Dear Supervisor Chan,

I'm writing to urge your support for the proposed moratorium on "last mile" shipping facilities proposed by President Walton.

I live at 888 7th St. in the Showplace Square area, which faces Berry Street and the site of the proposed Amazon warehouse facility. When I moved here ten years ago, I was encouraged by the city's long-term plans to create a walkable neighborhood with new housing and small businesses. Since then, hundreds of new housing units have been created. Our building includes 225 residential units, the majority of which are below market rate and home to working people, families, children, and seniors. The massive Amazon project will completely change the character of our neighborhood creating traffic congestion, safety issues, pollution, and low-paying jobs at a company hostile to worker rights. As it is, we already live with some of the highest levels of diesel pollution in the state from the nearby Caltrain station. The proposed moratorium will provide time to better assess these impacts and give neighbors like us the opportunity to make our voices heard. And if these impacts cannot be mitigated, then I hope this project will not be approved and a more suitable, neighborhood friendly use of this site can be developed.

Thank you for your consideration.

Will Roscoe

Thank you Will for your testimony. Please note if you submit it to Board.of.Supervisors@sfgov.org it is submitted to the full Board. I noticed you submitted it to each individual Supervisor. Just an FYI that is our email to streamline it to Clerk of where the legislation is assigned to and the full Board.

ERICA MAJOR
