Alteration		(requires HRER if over 45 years old)	Construction	(GO TO STEP 7)		
Project description for Planning Department approval.						
Case no. 2013. determined (e) property not to be resource. Project is demo (e) SFD; new construction of four/five story five residential units and ground floor commercial, with no off-street automobile parking. bicycle parking provided per code requirements.						
STEP 1: EXEMPTION CLASS TO BE COMPLETED BY PROJECT PLANNER Note: If neither Class 1 or 3 applies, an Environmental Evaluation Application is required.						
Note. II her		existing Facilities. Interior and exterior altera				
V	Class 3 – New Construction/ Conversion of Small Structures. Up to three (3) new single-family residences or six (6) dwelling units in one building; commercial/office structures; utility extensions; change of use under 10,000 sq. ft. if principally permitted or with a CU.					
	Class					
STEP 2: CEQA IMPACTS TO BE COMPLETED BY PROJECT PLANNER						
If any box i	s checked t	pelow, an Environmental Evaluation Applic	ation is required.			
	Air Quality: Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g., backup diesel generators, heavy industry, diesel trucks)? Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Article 38 program and the project would not have the potential to emit substantial pollutant concentrations. (refer to EP _ArcMap > CEQA Catex Determination Layers > Air Pollutant Exposure Zone)					
	Hazardous Materials: If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I					

	Environmental Site Assessment. Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the Maher program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap > Maher layer).				
	Transportation: Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?				
	Archeological Resources: Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Archeological Sensitive Area)				
	Noise: Does the project include new noise-sensitive receptors (schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) fronting roadways located in the noise mitigation area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Noise Mitigation Area)				
	Subdivision/Lot Line Adjustment: Does the project site involve a subdivision or lot line adjustment on a lot with a slope average of 20% or more? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography)				
	Slope = or > 20%: Does the project involve excavation of 50 cubic yards of soil or more, new construction, or square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography) If box is checked, a geotechnical report is required.				
	Seismic: Landslide Zone: Does the project involve excavation of 50 cubic yards of soil or more, new construction, or square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint? (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) If box is checked, a geotechnical report is required.				
	Seismic: Liquefaction Zone: Does the project involve excavation of 50 cubic yards of soil or more, new construction, or square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint? (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) If box is checked, a geotechnical report will likely be required.				
	are checked above, GO TO STEP 3. <u>If one or more boxes are checked above, an <i>Environmental</i> Application is required, unless reviewed by an Environmental Planner.</u>				
V	Project can proceed with categorical exemption review. The project does not trigger any of the CEQA impacts listed above.				
Comments and Planner Signature (optional):					
STEP 3: PROPERTY STATUS – HISTORIC RESOURCE TO BE COMPLETED BY PROJECT PLANNER					
PROPERTY IS ONE OF THE FOLLOWING: (refer to Parcel Information Map)					
Category A: Known Historical Resource. GO TO STEP 5. Category B: Potential Historical Resource (over 45 years of age). GO TO STEP 4.					

STEP 4: PROPOSED WORK CHECKLIST

TO BE COMPLETED BY PROJECT PLANNER

Che	Check all that apply to the project.				
	1. Change of use and new construction. Tenant improvements not included.				
	2. Regular maintenance or repair to correct or repair deterioration, decay, or damage to building.				
	3. Window replacement that meets the Department's Window Replacement Standards. Does not include storefront window alterations.				
	4. Garage work. A new opening that meets the Guidelines for Adding Garages and Curb Cuts, and/or replacement of a garage door in an existing opening that meets the Residential Design Guidelines.				
	5. Deck, terrace construction, or fences not visible from any immediately adjacent public right-of-way.				
	. Mechanical equipment installation that is not visible from any immediately adjacent public right-ofway.				
	7. Dormer installation that meets the requirements for exemption from public notification under <i>Zoning Administrator Bulletin No. 3: Dormer Windows</i> .				
	8. Addition(s) that are not visible from any immediately adjacent public right-of-way for 150 feet in each direction; does not extend vertically beyond the floor level of the top story of the structure or is only a single story in height; does not have a footprint that is more than 50% larger than that of the original building; and does not cause the removal of architectural significant roofing features.				
Not	e: Project Planner must check box below before proceeding.				
	Project is not listed. GO TO STEP 5.				
	Project does not conform to the scopes of work. GO TO STEP 5.				
	Project involves four or more work descriptions. GO TO STEP 5.				
	Project involves less than four work descriptions. GO TO STEP 6.				
STEP 5: CEQA IMPACTS – ADVANCED HISTORICAL REVIEW TO BE COMPLETED BY PRESERVATION PLANNER					
Che	ck all that apply to the project.				
	1. Project involves a known historical resource (CEQA Category A) as determined by Step 3 and conforms entirely to proposed work checklist in Step 4.				
	2. Interior alterations to publicly accessible spaces.				
	3. Window replacement of original/historic windows that are not "in-kind" but are consistent with existing historic character.				
	4. Façade/storefront alterations that do not remove, alter, or obscure character-defining features.				
	5. Raising the building in a manner that does not remove, alter, or obscure character-defining features.				
	6. Restoration based upon documented evidence of a building's historic condition, such as historic photographs, plans, physical evidence, or similar buildings.				
	7. Addition(s) , including mechanical equipment that are minimally visible from a public right-of-way and meet the <i>Secretary of the Interior's Standards for Rehabilitation</i> .				

	8. Other work consistent with the Secretary of the Interior Standards for the Treatment of Historic Properties (specify or add comments):					
	9. Other work that would not materially impair a historic district (specify or add comments):					
	(Requires approval by Senior Preservation Planner/Prese	rvation Coordinator)				
	10. Reclassification of property status to Category C. (Requires approval by Senior Preservation Planner/Preservation Coordinator)					
	a. Per HRER dated: (attach HRER)					
	b. Other (specify):					
Note: If ANY box in STEP 5 above is checked, a Preservation Planner MUST check one box below.						
	Further environmental review required. Based on the information provided, the project requires an Environmental Evaluation Application to be submitted. GO TO STEP 6.					
	Project can proceed with categorical exemption review. The project has been reviewed by the Preservation Planner and can proceed with categorical exemption review. GO TO STEP 6.					
Com	ments (optional):	exemplion review. GO 10 STEP 6.				
	ments (optional).					
Prese	ervation Planner Signature:					
	A VILLON I AMINEL OXBINITE.					
	P 6: CATEGORICAL EXEMPTION DETERMINATION					
	E COMPLETED BY PROJECT PLANNER Further environmental review required. Proposed project	t does not meet scopes of work in either (check all that				
	apply):	•				
	Step 2 – CEQA Impacts					
	Step 5 – Advanced Historical Review					
ļ,	STOP! Must file an Environmental Evaluation Applicati	on.				
	No further environmental review is required. The project	t is categorically exempt under CEQA.				
	Planner Name: Marcelle Boudreaux	Signature:				
	Project Approval Action:					
	Planning Commission Hearing It Discretionary Review before the Planning Commission is requested, the Discretionary Review hearing is the Approval Action for the project.					
	Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code.					
	In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 3 days of the project receiving the first approval action.
