Dear Valued Customer,

Thank you for your written protest letter regarding our proposed water and sewer rates for the fiscal years ending in 2024-2026.

We recognize that any potential rate increase can be difficult for a number of customers. As a not-for-profit utility funded solely by our ratepayers, we understand this. That is why we offer many resources to help our customers lower their bills. Here are just a few examples that may be of interest to you:

- Qualifying residents with low incomes can receive a 25% discount on their water and sewer bill. Starting July 1, discounts for our customers with the lowest incomes will automatically increase from 25% to 40% off their bill. You can apply easily online at <https://sfpuc.org/utilitydiscount> - it only takes 10 minutes! Or call (415) 551-3000, Monday to Friday, 8 am to 5 pm (except holidays) to request a printed paper application be mailed to you. You can also apply in person at 525 Golden Gate Avenue, San Francisco, 1st Floor, at the Customer Service Counter.
- Take advantage of grants to install green infrastructure to manage rainwater on your property to reduce the stormwater portion of your bill.
- We offer rebates, incentives, and free home or business checkups to help you identify ways to use less water and other ways to lower your bill.
- If you are behind on your bills, flexible payment plans are available for customers by calling our Customer Service at (415) 551-3000, Monday to Friday, 8 am to 5 pm (except holidays).

More information on these programs is available at <https://sfpuc.org/savings>. You can also contact us directly by emailing ratesinfo@sfgwater.org or calling 415-554-3289.

We are proud to be your water and sewer provider.

Thank you,
