16 Section 1. Findings.

17 (a) ~~The Planning Department has determined that the actions contemplated in this~~
18 ~~ordinance comply with the California Environmental Quality Act (California Public Resources~~
19 ~~Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of~~
20 ~~Supervisors in File No. _____ and is incorporated herein by reference. This Board affirms said~~
21 ~~determination.~~

22 (b) ~~On _____, the Planning Commission, in Resolution No. _____, adopted findings~~
23 ~~The~~
24 Board of Supervisors finds that the actions contemplated in this ordinance are consistent, on
25 balance, with the City's General Plan and eight priority policies of Planning Code Section
101.1 because the fee waiver will encourage owners to maintain and legalize potential
sources of affordable housing and result in a very low fiscal impact to the Planning and

1 Building Departments. ~~The Board adopts these findings as its own. A copy of said Resolution~~
2 ~~is on file with the Clerk of the Board of Supervisors in File No. _____, and is incorporated~~
3 ~~herein by reference.~~

4 (eb) Pursuant to Planning Code Section 302, this Board finds that this Planning Code
5 Amendment will serve the public necessity, convenience, and welfare because the fee waiver
6 will encourage owners to maintain and legalize potential sources of affordable housing and
7 result in little fiscal impact to the City ~~for the reasons set forth in Planning Commission~~
8 ~~Resolution No. _____ and the Board incorporates such reasons herein by reference.~~

9 (dc) In California Government Code Section 65852.150, the Legislature declared that
10 secondary units are a valuable form of housing in California because they "provide housing
11 for family members, students, the elderly, in-home health care providers, the disabled, and
12 others, at below market prices within existing neighborhoods" and that "homeowners who
3 create second units benefit from added income, and an increased sense of security."

14 (ed) San Francisco has long had a housing shortage, especially of affordable housing.
15 The housing market continues to be tight and housing costs are beyond the reach of many
16 households. Objective 3 of the City's 2014 Housing Element directs the City to protect the
17 affordability of the existing housing stock, especially rental units. Policy 3.4 seeks to preserve
18 "naturally" affordable housing types, such as smaller and older ownership units.

19 (fe) The City has no definitive information on the number of dwelling units that have
20 been added to existing residential buildings without the benefit of a permit, but unofficial
21 estimates indicate that as many as 30,000 to 40,000 such dwelling units exist as of 2013.
22 Often these illegal units have been built in the basements, garages, and attics of existing
23 buildings or in rear-yard structures. While many of these units may not meet existing Planning
24 and Building Code requirements, they constitute a major supply of San Francisco's affordable
25 housing units, often meet life and safety standards, or could meet such standards with minor

1 permitted alterations, and may require only exceptions from density, open space, and other
2 Planning Code requirements in order to become legal units.

3 (g) The City's 2014 Housing Element notes that while 76 secondary units were
4 legalized between 2004 and 2013, a much larger number (226 units) were removed during
5 that same period.

6 (h) In Spring 2014, the City passed legislation (Ordinance Number 43-14, approved
7 on April 14, 2014) to allow the legalization process for secondary units built without a building
8 permit. The legislation amends the Planning Code, the Building Code, and the Administrative
9 Code to establish a legalization process for such units.

10 (i) Mayoral Executive Directive 13-01 seeks to maximize the preservation of these
11 secondary units as affordable housing. To encourage the legalization of such units, this
12 ordinance would waive certain permit review fees associated with retaining these secondary
13 units by granting legal status to existing dwelling units constructed without the required
14 permits.

15 (j) By waiving such fees, the City would create incentives for property owners to
16 pursue legalization of the secondary units and would help achieve several public policy
17 objectives. By encouraging the legalization of these units, the City would add legitimate units
18 to the City's supply of affordable housing, ensure that these units are safe and habitable, and
19 properly include these units when calculating the City's existing housing supply.

20 21 Section 2. Fee Waivers

22 (a) Notwithstanding any provision of the Planning Code, including the fee schedule
23 associated with Sections 355(a), the permit fee related to reviewing permit applications
24 seeking to legalize existing dwelling units that were constructed without the required permits,
25 is hereby waived for any permit issued for such activities prior to January 1, 2020.

1 (b) Notwithstanding any provision of the Building Code, including the fee schedules of
2 Tables 1A-A and 1A-E, the Plan Review Fee related to reviewing permit applications, or a
3 portion of a permit application, seeking to legalize existing dwelling units that were
4 constructed without the required permits is hereby waived for any permit issued for such
5 activities prior to January 1, 2020; provided that other fees, including but not limited to fees for
6 applications to undertake structural work or excavation activities or any fees required by
7 State law, shall not be waived.

8 (c) Only the portion of the permit fees related to legalizing existing units may be
9 waived. If the permit describes work beyond that required to legalize the unit, the fees related
10 to any additional work beyond necessary improvements for legalization shall not be waived.

11 (d) In the event the Director of Building Inspection or the Planning Director determine
12 that the fee waivers provided in this Ordinance No. _____ are no longer feasible, they may
13 provide information to the Board of Supervisors about such feasibility and the Board may
14 consider adopting an ordinance terminating this fee waiver prior to January 1, 2020.

15
16 Section 3. Effective Date. This ordinance shall become effective 30 days after
17 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
18 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
19 of Supervisors overrides the Mayor's veto of the ordinance.

LEGISLATIVE DIGEST

[Planning, Building Codes - Fee Waiver for Legalization of Secondary Dwelling Units]

Ordinance amending the Planning and Building Codes to waive fees related to granting legal status to existing dwelling units constructed without required permits; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, Planning Code, Section 302, and the eight priority policies of Planning Code, Section 101.1.

Existing Law

The Planning Department and Department of Building Inspection charge certain administrative fees for review of building permit applications, including permit applications that may be submitted to legalize an existing secondary dwelling unit that had been constructed or added without required City permits.

Amendments to Current Law

This ordinance would waive permit application fees for review of permit applications that seek to legalize secondary dwelling units until January 1, 2020. The Department of Building Inspection would waive its Plan Review Fee, and the Planning Department would waive its permit fee related to reviewing permit applications. Only fees related directly to legalization would be waived. If the Director of Building Inspection and the Planning Director determine that the permit application fee waiver is no longer feasible, they could request that the Board of Supervisors consider terminating this fee waiver prior to January 1, 2020.

Background Information

Consistent with Mayor's Executive Directive 13-01, the legislation seeks to encourage the preservation of existing secondary dwelling units as affordable housing. To encourage the legalization of such units, this legislation would waive certain permit review fees associated with legalizing these secondary units.

Recommendation: Waive Commission Review of Ordinances [BF 150568 and BF 150571]

On June 2, 2015 Mayor Edwin Lee introduced two ordinances associated with the City's Fiscal Year (FY) 2015-2016 Budget at the Board of Supervisors: Board File 150571- Fee Waiver for In-Law Units, and Board File 150568 - Citywide Affordable Housing Fund. Both of these ordinances are scheduled to be heard by the Budget and Finance Committee on June 22, 2015 so that they can be considered alongside the City's final budget.

Planning Code Section 306.4(d)(3) requires the Planning Commission to render its decision on Board of Supervisor initiated ordinances within 90 days from the date of referral of the proposed amendment or modification by the Board to the Commission. Failure of the Commission to act within the prescribed time shall be deemed to constitute disapproval by the Planning Commission. Further, these items cannot be properly heard by the Board until either the 90-day period has expired or the Commission has taken action. Board Files 150568 and 150571 were referred to the Planning Department on June 10, 2015. As such, the Department has not had adequate time to calendar these items for consideration by the Planning Commission at a properly noticed public hearing. Given the importance of these two items, and the tight adoption timeline of the City's 15-16 Fiscal Year Budget, the Department is requesting that the Planning Commission pass a resolution (see Exhibits A and B) waiving its opportunity to hear both of these ordinances so that they can move forward in concert with the City's Budget.

Board File 150571 Fee Waiver for In-Law Units

On December 1, 2013 the Mayor issued Mayoral Directive 13-01, which directed all Departments "that have the legal authority over the permitting or mapping of new or existing housing to prioritize their administrative work plans to the construction and development of all net new housing, including affordable housing." In response to the Mayor's directive, the Department has been working with the Mayor's Office to ensure that we preserve not only existing permitted housing units but also unpermitted housing units. BF 150571 was developed by the Mayor's office in consultation with the Planning Department after the Department's budget was presented to the Planning Commission; therefore it was not considered by the Planning Commission at that time.

BF 150571 seeks to build upon Mayoral Directive 13-01 by waiving Planning Department and Building Department fees related to legalizing existing accessory dwelling units constructed without permits in order to incentivize the preservation and legalization of these units. The Department estimates that the

fiscal impact of this Ordinance would be minimal. Last year, 34 permits authorized the legalization of existing units within the City. DBI permit fees averaged roughly \$1,540 per approved permit, while Planning permit fees averaged \$1,647 per approved permit (See Exhibit E). If a fee waiver had been in place during this time period, the total cost to the Planning Department would have been roughly \$52,000. Given the relatively low fiscal impact to the Planning Department and the importance of maintaining and legalizing existing housing, the Department recommends that the Commission waive the 90-day review period so that the Board of Supervisors may consider this ordinance without delay as part of the City's budget.

Board File 150568 Citywide Affordable Housing Fund

The Citywide Affordable Housing Fund is currently established in Planning Code Section 413.10 as a special fund established by the Controller. Despite this mention in the Planning Code, the Fund was never defined in the Administrative Code along with the other special funds established by the Controller. Fees from several different programs related to affordable housing, including programs in the Planning Code and the Subdivision Code, are deposited into the Fund. In some cases, the funds are identified as being "appropriated" and in some cases they are not. However, Planning Code Section 413.10, which established the Fund, does include appropriation authority language. This lack of consistency across the Planning Code results in an unclear appropriation authority. Specifically, the following fees dedicated to affordable housing make reference to the Citywide Affordable Housing Fund:

- Jobs-Housing Linkage Fees, Planning Code Section 413.10
- Inclusionary Affordable Housing Program, Planning Code Section 415.5
- Market-Octavia Affordable Housing Requirement, Planning Code Section 416.5
- Eastern Neighborhoods Community Improvements Fund, Designated Affordable Housing Zones, Planning Code Section 423.5
- Expedited Condo Conversion Program, Subdivision Code 1396.4

Board File 150568 corrects this and adds clarity by defining the Citywide Affordable Housing Fund in the Administrative Code as a "Category Eight self-appropriating fund." This is to bring the fund into alignment with the way that other special funds are typically defined. In addition, for consistency, language in the Planning Code sections referenced above is clarified to refer to the Administrative Code as the common governing description of the Fund. The Ordinance allows MOHCD to administer the fund, and the Director of MOHCD approves all expenditures from the Fund. The draft Ordinance also amends the Planning and Subdivision Codes to uniformly refer to the "Citywide Affordable Housing Fund" and clarify that in all cases, the funds that flow into the Fund are appropriated. Allowable expenditures defined by each specific fee remain unchanged, namely, all fee revenues are restricted to use by the Mayor's Office of Housing and Community Development for affordable housing production. City practice has been to follow the appropriation authority granted in the Planning Code for the Jobs-Housing Linkage Fees and the Inclusionary Affordable Housing Program. These proposed changes align the Market-Octavia, Eastern Neighborhoods, and Expedited Condo Conversion fees, which are newer sections of the Planning Code, with the City practice. Given the clarifying nature of this Ordinance and that it would not change City practice of appropriation of fees dedicated to affordable housing production, the Department recommends that the Commission waive the 90-day review period so that the Board of Supervisors may consider this Ordinance without delay as part of the City's budget.
