
Street closure petition

Blumer, Werner M. <werner.blumer@cpuc.ca.gov>
To: "Clerk@SFcta.org" <Clerk@sfcta.org>

Wed, Apr 20, 2022 at 9:59 AM

Ms. Tsao,

Please count my below letter and my email address for subject petition.

Thank you.

Good Evening Mayor Breed, Board of Supervisors, SFMTA, and Parks & Recreation Department of San Francisco,

I understand Mayor Breed and three Board of Supervisors (Haney, Preston, & Mandelman) want to close JFK Drive permanently to cars.

I, a registered voter & tax-paying citizen of San Francisco, do not support that decision. Motorists have the right to commute on the paved streets of Golden Gate Park that -- pre-pandemic -- were a helpful and convenient route of transportation for us. Board of Supervisor Connie Chan has a proposal to open *one* section of JFK Drive to motorists, but her proposal allows only for ONE-way car traffic on one side of the road and TWO-way bike traffic on the other side of the road. Before the pandemic, cars AND bikes had lanes going in BOTH directions on JFK Drive. Bikers were allowed to bike 7 days out of the week, and motorists were allowed to drive 6 days out of the week. I do not support Chan's proposal. Motorists who live in the City as well as motorists who live outside the City have the right to commute in BOTH directions on JFK Drive (as well as on Martin Luther King Jr. Drive & The Great Highway, for that matter). Why is this a convenience and luxury only allowed to bikers? I advocate for the reopening of JFK Drive to two-way car traffic 6 days per week. On Sundays, JFK Drive could be closed to cars, so that bikers, walkers, and runners can solely use the Drive.

I do not appreciate: --the extra pollution & traffic congestion caused by the closed (and slowed) streets; --my tax dollars going to maintaining streets that I can't use or rarely use anymore/avoid; --the human rights violation [many disabled & elderly individuals (whether they are from in or outside the City) cannot visit Golden Gate Park anymore because of the street closures, and because of the fact that they have to pay a parking garage fee when other people do not have to. Stop the injustice].

Open all streets we pay for it or are you going to reduce the exorbitant taxes? Are you ready to get your groceries on a scooter or skate board in the rain when you are 80??? Stop catering to the Bicycle Coalition for votes.

Hear my voice. I have the right to be heard just like any other citizen of San Francisco. Please make this City a more enjoyable place to live and recreate, rather than a place more and more people wish to flee.

Sincerely,

Werner Blumer
Turk Blvd.

Closed and Slow Streets

Supervisors San Francisco Board of Supervisors,

Dear Councilwoman and Councilman of the Mayor's Office on Disability,

My name is Van and I am a visually impaired scientist that lives near the entrance of Golden Gate Park. During this pandemic, most ADA-accessible activities and transportation have limited my ability to maintain my health and quality of life. When the city decided to create slow streets and shut down JFK to pedestrians, it has given me and my family a space to be healthy and be with my community. There aren't that many outdoor spaces that are accessible and safe and I am proud to live in a city that creates that for its residents.

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

Thank you,

Van Duesterberg and her two children (5 and 2 years old)

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Regards,  
Mary Conley

**Subject:** Closed roads create inaccessible City  
**Date:** Friday, April 8, 2022 7:44:25 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Supervisor Mandelman,

Thanks to the anticar hatred, my parents and I can no longer visit Golden Gate Park, the De Young Museum, or the Academy of Sciences; we have canceled our memberships. My dad can hardly walk, we can't afford to pay \$30 to park the car in the underground garage, and every time we inched over endless speedbumps he would yelp in pain due to his back problems. Public transportation is simply not an option, and the park shuttle is a complete joke.

It seems our city has pre-decided to close all of its major roads and park. For us, this means the city is inaccessible and unlivable. There been endless promises to "fix Muni" with no actual increase in reliability. And please don't tell us to ride a bike, when that's not an option either.

As a volunteer first responder, it's clear that closed roads and endless speedbumps create hazards for emergency vehicles and victims. City policies have emptied out downtown.

After living here for 33 years, we're leaving for places that actually offer real solutions rather than politically correct pre-decided outcomes that ruin quality of life for the majority.

Sincerely,

--Jamey Frank, Church Street

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

On a personal note, my whole family uses it frequently - this includes my wife and I with kids on our bike, and now not only my 8 year old riding on it, but my 3 year old riding his pedal bike down it solo. This is great for families, for everyone. We need more spaces to connect the city for humans to travel free of cars. This is true for our health. This is true for our planet - more people not driving should be a goal and this is an already established car-free space. We should be making more of these - get people out of cars and moving their bodies and more safely.

Please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

Supervisors San Francisco Board of Supervisors,

For the love of god, please don't put cars back on JFK. Supervisor Chan, have you been on the car-free JFK during a sunny weekend afternoon or even a weekday after work? It's magical. Let me know, and I'll take you on a bike tour. Seriously.

Furthermore, spaces should be for people, not cars. Cars already take up a disproportional amount of precious space in our city. There's plenty of room for them to park and drive, including INSIDE the park itself.

I bike to the park from the mission 2X per week and not having to deal with cars for a small portion while I float past the roller disco and the rose garden has been extremely pleasant. Don't be a jerk and give the space back to cars, some using the park as a thoroughfare.

Thank you,  
Anna

Supervisors San Francisco Board of Supervisors,

We've already compromised so much of the city for cars. Keeping JFK car free is \*the\* compromise. I'd like to see more streets made permanently car free, and additionally other streets which are meant to move traffic made into higher throughput thoroughfares.

Cars have been banned in central park NYC for a long time and that park is glorious. Let's keep taking steps in that directions.

Supervisors San Francisco Board of Supervisors,

I live in the inner sunset with my wife, infant son, and dog. Since JFK went car free, we are able to enjoy the park as a family more safely and comfortably. We don't have to worry about getting clipped by passing bicycles, because now there's tons of room for everyone in the promenade to run, bike, and stroll.

Traffic is everywhere in the city. Parks are supposed to be for people, not cars. Please vote to keep it that way.

Supervisors San Francisco Board of Supervisors,

My husband and I, residents of San Francisco for more than 30 years, strongly support keeping JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is a wonderful and ongoing gift to seniors like us -- we are over 80, to families, to visitors from afar, to bikers, skaters and countless others. It brings smiles and more to every person who experiences it and we are grateful to the Mayor, the Park and Rec Department and everyone who has worked to make it happen.

We urge every member of the Board of Supervisors to support making JFK Drive permanently car free for everyone.

Thank you.

Supervisors San Francisco Board of Supervisors,

I live in District 1 and strongly support keeping JFK Drive in Golden Gate Park car free. Closing JFK to cars is an overdue recalibration away from unfettered car access in favor of gentler modes of transportation, safe recreation, personal expression, good clean fun, and community. A bold claim, but true. The same is true for slow streets which I support keeping and strategically expanding to support lower impact transportation options across the city. There are plenty of roads left for people who feel they must drive. Re-opening JFK, Lake, Cabrillo and other worthy slow streets is capitulation, not compromise, and bad policy. Yours truly, Brad Drda

Supervisors San Francisco Board of Supervisors,

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

Supervisors San Francisco Board of Supervisors,

I was dismayed to see your proposal to put cars back on JFK.

I am not sure of the reasons but it seems that the majority of local residents want not to have the cars back. It would be super sad if our local supervisor does not support the wishes of our residents over a few non local people and also support a non green proposal.

I know it is too late for you to back track but please do not push it.

Thanks

Doug.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade has been a beautiful and safe space for me to meet with friends and family during the pandemic, and I support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. I remember previously numerous accidents that harmed bicyclists and pedestrians. Now it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods. With so few places to gather safely to bike, walk and skate in the city, this has been a relief to have this space to enjoy safely.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic. How can we be a leading city in the world if we only cater to able bodied, affluent demographics? The pandemic has taught us to care for others, let's not lose that now that we are finally starting to come through it.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

**Subject:** Connie Chan: Disappointment in your JFK proposal  
**Date:** Friday, April 8, 2022 12:18:34 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors San Francisco Board of Supervisors,

Hello Supervisor Connie Chan,

I have reviewed your proposal and I appreciate your focus on being sure the disabled and elderly can continue to expand joy car free JFK as well. However I do think your approach is flawed.

Allowing any regular flow of cars to cross JFK is to increase the probability of said seniors/disabled citizens, not to mention children, runner, and bikers to be hit.

Allowing cars to cross at 8th street is the worst part of your proposal. The Museum already has access from other points of entry and does not need one which interferes with pedestrian traffic.

The east and west access on the Conservatory Dr. has merit since there's no other access point to the Conservatory of Flowers. However a u-turn or roundabout should be used at the end of arguello to keep car/pedestrian interactions at a minimum. A buffer between cars and the JFK promenade should be maintained for safety and tranquility. Think of the picnics in front of the Conservatory, imagine ubers idling and creating smog in the park and adding noise. That is not the long term vision of the promenade.

The above are my thoughts, below is the standard email you will receive from many who agree JFK should be preserved for pedestrians. I wholeheartedly agree with the below sentiment, and I was so hopeful you were as well when you originally backed the plan.

I must say I am disheartened to see you change your approach, but I am still hopeful you will come to see how parts of your proposal are an issue and that you will make changes soon.

Thank you,  
Bradley Blackshire

Supervisors San Francisco Board of Supervisors,

Our parks should be safe car free places for outdoor recreation WITHOUT the dangers of moving cars and WITHOUT unhealthy exhaust FILLING our lungs.

No matter what your use of our park, a picnic, teaching your 3-year-old to ride a tricycle, or taking your elderly parents for a walk, it should be a safe, car-free, exhaust-free experience.

Stop polluting outdoor recreation in our parks!

Stop allowing unsafe vehicles running amok in our parks!

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

I'm 71 born and raised in the Inner Sunset and still live here. I walk or bike on JFK 6 to 7 days a week. It is so nice to walk/bike with no cars safely. Everyone walking, running, skating, skateboarding, scooting, caregivers pushing wheelchairs and strollers with smiles just brings joy. For those of you who haven't experienced this go to the park and you will see for yourself. Being car free is the only good thing that out of the pandemic. PLEASE vote yes to keep it car free.

Supervisors San Francisco Board of Supervisors,

I have had the chance to use the JFK promenade during the pandemic. Some were night outings with my family to see the light sculptures and the lights at the Conservatory of Flowers and it was reassuring to know that no matter what we wore, we would not have to worry about cars seeing us when we crossed the promenade. When shoes started to hurt or some of us who should have known better had not taken a warm enough coat, we were able to hop in the shuttle to get closer to our car, parked near the arboretum. Most of the times I've used JFK were on weekdays to meet mid-way with friends who live in different neighborhoods. In the middle of the day, and with only adults, safety was not necessarily a concern, but what made it special was the lack of noise and air pollution. It would not be the same with cars whizzing by, it would not be the same if we had to smell car fumes. Yes, most of us can go on trails within the park to find that peace, but one of my friends has a disability, and while she can walk well, she is prone to trip a lot, so a nicely paved surface is much safer for us, so are less crowded spaces. JFK provides that.

I want my disabled neighbors to have the same access that I have to the museum, and vehicles with valid placards should be able to drop passengers in front of the museum. Maybe they should have a free valet service to help them park their car in the garage so that they don't have to wait for their party. Many of us might be happy to pay a little more for our museum entry/membership if we know it helps keep the museum accessible to our disabled friends and helps to keep JFK car-free.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city. We have talked enough about limiting car emissions, going car free, etc... Here's our chance to put our actions where our mouths are.

Supervisors San Francisco Board of Supervisors,

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

I'm a resident of Alamo Square and I'm begging you PLEASE to vote to make JFK permanently car-free. I'm a car owner, but we have plenty of car access in Golden Gate Park already. Being able to run on the car-free section of JFK Drive has been one of the silver linings of the pandemic and it would be devastating to lose this car-free oasis (especially after losing the Great Highway back to cars during the week).

If we're going to meet our climate change goals, we need to get everyone to bike and walk MORE, not less -- we need to reduce our reliance on cars. This is one tiny stretch of road in an enormous city, but it's a meaningful difference. If we can't keep JFK Drive free, how are we ever going to make the changes we need to make this a safe, livable, sustainable city?

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. It's not just me; Car-Free JFK is overwhelmingly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please, please, please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

**Subject:** Regarding JFK road closure  
**Date:** Friday, April 8, 2022 2:34:10 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Thank you to Connie Chan for advocating for a compromise to the JFK permanent road closure. Please people, see that it is only the vocal group that wants JFK for a walkway. There are wonderful paths for walking, a bike lane for biking and a car lane for driving. The closure is causing unprecedented congestion on the surrounding streets, limited access to our museum, aquarium, Japanese tea garden and arboretum. The congestion is making our neighborhood streets more dangerous and more polluted.

During the weekday, JFK is nearly empty, as the surrounding streets swell with frustrated drivers. Cars are not going away any time soon. Please, we all have to live together and I do believe a reasonable compromise can be developed. Permanent street closures are not fair to the majority.

One comment was that 70% of the population wants this closure. That is NOT true at all. In fact, put it to the voters and you will see. The majority has been silent, while the walkers and bike coalition have been vocal, well-funded and very adamant.

Sundays are the busiest recreational days. Close the streets on Sundays, but give them back to the people during the week. AND this includes the Upper Great Highway. It is not right for this body of elected officials to deliberately hurt so many residents. I will be signing a petition to put this on the ballot. If you won't do it, then we will with our votes.

Thank you,  
Diane Garfield

Supervisors San Francisco Board of Supervisors,

We have a 5 year old daughter, who actually learnt biking at the JFK Drive. And we both really enjoy riding our bikes together. Because JFK has been car-free, GG Park has become our favorite place to go to, to enjoy our weekends.

When we do visit the park, we stay either on, or close to JFK, because we know it's safe from cars and for our kids.

Please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

The purpose of Golden Gate Park to be a recreational space that offers refuge from the noise, pollution and dangers of the city. Using it as a through traffic highway is simply not compatible with its main purpose. Even with a car-free JFK, there still remain ample access points for car drivers and there's absolutely no need to drive to get to the park. I get to JFK from the East Bay by BART and bus and it's a no-brainer. I could drive if I wanted, but it simply doesn't make any sense. Public Transit in SF and surrounding areas is ample, frequent and affordable.

Our children, our seniors and other vulnerable community members need spaces where they can move freely and recreate without being exposed to the dangers of car traffic. Traffic accidents are the most likely cause of death for young people in the US. In the light of the shocking number of traffic fatalities (twice as high as in European countries) it is our responsibility to create such protected places.

Supervisors San Francisco Board of Supervisors,

Please ignore the deluded proposal of Supervisor Chan. We live in her district and will never vote for her again. It's commonsense to keep JFK as an open space for seniors, children, families, and all San Franciscans to use as part of the PARK!!! Park is not about cars it's about space, openness, fun, relaxation and safety.

Please continue your good work of car free JFK

Thanks

Eugene Cash and Pamela Weiss

Dear Board of Supervisors,

I am a senior caretaker for 3 disabled people in Marin County. I would love to be able to take them to the DeYoung and drive through the park. So much easier for 2 of my clients if we could drive in. In addition, just as a senior from out of town, street parking is extremely difficult.

I feel the Golden Gate Park should be shared by ALL people - that includes seniors and disabled and out of towners.

Why not let us have cars Monday-Friday and close it off to cars on the weekends. That would be a win, win.

Thank you for your consideration.

Kamala Friedman

Supervisors San Francisco Board of Supervisors,

I bought my home in the Haight in 1980 and I have walked and biked in GGPK -- and loved it -- at least once a week ever since. I agree totally with all the rhetoric prepared by the activists, God bless them, who have taken on the vital issue of keeping JFK a park instead of an automobile danger zone for all of us walkers, bikers, stroller pushers and whoever else thinks up a thing to do instead of dodging cars there.

Before the pandemic gave us the gift of the JFK Promenade, I stayed away from JFK for the most part, except to cross it during my rambles in the park. Now it has become a blessed zone of freedom from car exhaust, car noise and danger of serious injury. Please, please, please, let's keep it that way.

You all know that John McLaren is looking down on us, wanting us to make the right decision now and to keep it faithfully. He would surely agree that a park is for people, not for giving cars free parking and an alternative to Fulton Street.

Speaking of parking, the parallel scandal to possibly re-opening JFK to cars is the outrageous over-pricing of parking in the DeYoung garage. This is not supposed to be how that worked out -- DeY is now using it as an excuse for destroying JFK Promenade. The insiders at DeY who are behind this should be ashamed. They should be pushing for reasonable pricing at the garage and free passes for those who truly need them.

So now I let my comrades in arms take the floor. As I said, I agree with all they have to say in the following text as slightly edited by me:

"The JFK pedestrian promenade is a silver lining of the pandemic, and [we all] support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods.

[We are all] glad that the nearly 2-year public process has resulted in many improvements for [our] neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic.

It's time for the [B]oard of [S]upervisors to vote on the future of car-free JFK. Please vote to

make JFK permanently car free for a better future for our city. [And in so doing, do your true duty to the huge majority of San Franciscans who support the JFK Promenade!]

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, vibrant community gathering space, and safe route for active transportation, providing a critical link to western neighborhoods.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,  
Chrisanne Bradley

Supervisors San Francisco Board of Supervisors,

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors San Francisco Board of Supervisors,

I have been a part of the Richmond/Sunset resident for over 60 years and find the number of cars using Golden Gate Park by far overwhelms the facility. I taught at George Washington High School and Presidio Middle School for over 30 years, as well as at USF at the east end of the park, and know intimately the parks draw and utility for our youth. As a long time resident, I understand that the park serves more than just kids as I have had nearly 65 years of recreation, education, competition inside the park. I will continue to do so.

It is only in the last year that we have had any semblance of balance in park usage. In general, cars have overwhelmingly taking up too much park land, dirtying the area with pollution, and creates dangerous interactions with all that use the park (thefts, pedestrians struck by vehicles, and more). A portion of the park has been returned to the people, but there needs to be more done. I would like to see more of the park changed, like the eastern end of JFK, extended westerly and to the south drive side of the park.

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

I have asked my District One Supervisor Chan to keep JFK carfree for the betterment of all San Franciscans. Public transportation access should be improved of course but please keep the mile and half of GG Park carfree. No fatalities, no smash and grabs, kid friendly, less pollution and more quiet in our city jewel of a park. Let other cities in our nation follow our lead. Parks are for people and animals, not fossil fuel guzzling cars.

Respectfully,

Dear Director Ginsburg, Mayor Breed, and Director Tumlin, Rec and Park Commissioners, and members of the Board of Supervisors,

Thank you for your continued support of Car-Free JFK! Having car-free space in our largest park has been an eye-opening and uplifting experience for me and countless other people in our city.

Writing to urge you to support keeping JFK car-free permanently -- your support is needed now more than ever.

San Francisco deserves more people-first spaces where residents and visitors can be active, enjoy nature, and spend time with friends and family. People of all ages and abilities have been flocking to JFK to enjoy the car-free space.

Keeping JFK car-free would allow these people (and countless others) to get outside, enjoy nature, improve their health, and visit attractions in the Park.

Best of all, keeping JFK car-free would allow people of all ages, abilities, and means to access our beautiful park by whatever method they prefer -- walking, biking, rolling, taking public transit, or driving a car -- thanks to the ample access options, including buses, shuttles, the 3,000+ free parking spots throughout the Park and along Lincoln Way and Fulton Street, and the parking garages underneath the Music Concourse.

Finally, this 3+ mile car-free connection between the panhandle and ocean beach is a critical active-transportation corridor (walk, run, bike, scoot, roll) that encourages the most environmental and climate-conscious means of running errands, getting to work, visiting friends, and taking children to school.

Please join me and countless other residents and advocacy organizations in supporting keeping JFK car-free forever.

Thanks again, and please take care.

Supervisors San Francisco Board of Supervisors,

I live in Parkside. I work on Market Street and my kids attend schools in between those two destinations in NOPA. Car-Free JFK has allowed our family to make the transition away from a daily car commute to a bike commute and I can't imagine a better way to start and end the day! We feel much safer knowing that a large part of our journey will be protected from car traffic and hope that it continues to be a safe biking route through the city. (Even with dedicated bike lanes this was NOT the case before the closure).

There are already so many options for cars! And with the additional transit routes through the park so many other options for people who choose to drive to enjoy what golden gate park has to offer without bringing their vehicles on JFK.

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

Please vote to support a permanent car-free JFK for everyone.

Supervisors San Francisco Board of Supervisors,

We use JFK daily to get to and from SFUSD school (Outer Sunset <> Inner Richmond) on bike, and weekly for the kids to ride bikes for fun and to get to and through the park. It's always a joy to see people of all ages walking, running, biking, rolling, and otherwise moving along JFK. Car-free JFK is one of the few silver linings of the pandemic. Keep JFK for people, not for cars!

Supervisors San Francisco Board of Supervisors,

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,  
Derek Ward

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

My family has lived in the Inner Richmond since 2017. Before JFK was closed, we would visit occasionally but the sidewalks were always far too crowded and the cars traffic was too much. We never used JFK with our car. It is not an efficient way to move throughout the city.

During the pandemic, my wife and I had our first child. JFK being closed has been the best thing. We are able to go on walks with friends while using our strollers. It's a place that is safe for our son to learn to ride his scooter and run around without the risk of being hit by a car.

We use the closed road on a daily basis. The joy that is apparent while wandering is incredible. You see an amazing mix of ages, races, and activities occurring on JFK.

Please vote to support a permanent car-free JFK for everyone.

**Subject:** Please keep JFK car-free to reduce GHG emissions and provide a safe low-carbon travel corridor for all SF residents!  
**Date:** Monday, April 11, 2022 8:29:36 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors San Francisco Board of Supervisors,

Dear Supervisors and Mayor Breed,

We need more safe bikable, walkable streets to allow SF residents a non-car option to travel in SF. I and thousands of other cyclists and pedestrians are able to commute safely and efficiently on the West Side of the city - without using a car. Before the introduction of Slow- and Car-free streets, my son and I were unable to ride my bike in SF except on Sundays on JFK because it was too dangerous. Now, he is able to ride his bike from the Haight Ashbury to Roosevelt Middle School via Slow Page and JFK and he can meet with his friends in the park for bike rides because JFK is car-free and safe. We see so many families commuting to school and riding through town on bicycles because we have safe streets and biking routes protected from cars.

I'm glad that the nearly 2-year public process has resulted in many improvements for my neighbors with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic. The reduction in noise and pollution on JFK benefits not only people, but the wildlife and ecosystems in GGP! The increases in mental health, social equity, and environmental benefits can not be monetized, but they are important and should be counted.

I am graduating from USF with a Master's in Environmental Mgmt and studied San Francisco's Climate Action Plan. SF's CAP calls for 80% of all trips to be taken with low-carbon modes by 2030. The main way to accomplish this is to build a network of safe, protected bikeable streets to allow residents of all ages and socio-economic backgrounds to travel without using a car. Car-free JFK and Great Highway Park and the Slow Streets program will enable SF to reach the ambitious and necessary greenhouse gas reductions in the City's CAP. Thousands of residents can now ride bikes, e-bikes, e-scooters, skateboards, and run, skate and walk safely without fear of being hit by cars. In two short years, Car-free JFK has become a safe and heavily-used route for zero-emissions and low carbon travel and opened up the whole West side of town for people who are unable to drive or want to reduce their car travel. Gas is over \$6/gallon and riding a bike = zero emissions and zero dollars spent!

The Board of Supervisors should come out to GGP and experience the community that has developed by making JFK a safe, accessible and healthy green space. California and SF are world leaders in environmental laws and policies. Car-free JFK is an important step towards creating a network of protected, bike-able streets enabling citizens to conserve resources and

reduce pollution to protect the health of our people and the environment. Please vote to make JFK permanently car free for a better future for our city and planet. Thank you, Stephanie

Supervisors San Francisco Board of Supervisors,

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Golden Gate Park is one of SF's crown jewels -- a citywide asset enjoyed by a huge range of diverse people, and JFK Promenade is one of the best parts the park.

A few points about why JFK Promenade should remain permanently car-free:

-- No longer a part of our city's high-injury network. It's kind of amazing we ever allowed cars to use one of the most beautiful parks in the world as a cut through -- and that those cars caused frequent and severe injuries to park visitors.

-- A sanctuary for children and families. JFK Promenade is one of the only places in the city for children to safely ride their bikes, scooters, and skateboards with abandon.

-- Equitable access. Expecting people to own a car to access the park is not equitable. Public transit offers more equitable access than owning a car, and a huge portion of the city is already connected to GGP via public transit with zero transfers. And there are still over 3,500 free parking spots in GGP.

-- ADA access. The number of ADA parking spots will actually increase. Car-free JFK removed 18 free ADA spots close to the museums, but between 23 and 33 are being added back. That's a net gain! (There are also 33 paid ADA spots in the music concourse parking garage.)

-- The parking garage is severely underutilized. According to the latest survey, the garage averages 28% occupancy and is more than 50% empty on weekdays. The museums control the board of the parking garage and could offer free or subsidized parking to low-income residents and to their staff, but they don't.

-- Greenhouse gas emissions. Cars are one of the largest contributors to greenhouse gas emissions in SF -- I believe 25%. We need to take climate change seriously, and if we can't

remove cars from GGP, then we are not taking climate change seriously.

-- San Francisco should be a shining example for other cities -- setting trends in livability, active transportation, climate change, and more. Letting private cars back on the JFK Promenade would be a huge step backwards for our city.

Please vote to support a permanent car-free JFK for everyone.

Thank you,

Dear Board of Supervisors,

Golden gate park was already very creepy at night, before JFK drive closed. Now it's probably much creepier, I wouldn't know, I have no reason to go anywhere near there at night, but I'm concerned for my fellow San Franciscans who need it open for their safety. When an already unsafe place is even more isolated from general public, it's a perfect place for crimes to occur. It's not only dangerous to women due to homeless, the weirdos & the perverts in the park at night, it can be dangerous to anyone at night due to the wildlife, like wandering coyotes. My ex encountered one, when riding his bicycle thru there at night, about 6 years ago. luckily for him, at the time, a passing car scared the coyote off. That happened to him on 2 seperate occasions. If the street had been closed off to vehicles then, things could've turned out very differently. That is just one person, I'm sure theres many more out there with similar "GG park wildlife encounter" stories. .

With that said, it's definetly time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before.

\*I also hope you'll resume back to pre-covid business hours across the city. Having everything start later & close earlier does not prevent the spread of covid. If anything, now that masks are no longer enforced, limited businsss hours probably spread covid more than anything. The latest omicron variant of covid spreads like wildfire. Knowing this, San Franciscans are being forced into crowded into crowded businesses among many people without masks. This is exactly how covid spreads.

Its contrary to common sense thinking. Please, either reenact the mask mandate, or reenact pre covid hours. Less people use businesses later hours, and I've always preferred to use hours with less people, covid or not..

If the city is willing to accomodate angry mask hating citizens, then why not accommodate those who dislike being crowded into stores & businesses like cattle with a bunch of sick people coughing into their hand not wearing masks. I want to avoid these careless daytime store users.

No masks + limited business hours seems to contrast all the safety measures enacted the past 2 years. It's senseless to have a bunch of maskless san franciscans crowding together. At least if stores / businesses are open until later like before, there's a much lower chance of catching covid, because less people come in during later hours.. I dont appreciate being forced to use peak hours at stores, while filled with people who don't use a mask..

Also, there's no consistency. Some places have resumed their usual pre covid hours, while others haven't.

Covid is beginning to feel like an excuse to for businesses to go home early.

I really don't see how closing a place 2 hours early is prevents the spread of covid in a maskless society. If you know how that works, I'd love to hear back from you on that. I've taken a great deal of care to avoid covid. Please let me & others like me, continue to do so, by allowing people to use businesses at their pre covid hours.

Thanks for your consideration,  
Jeannine Liebert

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

My 90 year old mother among them.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,  
Jaime Yamamura

**Subject:** Support a JFK Drive compromise!  
**Date:** Wednesday, April 13, 2022 1:07:14 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

Why should one group have exclusive access? There's no reason why the pedestrians can't use the existing sidewalks and paths, and the cyclists use the bike lanes. There is still room for cars.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,  
Nancy Nelson  
San Francisco, CA 94116

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

As a disabled elder I am already restricted from much pleasurable enjoyment of San Francisco due to the terrain and street crime. I resent the City determining when and where I can use and park my car in its efforts to discourage private vehicle use.

Judith Stevenson

**From:** [Marcella Chan](#)  
**To:** [Board of Supervisors, \(BOS\)](#)  
**Subject:** JFK  
**Date:** Wednesday, April 13, 2022 1:17:41 AM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. I am on dialysis and find walking long distance very difficult, getting into the park is a big obstacle. With a walker i can do some short walks but navigating though many roads and streets prevents me from going too far.

Please reopen JFK Drive like it was before COVID!

Regards,  
Marcella Chan  
San Francisco, CA 94121

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It was, and should still be, closed all Sundays and half of the Saturdays every year. There are ample bike lanes and pedestrian walkways available every day of the week. We need to balance equity AND safety!

For many years I had two kids playing soccer with twice-weekly practices at fields in GGP. While they sometimes rode their bikes to practice (on the roads with cars with no problems at all because they were taught proper bike safety!) biking was often not an option and they needed to be driven to or from practice. What used to be a 15-minute round trip through the park to drop off both of them or pick them both up, would now be 45-60 minute slog on city streets, creating additional traffic that doesn't need to be there, burning fossil fuels (apartment dweller with no parking, so can't get an EV, sorry) for 3 to 4 times longer that needed, simply because a bunch of selfish people want the street to stay closed permanently.

I also have a dog that I walk 2 or 3 times a day in the park. I can tell you that on weekday mornings & early afternoons, there is often literally not another person in sight on JFK. Please open JFK.

Regards,  
Stacey Hunter

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Hello sir the opening of the JFK parkway if it truly is beneficial for people's safety you should be reopened even if it's certain times at night sundown before the sun comes up... Many of the streets in San Francisco I live in the just off of market and a lot of the lighting is the orange hue lighting and it doesn't really brighten things up enough there's a number of places where I've noticed that people could possibly be raster even worse around different parts of the city mainly with the market in this six blocks 7:00 surrounding area would be good if they got the in the darkest areas get the new lighting that they have increase the lumens in the area and make sure people feel safe and it doesn't give the opportunity for a perpetrator to take advantage of an innocent person

Thank you,  
Bryan Vockie

Dear Board of Supervisors,

As a resident of San Francisco for over 12 years and now a parent of two young children I have to say the closing of car access across the middle of the park has been extremely inconvenient. The detour was portrayed as a temporary closure due to the pandemic but has since become the norm for the city to just change traffic patterns without any planning or traffic studies and is completely unacceptable. I agree having more open space to the public is a great thing but I feel like the city's transportation network will become a disaster if we let the bicycle coalition and young walkable residents determine all of our road closures.

Thank you,  
Charles Loy

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors San Francisco Board of Supervisors,

I have loved going for car-free bike rides on JFK, and taking my kids for car-free stroller runs. JFK makes a huge difference in my life as a cyclist and pedestrian while in my time driving I have not noticed any increased difficulty. Please vote to keep JFK car-free for me and my kids! Thank you!

I support maintaining JFK Drive in Golden Gate Park as a permanent pedestrian promenade. Car-Free JFK is wildly popular with San Franciscans of all ages and from all neighborhoods as a safe, peaceful destination and active transportation corridor in our park.

After nearly 2 years of public process and the new improvements to the shuttle and ADA accessible parking, it will become an even more inclusive destination and amenity for all San Franciscans.

Please vote to support a permanent car-free JFK for everyone.

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free. I am a senior and over the past year my partner was disabled due to a fall. Having a car free JFK was a huge help in his recovery. I also bike in the park regularly, and as a senior car free streets are really what makes biking possible.

JFK is no longer a part of our city's high-injury network. Instead it is a sanctuary for children and families, and seniors.

I'm glad that the nearly 2-year public process has resulted in many improvements for my family during my partners recovery and others with mobility impairments, like a significantly improved park shuttle and more accessible parking spaces in the area around JFK Drive than we had before the pandemic. During my partner's recovery when he had very limited mobility we were always able to find parking near the Botanical Gardens and other areas of the park we regularly visited.

It's time for the board of supervisors to vote on the future of car-free JFK. Please vote to make JFK permanently car free for a better future for our city.

Supervisors San Francisco Board of Supervisors,

The JFK pedestrian promenade is a silver lining of the pandemic, and I support making it permanently car-free.

Back in November 2018, I was the victim of a bike vs truck accident at the corner of McAllister St and Hyde St. I was left unconscious on the pavement by a careless driver who attempted to run. After that accident, I was left with broken ribs, brain bleeding, months of pain, and more than \$40k of medical bills (after insurance). I got lucky, but statistics show others have lost their lives in similar incidents.

The truth is that when a car hit a pedestrian or a cyclist, the driver does not suffer any consequences, unlike the victim.

Fast forward to 2022, today I ride the JFK promenade every day to bring my 1-year-old to the daycare. And I ride it 4 times a day for drop off and pick up in both directions.

JFK is the only safe option there is for the two of us. There are no alternatives to JFK to ensure our journey is safe. The slow street program is incredible, but it is discontinued, and JFK connects both western addition (where I live) and sunset (where our daughter's daycare is).

For my daughter's safety, my safety, and for every other pedestrian and cyclist using JFK every day, please vote to make JFK permanently car-free for a better future for our city.

**Subject:** Increase Staffing Levels of Police to Improve Public Safety  
**Date:** Thursday, April 14, 2022 12:19:56 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

I join RescueSF in urging the Board of Supervisors to increase staffing levels for the San Francisco Police Department (SFPD).

In 2020, an independent staffing study concluded that San Francisco needs 2,176 uniformed officers, but we currently have only 1,630 – a gap of 546 officers. We urgently need to increase staffing of the police department in order to keep our workers, residents, and visitors safe.

As a City resident, I have seen firsthand how SFPD understaffing threatens public safety. The incidents of blatant lawlessness in Union Square, the Tenderloin, and elsewhere show that SFPD does not have control of our streets. Residents do not feel safe.

We urgently request that City leaders provide the resources needed to achieve the full staffing levels that have been outlined by the department.

Thank you for your support.

Mike Steiner

Dear SF Board of Supervisors,

My name is Leanna Louie and I have lived in San Francisco for 43 years. I currently live in the Sunset District. I join Stop Crime SF in asking that you provide the resources needed for our police department to recruit new officers and increase staffing.

San Francisco is currently down 500 police officers. We need more officers to keep our residents, workers, and visitors safe. A fully staffed SFPD is also important for the recovery of our city's economy. Tourists will visit if they feel safe. We need police officers on the street engaging in community policing and addressing crime.

SFPD is a leader in police reform. If it is headed in the right direction, please give SFPD the funding it needs to hire a new generation of diverse and multi-lingual officers from the community they will serve. Thank you for your time and attention.

Sincerely,  
Leanna Louie
