EXECUTIVE SUMMARY	
<p style="text-align: center;">Legislative Objectives</p> <ul style="list-style-type: none"> The proposed resolution would retroactively approve a contract between the Department of the Environment (ENV) and Rebuilding Together San Francisco for the Fix Lead SF Program to reduce childhood lead poisoning, for a five-year term from March 2022 through February 2027, with an amount not to exceed \$14,300,000, and three one-year options to extend. <p style="text-align: center;">Key Points</p> <ul style="list-style-type: none"> In July 2019, 10 California cities and counties, including San Francisco, reached a \$305 million settlement with three companies to address lead-paint related hazards. Under the contract, Rebuilding Together would work with licensed lead professionals to identify and remove lead paint from residential buildings. The scope of services for the contract includes: (1) providing initial payment to inspectors, remediation supervisors, relocation providers, and tenants, with payments to be reimbursed by the City; (2) tenant relocation when deemed necessary by the City's Project Monitor or the remediation supervisor; (3) contracting and management of lead professionals and relocation service providers; (4) documenting individual project progress, sending notifications to involved parties, maintaining project files, and monitoring project timelines through the City's database. The proposed contract would be entirely funded by the settlement funds. After accounting for the contract, Fix Lead SF will have approximately \$6.7 million in remaining available settlement funds, which will largely be spent on DPH and ENV staff to evaluate applications, and to monitor and certify projects. <p style="text-align: center;">Recommendation</p> <ul style="list-style-type: none"> Approve the proposed resolution. 	

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

In July 2019, 10 California cities and counties, including San Francisco, reached a \$305 million settlement with The Sherwin-Williams Company, ConAgra Grocery Products Company, and NL Industries, Inc. to address lead paint-related hazards. The City will receive approximately \$21 million from the settlement and has started the Fix Lead SF program as a collaboration between the Department of the Environment (ENV), Department of Public Health (DPH), and Office of Economic and Workforce Development (OEWD) with the mission to reduce the amount of lead risks in as many San Francisco residential units as possible. Fix Lead SF, under the lead of DPH, has decided to spend approximately 75 percent of funding on identifying and removing lead risks in residential buildings in San Francisco. ENV estimates that approximately 81 percent of San Francisco housing was built before 1978, when lead-based paint was banned in the United States.¹

In September 2021, ENV issued a Request for Proposals (RFP) to select a vendor to help administer the Fix Lead SF program. Rebuilding Together San Francisco (Rebuilding Together) submitted the only proposal and was deemed to meet the minimum requirements of the RFP.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would approve a contract between ENV and Rebuilding Together for the Fix Lead SF Program, for a five-year term from March 2022 through February 2027, with an amount not to exceed \$14,300,000, and three one-year options to extend through February 2030. As the contract term started March 1, 2022, approval of the proposed resolution should be considered retroactive.

Under the contract, Rebuilding Together would work with licensed lead professionals to identify and remove lead paint from residential buildings. The scope of services for the contract includes: (1) providing initial payment to inspectors, remediation supervisors, relocation providers, and tenants, with payments to be reimbursed by the City; (2) tenant relocation when deemed necessary by the City's Project Monitor or the remediation supervisor; (3) contracting and management of lead professionals and relocation service providers; (4) documenting individual project progress, sending notifications to involved parties, maintaining project files, and monitoring project timelines through the City's database; and (5) other tasks as requested, such

¹ According to a Santa Clara County Counsel webpage detailing the settlement terms, 318,535 residential units in San Francisco were built before 1980.

as participating in program evaluation and providing access to additional networking opportunities for Fix Lead SF outreach.

According to David Kashani, ENV Contracts and Grants Coordinator, the program would be eligible for property owners of San Francisco residential buildings built before 1950 with nine units or less and must have either at least one child living in the building less than six years old, or at least one child under six years old who visits often, or families expecting children soon.

All lead remediation subcontractors must be certified by the California Department of Public Health (CDPH), which publishes a list of certified professionals. Rebuilding Together would notify qualified contractors who have expressed interest in the program of bid walks for each project. Contractors would then competitively bid on each project, with selection based on various criteria. If tenants need to be relocated, they would either be relocated with family or friends, in an available unit within the same building, or in a lead-safe hotel nearby. ENV anticipates that tenants would not have to be relocated for more than 20 days.

According to Contracts and Grants Coordinator Kashani, contract performance would be monitored on an ongoing basis, as ENV's Project Monitor would be interacting with Rebuilding Together almost daily. The Fix Lead SF program will have regular meetings (at least monthly) to discuss progress and resolve any barriers to successful completion of projects. ENV will track timeliness of accomplishing tasks through a database. Tenants who require relocation will be surveyed regarding their satisfaction with Rebuilding Together managing their relocation. The performance benchmarks for Rebuilding Together will be paying lead professionals' invoices in 10 days or less and ensuring that contractors complete lead abatement within 10 days and inspectors submit reports within five business days for tenants to start re-occupancy within 20 days.

FISCAL IMPACT

The proposed contract would have a total not to exceed amount of \$14,300,000 over five years. Projected expenditures by task are shown in Exhibit 1 below.

Exhibit 1: Projected Contract Expenditures by Task

Task	Hours	Average Billing Rate ²	Total
Provide Payment to Service Providers	500	\$88.52	\$44,260
Coordinate Tenant Relocation	2,486	93.91	233,450
Manage Lead Professional Service Providers	6,600	97.01	630,252
Provide Administrative/Recordkeeping Assistance	500	88.52	44,260
<i>Subtotal</i>	<i>10,086</i>	<i>95.40</i>	<i>\$962,222</i>
Pass-Through Payments to Service Providers			13,337,778
Total			\$14,300,000

Source: Proposed contract.

² The proposed contract specifies hourly billing rates of \$118.93 for the Project Manager, \$100.52 for the Executive Director, and \$52.11 for the Program Assistant. The average billing rates shown are the weighted average for each task based on the estimated hours needed by each position to complete the task.

As shown above, approximately 93 percent of projected expenditures are for pass-through payments to service providers and approximately seven percent of projected expenditures are for tasks performed by Rebuilding Together.

ENV anticipates performing approximately 70 lead abatement projects per year, as well as eight pilot projects to get the program started, for a total of 358 over the five-year term of the contract. The estimated cost per project is approximately \$40,000. According to Contracts and Grants Coordinator Kashani, this amount was based on a similar project conducted by the Mayor's Office of Housing and Community Development (MOHCD), which had an average cost of \$35,000 per contract. ENV anticipates that costs will be slightly higher because these projects involve lead abatement as opposed to lead stabilization.

The proposed contract would be entirely funded by the settlement funds. After accounting for the contract, Fix Lead SF will have approximately \$6.7 million in remaining available settlement funds. According to Contracts and Grants Coordinator Kashani, the remaining funds will be used for ENV and DPH staff salaries, the building of a program database, and outreach professional services and materials over the past two years and next five years of project implementation. Approximately \$1,056,993 funded City staff in FY 2020-22, \$3,205,537 will fund 2.75 City FTE from FY 2022-23 through FY 2026-27, \$350,000 will fund program outreach, \$100,000 will fund miscellaneous expenses, such as database development, and \$2,000,000 will be available as a contingency for additional staff salaries if the contract is extended. City staff at DPH and ENV will evaluate applications as well as monitor and certify projects.

Such agreements include, but are not limited to, professional services contracts, general services contracts, public works contracts, and grants. (c) In accordance with the Contractor Vaccination Policy, Contractor agrees that:

(i) Where applicable, Contractor shall ensure it complies with the requirements of the Contractor Vaccination Policy pertaining to Covered Employees, as they are defined under the Emergency Declaration and the Contractor Vaccination Policy, and insure such Covered Employees are either fully vaccinated for COVID-19 or obtain from Contractor an exemption based on medical or religious grounds; and

Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 “Additional Requirements Incorporated by Reference” of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.4 Independent Contractor; Payment of Employment Taxes and Other Expenses.

4.4.1 Independent Contractor. For the purposes of this Section 4.4, “Contractor” shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation,

insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this Section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to this Section 4.4 shall be solely limited to the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this Section.

4.5 Assignment. The Services to be performed by Contractor are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or indirectly assigned, novated, hypothecated, transferred, or delegated by Contractor, or, where the Contractor is a joint venture, a joint venture partner, (collectively referred to as an "Assignment") unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City's approval of any such Assignment is subject to the Contractor demonstrating to City's reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and otherwise, of performing each of Contractor's obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets

of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported Assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

Article 5 Insurance and Indemnity

5.1.3 Waiver of Subrogation Endorsements

(a) The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.4 Primary Insurance Endorsements

(a) The Commercial General Liability policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(b) The Commercial Automobile Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

(c) The Pollution Liability Insurance policy shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.5 Other Insurance Requirements

(a) Thirty (30) days' advance written notice shall be provided to the City of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to City. Notices shall be sent to the City address set forth in Section 11.1 entitled "Notices to the Parties."

(b) Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the Agreement term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

(c) Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

(d) Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

(e) Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

(f) If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 Indemnification. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS,

ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 Liability for Use of Equipment. City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 Liability for Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 Contractor to Pay All Taxes. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 Possessory Interest Taxes. Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code Section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code Section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 Withholding. Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this

Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions may include any or all of the following, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(c) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.1 Each of the following shall constitute an immediate event of default ("Event of Default") under this Agreement:

8.2.2 Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:

(a) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, including any obligation imposed by ordinance or statute and incorporated by reference herein, and such default is not cured within ten days after written notice thereof from City to Contractor. If Contractor defaults a second time in the same manner as a prior default cured by Contractor, City may in its sole discretion immediately terminate the Agreement for default or grant an additional period not to exceed five days for Contractor to cure the default.

(b) Contractor (i) is generally not paying its debts as they become due; (ii) files, or consents by answer or otherwise to the filing against it of a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction; (iii) makes an assignment for the benefit of its creditors; (iv) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any substantial part of Contractor's property; or (v) takes action for the purpose of any of the foregoing.

(c) A court or government authority enters an order (i) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor or with respect to any substantial part of Contractor's property, (ii) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (iii) ordering the dissolution, winding-up or liquidation of Contractor.

8.2.3 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor: (i) all damages, losses, costs or expenses incurred by City as a result of an Event of Default; and (ii) any liquidated damages levied upon Contractor pursuant to the terms of this Agreement; and (iii), any damages imposed by any ordinance or statute that is incorporated into this Agreement by reference, or into any other agreement with the City. This Section 8.2.2 shall survive termination of this Agreement.

8.2.4 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.2.5 Any notice of default must be sent by registered mail to the address set forth in Article 11.

8.3 **Non-Waiver of Rights.** The omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or

provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

8.4.1 This Section and the following Sections of this Agreement listed below, shall survive termination or expiration of this Agreement:

Article 9 Rights In Deliverables

California cities and counties announce groundbreaking \$305 million settlement of landmark lead paint litigation

July 17, 2019

San Francisco will get about \$21 million to protect children and families from lead paint hazards

SAN FRANCISCO (July 17, 2019) — After nearly 20 years of hard-fought litigation, the County Counsels and City Attorneys of 10 California jurisdictions have reached a settlement on behalf of the People of the State of California that will provide hundreds of millions of dollars to clean up the lead paint that poisons tens of thousands of children across California each year.

Under the settlement agreement, defendants The Sherwin-Williams Company, ConAgra Grocery Products Company, and NL Industries, Inc., will pay \$305 million to the Counties of Santa Clara, Alameda, Los Angeles, Monterey, San Mateo, Solano, and Ventura; the City and County of San Francisco; and the Cities of Oakland and San Diego to address lead paint-related hazards, which to this day continue to be the most significant environmental hazard for children in California and around the country.

The settlement announced today allows the 10 cities and counties to access abatement funds without further delay, ends the threat of further litigation, and gives the cities and counties the flexibility to create more expansive, efficient, and effective clean-up programs tailored to the needs of their communities.

“Lead paint has created a public health crisis for communities in California and across our nation,” said San Francisco City Attorney Dennis Herrera. “This agreement ensures that significant resources will go to address the lead paint crisis and that local governments have the flexibility to best protect children from this pervasive environmental hazard.”

“Today’s settlement holds former manufactures of lead paint responsible for the harm they have caused to generations of California’s children,” said Santa Clara County Counsel James R. Williams. “This settlement is a victory for children and families throughout California. We have fought to hold these companies accountable for nearly twenty years, and will finally have needed funds to devote to protecting our children from lead poisoning.”

The settlement arises out of *County of Santa Clara, et al. v. Atlantic Richfield Company, et al.*, Santa Clara County Superior Court, Case No. 1-00-CV-788657. In 2000, the Santa Clara County Counsel's Office filed this landmark case to hold former lead paint manufacturers responsible for promoting lead paint for use in homes despite their knowledge that the product was highly toxic. San Francisco joined the case in 2001. Young children are especially vulnerable to lead poisoning, the effects of which are irreversible. Although lead paint was banned for residential use in 1978, it is still present in millions of homes in California and continues to be the leading cause of childhood lead poisoning in California.

In 2014, after a six-week trial, the Santa Clara County Superior Court ruled that three former lead paint manufacturers—The Sherwin-Williams Company, ConAgra Grocery Products, and NL—were liable for knowingly marketing a toxic product—lead paint. The court ordered the defendants to provide the funds needed to clean up lead paint inside homes built before 1978 in the ten cities and counties. In 2017, the Court of Appeal upheld the Superior Court's decision, but limited the defendants' liability to clean up homes built before 1951. The California Supreme Court and United States Supreme Court each declined to review the Court of Appeal's precedent-setting decision.

Prior to settlement, the parties were continuing to litigate issues related to the final judgment and the process through which defendants would pay for the lead paint clean-up ordered by the California courts. The court had imposed a time limit of four years on the use of the funds allotted to abatement, after which remaining funds would be returned to the defendants. The court also had restricted expenditure of the funds to certain kinds of remediation projects, excluding homes built after 1950 and areas contaminated by exterior paint, for example.

Today's settlement does away with those restrictions. It gives cities and counties the flexibility to clean up those and other types of lead paint hazards. It also allows the funds to be targeted for intervention services for children with lead poisoning. In addition, it ensures that the cities and counties can use the funds paid by the defendants without the threat that any of the funds will revert back to the defendants.

The 10 cities and counties will divide the settlement funds based on the number of homes with lead paint in each jurisdiction. They will then set up local cleanup programs designed to meet the needs in each city or county. San Francisco is slated to receive about \$21 million for cleanup programs over the next seven years.

The case was litigated on behalf of the People of the State of California by the County Counsels and City Attorneys of the County of Santa Clara, the County of Alameda, the City of Oakland, the City and County of San Francisco, the City of San Diego, the County of Los Angeles, the County of Monterey, the County of San Mateo, the County of Solano, and the County of Ventura. The County Counsel and City Attorney's Offices litigated this case in collaboration with the law firms of Cotchett Pitre & McCarthy LLP, Motley Rice LLC, Mary Alexander & Associates PC, the Law Office of Peter Earle, and Altshuler Berzon LLP.

I. INTRODUCTION AND SOLICITATION SCHEDULE

A. Introduction

1. General

This Request for Proposals (hereinafter “Solicitation”) is being issued by Department of the Environment (“SF Environment”) of the City and County of San Francisco (CCSF or the City). SF Environment is seeking qualified suppliers (“Proposers”) to provide professional services in the administration of CCSF’s Fix Lead SF program, a program to reduce childhood lead poisoning in San Francisco (Proposal). The administration functions will include but are not limited to: hiring, managing, and paying State lead-certified professionals*; managing tenant relocation*, tracking individual project progression; preparing requested progress reports.

*(*Pre-determining a team of lead-certified professionals and relocation providers is NOT part of the response to this solicitation for proposal. The City will be developing policies and procedures that will guide the selection of the Fix Lead SF lead-certified professionals. The requirements for the tenant relocation provider are specified in Attachment 10.)*

The Fix Lead SF program is a collaboration of the Department of The Environment, the Department of Public Health, and the Mayor’s Office of Economic and Workforce Development. Lead is a neurotoxin. Therefore, the mission of the program is to reduce the amount of lead risks in as many San Francisco residential units as possible. Over 90% of the residential buildings in San Francisco were built before 1978 when lead-based paint was used. As a result, there is a potential for most homes to contain lead-contaminated paint, lead-contaminated soil, and lead-contaminated dust. Children under six years of age are especially at risk for lead poisoning because they are more likely to put non-food items such as paint chips, lead-contaminated soil, or lead-dust contaminated hands or toys in their mouths. Women who are pregnant also represent a high-risk for lead poisoning. Adults working with lead can also be poisoned.

Funding for Fix Lead SF comes from a legal settlement agreement between three major paint manufacturers and CCSF and nine other cities and counties in California (<https://tinyurl.com/leadpressrelease>). Between 2020 and 2027 CCSF will be receiving a total of approximately \$21,000,000. SF Environment anticipates spending 75% of this funding on identifying and removing lead risks in residential buildings.

SF Environment shall order goods and/or services covered by the awarded contract through the issuance of individual Purchase Orders and/or Task Orders which shall be released against the awarded contract during the contract term.

2. Selection Overview

The City shall award a contract to the Proposer that meets the Minimum Qualifications of this Solicitation whose Proposal receives the highest ranking score. Responsive Proposals will be evaluated by a panel (“Evaluation Panel”) consisting of one or more parties with expertise related to goods and/or services being procured through this Solicitation. The Evaluation Panel may include staff from various City departments. Proposals will be evaluated based on the criteria outlined herein. If applicable, a Contract Monitoring Division (CMD) Contract Compliance Officer will assess Proposal compliance with Local Business Enterprise (LBE) requirements and assign a rating bonus to Proposal scores. The CMD-adjusted scores (if applicable) will then be tabulated, and Proposers will be ranked starting with the Proposer receiving the highest score, then continuing with the Proposer receiving the second highest score, and so on.

B. Anticipated Contract Term

A contract awarded pursuant to this Solicitation shall be non-exclusive with an original term of five (5) years. The City at its sole, absolute discretion, shall have the option to extend the term for three (3) additional years for a total of eight (8) years.

C. Anticipated Contract Not to Exceed Amount

A contract awarded pursuant to this Solicitation shall have a not to exceed (“NTE”) amount of **\$14,300,000** for the initial term with the expected range of five (5) to eight (8) percent of contract amount set aside for the winning bidder’s professional services and the remainder set aside for professional lead services and relocation. Should the contract be extended, the City may in its discretion choose to increase the NTE proportionally based on the length of the extension, or may choose to extend the term without increasing the initial NTE to add additional funding.

D. Reserved (Indefinite Quantity, As Needed Contract).

E. Cooperative Agreement

Any other City department, public entity or non-profit made up of multiple public entities, may use the results of this Solicitation to obtain some or all of the commodities or services to be provided by Proposer under the same terms and conditions of any contract awarded pursuant to this Solicitation.

F. Public Disclosure

All documents under this solicitation process are subject to public disclosure per the California Public Records Act (California Government Code Section §6250 et. Seq) and the San Francisco Sunshine Ordinance (San Francisco Administrative Code Chapter 67). Contracts, Proposals, responses, and all other records of communications between the City and Proposers shall be open to inspection immediately after a contract has been awarded. Nothing in this Administrative Code provision requires the disclosure of a private person’s or organization’s net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit.

If the City receives a Public Records Request (“Request”) pertaining to this solicitation, City will use its best efforts to notify the affected Proposer(s) of the Request and to provide the Proposer with a description of the material that the City deems responsive and the due date for disclosure (“Response Date”). If the Proposer asserts that some or all of the material requested contains or reveals valuable trade secret or other information belonging to the Proposer that is exempt from disclosure and directs the City in writing to withhold such material from production (“Withholding Directive”), then the City will comply with the Withholding Directive on the condition that the Proposer seeks judicial relief on or before the Response Date. Should Proposer fail to seek judicial relief on or before the Response Date, the City shall proceed with the disclosure of responsive documents.

G. Limitation on Communications During Solicitation

From the date this Solicitation is issued until the date the competitive process of this Solicitation is completed (either by cancelation or final Award), Proposers and their subcontractors, vendors, representatives and/or other parties under Proposer’s control, shall communicate solely with the Contract Administrator whose name appears in this Solicitation. Any attempt to communicate with any party other than the Contract Administrator whose name appears in this Solicitation – including any City official, representative or employee – is strictly prohibited. Failure to comply with this communications protocol may, at the sole discretion of City, result in the disqualification of the Proposer or potential Proposer from the competitive process. This protocol does not apply to communications with the City regarding business not related to this Solicitation.
