Green Infrastructure Grant Program:

Board of Supervisors Update

July – September 2023

Program Summary

The San Francisco Public Utilities Commission's (SFPUC) Green Infrastructure Grant Program (Grant Program) is designed to encourage San Francisco properties to design, build, and maintain performance-based green stormwater infrastructure (Green Infrastructure or GI), including but not limited to: permeable pavement, rainwater harvesting, rain gardens, and vegetated roofs. The purpose of the Green Infrastructure Grant Program is to improve the performance of SFPUC's sewer system by reducing the amount of stormwater runoff entering the system, while delivering public benefits that enhance the quality of life of SFPUC rate payers.

To receive funding under the Grant Program each project must:

1. Be located on a parcel that is connected to an SFPUC-owned and operated sewer system service area.
2. Manage stormwater runoff from a minimum impervious area of 0.5 acres.
3. Capture the 90th percentile storm (0.75-inch depth) with the proposed green infrastructure features.
4. Provide at least two (2) of the identified co-benefits from the program list, which can be found in the [Grantee Guidebook](#).
5. Have a grant team that collectively demonstrates a history of successful project implementation and has previous experience designing, constructing, and/or maintaining green infrastructure, and be in good standing in all currently active Green Infrastructure Grant Program projects.

More information on the Grant Program can be found at <http://www.sfpuc.org/gigrants>.

Quarterly Highlights

During the third quarter of 2023, SFPUC announced its awards for the Spring 2023 application cycle. 4 applications were received for the Spring 2023 cycle and 4 applications were awarded grants, totaling just over \$5.4M in funding: Buchanan Street Mall, Louis Sutter Playground, Thurgood Marshall High School, and Visitacion Valley Middle School. Three active projects, Crocker Amazon Park, St. Anne of the Sunset, and St. Emydius began construction during the third quarter. Two active projects, Project Artaud and Everett Middle School began design during the third quarter. Four activate projects, Church of the Visitacion, St. Thomas More School, St. Monica, and St. Thomas the Apostle continued project design during the third quarter.

One project, Holy Trinity Greek Orthodox Church withdrew from the grant program during the third quarter. It was determined that the original project scope was not feasible because of significant geotechnical constraints on the property. Given the findings from the geotechnical investigation, the property owner's preferences, and lack of a feasible stormwater management strategy for the site, the SFPUC and property owner agreed that the best path forward was to withdraw the project from

the grant program. The remaining unspent grant funds will be returned to the program for future projects.

Program Statistics (February 2019 – September 2023)

Since the launch of the Green Infrastructure Grant Program in February 2019, the SFPUC has awarded grants to 20 projects with a total of approximately \$20M in funding. The following program summary statistics are as of September 30, 2023:

- Applications Received and Awarded: **20**
- Active Projects: **16**
- Projects Completed: **3**
- Total Funding Awarded: **\$20.03M**
- Potential Stormwater Captured by Awarded Projects: **13 million gallons per year**
- Property Site Visits Conducted by Technical Team: **58**
- Site Opportunities Assessments Completed: **31**
- Presentations Given to Stakeholders: **11**
- Publications and Media pick-ups: **2**

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Kevin Miller

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Stephanie Hill

Hi,

I am a resident of District 6, and I do NOT support this measure to increase police staffing over the next five years. I am against dedicating an additional \$16 million to SFPD and the idea that there is 'rampant crime' happening in the city is just a narrative people who don't live here create so more funds will be directed to the police department (I attend neighborhood HOA meetings and see how crime is actually lower now than it was in 2019).

Again, I do NOT support this measure and this has cost Supervisor Dorsey my vote.

Thanks,
Diana

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Kimiko Klein

Dear Board of Supervisors,

I am writing to you to express my support of Supervisor Stefani's Nonprofit Auditing Ordinance and urge you to vote in support of it.

The City currently spends \$1.7 billion on contracts with over 600 nonprofits. While many of these organizations provide valuable services to our communities, the City's lack of guidelines for these contracts has resulted in waste and redundancy.

By requiring the Controller to develop guidelines on metrics that must be included in City contracts, it will ensure consistency across the variety of contracts that nonprofits have with the city, thereby enabling that nonprofits to best deliver against clear metrics. Not only is this good governance to hold nonprofits accountable for results, it is needed to enable the City to measure progress towards addressing its most pressing problems, including homelessness and the drug and mental health crisis.

Finally, the high profile collapse of Baker Places and corruption discovered at United Council of Human Services highlights the need for increased oversight of service providers to ensure money is accounted for and is being used effectively to provide our most vulnerable the help they need.

Ultimately, this legislation will help improve oversight of taxpayer money, address the issues faced by nonprofits contracting with the City, and increase public access to information around nonprofit contracts.

I hope you will vote in support of this legislation.

Sincerely,
Christopher Stark

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

October 20, 2023

Dear Supervisors Dorsey, Walton and Safai

The SFCDMA Executive Board is writing today in support of SF BOS File #230985, the charter amendment establishing minimum police department staffing and five-year annual funding requirements to be put to San Francisco voters in March of 2024. It's our opinion that significant changes must be made as quickly as possible so that the precipitous attrition we have seen at SFPD is halted and reversed. Our members report that SFPD Station Captains regularly cite short-staffing as a reason for lack of timely response to many, if not most, incidents occurring in our commercial corridors such as graffiti and rampant shoplifting or nuisance complaints like aggressive panhandling or wild animal feeding. Sadly, our trust that SFPD will be able to respond to more serious incidents of violent crime is eroding as we see the reported number of officers short steadily climb from 400 to 500 and now, nearly 600 officers short. Meanwhile, burglaries and vandalism incidents at our businesses continue unabated and crimes such as car smash and grabs, open air drug dealing and drug use and armed robberies deter our customers from visiting the neighborhoods. Lawlessness threatens to dominate and the media attention that has resulted only hurts our businesses more as we continue to recover and pivot after the global pandemic.

SF BOS File# 230985 will allow SFPD to compete with other municipalities in attracting and retaining officers. We also feel that, if passed, the measure will send a strong message that San Francisco will not accept the situation as it is and that our community welcomes law enforcement professionals to share in the work of keeping San Francisco one of the greatest cities in the world to visit and to live and work in.

For 73 years, SFCDMA has sought to ensure that neighborhood commercial corridors flourish. We provide advocacy, education and resources for our members. We appreciate your attention to this matter and all your efforts to help improve the small business climate in San Francisco

Sincerely,

Masood Samereie, President

ACTUALLY READ THIS

I'm tired of hearing about incidents of police misconduct as justification for not hiring more police officers. These are two separate issues and it is insulting to hear some of you try to conflate them. I support the full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Dear Supervisors,

While we all know policing is a fraught issue, I do support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. Please unite as a BOS on this issue to show us you care about our safety and to show the world we are not a broken liberal city.

We all know where the most dangerous areas are—I was attacked in my car at the intersection of Geary and Divisadero by a man who repeatedly tried to kick in my driver's side window, at 9am on a weekday—and there should be regular patrols who have ties to the neighborhoods they are in.

Long-term residents are finding it increasingly difficult to balance the risks of living here with the rewards. And downtown has made us a national punchline. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. And for everyone's safety, additional funds should be set aside for increased training of these officers. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to all your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

The public is turning against those supervisors who are not ensuring police force is staffed and will be holding all you accountable and voting out those who are against this measure. I'm also voting against any superior court justices who are letting people arrested for committing crimes and not holding them in jail until trial.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I have lived in San Francisco for almost 40 years and have watched its level of safety decline. Yet when the police came to protect the attendees at a women's rights conference I attended in September, I was impressed (but not surprised) at their level of competence and professionalism when they dealt with a large number of immature and violent protesters who came to harass us. The event could have resulted in far more harm had the police not been there. We need to support our police department here in San Francisco. Their job is a difficult one.

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisors Dorsey, Safai and Walton
Rules Committee
San Francisco Board of Supervisors

Corbett Heights Neighbors organization, (CHN) supports this proposed amendment, in concept, and urges your positive action on it.

While recognizing it does not resolve all aspects and issues of the complex policing question, it is an important step forward in an effort to halt and then begin to reverse the serious decline of public safety and related conditions in San Francisco.

CHN has represented the NW Eureka Valley for nearly 20 years. The CHN Board of Directors, member of which are elected annually by the membership, read the proposed Amendment text, the Legislative Digest and related materials and held an in-person discussion attended by all members of our Board before taking this position. The vote was unanimous.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

We support Supervisor Dorsey's full staffing amendment for SFPD and hope you will help make this a reality and vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force.

Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Supervisor Rafael Mandelman
District 8.
San Francisco Board of Supervisors

Dear Rafael:

Corbett Heights Neighbors organization, (CHN) supports this proposed amendment, in concept, and urges your positive action on it.

While recognizing it does not resolve all aspects and issues of the complex policing question, it is an important step forward in an effort to halt and then begin to reverse the serious decline of public safety and related conditions in San Francisco.

As you know, CHN has represented the NW Eureka Valley for nearly 20 years. The CHN Board of Directors, members of which are elected annually by the membership, read the proposed Amendment text, the Legislative Digest and related materials and held and in-person discussion attended by all members of our Board before taking this position. The vote was unanimous.

Thank you.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Dear Supervisors,

Below is a message that I'm guessing you'll get from many folks. I've been living in SF for over 10 years and we need real change, now. We need more focus on public safety - I know a number of my clients (private equity/investment bankers) that don't want to come here and are flocking to New York because of public safety.

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. Message to the Rules Committee and the Board of Supervisors

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

It's time to take control of the chaos on our streets. We see it every day and it's past time we had a fully staffed police force to fix this.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

Just last night our dear neighbor, a mailman serving the city, explained how he had been accosted for the second time and his keys stolen. And that wasn't the worst part of his day. Someone had stolen the catalytic converter from his old Toyota while he was at work. Last night (the same night), multiple business' windows on Irving St. near 9th Ave were smashed, including our hardware store and a few food businesses. These are small, locally owned, neighborhood stores. It has to stop.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

I am a longtime San Francisco resident and voter and I DO NOT SUPPORT the police full staffing act.

- 1) SFPD is NOT understaffed. We have the highest number of police officers per capita of any city in California over 100k residents. The city's problems would be better tackled with more (and wiser) social service spending.
- 2) Our "crime epidemic" is not a real thing borne out by data. Our tax money would be better spent on PR to claw back some of the tourism we lose due to this crime epidemic myth.
- 3) Most importantly, our police have difficulty recruiting because of their bad behavior and poor reputation. We need real reforms to make SFPD a corps of better trained, more accountable, and more representative public servants. If people in this city looked up to the police as opposed to viewing them as an adversary or an occupying force, much of our supposed staffing problem would be solved free of charge.

Sincerely,
Chrissy Shively

Do this for the residents for whom you work. We don't work for you, you work for us the residents of San Francisco! This city is getting more untenable, unlivable and unaffordable for many of us and you do little to nothing to solve these critical issues. Why should we reelect you when you've done little for us other than give lip service, crickets or the finger behind our backs?

We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

Let's be honest.

In the age of citizen reporting and cell phone cameras capturing the police violence that has ALWAYS plagued our country paired with a united and growing call for police accountability and a national protest against police corruption in the wake of George Floyd (among the hundreds of other men and women murdered by police), I ask you this:

Who wants to be a cop? Why are people NOT going to the academy? Think about it.

Locally, let's talk about what SFPD has done to create terrible public perception and turn our young people against them because of the incompetent and brutal abuse of young San Franciscans at the Dolores Park skate event.

No one will forget the massive turn out of officers in RIOT GEAR, getting paid loads of overtime to zip tie kids, let them pee on themselves, and not allow them to even call their parents? Besides being straight up abuse, what horrid PR this was!!

I can't believe I agree with something the original author of this petition mentioned, but the actual work of community safety IS safer when the peace officers LIVE where they work.

However, even with their bloated budget, enormous signing bonuses and pay incentives, can officers ever afford to live here at all anymore?

The housing crisis is real. And when you create an environment with no middle working class, the bottom drops

out.

And here we are, a city with a lightening fast wealth gap between our ever-increasing numbers of our poorest, most vulnerable and unhoused folks alongside the ultra-wealthy who wish to criminalize poverty, treat humans like garbage they can throw away, and don't want to see the humanitarian crisis in front of their eyes.

Please work to build more AFFORDABLE and BELOW "market rate" homes, for police, for educators and for all of our hard working class folks who make this city what it is.

Please repair the damage done to kids of SF.

Dorsey, weren't you a public relations guy for SFPD? How does SFPD repair its relationship to our most vital SF resource? Im not talking about AI here, I'm talking about our kids.

Muriel Huribell should be ashamed of being so dumb that she cannot see the real issues at hand.

I pray you all are smarter, more creative and especially more compassionate than that.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Good morning, Madam/Sir—

I am a resident in the 6th District of San Francisco. Prior to the pandemic, I considered the Tenderloin home for a decade.

I have always appreciated my neighborhoods' gritty history and the long-time institutions that have lent life to this part of San Francisco. In the last two years alone, some of these have closed (thinking of Frena's Bakery around the corner, especially). I suspect that a good reason for this has to do with maintaining a business in an area intensified by pervasive homelessness, petty theft, and open-air drug use.

Among all City agencies, SFPD has been most responsive to my requests to keep sidewalks passable and safe. To the extent that other agencies have not been as accessible to public inquiry (e.g., Public Health, DPW, and Homeless Outreach), local residents have relied on SFPD non-emergency and our local CBDs to address immediate concerns around safety and public hygiene. By default therefore, SFPD and CBDs are forced to stand right in the front lines of day-to-day life. The police have consistently undertaken their work in ways that respect both the needs of pedestrians and the rights of those unhoused. Captain Luke Martin of the Southern Station has proven especially attentive to resident concerns and has met with us several times to explore practical steps to keep our streets passable.

Of late, however, response time has *significantly lagged* due to shortage in staffing.

Supervisor Dorsey's proposal seeks to return SFPD staffing levels to a workable number in a city the size of San Francisco. This is worth our consideration.

At a time when many of us are interrogating the role of the police in the public square, I am mindful that increased policing is not always the solution to the stability of quotidian life. In light of our City's failure to implement policies to address homelessness, illegal drug use, and public hygiene, however, the SFPD has stepped up to make our streets accessible and livable.

For this reason, I support the inclusion of the Full Staffing Act for voter consideration in the March elections.

Many thanks,
MS Campos

A bunch of hiring managers should be fired in the city for not planning for this situation a decade ago.

350 cops are currently eligible to retire. If they retire tomorrow then the city is 50% under staffed in the police department. It will make the criminals even more emboldened to reign terror on the community.

If I was in town I would be at the meeting on Monday to personally support this amendment, I hope this message will carry the same importance. As a homeowner, business owner, landlord, and long term resident and voter of this city the crime and generally lack of respect for any type of law and order in this city has grown to crisis levels. While it's not violent crime, it dramatically affects quality of life. From CONSTANT sideshows on Caesar Chavez to open fentanyl dealing everywhere it's out of hand.

Thanks for your attention to this pressing matter.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

As a senior citizen and disabled American veteran believed protecting the streets we live in.

Dear Supervisors,

I have served on Ingleside Community Police Advisory Board for many years. My neighbors and I are deeply concerned about the thinly distributed police patrols we depend upon to respond to incidents and to maintain a sense of safety in our community. We urge you to support Supervisor Dorsey's full staffing amendment for SFPD. Please hear our safety concerns and vote to put this amendment on the ballot in March 2024. Restore our city's reputation as a safe destination to live, work, visit, and shop with a fully staffed police force. Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Dear Board of Supervisors,

I am writing in strong support for the Police Full Staffing Charter Amendment (file #230985). I have been a resident of San Francisco since 2015, living first in SOMA and now in Hayes Valley. Since 2020, I have witnessed an increase in crime in my neighborhood and the effects of an understaffed and under-resourced police department. My neighbors and I have witnessed and reported to police open air drug consumption, drug dealing and trafficking, vandalism, theft, residential break-ins, and bike chopping operations. We have also called the non-emergency line multiple times to ask for checks on persons who seemed in distress due to drug consumption or health crises. The police response has been constrained by their limited resources. This is reflected in the time it takes to arrive at the scene (sometimes it can take an hour to get a police drive-by after reporting illegal activity), in their ability to investigate illegal activity (they simply don't have the people and resources to investigate issues), and in their ability to be present and visible in the community in order to deter crime. We urgently need more police officers in our neighborhoods to address crime and safety concerns. I strongly believe this charter amendment will help San Francisco's recovery and the adaptation of this vibrant city to the post-pandemic reality. Thank you for your consideration of this support statement.

Best regards,
Dana Foarta

Dear Supervisors,
I IMPLY you to take accountability for the current unsafe conditions and overall decline of the city. The first and CRITICAL step to turning the city around is to fully staff the SFPD. Under Peskin's leadership, the supervisors have been ineffective at making meaningful improvements expediently to avoid further exodus from SF downtown/SOMA, the SF tax revenue driver. This is your chance to show the voters that the supervisors can make common sense decisions and care about the future of the city. Policies that are lenient on crime have failed us ALL so stop going down this path and vote to put Supervisors Dorsey's full staffing amendment for SFPD on the ballot in March 2024.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Dear Supervisors,

I would have rewritten the pre Moab text below but it pretty accurately expresses my position and reasoning. We need to clean up the streets if we want that convention and tourist money that is a huge chunk of the city's economy - not to mention attracting businesses to fill the vacant offices - and we need enough cops to do it.

Dear San Francisco Board of Supervisors:

My name is Ana Canillas. My partner and I are active voters who have invested our lives in San Francisco. We love the City!

Sadly, my neighbors and I are living the seeming destruction of our beautiful City.

We believe the lack of sufficient trained law enforcement staffing greatly contributes to the crime and lawlessness on our streets.

We believe providing sufficient police staffing will go a long way in ensuring public safety.

The data and analysis reported by Supervisor Dorsey, just makes sense by offering solutions to addressing the rampant lawlessness and crimes that common San Franciscans face seemingly without recourse.

We need Police Full Force Staffing.

We agree with Supervisor Dorsey's analysis that current chronic understaffing

- creates needlessly expensive and wasteful inefficiencies as vacant police officer positions more than offset mounting needs for overtime pay to address operational staffing shortages and myriad unforeseen public safety.

We are encouraged by the study presented conclusively demonstrating in measurable benefit-cost ratios that medium-to-large U.S. cities over a 50-year period from 1960 to 2010 concluded **that every \$1.00 spent on policing generates social benefits and reduced victim costs of approximately \$1.63**, with the authors of the study adding, "this conclusion is conservative.

Police Full Force Staffing just makes sense

Please join my neighbors and me in supporting File #230985 (Police Full Staffing Charter Amendment).

Thank you for your leadership, consideration and time!

Sincerely,
Ana Canillas

Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

San Franciscans have prioritized public safety because we understand how vital it is to the success and achievement of every other industry and quality of life metric. Having our officers live in the neighborhoods they serve strengthens each community and the entire city. It is time to show our SFPD we value each and every officer, and it is long overdue that we take steps to help our officers live in the city they patrol each day. Please listen to your constituents who have repeatedly requested more funding for the police and more staffing of SFPD.

Message: I Support Supervisor Dorsey's Full Staffing Amendment, and You Should Too.

Dear Supervisors,

I support Supervisor Dorsey's full staffing amendment for SFPD and hope you will vote to put it on the ballot in March 2024. We cannot regain the city's reputation as a safe destination to live, work, visit, and shop if we do not have a fully staffed police force. Supervisor Dorsey's plan has short-, medium-, and long-range solutions to quickly fill the current gaps in personnel while making retention and recruitment possible and probable.

Message: I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

The continued lack of transparency for setting the minimum parking meter fare from its lowest to its highest (causing parkers, who had no vote on the matter, to lower the time and fare from \$2 down instead of the minimum up) shows how corrupt SFMTA is and how necessary it is to have a citywide elected mayor have the final say over such matters rather than a group of power hungry progressive, failing factions on the board of supervisors. Give the mayor their proper power over SFMTA and the Board of Supes ignorant whims.

Before anyone considers raising Muni fares, it's critically important to collect fares from ALL passengers, not just the honest ones. There are too few fare inspectors and fewer than 50% of passengers pay fares. Raising fares punishes the honest riders and rewards the cheaters.

Please vote to support this Charter Amendment.

Message: I support Supervisor Safai's Charter Amendment that would give Mayoral approval over parking meter and other transportation fees and fares.

Dear Supervisors,

I support Supervisor Safai's Charter Amendment for the March 5, 2024 election that would require the Mayor of San Francisco to approve any proposed increases to SFMTA fares, parking meter maximum rates, and hours or days of operation.

No single unelected city department head should have the sole authority to increase our parking or fare rates. To correct this, the proposed Charter Amendment requires the Mayor to approve any fare, parking, or MUNI rate increases put into the SFMTA budget, placing the authority back on elected leaders. Transportation fees significantly impact the lives of residents, and businesses, particularly those in lower-income areas, and when fees need to be changed, this decision should be made by our mayor, who can take all factors and constituents into consideration.

Please vote to support this Charter Amendment.

Hi SFMTA Board of Directors,

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for October 17th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

In response to the citywide No Turn On Red campaign and overwhelmingly positive support from the public, the Board of Supervisors unanimously adopted Supervisor Preston's resolution urging you and SFMTA to approve a citywide NTOR policy now, and the people of San Francisco need you to take immediate action and lead on this issue for their safety, roadway safety generally in the city, and climate action, among other related matters.

SFMTA's own evaluation showed that 92% of drivers complied with No Turn On Red, close calls decreased by 80%, and drivers blocking crosswalks decreased 72% after SFMTA implemented NTOR at 50 intersections in the Tenderloin in 2021. No Turn On Red increases safety, access, and comfort for people, and an overwhelming majority of drivers comply with NTOR, even with traffic enforcement at historic lows. A citywide No Turn On Red policy is an easy win for roadway safety and having a citywide policy will only increase compliance. A citywide policy also has widespread public support, including from people who primarily drive, some of whom talk about how a citywide policy would make driving more intuitive and reduce stress from other drivers aggressing at them when the driver behind them wants to turn on red.

Furthermore, an analysis from Washington, DC showed that drivers failing to yield to people crossing the street on a green decreased by nearly 60% — No Turn On Red increases safety for people during green lights in addition red lights. That same analysis showed that No Turn On Red decreased conflicts between cars by 97% — No Turn On Red makes streets significantly safer for car drivers and passengers. Other studies found that allowing turns on red significantly increases crashes and injuries for people walking and people on bikes. The data is clear: Implementing a citywide No Turn On Red policy will make streets safer for all people, especially children, seniors, people living with disabilities, and people walking and on bikes.

You can find all of the information (and related sources) at NTORsf.com.

Our city faces a roadway safety crisis, with nearly 40 people being killed on our streets last year — the most since we committed to Vision Zero in 2014 — and supporting this resolution is the least we can do to address that crisis. The people of San Francisco need leadership on our roadway safety crisis, and this is a small but impactful thing you can do to help our city take action in addressing that crisis.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for October 17th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

Hi SFMTA Board of Directors,

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

In response to the citywide No Turn On Red campaign and overwhelmingly positive support from the public, the Board of Supervisors unanimously adopted Supervisor Preston's resolution urging you and SFMTA to approve a citywide NTOR policy now, and the people of San Francisco need you to take immediate action and lead on this issue for their safety, roadway safety generally in the city, and climate action, among other related matters.

SFMTA's own evaluation showed that 92% of drivers complied with No Turn On Red, close calls decreased by 80%, and drivers blocking crosswalks decreased 72% after SFMTA implemented NTOR at 50 intersections in the Tenderloin in 2021. No Turn On Red increases safety, access, and comfort for people, and an overwhelming majority of drivers comply with NTOR, even with traffic enforcement at historic lows. A citywide No Turn On Red policy is an easy win for roadway safety and having a citywide policy will only increase compliance. A citywide policy also has widespread public support, including from people who primarily drive, some of whom talk about how a citywide policy would make driving more intuitive and reduce stress from other drivers aggressing at them when the driver behind them wants to turn on red.

Furthermore, an analysis from Washington, DC showed that drivers failing to yield to people crossing the street on a green decreased by nearly 60% — No Turn On Red increases safety for people during green lights in addition red lights. That same analysis showed that No Turn On Red decreased conflicts between cars by 97% — No Turn On Red makes streets significantly safer for car drivers and passengers. Other studies found that allowing turns on red significantly increases crashes and injuries for people walking and people on bikes. The data is clear: Implementing a citywide No Turn On Red policy will make streets safer for all people, especially children, seniors, people living with disabilities, and people walking and on bikes.

You can find all of the information (and related sources) at NTORsf.com.

Our city faces a roadway safety crisis, with nearly 40 people being killed on our streets last year — the most since we committed to Vision Zero in 2014 — and supporting this resolution is the least we can do to address that crisis. The people of San Francisco need leadership on our roadway safety crisis, and this is a small but impactful thing you can do to help our city take action in addressing that crisis.

I urge you to propose and approve a citywide No Turn On Red (NTOR) policy at your next board meeting — scheduled for November 7th — to make it safer, easier, and more comfortable for people to cross the street, especially for children, seniors, and people living with disabilities, while making streets safer and more predictable for car drivers and safer for people on bikes, scooters, and other forms of active transportation.

No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Our city faces a roadway safety crisis and a climate crisis, both of which require making it safer to get around without a car and encouraging people to shift trips from cars to public transportation and active transportation (e.g. bikes, scooters, skateboards, mobility devices, etc.). Implementing No Turn On Red citywide will increase roadway safety (decrease roadway injuries) and help more people shift trips to walking, public transportation, and active transportation, making our city safer for people, especially people who are disproportionately negatively impacted by our roadway safety crisis and car-dominated transportation system (children, seniors, people living with disabilities, BIPOC). We need your leadership to make this street safety improvement now.

I urge you to support and approve No Turn On Red citywide to make it safer, easier, and more comfortable to cross the street in San Francisco. Please do everything in your power to ensure No Turn On Red is implemented citywide as soon as possible.

For those of you in state-level office, please work on legislation to allow SFMTA to implement No Turn On Red without installing signs at every intersection — which would enable the City to implement No Turn On Red citywide faster at a significantly lower cost and using significantly less staff time — and legislation to implement No Turn On Red statewide.

Thank you,

The Board of Supervisors,

I am writing to urge you to support and approve a citywide No Turn On Red to make it safer, easier, and more comfortable to cross the street in San Francisco as well as make streets safer and more predictable for car drivers. No Turn On Red has been proven to increase safety — especially for children, seniors, and people living with disabilities — including where it's been implemented in San Francisco (e.g. the 50 intersections in the Tenderloin). Now is the time to expand No Turn On Red citywide, so drivers know this unsafe behavior is no longer permitted throughout the city while people can feel safe crossing the street with easier and greater access.

Dear Supervisors,

The SFCDMA Executive Board is writing today to join in support with Filipino Chamber of Commerce for SF BOS File #231086. This resolution, authored by Supervisors Chan, Ronen and Preston, advocates for diverse issues related to the upcoming APEC conference. Some of the points included in the resolution are unrelated to SFCDMA's Mission and Vision. However, we fully support the allocation of excess funds to mitigate adverse impacts on small businesses within the conference security zone and timely, accessible updates for impacted communities and businesses. We urge the Board of Supervisors to take whatever action is possible to both allow for businesses throughout San Francisco to benefit from APEC, while protecting us from disruptions and adverse economic outcomes.

For 73 years, SFCDMA has sought to ensure that neighborhood commercial corridors flourish. We provide advocacy, education and resources for our members. We appreciate your attention to this matter and all your efforts to help improve the small business climate in San Francisco.

Sincerely,

Masood Samereie, President

Hello,

I live in the sunset district and work near civic center, I have seen many ads for APEC and very little information explaining how my daily life will be affected by it. I understand there are some “local traffic only” zones and increased security in some areas, but need more information to feel safe in my city. I am asking you all to vote in support of file 231086 and urge “the Mayor and City agencies to inform residents and vulnerable communities of security, transportation, and service impacts from Asia-Pacific Economic Cooperation (APEC) activities; to prioritize City funding towards mitigation of impacts on neighborhoods, small businesses, and vulnerable communities; and to protect people’s rights to freedom of speech and uphold City Sanctuary policies”
Please prioritize the people in the city!

President Aaron Peskin

Board of Supervisors
City Hall, Room 244
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

Dear President Peskin and Esteemed Members of the Board of Supervisors,

We, the representatives of the SF Filipino American Chamber of Commerce, SF African American Chamber of Commerce, Hispanic Chambers of Commerce of SF, and the Chinese Chamber of Commerce, wish to extend our heartfelt appreciation for your ongoing dedication to the diverse communities across San Francisco.

As we approach the Asia-Pacific Economic Cooperation (APEC) Summit scheduled in the South of Market area, particularly impacting the SoMA Pilipinas district, we express our collective concern and solidarity with the small business community, senior citizens, and families, especially those with school-aged children. The prestigious event, while bringing global recognition, also presents significant logistical and operational challenges for our local entrepreneurs, vulnerable population segments, and families.

Recent clarifications from the Secret Service regarding the security and operational measures have underscored the likely disruptions that will impact the daily lives and livelihoods of our community members. The highlighted challenges resonate deeply with us, and we believe it is essential to address them in a manner that upholds the economic vitality and quality of life in our city.

We understand there is a resolution circulating which addresses some of these concerns. However, we also acknowledge that the resolution contains language and viewpoints that may venture beyond the core interests and focus of our alliance. Our primary aim is to advocate for the mitigation of adverse impacts on small businesses, seniors, and families while promoting a conducive environment for local entrepreneurship and community welfare during the APEC Summit.

We are keen on engaging constructively with the Board of Supervisors, other city agencies, and all relevant stakeholders to explore effective measures and strategies that can alleviate the concerns of our community members. Our alliance stands ready to contribute to dialogues and initiatives aimed at ensuring a balanced approach to hosting the APEC Summit, one that respects both our global commitments and the local heartbeat of San Francisco.

We look forward to fostering a collaborative spirit and working hand in hand towards addressing the concerns of our community members while embracing the global opportunity that the APEC Summit presents.

Thank you for your understanding, consideration, and continued service to our great city.

Dear President Peskin and Members of the Board of Supervisors:

Thank you for your support of working class families, seniors and small businesses in the South of Market and throughout the City.

We are community serving groups, cultural institutions, and small businesses in and around the vicinity of the Moscone Center and we are writing to express our strong

support for Supervisor Connie Chan's resolution to protect immigrant families, seniors, and small businesses in the upcoming APEC summit November 11-18, 2023.

We are concerned that the upcoming APEC Summit will have a significant impact on our community's safety, mobility, ability to work, go to school, make a living and access critical services including medical appointments and cultural and community programs.

As you know, the South of Market is home to a concentration of families and seniors, with a number of affordable housing and senior buildings near Moscone between Folsom and Harrison, cultural institutions, and small businesses in and around the exclusion zone.

The APEC perimeter will impact not only our residents, workers, and small businesses within the perimeter but also those outside the perimeter who will face vehicular and pedestrian checkpoints, public transportation disruptions, street closures and increased traffic.

Seniors are worried about being able to get around the perimeter, getting care from family, friends and caregivers, access to food, exercise and medical appointments, and overall safety and mobility in and around the Moscone area and South of Market.

Small businesses are deeply concerned about customers not having safe access to their business, requiring background checks for their staff and/or vendors, and loss of income for their workers and business.

Students and families are concerned about their travel to school, childcare or school impacts, having to cross pedestrian and militarized checkpoints.

We are surprised and concerned that there has been no outreach to community based organizations or even the schools that will be impacted, senior centers, and public institutions.

We thank Supervisor Chan for their resolution and request all members of the Board to co-sponsor, support and to work with your communities to ensure local impacts are addressed.

RE: APEC IMPACTS ON 2000 YERBA BUENA NEIGHBORHOOD SENIOR RESIDENTS

Honorable Supervisors:

The elders of our Yerba Buena Neighborhood are very alarmed. We all live inside the lock-down APEC security zone.

Despite many months leading up to this mega event the city has done no proper planning at all to, first, learn about, and second then plan for, the logistical needs for access and services for the 2000 seniors living in the 8 residences in YBC neighborhood (diagram attached). No one ever reached out to us in recent months. This is totally inept. This needs to be done ASAP.

The practical issues that need to be addressed and made to work include:

- Paratransit services access to the front doors (or alternative back door location) for each of the 8 senior residences and the Steppingstone Adult Day Health Center on Mabini Street.
- Taxi/rideshare access to the front doors (or alternative back door location) for each of the 8 senior residences throughout the day for residents' necessary trips to other locations in the City, especially those with mobility impairments. Very, very few own a car. And also for family resident pick ups/drop offs.
- 24 hour access to the 8 residencies for all building staff (more than 100 workers), and for chore workers and other in-home support service providers.
- No delays to meal lunch program food delivery access to several meal sites (so cooked food won't get cold – going to Pier 27 first cannot work) and Meals on Wheels access throughout the day.
- While most deliveries, service calls, move-ins/outs, etc etc. for the 8 residences can be rescheduled to avoid APEC there will be exceptions.
- Well over half of the seniors are Chinese elders, so bi-lingual assistance is necessary at all access points.

In general, procedures that may work for the residents of the condos and apartment buildings in the area, which seems to be the current City/Secret Service approach, will not suffice for the special circumstances of the elderly and their supportive residences. Without careful advance planning, and

230 Fourth Street San Francisco CA 94103

continual on-site information sharing with our staff and residents, many will find themselves in house arrest for days.

And during APEC there has to be a single designated city contact we can call for real-time problem solving when something comes up.

Who's in charge of all this on the city side?? We don't know, no one has told us. Someone needs to be responsible and accountable.

Sincerely,

Good afternoon,

I am a San Francisco Resident living in district 4.

Please consider adopting the **Resolution Prioritizing and Protecting Impacted Communities during the APEC Summit**. The past few months, I have personally conducted outreach among residents, especially Filipino seniors and workers living in SoMa to make sure they are aware of the impacts that SF hosting APEC will have on their lives. Even as late as two days ago, most of the residents and workers we have met with had not heard about APEC or that services they will need during APEC (ie. education, transportation, pantries, social services, etc.) will be severely limited while the summit is in session. By not adopting this resolution to prioritize our communities, we are leaving our most vulnerable communities - the elderly, those with disabilities, and workers of color -- behind while we welcome billionaires and heads of state into our community.

Because this event is quickly approaching, I believe it is crucial that the City agencies inform residents and vulnerable communities as soon as possible and to do so diligently. I also urge you to prioritize City funding to mitigate the impacts hosting APEC will have on the neighborhoods, small businesses, and vulnerable communities. When large conferences such as APEC and Dreamforce are held in SF, small businesses lose around 60 percent of their business because most of these events are catered or they're forced to shut down. Many small businesses in the Exclusion Zone and neighboring areas cannot afford to shut down during the Summit, so the City's funds should support the businesses and residents who are going to be critically impacted by increased surveillance and closures.

Lastly, I wish that you condemn the visit of Philippine President Bongbong Marcos to APEC -- as he is son of the dictator Ferdinand Marcos, whose political oppression and violent regime during the 70s and 80s has impacted the Philippines to this day. The harm he has done to the Philippines has led to a forced diaspora of Filipinos, including myself. I am concerned what kind of message this is sending to the Filipino communities who have been harmed by both Ferdinand Marcos Sr. and BongBong Marcos' policies, which ultimately put Filipino farmers, workers, and women at risk.

If you would like to learn more about the Marcos legacy, I welcome you to visit my video on display at the SF MoMA in the Home Away from Home Exhibit inside Steps Coffee, which highlights the impact of the Marcos family on Filipinos living in San Francisco.

In conclusion, please adopt this resolution so SF residents have more transparency,

preparation, and support they need during the APEC Summit.

Best,

Rachel Lucero

Dear Board of Supervisor Members,

As a San Franciscan, and a resident of District 10, and an educator in the city, I am urging you to adopt agenda item 28 (Resolution File # 231086) Prioritizing and Protecting Impacted Communities during APEC Summit.

As an active citizen, I am concerned about the severe disruptions to the lives of youth, elders, workers, educators, community workers, and small businesses in the neighborhoods that will be directly affected by the APEC conference and security zones. The area is home to many vulnerable communities of our city and the city has done an unsatisfactory job in educating community members of the disruptions to their livelihoods and daily lives during the duration of the APEC summit. As an active citizen, I have conducted street outreach with Filipino community members of the SOMA neighborhood this past week at events such as Undiscovered and the vast majority were not informed about the disruptions in public transportation and mobility.

Moreover, APEC will be hosting heads of state such as Philippine president Ferdinand R Marcos who is the executor of the estate of former Philippine dictator Ferdinand E Marcos. President Ferdinand R Marcos continually ignored a standing \$353,000,000 contempt of judgement issued by the United States District Court for the District of Hawaii on January 25, 2011, on behalf of Filipino human rights abuse victims of the Ferdinand E. Marcos regime. Many Filipino immigrants in San Francisco came to the US in response to political persecution and human violations by the Ferdinand E Marcos dictatorship during the mid to late 20th century. As such, the city should uphold local Filipino community members' freedom of speech protections if they choose to engage in civil demonstrations against President Marcos over his family's debt to human rights victims in San Francisco and across the world.

I urge the board to support residents and working people of the affected communities, as well as citizens' free speech protections by supporting this resolution.

Sincerely
Miguel N Abad

Good afternoon,

Please consider adopting the **Resolution Prioritizing and Protecting Impacted Communities during the APEC Summit**. The past few months, Malaya Movement SF, SFCHRP, and other SF community organizations have conducted outreach in the SoMa and other neighboring districts to ensure they are aware of the impacts that SF hosting APEC will have on their lives. Even this late into October, most of the residents and workers we have met with had not heard about APEC or that services they will need during APEC (i.e. education, transportation, pantries, social services, etc.) will be severely limited while the summit is in session. Because this event is quickly approaching, I believe it is crucial that the City agencies inform residents and vulnerable communities as soon as possible and to do so diligently.

I also urge you to prioritize City funding to mitigate the impacts hosting APEC will have on the neighborhoods, small businesses, and vulnerable communities. When large conferences such as APEC and Dreamforce are held in SF, small businesses lose around 60 percent of their business because most of these events are catered or they're forced to shut down. Many small businesses in the Exclusion Zone and neighboring areas cannot afford to shut down during the Summit, so the City's funds should support the businesses and residents who are going to be critically impacted by increased surveillance and closures.

Malaya Movement SF has worked with the Filipino Communities in the SoMa as well as survivors of Martial Law under the former Philippine president Ferdinand Marcos Sr. His son and current Philippine president BongBong Marcos will be attending the APEC summit.

It is concerning that this kind of message is sent to the Filipino communities who have been harmed by both Ferdinand Marcos Sr. and BongBong Marcos' policies. "San Francisco is for Dictators and Businessmen who forced you from your homeland"

In conclusion, please adopt this resolution so SF residents have more transparency, preparation, and support they need during the APEC Summit.

Best,
Zach Langley

Dear Mayor Breed,

I urge you to direct San Francisco's Public Utilities Commission (SFPUC) to aggressively increase the city's investment in water recycling today.

Last summer, a large harmful algal bloom has spread across the Bay, leaving unimaginable numbers of dead fish in its wake. We're still learning about this particular bloom, but what we do know is that San Francisco's sewage effluent contributes to excessive levels of nutrients in San Francisco Bay that make the Bay fertile territory for the spread of harmful algae blooms.

Water recycling and other wastewater management technologies can help by reducing the volume of polluted discharges into the Bay. In addition, by producing potable supplies, water recycling will reduce San Francisco's reliance on water diverted from the Tuolumne River, increasing the city's resilience to climate change effects on water supply.

Other cities have learned the lessons of California's unpredictable climate and are quickly adopting water recycling to reduce their burden on the ecosystem, while increasing the reliability of their supply. Orange County gets more than 75 percent of its water through its water reuse program. Las Vegas recycles nearly all of its water used indoors. And Los Angeles is on the path to reusing 100 percent of its wastewater by 2035.

But, as San Francisco's draft Urban Water Management Plan recently revealed, the city currently has no plans to make recycled water widely available in the next 25 years. Instead, the city is pursuing multiple expensive and misguided lawsuits so that it can continue to rely, almost exclusively, on the Tuolumne River—one of the state's most overtapped rivers—for the next several decades. San Francisco and large agribusiness water districts divert four out of every five gallons of water that flow in the Tuolumne River during a typical year.

This overuse has caused the river's once mighty Chinook Salmon populations to crash. Meanwhile, low freshwater flows contribute to deteriorating water quality—including harmful algae blooms—in the Delta and San Francisco Bay.

I agree with Supervisor Aaron Peskin that "it is time for San Francisco and our sister cities in the nine Bay Area counties to start looking at what kinds of infrastructure investments will need to be made as this becomes,

sadly, the new normal.” It’s unacceptable for the city with the nation’s greenest reputation to shirk its responsibilities to conserve California’s precious and unpredictable water supply.

I support increasing river flows to protect San Francisco Bay’s fisheries, water quality, and recreation. The city should do its part to protect the Bay and its rivers—water recycling is a common-sense way to limit the city’s water use, increase the reliability of its supply, and protect the Bay from harmful wastewater treatment plant effluent.

Thank you,

With so many naïve ignorant brainwashed puppets including those in Richmond selected for color and nationality over merit who support the maniacal homicidal terrorists paid for by Iran and living for generations in UN sponsors enclaves since no Arab country wants these worthless parasites it is time for some important myth busting:

Arabian Fables Myth – The Palestinians

The concept of a Palestinian people is a fundamental lie and the most successful manipulation of the media in modern history. This lie that caused the

deaths of thousands of innocent people is continually and libelously spread by a media that is malicious, naïve, and uniformed, and by anti-Semitic Left-wing groups and churches, Jimmy “toxic peanut syndrome” Carter, revisionist Middle East professors, and PLO propagandists.

Until 1948, the Jews Were the Palestinians! In reality, the concept of Palestinians is one that did not exist until about 1948, when the Arab inhabitants of what was to become Palestine wanted to differentiate themselves from the Jews.

The soldiers in the Palestinian Brigade of the British World War II Army were all Jews. (At that time, the Palestine Arabs were in Berlin hatching plans with Adolph Hitler, called “The Conquest and How to Kill All Jews.”) The Palestine Symphony Orchestra members were all Jews, and what was then *The Palestine Post* is now the *Jerusalem Post*. What’s more, many of the Palestinians, or their immediate ancestors, came to the area attracted by the prosperity created by the Jews in what had previously been a wasteland.

“Palestinian” Identity as Propaganda Device

A prime example of propaganda masquerading as fact can be found in the modern assertion by “Palestinian” Arabs and other revisionist historians that even before the dawn of Christianity there existed an ancient nation-state known as “Palestine.” Further, they claim that the nation, inhabited by “Palestinians,” continued to exist even under the yoke of successive conquering empires, until the creation of modern Israel brutally usurped it in 1948. Today’s “Palestinian” Arabs imply that they are the descendants of those ancient “Palestinians.”

As a result of the successful Jewish revolt against the Hellenic-Syrian Seleucid Empire in the second century BC (commemorated as the Jewish holiday of Chanukah) prior to the Christian era, the geographic area identified by revisionist historians as “Palestine” *instead* hosted the independent nation-state known as *Judea*. This was the successor entity to the northern biblical kingdom of Israel and to the south, the biblical kingdom of Judah was inhabited *not* by Arabs, but by *Jews*. Several hundred years later, in 135 AD, after having become a province of the Roman Empire, Judea revolted a third and final time against Rome, and was crushed by Emperor Hadrian. Rome’s army also suffered devastating losses in the battle, including the complete annihilation of its illustrious XXII Legion. In furtherance of Rome’s costly victory, Hadrian – in a blatant propaganda effort to de-legitimize further national Jewish claims to the land – renamed the province Palestina (Palestine) after the Philistines, a long-extinct Aegean people. They had disappeared from history more than 700 years earlier, after being extirpated by the Babylonian Empire.

Even though the province had been converted from Judea (“Land of the Jews”) into Palestina (“Land of the Philistines”), and a vengeful Rome had massacred and expelled much of the land’s inhabitants, it still continued to be populated by Jews, along with substantial minority populations of Christians and Samaritans. There were, in fact, hardly any Arabs until the great Arab invasion of 638 AD. Even under the rule of the Arabs and all subsequently superseding empires, the Jewish people *nevertheless* maintained a *continuous* national presence in “Palestine” – right up until the resurrection therein of the Jewish nation-state of Israel in 1948.

In contrast, the ersatz people identified nowadays as the “Palestinians” are a

collection of diverse Arab clans plus a smattering of other ethnic groups such as Serbs (these are the so-called Bosnian Muslims who were Serbian Orthodox Christians before their forced conversion to Islam), as well as Circassians and Chechens. All were transported from their lands of origin to the Middle East, including to the land of Israel, by the Ottoman Empire several centuries ago, for reasons *virtually identical* to those of the Roman Empire. They have, since Israel's Six Day War of 1967, publicly declared themselves to be a distinct ethnic nation named after those *very same* defunct Philistines, despite the fact that the ancient Philistines were *not even* Arabs. The fact that the "Palestinian" Arabs constitute a faux people is hardly surprising, due to the fact that by 1948 a substantial portion of the "Palestinian" Arab population, who resided in the British-administered mandate of Palestine, originated not *from* that territory, but rather from the *surrounding Arab lands*, which now comprise the modern states of Lebanon, Syria, Jordan, Iraq, and Egypt.

In this regard, it is noteworthy that *none* of the foundational international instruments dealing with the Middle East conflict ever referred to the Arab inhabitants of Mandatory Palestine as the "*Palestinian*" people. Prior to Israel's resurrection as a Jewish nation-state in 1948, only the *Jewish* inhabitants of Mandatory Palestine called themselves and were known to the world as "Palestinians." Moreover, during the 19 years (from 1948 to 1967) that Judea, Samaria, the eastern portion of Jerusalem, and Gaza were illegally occupied, respectively, by Jordan and Egypt, *neither* the Arab inhabitants of those areas *nor* the larger Arab and Muslim worlds *ever* asserted the existence therein of either an *ethnically distinct* "Palestinian" people or a *historical nation-state* of "Palestine." Consequently, during this same period, there was never *any* demand from any quarter for the establishment in Judea, Samaria, the eastern portion of Jerusalem, and Gaza of a "Palestinian" state. In fact, the Arabs of Judea, Samaria, and the eastern portion of Jerusalem emphatically insisted that they were "*southern Syrians*" prior to Israel's 1948 War of Independence. In deference to this *non-assertion* of "Palestinian" Arab *ethnic* identity, the League of Nations' Mandate for Palestine of 1922 referred to the local Arab population collectively as "*existing non-Jewish communities*." Furthermore, the United Nations Security Council Resolution No. 242 of 1967 referred to them collectively as "*the refugee problem*." **In other words, the *very language* of these international instruments confirms that the concept of a "Palestinian" ethnic identity is a recent fabrication.**

Indeed, this hapless band of troublemakers accepted that they were "Jordanians" from 1948 to 1967, only to assert their identity as "Palestinians" after the Jewish people's reacquisition of these territories in the Six Day War. Moreover, the leadership of the "Palestinian" people even went so far as to *publicly disavow* any claim to these very areas during those 19 years of illegal occupation by Jordan and Egypt, per Article 24 of the National Covenant of the Palestine Liberation Organization, enacted May 28, 1964.

Myth – The Nationhood of the Palestinians

The Arabs who now call themselves Palestinians do so to persuade a misinformed world that Palestine is their ancestral homeland. But of course, they have no distinct national identity. They are entirely the same in language, custom,

tribal ties, and family ties as the Arabs of Syria and Jordan. There is no more difference between the Palestinians and other Arabs of those countries than there is between citizens of Minnesota and citizens of Wisconsin.

Myth – The West Bank

Again this is a concept that did not exist until 1948, when the army of the Kingdom of Trans-Jordan, together with five other Arab armies, invaded the Jewish state of Israel on the very day of its creation.

In what can be described as a biblical miracle, the ragtag Jewish forces defeated the combined Arab might during that invasion. But Trans-Jordan stayed in possession of the territories of Judea and Samaria and the eastern part of the city of Jerusalem. The Jordanians promptly expelled all Jews from the area occupied, destroyed all Jewish institutions and houses of worship, used Jewish cemetery headstones to build military latrines. In the aftermath of the Six Day War, they also renamed and popularized the territories with the nouveau appellation “West Bank,” a de-Judaizing substitution for the historical names Judea and Samaria, as they had been called since time immemorial.

The attempts were quite successful in persuading a uniformed world that these territories were ancestral parts of the Jordanian Arab Kingdom, itself a recent creation of British power diplomacy. Even after the total rout of the Arabs in the 1967 Six Day War, in which the Jordanians were driven out of Judea, Samaria, and Jerusalem, they continued to call this territory the West Bank – a geographical and political concept that cannot be found on any except the most recent maps. The concept of the West Bank is yet another example of how a big lie told long enough can change history.

Myth – The Occupied Territories

A Brief History

Most of the area now called the Middle East was part of the Ottoman (Turkish) Empire. Germany lost WWI, and so did its ally Turkey. With that, the Ottoman Empire ceased to exist, and the League of Nations assigned Britain and France as the mandatory powers. France assumed mandatory control over what is now Syria and Lebanon. Britain assumed mandatory control of the rest, including Palestine (now Jordan and Israel), the West Bank, and the Golan Heights (claimed by Syria as its age-old patrimony).

In 1917, the British issued the Balfour Declaration, under which Palestine was to become the homeland for the Jewish people. In 1921, Winston Churchill, who was then Colonial Secretary of Great Britain, separated all the land east of the Jordan River from the territory designated to be the Jewish homeland, and awarded it to the Hashemites, rulers of the Kingdom of Trans-Jordan.

The Arabs, whipped up by their fanatic clergy, were fiercely opposed to the presence of Jews on what they called sacred Moslem territory. The British tried to arbitrate constant warfare between the two groups, always favoring the Arabs, who they considered more important to their imperial interests.

In 1947, the British decided that they'd had enough, and resigned the mandate. They left the Arab and Jewish antagonists to their own devices and turned it over to the United Nations, who partitioned Palestine into a Jewish and Arab state. The area west of the Jordan River (the West Bank) and the Gaza strip were allotted to the Arabs. Jerusalem was to be an international zone. After much soul searching, the Jews accepted the partition, and in April 1948, declared an independent state in the area allotted to them by the partition. The Arabs rejected the partition out of hand, and on the day of Israel's birth five armies attacked the Jewish State, killing 6,000 people: about 1% of its population. The Jewish forces, however, decisively defeated the combined Arab might.

Myth – Israel is an Occupier

Israel is not an occupier. In fact, Israel has always stayed in control of most of the area east of the Jordan River, except for the Gaza strip, which stayed under Egyptian control. The West Bank and the eastern part of Jerusalem stayed under Trans-Jordan, which promptly renamed itself Jordan and proceeded to ruthlessly expel all Jews and destroy the remaining vestiges of over 2,000 years of Jewish presence in that land.

In the Six Day War, Israel recovered the West Bank, the eastern part of Jerusalem, the Gaza Strip, and Egypt's Sinai Peninsula, and conquered and annexed the Golan Heights. During the 19 years that Jordan was in possession of the West Bank and the Gaza Strip, it didn't occur to them or anybody else, including the "Palestinians," that they should have a state or even that they were a distinct nationality. The claim for that didn't arise until after the war.

Jews have been living in Judea and Samaria since biblical times. The area was made "Jude rein" (a Nazi term meaning free of Jews) by Jordan when it came into possession of the territory. After 1967, Jews moved back into the area, and a great hullabaloo began concerning the 200,000 settlers who occupy less than 2% of the land. But there is no concern about the hundreds of thousands of Arabs who, lured by the prosperity of Israel, have flooded into the area, nor the more than 1 million Arabs who live in Israel and enjoy full rights of citizenship.

Remarkably, not a word is heard about the hundreds of thousands of Jewish refugees from Arab countries who been forced out of their homes and businesses, their property confiscated. Israel acquired the territories (the West Bank and Gaza Strip) in defense of an aggressive war waged against it. No country in history has ever been asked to return territories acquired in this way. Did the Poles return the huge chunk of Germany acquired in the wake of World War II? Did the Czechs return the Sudetenland? Did the French return Alsace-Lorraine? Only Israel is being asked to return such territories. The last sovereign of the West Bank and the Gaza Strip was the Ottomans, since then the West Bank and the Gaza Strip are unallocated territories.

To speak of Israel as an occupier is preposterous. To speak of it as former UN Secretary General Kofi Annan did, as illegal occupiers, is poisonous slander. He knows better.

But unfortunately, the big lie of Israel's occupation has been repeated so long and so often that even people of good faith have come to believe and accept it.

Myth – Arab East Jerusalem

The city of Jerusalem, divided for 19 years, has been reunited for more than 30 years since Israel's victory in the Six Day War. But there is still much talk, and many people believe that solving the Middle East problem will not be possible until Israeli Jews relinquish their occupation and return Jerusalem, or at the very minimum its eastern part, to its rightful owners, the Moslem Arabs.

The Facts – A city of Many Nationalities

Before the end of the 1967 Six Day War, when the Israeli Defense Forces conquered Jerusalem and took it from the Jordanians, references to Jerusalem being a Moslem holy city were rarely heard. Jerusalem had always been a city in which many religions and nationalities lived side by side. It was only when the city was in Jewish hands that the Moslem Arabs declared their willingness to wage jihad (holy war) to bring the city back into Arab possession.

The notion of calling Jerusalem an Islamic holy city has only come about in modern times, especially after Jordan lost the city to Israel in the Six Day War. The concept gained currency by the dint of constant repetition. The basis for the claim is an Islamic holy site, namely the Temple Mount (sacred to Moslems and Jews) with its two mosques, El Aksa and the Dome of the Rock, which are both located in Jerusalem. The site is believed to be the place from which Mohammed ascended to heaven.

The Truth is, Mohammed Never Set Foot in Jerusalem

Aware that Jerusalem was the holy city of Christians and Jews, Mohammed wished to convert them to his new religion. So he commanded his followers to build a mosque

in Jerusalem. But never in Moslem history did this mosque compare in significance to the Moslem holy cities of Mecca and Medina, where no infidel may visit.

With this being the basis of the tenuous Moslem claim, they demand the entire Temple Mount to be their holy site. The Israeli Government, in its constant spirit of accommodation to Moslem sensibilities, largely acceded to the tradition, placing the area in and around the two mosques in Moslem control. But how would the Christians feel if instead of the Temple Mount, Moslem tradition believed Mohammed made his ascent from the Church of the Holy Sepulcher, so Moslem Arabs claimed that site as their property? The Christian world, often too ready to consent to Moslem claims against Jews and Israelis, would be greatly astonished and would certainly resist such a claim.

Moslem Arab assertiveness and illogic doesn't end there. On the tenuous claim of the Temple Mount, they have construed a claim to the entire city of Jerusalem (or at least to its eastern part), declaring it to be their third holiest city. If the city stayed in the hands of the infidel Jews, it would be an insult to all Moslems and Arabs, according to the Moslems.

But the city of Jerusalem, in contrast to Baghdad, Cairo, and Damascus, never played any major role in the political and religious lives of the Moslem Arabs. **It was never a political, a national, or even a provincial or sub-provincial capital of any country since biblical times, only the site of one Muslim holy place, and otherwise a backwater to the Arabs. Muslims did not discover their passion for Jerusalem until very recent history.**

In contrast, Jerusalem has stood at the center of the Jewish people's national life since King David made it the capital of his kingdom in 1003 BCE. The city remained the capital until the Babylonians conquered the kingdom 400 years later. After the return from Babylonian exile, Jerusalem again served as the capital of the Jewish people for five and a half centuries. They have been living there since biblical times, and have been the majority population there since the 19th Century.

Jews have synagogues and other holy sites in most of the cities of the world. Can they claim sovereignty over those cities because of it? Of course not! It would be preposterous, and people would not accept it. And the Moslem Arab claim to Jerusalem, based on the mosques on the Temple Mount, is just as untenable. Jerusalem has been the center of Jewish life, of Jewish learning, and of Jewish thinking for over 3000 years. That is why the State of Israel has rededicated the Jewish holy city to be its indivisible capital.

Myth – Occupation Is the Cause of Terrorism

Israel's "Intransigence" Stands in the Way of Peace in the Holy Land

This is typical of anti-Zionist propaganda. What is shocking is that this naïve one-sided position is contained in a resolution of the Presbyterian Church leadership. The church is thereby suggesting that Israel has only itself to blame for the atrocities inflicted upon thousands of innocent Israeli men, women, and children by the likes of Hamas, Hezbollah, and Islamic Jihad. On October 17, 2004, a delegation of the church's openly anti-Israel members met on TV in Lebanon with what a US government spokesman described as "the A-team of global terrorism."

We are talking about Hezbollah, the ultra-violent Islamic group, funded and dominated by Iran – an organization that has a whole lot of blood on its hands. It was a Hezbollah bomb, probably made in Iran, that took the lives of 241 Marines in Beirut, and just recently started a devastating war with Israel, destroying much of Lebanon, and killing many Israelis. The group's leader called for more suicide bombings in Israel. Murder, he said, is "the only way to root out the Zionists." (His sponsor in Iran has mentioned that he has 40,000 homicide bombers ready to go against the West.)

Did this matter to the Presbyterian delegation? Apparently not. "We treasure the precious words of Hezbollah," said the Reverend Ronald Stone, "and your expression of goodwill towards the American People."

To further their outrageous, misguided, hateful anti-Israel agenda, the church then declared that Jews should be the targets of Presbyterian missionary activities. They also stated that Israel's security fence, designed to protect Israelis from suicide bombers, somehow made the country a racist state, and that economic war should be authorized by establishing a task force to consider divestment of church stock holdings in multinational corporations doing business in Israel. The Presbyterian General Assembly compared Israel to South Africa during apartheid.

The Presbyterians are not the only ones who routinely vilify and libel Israel. To many South Americans and Eastern Europeans, the knee-jerk reaction to most any evil is that there is a Jewish connection. For example, Cardinal Oscar Andres Rodriguez Meridiaga, the archbishop of Honduras, has the gall to blame the "Jewish media" for the scandal involving Catholic priests with young parishioners.

What are the facts?

The myth that Israel's "occupation of Arab lands" is the cause of the conflict is just that – a myth! Arabs have been slaughtering Jews long before the "occupation," began, and long before the creation of the State of Israel in 1948. In 1929, for example, Arabs killed 133 Jews and wounded 399 in Hebron. Those who were not killed fled, making this city, where Jews had lived for centuries, "Jude rein." The Mufti of Jerusalem met in 1941 with Hitler and declared his kinship with Nazi Germany, because "we have the same enemy as Germany, namely the Jews."

Palestine incorporated what is now the Kingdom of Jordan and was previously part of the Ottoman (Turkish) Empire. After World War 1, Britain was given the Mandate, in accordance to the Balfour Declaration, in which the area was designated to be a homeland for the Jews. This was formalized by the League of Nations and the 52 nations comprising the League. In violation of the Mandate, the British severed all the lands east of the Jordan River, giving them to the Arabs who, under the Hashemite rulers, created Jordan. The Jews acquiesced to this betrayal. Britain finally relinquished its Mandate, turning its responsibility over to the United Nations, who partitioned the area into a contiguous land mass for the Arab sector and three discontinuous pieces for the Jewish sector. Jerusalem, located in the very center of the Arab sector, was to be "internationalized." The Jewish sector was made up mostly of the desolate Negev desert. The Jews accepted this plan. However, the Arabs, who "never miss an opportunity to miss an opportunity" rejected it out of hand, and invaded the nascent Jewish state with the armies of six nations. The war cost thousands of lives and caused over 650,000 Arabs to flee. If the Arabs had compromised, they would have had their own state since 1948.

Unending Arab Aggression

In the Six Day War of 1967, Israel again defeated the combined Arab might, maintaining possession and administration of the Golan Heights, Gaza, Judea / Samaria (the "West Bank"), and of the entire city of Jerusalem. Israel had no intention of staying in possession of these territories. It waited for the Arabs to make proposals for peace, which were not forthcoming. Instead, the Arab League met in Khartoum and promulgated their "three no's" ... no peace with Israel, no negotiation with Israel, and no recognition of Israel.

On Yom Kippur of 1973, Egypt and Syria once again attacked Israel. Again, the heroic people of Israel defeated the combined Arab armies, and drove them across the Suez Canal to within miles of Cairo. In the aftermath of that war, Egypt's president, Anwar Sadat, came to Jerusalem and spoke to the Knesset, Israel's parliament. He offered a peace treaty imposing very tough conditions: among others, the return of the entire Sinai, along with cities that Israel built, the return of oil fields Israel had developed (which would have made the country energy independent in the foreseeable future), and a relinquishing of the strategic mountain passes and early warning systems that protected Israel against future attacks. This was the first time in recorded history that the vanquished imposed conditions on the victor. In what was obviously a major act of folly, and, once again, an incessant quest for peace, Israel agreed to recognize the murderous PLO, invited it back into Palestine from exile in

Tunis, and signed the Oslo Accord, by which governmental authority was to be bestowed on the Palestinians. But instead of accepting the outstretched hand of peace, the Palestinians launched their “intifadas,” which cost thousands of lives and left the Palestinians themselves impoverished, with their economy in a shambles.

The above is a mere outline of the “peace process.” In 2000, under the stewardship of President Clinton, Israeli Prime Minister Ehud Barak made unprecedented concessions for the sake of peace, giving away 98% of the land that the Palestinians requested, control over most areas of eastern Jerusalem, and authority over the Temple Mount. To the dismay of Clinton, Arafat curtly rejected this dramatic offer under the pretext that Israel would not accept the return of refugees.

Myth – Israel’s “Intransigence?”

Fact: No way!

At every turn in this almost 100-year strife, Israel has offered compromises and concessions. The current folly, withdrawing from Gaza, is the latest example. **Arabs, whose almost exclusive concern is the destruction of Israel, are the cause of this ongoing bloodletting and unending war. Unless and until their mind set changes, things will not improve, but such a change of mindset does not seem likely.** Even the current leader of Hamas and the Palestinians has admitted in a newspaper article that his people have developed a “culture of violence.”

Some clear thinkers like Walid Shoebat, an Arab, clearly understand that the Israeli Arab conflict is not about geography but about hatred of the Jews. Throughout Islamic and Christendom's history, Jews have been persecuted. The persecution of Israel is just the same as the old anti-Semitism. The Arab refugees are being used as pawns, to create a terrorist breeding ground as a form of aggression against Israel. The Arab refugee problem was caused by Arab aggression, and not by Israel. Why should Israel be responsible for their fate, which has been brought on by the attitudes of others?

Shoebat believes that no one, be they Arab or Jew, has a “right of return.” Jews who fled Arab persecution from 1948 to 1956 should have no right of return to Arab lands, and Arabs who ran away in 1948 and 1967 should likewise lose the right of return either. This should end all argument. The Jews accept this judgment, while the Arabs reject EVERYTHING.

Myth – Israel Is A Racist Country

Facts – Racism, Bigotry and Hate are the “Fundamentals” in the Islamic World, not in Israel

In one of the most astonishing propaganda coups ever, a United Nations conference on racism, which took place in Durban, South Africa in 2001, declared that Zionism was actually racism. No wonder the US and Israel walked out of the conference, which was dominated by representatives of Islamic and Arab countries, and other anti-Israel forces, whose conclusions were predictable from the start.

The supreme irony of this conference was that it accused no other nation of racism – only Israel. In truth, Israel should have been given accolades as **perhaps the most ethnically diverse and tolerant country in the world.** More than half of

Israel's Jewish population consists of people of color – Blacks from Ethiopia and Yemen, as well as brown-skinned people from Morocco, Iran, Yemen, Syria, Egypt, and Israel itself. In addition, Israel's population includes more than 1 million Arabs, who enjoy the same civil rights as Jewish Israelis. In Israel, hate speech is banned and discrimination based on race and religion is against the law.

In contrast, anti-Semitism – a poisonous form of racism directed specifically against the Jewish people – is rampant in most Muslim societies. Not only is anti-Semitism commonplace in Muslim nations, but is propagated shamelessly by their leaders in state-sponsored media and by Muslim clergy. For example, the small-minded, spineless, lying pervert who currently runs Iran supports the inbred homicidal maniacs called Hezbollah, and has held several conferences where he calls for the destruction of the Jewish state. He has even sponsored a contest for cartoons denying the Holocaust.

Furthermore, Iran recently hosted a conference of prominent Holocaust deniers, saying that it planned to examine whether the World War II genocide of Jews actually took place, drawing condemnation from both Israel and Germany. The conference, initiated by President Mahmoud Ahmadinejad, was an apparent attempt to burnish his status at home and abroad as the world's ultimate Islamic asshole. Organizers touted the conference as a “scholarly gathering,” but the 67 participant ass wipes, hailing from 30 countries, were predominantly Holocaust deniers rather than academics. This collection of bottom-feeding low lives included David Duke, the former Louisiana state representative and Ku Klux Klan leader, France's Robert Faurisson, and Australian Frederick Toben, who was jailed in Germany in 1999 for questioning the Holocaust.

The slime that is running Iran even sponsored a law that would require non-Muslims to wear an insignia. Human rights groups are raising alarms over this new law, which requires the country's Jews, Christians, and other religious minorities to wear colored badges to identify them as non-Muslims. “This is reminiscent of the Holocaust,” said Rabbi Marvin Hier, the dean of the Simon Wiesenthal Center in Los Angeles. “Iran is moving closer and closer to the ideology of the Nazis.” How about presenting “The Most Naïve Award” to current-day Neville Chamberlains in the US Congress, who recommend talking with the current Iranian Hitler.

Malaysian Prime Minister Mahathir Mohammed declared in a 2003 speech to the Organization of Islamic Conference that “today Jews rule the world by proxy. They get others to fight and die for them.” Imagine if an American President made that kind of sweeping and bigoted statement about Blacks, Latinos, or any other race. A justifiable uproar, and perhaps even an impeachment, would inevitably ensue. Yet there was no condemnation by the Muslim world for Mohamed's comments. Rather, virtually all of the conference's Muslim leaders actually voiced their approval.

In response to a terrorist attack in Saudi Arabia in May 2004, crown Prince Abdullah declared, “Zionism is behind (the) terrorist attacks in the Kingdom.” Zionism is the code word often used by Islamic anti-Semites for Jews. US Congressman Tom Lantos called the Prince's assertion “an outrage... Blatant hypocrisy,” but Islamic leaders were silent. In fact, millions of Muslims still insist that Zionists were behind the September 11 attacks on the World Trade Center.

Anti-Semitism is expressed so freely and ubiquitously in most Islamic societies that no citizen can escape it. During Ramadan in 2002, Egypt's state-controlled TV aired "Horseman without a Horse," a program based on the notorious forgery, "The Protocols of Zion," in which Jews allegedly use the blood of non-Jews to make Passover matzos. In Iran, a TV series, "Zahra's Blue Eyes," portrays "Zionists" kidnapping Palestinian children and harvesting their organs.

Perhaps nowhere is the hatred of Jews more virulent than among the Palestinians. Most perniciously, Palestinian children are taught in school (and in UN refuge camps) that Jews are descended from apes and pigs, and that the noblest thing they can do is to kill Jews. "The Jews are wickedness in its very essence" is a quote from *Facilitating the Rules of the Arabic Language*, Grade 9, part 2 (1999), p.24.

Muslim clerics encourage this racism. Imam Ibrahim Madiras, an employee of the Palestinian Authority, declared in a 2005 television sermon, "Jews are a cancer." And later, that "Muslims must kill the Jews ... [and] rejoice in Allah's victory." It is no surprise, then, that the 1982 doctoral dissertation of Palestinian president Mahmoud Abbas, the "moderate" leader the US and Israel are working with for peace, made the astounding claim that "Zionists" collaborated with the Nazis to annihilate the Jewish people in order to drive the survivors to Palestine.

Anti-Semitism and the Prospects for Peace

Islamic anti-Semitism permeates the Arab Middle East and creates an atmosphere in which Jews are reviled and represented as subhuman. How can the Palestinian people embrace peace with a people represented by religious and political leaders as dehumanized veil beings? Even more importantly, how can Israel be expected to trust a so-called partner in peace when that partner is expressing abject hatred and murderous intent toward Jews on a daily basis? Yet the US and many European nations continue to demand that Israel make one-sided sacrifices for peace with a people steeped in racism and committed to its destruction.

Until Islamic leaders muster the integrity to condemn anti-Semitism (and anti-Zionism), we can't expect Israel to accept a forced peace with the Palestinians.

Likewise, **until**

moderate Muslims reject racism in all forms, they can't expect Islam to enjoy full respect as a political and spiritual force among the world's people. Their attempted use of demonstrations and coercion to force respect of their religion is a failed strategy.

Myth – Suicide Bombers Kill Innocent Civilians Because They Seek Freedom and Peace

Facts

It is easy to sympathize with Arabs in the disputed Israeli territories and Gaza. They live in squalid conditions and economic hopelessness. Indeed, many Westerners believe it's the desperate poverty, plus strict Israeli security measures, that provoke suicide bombers to blow themselves up in pizza parlors, buses, and college cafeterias. Unfortunately, this romanticized image of the suicide bomber

doesn't square with the facts.

Who are the Suicide Bombers?

Study after study shows that the primary motivation of suicide bombers is neither desperation, nor depression, nor hopelessness. Indeed, most suicide bombers are middle class, educated, and emotionally stable. Noted psychologist Dr. Irwin Mansdorf observed,

While [suicide bombers] many feel oppressed, the stimulus for the act is nationalistic and political, not psychopathological and clinical. In the case of Islamic terror, [there is] the additional variable of becoming a shahid [martyr] with all its attendant religious rewards.

In fact, terrorist groups known for their outspoken religious and political agendas like Hamas, Islamic Jihad, Hezbollah, and al-Qaeda, claim credit for nearly every suicide bombing in Israel and around the world.

What Do They Say They Want?

Hamas and Islamic Jihad, as well as the young men and women they recruit as human bombs, make no secret of their goals. Indeed, Hamas' charter says, "Israel will exist ... until Islam will obliterate it." **Make no mistake: when well-meaning Westerners speak of Israeli "occupation," they are generally referring to the disputed territories in the West Bank. When Hamas and Islamic Jihad speak of occupation, they refer to all the land between the Mediterranean Sea and the Jordan River, including all of present-day Israel.** Even the official symbol of the Palestinian Authority depicts a map of the region, in which there is no Israel.

It is telling that Palestinian bombers never claim that they are killing to achieve peace with Israel. Rather, they murder as a matter of honor, as a religious and political imperative, to rid the region of a people they see as infidels. Ultimately, of course, all jihadists, whether in Israel, Iraq, Saudi Arabia, or Iran, seek to make the world, including the US, a fundamentalist Islamic dictatorship.

Can Killing Innocent People Lead to Peace?

What is the military objective of randomly killing unarmed men, women, and children as they dine, dance, or celebrate religious events? It can only be to strike terror into the hearts of its victims, their families, and their communities. I must ask: when has this barbaric tactic ever worked? When has it led to peace and freedom for its perpetrators? The answer is never ever in human history has terrorism succeeded as a military strategy. Yet the suicide bombings continue, even as Israel withdraws from Gaza and places more territory in the hands of Palestinians.

Why do Palestinian Poverty and Security Restrictions Continue?

Suicide bombers never claim that they kill innocents to solve Palestinians' economic plight, but there is no doubt that Arabs in Gaza and the disputed territories suffer from heart-rending poverty, corruption, and political oppression. UN refugee camps have helped make the Palestinians perpetual dependents on global handouts.

Unlimited UN charity and lack of personal and societal responsibility contributed to the Palestinians having the highest birthrate in the world. Poverty, high birthrates, and cash incentives all contribute to suicide attacks. Billions of dollars have poured into the Palestinian Authority from the US, the UN, and European nations, but virtually none of this money has found its way to economic development. In fact, most landed in the bank accounts of corrupt Palestinian politicians or went to support terror operations. Indeed, **to this day, the Palestinian Authority still makes reward payments to the families of suicide bombers.** Now that the avowedly terrorist group Hamas has taken control of the Palestinian Authority, the world community has cut off funding to the group, and has limited aid strictly to humanitarian purposes.

Don't believe that suicide bombers kill civilians to rid Israel of security fences and checkpoints, though they are an inconvenience, and frustrating for many Palestinians. Indeed, these stringent security measures were instituted by Israel precisely to prevent murder by suicide bombers. The good news is that they work.

What is the Next Step Toward Arab-Israeli Peace?

Above all, **Muslims must**, as *New York Times* writer Anne Applebaum asserts, **change the culture that celebrates self-immolation and that sick form of honor and pride.** How completely screwed up has the world's moral compass become when Israel, a country where most people live the Jewish principles of L'chayim, meaning to live, and tekun olem, meaning make the world better, is faulted? There are so many Israeli and Jewish citizen heroes, like Holocaust survivor and esteemed professor Liviu Librescu of Virginia Tech, who gave his life to save his students from a deranged gunman. Why should these people and their country be branded with the world's worst image? How can their Palestinian neighbors, who celebrate death and dance in the street after their children blow themselves up and kill as many innocent people as possible, be the darlings of so much of the brainwashed world? Instead of glorifying suicide bombers, the Muslim world, on whose behalf these terrorists claim they are acting, should scorn their barbaric acts. Only then can we hope for peace in Israel, Iraq, Iran, and in the rest of the world.

Desperate Newsom. How pathetic! And nope, we learned in SF when he was mayor, how incompetent he was when resolving homelessness. And now 20 years later, homelessness is even worse ...and CRIME, under his damn watch.

Oh and not voting for the nonsense identity politicians— too woke, even for San Francisco!

Biden will be the nominee, but Newsom is the one actually running for president

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Hello

I read with interest your article in the San Francisco Standard about the proposed changes to the SF Marina Yacht Harbor being proposed by the SF Park and Recreation Department.

Years ago, when the Harbor was re-built because of the damage caused by the Loma Prieta earthquake, and I was the ADA Coordinator for the Department of Public Works, Park and Rec was going to re-build the Harbor's boat docks and gangway without any access for people with disabilities. I made sure that they added accessible gangways and floats in the project.

What concerns me is that Phil Ginsberg, the Park and Rec GM, has shown a total lack of interest in assuring that physical projects his department does meet all State and federal access codes and standards. Many of his projects have failed to do that, in my opinion.

I'm sending a copy of this email to the Director of the Mayor's Office on Disability as a formal Public Records Act request for all documents in digital format that relate to the proposed Marina Harbor project and the access features being provided within the proposed project including the installation of an accessible kayak docks system that will make the project fully accessible for blind and wheelchair using sailors.

I hope you might also follow up with Mr. Ginsberg and ask him about the access that will be included in the proposed Marina Harbor project.

Thank you.

Hello Mayor Breed and SF Supervisors,

I do not begrudge any SFUSD students for exercising their First Amendment rights.

However, unless recent rallies and walk-outs for Palestine included calls for Hamas to release hostages and to stop hiding behind Palestinians and their infrastructure, then such rallies and

walkouts are not in solidarity with the oppressed, but, rather, are an affirmation of oppressive violence caused by an international terrorist regime of patriarchal theocrats-- and are an implicit threat to students who identify as Jewish, Christian, Buddhist, Sufi, Sikh, Wiccan, atheist, female, transgender, non-binary, gay, or any other group or individual insufficiently enthusiastic about totalitarian fundamentalist jihad.

As for any teachers, contractors, volunteers, or administrators who fly the so-called "Progress Pride" flag while simultaneously supporting the means and ends of Hamas-- they are bad-faith actors who lack the intelligence and/or principles to recognize two completely contradictory ideologies, and therefore have no place in education; their relationship with the school district should immediately become "separated".

Sincerely,
Eli Harrison

From your constituent Herman Cheung

I oppose advancing DGO 5.25.

Message:

Dear Police Commissioners,

I strongly oppose advancing DGO 5.25. It is unnecessary and to claim this is for “officer safety” is disingenuous and unsupported by empirical data.

Additionally, Order 5.25 is vague and confusing. For example, it is unclear what exactly constitutes a foot pursuit...walking quickly, running, jogging? Does pursuit with a bicycle fall under this Order? How will foot pursuit be defined, and how will an officer know if they are in violation?

Although obvious, this Commission must be reminded that everything law enforcement does is, by definition, dangerous, and our highly trained SFPD knows how to intelligently pursue criminals while keeping themselves and the public safe. It’s the very nature of their job. Chief Scott, his officers, and our legislators can and should be the ones to establish the threshold of risk for police officers and how to mitigate it. San Francisco does not need this untrained Commission sitting comfortably at their desks to create a theoretical policy to replace our officers’ personal judgment in real-time about whether they should run after a suspect. The very suggestion that this Commission is better positioned to spell out what should happen in a foot pursuit would be comical if it were not such a threat to public

safety.

DGO 5.25 begs a very dangerous question...what will prevent this anti-law enforcement Commission from using "officer safety" as grounds to stop the police department from enforcing all laws? Is your plan to policy the SFPD out of existence on the basis of "officer safety?" By using "concern for officer safety" as a justification for barring our SFPD from pursuing criminal suspects in any manner, you are effectively laying the groundwork for the excuse of "officer safety" to create future policies prohibiting the SFPD from performing any and every task they are legally allowed and required to perform. Yesterday, it was car pursuits. Today, it is foot pursuits. What will it be tomorrow? The Police Commission is not authorized to decide if and what laws get enforced, and you are not imbued with the authority to effectively nullify our police department.

Disguising this ill-conceived, legally unsound policy under the false narrative of "officer safety," with not a shred of empirical data related to officer safety during foot pursuits, is an offensive and brazenly arrogant dereliction of duty by this Police Commission. DGO 5.05 already hampers the ability of our officers to pursue and detain suspects. 5.25, coupled with DGO 5.05, now makes ALL pursuit and subsequent arrests nearly impossible, allowing for criminals to flee and avoid apprehension. DGO 5.25 is unnecessary, baseless, dangerous, and lacks common sense. This is the very definition of Commission overreach and the very opposite of ensuring public safety, and I urge you to abandon further action on this Order.

I oppose DGO 6.21 Censoring SFPD with regard to Public Posts on Social Media, and denying SFPD access to this important modern day crime fighting tool

Message: Dear Police Commissioners,

DGO 6.21 far exceeds your authority and is an affront to our democracy: censorship of citizens' access to public material. There are many issues with DGO 6.21, but the most egregious are this Commission's insistence on assigning onto SFPD the consequences stemming from the public posting of criminal content, rather than on the criminal who posted it, outright censorship, and the potential aiding of sexual predators and other dangerous criminals who groom our youth online.

What this Commission would have us accept, as far as public posts on social media are concerned, is that it is not the responsibility of the person posting the revealing content to bear the consequences of what they post to a public platform, rather it is the police's responsibility not to look at it. Not only is the logic behind this DGO flawed and untenable, it violates our officers' basic freedom to view and act on public content. Even more disturbing, this DGO hinders SFPD's ability to engage in undercover work

that results in the protection from modern-day threats such as organized crime rings and online sexual predators.

The commission's "concerns" about officers creating fake profiles, surveilling people, and then using their associations to jump to conclusions and "criminalize" people rather than investigating actual crimes are unfounded and based on hearsay. At a minimum, this commission should be required to provide data on how many crimes have been investigated or resulted in arrests where SFPD used fake social media accounts. Right now, the Commission is working off of assumptions from the DPA, ACLU, and the SF Bar Association, and assumptions are not a basis for creating policy changes that leave our most vulnerable populations less protected. How does this Commission think law enforcement catches pedophiles and sexual predators preying on our children online? Nor are assumptions the basis for eliminating a real-world necessary tool for fighting all types of current-day crime.

This Commission cannot prohibit SFPD from looking at public social media posts any more than it can ban SFPD from reading the newspaper, watching the news, or using their eyes to see what is happening as they walk down a street. Furthermore, this Commission should be well aware that there is no expectation of privacy with regard to public posts, and by brazenly bragging on public platforms on social media about their crimes, criminals WANT the content to be seen by everyone, just as if they were walking down the street engaging in criminal activity, and they should, and must, take full responsibility for the consequences that follow the posting. The burden certainly is not on SFPD to turn a blind eye to public admissions of crimes. That is the opposite of their job. As such, perhaps extreme DGOs such as 6.21 necessarily call for action by our Clty Attorney, who is cc'd on this email, to censure the Police Commission.

STOP DGO 6.21 from advancing any further as it is a form of censorship as well as harmful to SFPD's investigative efforts to solve crime. STOP jeopardizing public safety and the safety of our children, with these unnecessary and bogus policies.

DGO 6.21 far exceeds your authority and is an affront to our democracy: censorship of citizens' access to public material. There are many issues with DGO 6.21, but the most egregious are this Commission's insistence on assigning onto SFPD the consequences stemming from the public posting of criminal content, rather than on the criminal who posted it, outright censorship, and the potential aiding of sexual predators and other dangerous criminals who groom our youth online.

What this Commission would have us accept, as far as public posts on social media are concerned, is that it is not the responsibility of the person posting the revealing content to bear the consequences of what they post to a public platform, rather it is the police's responsibility not to look at it. Not only is the logic behind this DGO flawed and untenable, it violates our officers' basic freedom to view and act on public content. Even more disturbing, this DGO hinders SFPD's ability to engage in undercover work

that results in the protection from modern-day threats such as organized crime rings and online sexual predators.

The commission's "concerns" about officers creating fake profiles, surveilling people, and then using their associations to jump to conclusions and "criminalize" people rather than investigating actual crimes are unfounded and based on hearsay. At a minimum, this commission should be required to provide data on how many crimes have been investigated or resulted in arrests where SFPD used fake social media accounts. Right now, the Commission is working off of assumptions from the DPA, ACLU, and the SF Bar Association, and assumptions are not a basis for creating policy changes that leave our most vulnerable populations less protected. How does this Commission think law enforcement catches pedophiles and sexual predators preying on our children online? Nor are assumptions the basis for eliminating a real-world necessary tool for fighting all types of current-day crime.

This Commission cannot prohibit SFPD from looking at public social media posts any more than it can ban SFPD from reading the newspaper, watching the news, or using their eyes to see what is happening as they walk down a street. Furthermore, this Commission should be well aware that there is no expectation of privacy with regard to public posts, and by brazenly bragging on public platforms on social media about their crimes, criminals WANT the content to be seen by everyone, just as if they were walking down the street engaging in criminal activity, and they should, and must, take full responsibility for the consequences that follow the posting. The burden certainly is not on SFPD to turn a blind eye to public admissions of crimes. That is the opposite of their job. As such, perhaps extreme DGOs such as 6.21 necessarily call for action by our Clty Attorney, who is cc'd on this email, to censure the Police Commission.

STOP DGO 6.21 from advancing any further as it is a form of censorship as well as harmful to SFPD's investigative efforts to solve crime. STOP jeopardizing public safety and the safety of our children, with these unnecessary and bogus policies.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

To the mayor and the San Francisco Board of Supervisors and everyone else this concerns,

I am writing to express my deep concern regarding the ongoing homeless encampment across the street from my apartment building in Hayes Valley. I've reached out to the San Francisco Police

Department repeatedly in the past months to report the issues arising from this encampment, and regrettably, there has been no resolution. In addition to addressing you, I am carbon copying a reporter from the Chronicle to ensure that this matter receives the attention it warrants.

I reside in Hayes Valley, just one block away from an elementary school, with three other elementary schools within a three-block radius. The individuals inhabiting this encampment consistently litter the sidewalk with trash and drug paraphernalia. They block the sidewalk while engaging in drug-related activities, rendering it unsafe for residents who attempt to use the sidewalk. It has reached a point where pedestrians often risk walking in oncoming traffic rather than traverse the side of the street contaminated with fentanyl smoke and human waste. This encampment, located on Fell Street between Franklin Street and Van Ness Avenue, compounds the already substantial traffic in the area, putting lives at further risk.

Moreover, there is a persistent issue of a drug dealer operating from a U-Haul truck supplying the encampment. I have reported this individual at least twice, yet their presence continues unabated. Notably, I've called the non-emergency number, filed online reports, and, on multiple occasions each month, dialed 911 due to alarming incidents such as gun-related activities, fights, and drug overdoses. It is crucial to emphasize that this is a family-oriented neighborhood. Still, I have witnessed the encampment being cleared only once, only for it to reappear mere hours later. The perpetual presence of this encampment poses a daily threat to the safety and well-being of the entire community. Despite Mayor London Breed's commitment to revitalizing the city, I find myself surrounded by squalor outside my window and unable to access a complete sidewalk due to fentanyl users. It is disheartening to see the neglect our neighborhood, and our children, endure. I implore you to take immediate and effective action to address this pressing issue and ensure the safety of our community. The current state of affairs is intolerable, and I believe it is the responsibility of our elected officials to prioritize the well-being of residents and children.

I have attached numerous photos for your consideration.

Thank you for your attention to this matter. Sincerely,
Lola Jackson

Last night around 3:00AM I was awakened once again by the noise from the open air sex trafficking on Shotwell and 20th St. As I lay awake listening to the voices, cars, music etc. with the constant worry that one of the idiots might ram their car into our garage door like they did a while back I heard a car horn and then I heard a couple of gunshots. I heard female screams and I called 911 immediately. Did others hear that? i don't know if anyone was hurt and I don't know if the Police responded or not. Perhaps we could hear back from the Captain of Mission Station on this and what is being done to alleviate these conditions in our neighborhood?

Sincerely,

This sex trade needs to move to a less residential neighborhood where families and people are not housed - i.e. under the freeway, in the warehouse district east of Bayshore.

If our city officials can't end the sex trade then they need to to REGULATE it and MOVE it out of our residential neighborhoods.

I hereby request that our street is blocked off, as was done with Capp Street as that appears to be the only thing that will work to bring peace back to Shotwell Street.

Dear Mayor and Board of Supervisors,

I would like to yet again bring your attention to the growing tent encampment at the end of Van Ness near the Aquatic park. The encampment keeps growing and growing, completely occupying the sidewalk on the west side of Van Ness. As residents keep reporting to 311 app, and by writing emails, (and providing proof of) illegal and criminal activities, nothing is being done by the city. Even now, that the city is no longer tied by the ruling, this encampment, in the middle of the tourist area, across the street from the Galileo High School and by the bus stop where kids are waiting for the bus. No 4' pass is left by the garbage spread by the tent inhabitants, and even if it was, it is plain scary to use that side of the street. It is also scary to just be out in the street in this previously beautiful neighborhood as soon as sun comes down. We reported drug deals, prostitution, open fire, and an active bike chop shop operating right in front of everybody's eyes, without even trying to conceal these illegal activities.

Ms. Jenkins speaking at the meeting at TelHi neighborhood center assured residents that the city has the legal right and the ability to remove such encampments.

I wonder, what needs to happen to finally address this one? An out of control fire? A rape? A murder?

Best regards and in hope of seeing the City act,
Nadia Carey
Resident of 1050 North Point st.

Dear Mayor Breed,

I am a resident of Marin County and a business owner in the city and proud of the neighborhood in which I work (North Beach) and the others I visit frequently for business and entertainment. That is except for the Tenderloin and Mid-Market Street area which have become exponentially worse since the pandemic.

I recognize that there are barriers in place preventing our community from realizing the optimum solution but the current conditions are a dangerous and unhealthy embarrassment to the Bay Area and to California.

It is appalling that these conditions persist in an area governed by bright and caring people who appear to have thrown up their hands in the wake of adversity and are unable to find a both/and solution that curtails the crime, supports the indigent, and creates a welcoming space for residents and visitors.

Shame on you and your fellow Council Members for not making this your number one priority and shame on you for letting this part of our otherwise vibrant city to remain a blight.

I implore you as a caring Californian to do everything in your power right now to solve this problem. Our community depends on this and our citizens deserve it.

Thank you,

IT WILL HAVE " AMERICAN ECONOMIC RECOVERY PROJECT FOUNDATION INTL AFFILIATES ONBOARD TO GLEAN A PERCENTAGE (10-15% PERHAPS MORE) FROM THE TOTAL INCOME OF ALL OF ITS AFFILIATE AGENCIES.

I SUGGEST THAT THE REPARATIONS COMMITTEE MAKE THAT RECOMMENDATION IN SUPPORT OF THIS AGENDA BY GIVING THE MAYOR BREED A "CUE" THROUGH A FORMAL PROPOSAL TO HER TO ADD SOME ADDITIONAL FUNDING TO THE REPARATIONS COMMISSION TO BE ABLE TO TAKE ON THIS TASK.

COULD I SUGGEST A MEETING WITH THE REPARATIONS COMMITTEE TO CONVENE A MEETING TO DISCUSS THIS AND TO TAKE ACTION IN HINDSIGHT OF THE FINAL DRAFT PROPOSAL TO CREATE A NEW PROPOSAL TO THIS END TO BE SUBMITTED TO THE COUNTY BOARD OF SUPERVISORS FOR APPROVAL AFTER WE GET CONSENT FROM THE MAYOR.

I BELIEVE WE ONLY NEED TO GAIN YOUR SUPPORT MAYOR BREED ON THIS ALLOCATION AND I'M SURE THE COUNTY BOARD OF SUPERVISORS WILL FOLLOW SUIT SINCE I HAVE "CUED "THEM ON THIS ALSO

THE REPARATIONS COMMITTEE SHOULD NOT IGNORE THIS OPPORTUNITY PLEASE RESPOND ASAP.

Hi Ron,

Thank you for your work.

At this point there are no changes to the current reparations plan.

Please feel free to explore grant funding to support your ideas.

In solidarity,
Anietie

NOW SOME TIME HAS PASSED THAT I SHOULD HAVE HEARD BACK FROM YOU PERTAINING TO MY RESUME AND I WOULD LIKE TO MAKE SURE THAT NO ONE HAS POSSESSION OF IT AND I EXPLAINED THIS TO DANIEL LANDRY ALSO SINCE IT WAS A MISSTEP THAT MY IDEAS WERE LEFT OUT OF THE FINAL DRAFT OF THE REPARATIONS PROPOSAL HOWEVER I HAVE NOTIFIED THE COUNTY BOARD OF SUPERVISORS OF THE GAFFE.

PLEASE MAKE SURE YOU DELETE MY RESUME FROM YOUR EMAIL SINCE IT IS SENSITIVE INFORMATION AND I WOULD NOT WANT TO HAVE TO FILE A LITIGATION MATTER ON THE REPARATIONS COMMITTEE OVER IT PLEASE I AND I HEREBY REQUEST A MEETING TO MAKE SURE THESE THINGS ARE CARRIED OUT RESPOND ASAP.
