LEGISLATIVE DIGEST
(Revised 1/31/2022)

[Charter Amendment - Timelines for Recall Process; Filling Vacancies in Elected Offices]

Describing and setting forth a proposal to the voters at an election to be held on June 7, 2022, to amend the Charter of the City and County of San Francisco to extend the ban on the initiation of recall petitions from six to twelve months after the official has assumed office; prohibit the submission of a recall petition to the Department of Elections, if the subsequent recall election would be required to be held within twelve months of a regularly scheduled election for the office held by the official sought to be recalled; and provide that any interim officer appointed to fill a vacancy created by a recall election, held on or after June 7, 2022, may not be a candidate in the subsequent vacancy election.

Existing Law

1. Recall process

Under Charter Section 14.103, no recall petition may be initiated against a local official, if that official has held office for less than six months. Also, under Elections Code 11007(c), no recall petition may be initiated against a local elected official, if that official's term of office would end within six months.

2. Vacancy appointments

In the event of a vacancy in the office of Assessor-Recorder, City Attorney, District Attorney, Public Defender, Sheriff, or Treasurer, or Member of the Board of Supervisors, School Board or Governing Board of the Community College District, the Mayor is responsible for appointing a qualified individual to fill the vacant seat.

Amendments to Current Law

1. Recall process

The proposed Charter amendment would extend the period in which a recall petition could not be initiated during the beginning of an official's term of office, from the first six months to the first 12 months.

The proposed Charter amendment would also provide that no recall petition may be submitted to the Director of Elections within 18 months before a regularly scheduled election for the office held by the elected official subject to the recall. This deadline would ensure that no recall election would be held within 12 months of that regularly scheduled election. This 18-

month period incorporates the additional time necessary for the Department of Elections' review of recall petitions and calling of a recall election.

2. Vacancy appointments

Under the proposed Charter amendment, the Mayor would continue to make appointments for vacancies created by recalls. Such appointees would be "interim" officers that would carry out the responsibilities of the vacated office but would also be prohibited from being candidates in the following elections held to fill those vacancies. This rule would apply to any vacancy created due to a recall election held on or after June 7, 2022.

The proposal would also modify the process for filling mayoral vacancies created by recall. For a mayoral vacancy created by recall, the Board of Supervisors would appoint an interim Mayor. The interim Mayor would carry out the responsibilities of the Office of Mayor and could not be a candidate in the following election held to fill the vacancy.

RE: File 211287 – Charter amendment to change the authority for filling vacancies on the Board of Supervisors, School Board and Community College Board and to change the recall process for elected offices

Dear Ms. Calvillo,

Should the proposed Charter amendment be approved by the voters, in my opinion, it would result in a moderate savings in the cost of government over time. The proposed amendment would likely decrease the number of special elections required in San Francisco in any given year.

Currently, if a vacancy occurs on the Board of Supervisors, School Board, or Community College Board, the vacant seat is filled by a Mayoral appointment. Under the proposed Charter amendment, the seat would instead be filled by a majority vote of the Board's members where the vacant seat occurs. Board members appointed to a vacancy serve until there is a scheduled election for that Board, subject to certain other timing criteria, and that policy would not change.

The amendment would change the permitted timing of starting and submitting recall petitions. Recall petitions could not be started in the first 12 months of an official's term, versus the current limit of six months. Recall petitions could not be submitted that would cause an election to happen within 12 months of a regularly scheduled election for that office.

Taken together, the amendment's provisions would likely decrease the number of special elections required and decrease the number of elective offices added to regularly scheduled elections.

Sincerely,

A handwritten signature in black ink that reads "Ben Rosenfield".

I respectfully urge you to oppose the proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government:

- Building Inspection Commission
- Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator
- Timelines for Recall Process; Filling Vacancies in Elected Offices
- Fossil Fuel Disinvestment Policy; Retirement Board Membership

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

Debra Carpenter

- Fossil Fuel Disinvestment Policy; Retirement Board Membership

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

Sincerely,

The current hodgepodge of different rules is confusing for everyone. Charter reform of all commissions should be better thought out than these poor and ill-advised proposals.

We all want reform that will make our city run efficiently and transparently. These half baked ideas are not the answer.

These charter Proposals are far from ready for real consideration.

Vote NO. The voters certainly will.

Sincerely,

Debra Walker

Dear Supervisors,

I respectfully urge you to OPPOSE the proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government: - Building Inspection Commission -Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator -Timelines for Recall Process; Filling Vacancies in Elected Offices -Fossil Fuel Disinvestment Policy; Retirement Board Membership I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters.

This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

Sincerely,
Charlton Yu

This is an immoral attempt to deprive patriotic Americans of their rights to control the political process. This is not some communist hellhole—though you damn democrats have certainly done your best to turn it into one.

Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

#5 211286 [Charter Amendment - Building Inspection Commission]
#6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
#7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
#8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were

elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Sincerely,

- #5 211286 [Charter Amendment - Building Inspection Commission]
- #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
- #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
- #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

- #5: 211286 [Charter Amendment - Building Inspection Commission] I oppose this attempt to reallocate powers of the Mayor to the BOS.
- #6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator] I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.
- #7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process] This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the

people. Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall. This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

- #8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership] This is a smokescreen power-grab. The BOS has no control over retirement investments; they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Dear Supervisors,

I strongly support Supervisor Connie Chan's proposed Charter Amendment. I am especially excited about splitting appointments to a variety of powerful unelected boards -- especially the San Francisco Municipal Transportation Agency Board of Directors, the San Francisco Recreation and Parks Department, and the San Francisco Public Utilities Commission. These reforms are long overdue. Split appointments are a good way to provide checks and balances and strengthen local democracy here in San Francisco.

Thank you to Supervisor Chan for introducing these Charter reforms.

I do not believe dispersal of power is good government. San Francisco already is a difficult city to govern. Further diminishing the Mayor's ability to appoint members of these boards will make it more difficult to assign responsibility for making good decisions about many of our most difficult problems confronting San Francisco.

I urge you to vote **NO** to this proposal.

Dear Rules Committee Members and Supervisors, I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government. Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am: #5 211286 [Charter Amendment - Building Inspection Commission] #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator] #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process] #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]. Dear Supervisors,

Please support this Proposed Charter Amendment on Building Inspection Commission. The BIC has itself included members who have used their positions to break Building Dept. rules, to their own and their friends benefit.

Furthermore, the Building Dept. has been rife with corruption, as illustrated in numerous media news stories, and has also been poorly run. I even heard that staff in Building and Planning departments' desks were reduced in size to accommodate Mr. Nuru's 'penthouse' - so small that staff can't easily roll out full building plans on desk top!

Despite City Attorney's clearing DBI of all charges, the corruption is still there.

Please support Proposed Charter Amendment on Building Inspection Commission, and strengthen it.

Dear Supervisors,

Please support this Proposed "Good Government" Charter Amendment.

It is time to correct the many overly "strong mayor" aspects of the San Francisco Charter. Clarifying the role of the City Administrator is needed, particularly after the resignation during corruption investigations. Splitting the boards and commissions of many bodies can allow more fruitful discussions.

I commend the sponsors of this amendment.

Dear Supervisors,

Please support this Proposed Recall and Replacement of elected officials Charter Amendment.

California, and mainly other western states, have **three tools of direct democracy** that allow a majority of ordinary citizens to directly make or change law and to recall elected officials. The **Recall** allows CA voters to remove from office any statewide elected official at any time, and for any reason. A recall must provide signatures from registered voters equaling at least 12% of the total number of ballots cast in that elected official's last election.

These three California ideas came into being in 1911 because of the railroad control of business and government and corruption, thinking that voters could override business interests and bought politicians. State Recalls require signatures of at least 12% of the vote in the last election of that official, along with at least 1% of votes in five or more counties.

This legislation sets time limits on recalls, so that officials recently elected, or soon to be facing a re-election can focus on the job for which they were elected.

Another aspect is setting a new standard for how vacancies will be filled, rather than by the Mayor. Few cities or other governing bodies have vacancies filled by the Mayor or equivalent. These are elected offices, not gifts to be bestowed on favorites or used for succession planning.

Why Make Recall More Difficult? It's expensive. It could be called an excess of democracy, and undermine the independence of elected officials. It can be abused. More recalls are organized by business than by ordinary citizens, and often with less than a year before the next election. No special grounds for recall are required in most states. In SF, recalls can place even more power in the hands of the Mayor. The school board issues appear to be matters of policy, not rising to criminal acts.

I suggest that you consider adding:

1. Increasing the threshold of signatures for a recall. It is unreasonable that someone could be recalled and another elected with fewer votes than the incumbent had received. Other states with recall provisions require a higher percentage of voters signing on, and/or some gross violation of power or law, such as bribery or murder.

2. Change the time limit for signature gathering.

3. Make the official's subordinate take the position until election is due – for example, Governor is recalled, then Lieutenant Governor automatically becomes Governor. Alternately, if a board or commission, have them select a replacement, much as stated in the

It is time to correct the many overly "strong mayor" aspects of the San Francisco Charter.

I commend the sponsors of this amendment.

Date: Sunday, January 23, 2022 10:12:44 PM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisors,

Please oppose this Proposed Charter Amendment- Streamlining Review of Affordable Housing.

This proposed amendment would eliminate much of the Planning Commission and the supervisors' authority over any housing development of more than 25 units, provided:

To be eligible, a project would need to set aside a percentage of units on-site as affordable to households earning no more than 140% of AMI, in an amount higher than what is otherwise required by the Planning Code, or provide 100% affordable housing. So a project that offers one more unit than the current legal requirement to people [making \\$149,000 for a family of two and \\$186,000 for a family of four](#), would be approved with no review at all. That's not exactly "affordable housing."

According to the 2015-2019 Census, in 2019 dollars, Median Income in San Francisco is \$68,883. Median Household Income is \$112,449. 10% of San Franciscans live below the out-of-date federal poverty line.

I would also point out that putting exact numbers into the charter, which is difficult to change, is not a good idea. San Francisco's economy and local incomes have gone up and down, and in the climate emergency, are more likely to go down.

This legislation is a gift to developers, not a benefit to city residents.

Instead, consider the model of Streamlining Affordable Housing that was done for City and School Board-owned land. That's 100% affordable.

Dear Ms. Ronen and Honorable Supervisors,

I plan on attending the Rules Committee meeting this morning and I want to express my concern for two issues. I am strongly against Mayor Breed's proposed charter amendment and in strong support of Supervisor Peskin's Recall Reform.

The recall of our school board is not unique. Similar situations are arising across the nation. Steve Bannon has been quoted as saying the right-wing should "start with the school boards" to build their strength in order to take back the house in the midterms. We see this strategy has already worked for Glenn Youngkin, who made education a primary point in his platform.

I have worked in this city for SFUSD since 1997. I have two children in public schools. I obviously have a lot of feelings about what is happening now during the pandemic and more acutely, during this latest surge.

To put it simply, the SFUSD needs more help in its finances. Our district has forever been treated like the unwanted stepchild of the so-called "City Family". The fact that our SF DPH did not appear at one of our BOE meetings is shocking to me. The Mayor suing our district to "open faster" or to make a plan as the district tried to muddle through was purely outrageous. Well, we opened and welcomed our students back. Yet here we are with a million-dollar recall and a proposal for charter schools. The recall, as I am sure you all must know, is funded HEAVILY by charter school privatizer, Arthur Rock. This is a template he has used in Oakland. I am literally sickened at the idea of closing public schools, which need our city to step up and help, to replace them with charter schools.

I urge all of you to strongly REJECT Mayor Breed's charter school proposal.

I also write today to also **thank Mr. Peskin** for his mindful and apid attention to the disturbing and disingenuous recall that is seizing our city currently.

I have been watching the entire process unfold and it is disgusting to see parent grief and frustration over school closure being leveraged to bring charter schools into our city. I feel that the school board recall, if successful in SF, will be used as an example nationally. I am very disappointed at my own supervisor for chiming in to support the recall.

Keep in mind that our schools are in crisis RIGHT NOW during the Omicron surge because solid health and safety measures, many brought to the table by UESF and OUR BOE, were dismissed by folks such as Jenny Lam and our school's chief financial officer, as being "unnecessary" and even "unscientific". I found in the fall that 1/3 of our teacher-librarians still did not have portable air cleaners. The "have and have not" inequity that always existed

between schools with robust PTA funding versus those without became even starker and indeed, I would argue even more deadly and damaging to the health of our students and staff?

There is major gaslighting going on across our nation and here in San Francisco. I was briefly a member of Decrease the Distance (now under the insulting name of SF Parents, as if they speak for me) I do **NOT** subscribe to the same ideas expressed in COVID19 denialism that we should just "let everyone get Omicron" or the lie that children simply do not carry and transmit the virus in the school setting (I have seen it) or that every case is "mild"?

Preposterous.

We are seeing more children hospitalized for this disease and we know really **NOTHING** about how the long-term health implications will play out, other than it is likely we will see our families of color suffer the most, yet again. We need to protect our kids and workers, yet the city just does not seem 100% committed to funding that need. As great a job as we have done with COVID19 as a city, I wish we could come together and support the district better. It should not be such a struggle to get the rapid tests, upgraded masks, etc.

Unfortunately, the parents wanting to reopen quicker, seem to want it at any cost, even with unprepared buildings and facilities and unvaccinated staff and students. Recalling our BOE in this manner (with money from billionaire dead set on charter school) is disgraceful.

Please, I urge you all to support Mr. Peskin's proposal and seek out even further ways to adjust or entirely eliminate this recall process. Our city should not be footing the bill for such political manoeuvring and undermining of our basic democratic elections. I have seen in Twitter already proposals for removing the Board of Supervisors in this manner. The fight against the recall of our DA will be the fight of a lifetime, I fear.

Please reject recalls and support the democratic process!

Subject: Oppose Charter Amendments that Subvert Voter Rights and Obliterate Separation of Powers
Date: Monday, January 24, 2022 8:58:29 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Rules Committee Members and Supervisors, I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government. Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am: #5 211286 [Charter Amendment - Building Inspection Commission] #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator] #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process] #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

_____ Rationale for each objection: #5: 211286 [Charter Amendment - Building Inspection Commission] I oppose this attempt to reallocate powers of the Mayor to the BOS. #6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator] I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco. #7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process] This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people. Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall. This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy. #8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership] This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens. Sincerely,

Dear Supervisors,

I am a SFUSD middle school parent and a member of PEEF CAC. This measure has not been brought before the CAC to review for its potential impact on students, just as the recent budget cuts were not brought before us. Was the PEEF office invited to the Rules Committee today to speak on how the charter amendment would impact student services? The CAC had two meetings in January so there was no shortage of opportunity for the mayor or the BOS to have conversation with us.

It is true that the CAC has requested additional reporting but that reporting has to come from the budget office and superintendent's staff, not from the Board of Education. Denying PEEF funds because the mayor or the BOS have a policy disagreement with the Board of Education would mean denying everything from nurses to librarians to PE uniforms to students. PEEF is unique and precious in providing funds to our public school students for these programs, and it would be heartless to even threaten to withhold them from students because the grownups can't get along.

I ask that before moving this measure forward, please come to PEEF CAC and listen to the members who have been reviewing these programs and working with students.

Supervisors:

re: Please Remove opportunities for overlapping authorities by city officials

We totally support Supervisor Chan's Charter Amendment to bring better accountability to the leadership at City Hall. It is really important for us to spread the balance of power at the top and appointments are a good place to start.

Please consider adding legislation that limits the number of positions all appointees, employees and staff may hold at any one time? The overlapping authorities with board and commission members sitting on oversight committees of their own departments, committees and commissions have created opportunities for the corruption exposed by State and Federal authorities that have turned San Francisco into a hotbed of political scandals.

We should limit each party's participation to a single position to remove such opportunities for abuse of power. We have enough smart informed citizens to take up the posts without the need for anyone to take on more than one position at a time. If you need to the abuse I refer to, you can look at any of our local publications for more than enough detailed discussions about the problems under investigation now.

As the supervisors know and the citizens are reminding you, the current system is broken. We need to rebalance the power at City Hall and give more citizens an opportunity to take on the responsibility for determining the city policies and priorities, that have been allowed to replace the legislative process in some departments. This removes the public voice and adds to frustration and animosity among the citizenry.

Please contact me directly if you want to discuss this further.

Re: File # 211289, Streamlining Review of Affordable Housing

Dear President Walton, Rules Committee Chair Peskin, and the San Francisco Board of Supervisors:

Calle 24 Latino Cultural District strongly urges the Board of Supervisors to reject the proposed charter amendment "Streamlining Review of Affordable Housing" for the June 7, 2022 ballot. This proposed charter amendment will make it impossible for our working class BIPOC families to live in San Francisco and undermines the goals, protections and vision for Cultural Districts. Truly affordable housing is key to maintaining communities intact and thriving.

The median income for a working-class family in the Mission is under \$50,000, which for a family of four falls below 40% AMI. The greatest need for our community is for housing between 30-50% AMI for families, and below 40% AMI for individuals. This proposed measure describes how "there is a need to make it easier to build affordable and middle-income housing to keep our city diverse." It mentions "nurses, firefighters, teachers, small business owners, retail and non-profit workers, and Muni drivers,"(1) but our firefighters don't make nearly the stated money, and a teacher in the SFUSD (2) may never see the stated high of a salary. You'll find a similar disconnect with every one of the professions listed. In reality, most of these salaries fall below 80% AMI.

(1) <https://www.salary.com/research/salary/benchmark/fire-fighter-salary/san-francisco-ca>

(2) <https://uesf.org/members/2017-2020-contract/>

Our BIPOC communities have been the hardest hit during the COVID-19 pandemic largely because of the lack of truly affordable housing. Our families live in SRO rooms, 2-3 families in an apartment, in RVs, cars, and other communal living situations that have allowed COVID-19 to spread rapidly through these communal households.

As a result of the vast deficit of truly affordable housing to families and individuals with incomes that fall below 50% AMI, thousands of applicants have been left to compete for the new affordable housing units that have been built. Promotoras and organizations are signing up record numbers of families, but ultimately many are disenfranchised and feel hopeless because the odds of finding housing that is affordable to them are devastatingly slim.

The misleadingly titled "Streamlining Review of Affordable Housing" would undermine decades of nation-leading affordable housing advocacy in San Francisco, and would lead to the ongoing displacement of communities of color, like the Mission, that have led in that advocacy. Currently, the City of San Francisco already streamlines affordable housing, so this measure is truly no more than an effort to cloak market rate housing in the language of affordability, and undermine the self-determination of the communities of color that have long fought for truly affordable housing.

If the Board approves this dangerous measure for inclusion on the June 2022 ballot, it will redefine "affordable housing" to 140% of the Area Median Income (AMI). Per MOHCD, the affordable rent for a

one bedroom 140% AMI apartment calculates out to \$3,729 per month. With the average median rent for a 1-bedroom apartment in San Francisco currently at \$2,850 per month (this is updated from the reference in the charter amendment's findings), the **measure before you is clearly for housing that is even costlier than today's market rate.**

This proposed charter amendment was not developed with or for our communities and shifts all power to profit-driven developers, whose projects effectively disenfranchise our working class BIPOC families and exacerbate displacement. It is an attack on our very democratic process, as it disenfranchises our working class BIPOC families by prohibiting them from representing the concerns and needs of their communities before the Board of Supervisors, the Planning Commission, and the Board of Appeals to advocate for equity, truly community-serving ground floor uses, affordability, and to oppose gentrification and displacement.

We urge you to reject this ill-conceived proposed charter amendment outright. It is an attempt to silence the voices of working class BIPOC families, to accelerate gentrification and displacement, and to extinguish the self-determination of our communities.

To truly build affordable housing with an equitable community plan it is imperative that the voices of BIPOC communities, who are the most adversely affected, are at the table to lead by their lived experiences. We would be happy to be at the table to lead those discussions.

Sincerely,

Erick Arguello

Dear Rules Committee Chair Peskin and Members of the Board of Supervisors:

SOMA Pilipinas Filipino Cultural Heritage Districts strongly opposes the proposed charter amendment titled "Streamlining Review of Affordable Housing" (File # 211289). We urge the Board of Supervisors to join with community based organizations and reject the proposed charter amendment.

This charter amendment is extremely misleading in its naming and does nothing to support affordable housing. Instead, this amendment appears to undermine existing affordable housing programs, such as the inclusionary housing program, and creates unaffordable housing that simply benefits private developers of market-rate housing.

By redefining "affordable housing" as 140% AMI, this charter amendment clearly shows that the proposed changes have nothing to do with actually creating affordable units. Currently, a 1-Bedroom "affordable" unit at 140% AMI, as defined by MOHCD, would cost \$3,729 per month. That is not affordable, and is even above the current market-rate value of a 1-bedroom apartment of \$2,850 per month according to Zumper as of January 2022. This charter amendment, in effect, creates the streamlining of 100% market-rate housing, pretending to be an "affordable" housing amendment. The "increased affordability housing projects" named in the amendment are also misleading in naming, as they barely provide an increase, and they provide the same 140% AMI unaffordable units.

The use of language surrounding "affordability" and "affordable housing" is being twisted in order to promote market-rate development that our communities do not need. In the South of Market, we need truly affordable housing, not more market-rate housing that causes increased gentrification and displacement. Working-class and low-income residents, families, and seniors (especially seniors on fixed income) need housing that ranges from 10-90% AMI. Our houseless neighbors need supportive housing. That is the actual affordable housing that is needed.

We ask the Supervisors to stand with us in rejecting this harmful charter amendment.

Sincerely,

Raquel Redondiez

Re: File # 211289, Streamlining Review of Affordable Housing

Dear President Walton, Rules Committee Chair Peskin, and the San Francisco Board of Supervisors:

The San Francisco Anti-Displacement Coalition asks that you reject File # 211289, a misleadingly named measure that would lead to displacement of the communities that have long advocated for the genuinely affordable housing our city needs. Representing

The "Streamlining Review of Affordable Housing" charter amendment would actually streamline approvals for 100% market rate (unaffordable) housing projects, allowing developers to bypass the local programs that currently require affordable units to be built and to bypass input from the communities most likely to be displaced by the addition of luxury units to their neighborhoods.

If the Board approves this measure for inclusion on the June 2022 ballot, it will redefine "affordable housing" to 140% of the Area Median Income (AMI). While advertised as a necessary intervention to provide middle-income for teachers, firefighters, and nurses, workers in these sectors do not make nearly enough money to qualify for a 140% AMI unit. Further, a 1-bedroom apartment at 140% AMI is currently \$3,729 per month, not just unaffordable but also nearly \$1,000/month *above* market rate.

In order to protect this developer free-for all, the measure also limits public input and makes it impossible for the Board of Supervisors, the Planning Commission and the Board of Appeals to either represent the needs of communities and hold developers accountable, or provide a venue for communities to be able to represent themselves and advocate for equity and affordability and against gentrification and displacement. There is no need for this measure to be a charter amendment, except to diminish the voice and power of the parts of city government that might question the impacts that market rate development have on San Francisco residents.

We urge you to reject this charter amendment outright because instead of providing affordable housing, it silences communities, transfers power to developers, and undermines the very meaning of affordable. Please reject this deceptive charter amendment proposal when it comes before you at the Rules Committee.

Respectfully,

The San Francisco Anti-Displacement Coalition

Re: File # 211289, Streamlining Review of Affordable Housing

Dear President Walton, Rules Committee Chair Peskin, and the San Francisco Board of Supervisors:

The Latino Task Force Street Needs Assessment Committee strongly urges that the Board of Supervisors reject this proposed charter amendment for the June 7, 2022 ballot. This proposed charter amendment will make it impossible for families of middle or low income to be able to live in San Francisco. The misleadingly titled "Streamlining Review of Affordable Housing" would undermine decades of nation-leading affordable housing advocacy in San Francisco, and would lead to displacement of communities of color, like the Mission, that have led in that advocacy.

The LTF Street Needs Assessment Committee currently works to assess the needs of our families and individuals living on the street, in their cars and in RVs, as a result of the scarcity of housing that is affordable to them. **We continually bring the feedback in our advocacy that the greatest need is for housing below 50% AMI and that housing defined as "affordable" that exceeds 80% AMI is completely out of the reach of our community.** In addition to those living outside, there are hundreds of families living 2-3 families per apartment and families living in SROs, which has been a major contributor to the Latinx community being the hardest hit by COVID-19.

This proposed charter amendment does not serve the Latinx community.

If the Board approves this dangerous measure for inclusion on the June 2022 ballot, it will redefine "affordable housing" to 140% of the Area Median Income (AMI). Per MOHCD¹, the affordable rent for a 1-BR 140% AMI apartment calculates out to \$3,729 per month. The average market rent² for a 1-BR apartment in San Francisco is currently \$2,850 per month (this is updated from the reference in the charter amendment's findings). This means that the measure before you will streamline 100% market rate housing while masquerading as a measure that provides "affordable" housing.

¹ <https://sfmohcd.org/sites/default/files/Documents/MOH/Asset%20Management/2021%20AMI-RentLimits-HMFA.pdf>

² <https://www.zumper.com/rent-research/san-francisco-ca>

As a result of the deficit of truly affordable housing to families and individuals with incomes that fall below 50% AMI, thousands of applicants have been left to compete for the proportionately small number of units that have been recently built in the Mission. As an example, **when “La Fénix” at 1950 Mission Street opened for DAHLIA applications, more than nine thousand applicants applied for the 115 units available.** According to MOHCD documentation,³ 140% AMI means \$130,000/yr for a single person and \$186,500/yr for a family of four. In whose mind can this be considered affordable housing? The average income for a family of four in our community is less than half of that amount. Our families fall within the 30% - 50% of AMI levels.

This proposed measure describes how "there is a need to make it easier to build affordable and middle income housing to keep our city diverse." It mentions "nurses, firefighters, teachers, small business owners, retail and non-profit workers, and Muni drivers." It also mentions "service sector employers", etc. You can already see how the campaign will be spun, claiming to provide affordable housing for workers in all these professions and sectors. Unfortunately, however, a firefighter⁴ doesn't make nearly this much money, and a teacher in the SFUSD⁵ may never see this high of a salary. You'll find a similar disconnect with every one of the professions listed. The majority of the working people mentioned make \$50,000 - 90,000 a year and others make as low as \$35,000. It is a betrayal to insinuate that 140% AMI is affordable and if you can't afford it you can't live here.

Ultimately, so many members of the Latinx community are disenfranchised and feel hopeless because odds against them finding truly affordable housing are so great. As we tend to people forced to live on the street, families in their cars and RVs, renting a couch space in congregate living, **we find these types of policies are creating the very houseless crisis we are trying to resolve.** Market rate developments in the Mission have driven displacement while providing few units that are affordable to our families, and **gentrification continues to accelerate as high-end income earners move into San Francisco and drive up AMIs.**

This proposed charter amendment was not developed with or for our community and shifts all power to profit-driven developers, further seeking to disenfranchise our families. It is an attack on our very democratic process, as it prohibits our community from being able to organize to demand housing that serves the needs of our residents, to demand ground level uses that are truly community-serving, and to demand open space that's accessible and promotes our health and well-being. It also allows developers to take any density bonuses that desire to feed their bottom line, regardless of the impacts their developments have on our community and the harms they create for our struggling families who are vulnerable to displacement.

This proposed measure is a clear attempt to disenfranchise communities of color and would prohibit our residents from representing the concerns and needs of our community before the Board of Supervisors, the Planning Commission and the Board of Appeals to advocate for equity and affordability and against gentrification and displacement.

We urge you to reject this proposed charter amendment outright. It is an attempt to silence Latinx voices and silence the self-determination of our community.

Respectfully,

Re: File # 211289, Streamlining Review of Affordable Housing

Dear President Walton, Rules Committee Chair Peskin, and the San Francisco Board of Supervisors:

United to Save the Mission strongly urges the Board of Supervisors to reject the proposed charter amendment "Streamlining Review of Affordable Housing" for the June 7, 2022 ballot. This proposed charter amendment will make it impossible for our working class BIPOC families to live in San Francisco.

The median income for a working class family in the Mission is under \$50,000, which for a family of four falls below 40% AMI. The greatest need for our community is for housing between 30-50% AMI for families, and below 40% AMI for individuals. This proposed measure describes how "there is a need to make it easier to build affordable and middle income housing to keep our city diverse." It mentions "nurses, firefighters, teachers, small business owners, retail and non-profit workers, and Muni drivers," but our firefighters¹ don't make nearly this much money, and a teacher in the SFUSD² may never see this high of a salary. You'll find a similar disconnect with every one of the professions listed. In reality, most of these salaries fall below 80% AMI.

Our BIPOC communities have been the hardest hit during the COVID-19 pandemic largely because of the lack of truly affordable housing. Our families live in SRO rooms, 2-3 families in an apartment, in RVs, cars, and other communal living situations that have allowed COVID-19 to spread rapidly through these communal households.

As a result of the vast deficit of truly affordable housing to families and individuals with incomes that fall below 50% AMI, thousands of applicants have been left to compete for the new affordable housing units that have been built. Promotoras and organizations are signing up record numbers of families, but ultimately many are disenfranchised and feel hopeless because the odds of finding housing that is affordable to them are devastatingly slim.

The misleadingly titled "Streamlining Review of Affordable Housing" would undermine decades of nation-leading affordable housing advocacy in San Francisco, and would lead to the ongoing displacement of communities of color, like the Mission, that have led in that advocacy. Currently, the City of San Francisco already streamlines affordable housing, so this measure is truly no more than an effort to cloak market rate housing in the language of

affordability, and undermine the self-determination of the communities of color that have long fought for truly affordable housing.

If the Board approves this dangerous measure for inclusion on the June 2022 ballot, it will redefine "affordable housing" to 140% of the Area Median Income (AMI). Per MOHCD³, the affordable rent for a one bedroom 140% AMI apartment calculates out to \$3,729 per month. With the current average median rent⁴ for a 1 bedroom apartment in San Francisco currently being \$2,850 per month (this is updated from the reference in the charter amendment's findings), the **measure before you is clearly for housing that is even higher than today's market rate.**

This proposed charter amendment was not developed with or for our communities and shifts all power to profit-driven developers, whose projects effectively disenfranchise our working class BIPOC families and exacerbate displacement. It is an attack on our very democratic process, as it disenfranchises our working class BIPOC families by prohibiting them from representing the concerns and needs of their communities before the Board of Supervisors, the Planning Commission, and the Board of Appeals to advocate for equity, truly community-serving ground floor uses, affordability, and to oppose gentrification and displacement.

We urge you to reject this proposed charter amendment outright. It is an attempt to silence the voices of working class BIPOC families, to accelerate gentrification and displacement, and to extinguish the self-determination of our communities.

Sincerely,

United to Save the Mission

Second Reading — Agenda Item #3, Board File 211285: Charter Amendment, Split Appointment Authority for Boards and Commissions

Dear Chair Peskin and Rules Committee Members,

I have reviewed the Legislative File version 2 of this proposed Charter Amendment.

Although I fully supported Board File #211285, the proposed Charter Amendment introduced by Supervisor Chan and co-sponsored by Supervisors Ronen, Peskin, and Preston to split the appointing authority to numerous City Boards and Commissions between the Mayor and the Board of Supervisors when it was introduced and debated during the Rules Committee hearing on January 24 (continued to January 26 due to the damaged fiberoptic cable that disabled SFGOV-TV), I have changed my support of this legislation.

Unless and until the two amendments to the legislation I suggested are incorporated into this Charter Amendment, I no longer support it, and will actively oppose it. My two suggestions were:

1. Introduce a standard term of service for commissioners appointed to each Board or Commission to four-year terms, and
2. Introduce term limits of a maximum of two four-year terms, whether served consecutively or with a break in service.

As the Rules Committee heard on January 26, many other San Franciscans providing public comment voiced similar concerns and support that term limits **must** be added to this Charter Amendment.

The time to make these changes is when the Charter is opened for the June 2022 election, not much later down the road when you'd need to re-open the Charter again.

It is painful to withdraw my support, but I can't in good faith support this Charter Amendment without these two amendments to the legislation put before the voters.

Please place this additional testimony in the Public Correspondence file for File #211285.

Respectfully submitted,

Second Reading — Agenda Item #5, Board File 211288: Charter Amendment, Fossil Fuel Divestment and Retirement Board Membership

Dear Chair Peskin and Rules Committee Members,

As you know, the January 24 Rules Committee hearing on this proposed Charter Amendment was continued to January 26 due to the damaged fiberoptic cable that disabled SFGOV-TV part way through your January 24 meeting.

Although I appreciated Rules Committee Chairperson Peskin's remarks on Wednesday, January 26 when he complimented my public testimony saying I had raised a "*valid point*" about the inequity that 56,529 (86.7%) of all City employees and retirees — derisively called "miscellaneous" employees contemptuously — do not have equity via an elected seat on SFERS' Board of Trustees, Peskin's compliment does not change my position opposing this Charter Amendment.

Presumably, this proposed Charter change to the appointing authority to SFERS' Board of Trustees may be designed, in part, to obtain a Trustee who may be more inclined or open to helping SFERS divest from its fossil fuel portfolio. Two things are well known:

1. Former SFERS' Trustee Wendy Paskin-Jordan who had been appointed to SFERS' Board by then-Mayor Ed Lee was quite fond of reminding everyone of her friendship and professional relationship with Jeremy Grantham, and she kept assuring everyone that Grantham opposed divesting from fossil fuel investments.
2. The current three elected members of SFERS' Board who are all Public Safety members — Brian Stansbury, Joe Driscoll, and Croce "Al" Casciato — who now monopolize all three elected seats on SFERS' Board had vigorously waged an election campaign in 2016 to 2017 against then elected-Trustee Herb Meiberger to unseat him, falsely claiming Meiberger's opposition to both hedge funds and fossil fuel investments were harming retiree's pensions. That was a lie then, and it isn't true now. The 2016 election campaign was reportedly supported heavily by Local 21 and the building and construction trades unions that vigorously backed Supervisor Asha Safai, who was recently elected as Vice President of SFERS' Board.

As you must surely know, for the period ending June 30, 2021 the market-rate valuation of San Francisco's Retirement System portfolio jumped by a 30.6% return on its overall investment portfolio to a record-setting \$34.5 billion valuation. That stellar performance will potentially lower both the amount of City contributions (in millions!) to support the Retirement Fund in 2022 and beyond, and also potentially reduce the share of contributions current City employees pay in to fund the pensions of City retirees and their own eventual pensions.

Unfortunately, SFERS's massive gains did **not** include high returns from either its fossil fuel or hedge fund investments, both of which continue to either drag down the overall performance of the Retirement Fund, or contribute to missed investment opportunities that might yield higher ROI. We all know that SFERS' fossil fuel investments not only contribute to global warming, we know that the fossil fuel investments are rapidly becoming "*stranded assets*" that lose market share each passing day SFERS holds on to them.

As currently written, I *still* do not support Board File #211288, the proposed Charter Amendment introduced by Supervisor Peskin and co-sponsored by Supervisors Preston, Melgar, and Chan to require that the Retirement Board divest from all of

it's fossil fuel investments, and that one of the two seats that the Mayor appoints to the Retirement Board be appointed instead by the Board of Supervisors.

As I noted, this Charter change legislation requires, at minimum, four substantial amendments:

1. Reduce the terms of service for the three appointed Trustees to three years, rather than five years.
2. Introduce term limits of each of the appointed members of the Retirement Board be for a maximum of two terms.
3. Although this Charter change would be opened to the electorate to expand appointing authority of appointments to the 11-member Board of Supervisors for *appointed* seats on SFERS' Board, it completely ignores that current and retired "miscellaneous" employees are still denied parity of *elected* members to SFERS' Board.
4. Eventually, 20 California counties formed the *State Association of County Retirement Systems* (SACRS), adopting provisions of the *1937 County Employees Retirement Law* (the *1937 Act Counties*). This proposed Charter change must include a provision that the City and County of San Francisco be required to join and become a member of SACRS, and adopt SACRS's elected-member equity ratio policy between public safety- vs. "miscellaneous" -employees elected from their separate ranks and seated in their defined seats on their Retirement System Board of Trustees.

None of these four recommendations should require a meet-and-confer process with the City's labor unions.

As I testified on January 26, after 84 years it's way past time for the Board of Supervisors to introduce a Charter change to grant parity (equity) to City employees on par with the 20 counties covered by the *1937 Act Counties* — by requiring a one-member Miscellaneous seat on SFERS' board (opened to election to only Miscellaneous current and retired members), a one-member Public Safety seat, (opened to election to only Public Safety current and retired members), and one Retiree seat (opened to election to both Miscellaneous and Public Safety Retirees) but restricted only to election of a *non*-Public Safety retiree. |

By changing how elections are held for the three elected seats to SFERS' Board, you may, however unintentionally, gain a "miscellaneous" member elected to the Retirement Board dedicated to helping advance fossil fuel divestments. It may be as simple as that.

And getting Supervisor Safai replaced on SFERS' Trustee Board may help hasten fossil fuel divestment, too, like his predecessor, former-Supervisor John Avalos, who had advocated strenuously to divest from fossil fuels while on the Board.

Unless you amend this Charter change legislation, I recommend the Rules Committee not pass this Charter Amendment or forward it to the full Board of Supervisors with a recommendation to approve and place it on the June 2022 ballot. Instead, the Rules Committee should send a firm recommendation to the full Board of Supervisors opposing this Charter Amendment.

The Rules Committee and Board of Supervisors have a limited window to fix this injustice. Don't blow this chance! Fix this Charter change, while you have this opportunity.

Please place this additional testimony in the Public Correspondence file for File #211288.

Respectfully submitted,

Patrick Monette-Shaw

#6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
#7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
#8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure.
The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Sincerely,

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were

elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Sincerely,
Kathleen Gee

Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

- #5 211286 [Charter Amendment - Building Inspection Commission]
- #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
- #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
- #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a

cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

- #5 211286 [Charter Amendment - Building Inspection Commission]
- #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
- #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
- #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were

elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Sincerely,

Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments:

Please oppose items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

- #5 211286 [Charter Amendment - Building Inspection Commission]
- #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
- #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
- #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors -

none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure. The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

#5: 211286 [Charter Amendment - Building Inspection Commission] I oppose this attempt to reallocate powers of the Mayor to the BOS.#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process] This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall. This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure.

The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens. Sincerely, Stacie Johnson

Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

#5 211286 [Charter Amendment - Building Inspection Commission]
#6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
#7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
#8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

Dear Rules Committee Members and Supervisors,

As 69 year San Francisco residents residing in District 7, we respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

- #5 211286 [Charter Amendment - Building Inspection Commission]
- #6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
- #7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
- #8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected citywide, and so it makes sense for the person in that position to fill the vacancy.

#8: 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

This is a smokescreen power-grab. The BOS has no control over retirement investments: they are determined at the State level. The BOS can declare support for Fossil Fuel divestment without an expensive ballot measure.

The amendment changes what branch of government has control over City Board appointments. I think the balance of power should stay as it is. Large cities need an executive (Mayor) who is accountable to ALL citizens.

Sincerely,

Paul & Marie Siimpson

Dear Rules Committee Members and Supervisors,

I respectfully urge you to oppose several proposed Charter Amendments that subvert voters' rights, fundamentally distort the balance of power in San Francisco and create more gridlock in government.

Please oppose the anti-democratic overreach of items numbered 5 through 8 on the Rules Committee Agenda for January 24, 2022 at 9am:

#5 211286 [Charter Amendment - Building Inspection Commission]
#6 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]
#7 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]
#8 211288 [Declaration of Policy and Charter Amendment - Fossil Fuel Disinvestment Policy; Retirement Board Membership]

Rationale for each objection:

#5: 211286 [Charter Amendment - Building Inspection Commission]

I oppose this attempt to reallocate powers of the Mayor to the BOS.

#6: 211285 [Charter Amendment - Split Appointment Authority for Boards and Commissions; Powers and Duties of the City Administrator]

I oppose this attempt to remove checks & balances in City Hall, removing power from the Mayor, who is elected by all citizens and giving it to the Supervisors who are elected by 1/11th of voters. This results in fewer citizens having a say in the direction of the city and it would permanently consolidate control for the Board of Supervisors over the voters and the executive branch in a way that has never been done before in San Francisco.

#7: 211287 [Charter Amendment - Filling Vacancies in Elected Offices; Timelines for Recall Process]

This proposal is an attempt to elevate elected officials above the people. Elected officials should always be subject to voter oversight and the Proposed Amendment decimates the power of the recall as an avenue to make political change in extreme circumstances. This is a cynical political reaction to the current recall efforts. Any vote in favor of putting this on the ballot conveys a clear message that the official is more concerned with gaining power than with serving the people.

Since most Supervisors supported the recall of at least one BOE member, it is worth noting that if this amendment were in place now, and the BOE recalls are successful, the BOE itself would select replacements for Collins, Lopez, and Moliga. This would significantly decrease the impact of the recall.

This change to filling BOS vacancies makes no sense in that the 10 remaining Supervisors - none of whom were elected by people in the vacant seat district - would select the new Supervisor for that district. The Mayor is elected

Supervisors:

re: Please Remove opportunities for overlapping authorities by city officials

We totally support Supervisor Chan's Charter Amendment to bring better accountability to the leadership at City Hall. It is really important for us to spread the balance of power at the top and appointments are a good place to start.

Please consider adding legislation that limits the number of positions all appointees, employees and staff may hold at any one time? The overlapping authorities with board and commission members sitting on oversight committees of their own departments, committees and commissions have created opportunities for the corruption exposed by State and Federal authorities that have turned San Francisco into a hotbed of political scandals.

We should limit each party's participation to a single position to remove such opportunities for abuse of power. We have enough smart informed citizens to take up the posts without the need for anyone to take on more than one position at a time. If you need to the abuse I refer to, you can look at any of our local publications for more than enough detailed discussions about the problems under investigation now.

As the supervisors know and the citizens are reminding you, the current system is broken. We need to rebalance the power at City Hall and give more citizens an opportunity to take on the responsibility for determining the city policies and priorities, that have been allowed to replace the legislative process in some departments. This removes the public voice and adds to frustration and animosity among the citizenry.

Please contact me directly if you want to discuss this further.

Mari Eliza, concerned citizen

Re: File No. 211287 Proposed Charter Amendment to Fill Vacancies in Elected Offices;
Timelines for Recall Process

Dear Supervisor Peskin:

In lieu of orally testifying at today's delayed meeting, I am writing to urge that the Rules Committee reject this proposed charter amendment or that you reconsider and withdraw it.

This proposed charter amendment is a restraint on democracy and dissent which, if implemented, will place office holders above and beyond the voice of the voters and lead to chaos and further distrust of government.

The proposed charter amendment appears to be more protective of office holders than responsive to the tens of thousands of San Franciscans who elected them. It is the wrong response to the over 80,000 San Francisco voters who, after having been frustrated, demonized and shut off by members of the School Board, have followed the legal process to seek a citywide recall vote on February 15. Hear them, don't fear them!

The recall provisions have been enshrined in the California Constitution since 1911. They have been used sparingly. We have not had a local recall vote since 1983. At that time, the San Francisco Democratic Club, Haight Ashbury Neighborhood Council, San Franciscans for Public Power and other truly progressive groups wrote, "The Recall Process is a vital part of our electoral system. It ensures that public officials are held accountable. Characterization of a recall as unfair – or of the 35,000 signers as an irresponsible fringe element – by opponents reveals their contempt for the democratic process." Leaders of the LGBT community and other members of Citizens for a New Mayor stated, "The issue is not the recall process – which is our democratic right. The issue is accountability and four years of broken promises." The Stonewall Democratic Club echoed similar sentiments.

The proposed charter amendment shields an elected official from recall for over half their term of office. Meanwhile, they can engage in non-criminal misconduct, be abusive to their colleagues or the public or take other missteps with no voter recourse. Imposing such a limited time period for petition gathering will force recall proponents to completely resort to paid signature gatherers, something that the authors presumably criticize the current system for.

The proposed charter amendment's process to replace a recalled incumbent (if that is even possible under the proposed scheme) is perhaps an even greater assault on the well functioning of government. The proposed charter amendment takes away the mayor's authority to appoint a replacement or replacements and hands it over to the remaining incumbents (some or all of whom may be as recall-worthy as the recalled incumbent(s) but have been shielded from recall by this charter amendment.) As an example, if the proposed charter amendment applied to the current recall and all three School Board members were recalled, it would require a unanimous vote of the then remaining four Board members to appoint the replacement. All it would take is one Board member to unilaterally prohibit anyone from being appointed by withholding his or her vote. And if this occurred in an election cycle when a majority of a Board is recalled, then the Board would not be able to function at all even if all remaining Board members were willing to act.

It is sad to see otherwise progressive public officials in San Francisco try to drastically limit the people's recall power. Taking away voting rights from the people, as this proposed charter amendment does, is exactly what we as San Franciscans oppose in other states. Taking away authority from the chief executive is reminiscent of what I saw Congressional Republicans do to President Obama when I served in his administration.

Thank you for the opportunity to express my strong opposition to the proposed charter amendment. I urge you to reconsider and withdraw it.

Sincerely,

John Trasvina
