Goal #5	Direct	A	Age and Disability Action Plan	Partner with the Department of Disability and Aging Services (DAS) and the Mayor's Office on Disability (MOD) to develop a coordinate evacuation strategy for evacuating people with mobility challenges from multi-story buildings. This would include exploring ways to notify First Responders where people with evacuation needs actually live (e.g. how to identify in advance someone needing assistance that lives in an apartment building). Most likely it would involve hiring a contractor to work with DAS, MOD, SF Fire and DEM.
