APPENDIX D FEMA EMERGENCY & EXIGENCY CONTRACTS REQUIREMENTS

- 1. Contract Requirements.** This contract may be eligible for FEMA funding. FEMA requires inclusion of the following contract provisions for procurement under exigent or emergency circumstances. The Parties must comply with these provisions as a minimum. In the event of a conflict with other provisions in this contract that address the same or a similar requirement, the provisions that are stricter and impose the greater duties upon Contractor shall apply.
- 2. Remedies for Breach.** In addition to all other remedies included in this contract, Contractor shall, at a minimum, be liable to the City for all foreseeable damages it incurs as a result of Contractor violation or breach of the terms of this contract. This includes without limitation any costs incurred to remediate defects in Contractor's services and/or the additional expenses to complete Contractor's services beyond the amounts agreed to in this contract, after Contractor has had a reasonable opportunity to remediate and/or complete its services as otherwise set for in this contract. All remedies provided for in this contract may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.
- 3. Termination for Convenience.** City shall have the option, in its sole discretion, to terminate this Contract, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs reasonably necessary to effectuate demobilization from the work.
- 4. Termination for Cause.** On and after any event of default, City shall have the right to exercise its legal and equitable remedies, including without limitation, the right to terminate this contract for cause or to seek specific performance of all or any part of this contract. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any event of default. Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this contract or any other contract between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of this contract or any other contract.
- 5. Work Hours and Safety Standards.** If this contract is for a price in excess of \$100,000, and involves the employment of mechanics or laborers, Contractor agrees as follows:

A. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed

on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

B. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (A) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, Contractor and subcontractor(s) shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of \$26 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

C. Withholding for unpaid wages and liquidated damages. The City shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (A) through (D) of this section.
