I am writing regarding the March 18, 2022 Notice regarding the Tentative Approval of a Subdivision at the above-referenced address. I live across the street at 2547 Filbert Street, San Francisco, CA.

Hi Jocelyn,

I will be available to be at the meeting in person. I believe this all might be a misunderstanding and the appeal has been withdrawn, but based on the prior emails it seems like the meeting will go ahead as planned.

As the project surveyor I will be available to answer any questions regarding the lot spit and lot width questions.

For background on September 30, 2021 the planning department asked us to revise our tentative map which at the time did not meet the minimum lot width requirements for our proposed parcel "B". On October 14th we re-submitted an updated tentative parcel map with an updated width for parcel "B" at the required minimum width of 25 feet. On March 18th 2022 our map received tentative map approval based on this updated map with the updated lot width.

Attached is the letter from planning dated September 30, 2021 requesting the change. Also attached is the email correspondence from SF DPW approving the tentative map with the updated width of 25 feet. Included in the email is a copy of the map with the updated lot width.

Please let me know if you need anything else or if you are not able to open these attachments.

Thanks,

Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

Proposal: _____

EIGHT PRIORITY GENERAL PLAN POLICIES

As a result of the passage of Proposition M (Section 101.1 of the San Francisco Planning Code), findings that demonstrate consistency with the eight priority policies of Section 101.1 must be presented to the Department of City Planning as part of your project application review for general conformity with San Francisco's General Plan.

Photographs of the subject property are required for priority policy review and must be submitted as part of the application.

INSTRUCTIONS TO APPLICANTS: Please present information in detail about how your application relates to each of the eight priority policies listed below. The application will be found to be incomplete if the responses are not thorough. Use a separate document and attach if more space is needed.

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

This policy does not apply to the proposed subdivision. The proposed subdivision will allow for the construction of a residential home and will not adversely impact or displace any existing neighborhood-serving retail uses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhood;

The proposed subdivision is consistent with Priority Policy No. 2 because it does not adversely impact the existing housing and neighborhood character. 3. That the City's supply of affordable housing be preserved and enhanced;

The proposed subdivision does not propose to remove or add any affordable housing units, nor are any required under the Planning Code.

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;

The proposed subdivision is consistent with Priority Policy No. 4 because it will not adversely or significantly impact commuter traffic, and it will not impede MUNI transit service. Additionally, the proposed residential project will only add one single family home to the neighborhood and will include off-street parking so as to not overburden neighborhood streets or parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

This policy does not apply to the proposed subdivision as the subdivision will not displace any industrial and service sector uses due to commercial office development.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed subdivision is consistent with Priority Policy No. 6 because any new residential building built on site will be built to meet structural and seismic safety requirements of the City Building Code.

7. That landmarks and historic buildings be preserved; and

The proposed subdivision will have no effect on landmarks or historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The proposed subdivision is consistent with Priority Policy No. 8 because the site does not adversely affect any park or open space as it will not cast shadows on any park or public open space. No public view or vista will be impacted.

CITY OF SAN CARLOS NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN, that the San Carlos City Council will hold a public hearing on **Monday, April 25, 2022 at 7:00 p.m.**, or as soon thereafter as the matter can be heard, pursuant to authority set forth in California Government Code section 65858 (b) and noticed in accordance with California Government Code section 65090, to consider the adoption of an interim ordinance establishing a moratorium on the submission, consideration, or approval of applications for (i) a lot line adjustment and the subdivision of land within the Northeast Area in accordance with the Subdivision Map Act, (ii) design review, use permit, temporary use permit, planned development, zoning amendment, waiver, variance, general plan amendment, development agreement, or any other discretionary approval from the City of San Carlos necessary for the development of a site within the Northeast Area in accordance with the San Carlos Zoning Ordinance, or (iii) a building permit required for the construction of improvements on property within the Northeast Area in accordance with the San Carlos Municipal Code, excepting building permits for the construction of tenant improvements to existing space occupied by existing uses.

For purposes of the interim ordinance, the Northeast Area that is the subject of this public hearing is all land or sites within the area depicted in the map set forth below.

As identified in the City of San Carlos' 2022 Strategic Goals, the Northeast Area is part of the Eastside Planning Initiative where significant change in land use is expected to this predominantly industrial area. Accordingly, in order to guide the orderly development of the Northeast Area, the City intends to prepare a specific plan called the Northeast Area Specific Plan. The Northeast Area Specific Plan, and any necessary general plan and zoning amendments, will be prepared with in-depth community and stakeholder input with the intent to consider the Northeast Area holistically through study of land uses, specifically including the introduction of housing and affordable housing which use is currently prohibited, mobility and transit, environmental stewardship, urban design, recreation and open spaces. Therefore, in order to preserve the future viability of residential development within the Northeast Area in the midst of the Statewide housing crisis, the adoption of the interim ordinance is necessary to protect the public health, safety and welfare by prohibiting the approval and development of uses that may be in conflict with or otherwise constrain or limit the introduction of uses contemplated in the Northeast Area Specific Plan.

The adoption of this interim ordinance is not a project subject to the requirements of the California Environmental Quality Act ("CEQA") because the interim ordinance will not result in a direct physical change in the environment nor a reasonably foreseeable indirect physical change in the environment. Further, even assuming the interim ordinance is a project as defined in CEQA, the interim ordinance is exempt from environmental review pursuant to section 15061(b)(3) of the State CEQA Guidelines because it is covered by the common sense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment and where, as in the case of the interim ordinance, it can be seen with certainty that there is no possibility that the adoption of the interim ordinance may have a significant effect on the environment, the adoption of the interim ordinance is not subject to CEQA.

The agenda and relevant materials for this item will be available for viewing on the City's website at <http://sanarlosca.igm2.com> on April 21, 2022. A hardcopy may be obtained upon request to the City Clerk. Please note that this April 25, 2022 City Council meeting will be held via teleconference and there will not be a physical location for which the public can attend. However, the public will have access to remotely observe the meeting and address the Council - details and directions will be available on the agenda.

Questions regarding the proposed interim ordinance may be directed to Megan Wooley-Oudahl, Senior Planner, at mwooleyoudahl@cityofsanarlos.org. Comments may be sent via email to the City Clerk - CityClerk@cityofsanarlos.org and the City Council - CityCouncil@cityofsanarlos.org; or mailed to the City Clerk at 600 Elm Street, San Carlos, CA 94070.

All persons interested in the above matter are hereby invited to participate remotely in this public hearing and be heard. If you challenge this proposal in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Clerk prior to the public hearing.

Crystal Mui,
City Clerk
