1 Section 3. The San Francisco Business and Tax Regulations Code is hereby amended  
2 by adding Article 12-A-1 to read as follows:

3  
4 **SEC. 950. FINDINGS AND PURPOSE.**

5 The voters hereby find and declare as follows:

6 1. San Francisco is the only major city in California that levies its entire business tax on  
7 payroll expense. This exclusive payroll-based tax discourages job creation and economic growth,  
8 lowers wages, and provides an unstable revenue stream.

9 2. San Francisco currently charges a flat rate on its payroll expense tax base. Instituting a  
10 tiered rate structure, in which businesses are taxed based on their gross receipts, will better distribute  
11 the tax burden according to a business's ability to pay.

12 3. Gross receipts is the most common business tax base among California's largest cities.

13 4. Amending San Francisco's business tax system to include a gross receipts tax will promote  
14 revenue stability by diversifying the tax base.

15 5. The rate schedules and the small business exemption for businesses with receipts under  
16 \$1,000,000 provide particular tax relief to small businesses.

17 6. The legislation will gradually phase in the new gross receipts tax over a five-year period,  
18 beginning in tax year 2014, to allow businesses time to adjust to the change and to minimize the risk to  
19 the City and to taxpayers of instability in City revenues during the transition from the payroll expense  
20 tax to a gross receipts tax.

21 7. Also beginning in tax year 2014, the payroll expense tax will be adjusted, over the same  
22 period, in increments that are consistent with the phase in of the gross receipts tax.

23 8. Each year during the phase-in period, the formula dictates an increase in the gross receipts  
24 tax rate and an adjustment in the payroll expense tax rate that is expected to reduce the payroll expense  
25 tax rate to zero by or before 2018. The Controller will calculate the annual increase in the gross

1 receipts tax rate and the adjustment in the payroll expense tax rate by applying formulas specified in  
2 this legislation.

3  
4 **SEC. 951. SHORT TITLE.**

5 This Article shall be known as the "Gross Receipts Tax Ordinance" and the tax this Article  
6 imposes shall be known as the "Gross Receipts Tax."

7  
8 **SEC. 952. DEFINITIONS.**

9 Except where the context otherwise requires, the terms used in this Article shall have the  
10 meanings given to them in Sections 6.2-1 et seq. of Article 6 and in Article 12-A.

11  
12 **SEC. 952.1. ADVANCE PAYMENT.**

13 "Advance payment" means a nonrefundable payment for the purchase of property or services to  
14 be delivered or performed in the future.

15  
16 **SEC. 952.2. CASH DISCOUNT.**

17 "Cash discount" means a deduction from the invoice price of goods or charge for services  
18 which is allowed if the bill is paid on or before a specified date, or paid in cash rather than by credit  
19 card.

20  
21 **SEC. 952.3. GROSS RECEIPTS.**

22 (a) "Gross receipts" means the total amounts received or accrued by a person from whatever  
23 source derived, including, but not limited to, amounts derived from sales, services, dealings in  
24 property, interest, rent, royalties, dividends, licensing fees, other fees, commissions and distributed  
25 amounts from other business entities. Except as otherwise specifically provided in this Article, gross

1 receipts includes but is not limited to all amounts that constitute gross income for federal income tax  
2 purposes. Except as otherwise specifically provided in this Article, gross receipts includes all receipts,  
3 cash, credits and property of any kind or nature and including any amount for which credit is allowed  
4 by the seller to the purchaser, without any deduction therefrom on account of the cost of the property  
5 sold, the cost of materials used, labor or service costs, interest paid or payable, losses or any other  
6 expense whatsoever, except that cash discounts allowed or taken on sales shall not be included as gross  
7 receipts. Gross receipts, including advance payments, shall be included in a taxpayer's gross receipts  
8 at the time such receipts are recognized as gross income for federal income tax reporting purposes.

9 (b) "Gross receipts" with respect to any lease or rental shall include payment for any services  
10 that are part of the lease or rental, whether received in money or otherwise, that are paid to, on behalf  
11 of, or for the benefit of, the lessor, and all receipts, cash, credits, property of any kind or character and  
12 the fair market value of services so paid or rendered by the lessee.

13 (c) Treatment of Taxes. "Gross receipts" shall not include the amount of any federal, state, or  
14 local tax imposed on or with respect to retail sales whether imposed upon the retailer or upon the  
15 purchaser and regardless of whether the amount of tax is stated as a separate charge, or such part of  
16 the sales price of any property previously sold and returned by the purchaser to the seller which is  
17 refunded by the seller by way of cash or credit allowances given or taken as part payment on any  
18 property so accepted for resale. Gross receipts shall also not include any federal, state or local tax  
19 imposed upon a person for which that person is reimbursed by means of a separately stated charge to a  
20 purchaser, lessee, licensee or customer. Gross receipts shall not include any amount of third-party  
21 taxes that a taxpayer collects from or on behalf of the taxpayer's customers and remits to the  
22 appropriate governmental entity imposing such tax. Gross receipts shall not include any tax refunds  
23 received by a person from a governmental entity. Gross receipts shall include any federal, state or  
24 local tax not specifically excluded in this subsection.

1           (d) "Gross receipts" shall not include any amount received from or charged to any person that  
2 is a related entity to the taxpayer. Nor shall gross receipts include any grants received from  
3 governmental entities or any gifts. Gross receipts shall not include any investment receipts.  
4 "Investment receipts" includes interest, dividends, capital gains, other amounts received on account of  
5 financial instruments, and distributions from business entities, provided such items are directly derived  
6 exclusively from the investment of capital and not from the sale of property other than financial  
7 instruments, or from the provision of services, to any person. Gross receipts also shall not include any  
8 allocations of income or gain, or distributions (such as dividends, interest and other returns on capital)  
9 from an entity treated as a pass-through entity for federal income tax purposes, provided such  
10 allocations or distributions are derived exclusively from an investment in such entity, and not from any  
11 other property sold to, or services provided to, such entity. Any gross receipts of a pass-through entity  
12 which is subject to the gross receipts tax shall not also constitute gross receipts of any owner of that  
13 entity.

14           (e) Notwithstanding the provisions of subsection (a), "gross receipts" from the sale or exchange  
15 of stocks or other similar written instruments evidencing a right to participate in the assets of any  
16 business, or of bonds or other evidence of indebtedness, or of any other marketable securities  
17 (collectively referred to in this Article as "financial instruments"), or of any real property, shall not  
18 include the cost to acquire the financial instrument(s), or real property, sold or otherwise exchanged or  
19 converted. Nor shall "gross receipts" include the amount received by the original issuer of a financial  
20 instrument in exchange for such issuance. To the extent that any loss on the sale or exchange of  
21 financial instruments reduces the gross income of a person for federal income tax purposes in the year  
22 the loss is incurred, that loss shall reduce gross receipts from the sale or exchange of financial  
23 instruments, but in no event shall those receipts be less than zero, and in no event may any such loss be  
24 carried back or carried forward to reduce gross receipts in a tax year other than that in which the loss  
25 was incurred.

1           (f) No person shall be deemed to be engaging in business in the City if that person is an  
2 individual whose only gross receipts within the City are derived from investments of that individual's  
3 own funds in financial instruments. Gross receipts of an individual shall not include interest,  
4 dividends, capital gains and similar items or investment income earned from the investment of that  
5 individual's own capital.

6           (g) For purposes of this Article and Article 12, and notwithstanding Section 6.2-12 of Article 6,  
7 no person shall be deemed to be engaging in business within the City if its activities in the City consist  
8 solely of one or more of the following:

9                   (1) contracting with, acting through, or otherwise using the services of, any investment  
10 advisor or affiliate thereof which is not a related entity;

11                   (2) maintaining documents of formation, incorporation, or registration within the City;

12                   (3) being an owner, member, or other participant in an entity engaging in business  
13 within the City which is a pass-through entity for federal income tax purposes; or

14                   (4) having trustees or directors who meet or reside within the City.

15  
16       **SEC. 952.4. NAICS CODE.**

17           "NAICS code" means the numerical classification for business activities established in the  
18 North American Industry Classification System used by federal governmental agencies to classify  
19 business establishments; references in this Article to particular numerical NAICS codes are intended to  
20 apply the definitions and descriptions adopted in that system as of the effective date of this Article.

21  
22       **SEC. 952.5. RELATED ENTITY.**

23           A person is a "related entity" to a taxpayer if that person and the taxpayer are permitted or  
24 required by the California Franchise Tax Board under Section 25102 et seq. of the California Revenue  
25 and Taxation Code, or any successor, to have their income reflected on the same combined report. For

1 purposes of this Article, if two or more persons derive gross receipts solely from sources within  
2 California, and their business activities are such that, if conducted both within and outside California,  
3 a combined report would be required under the California Revenue and Taxation Code, or any  
4 successor, then those persons are related entities regardless of whether they file a combined report  
5 under the California Revenue and Taxation Code, or successor.

6  
7 **SEC. 952.6. SALE AND SELL.**

8 "Sale" and "sell" mean the making of any transfer of title, in any manner or by any means  
9 whatsoever, to property for a price, and to the serving, supplying or furnishing, for a price, of any  
10 property fabricated or made at the special order of consumers who do or who do not furnish directly or  
11 indirectly the specifications or materials therefor. A transaction whereby the possession of property is  
12 transferred but the seller retains the title as a security for the payment of the price shall likewise be  
13 deemed a sale.

14  
15 **SEC. 953. IMPOSITION OF GROSS RECEIPTS TAX.**

16 (a) Except as otherwise provided under this Article, the City imposes and every person  
17 engaging in business within the City shall pay an annual gross receipts tax measured by the person's  
18 gross receipts from all taxable business activities attributable to the City. A person's liability for the  
19 gross receipts tax shall be calculated according to Sections 953.1 through 953.7.

20 (b) The gross receipts tax is a privilege tax imposed upon persons engaging in business within  
21 the City for the privilege of engaging in a business or occupation in the City. The gross receipts tax is  
22 imposed for general governmental purposes. Proceeds from the tax shall be deposited in the City's  
23 general fund and may be expended for any purposes of the City.

24 (c) The voters intend by adopting this measure to authorize application of the gross receipts tax  
25 in the broadest manner consistent with the provisions of this Article and the requirements of the

1 California Constitution, the United States Constitution, and any other applicable provision of federal  
2 and state law.

3 (d) The gross receipts tax imposed under this Article is in addition to the payroll expense tax  
4 imposed under Article 12-A. Persons not otherwise exempt from the gross receipts tax or payroll  
5 expense tax shall pay both taxes. Persons exempt from either the gross receipts tax or payroll expense  
6 tax, but not both, shall pay the tax from which they are not exempt.

7 (e) Except for subsection (d) of this Section, the tax on Administrative Office Business Activities  
8 imposed by Section 953.8 is intended as a complementary tax to the gross receipts tax, and shall be  
9 considered a gross receipts tax for purposes of this Article.

10 (f) For a five year period beginning in 2015, the Treasurer, Controller, and Chief Economist  
11 shall jointly prepare an annual report to the Mayor and Board of Supervisors on the implementation of  
12 the measure. The report shall include projections of collections of the gross receipts tax, compare  
13 these projections to those anticipated in preparation of the measure, and outline impacts of the  
14 measure on San Francisco's economy and business community. The report may recommend policy,  
15 administrative, or technical changes for the consideration of the Mayor and Board of Supervisors that  
16 further the goals established in the measure.

21 office tax. The administrative office tax rate for each tax year is 1.400 percent.

22 (b) "Engaging in business within the City as an administrative office" means that:

9           **SEC. 953.9. PERSONS OR COMBINED GROUPS ENGAGED IN MULTIPLE BUSINESS**  
10 **ACTIVITIES.**

11           If a person, or a combined group as described in Section 956.3, engages in business activities  
12 described in more than one of Sections 953.1 through 953.7, inclusive, of this Article, the rate or rates

14 receipts in the City, shall be determined as follows:

15           (a) If more than 80 percent of its gross receipts, determined in accordance with Section 956,  
16 are derived from business activities described in only one of Sections 953.1 through 953.7, inclusive,  
17 then the rules of that applicable Section apply to all of its gross receipts derived from all business  
18 activities.

19           (b) If its business activities in the City are described in more than one of Sections 953.1  
20 through 953.7, inclusive, and subsection (a) of this Section does not apply, then such person or  
21 combined group shall separately compute the gross receipts tax for each set of business activities as  
22 provided in the Section applicable to that particular set of business activities, modified as follows:

23           (1) if the set of business activities described in any of Sections 953.1 through 953.7,  
24 inclusive, generates less than 20 percent of the total gross receipts of the person or group, then the  
25 receipts and payroll of any such set of activities may be combined for all purposes related to computing

1 the gross receipts tax with whichever set of that person's or group's activities are taxed at the highest  
2 rate;

3 (2) the small business exemption provided in Section 954.1 shall apply only if the sum of  
4 receipts within the City from all sets of business activities does not exceed \$1,000,000 in total;

5 (3) the progressive rates described in Sections 953.1 through 953.7 apply on an  
6 aggregate basis for businesses with multiple sets of activities;

7 (4) the applicable rate for each set of business activities shall be determined in  
8 numbered order of the Sections describing each set of business activities; i.e., the gross receipts and tax  
9 for business activities described in Section 953.1 should be determined first, Section 953.2 second, and  
10 so on;

11 (5) the rate(s) applicable to any set of activities after the first shall be determined by  
12 adding together the gross receipts determined for all previous sets of activities and applying the rate  
13 scale commencing with the total gross receipts so determined; and

14 (6) the gross receipts tax liability for the person or combined group shall be the sum of  
15 the liabilities for each set of business activities.

16  
17 **SEC. 954. EXEMPTIONS AND EXCLUSIONS.**

18 (a) Except as provided in subsection (b) of this Section, an organization that is exempt from

20 and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the  
21 Internal Revenue Code of 1986, as amended, as qualified by Sections 502, 503, 504 and 508 of the  
22 Internal Revenue Code of 1986, as amended, shall be exempt from taxation under this Article, only so  
23 long as those exemptions continue to exist under state or federal law.

24 (b) An organization otherwise exempt from income taxation under subsection (a) that is  
25 directly engaged within the City in an unrelated trade or business within the meaning of Section 513(a)

1 of the Internal Revenue Code of 1986, as amended, and has, from its own operations, unrelated  
2 business taxable income within the meaning of Section 512(a)(1) of the Internal Revenue Code of 1986,  
3 as amended, shall pay the gross receipts tax on its gross receipts from its unrelated trade or business  
4 activities that are attributable to the City. If it is impracticable, unreasonable or improper to allocate  
5 such organization's gross receipts as aforesaid either because of the particular nature of the  
6 organization's unrelated trade or business or for any other reason, then the amount of gross receipts  
7 reasonably attributable to the organization's unrelated trade or business in the City shall be  
8 determined on the basis of all of the relevant facts and circumstances of the particular case, in  
9 accordance with any rulings or regulations issued or promulgated by the Tax Collector for this  
10 purpose.

11 (c) Gross receipts as defined in Section 952.3 shall not include receipts from business activities  
12 if, and only so long as and to the extent that, the City is prohibited from taxing such receipts under the  
13 Constitution or laws of the United States or under the Constitution or laws of the State of California.

14 (d) Rent Controlled Buildings Exclusion. A person subject to the tax may exclude from gross  
15 receipts in any tax year 50 percent of the total amount received from the rental of real property to  
16 tenants in occupancy at any location in the City, which is subject to limits on rent increases pursuant to  
17 the Residential Rent Stabilization and Arbitration Ordinance, San Francisco Administrative Code,  
18 Chapter 37, Section 37.1 et seq.

19 (e) Exclusion of Certain Sales of Real Property. Gross receipts as defined in Section 952.3  
20 shall not include receipts from any sales of real property with respect to which the Real Property  
21 Transfer Tax imposed by Article 12-C has been paid to the City.

22 (f) For only so long as and to the extent that the City is prohibited from imposing the tax under  
23 this Article, the following persons shall be exempt from the gross receipts tax:

24 (1) Banks and financial corporations exempt from local taxation under Article XIII,  
25 Section 27 of the California Constitution and Revenue and Taxation Code Section 23182;

1                   (2) Insurance companies exempt from local taxation under Article XIII, Section 28 of

6 Public Utilities Code Section 5327;

7                   (5) Charter-party carriers operating limousines that are neither domiciled nor maintain  
8 a business office within the City under Public Utilities Code Section 5371.4; and

9                   (6) Any person upon whom the City is prohibited under the Constitution or laws of the  
10 State of California from imposing the gross receipts tax.

11                   (g) To the extent that any taxpayer has paid a substantially similar tax to any other taxing  
12 jurisdiction on any gross receipts attributed to the City and taxed under this Article, the tax paid to  
13 such taxing jurisdiction shall be credited against the tax due under this Article; in no event shall this  
14 credit reduce the taxpayer's liability to less than zero.

15  
16 **SEC. 954.1. SMALL BUSINESS EXEMPTION.**

17                   (a) Notwithstanding any other provision of this Article, a "small business enterprise," as  
18 hereinafter defined for purposes of this Article 12-A-1, shall be exempt from payment of the gross  
19 receipts tax, nevertheless, a small business enterprise shall pay the annual registration fee pursuant to  
20 Section 855 of Article 12.

21                   (b) For purposes of this Article 12-A-1, the term "small business enterprise" shall mean and  
22 include any person or combined group, except for a lessor of residential real estate:

23                   (1) Whose gross receipts within the City for the preceding tax year did not exceed  
24 \$1,000,000, adjusted annually in accordance with the increase in the Consumer Price Index: All  
25 Urban Consumers for the San Francisco/Oakland/San Jose Area for All Items as reported by the

1 United States Bureau of Labor Statistics, or any successor to that index, as of December 31st of the  
2 preceding year, beginning with December 31, 2014; and

3 (2) Who filed a tax return by the last day of February for the preceding tax year, if that  
4 person or group had gross receipts in the City of over \$500,000. If a person is required to file a tax  
5 return under this Section, and fails to file a return by that date, the taxpayer shall be subject to a  
6 penalty as specified in subsection (c).

7 (c) In lieu of the penalty specified in Section 6.17-3 of Article 6 for failing to file a return, any  
8 person who otherwise qualifies for the small business exemption set forth in this Section, and who had  
9 gross receipts in the City of over \$500,000, who fails to file a return by the last date of February shall  
10 pay a penalty as follows:

11 (1) The penalty for the first month, or fraction thereof, that the return is delinquent,  
12 shall be 5 percent of the amount of the tax liability, calculated without regard to the small business  
13 exemption in this Section. The penalty shall increase by an additional 5 percent each month, or  
14 fraction thereof, that the return is delinquent, up to a maximum of 20 percent of the tax liability. Any  
15 penalties remaining unpaid for a period of 90 days or more shall be subject to an additional penalty of  
16 20 percent of the amount of the tax liability excluding penalties and interest.

17 (2) Penalties are due and payable when assessed. Unpaid penalties, interest and fees  
18 shall accrue interest at the rate of 1 percent per month, or fraction thereof, from the date that they are  
19 assessed through the date of payment. The total amount of the penalties, interest and fees shall not  
20 exceed the amount of the person's gross receipts tax liability for the period but for the small business  
21 exemption.

22 (d) The Tax Collector may, at his or her discretion, reduce the penalty set forth in  
23 subsection (c) to not less than \$100 upon a showing that the late filing of the return was due to  
24 reasonable cause and not due to willful neglect.

1           (e) For purposes of this Article 12-A-1, and notwithstanding any other provision of this Section,  
2 a lessor of residential real estate is a "small business enterprise" if and only if the lessor leases fewer  
3 than 4 units in any individual building. "Residential real estate" means real property where the  
4 primary use of or right to use the property is for the purpose of dwelling, sleeping or lodging other than  
5 as part of the business activity of accommodations. For purposes of this Article 12-A-1, Article 12-A,  
6 and Article 12, a lessor of residential real estate is treated as a separate person with respect to each  
7 individual building in which it leases residential real estate units, notwithstanding Section 6.2-15 of  
8 Article 6, or Section 956.3 of this Article. The provisions of this subsection apply only to leasing  
9 residential real estate units within a building, and not to any business activity related to other space,  
10 either within the same building or other buildings, which is not residential real estate. The Tax  
11 Collector is authorized to determine what constitutes a separate building and the number of units in a  
12 building.

13  
14 **SEC. 955. PERSONS DERIVING NO GROSS RECEIPTS FROM BUSINESS ACTIVITIES**  
15 **OUTSIDE THE CITY.**

16           Notwithstanding any other provision of this Article, any person subject to the gross receipts tax  
17 who derives non-exempt gross receipts from business activities within the City and derives no gross  
18 receipts from business activities outside the City is subject to tax on all non-exempt gross receipts.

19  
20 **SEC. 956. ALLOCATION AND APPORTIONMENT FOR ALL PERSONS DERIVING GROSS**  
21 **RECEIPTS FROM BUSINESS ACTIVITIES BOTH WITHIN AND OUTSIDE THE CITY.**

22           All persons deriving gross receipts from business activities both within and outside the City  
23 shall allocate and/or apportion their gross receipts to the City, using the rules set forth in Section 956.1  
24 and 956.2, in the manner directed in Sections 953.1 through 953.7, inclusive, and in Section 953.9 of  
25 this Article.

1  
2 **SEC. 956.1. ALLOCATION OF RECEIPTS FROM REAL, PERSONAL, TANGIBLE AND**  
3 **INTANGIBLE PROPERTY.**

4 (a) For all persons required to determine an amount of gross receipts pursuant to this Section,  
5 that amount shall be all non-exempt gross receipts within the City as determined hereunder.

6 (b) Gross receipts from the sale, lease, rental or licensing of real property are in the City if the  
7 real property is located in the City.

8 (c) Gross receipts from sales of tangible personal property are in the City if the property is  
9 delivered or shipped to a purchaser within the City regardless of the f.o.b. point or other conditions of  
10 the sale.

11 (d) Gross receipts from the rental, lease or licensing of tangible personal property are in the  
12 City if the property is located in the City.

13 (e) Gross receipts from services are in the City to the extent the purchaser of the services  
14 received the benefit of the services in the City.

15 (f) Gross receipts from intangible property are in the City to the extent the property is used in  
16 the City. In the case of financial instruments, sales are in the City if the customer is located in the City.

17  
18 **SEC. 956.2. APPORTIONMENT OF RECEIPTS BASED ON PAYROLL.**

19 (a) For all persons required to determine an amount of gross receipts pursuant to this Section,  
20 that amount shall be all non-exempt combined gross receipts of the person multiplied by a fraction, the  
21 numerator of which is payroll in the City and the denominator of which is combined payroll.

22 (b) Combined gross receipts are the total worldwide gross receipts of the person and all  
23 related entities to the person, unless the election provided for in California Revenue and Taxation Code  
24 Section 25110 is in effect for the person, in which case combined gross receipts shall be computed  
25 consistently with the water's edge election, as set forth therein.

1           (c) Combined payroll is the total worldwide compensation paid by the person and all related  
2 entities to the person, unless the election provided for in California Revenue and Taxation Code  
3 Section 25110 is in effect for the person, in which case combined payroll shall be computed consistently  
4 with the water's edge election, as set forth therein. A person who has no combined payroll in a tax year  
5 shall have no gross receipts under this Section for that tax year.

6           (d) Payroll in the City is the total amount paid for compensation in the City by the person and  
7 by all related entities to the person.

8           (e) Compensation paid in the City shall be determined as set forth in Section 904 of  
9 Article 12-A.

10           (f) "Compensation" means wages, salaries, commissions and any other form of remuneration  
11 paid to employees for services. In the case of any person who has no employees, compensation shall  
12 also include all taxable income for federal income tax purposes of the owners or proprietors of such  
13 person who are individuals. Those owners or proprietors shall be treated as individuals to whom  
14 compensation is paid for purposes of subsection (e).

15           (g) The apportionment provided by this Section shall not include in either the numerator or the  
16 denominator any payroll of persons exempt from tax under subsections (a), (b), or (f) of Section 954.

17  
18           **SEC. 956.3. COMBINED RETURNS.**

19           A person engaging in business within the City must file gross receipts tax returns as provided in  
20 Article 6. Those returns must be filed on a combined basis with all of that person's related entities.  
21 That person, and all of that person's related entities, constitute a combined group. Every combined  
22 group must file a single return; the combined group may choose a single person to file the return on its  
23 behalf. Each person within the combined group engaging in business in the City must provide a power  
24 of attorney to the person filing the return, authorizing the person filing the return to file said return and  
25 to act on behalf of each person with respect to payments, refunds, audits, resolutions, and any other

1 items related to the tax liability reflected in the return. The power of attorney shall be substantially in  
2 a form to be promulgated by the Tax Collector. Each return filed by a combined group constitutes a  
3 combined return under this Article and Article 6. The person filing any combined return shall pay the  
4 tax liability reflected on the return and any liability determined on audit at the time and in the manner  
5 set forth for returns and liabilities in Article 6.

6 **SEC. 957. TAX COLLECTOR AUTHORIZED TO DETERMINE GROSS RECEIPTS.**

7 The Tax Collector may, in his or her reasonable discretion, independently establish a person's  
8 gross receipts within the City and establish or reallocate gross receipts among related entities so as to  
9 fairly reflect the gross receipts within the City of all persons. This authority extends to determining  
10 whether any amount excluded from gross receipts by virtue of Section 952.3(f) is in whole or in part  
11 compensation or payment for services and thus included in gross receipts.

12  
13 **SEC. 958. ADMINISTRATION OF THE GROSS RECEIPTS TAX ORDINANCE.**

14 Except as otherwise provided under this Article, the Gross Receipts Tax Ordinance shall be  
15 administered pursuant to Article 6 of the San Francisco Business and Tax Regulations Code.

16  
17 **SEC. 959. RATE OF GROSS RECEIPTS TAX: CONTROLLER COMPUTATION.**

19 shall compute the rate of gross receipts tax for Sections 953.1 through 953.7 in accordance with  
20 subsection (b) of this Section. The Controller shall certify and publish such rates on or before  
21 September 1 of each year.

22 (b) Gross Receipts Tax Computation. The Controller shall compute the gross receipts tax rates  
23 for each tax year by multiplying each base rate in Sections 953.1 through 953.7 by the "Gross Receipts  
24 Tax Rate Adjustment Factor," which shall be determined according to the following table and formulas.

21 sentences, clauses, phrases, or portions of this Article be declared invalid or unenforceable and, to that  
22 end, the provisions of this Article are severable.

23  
24 **SEC. 965. SAVINGS CLAUSE.**

1 (a) No section, clause, part or provision of this Article shall be construed as requiring the

**LEGISLATIVE DIGEST**

[Initiative Ordinance – Business and Tax Regulations Code – Enact Gross Receipts Tax and Phase Out Payroll Expense Tax]

**Ordinance amending the Business and Tax Regulations Code to: 1) enact a new Article 12-A-1 (Gross Receipts Tax Ordinance) to impose a gross receipts tax and an administrative office tax on persons engaging in business activities in San Francisco; 2) amend Article 12-A (Payroll Expense Tax Ordinance) to reduce business payroll expense tax rates based on the amount of gross receipts tax collected under Article 12-A-1 (Gross Receipts Tax Ordinance); 3) amend Article 12 (Business Registration Ordinance) to establish business registration fees based on gross receipts and amend the current business registration fees to generate approximately \$28.5 million in estimated additional revenue; 4) amend Article 12-A (Payroll Expense Tax Ordinance) to add a sunset date to the surplus business tax revenue credit; and 5) amend Article 6 (Common Administrative Provisions) to establish requirements for filing a tax return under Article 12-A-1 (Gross Receipts Tax Ordinance), establish penalties for non-filing, and amend the requirements for filing payroll expense tax returns and penalties for non-filing to conform to the new gross receipts tax**

Existing Law

The City and County of San Francisco currently imposes a tax on the payroll expense of persons who conduct business in the City. The tax is levied at a rate of 1.5 percent against a business's taxable payroll expense, which includes all compensation a person pays to individuals for services performed in the City. The City exempts small businesses with less than \$250,000 in payroll expense.

Amendments to Current Law

The legislation phases in a gross receipts tax gradually, over a five-year period that commences with tax year 2014. The phase-in period allows businesses time to adjust to the gross receipts tax. It also minimizes risk of revenue uncertainty to the City, and to business taxpayers as a whole. Also beginning in tax year 2014, the payroll expense tax will be phased out in increments consistent with the phase in of the gross receipts tax, and is expected to be phased out completely in tax year 2018. If the gross receipts tax generates revenue in excess of that expected during the phase-in process, the payroll expense tax will be phased out early and final gross receipts tax rates will be permanently established at less than the maximum rates authorized by this Ordinance. If, on the other hand, gross receipts tax revenues are less than expected, then the payroll expense tax will not be fully phased out, and a reduced payroll expense tax rate will remain at the end of the process. Beginning tax year 2014, a business whose predominant activity in the City is providing administrative services for itself or a related

entity will continue to pay a tax based on its payroll expense instead of on its gross receipts. All tax proceeds would be deposited in the General Fund and could be expended for any purpose of the City.

Section 2 provides that the Ordinance will be submitted to qualified electors at the November 6, 2012 general election.

Section 3 enacts new Article 12-A-1, the Gross Receipts Tax Ordinance, as specified. The proposed Gross Receipts Tax Ordinance would impose a tax for the privilege of engaging in a business in the City that is measured by the taxpayer's gross receipts from business activities that are attributable to the City. The rate of the gross receipts tax is dependent upon a business's activities and the rates are progressive within each industry group. A business predominantly engaged in the City in providing administrative services for itself or a related entity would pay a fixed rate of tax measured by its payroll expense. Businesses with less than \$1 million in gross receipts would be exempt from the gross receipts tax. The \$1 million threshold is indexed for inflation. The gross receipts tax is to be phased in over a five-year period and during that period, the City's payroll expense tax will be phased out. The value of certain exclusions under the current payroll expense tax are carried forward into the gross receipts tax.

Section 4 provides that all sections of this Ordinance are operative beginning tax year 2014, except for the amendments to the Business Registration Ordinance, which are operative on the effective date of this Ordinance.

Section 5 amends the Business Registration Ordinance under Article 12 to establish business registration fees for 2014-2015 based on payroll expense, to establish business registration fees for registration years beginning after June 30, 2015 based on gross receipts to generate an additional \$28.5 million in revenue, and to index the business registration fees for inflation. It also amends current business registration fees to add a penalty for failure to register business locations and fictitious business names with the Tax Collector, and to add a new fee for registering more than 15 fictitious business names.

Section 6 amends the Payroll Expense Tax Ordinance under Article 12-A to conform the payroll expense tax rates to the phase in of the Gross Receipts Tax Ordinance and provide a sunset date for the existing surplus business tax revenue credit.

Section 7 amends the Common Administrative Provisions set forth in Article 6 of the Business and Tax Regulations Code. The amendments to Article 6 amend return and payment requirements and otherwise conform the administrative provisions to the provisions of the Gross Receipts Tax Ordinance and the amendments to the Payroll Expense Tax Ordinance.

Section 8 provides that the effective date of this legislation is 10 days after the date the official vote count is declared by the Board of Supervisors.

Background Information

San Francisco is the only major city in California that levies its entire business tax on payroll expense. This payroll-based tax raises an affected business's cost of hiring a worker in San Francisco, and thereby discourages job creation. Instituting a tiered rate structure under which a business is taxed based on its gross receipts will better distribute the tax burden among the City's businesses.

A gross receipts tax is the most common business tax base among California's largest cities. Replacing the payroll expense tax in San Francisco can be expected to stimulate employment in the City, as well as broadening and stabilizing the tax base.
