Dear Supervisors,

I am sad to see that car free JFK was passed. As a senior who utilized jfk on a regular basis prior to the pandemic, my JFK 'joy' will never return. You see, my mom lived in J-town and I would drive from the Sunset district to J-town via JFK. I loved the beauty of driving in our beautiful park - what a great privilege to live in a city that allowed me to enjoy an oasis in an urban area. My mom passed on Dec 29, 2020. I don't drive to J-town much anymore because so many road blocks have been put in place due to the pandemic. I am slowly seeing some positive changes (the no right turns on Lincoln and the no left hand turn on 47th/Sloat signs have been removed-thankfully). But the memory of my drive to visit my mom to take her to appointments, shopping, etc is tainted because I am no longer allowed to experience that drive. Because I drive a car, I am banned from the joy (a joy that so many callers said they experienced on that stretch of JFK) that I appreciated for so long. I was hoping for a compromise - that would allow me to have joy again. I feel there should be access for those of us who feel our vehicles gives us a sense of security and control. Those who are car free JFK would have you believe I am a killer in my car. I have total respect for pedestrians and bikers. I think in our current society we lack respect for any mode of transportation that is not ours. I can't comprehend the 'the park is for all people' when I, as a driver am not considered a people. I am not wealthy as some would have you believe. I just happen to be an long time resident who learned to drive in SF - when we had blind intersections all over the Richmond & Sunset. I am proud of my driving record. Closing of JFK has only congested the rest of JFK for drivers. There is no flow anymore. Such a shame. Please consider making improvements in the transit system before you close off roads. Many senior folks like me, who will ever bike (osteoporosis), and will not take public trans (masking is no longer required - I have grands and immunocompromised family members) are being obstructed from safe routes because you feel closing off roads is safer than making improvements on existing roads. Improve the bike infrastructure, but don't shut off roads. Make our city flow. When you have a good transit system in place, people will use it and less cars will end up on the roads.

Our city has a behavior problem. Entitlement from all around. We have to learn to respect all modes of transportation and stop making one mode worse than the other. Rules of the road are no longer followed because there are no consequences for bad behavior. Did you hear the caller who suggested shooting the tires on any car that enters GGP?? Good grief, and no one called him out on that. Bikers say they are being attacked by car violence. What about the bikers who whizz by stop signs (yes, cars do too). We need to find a way for folks to be respectful. Thank you for letting me vent. I listened to much of the 12 hour session yesterday. It sounded to me that the rallying call of the Bike Coalition, Kidsafe and Walk SF was successful. Did you listen to the seniors? Like me, we have lived in this city for decades and ask that you recognize us. My immigrant mom worked 2 jobs - her car got her to both on time. Muni was not an option. I am sure that is the case for a lot of current working class citizens who don't have the time to pay attention to what the city is doing. They will only wonder why all the closures are happening. Please stop all the closures. Our city needs to flow. We need to be the inclusive, tolerant city we once were.

Have a peaceful day,

S Garrett D4 resident

RE: 4/26/2022 Public Comment – Joint Special Meeting San Francisco Board of Supervisors and County Transportation Authority

Dear Board Clerk Calvillo and Board Clerk Tsao:

Please find attached public comment (over 5,000 letters) for the record, concerning File No. 220370, File No. 220339 and File No. 220261, in **opposition** to the full and permanent closure of John F. Kennedy Drive.

Thank you,

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Closing the driveway to everyone except people on their electric vehicles and bikes is discriminatory towards those who cannot use that type of vehicle. Electric scooters and bikes have the capacity to go quite fast. A motor is a motor no matter how it is powered and it is discriminatory towards people who cannot use this type of motor driven vehicle or cannot afford one. Families, seniors and people with various degrees of disability cannot get to places in a public park they want and should be able to access. This closure favors affluent people living nearby the drive and that is not ok. Golden Gate Park is for all, not just the few who use these type of vehicles. Enough people have told you this and disrespecting them is not ok. Access to all, not just the privileged ones.

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Hello sir the opening of the JFK parkway if it truly is beneficial for people's safety you should be reopened even if it's certain times at night sundown before the sun comes up... Many of the streets in San Francisco I live in the just off of market and a lot of the lighting is the orange hue lighting and it doesn't really brighten things up enough there's a number of places where I've noticed that people could possibly be raster even worse around different parts of the city mainly with the market in this six blocks 7:00 surrounding area would be good if they got the in the darkest areas get the new lighting that they have increase the lumens in the area and make sure people feel safe and it doesn't give the opportunity for a perpetrator to take advantage of an innocent person Thank you, Bryan Vockie

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

There have already been more than adequate measures out in place at significant expense to protect bikers and pedestrians. Cars need to be allowed back to provide access to families, disabled and elderly. AND the lower part of MLK needs to be opened from 41st Avenue to the beach!!! Opening up parking for the disabled and everyone else trying to park and access the windmills and south-westerly end of the park.

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It was, and should still be, closed all Sundays and half of the Saturdays every year. There are ample bike lanes and pedestrian walkways available every day of the week. We need to balance equity AND safety! For many years I had two kids playing soccer with twice-weekly practices at fields in GGP. While they sometimes rode their bikes to practice (on the roads with cars with no problems at all because they were taught proper bike safety!) biking was often not an option and they needed to be driven to or from practice. What used to be a 15-minute round trip through the park to drop off both of them or pick them both up, would now be 45-60 minute slog on city streets, creating additional traffic that doesn't need to be there, burning fossil fuels (apartment dweller with no parking, so can't get an EV, sorry) for 3 to 4 times longer that needed, simply because a bunch of selfish people want the street to stay closed permanently. I also have a dog that I walk 2 or 3 times a day in the park. I can tell you that on weekday mornings & early afternoons, there is often literally not another person in sight on JFK. Please open JFK.

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: Golden Gate Park

Golden gate park was already very creepy at night, before JFK drive closed. Now it's probably much creepier, I wouldn't know, I have no reason to go anywhere near there at night, but I'm concerned for my fellow San Franciscans who need it open for their safety. When an already unsafe place is even more isolated from general public, it's a perfect place for crimes to occur. It's not only dangerous to women due to homeless, the weirdos & the perverts in the park at night, it can be dangerous to anyone at night due to the wildlife, like wandering coyotes. My ex encountered one, when riding his bicycle thru there at night, about 6 years ago. luckily for him, at the time, a passing car scared the coyote off. That happened to him on 2 seperate occasions. If the street had been closed off to vehicles then, things could've turned out very differently. That is just one person, I'm sure theres many more out there with similar 'GG park wildlife encounter' stories. . With that said, it's definetly time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before. *I also hope you'll resume back to pre-covid business hours across the city. Having everything start later & close earlier does not prevent the spread of covid. If anything, now that masks are no longer enforced, limited businsss hours probably spread covid more than anything. The latest omicron variant of covid spreads like wildfire. Knowing this, San Franciscans are being forced into crowded into crowded businesses among many people without masks. This is exactly how covid spreads. Its contrary to common sense thinking. Please, either reenact the mask mandate, or reenact pre covid hours. Less people use businesses later hours, and I've always preferred to use hours with less people, covid or not.. If the city is willing to accomodate angry mask hating citizens, then why not accommodate those who dislike being crowded into stores & businesses like cattle with a bunch of sick people coughing into their hand not wearing masks. I want to avoid these careless daytime store users. No masks + limited business hours seems to contrast all the safety measures enacted the past 2 years. It's senseless to have a bunch of maskless san franciscans crowding together. At least if stores / businesses are open until later like before, there's a much lower chance of catching covid, because less people come in during later hours.. I dont appreciate being forced to use peak hours at stores, while filled with people who don't use a mask.. Also, there's no consistency. Some places have resumed their usual pre covid hours, while others haven't. Covid is beginning to feel like an excuse to for businesses to go home early. I really don't see how closing a place 2 hours early is prevents the spread of covid in a maskless society. If you know how that works, I'd love to hear back from you on that. I've taken a great deal of care to avoid covid. Please let me & others like me, continue to do so, by allowing people to use businesses at their pre covid hours.

It is time to let all people enjoy the park again, not just the young and bicycles. There is plenty of room on the sidewalks to accommodate any foot traffic, just as it was before. It is just not necessary now. During the week the street is mostly empty. Perhaps partial closure on weekends would be okay. Please don't forget we are a diverse citizenry.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

As a resident of San Francisco for over 12 years and now a parent of two young children I have to say the closing of car access across the middle of the park has been extremely inconvenient. The detour was portrayed as a temporary closure due to the pandemic but has since become the norm for the city to just change traffic patterns without any planning or traffic studies and is completely unacceptable. I agree having more open space to the public is a great thing but I feel like the city's transportation network will become a disaster if we let the bicycle coalition and young walkable residents determine all of our road closures.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK

Please open up JFK drive. Not everyone can hike or bike into the park to enjoy it. Cars are not the enemy. We can share the park again. The bus system is really horrible and my elderly mother and friends can wait at a stop and climb up into the bus for a two hour ride home. Let's be real and face facts. The accessibility is harmed for many citizens who are unable to use the park by car. A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID! I want to drive my 94 year old mother to the park. She can't walk far.

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVIDâ€¦closed on Sundays, open on the weekdays. I believe there are other roads in the Park that can be closed for walkers/bikers that will not impede the access to the main attractions in the park, Academy of Science, de Young, Japanese Tea Garden, Botanical Garden, Conservatory of Flowers. Why not begin the closure at 8th Ave. and go west rather than starting where it currently begins at McLaren Lodge? The purpose of closing was to give people space to exercise and recreate during the pandemic. First, we are now in the endemic stage. Second, since we are in the endemic stage, doesn't that mean people should be returning to work and recreating on the weekends??

Subject: Reopen JFK

Personal message first. Yes, I ride a human powered bike in the park and it's nice when it's closed to traffic. But I don't work from home, and I still have to get to actual places in San Francisco. So when you close both Great Hwy AND routes through GGP, it makes getting around town very difficult from the 94116. Either keep Great Hwy permanently open, or open JFK. You really have to give the De Young a say, as I'm sure their business has suffered. The pandemic is over. Let us get back to work. Side note, e-bikers love it to be closed because they ride TOP SPEED with little regard for others' safety, and often blow the stop at Transverse Dr. San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Golden Gate Park

I want JFK reopened to car traffic. I suffer from mobility issues (bad hip, and plantar fasciitis), and find it difficult to walk long distances. I can walk about a block, but on busy days, the road closure forces me to walk several blocks and causes me pain. I also often work late in the park, leaving long after sunset, and it's not safe to walk long distances by oneself late at night. I've had several close calls over the years, to the point where I've had to beat off a stalker. It's certainly safer to be able to park as close as possible to my destination. Please reopen the park to all.

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK Drive

Closing JFK (and the West end of MLK) to give people open space for recreation during the pandemic was a sensible move which I supported. But now, as the public health situation has been steadily improving, it's time to return to the way matters stood prior to COVID. The closures have created negative impacts to accessibility as well as traffic to the surrounding neighborhoods. It slows down emergency response vehicles by limiting the routes they can take. As people go back to work, traffic in the area has increased substantially, and access to JFK provides some relief to that. People sitting in traffic increases the incidents of cars idling while burning substantial amounts of fossil fuels. In any case, paved roads for automobiles only occupy a fraction of the vast open space that Golden Gate Park provides. There is plenty of room for everybody to enjoy their favorite recreational activities without commandeering the much-needed roads. I'm willing to cede them on weekends, and I believe that's a realistic compromise.

Dear Board of Supervisors,

Subject: Reopen JFK

The closure of that segment, in particular, of JFK made no sense and should be opened again to cars, at least Monday through Friday. The closed segment of JFK is FAR WIDER than the segment of JFK west of Transverse Drive; further, the closed segment of JFK *already had protected bike lanes* unlike the segment west of Transverse Drive. There simply never was any logic in closing the segment EAST of Transverse Drive. Environmentally, the traffic backups one encounters trying to drive between the Inner Richmond and Inner Sunset is unprecedented, prior to this closure. Stanyan and Crossover are the only options, and they are consistently backed up, turning what used to be a <10 minute drive into what is now typically a 20-30 minute drive, depending on time of day. Please, PLEASE, either re-open from Monday through Friday, OR, consider reopening every day, but closing the segment of JFK WEST of Transverse Drive, which is so narrow that *it* is the segment that represents a greater hazard for cyclists, pedestrians, etc.

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I DON'T UNDERSTAND HOW ELECTED OFFICIALS ARE IGNORING THEIR CONSTITUENTS ON THIS MATTER. Park& Rec and SFMTA say they have reached out to 10,000 people out of 800,000. And not all 10k are for permanent closure. They put out a misleading and biased survey which was responded to multiple times by repeat individuals so it's not even valid. Muni is not fully operational nor sufficient to support the road closure. Clearly the Board of Supervisors are more concerned with their own agenda instead of the valid needs of the many citizens of SF that cannot ride a bike or walk to their destinations. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Dear Board of Supervisors,

Subject: Golden Gate Park

Dear Supervisors, As a third generation San Franciscan who bicycled cross city daily for more than a decade and who has walked regularly in Golden Gate Park for decades, once from home (near Church & Market to the beach & back), I think that it is very important to keep JFK drive open to ALL, for walking, cycling as well as for people from distant parts of the city (especially the SE quadrant to use and park in the park while recreating there or attending our major museums & attractions there. Now, as an advanced senior, it is all the more important to me to have this option, though I currently I usually take Muni there. Muni too should run shuttles up and down JFK, no longer than 10 minutes apart. Parking should be allowed all along JFK which will not interrupt the flow of other traffic, particularly since bicyclists, skaters, skateboarders and similar personal but non-motorized vehicles at times are heedless of pedestrians & others. I cannot tell you how many kids from the SE come to CalAcademy without even the knowledge that the world's largest ocean is beside our beach! All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. Sincerely yours, ~ TED OLSSON

Dear Board of Supervisors,

Subject: JFK Drive

To the Supervisors! The closure of JFK drive was initiated as a response to a crisis and offering a solution for having a large amount of land so that people and families could get out of their homes and exercise and engage in socially distanced communion in the midst of a massive lockdown. We in San Francisco are very lucky to have such a resource of beautiful environments to allow us to enjoy what might be enjoyed under this unusual circumstance. But now that the pandemic has lessened it is time to open up JFK again. The museums and the Academy have suffered from a much lower attendance, and they need the funding that comes from people going through the turnstiles and enjoying the offerings of science, education, and art in the middle of Golden Gate Park. Too many San Franciscans and people who do not live in the city have been shut out by the insistence by a loud minority that the street remain closed. There were already closed streets for bicycling and skating on weekends. Do we really need this to be our everyday reality, full time, now and forever? No. It is time to re-open JFK Drive. I leave the balance of my communication to the well-articulated concerns on behalf of poor, elderly, and disabled people who deserve access to our world class park and its attractions as much as the well-healed and able-bodied do. The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

There are many other locations in this park, as well as others in the city for those who wish to bike, skate and walk. Please reopen JFK Drive in Golden Gate Park. I realize that as a FAMSF employee I may be biased in asking for this, and I don't doubt that cyclists, strollers, and walkers enjoy having lots of open space in a park setting for their recreational activities. However, as we slowly emerge from the pandemic, more and more people will want to get out and use the park more as well, and that includes people like myself who don't live nearby and can't afford to pay for parking regularly; people with disabilities for whom it is difficult to walk very far, if at all; families with children; tourists; et al. Over the long term I believe more people will be hurt by the closing of JFK than helped. Please reconsider the closure to be more inclusive of everyone in our community, and reopen JFK Drive.

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. And, slow streets and closures discriminate and accelerate traffic in SF neighborhoods and make streets mini highways.

I agree! Keeping any streets closed (west end MLK, 41st ave, Cabrillo, Lake,...) now that everyone is back to work and school is ridiculous. Dear Board of Supervisors,

Subject: Keep JFK Drive open! This issue should be on the ballot

During COVID, the supervisors approved a number of 'temporary' measures that since have become permanent. Streets that belong to the public have been closed. We have lost our parking spaces and sidewalks to the restaurants and parklets. Bicycle lanes have sprung up everywhere -- between these lanes, the red lanes, and the parklets, traffic has slowed to a crawl. The city feels constricted and claustrophobic. I would like to see such major issues as street closures be on the ballot for the voters to decide and not left up to the vocal special interest groups. We need your voice on this issue! Quite truthfully as someone who walks in that part of GG Park once a week with a friend, we often have to get off the closed road because the bikers are dangerous and Rec and Park trucks still come through. Most days we walk on the sidewalks. I'd also like to work as a volunteer in the dahlia garden, but you have to park and carry stuff in so far. And I'm 50! Most volunteers for the garden are senior citizens and really struggling with being able to volunteer for that now. Dear Board of Supervisors,

Subject: Golden Gate Park

Golden Gate park road closures on some days for special events is acceptable. But those roads were built to give EVERY person access to the green spaces of Golden Gate Park. The city and county spent a lot of money to build those roads as access points to the park. The 'powers that be' don't want large groups having a picnic in the park, or for there to be blankets of people celebrating a birthday. They want to see single people riding bikes, people just passing through. Not in cars. Twice in 2 weeks I experienced an ambulance trying to get through on Fulton, the driver had to pull a wreckless move to get around the traffic. I urge you to support JFK Drive and ALL 'slow streets' returning to serving as what they are, roads for cars. The taxes I pay for my car AND my hefty parking permit that has almost doubled in my time living here thank you.

The bikes have ENOUGH access to S.F. and the park on Sundays!!! Enough is enough of bowing down to theses bikers. Streets are for CARS!!! Open Cabrillo Street as well!!! It's STUPID to have it closed for CARS! Great Hwy?? Yes. lets close it so ALL THE CARS ARE FORCED ON 19th AVE for an HOUR COMMUTE HOME from 280 to Crossover. Sunset Blvd USED TO BE OK UNTIL NOW YOU CLOSED LEFT TURN TO GET TO CHAIN OF LAKES. CLOSING STREETS DOESN'T MEAN LESS CARS...DUH!!!!!! We still have to GET TO WORK. We still have to BUY GROCERIES. We still have to take our kids to APPTS and EXTRA CURRICULAR. We still have to RUN ERRANDS. Yes. lets all give up our cars and load our family on a BIKE to go on the freewaygive me a break!! Your progressive politics have RUINED S.F.!!!! I'm born/native S.F. and can't wait to MOVE OUT in a year after my youngest graduates next year. CLOSING STREETS DOESN'T MAKE LESS CARS...JUST MAKES THE ONLY FEW STREETS AVAIL TO DRIVE ON, TAKE AN HOUR TO DRIVE. Thanks alot!! the streets are FOR CARS!!!! Bikes have pathways and Great Hwy was completely rebuilt with an entire pathway for walkers/bicyclists and the STREET is for CARS!!! Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: JFK

Although it was very helpful during shelter in place, it is time to reopen JFK during the week. The traffic in our neighborhood is very stressful for people trying to get to work on time and kids to school efficiently. The incidents of road rage, dangerous driving and illegal driving is observed daily. Also, fire and emergency response time is significantly delayed. I had to call 911 due to an incident in GGP and it took over 20 minutes for the police to arrive. Finally, when there is an event in the park, those of us who live close to the park, are basically landlocked in our homes. As a voter, it is very frustrating when temporary changes in the city become permanent without much thought to all parties. Time to reopen JFK!

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things and directly impacts my family. I need to be able to take them to this park and my parents struggle with transit. Tumlin has already removed so many of the bus lines they depend on and looking at the shuttle map, it does not even serve the outer communities and is a shill for tourists coming from downtown. Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: Reopen JFK Drive

The reasons I want to open JFK drive again are 1) it provides parking for people visiting the park from other neighborhoods not served directly by transit; 2) it provides access to the DeYoung and the Academy of Science and the Botanical Gardens, etc., and 3) there is currently no way to enter the park from the north before 25th avenue, and therefore no way through the park. Cyclists and runners have ample space to cycle and run. We also need to provide access to museums and the park to old people and infirm people and San Franciscans who happen to live far away. I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! Because MUNI is so unreliable and untenable in so many parts of, if not throughout, San Francisco, the foolhardy idea of shutting down any street - including JFK Drive - demonstrates an idealism that is not appropriate. Be realists; stop being performative idealists. We live here; we have to be able to get around. Focus on improving public transportation rather than penalizing the only alternative many in SF have. JFK Drive should be reopened to the way it was before COVID.

The current closure of JFK Drive severely impacts me and people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. In wanting to get ourselves safely out and about to the SF Botanical Garden is the closest accessible automotive delivery/drop off I've had. I haven't been able to bring seniors & my friends directly to the museums. As we emerge from COVID, it's high time to reopen JFK Drive for the rest of us. Golden Gate Park belongs to all neighborhoods and the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year. Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Dear Board of Supervisors,

Subject: Golden Gate Park

John F. Kennedy Drive must reopen. Keeping it closed will be a disaster for San Francisco's tourist industry. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people like me, a senior with two children with disabilities. It is difficult to manage to get three people near the different areas we would like to visit with JFK closed. Golden Gate Park has plenty of wide sidewalks and robust biking areas for people to use. It doesn't make sense to close down an important access point to many people in order to benefit a few who already have access to areas to walk and bike. The closure served its purpose during Covid; now it's time to open it back up for ALL the people of this city and our visitors. I strongly encourage you to support JFK Drive returning to its pre-COVID use.

Dear Board of Supervisors,

Subject: JFK Drive

When there is a medical need and the response time takes 5-8 minutes longer, you know why. Imagine if it's a family member. If the attractions, museums raise prices because lack of visitors, you know why. San Francisco is expensive as is and with robberies and car breackins, this city is moving in the wrong direction. The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: JFK this is the shortest way to the Golden Gate Bridge for me but having lived most of my life in SF

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

I have lived in the inner Richmond for 17 years. I bike, walk and drive. I have 2 children who (due to the messed up lottery system) go to school in the outer Sunset. It's a 30-45 min bike ride, made impossible by music instruments, massive backpacks, tired children and weather. They are interning at Stow Lake this spring and we would normally walk, but have to bring heavy sandwich boards and equipment, which means that we have to go all the way around the park (waste of gas!!) every weekend to get to a place that would be a 5 min drive if JFK was open!! Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures only occurring on Sundays.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: JFK

I personally am suffering as a disabled person trying to get around bough the JFK and Great Highway Closures. I can not safely cross streets, get to appointments without double the cost or visit many parts of the park I used to enjoy. The bike coalitions have scared my neighbors against speaking out by going door to door, blocking roads and review bombing any businesses that speak out against these closures. The roar of engines through our neighborhoods to avoid these closures starts at 7am, with car clubs revving at each crosswalk and speed hump where children and disabled people walk. Crosswalks have become danger zones. The bicycles seen about are not from saving the environment, they are exercise enthusiasts who drive in, leave their trash and want the right to drive full speed without stopping on any road without consequences. It is the local elderly and our park gardeners who are out there picking up trash after it is decimated each weekend. I should have the right to cross the street without worry of being run over if I am not fast enough. I should be able to walk with my cane down the street without having to watch out for needles and broken glass because our neighborhoods are overwhelmed with no additional resources. Barring that I should at least be able to park close enough to have a fighting chance to enjoy it too! Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park and the Great Highway.

We are one of those families that has been highly impacted by the pandemic because I am immunocompromised, because our housing situation is poor, unsafe and unstable and we are arguably in greater need of utilizing our outdoor spaces than those who have the resources to flee to Tahoe, etc. There has been so much done to consider disadvantaged communities here, but the one that seems to get overlooked again and again are your disabled communities. Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK

I'm a teacher and live on Fulton St, near the Music Concourse. There is no parking in my building, so my family relies on street parking. Since the reopening of the park attractions, with the continued closure of JFK, tourists and SF residents park in my neighborhood to access the park, leaving very few available parking spots for us residents. I'm eight months pregnant and have a 2 year old child. Sometimes I have to park several blocks from home, and walk with my child at night, carrying her backpack and my bag from work. Two weeks ago we were confronted by a man who was on drugs or mentally ill, who followed us for two blocks and said obscene things to my child. I was terrified! Please reopen JFK and give tourists and park goers the option of parking inside the GG park, leaving the parking on Fulton for us residents.

Dear Board of Supervisors,

Subject: JFK

I am a west-side bicyclist who has to suffer the anarchy of eastern JFK regularly. It's a heart-in-my-throat experience to dodge all the inattentive pedestrians, strollers, mopeds and runners in the bike lane (where the California vehicle code obligates cyclists to ride). Occasionally I glance over at the wide, peaceful, well-paved, buffer-zone-protected pedestrian pathways that run parallel to JFK and see...almost nobody there. This is a silly state of affairs and there's no good reason for it. Yes, none. City Hall tyrannized us with 'Slow Streets' based on some delusion of a public-health 'emergency' in which the sidewalks were, what?...overcrowded with thousands of sick people? Maybe they only went outside when I was indoors because I never encountered these unhygienic throngs in my 4500 miles per year of walking and pedaling San Francisco streets. JFK was well designed for ALL conveyances to co-exist in their own designated zones. Please end this embarrassment and re-open JFK to the way it was before Covid.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. As I have gained mobility issues, it is a deterrent to not be able to drive into to partake in the de young. The closure creates more traffic and harder parking. Contrary to the idea that SF is transit friendly, the muni is slow, unreliable and pretty dirty. Removing parking lanes and traffic lanes all through out the city reduces the availability to partake in the local shops and entertainment. I have been forced to leave SF due to ridiculous pricing on rents but it is still my home and being squeezed out through it become physically inaccessible is painful. Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic. I have a 92 year old mother who cannot access the park. She was unable to go during the holidays at night to see the lights . I used to see older people in the park every day sitting on benches near their cars . Now never . The 150+ free parking spaces we voted for our gone . That means people from the outer districts have no place to park. Having JFK drive closed is not equitable. You allow electric bikes ?! That is motorized . Do you know who owns those ? Rich , white men€ that is who this closure favors . I have met the rudest cyclists who fly by and scream for people to get out of the way. If SF wants a closed PORTION of JFK we should vote on it and put money to. Pave a whole section . Like one way . SF has never put money into the upkeep of the running path. It is time for SF to live up to its name of being a city for all.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Street closures were meant to be a temporary situation during shelter in place and social distancing requirements. We are well beyond that stage and the need for closures. There's 1017 acres of park for people to enjoy; cars need to use JFK. I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Dear Board of Supervisors,

Subject: Please open JFK drive for muni, people to get to hospitals, other outings, cabs, I'm a native San Fr

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK

As a 30 year resident of the inner-Sunset I'd like to request that JFK drive be reopened to traffic at night and during the week days. I find it very annoying that I have to drive 20 blocks out of my way to cross over from 9th Ave on the Sunset side to the Richmond side. It's especially annoying at night or in the rain when there is obviously very little recreational use if any. Primarily though, I think it should be noted by city government with the recent ousting of the three school board members that a lot of us long time residents are tired of knee-jerk decisions made without proper planning. And, with the added bait and switch aspect where a temporary measure is used as a foothold to end-run any actual planning work. SF government needs to get back to a common-sense and fair approach.

Dear Board of Supervisors,

Subject: Please Reopen JFK & Grant Access for All

Dear Custodians of the City by the Bay, My wife and I lived in San Francisco for ten years in the Sunset District, a block from the zoo and six blocks up from Ocean Beach. We have seen many changes in The City, and some of the most appalling changes have been the shutting down of The Great Highway and JFK Drive during the onset of the 2020 SARS-2 Pandemic. It is truly unfair for someone who may not have the luxury of being able to live in or bike to the wealthy western part of town, which has exploded in popularity during the pandemic. And anyone who has lived in SF and has taken public transit to work and back, know it is not practical to tell someone who lives nowhere nearby Golden Gate Park to take public transit to Golden Gate Park. With all due respect, you really do need a car to easily get to the Park and back, especially if you have physical handicaps or are elderly, and this trip often serves as the outlet needed for the green space in a dense city for recreation and stress relief that Mr. McLaren designed this beautiful and amazing space for. To block cars from going up and down JFK Drive, is simply blocking more people's access to enjoying this space. San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park. Especially the elderly, the handicapped and those that live far away from the Park and can't practically take public transit there. JFK Drive should be reopened to the way it was before the COVID-19 Pandemic. Many thanks for your attention to this matter.

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else specifically those who drive VEHICLES. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: Reopen JFK

As a person with disabilities who lives in Glen Park, I can't reliably walk to get to GGP. As a woman who has been sexually assaulted on MUNI, I can't reliably take public transit. The street closures have caused traffic congestion on surrounding streets. I've lived in SF for 20 years and there has never been a problem with having JFK open. GGP has always been accessible, easy parking, not congested, and easy to navigate on an average day. There is no need to take this thoroughfare away from people who don't live in the neighborhood. I understood street closures in neighborhoods during the height of covid, but GGP is literally a park - there are massive wide open spaces throughout. There is no logic to having this street closed. And yes, I've seen the plans. San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. And all other streets should reopen as well. What's the need to have Waller closed when GGP or Buena Vista park are right there? Why have Keller or Lake closed when they're the street with the fewest stop signs? It's time to open streets for all of us, not just the convenience of the people who live in those neighborhoods. I live on Bosworth, no one closed down my street; I'm sure it would be nice to have some peace and quiet and go for walks, but the street is there for a reason. Stop catering to these people. They can move to Marin if they don't want to live in an urban environment.

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. I would also add that all such street closures in San Francisco need to be reversed and access to public thoroughfares be restored. These are PUBLIC lands and should not be closed off to benefit a few people.

Dear Board of Supervisors,

Subject: Golden Gate Park

When JFK Drive was closed at the height of the pandemic, it was done to provide needed comfort to nearby residents who were sheltering in place - at least for those with the mobility to access the park. It's time for John F. Kennedy Drive to reopen so everyone has access to Golden Gate Park, critical open space. It would be a mistake to keep it the way it is now in favor of a single ableist constituency. The pre-COVID conditions on JFK Drive, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays, have the benefit of allowing more people of all physical abilities to access that space. Changes to those conditions should be carefully thought out, and include serious consideration of opportunities to make things better for everyone. I urge you to support JFK Drive returning to those pre-COVID conditions.

I am an Outer Sunset resident with a disability who wants to be able to use the park again. I can't access the beautiful eastern JFK or Western MLK Drives, which I used to drive to (and through) so I could spend time in nature. So, is the plan to only allow healthy, active people go to the Dahlia Gardens, the Conservatory of Flowers, the Rose Garden, the ponds and gardens and tourist sites? This is heartless. Our city's natural beauty should be accessible to EVERY ONE. A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Open ALL of the slow streets that have been hijacked by the SFMTA. The SFMTA has made it increasingly aggravating to drive around the city which is detrimental to businesses in San Francisco. I now do most of my shopping for groceries/clothes/household items, etc in San Mateo County. My veterinarian and the majority of restaurants I frequent are also in San Mateo County. That's thousands of dollars of revenue lost to SF county.

Dear Board of Supervisors,

Subject: Golden Gate Park

GG park is huge. JFK is the best way to get through it. Bikers and pedestrians have PLENTY of space to have fun in the park, and plenty of ability to traverse it (via sidewalks, grass, and roads - all of which were *perfectly* sufficient before). Closing JFK provides zero new options for mobility - it only gives them concrete to play on. It's fantastic that residents have that option now, but there are so many other places for that... NOT THE MAIN ROAD. If you're going to close park to help with covid, allow kids to learn roller blading, etc.... then why on earth wouldn't you just pick some smaller side road!? PLEASE make a sensible change. While I'm at it - why on earth would you remove a lane (25% reduction) from one of the biggest thoroughfares in the city - Fell St - when you could have just *made the existing bike/walk path wider*!? I've lived right next to the panhandle for almost 10 years - there was never even a business problem on that path to begin with! I'm definitely not a 'stick it to the man' / screw-the-government kind of guy, but damn this reeks of some political career-move type of decision! Absolutely pointless!!

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park..

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. My good friend is a volunteer at the Dahlia Dell, one of the most beautiful spots in the Park. She is over 80 years old, as are many of her fellow volunteers. They have bulky equipment they use to tend the garden, and can't lug it from wherever they can park, which is usually at least half a mile or more from the Dell. This is ridiculous and needs to be addressed. Many of the volunteers in the Park are retired people who may have mobility issues. Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I live up on Twin Peaks where the road is closed. I have a movement disorder that is degenerative and a life threatening condition that brings me to the hospital with emergencies, with the road closed, tourists bottleneck at Burnett and Twin Peaks Blvd and we get stuck unable to get out of or in to our neighborhood. The street closures on Page St and other streets that aren't thoroughfares are really lovely but closing Twin Peaks Blvd at Burnett, The Great Highway and JFK in the park are all completely unfair to those of us who have disabilities. I should include not being able to bring folding chairs to Dolores Park. I have been a San Francisco resident for 35 years and I am no longer able to enjoy these four city treasures. Please consider this from an ADA perspective. I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic! This also applies to the Great Highway. You lot are closing streets and roads all over SF, and those of us who rely on our (small) car to get around are forced to drive much further. Those of us who also have mobility challenges, and are not high-paid tech workers, cannot afford the extra parking. Frequently, we also lack the extra couple of hours it would take to drive to and from those areas. ALL of us pay for these roads and areas. I don't think the pedestrians are paying anything extra, nor the bicyclists, skaters, scooters and so forth. If you remove GENERAL PUBLIC use of the roads we pay for, you are likely to find yourselves in litigation. Please, just for once, be INCLUSIVE of ALL SF residents, not just the rich ones with lots of time.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I am a senior resident of district 11 who uses JFK Drive to access GG Park venues and also to visit relatives, friends and restaurants in the Richmond area. Closure of JFK Drive is an elitist move to discourage residents of neighborhoods distant from the park from accessing the museums, restaurants and other sites in GG park that require driving from southern parts of the city across the park. Combined with the closure of the Great Highway on weekends (since when does the weekend start at noon on Friday????), it is a harrowing experience to navigate access, not to mention the extra traffic time required. Not everyone wants to be on Muni, especially in these covid times (I am immune compromised). I also don't need to spend a chunk of time exposed to the questionable people on the bus. Closure of the roadways in GG Park just caters to the able bodied, generally younger people. You didn't ask what the rest of us taxpayers want! I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. Everyone should be able to access Golden Gate Park and not be forced to take the bus. Only the people who live near the park are for this closure!! How elitist and discriminatory!! We need your voice on this issue!

Dear Board of Supervisors,

Subject: Reopen JFK

My mother had congestive heart failure and spinal stenosis. She recently passed away. The last three years of her life showed me the absolute importance of keeping ALL of San Francisco open to visitors, especially our parks. Without easy vehicle access, many people - like my Mom - who have a variety of mobility issues cannot enjoy amenities our city offers. It must be nice to be young and/or healthy enough to bike, walk, or even catch MUNI, or wealthy enough to catch an Uber everywhere, but we're not all like that and our representatives consistently or conveniently seem to forget that. My Mom needed a car and easy access everywhere she went in this city, and she is NOT alone. One of her very favorite things was to drive to the upper reservoir in McLaren and watch the dogs play in the water. During COVID, the street leading to the reservoir was shut to vehicles. The last two years of her life she was unable to participate in one of the things that have her joy. To this day that street remains closed, robbing people with mobility issues from using a public accommodations they pay taxes for. That is NOT right. JFK Drive - and all of the streets closed under the cover of COVID - should be reopened to the way it was.

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

Whereas most people agree that pedestrians and bicyclists should be accorded safe access to Golden Gate Park, we need to balance that with access for everyone else. In the case of the de Young Museum, the current almost unbelievable pandemic closure of the main drive has basically strangled access to one of San Francisco's major arts institutions on which the city spends tax revenue and which attracts people from all over the world. Foreign friends say this sort of 'blockade' should be considered intolerable in a city supposedly supportive of the arts. It is especially terrible for older people and families with children who find it challenging to walk long distances, basically tiring themselves before they even get to their arts destination, the de Young! I urge you to restore access to Golden Gate Park as it was before the pandemic. This is critical. Why donate or spend the city's money on works of art for the public benefit if the public cannot fully benefit because of publicly imposed restrictions on access??? It's crazy--irrational policy!!! Regards,
Joseph Goldyne jgol@aol.com

Dear Board of Supervisors,

Subject: Reopen JFK

I moved to SF in 1971 and lived in both the Richmond and inner Sunset, using the park to walk, jog, bike and drive. I covered every inch. Even when my job moved to East Bay I frequently made it to the park on weekends. With countless trails and sidewalks there was never a problem getting around even when cars are present. I think McLaren's design is intended for this use I read that only 15% of locals bike in the city, and I was a member of the SF Bicycle Coalition back in 72, so I know how to get around by bike in the city. Altering the design and use of the park excludes many people, such as seniors and the handy capped, there is no need to close JFK Drive. It diminishes the park for so many, 85% and benefits so few, 15%. Please don't ruin this great park . There is a strong vocal group who are totally anti-car, but the way to enhance the city would be to improve mass transit not just to ban cars everywhere. Also I believe the closure hurts the museums, open JFK Drive!

As a senior citizen from Contra Costa County taking public transportation during a pandemic is not smart. Even when not in a pandemic, it would require a bus to BART (Because there is no parking available mid morning, lots are full by 8 am or earlier at Concord, N. Concord, Pleasant Hill, Walnut Creek.) After bus and then BART, another bus is required to get to Golden Gate Park. Otherwise 3 or 4 busses is required if not wanting to take BART. This public transportation is a nightmare. I have not used my museum membership once since the museums opened because I won't expose myself to germs on public transportation. Asking senior citizens to do so is ludacris. Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

I was just in Golden Gate Park, the West side, and noticed all the elderly that drove in to that side of the park. Many folks who are elderly, disabled, or other no longer have access to the East side of JFK. The park was not just designed for neighbors or the able bodied to walk, jog or bike in. Thank you for considering us.

I am a 79-year-old retired teacher, and my senior membership in the DeYoung Museum is my most important cultural investment. The fact that I can usually find parking along Kennedy Drive near the museum allows me to share the museum with my friends who have mobility limitations. Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic.

My husband & I are very upset about the possibility that JFK Drive may be closed permanently. We are retired & no longer bike or take Muni. We live close to the park but need to drive. It is a major inconvenience for us to get to the Park's many attractions, including the deYoung Museum and Botanical Gardens. Also crossing to the other side of the Park is a major hassle. We used to drive to 9th Ave to get to Irving St. but now have to go to Park Presidio Blvd, which is now more congested. People need to use JFK Drive to traverse the city. So please reopen JFK Drive & let's try to get back to normal in SF!!

My parents live in the Inner Richmond at Cabrillo and have enjoyed GGP everyday for 40 years. Now they're too old and frail to jaywalk Fulton Freeway. I want to take them to Peacock Meadow for the Entwined light show. I can't. The closest entrance on Fulton with stop lights are at 6th and Arguello. Arguello's incline is too steep for disabled and seniors to hike up. 6th Ave entrance is a half mile walk one way. My parents can't make that walk. The parking lot is even further. You have NO plans for how you will remedy use for 3.4 miles of JFK for my parents and seniors and disabled like them. For a City that totes compassionate care like its oxygen, I find it hypocritical that this proposal is even a conversation. You should be ashamed for considering it. I hope each one of you that votes in favor of the JFK closure gets personally sued with ADA lawsuits. Thank you for your time and consideration.

I strongly encourage you to support JFK Drive returning to per-pandemic conditions. Open all of the Park's roads! I am a San Francisco native. Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. As a Southern Californian, but frequent visitor to the Bay Area, my wife and I love going to the de Young, as well as other museums and activities in Golden Gate Park. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Dear Board of Supervisors,

Subject: JFK

SF Chronicle writer Heather Knight is using false statistics and worse, inflammatory language in her editorials regarding JFK Drive. The writer frequently says that 75% of drivers are using it as a shortcut, and that is outrageous, why would anyone want to drive through a slow street to get from point A to point B when you have Lincoln and Fulton Street nearby? In Sunday's editorial, she unbelievably started calling JFK Drive, a dangerous highway! Obviously anyone who had driven on it knows that it's a very slow road and people are respectful when driving and parking there. Then she criticized the museum for hiring a lobbying firm to help restore the street, there is nothing the matter with that and it sounds like she is acting as a paid lobbyist for the bicycle coalition and other groups to me, butcher we need to restore the badly needed 300 free parking spaces near the de Young and Academy of sciences that sit idle, and the 20 that are reserved for people like me that are disabled. I don't even go to the park anymore because it is too difficult to navigate and get to the museum conservatory garden area, so I hope you consider restoring what was before the pandemic, a Sunday closure and perhaps other areas can be closed like the one near the bocce ball courts but not the ones nearest the billion dollars of museums and gardens that need to be accessible by all forms of transportation. Thankyou, Michael Zanoni District 8 Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: Golden Gate Park

I used to go to GG Park frequently, particularly to visit the DeYoung or Botanical Garden. I've lived in SF a very long time, in fact at 8th Ave and Fulton for a while. I have always enjoyed and appreciated John F Kennedy Drive on Sundays or special days when it closed to cars. It is a nice change for the bicyclists, skate boarders, etc. However it loses its specialness when it remains open the entire time, especially as it is wide open, and not being used to full advantage or effect. Parking spaces are gone, the access to the Botanical Gardens is changed, Museum attendance is reduced. I like our roads being shared by autos and pedestrians and bicycles. It provides more access for all, it keeps traffic moving, it brings more people to the park, and our beloved DeYoung needs and deserves all the visitors from SF and surrounding areas, and far-away places, as it can get. Please re-open John F Kennedy to auto traffic shared with the bike lanes for others, and keep the special treat of no cars for Sundays, or special occasions. My two cents, Sincerely, Leslie Kaye

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. JFK is a public thoroughfare designed for cars that many people depend on for many reasons. I have heard no evidence from the government that keeping JFK closed will in fact improve the environment or lead to a decrease in car usage. Even if there was a marginal benefit, you could argue that keeping open access to our finest cultural institutions is more important than a small number of people being able to walk and bike in the middle of a street that already has large sidewalks and bike lanes. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few individuals who need 'more space.' This isn't about space its about ideology and eliminating cars. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

By closing JFK Drive permanently to cars, you will be denying access to museum visitors who are blind and have mobility issues. That is against the law. We blind people go to the DeYoung and Cal Academy because of their wonderful programs for us. We shouldn't have to walk or roll a great distance to get to the museums' entrances. It is elitist to give over a right of way for disabled visitors to roller bladers and bicyclists. You can expect lawsuits if one of we disabled folks gets hit by a bicyclist who doesn't stop for us like cars do.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I live in the Richmond Dist. and I love Golden Gate Park, the museums, the Academy of Science, the lakes. I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I am in my 70's and sometimes need to drive to attend the exhibits at the museum. There are over 100 free parking spaces in GG Park, which was a nice benefit to people/families on a budget. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

My husband and I are members of the deyoung museum and in the past we were frequent visitors to the museum and park. We seldom go to the area anymore because of the limited parking. My husband has difficulty walking any distance and the parking lot is too far of a walk for him. It appears that golden gate park has become a park for the young and healthy. What about the older and disabled residents who want to enjoy the park? Sharing access seems much more reasonable than closing JFK drive. The park should be for everyone; young, old, healthy and disabled. Let's go back to the compromise and reopen JFK!

Dear Board of Supervisors,

Subject: JFK Drive Closure

Born in SF and raised in SF and Marin County, I have enjoyed Golden Gate Park as a walker, runner and cyclist for decades. I have been a member of the DeYoung for decades, visiting first with my mother in the '60's and, now, with my daughters. While I recognize that driving in SF has become, shall I say, less courteous, especially in the last 10 years, complete 24/7, 365 closure of JFK is ridiculous and creates more reckless traffic patterns around the park. As most of GGP has now added speed bumps to slow traffic, this should be a consideration for JFK rather than a wholesale closure. I have a daughter with a disability and accessing the DeYoung and the Academy of Sciences has become untenable. Prior to her passing, my mother was in a wheelchair and loved an outing to the DeYoung and the Academy of Sciences. Now the same accessibility is a tremendous burden for anyone with mobility issues. The current 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. Please think of seniors access by car to this park, not just young people and bicyclists!!

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety! Access to the north side of San Francisco from the south side where I live (in the Sunset District) has been severely impacted in a negative way with the continued road closures that provide access from the south to the north side of the city and places north of San Francisco. You have choked off access to a densely populated area, making moving around in the city extraordinarily difficult and frustrating. It is especially so on weekends and holidays and through the summer and fall months. Everyone is back on the roads yet the city has steadfastly choked off access to huge numbers of its citizens.

Dear Board of Supervisors,

Subject: JFK Drive

It is unfortunate that the SF is again raising the issue of accessibility to the several science and cultural institutions adjacent to or near the the eastern section of JFK Drive, pitting especially older and disabled citizens of SF against those mostly younger. A compromise reached years ago closed JFK on weekends but allowed those wishing to drive to Golden Gate Park on weekdays to have access to parking, including many handicapped-restricted spaces. Because public transportation is usually not a viable alternative - too much walking to access Muni and then walk to destinations when departing Muni, problems in inclement weather, etc., and the only alternative is paying high parking fees in the underground garage, the city should retain the earlier compromise, only closing the eastern section of JFK on weekends.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year. Supporters of full-time closure never acknowledge the presence of major attractions at the eastern end of the Park: de Young Museum, California Academy of Sciences, Conservatory of Flowers, Ferris Wheel. They do like to point out that Central Park is car free but they overlook two key differences: topography (Manhattan is MUCH flatter than San Francisco) and a much more robust public transit system in New York. There are more people with mobility issues than those who qualify for a handicapped placard and the greatly diminished public parking due to a closed JFK Drive makes it difficult if not impossible for those folks to visit any of those major cultural and educational attractions. I'm sympathetic to those who want to teach their children to ride a bike but there are other areas in the Park that could be closed that aren't 'next door' to our world class attractions. And don't overlook the visitors from other parts of the Bay Area as well as outside the area who want to see these attractions. They need a simple way to get to the eastern end of the Park. The 44 O'Shaughnessy is great but you have to be able to get to it; not everyone can. Please consider the rest of the population not just those who are fit enough to ride a bike or a scooter.

Dear Board of Supervisors,

Subject: Reopen JFK Drive

The pandemic closure of JFK drive has been dangerous for me as a senior pedestrian with osteoporosis who takes the 5R Fulton bus to the 8th Ave entrance of the park. The users of bicycles and other alternate transportation travel at high speeds all over the entire width of JFK with complete disregard for anyone walking in crosswalks to get to the Museum or the Academy of Science. The alternate options for entering the park at that location are narrow, dark, damp and slippery. I really shouldn't be necessary to transfer at 8th & Fulton to the 44 O'Shaughnessy in order to cross JFK safely. On the whole auto traffic has increased in the west end of the park and on Fulton due to Great Highway and Cabrillo St. closures. We need more public outreach and creative thinking to find better solutions. I hope the City does not rush into expensive solutions that we will all regret later. Dear Board of Supervisors,

Subject: JFK Drive

I live walking distance from the DeYoung, but I have family and friends in other parts of San Francisco, and all over the Bay Area, who can't walk to the DeYoung. many of them are seniors with mobility issues who need to be dropped off. Some people have families with young children that need to be dropped off. Traffic needs to be able to flow so that the park feels welcoming. It causes a lot of stress and anxiety when families have to fight through traffic just to get to the museum -- especially when they've traveled from far away already. Please stop catering to able bodied people aged 18-38 who live near the park.

It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. It is almost unfathomable that a city that considers itself progressive would callously exclude all of the persons with disabilities, the elders, and multigenerational families from throughout the Bay Area from full access to JFK Drive. Two years ago, during winter, we used to drive to park in front of the Conservatory of Flowers at night to sit in our car for an hour to watch the light show. Last year we were not able to access it nor attend the Festival of Lights installation which was off-limits to those of us who could not walk in. The Festival of Lights will be opening again in early December, and once again we are completely excluded. This is unfair and cruel. In this time of the Christmas season, when the coming of Christ is celebrated around the world, His words should be honored, as told by Mathew: 'Whatsoever you do to the least of my sisters and brothers, you do unto to me'.

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

Dear Supervisors, I am a resident of the upper Haight district (District 5) and a former employee at the de Young. I am writing to urge you to reopen automobile access to Golden Gate Park as it was before the pandemic. I am especially concerned about access to the museums, the Conservatory, and other cultural attractions at the eastern end of the park. During my 16-year tenure at the de Young, the negative impact of the Sunday closure of JFK Drive was crystal clear when our Sunday attendance was compared to attendance on Saturdays, and I understand that museum visitorship now has been greatly impacted by the full closure of the drive. Is the City planning to compensate the de Young for all the lost revenue resulting from the street closure? We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. There are literally miles of park roads west of 10th avenue that can be reserved for cyclists, walkers and runners 24/7. In my view, this is a fairer way for the needs of San Franciscans and the city's important cultural institutions in the park to co-exist. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

San Franciscans of all ages and abilities love Golden Gate Park. In particular seniors can't always use buses due to less physical stability. They can visit many areas of the park with family member driving and pick-up. The park was a blessed beautiful and extremely spirit lifting for all of us able to walk the many paths and observing families use of JFK during the intense 2020. I can notice that the use has become more weekend use as vaccines have improved much for the city. JFK Drive should be reopened to the way it was before COVID.

Dear Board of Supervisors,

Subject: Keep JFK Drive Open to Park Users

I fully support bicyclist and pedestrian safety. That's why I am asking you to keep open JFK Drive as it has been since the start of COVID lockdowns. It was unsafe for Park users everyday except Sundays and half of the Saturdays every year - bike lanes blocked by cars and pedestrian walkways crowded to the point that people walked on the grass landscaping (note the disappearance of use paths alongside paved walkways) each day of the week. We need to balance equity AND safety! The park needs better transit access every day of the week from every neighborhood and the museum-controlled parking garage, approved by voters who were promised a 'pedestrian oasis' in exchange, needs to be made affordable to those who need to drive to the park, addressing accessibility. People with vision, hearing, and mobility disabilities, as well as seniors and children, deserve a safe place to walk, ride, roll, and play away from the noise and danger of cars. There are plenty of roads to drive in Golden Gate Park. At least part of it should be safe for other users.

Dear Board of Supervisors,

Subject: Open JFK Drive in Golden Gate Park

I feel very strongly about the issue of closing JFK Drive. The City of San Francisco must continue to earn its reputation for being a cultured city with world class art. As important, the current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. The initial intent of closing JFK Drive temporarily was to benefit the health of Golden Gate Park visitors, I would like to emphasize that art and exercise are equally essential for us to thrive. Opening the drive will not prevent the public from exercising and otherwise enjoying the park. Keeping it closed will definitely impact the ability of the museums to survive and severely restrict access to the park for visitors. Don't succumb to a false dichotomy. We don't have to choose between indoor and outdoor enrichment. Open the drive to pre-COVID conditions to benefit everyone. Please. Dear Board of Supervisors,

Subject: Keep JFK Safe and Closed to Cars

It's abhorrent that pedestrians and cyclists have to fight for scraps when it comes to safe, open streets. If a city committed to climate change and Vision Zero doesn't maintain open, car-free streets, it is failing in its mission. I urge you to reject bad-faith efforts to reopen JFK to cars and keep our city healthy, safe and beautiful.

I was recuperating from a broken foot and surgery and I couldn't go to the lawn bowling club or otherwise enjoy the park like I used to because there was nowhere to park. I couldn't walk from the museum parking lot. I grew up right next to the park when it was closed only on Sundays. We need to reopen the park so people can access it. You are hurting the cherished institutions that are in them such as the museum, aquarium (that's what we always called it when we were kids) and the tea garden. Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. The road closure contributes to more parking in adjacent neighborhoods, straining the relationship with neighbors. People coming in from out of town or visiting San Francisco will likely either opt to park in adjacent neighborhoods or not visit at all. Requiring all to park in paid parking lots likely limits the amount of people who will visit. It's often just enough to make one reconsider going to the museum for lunch, visiting the tea garden, or taking a stroll through the park. The park is closed every Sunday and that is enough.

The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic! The impact of internationally and historically valued art through exhibitions is extraordinary. It touches people in ways that cannot be over estimated. It raises the level of connection between all humans. It touches all ages. And it promotes the values that generate civilization, making it possible for so many to survive side by side on one lone planet. It is extraordinary to me that such a potent force would be reduced and impaired to benefit the privileged few that live within the local Golden Gate Park area zipcodes. It is a complete reversal of the purpose of this public park and the public museums within it.

Most of the major attractions in the park are on JFK Drive, when you close it, you are making access for disabled people difficult, if not impossible. In other words, you are in violation of the ADA and I for one will be happy to support an effort to litigate against the city on this issue.

There will only be a limited number of spots & once those are gone, we will have to turn around and go home, or pay to park. The park should return to being closed only on Sundays. Also it is creating a large traffic jam on Stanyan street on ALL days with much more emissions being created by stop & go traffic right in front of a Hospital! All this so people can go & play on their bikes. The bicycle coalition is completely greedy, in their relentless grabbing of any and all streets just for their exclusive use. It excludes the very large majority who use these streets for access to live & work in our daily lives.

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. As a former 40 year San Francisco resident who is now in Pacifica, I still come to the museums in Golden Gate Park and other activities. I am older and the accessibility is a really important issue for me in terms of being able to park and go to the museums and make use of the park. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. The Dahlia Dell is made possible by a group of 60 year olds+ that volunteer their time, they need easier access to carry all their heavy plants, soil and equipment. Please reopen JFK Drive like it was before COVID!

I do not have an 'informed' opinion about this matter BECAUSE, there have been no objective studies that provide data about traffic patterns and parking space availability. After attending a meeting with the board of the Inner Sunset Merchants Association it became clear to me that public opinion is diligently being sought without first, and critically, providing data that enables the public to opine in an intelligent way. I urge City staff and Supervisors to do their homework by completing their traffic and parking studies, present the data to the public and only then, seek public opinion. Any other process is out of sequence, intellectually dishonest, illogical and a disservice to the public that will likely be exposed, with appropriate disapproval, after it's too late.

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Also please open the great highway to cars and stop the slow streets program. No one wants it (or at least not very many people). As life is getting back to normal, so is traffic. Lawton and other streets adjacent to slow streets are awful and VERY dangerous now that slow streets are closed. Very dangerous to drivers and pedestrians. People are also ignoring the signs, so what good is blocking it off anyway?? People going around the block need to drive on the slow streets. People who live there need to drive on the slow streets. So what's the point??? They aren't car free! The great highway shutdown is awful. The avenues are a mess because of the GH closure. Anyone who says otherwise is lying. It only benefits bikers because they don't stop for pedestrians. My dog almost got run over many times on the GH by bikers. I'm not anti bike but giving them the entire highway is ridiculous. SF supervisors are just making things harder for their constituents while appeasing a small number of people. Open it all up. Please!

Dear Board of Supervisors,

Subject: JFK Dr

Hi there, I'd like express my thoughts on the JFK Drive closure as an employee of the de Young. I'm sure you've received a number of comments regarding the inequitable access to the museum that the closure causes, but what is most notable to me is that the current setup is dangerous to the pedestrians and bicyclists who believe that JFK is without vehicular traffic. Our dock doors are located on a stretch where JFK is closed, and there must be at least a dozen instances a day where vehicles drive down JFK to access those doors, which are absolutely necessary for the museum to function. Each one of these instances presents a dangerous combination of unaware pedestrians who assume that there are no vehicles around, and a vehicle (oftentimes a cargo truck with gaping blind spots) driving alongside them. I've personally seen instances of people walking in the road with headphones on, completely unaware that a massive truck is behind them. It's even worse now that the sun sets while the museum is still open, meaning that there are long periods of the day that these vehicles are also driving with reduced visibility, and I feel that it's just a matter of time before a collision occurs. I understand that open walkable space is precious, and that bicycles need greater priority, but I believe there are better solutions. Focusing on better bike lanes would be a vast improvement, and a welcome compromise could be to close JFK Saturday and Sunday, when our service vehicles aren't typically in use. Thanks for your time!

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: Reopen JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and as well as communities neighboring Golden Gate Park. Now that pandemic is over, which was why the park was originally closed, JFK must be reopened. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

I am a native San Franciscan who mostly walks, runs, and bikes to get around the city. While I am able-bodied, I am very concerned that closing JFK Drive will limit access to those who are not. I think of my mother-in-law, who has limited mobility because of knee pain and loves visiting the Dahlia Garden every time she visits. I think of families from the greater Bay Area who may not have access to green space and can't easily get to Golden Gate Park via public transportation. As someone who runs weekly in GGP, I know that JFK does not need to be closed during the week for me to feel safe exercising. My mother very much enjoys using GGPark and all it has to offer. With the JFK Drive closed to vehicles 7 days per week, this limits her access and use of the park. i.e. the dalia garden, the de Young Museum, picnics with us playing croquet etc. All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. Regards ~ Jackie

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and I am disabled and am a senior. I must use a taxi or Lyft. One day I waited for almost an hour because the driver coming to pick me up had to be told after many calls to come by the longer way around by way of Lincoln Ave and 9th Ave. It made me late to my next appointment. It was a good thing that I had used the bathroom before exiting the museum. Please open JFK again. That experience was terrible and would have been worse without my walker with a seat. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Subject: Reopen JFK for museum access

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Closure of JFK drive has impaired access to the museums, reduced free parking spaces inside the park, and increased traffic congestion on Lincoln and Fulton Streets. I believe it should be possible for BOTH pedestrians/cyclists and cars to co-exist on JFK drive.

I am a resident who is affected by the JFK Closure. Traversing through and to alternate routes through the park is difficult. I am having mobility issues caused by hip, knee and joint issues and cannot just drive by areas to visually enjoy the gardens and park without Having to pay huge parking fees at the museum. Access should not be only for the elite who can afford to pay for such accommodations or only those physically able to cycle to such sites. The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Clearly many needs and interests must be considered, but ascertaining what works best to ease commutes and accommodate varying transportation needs and access can only be ascertained if we start from complete opening and really work a plan through true open, transparent accessments to develop a plan that truly serves the public in the best way possible.

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before I took my elderly aunt to the DeYoung museum and had to park in the underneath parking lot which was very expensive. We were coming from the Richmond district. The Museums need our support more than ever and the elderly support the arts. Pls pls pls reopen the roads and also the Aruello Gate!

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. As I live in Santa Rosa, it is likely that that street closure would force me to cancel my membership in both the Fine Arts museum and the California Academy of Sciences.

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. Please do your research thoroughly and stop slanting your decisions towards cyclists and understand how this decision has affected so many activities in the park, e.g. elderly people living in homes having access for outings. The Dahlia Dell is one of the places they enjoy and has become inaccessible. It's a terrible decision to close JFK drive permanently. Thank you.

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. You members of the BOS and the Mayor always make these moves barely thinking or never thinking are helpful to all of the community including the disabled. You absolutely ignore that the community includes disabled and elderly people for whom ease of mobility gives access to public buildings which are already difficult to enter. It seems as if the BOS members take great pleasure in making our disabled lives even more difficult and devoid of any participation or enjoyment from public facilities. Then you all pat yourselves on the back at what a great thing you've done, we disinvited and isolated the disabled and elderly. Excellent. Then karma strikes one of you and puts in our disabled ranks and suddenly you see how incredibly difficult and devoid of pleasure you've made the city for the disabled and elderly. You members of the BOS blindly make changes and never consider how your simpleminded decisions negatively impact people whose lives are already at a disadvantage for mobility. You never realize or accept that You Harmed Citizens of SF by catering only to the able bodied and young. Dear Board of Supervisors,

Subject: Reopen JFK

Please consider reopening JFK Drive to cars. Going to Golden Gate Park and frequently visiting the De Young, Academy of Sciences and the Botanical Gardens has been one of the greatest pleasures of my family's life. The closure of the Great Highway and JFK has had a huge impact on our ability to access the park and, frankly, our enjoyment of San Francisco. We are much less inclined to pop in to the City now, and often find the traffic and difficulties of getting into and through the park not worth the hassle. We do appreciate the compromise you chose for opening Great Highway on weekdays, and hope something similar can be worked out for JFK Drive. We are senior citizens with memberships to the Fine Arts Museums and Academy of Sciences, as well as the Asian Art Museum, but living in Pacifica makes it necessary for us to drive to Golden Gate Park. Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. This way would continue to close JFK Drive on many weekends and holidays and quite a bit in the summer. Going back to the old way would cease the disruptions to staff and operations at the de Young Museum. All of the features of Golden Gate Park are treasures in San Francisco; access to them needs to be restored to pre-pandemic configurations.

Golden Gate Park has always been one of the main reasons to visit SF. Even more so that downtown has become a disgusting 3rd world sloppy dirty unsafe place. We have not renewed our yearly Museum passes for The DeYoung/Legion because it has become impossible to get to. We have lived in Oakland and visited the Golden Gate for 30+ years. Regretably the cost of visiting Strybing and the Museums have become burdensome. Keep those road closures if you want to insulate yourselves against the world and visitors. The only ones with access now are those who have the luxury of living around the Parks. What a shame. The same goes for the Shoreline drive by the Ocean.

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Subject: Golden Gate Park

My husband and I live in Palo Alto, long time members and visitors to the deYoung, Japanese Tea Garden, Academy of Science. Closing the park to cars a real deterrent to people who don't live in SF, but live in the Bay Area and will cause decline of tourists from out of the bay area and out of state access to the museums in Golden Gate Park. There has to be a better way than closing the roads in the park.

I have not visited the DeYoung because of the decreased access. The clientele of the museum includes a high proportion of older people, and walking 'a little farther' means not going at all. There is only one DeYoung, but there are more opportunities for outdoor recreation. Please consider us older folks. I support a Golden Gate Park that is accessible to everyone. I am 67 and first went to the de Young before I was 10 years old with my parents and sibs. (My sibs would have been 8 and 6.5.) Getting into that part of GG Park was not easy. I know parking has been expanded but when my husband and I started taking our 5 y.o. there in 1990, we always went early on the free day (as we were living in UC student housing at the time). Not going early meant being in a bad traffic jam. We joined the museum just before the pandemic got underway and got to one exhibit. It's a project already to get in and out of that area without being stuck in MORE traffic. Give museum go-ers a break. Ableism and gatekeeping have no place in San Francisco. Dear Board of Supervisors,

Subject: Golden Gate Park

We must reopen JFK Drive to make weekday access to Golden Gate Park a reality. The only alternative for those in private vehicles to access the DeYoung and Academy of Sciences is via the extremely expensive Music Concourse parking garage. JFK Drive should be open like it was pre-pandemic.

I am a docent at The SF Conservatory of Flowers. Very many of the cadre of volunteers here are elderly. Closing access to JFK Dr., and therefore the Dahlia Circle Dr. as well, causes an access hardship. Access to the northern end of Nancy Pelosi Dr. is similarly denied. I prefer not to park in the garage. It cost \$18.75 when I attended Bouquets to Art at the DeYoung this year. There are five institutions, the two addressed above, as well as the SFBG, THE California Academy of Sciences, and the Japanese Tea Garden affected negatively by this closure. It was parking bedlam when I attended the Flower Piano event at the SFBG this year. The city of San Francisco is justifiably proud of these beautiful star attractions and should not hinder accessibility.

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: Golden Gate Park

As a lifelong resident of the Richmond District, I utilize Golden Gate Park regularly for commuting and recreation. I appreciated the need to create more outside spaces during the shelter in place orders. However, it's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone, regardless of ability, should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before.
