## **LEGISLATIVE DIGEST**

[Airport Capital Improvement Promotion and Event Fund]

**Ordinance amending San Francisco Administrative Code section 10.100-8 to establish special fund to receive donations and authorize expenditures for the purpose of holding events to promote the opening of major capital improvement projects at the San Francisco International Airport; and deleting obsolete provisions.**

### Existing Law

Under Administrative Code section 10.100-18, the Airport Commission may accept donations of money, property, and personal services for the Terminal 2 Promotion Fund for uses determined at the sole discretion of the Airport Commission to assist in promotional events and community outreach activities associated with the opening of the renovated Terminal 2. The Airport Director administers the fund and submits the Board of Supervisors and Board Analyst on a bi-monthly basis written reports of revenues and expenditures from the fund. The fund expired on December 31, 2011.

### Amendments to Current Law

The proposed ordinance would amend San Francisco Administrative Code section 10.100-8 by deleting reference to the Terminal 2 Promotion Fund and replacing it with the Airport Capital Improvement Promotion and Event Fund. The proposed amendment will allow the Airport to accept donations for Airport wide capital improvement projects and events. The proposed amendment will retain the existing limitations on the uses, exceptions, administration and reporting requirements currently under Administrative Code section 10.100-18 for Terminal 2 Promotion Fund. The fund would expire on December 31, 2023.
