City to be false or misleading.

(b) **Failure to Provide Insurance.** Grantee fails to provide or maintain in effect any policy of insurance required in Article 10.

11.2 Remedies upon Event of Default. Upon and during the continuance of an Event of Default, City may do any of the following, individually or in combination with any other remedy:

(a) **Termination.** City may terminate this Agreement by giving a written termination notice to Grantee of the Event of Default and that, on the date specified in the notice, this Agreement shall terminate and all rights of Grantee hereunder shall be extinguished. In the sole discretion of the City, Grantee may be allowed ten (10) days to cure the default. In the event of termination for default, Grantee

will be paid for Eligible Expenses in any Funding Request that was submitted and approved by City prior to the date of termination specified in such notice.

(b) **Withholding of Grant Funds.** City may withhold all or any portion of Grant Funds not yet disbursed hereunder, regardless of whether Grantee has previously submitted a Funding Request or whether City has approved the disbursement of the Grant Funds requested in any Funding Request. Any Grant Funds withheld pursuant to this Section and subsequently disbursed to Grantee after cure of applicable Events of Default, if granted by the City in its sole discretion, shall be disbursed without interest.

(c) **Offset.** City may offset against all or any portion of undisbursed Grant Funds hereunder or against any payments due to Grantee under any other agreement between Grantee and City the amount of any outstanding Loss incurred by any Indemnified Party, including any Loss incurred as a result of the Event of Default.

(d) **Return of Grant Funds.** City may demand the immediate return of any previously disbursed Grant Funds that have been claimed or expended by Grantee in breach of the terms of this Agreement, together with interest thereon from the date of disbursement at the maximum rate permitted under applicable law.

City shall exercise this option by giving Grantee written notice that specifies the effective date of termination. Upon receipt of the notice of termination, Grantee shall undertake with diligence all necessary actions to effect the termination of this Agreement on the date specified by City and minimize the liability of Grantee and City to third parties. Such actions shall include, without limitation:

11.4 Remedies Nonexclusive. Each of the remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The remedies contained herein are in addition to all other remedies available to City at law or in equity by statute or otherwise and the exercise of any such remedy shall not preclude or in any way be deemed to waive any other remedy.

Grantee shall immediately notify City of any change in its eligibility to perform under the Agreement. Upon City request, Grantee shall provide documentation demonstrating its compliance with applicable legal

requirements. If Grantee will use any subgrantees to perform the Agreement, Grantee is responsible for ensuring they are also in compliance with the California Attorney General's Registry of Charitable Trusts at the time of grant execution and for the duration of the agreement. Any failure by Grantee or any subgrantees to remain in good standing with applicable requirements shall be a material breach of this Agreement.

ARTICLE 12 DISCLOSURE OF INFORMATION AND DOCUMENTS

12.1 Proprietary or Confidential Information of City. Grantee understands and acknowledges that, in the performance of this Agreement or in contemplation thereof, Grantee may have access to private or confidential information that may be owned or controlled by City and that such information may contain proprietary or confidential information, the disclosure of which to third parties may be damaging to City. Grantee agrees that all information disclosed by City to Grantee shall be held in confidence and used only in the performance of this Agreement. Grantee shall exercise the same standard of care to protect such information as a reasonably prudent nonprofit entity would use to protect its own proprietary or confidential data.

12.2 Sunshine Ordinance. Grantee acknowledges and agrees that this Agreement and the Application Documents are subject to Section 67.24(e) of the San Francisco Administrative Code, which provides that contracts, including this Agreement, grantee's bids, responses to Requests for Proposals and all other records of communications between City and persons or entities seeking contracts, shall be open to inspection immediately after a contract has been awarded. Nothing in Section 67.24(e) (as it exists on the date hereof) requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. All information provided by Grantee covered by Section 67.24(e) (as it may be amended from time to time) will be made available to the public upon request.

12.3 Financial Projections. Pursuant to San Francisco Administrative Code Section 67.32, Grantee agrees upon request to provide City with financial projections (including profit and loss figures) for the activities and/or projects contemplated by this Grant ("Project") and annual audited financial statements thereafter. Grantee agrees that all such projections and financial statements shall be public records that must be disclosed.

(c) Contractor will maintain appropriate safeguards to restrict access to City's Data to those employees, agents or service providers of Contractor who need the information to carry out the purposes for which it was disclosed to Contractor.

(d) For information disclosed in electronic form, Contractor agrees that appropriate safeguards include electronic barriers (e.g., most current industry standard encryption for transport and storage, such as the National Institute of Standards and Technology's Internal Report 7977

or Federal Information Processing Standards [FIPS] 140-2 [Security Requirements for Cryptographic Modules] or FIPS-197 or successors, intrusion prevention/detection or similar barriers) and secure authentication (e.g., password protected) access to the City's Confidential Information and hosted City Data.

(g) Contractor will establish and maintain any additional physical, electronic, administrative, technical and procedural controls and safeguards to protect City Data that are no less rigorous than accepted industry practices (including, as periodically amended or updated, the International Organization for Standardization's standards: ISO/IEC 27001:2005 – Information Security Management Systems – Requirements and ISO-IEC 27002:2005 – Code of Practice for International Security Management, NIST Special Publication 800-53 Revision 4 or its successor, NIST Special Publication 800-18 or its successor, the Information Technology Library (ITIL) standards, the Control Objectives for Information and related Technology (COBIT) standards or other applicable industry standards for information security), and shall ensure that all such controls and safeguards, including the manner in which Confidential Information is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws, as well as the terms and conditions of this Agreement.

(h) Contractor warrants to the City compliance, in performing its obligations hereunder, with the following (as periodically amended or updated) as applicable:

(i) The California Information Practices Act/California Consumer Privacy Act (Civil Code §§ 1798 et seq);

(ii) The European General Data Protection Regulation (GDPR);

(iii) Relevant security provisions of the Internal Revenue Service (IRS) Publication 1075, including the requirements that Data not traverse networks located outside of the United States;

(vii) Relevant security provisions of the Medi-Cal Privacy and Security Agreement between the California Department of Health Care Services and the County of San Francisco.

12.5 Data Privacy and Information Security Program. Without limiting Contractor's obligation of confidentiality as further described herein, Contractor shall establish and maintain a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the

proper disposal of City Data; and, (v) ensure that all of Contractor's employees, agents, and subcontractors, if any, comply with all of the foregoing.

12.6 Data Transmission. Contractor shall ensure that all electronic transmission or exchange of system and application data with City and/or any other parties expressly designated by City shall take place via encrypted secure means (e.g. HTTPS or SFTP or most current industry standard established by NIST). Contractor shall also ensure that all data exchanged shall be used expressly and solely for the purposes enumerated in the Agreement. Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Contractor. Contractor shall ensure that no City Data of any kind shall be copied, modified, destroyed, deleted, transmitted, exchanged or otherwise passed to other vendors or interested parties except on a case-by-case basis as specifically agreed to in writing by City. Contractor is prohibited from accessing City Data from outside the continental United States.

12.7 American Institute of Certified Public Accounts (AICPA) Audit Reports.

(a) Contractor shall provide to City, on an annual basis, an SOC 1, Type 2 Audit Report, to be conducted by an independent third party ("Audit Reports") (if Contractor is using a hosting service provider, Contractor shall provide such Audit Reports it receives from its service provider or providers) as follows: (a) the Audit Reports shall include a 365 day (12-month) testing period; and (b) the Audit Reports shall be available to City no later than thirty (30) days after they are received by Contractor. If Contractor receives a so-called "negative assurance opinion," or the annual Audit Report finds a material data privacy or information security issue, Contractor shall notify City of such opinion within three (3) days of receipt by Contractor. Contractor shall implement reasonably required safeguards as identified by any audit of Contractor's data privacy and information security program or promptly notify City in writing if Contractor is unable to implement mitigation measures to address the issue(s). Upon any such notification, City shall have the right, without further obligation or liability to Contractor, to terminate this Agreement. Any failure by Contractor to comply with this Section shall be a material breach of this Agreement.

(b) **Audit of Contractor's Policies.** Contractor agrees to make its policies, procedures and practices regarding Data Security available to City, if needed, and agrees that City reserves the rights, including, but not limited to, making a site visit, scanning for malicious codes, and hiring a third-party to perform a security audit if City determines that the Audit Report is unsatisfactory.

ARTICLE 13

ASSIGNMENTS AND SUBCONTRACTING

13.1 No Assignment by Grantee. Grantee shall not, either directly or indirectly, assign, transfer, hypothecate, subcontract or delegate all or any portion of this Agreement or any rights, duties or obligations of Grantee hereunder without the prior written consent of City. This Agreement shall not, nor shall any interest herein, be assignable as to the interest of Grantee involuntarily or by operation of law without the prior written consent of City. A change of ownership or control of Grantee or a sale or transfer of substantially all of the assets of Grantee shall be deemed an assignment for purposes of this Agreement.

13.2 Agreement Made in Violation of this Article. Any agreement made in violation of Section 13.1 shall confer no rights on any person or entity and shall automatically be null and void.

13.3 Subcontracting. If Appendix E lists any permitted subgrantees, then notwithstanding any other provision of this Agreement to the contrary, Grantee shall have the right to subcontract on the terms set forth in this Section. If Appendix E is blank or specifies that there are no permitted subgrantees, then Grantee shall have no rights under this Section.

(a) **Limitations.** In no event shall Grantee subcontract or delegate the whole of the Grant Plan. Grantee may subcontract with any of the permitted subgrantees set forth on Appendix E without the prior consent of City; provided, however, that Grantee shall not thereby be relieved from any liability or obligation under this Agreement and, as between City and Grantee, Grantee shall be responsible for the acts, defaults and omissions of any subgrantee or its agents or employees as fully as if they were the acts, defaults or omissions of Grantee. Grantee shall ensure that its subgrantees comply with all of the terms of this Agreement, insofar as they apply to the subcontracted portion of the Grant Plan. All references herein to duties and obligations of Grantee shall be deemed to pertain also to all subgrantees to the extent applicable. A default by any subgrantee shall be deemed to be an Event of Default hereunder. Nothing contained in this Agreement shall create any contractual relationship between any subgrantee and City.

(b) **Terms of Subcontract.** Each subcontract shall be in form and substance acceptable to City and shall expressly provide that it may be assigned to City without the prior consent of the subgrantee. In addition, each subcontract shall incorporate all of the terms of this Agreement, insofar as they apply to the subcontracted portion of the Grant Plan. Without limiting the scope of the foregoing, each subcontract shall provide City, with respect to the subgrantee, the audit and inspection rights set forth in Section 6.6. Upon the request of City, Grantee shall promptly furnish to City true and correct copies of each subcontract permitted hereunder.

13.4 Grantee Retains Responsibility. Grantee shall remain liable for the performance by any assignee or subgrantee of all of the covenants terms and conditions contained in this Agreement.

ARTICLE 14 INDEPENDENT CONTRACTOR STATUS

14.1 Nature of Agreement. Grantee shall be deemed at all times to be an independent contractor and is solely responsible for the manner in which Grantee implements the Grant Plan and uses the Grant Funds. Grantee shall at all times remain solely liable for the acts and omissions of Grantee, its officers and directors, employees and agents. Nothing in this Agreement shall be construed as creating a partnership, joint venture, employment or agency relationship between City and Grantee.

14.2 Direction. Any terms in this Agreement referring to direction or instruction from the Department or City shall be construed as providing for direction as to policy and the result of Grantee's work only, and not as to the means by which such a result is obtained.

14.3 Consequences of Recharacterization.

(a) Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Grantee is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any

credits for amounts already paid by Grantee which can be applied against this liability). City shall subsequently forward such amounts to the relevant taxing authority.

(b) Should a relevant taxing authority determine a liability for past services performed by Grantee for City, upon notification of such fact by City, Grantee shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Grantee under this Agreement (again, offsetting any amounts already paid by Grantee which can be applied as a credit against such liability).

(c) A determination of employment status pursuant to either subsection (a) or (b) of this Section 14.3 shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Grantee shall not be considered an employee of City. Notwithstanding the foregoing, if any court, arbitrator, or administrative authority determine that Grantee is an employee for any other purpose, Grantee agrees to a reduction in City's financial liability hereunder such that the aggregate amount of Grant Funds under this Agreement does not exceed what would have been the amount of such Grant Funds had the court, arbitrator, or administrative authority had not determined that Grantee was an employee.

Without limiting the foregoing, Grantee understands that pursuant to Sections 12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of fifty dollars (\$50) for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Grantee and/or deducted from any payments due Grantee.

16.6 Resource Conservation; Liquidated Damages. Chapter 5 of the San Francisco Environment Code (Resource Conservation) is incorporated herein by reference. Failure by Grantee to comply with any of the applicable requirements of Chapter 5 will be deemed a material breach of contract. If Grantee fails to comply in good faith with any of the provisions of Chapter 5, Grantee shall be liable for liquidated damages in an amount equal to Grantee's net profit under this Agreement, or five percent (5%) of the total contract amount, whichever is greater. Grantee acknowledges and agrees that the liquidated damages assessed shall be payable to City upon demand and may be offset against any monies due to Grantee from any contract with City.

16.7 Compliance with ADA. Grantee acknowledges that, pursuant to the ADA, programs, services and other activities provided by a public entity to the public, whether directly or through a grantee or contractor, must be accessible to the disabled public. Grantee shall not discriminate against any person protected under the ADA in connection with all or any portion of the Grant Plan and shall comply at all times with the provisions of the ADA.

16.8. Requiring Minimum Compensation for Employees. Grantee shall pay covered employees no less than the minimum compensation required by San Francisco Administrative Code Chapter 12P, including a minimum hourly gross compensation, compensated time off, and uncompensated time off. Grantee is subject to the enforcement and penalty provisions in Chapter 12P. Information about and the text of the Chapter 12P is available on the web at <http://sfgov.org/olse/mco>. with all of the applicable provisions of 12P, irrespective of the listing of obligations in this Section. By signing and executing this Agreement, Grantee certifies that it complies with Chapter 12P.

17.12 Dispute Resolution Procedure. The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or grant between the City and County of San Francisco and nonprofit health and human services grantees. Grantees and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department. If informal discussion has failed to resolve the problem, grantees and departments should employ the following steps:

Step 1 The grantee will submit a written statement of the concern or dispute addressed to the Grant/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Grant/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the grantee or provide a written response to the grantee within 10 working days.

Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the grantee may request review by the Division or Department Head who supervises the Grant/Program Manager.

This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the grantee. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.

Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the grantee may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the grantee. The Department will respond in writing within 10 working days.

17.13 Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

Community Living Fund - Case Management and Purchase of Services

I. Purpose of Grant

The purpose of this grant is to provide case management and other services as part of the Community Living Fund (CLF) that is being administered by the Department of Disability and Aging Services. The CLF is used to subsidize services, or a combination of goods and services, that help individuals who are currently in or at imminent risk of being institutionalized.

The Community Living Fund Program (CLFP) is intended to reduce unnecessary institutionalization by providing older adults and younger adults with disabilities with options for where and how they receive assistance, care, and support. The design of the CLFP includes a two-pronged approach: (1) coordinated case management; and (2) purchase of services.

The CLFP will provide the resources and services not available by other means, to vulnerable older adults and younger adults with disabilities.

The Community Living Fund Program (CLFP) is consistent with the goals of the Community Living Fund (CLF), which are to:

- A. Enable older adults and adults with disabilities who are eligible to remain living safely in their own homes and communities for as long as possible;
- B. Provide financial support for home and community-based long-term care and supportive services beyond what is currently available;
- C. Offer flexible funding to create “wrap-around” services that provide essential community-based assistance, care, and support;
- D. Facilitate the development of service delivery models that strengthen the community-based long-term care systems and workforce;
- E. Expand, not supplant, existing funding, to fill funding gaps until new sources of financial support for community-based long-term care services can be secured through federal Medicaid waivers and/or other means.

II. Eligibility for Services under the CLF Program

In order to obtain services, an individual must, at a minimum, be:

- A. 18 years or older;
- B. Institutionalized or deemed, at assessment, to be at imminent risk of being institutionalized;
- C. A resident of San Francisco;
- D. Willing and able to live in the community with appropriate supports;

- E. At an income level of 300% of federal poverty or less plus assets up to \$130,000 for case management services. Individuals with only purchase of service needs must have an income level of 300% of federal poverty or less plus assets up to \$6,000.

Further, an individual must have a demonstrated need for a service and/or resource that will serve to prevent institutionalization or enable community living.

The following groups of people will be served:

1. The priority will be patients of Laguna Honda Hospital and Zuckerberg San Francisco General Hospital who are willing and able to be discharged to community living.
2. Patients at other San Francisco acute care hospitals and skilled nursing facilities.
3. Nursing home eligible individuals on the Laguna Honda Hospital waiting list (some of whom are at Zuckerberg San Francisco General Hospital or other hospitals) who are willing and able to remain living in the community.
4. Individuals who are at imminent risk for nursing home or institutional placement, willing and able to remain living in the community with appropriate supports.

Specific conditions or situations such as substance abuse or chronic mental illness shall not be a deterrent to services if the eligibility criteria are met.

III. Target Populations

This program supports all ethnicities and populations in San Francisco with focused expertise to address the unique cultural needs of:

- 1) Persons with low income
- 2) Persons who are socially isolated
- 3) Persons with limited English-speaking proficiency

V. Description of Services

Case Management Component

The Grantee will provide different levels of case management services including intensive case management service and moderate to minimal assistance. These levels of case management allow flexibility to tailor to individual needs to ensure stabilization and to avoid premature hospitalization and/or institutionalization.

Levels of case management are defined as below:

- A. Intensive case management will be provided for persons with complex medical, cognitive, behavioral, and psychological needs who require a maximum amount of care and supervision and access to ongoing resources and services. Intensive case management for unstable clients with chronic and acute complex needs will require extensive coordination of and access to a full range of social, behavioral, mental health, and medical services.
- B. Moderate case management will be provided for persons who require moderate to minimal assistance and support as well as access to one-time resources and services. Moderate case management can address needs of more stable clients with identified situations that require limited intervention to complete. This level of case management ensures stabilization and avoidance of hospitalization and nursing home placement.

Level of case management need and intervention will be determined on assessment by case manager.

Purchase of Services Component

The Grantee will manage purchased goods and services for clients, including those of their sub-contractors if used. The CLFP will support a menu of service options and level of assistance, care, and support, and a range of housing, and supportive services. These services must be deemed necessary by a CLFP case manager, and the funds are only used as a last resort, when all other payment options for that service have been exhausted. The CLFP will access and leverage state and federal funds whenever possible and incorporate processes in CLFP policies and procedures. Purchased services will supplement other available resources to ensure that each client receives the comprehensive array of appropriate services that are necessary to allow for community living.

Additional CLFP Initiatives

The CLFP also supports other program initiatives, and the Grantee will work collaboratively with these initiatives through the identified organization in providing services. All referrals through these initiatives must meet CLFP eligibility criteria. Current initiatives supported by CLFP include:

- A. DAS Public Guardian (PG) Housing Fund - Supported by CLFP through the provision of administration of housing funds for CLFP eligible participants. In this initiative, the PG program provides program support including in-person visits, coordinated case management services, monthly approval of the housing subsidies, and other activities to ensure equitable access and appropriate use of the fund.

Allowable purchases through the PG Housing Fund include:

1. Supplement monthly subsidy (up to 100% as appropriate) for a licensed Assisted Living Facility (ALF), supportive housing, or similar; subsidies will be paid to vendors within the existing CLFP vendor network, and when required, new vendor agreements will be established.
 2. Move-related costs and purchases such as security deposits, moving boxes, transportation for move, care provider hours to pack and unpack belongings, furniture, and similar purchases.
- B. Enhanced Care Management (ECM) - The current grant agreement also includes Enhanced Care Management services through the CalAIM state initiative for members of the San Francisco Health Plan (SFHP) who are adults living in the community who are at risk for long-term care institutionalization as well as nursing facility residents transitioning to the community. Enhanced Care Management for these two populations of focus align with the goals of CLFP. For ECM clients being served by the Grantee and participating in the SFHP CalAIM initiative, the Grantee shall abide by all service provision and documentation requirements as described in SFHP ECM Program Guide (attached). DAS will be responsible for data exchange and claims billing with SFHP, but Grantee will ensure database meets file specifications allowing for the exchange of data in a secure file. Grantee will also provide DAS access to files and database as well as a secure portal within database allowing for data exchange and claims billing.

Program Administration

The Grantee will:

- A. Work with the DAS Benefits and Resource Hub for referrals to the CLFP. All referrals to the CLFP come through the DAS Benefits and Resource Hub, which is the initial entry point for accessing the fund. DAS Benefits and Resource Hub completes an initial screening and refers those presumed eligible for the fund to the CLFP Grantee.
- B. Manage a waitlist with strategic decision making with DAS for financial considerations, prioritizations, and trends.
- C. Coordinate all case management services through clinical supervision; including collaboration between multidisciplinary staff, across all sub-contracted organizations, through weekly scheduled case conferencing. There must be strong collaboration to share expertise.
- D. Work collaboratively with other community organizations presently working with the client and additional ones who can provide specific expertise. When working in collaboration with other agencies or community-based organizations through sub-contracts, MOUs, and/or BAAs, respondent will assure that they will have staffing and experience in the appropriate areas.
- E. Ensure that the purchase of all proposed goods and services is reasonable, prudent and properly procured following clearly written internal fiscal policies and procedures.

- G. Work collaboratively with DAS CLF Program Analyst to strategize program direction.

- H. Develop and maintain collaborations with both City departments and community programs to reach the target population that is eligible for the services supported by the CLFP.
- I. Conduct multidisciplinary meetings with stakeholders and partners monthly or as needed for the purposes of transitioning clients to the community and/or forwarding the mission of CLF.
- J. Support a CLFP Advisory Council to provide a forum for consumer and community feedback. Members should include current and former program participants, representatives from community agencies, as well as a population representative of San Francisco.
- K. Conduct activities that measure program impact such as participant improvements and outcomes in their quality of life as a result of program participation. These activities are conducted annually (at a minimum) to gather additional input from participants regarding their direct experience in an anonymous format.
- L. Work closely with HSA Planning Unit staff to ensure appropriate and accurate collection of data for evaluation and program design analysis as well as with DAS in an ongoing evaluation of the program.
- M. Utilize a dedicated database for the CLFP that tracks client information, assessments, care plans, progress notes, service authorizations and purchased services.

- V. Staff have no history of liability claims against them.
- W. Staff have no history of fraud, waste, and / or abuse.
- X. Grantee shall not differentiate or discriminate in the scheduling of appointments for services, treatment of clients, the quality of services, or in any other respect. Grantee shall not discriminate against clients on the basis of race, color, national origin, ancestry, religion, sex, marital status, health status, sexual orientation, physical, sensory, or mental handicap, age, socioeconomic status, participation in publicly financed programs of health care, or because any grievance or complaint has been filed by client. Services will be provided in the same manner, in accordance with the same standards, and within the same time availability.
- Y. Grantee shall promptly notify DAS of receipt of any complaints from or on behalf of client and any professional liability claims filed or asserted regarding services provided by, or on behalf of, Grantee. Grantee shall cooperate with the DAS grievance

procedure in resolving client complaints regarding provision of services and/or any other matter related to Grantee. Grantee shall cooperate with DAS resolution of any such complaints or grievances.

- Z. Grantee shall maintain and require its subcontractors to maintain a case record for each client to whom Grantee or subcontractor renders services. The case record should be in such a form and detail as may be required by state and federal law, generally accepted and prevailing professional practice, and any federal, state, or local government agency. Records shall be maintained in a current, detailed, organized, and comprehensive manner. Grantee shall comply with all federal, state, and local confidentiality and accuracy requirements.
- AA. Grantee shall retain all client records, books, charges, and papers relating to Grantee's provision of services to clients, the cost of such services, and payments received. Grantee shall retain all records for at least ten (10) years after rendering services.

Grantee and subcontractors shall comply with confidentiality, client and medical records and/or any other applicable state and federal laws and regulations with regard to any and all information directly or indirectly accessed or used by respective parties and their personnel, including HIPAA, HITECH, and all regulations promulgated thereunder. Grantee may have data access to Department of Public Health's system according to Business Associate Agreement. This provision shall not affect or limit Grantee's obligation to make available client or medical records, encounter data, and information concerning client care to DAS, any authorized state or federal agency, or other providers of services upon authorized referral.

VI. Department Responsibilities (DAS)

DAS Intake and Screening Unit. All referrals to the CLFP come through the DAS Intake and Screening Unit, which is the initial entry point for accessing the Fund. While community-based long-term care services can be accessed in many ways, CLF is the fund of last resort and any request for support from the CLFP must come through this unit. The DAS Intake and Screening Unit completes an initial screening and refers those presumed eligible for the fund to the Grantee for the CLFP.

DAS will access other funding. DAS will leverage CLFP funding by qualifying for state and federal funding available through programs such as the Community Services Block Grant (CSBG). The Grantee is required to provide time certifications for staff involved in service delivery and service support activities. In addition, DAS will participate in CalAIM initiatives, including Enhanced Care Management, providing access to CalAIM funding.

VII. Collaborative Responsibilities (DAS and Grantee)

Management of the CLFP wait list is an important consideration for the Grantee and DAS. Financial considerations, prioritizations, and trends will be taken into account when considering strategies and decisions for caseload and wait list management.

The DAS Program Analyst, the DAS Intake and Screening Unit, and the Grantee will collaborate on undertaking outreach activities, as necessary, to ensure that the needs of the groups of people in the target population are identified and addressed. DAS and the Grantee will also work collaboratively with LHH to ensure referral pipeline for scattered site housing units is sufficient and ongoing.

The DAS Program Analyst, in collaboration with the DAS Director of Quality Management, will work with the CLFP Director to develop a quality assurance plan and process that fulfills the needs of both parties and the clients.

However, BA may disclose Protected Information as necessary (i) for the proper management and administration of BA; (ii) to carry out the legal responsibilities of BA; (iii) as required by law; or (iv) for Data Aggregation purposes relating to the Health Care Operations of CE. If BA discloses Protected Information to a third party, BA must obtain, prior to making any such disclosure, (i) reasonable written assurances from such third party that such Protected Information will be held confidential as provided pursuant to this BAA and used or disclosed only as required by law or for the purposes for which it was disclosed to such third party, and (ii) a written agreement from such third party to immediately notify BA of any breaches, security incidents, or unauthorized uses or disclosures of the Protected Information in accordance with paragraph 2 (n) of this BAA, to the extent it has obtained knowledge of such occurrences [42 U.S.C. Section 17932; 45 C.F.R. Section 164.504(e)]. BA may disclose PHI to a BA that is a subcontractor and may allow the subcontractor to create, receive, maintain, or transmit Protected Information on its behalf, if the BA obtains satisfactory assurances, in accordance with 45 C.F.R. Section 164.504(e)(1), that the subcontractor will appropriately safeguard the information [45 C.F.R. Section 164.502(e)(1)(ii)].

e. Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information other than as permitted or required by the Agreement and BAA, or as required by law. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the Protected Information solely relates [42 U.S.C. Section 17935(a) and 45 C.F.R. Section 164.522(a)(1)(vi)]. BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2), and the HIPAA regulations, 45 C.F.R. Section 164.502(a)(5)(ii); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Agreement.

f. Appropriate Safeguards. BA shall take the appropriate security measures to protect the confidentiality, integrity and availability of PHI that it creates, receives, maintains, or transmits on behalf of the CE, and shall prevent any use or disclosure of PHI other than as permitted by the Agreement or this

If an individual or an individual's representative submits a request for an accounting directly to BA or its agents or subcontractors, BA shall forward the request to CE in writing within five (5) calendar days.

i. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors in Designated Record Sets available to CE for inspection and copying within (5) days of request by CE to enable CE to fulfill its obligations under state law [Health and Safety Code Section 123110] and the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this BAA within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. b. Judicial or Administrative Proceedings. CE may terminate the Agreement and this BAA, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Agreement and this BAA for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this BAA to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI. Per the Secretary's guidance, the City will accept destruction of electronic PHI in accordance with the standards enumerated in the NIST SP 800-88, Guidelines for Media Sanitization. The City will accept destruction of PHI contained in paper records by shredding, burning, pulping, or pulverizing the records so that the PHI is rendered unreadable, indecipherable, and otherwise cannot be reconstructed.

BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

Any Revision to Scope of Access shall be considered a part of and incorporated into this Agreement, governed by all its terms, by reference.

1.2 Primary and Alternate Grantee Site Administrator.

Before System(s) access is granted, Grantee must appoint a primary and alternate Grantee Site Administrator responsible for System(s) access tasks, including but not limited to the following:

1.2.1 Coordinating with City to obtain approval by way of the Account Provisioning Request documents and/or Data Set Request documents;

1.2.2 Providing Grantee Data User(s) details to the City;

1.2.3 Ensuring that Grantee Data User(s) complete required SFDPH and/or other required trainings annually;

1.2.4 Ensuring that Grantee Data User(s) understand and execute SFDPH's data access confidentiality agreement; and

1.2.5 Provisioning and deprovisioning Grantee Data Users as detailed herein. To start the process, the Grantee Site Administrator must contact the City Site Administrator.

1.3 SFDPH IT Service Desk.

For new provisioning requests, only City Site Administrators are authorized to contact the SFDPH IT Service Desk. The City reserves the right to decline any call placed by other than the City Site Administrator. Individual Grantee Data Users are not authorized to contact the SFDPH IT Service Desk.

1.4 Deprovisioning Schedule.

Grantee, through the Grantee Site Administrator, has sole responsibility to deprovision Grantee Data Users from the System(s) as appropriate on an ongoing basis. Grantee must immediately deprovision a Grantee Data User upon any event ending that Data User's need to access the System(s), including job duty change and/or termination. Grantee remains liable for the conduct of Grantee Data Users until deprovisioned. When deprovisioning employees via the City Site Administrator, Grantee must maintain evidence that the City Site Administrator was notified.

1.5 Active Directory.

Grantee Data Users will need an SFDPH Active Directory account in order to access each System(s). These Active Directory Accounts will be created as part of the provisioning process.

1.6 Role Based Access.

Each Grantee Data User's access to the System(s) will be role-based and access is limited to that necessary for treatment, payment, and health care operations. The City will assign Grantee Data User

roles upon provisioning and reserves the right to deny, revoke, limit, or modify Grantee Data User's access acting in its sole discretion.

1.7 Training Requirements.

Before System(s) access is granted, and annually thereafter, each Grantee Data User must complete SFDPH compliance, privacy, and security training. Grantee must maintain written records evidencing such annual training for each Grantee Data User and provide copies upon request to the City. For questions about how to complete SFDPH's compliance, privacy, and security training, contact Compliance.Privacy@sfdph.org, (855) 729-6040.

Before Grantee Data User first access to System(s), system-specific training must be completed. For training information, Grantee Site Administrator may contact the SFDPH IT Service Desk,

1.8 Grantee Data User Confidentiality Agreement.

Before System(s) access is granted, as part of SFDPH's compliance, privacy, and security training, each Grantee Data User must complete SFDPH's individual user confidentiality, data security and electronic signature agreement form. The agreement must be renewed annually.

1.9 Corrective Action.

Grantee shall take corrective action, including but not limited to termination and/or suspension of any System(s) access by any Grantee Data User who acts in violation of this Agreement and/or applicable regulatory requirements.

1.10 User ID and Password.

Each Grantee Data User will be assigned or create a User ID and password. Grantee and each Grantee Data User shall protect the confidentiality of User IDs and passwords and shall not divulge them to any other person(s). Grantee is responsible for the security of the User IDs and passwords issued to or created by Grantee Data Users and is liable for any misuse.

1.11 Notification of Compromised Password.

In the event that a password assigned to or created by an Grantee Data User is compromised or disclosed to a person other than the Grantee Data User, Grantee shall upon learning of the compromised password immediately notify the City, at Compliance.Privacy@sfdph.org, (855) 729-6040. Grantee is liable for any such misuse. Grantee's failure to monitor each Grantee Data User's ID and/or password use shall provide grounds for the City to terminate and/or limit Grantee's System(s) access.

1.12 Multi Factor Authentication.

Grantee and each Grantee Data User must use multi-factor authentication as directed by the City to access the System(s).

1.13 Qualified Personnel.

Grantee shall allow only qualified personnel under Grantee's direct supervision to act as Grantee Data Users with access to the System(s).

1.14 Workstation/Laptop encryption.

All workstations and laptops that process and/or store City Data must be encrypted using a current industry standard algorithm. The encryption solution must be full disk unless approved by the SFDPH Information Security Office.

1.15 Server Security.

Servers containing unencrypted City Data must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.

1.16 Removable media devices.

All electronic files that contain City Data must be encrypted using a current industry standard algorithm when stored on any removable media or portable device (i.e. USB thumb drives, CD/DVD, smart devices tapes etc.).

1.17 Antivirus software.

All workstations, laptops and other systems that process and/or store City Data must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.

1.18 Patch Management.

All workstations, laptops and other systems that process and/or store City Data must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations.

1.19 System Timeout.

The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 20 minutes of inactivity.

1.20 Warning Banners.

All systems containing City Data must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.

1.21 Transmission encryption.

All data transmissions of City Data outside the Grantee's secure internal network must be encrypted using a current industry standard algorithm. Encryption can be end to end at the network level, or the data files containing City Data can be encrypted. This requirement pertains to any type of City Data in motion such as website access, file transfer, and e-mail.

1.22 No Faxing/Mailing.

City Data may not be faxed or mailed.

1.23 Intrusion Detection.

All systems involved in accessing, holding, transporting, and protecting City Data that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

of the City.

1.24 Security of PHI.

Grantee is solely responsible for maintaining data security policies and procedures, consistent with those of the City that will adequately safeguard the City Data and the System. Upon request, Grantee will provide such security policies and procedures to the City. The City may examine annually, or in response to a security or privacy incident, Grantee's facilities, computers, privacy and security policies and

procedures and related records as may be necessary to be assured that Grantee is in compliance with the terms of this Agreement, and as applicable HIPAA, the HITECH Act, and other federal and state privacy and security laws and regulations. 1.25 Data Security and City Data

Grantee shall provide security for its networks and all internet connections consistent with industry best practices, and will promptly install all patches, fixes, upgrades, updates and new versions of any security software it employs. For information disclosed in electronic form, Grantee agrees that appropriate safeguards include electronic barriers (e.g., "firewalls", Transport Layer Security (TLS), Secure Socket Layer [SSL] encryption, or most current industry standard encryption, intrusion prevention/detection or similar barriers).

1.26 Data Privacy and Information Security Program.

Without limiting Grantee's obligation of confidentiality as further described herein, Grantee shall be responsible for establishing and maintaining a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the proper disposal of City Data; and, (v) ensure that all of Grantee's employees, agents, and subcontractors, if any, comply with all of the foregoing. In no case shall the safeguards of Grantee's data privacy and information security program be less stringent than the safeguards and standards recommended by the National Institute of Standards and Technology (NIST) Cybersecurity Framework and the Health Information Technology for Economic and Clinical Health Act (HITECH).

1.27 Disaster Recovery.

Grantee must establish a documented plan to protect the security of electronic City Data in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this agreement for more than 24 hours.

1.28 Supervision of Data.

City Data in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by a Grantee Data User authorized to access the information. City Data in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.

1.29 As Is Access.

The City provides Grantee and each Grantee Data User with System(s) access on an "as is" basis with no guarantee as to uptime, accessibility, or usefulness. To the fullest extent permissible by applicable law, the City disclaims all warranties, express or implied, including, without limitation, implied warranties of merchantability, fitness for a particular purpose, title and non-infringement.

1.30 No Technical or Administrative Support.

Except as provided herein, the City will provide no technical or administrative support to Grantee or Grantee Data Users for System(s) access.

1.31 City Audit of Grantee and Grantee Data Users.

The City acting in its sole discretion may audit Grantee and Grantee Data Users at any time. If an audit reveals an irregularity or security issue, the City may take corrective action including but not limited to termination of such Grantee's and/or Grantee Data User's access to the System(s) permanently or until the City determines that all irregularities have been satisfactorily cured. Grantee and each Grantee Data User understands that the City may create and review an audit trail for each Grantee Data User, including but not limited to, noting each Grantee Data User's ID(s), the patient information accessed, and/or the date accessed. Grantee and each Grantee Data User understands that any inappropriate access or use of patient information, as determined by the City, may result in the temporary and/or permanent termination of Grantee's or such Grantee Data User's access to the System(s). Grantee remains liable for all inappropriate System(s) access, misuse and/or breach of patient information, whether in electronic or hard-copy form.

1.32 Minimum Necessary.

1.33 No Re-Disclosure or Reporting.

Grantee may not in any way re-disclose SFDPH Data or otherwise prepare reports, summaries, or any other material (in electronic or hard-copy format) regarding or containing City Data for transmission to any other requesting individuals, agencies, or organizations without prior written City approval and where such re-disclosure is otherwise permitted or required by law.

1.34 Health Information Exchange.

If Grantee is qualified to enroll in a health information exchange, the City encourages Grantee to do so in order to facilitate the secure exchange of data between Grantee's electronic health record system (EHR) and the City's Epic EHR.

1.35 Subcontracting.

Grantee may not subcontract any portion of Data Access Agreement, except upon prior written approval of City. If the City approves a subcontract, Grantee remains fully responsible for its subcontractor(s) throughout the term and/or after expiration of this Agreement. All Subcontracts must incorporate the terms of this Data Access Agreement. To the extent that any subcontractor would have access to a System, each such subcontractor's access must be limited and subject to the same governing terms to the same extent as Grantee's access. In addition, each contract between Grantee and that subcontractor must, except as the City otherwise agrees, include a Business Associate Agreement requiring such subcontractor to comply with all regulatory requirements regarding third-party access, and include a provision obligating that subcontractor to (1) defend, indemnify, and hold the City harmless in the event of a data breach, (2) provide cyber and technology errors and omissions insurance, and (3) ensure that such data has been destroyed, returned, and/or protected as provided by HIPAA at the expiration of the subcontract term.

Article 2 Indemnity

2.1 Medical Malpractice Indemnification.

Grantee recognizes that the System(s) is a sophisticated tool for use only by trained personnel, and it is not a substitute for competent human intervention and discretionary thinking. Therefore, if providing patient treatment, Grantee agrees that it will:

- (a) Read information displayed or transmitted by the System accurately and completely;
- (b) Ensure that Grantee Data Users are trained on the use of the System;
- (c) Be responsible for decisions made based on the use of the System;
- (d) Verify the accuracy of all information accessed through the System using applicable standards of good medical practice to no less a degree than if Grantee were using paper records;

- (g) Use the System only in accordance with applicable standards of good medical practice.

Grantee agrees to indemnify, hold harmless and defend City from any claim by or on behalf of any patient, or by or on behalf of any other third party or person claiming damage by virtue of a familial or financial relationship with such a patient, regardless of the cause, if such claim in any way arises out of or relates to patient care or outcomes based on Grantee's or a Grantee Data User's System access.

Data or System Breach Indemnification

Grantee agrees to defend, indemnify, and hold the City harmless from any claim by or on behalf of any patient, or by or on behalf of any other third party or person claiming damage by virtue of a familial or financial relationship with such a patient, regardless of the cause, in the event of a data breach.

Article 3 Proprietary Rights and Data Breach

3.1 Ownership of City Data.

The Parties agree that as between them, all rights, including all intellectual property rights in and to the City Data and any derivative works of the City Data shall remain the exclusive property of the City.

3.2 Data Breach; Loss of City Data.

The Grantee shall notify City immediately by telephone call plus email upon the discovery of a breach (as herein). For purposes of this Section, breaches and security incidents shall be treated as discovered by Grantee as of the first day on which such breach or security incident is known to the Grantee, or, by exercising reasonable diligence would have been known to the Grantee. Grantee shall be deemed to have knowledge of a breach if such breach is known, or by exercising reasonable diligence would have been known, to any person, other than the person committing the breach, who is an employee or agent of the Grantee.

Grantee shall take:

- i. prompt corrective action to mitigate any risks or damages involved with the

- breach or security incident and to protect the operating environment; and
- ii. any action pertaining to a breach required by applicable federal and state laws.

3.2.1 Investigation of Breach and Security Incidents: The Grantee shall immediately investigate such breach or security incident. As soon as the information is known and shall inform the City of:

- i. what data elements were involved, and the extent of the data disclosure or access involved in the breach, including, specifically, the number of individuals whose personal information was breached; and
- ii. a description of the unauthorized persons known or reasonably believed to have improperly used the City Data and/or a description of the unauthorized persons known or reasonably believed to have improperly accessed or acquired the City Data, or to whom it is known or reasonably believed to have had the City Data improperly disclosed to them; and
- iii. a description of where the City Data is believed to have been improperly used or disclosed; and

I. INTRODUCTION AND SOLICITATION SCHEDULE

A. Introduction

1. General

The San Francisco Human Services Agency (HSA) and Department of Disability and Aging Services (DAS) is seeking non-profit agencies and other organizations to provide services to older adults and adults with disabilities through the Community Living Fund Program (CLFP), funded by the Community Living Fund (CLF), a fund that was created in the San Francisco Administrative Code Section 10.100-12 to support aging in place and community placement alternatives for individuals who may otherwise require care within an institution. DAS oversees the administration of the Community Living Fund.

2. Background

The Community Living Fund Program (CLFP) assists individuals with limited incomes to transition out of nursing facilities and back to living independently in the community. CLFP provides services, or a combination of goods and services, to individuals living in the community who are at imminent risk of institutionalization. CLFP staff work to ensure that individuals are connected to all available community resources, stable housing, and appropriate healthcare services to support their ability to live at home safely. The intent of the CLFP is to reduce unnecessary institutionalization by providing older adults and adults with disabilities with options for where and how they receive assistance, care and support, through case management and other services. No individual willing and able to live in the community should be institutionalized because of a lack of community-based long-term care and supportive services.

The Community Living Fund Program (CLFP) is consistent with the goals of the Community Living Fund (CLF), which are to:

- a. Enable older adults and adults with disabilities who are eligible to remain living safely in their own homes and communities for as long as possible;
- b. Provide financial support for home and community-based long-term care and supportive services beyond what is currently available;
- c. Offer flexible funding to create “wrap-around” services that provide essential community-based assistance, care, and support;
- d. Facilitate the development of service delivery models that strengthen the community-based long-term care systems and workforce;
- e. Expand, not supplant, existing funding, in order to fill funding gaps until new sources of financial support for community-based long-term care services can be secured through federal Medicaid waivers and other means.

The CLFP is fully operational under a current grant agreement that will sunset June 30, 2023. A new grantee awarded this grant must be able to transition current clients of the CLFP from the previous grantee.

3. Diversity, Inclusion, and Racial Equity

The San Francisco Human Services Agency (SFHSA) is committed to a culture of inclusion in which our differences are celebrated. Everyone should have what they need to thrive no matter

their race, age, ability, gender, sexual orientation, ethnicity, or country of origin. The Department believes that a diverse and inclusive workforce will produce more creative and innovative outcomes for the organization, and ultimately, its clients.

SFHSA is committed to combating systemic racism and disparate impact of governmental services by advancing racial equity in all aspects of our work, ensuring access to services and providing support to communities to ensure their ability to succeed and thrive.

SFHSA seeks to partner with community based organizations that share these values in their organizational culture and program services. The agency sees our contracted community based partners and their work as a means to enhance and further advance efforts to address racial equity and inclusion across San Francisco.

Respondents to this request for proposals must ensure that they clearly demonstrate how these values are exemplified through their organizational and program operations. This should include a description of the organization's plans, strategies, and activities to address racial equity and inclusion among staff and program participants, as well as internal controls to regularly review current practices through the lens of racial equity and inclusion to identify areas of improvement.

Additional examples of information to be provided are: the organizational mission or inclusion statements, non-discrimination documents, and/or other supporting documents, community outreach plans, staff training activities on racial equity, and a description of or data on the demographics of staff and program participants.

4. Selection Overview

The City shall award a contract/grant to one Proposer that meet the Minimum Qualifications of this Solicitation and obtain the highest ranking scores. Responsive Proposals will be evaluated by a panel ("Evaluation Panel") consisting of one or more parties with expertise related to goods and/or services being procured through this Solicitation. The Evaluation Panel may include staff from various City departments. Proposals will be evaluated based on the criteria outlined herein.

B. Anticipated Term

A contract awarded pursuant to this Solicitation shall have a tentative term of four (4) years from July 1, 2023 to June 30, 2027, subject to annual availability of funds, annual satisfactory performance, and need. SFHSA reserves the right to enter into contracts of a shorter duration.

C. Anticipated Not to Exceed Amount

These services will be supported through funding from the City and County of San Francisco and Federal grants and is estimated to be \$5,152,518 annually (\$4,797,766 identified for CLFP and \$354,752 identified for DAS Public Guardian's Office Initiative) for a total amount of \$20,610,072 for the 4-year grant. It is anticipated that grant award will be made to a single Agency working in collaboration with other agencies or community-based organizations through subcontracts to provide the necessary variety of expertise and skills in order to: (1) provide the case management services, staff, and organizational infrastructure; and (2) manage the CLFP dollars to provide needed goods, services, equipment and other resources not available through other means. Expertise in a variety of areas is essential to the effective management of the CLFP. These may include, but are not limited to, older adults, adults with disabilities, mental health and substance abuse services, assessing transition individuals from skilled nursing centers and other clinical settings, and housing.

The funding amounts listed in this RFP are anticipated initial funding awards, based on current budget availability. The source of funding for these services is federal and local funds. Actual awards will be determined by the number of responsive proposals that meet the Department's strategies and objectives, and funding may be less or more. **Please submit budget requests according to the limits in this RFP**, however, SFHSA may negotiate different funding allocations, grant terms, and project goals before finalizing awards. Should additional funding become available, award amounts may be increased significantly beyond the originally anticipated amount at a level commensurate to the details in the RFP.

All decisions regarding the size, length, and scope of future funding awards are subject to SFHSA approval and budget availability. Some of the service areas may not be funded initially, but the Department may award unfunded proposals within the term of this RFP if funds become available that align with the services proposed. Future funding is not guaranteed, and funding amounts and terms will depend upon the performance of the grantee during the initial award period, as well as other policy considerations as determined by SFHSA. SFHSA reserves the right, in its sole discretion, to not renew funding awards.

D. Cooperative Agreement

Any other City department, public entity or non-profit made up of multiple public entities, may use the results of this Solicitation to obtain some or all of the commodities or services to be provided by Proposer under the same terms and conditions of any contract awarded pursuant to this Solicitation.

G. Target Population

The CLFP prioritizes eligible individuals who are transitioning from institutional settings (e.g. skilled nursing facilities, rehabilitation centers, acute hospitals, etc.) to community settings. The CLFP also serves eligible individuals living in the community who are at imminent risk of institutionalization.

CLFP Eligibility: In order to obtain services, an individual must, at a minimum, be:

- 18 years or older;
- Institutionalized or deemed, at assessment, to be at imminent risk of being institutionalized;
- A resident of San Francisco;
- Willing and able to live in the community with appropriate supports; and
- At an income level of 300% of federal poverty or less plus assets up to \$130,000.

The following groups of people will be served:

- The first priority will be patients of Laguna Honda Hospital and Zuckerberg San Francisco General Hospital who are willing and able to be discharged to community living.
- Patients at other San Francisco acute care hospitals and skilled nursing facilities.
- Nursing home eligible individuals on the Laguna Honda Hospital waiting list (some of whom are at Zuckerberg San Francisco General Hospital and other hospitals) who are willing and able to remain living in the community.
- Individuals who are at imminent risk for nursing home or institutional placement, willing and able to remain living in the community with appropriate supports.

Further, an individual must have a demonstrated need for a service and/or resource that will serve to prevent institutionalization or enable community living. Specific conditions or situations such as substance use or chronic mental illness shall not be a deterrent to services if the eligibility criteria are met.

II. SCOPE OF WORK

The Scope of Work is to be used as a general guide and is not intended to be a complete list of all work necessary to complete the project. Respondents should use this description when designing their proposed programs. However, respondents may suggest modifications and/or additions that will, in their estimation, make the program more feasible or effective. The description below outlines the key program elements and services the selected vendor(s) will provide.

A. Description of Services

Case Management Component

Respondent will demonstrate experience and capacity to provide different levels of case management services including intensive case management service, moderate to minimal assistance, as well as access to one-time resources and services. These levels of case management allow flexibility to tailor to individual needs to ensure stabilization and to avoid premature hospitalization and/or institutionalization.

Levels of case management are defined as below:

- Intensive case management will be provided for persons with complex medical, cognitive, behavioral, and psychological needs who require a maximum amount of care and supervision and access to ongoing resources and services. Intensive case management for unstable clients with chronic and acute complex needs will require extensive coordination of and access to a full range of social, behavioral, mental health, and medical services.
- Moderate case management will be provided for persons who require moderate to minimal assistance and support as well as access to one-time resources and services. This level of case management ensures stabilization and avoidance of hospitalization and nursing home placement.

Purchase of Services Component

Respondent will demonstrate experience and capacity to manage purchased goods and services for clients, including those of their sub-contractors if used. The CLFP will support a menu of service options and level of assistance, care, and support, and a range of housing, and supportive services. These services must be deemed necessary by a CLFP case manager and the funds are only used as a last resort, when all other payment options for that service have been exhausted. The CLFP will access and leverage state and federal funds whenever possible, and incorporate processes in CLFP policies and procedures. Purchased services will supplement other available resources to ensure that each client receives the comprehensive array of appropriate services that are necessary to allow for community living.

Funding for this program should include 40-45% in the purchase of service category for CLFP clients, and this should be indicated in the proposed budget.

Additional CLFP Initiatives

The CLFP also supports other program initiatives, and the grantee will work collaboratively with these initiatives through the identified organization in providing services. All referrals through these initiatives are still eligible for CLFP services. Current initiatives supported by CLFP include:

- DAS Public Guardian's (PG) Office Initiative - Supported by CLFP through the provision of administration of housing funds for CLFP eligible participants. In this initiative, the PG program provides program support including in-person visits, coordinated case management services, monthly approval of the housing subsidies, and other activities to ensure equitable access and appropriate use of the fund.
- Enhanced Care Management - The current grant agreement also includes Enhanced Care Management services for members of the San Francisco Health Plan who are adults living in the community who are at risk for long-term care institutionalization as well as nursing facility residents transitioning to the community. Enhanced Care Management for these two populations of focus align with the goals of CLFP. Information about Enhanced Care Management and the expectations of the health plan can be found in the attached ECM Program Guide.
 - Respondent will be required to participate in ECM services. Include in your response to this RFP whether your agency see any barriers, challenges, or roadblocks in adding the Enhanced Care Management (ECM) components to your proposed model. Include a statement on your agency's ability and capacity to perform the services defined by the attached ECM program guide.

Note: Additional initiatives could change depending on needs of the program.

B. Program Administration

Program infrastructure must include, at a minimum:

- Administrative capabilities including but not limited to: data entry, database maintenance, invoice processing, and vendor payment.
- Purchased service vendor contracts and procurement policies.
- Clinical supervision across all sub-contracted agencies if used.
- Standard accounting practices and reporting functions.
- A dedicated database to capture care planning, case management, client information tracking, purchased services and dollars spent to help older adults and younger adults with disabilities remain living in the community.
 - Documentation is coordinated between all sub-contracted agencies, if used, to ensure that necessary data is reported consistently.
 - The CLFP database must have the ability to communicate with the DAS databases, including Integrated Intake and Integrated Housing database, which access data from multiple City programs and departments.

Grantee Responsibilities in Administration of the Program

The respondent will explain the organization's ability to comply with and/or have experience to meet following requirements under this procurement:

- Work with the DAS Benefits and Resources Hub for referrals to the CLFP. All referrals to the CLFP come through the DAS Benefits and Resource Hub, which is the initial entry point for accessing the fund. DAS Benefits and Resource Hub completes an initial screening and refers those presumed eligible for the fund to the CLFP Grantee.

- Manage a waitlist with strategic decision making with DAS for financial considerations, prioritizations, and trends.
- Coordinate all case management services through clinical supervision; including collaboration between multidisciplinary staff, across all sub-contracted organizations, through weekly scheduled case conferencing. There must be strong collaboration to share expertise.
- Work collaboratively with other community organizations presently working with the client and additional ones who can provide specific expertise. When working in collaboration with other agencies or community-based organizations through sub-contracts or MOUs/BAA's, respondent will assure that they will have staffing and experience in the appropriate areas.
- Ensure that the purchase of all proposed goods and services is reasonable, prudent and properly procured following clearly written internal fiscal policies and procedures.
- CLF is the fund of last resort in the purchase of goods and services. As such, all other viable options must be exhausted prior to utilization of CLF dollars.
- Work collaboratively with DAS CLF Program Analyst to strategize program direction.
- Develop and maintain collaborations with both City departments and community programs in order to reach the target population that is eligible for the services supported by the CLFP.
- Conduct multidisciplinary meetings with stakeholders and partners monthly or as needed for the purposes of transitioning clients to the community and/or forwarding the mission of CLF.
- Support a CLF Advisory Council to provide a forum for consumer and community feedback. Members should include current and former program participants, representatives from community agencies, as well as a population representative of San Francisco.
- Conduct activities that measure program impact such as participant improvements and outcomes in their quality of life as a result of program participation. These activities are conducted annually (at a minimum) to gather additional input from participants regarding their direct experience in an anonymous format.
- Work closely with HSA Planning Unit staff to ensure appropriate and accurate collection of data for evaluation and program design analysis as well as with DAS in an ongoing evaluation of the program.
- Utilize a dedicated database for the CLFP that tracks client information, assessments, care plans, progress notes, service authorizations and purchased services.
- Manage complex billing with strong fiscal management, including the ability to leverage other state and federal funds.
- Conduct surveys detailing program impacts such as improvements in participant health outcomes and/or quality of life as a result of program participation.
- Comply with requirements to provide time certifications for staff involved in service delivery and service support activities.
- If a new grantee, clearly outline a transition plan to move current CLFP clients to your organization, which should outline prevention of any disruption in service to current clients.

Please note: Grantees entering into agreements with HSA must commit to fulfilling the reporting requirements that correspond with the applicable state, federal, and/or grant funding the contract. In the event the Grantee fails to fulfill these requirements, HSA will direct the Grantee to reduce its budget accordingly and/or terminate the contract. The funding available for a given contract can vary for multiple reasons including those outside of HSA and Grantee's control, including

reduction of participant funding at the state or federal level for contracted activities. Regardless of the reason, HSA may need to instruct the Grantee to adjust its budget. These adjustments, if needed, would occur on an annual or semi-annual basis (depending on magnitude of change and service impact). Grantees receiving payment from HSA to provide the services under this RFP will be required to track staff time expended through a time study web application to identify time spent on claimable activities.

The objectives stated in the proposal may be incorporated as part of the program's evaluation plan. The objectives should be specified in the proposals to match the services to be provided.

Service Objectives

As part of the proposal, the respondent will be required to develop specific service objectives that measure the quantity and other aspects of services. The objectives should state the target quantities and match the program services as proposed.

- Objective 1:** Number of unduplicated consumers receiving intensive case management and/or purchased services. **Target = 440**
- Objective 2:** Number of clients newly enrolled in CLFP. **Target = 175**
- Objective 3:** Number of clients enrolled in ECM. **Target = 165**
- Objective 4:** Number of clients enrolled in PG Housing Fund. **Target = 6**

Outcome Objectives

As part of the proposal, the respondent will be required to develop specific outcome objectives that demonstrate and measure the impact, outcomes, or results of services. Both quantitative and qualitative analysis shall be applied to measure program efficiency and effectiveness. The outcome objectives specified below will be required.

DAS is committed to measuring the impact of its investments in community services. Examples of outcome measures may include the following. On an annual basis and as needed, Grantee will report progress towards meeting the following outcome objectives:

- Objective 1:** Successfully support community living for a period of at least six months for at least 85% of CLFP clients who are being discharged from Laguna Honda Hospital at the time of enrollment. Identify reasons for re-institutionalization when it occurs.
- Objective 2:** At least 70% of care plan problems are resolved, on average, after one year of enrollment in CLFP (excluding clients with ongoing purchases).

Objective 3: At least 90% of respondents agree that CLFP services helped maintain or improve their ability for successful community living. This information is collected via a consumer satisfaction survey.

D. Reporting requirements

Grantee will provide various reports during the term of the grant agreement.

1. Grantee will provide an annual report summarizing the contract activities, referencing the tasks as outlined in the negotiated Scope of Services. This report will also include accomplishments and challenges encountered by the Grantee. This report is due 45 days after the completion of the program year.

3. On an annual basis, Grantee will provide results of surveys detailing program impacts such as improvements in participant health outcomes and/or quality of life as a result of program participation.
4. Grantee will submit time studies to HSA/DAS for the months of February, May, August and November. The time study is due on the 10th day following the time study month and shall be entered on line to this website link: <https://calmaa.hfa3.org/signin>

XI. BUDGET FORMS AND INSTRUCTIONS

Budgets should be submitted in the standard HSA format. Forms are available at:

<https://sfcitypartner.sfgov.org/pages/Events-BS3/event-search.aspx>

Click on “Human Services Agency” in the Department drop-down menu and then click the link for this RFP.

The attached spreadsheets are in Excel. There are four (4) pages in the budget (in addition to the budget justification), as follows: Contract Budget Summary, Salaries and Benefits Detail, Operating Expense Detail, Capital Expenditure Detail.

Please note the Salaries and Benefits, Operating Expense and Capital Expenditure are direct costs and must be clearly and easily attributable to a specific program.

The Budget Justification is a narrative, which provides the detailed information and calculations supporting the amount allocated for each budget line item. There is no form provided for the Budget Justification. Please detail all mathematical computations for each line item. Show how the total dollar amount was derived, e.g., the annual salary for each position multiplied by the FTE, the number of square feet of office space to be utilized multiplied by the rate per square foot, the cost per month for insurance multiplied by the number of months in the contract term, etc. For the Salaries and Benefits section, list the position, a brief sentence of the position's responsibilities, the full-time equivalent (FTE), the percentage of FTE allocated to the activity, the salary per month, the salary per annum, and the mathematical computation used to arrive at the total dollar amount.

The Cost Allocation Plan is required. Respondents must follow the City’s cost allocation guidelines for nonprofit contractors, which largely follow those described by Generally Accepted Accounting Principles (GAAP) and in Federal OMB Circular A-122. The plan should include how indirect costs were calculated.

If applicable, attach a separate detailed Subcontracting budget using the standard SFHSA format if there is a Subcontractor arrangement made under the terms of the contract. Provide a brief explanation of the subcontracting arrangement, as well as a budget breakdown. Please note, the total subcontractor budget amount should appear on the Operating Expense Detail sheet under the Subcontractor section.

Indirect rates are not allowable on subcontractor indirect expenditures, capital expenditures, aid payments, other direct voucher payments, or any stipend, subsidy or expense paid on behalf of a client (i.e., security deposit, rental payment assistance, transportation vouchers, etc.). These examples are not intended to be a comprehensive list. If an organization is uncertain whether indirect costs can be applied to a particular expense, it should consult with their SFHSA Contract Manager.

These guidelines provide general information. If further clarification or technical assistance is required, consult the HSA Office of Contract Management Contract Manager listed.

Another caller called in about Public Comment about seniors and people with disabilities to participate actively. There are 1000's of San Franciscans that need these services.
