Hi Alisa,

I will plan to be in attendance. Can you please ensure that I receive the meeting invitation?

Although this item notes retroactivity, no equipment has yet been purchased or delivered. The Air District and DEM have agreed to wait until full Board approval to make any purchases, but have entered into an agreement to show good faith of commitment to the terms of the potential gift. The negotiations of the agreement between our two parties started in August, which is why the term of the agreement is reflective of the retroactive date of August 1, 2021 and the agreement spans through July of 2024, after which DEM would retain ownership of the units without restriction.

Please let me know if there are any questions. Thank you!

Subject: Retroactivity: BOS File 211137

Hello Adrienne,

The following matter is on tomorrow's Board agenda:

- Item 10 (File 211237): Accept and Expend Gift - Retroactive - Bay Area Air Quality Management District - Wildfire Air Quality Response Program - Air Filtration Units - Estimated Market Value \$100,000

This legislation authorizes "retroactive" approval. Due to the full Board's concerns regarding "retroactive" approvals, please make sure you - or another department representative - will be in attendance to answer any questions or concerns when the full Board considers this matter.

I would suggest you submit a written explanation for the file regarding the "retroactive" approval, which I will disseminate to the Members and include in the legislative file.

Thank you for your continued collaboration on the legislative process.
