Sent From Bobbi Baumgartner to the Board of Supervisors on 11/11/2021 10:16:10 PM

Dear Board of Supervisors,

Subject: JFK

Please reopen JFK Drive on weekdays to make museum access easier. I am a senior citizen with knee problems so parking far away is an issue. The parking lot is too expensive for me. A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Bobbi Baumgartner

Sent From Dorothy Saxe to the Board of Supervisors on 11/11/2021 10:15:26 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Dorothy Saxe

Sent From Barbara Pottgen to the Board of Supervisors on 11/11/2021 10:12:54 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Barbara Pottgen

Sent From Claudia Cohen to the Board of Supervisors on 11/11/2021 10:11:57 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Claudia Cohen

Sent From ma kim to the Board of Supervisors on 11/11/2021 9:57:56 PM

Dear Board of Supervisors,

Subject: JFK Drive

I don't know who came up with this 'brilliant' idea to keep it closed or who on earth wants this road closed? not only this but entire SF looks so ugly with curbside restaurants, and also with slow streets? not very thoughtful for people with disability. SF really needs to go back to it's old self. These adjustments are our reminder of vocid time, which is very traumatic. so we need to get rid of these reminders. even current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Sent From Doug Urbanus to the Board of Supervisors on 11/11/2021 9:45:02 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

I've been unable to take advantage of my membership to the de Young and the Legion of Honor due to the pandemic. Nevertheless I've maintained my membership and it's costs. I am on the brink of returning, which also means bringing my money to the Avenues. As a native San Franciscan I'm annoyed by the closing off of streets, the Great Hwy for one. Keeping JFK Dr closed to weekday traffic plainly cripples access to the de Young. Why pedestrians require such an expanse of pavement on weekdays is beyond me. Simply put: if I can't access with some modicum of convenience the de Young I will discontinue my membership to the de Young and the Legion of Honor. I'll take my restaurant money over to Sausalito and make my purchases that I might have made in San Francisco somewhere else. And naturally (should anyone ask) encourage friends to visit somewhere else as well.

Sent From Tamra Winchester to the Board of Supervisors on 11/11/2021 9:11:20 PM

Dear Board of Supervisors,

Subject: JFK Drive

I feel very strongly about the issue of closing JFK Drive. The City of San Francisco must continue to earn its reputation for being a cultured city with world class art. As important, the current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. The initial intent of closing JFK Drive temporarily was to benefit the health of Golden Gate Park visitors, I would like to emphasize that art and exercise are equally essential for us to thrive. Opening the drive will not prevent the public from exercising and otherwise enjoying the park. Keeping it closed will definitely impact the ability of the museums to survive and severely restrict access to the park for visitors. Don't succumb to a false dichotomy. Open the drive to pre-COVID conditions to benefit everyone. Please.

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Ken Reuther

Sent From Karen Coggeshall to the Board of Supervisors on 11/11/2021 8:47:54 PM

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Karen Coggeshall

Sent From Wayne Wiggins to the Board of Supervisors on 11/11/2021 8:47:01 PM

Dear Board of Supervisors,

Sent From Lynna Kaplan to the Board of Supervisors on 11/11/2021 8:45:54 PM

Dear Board of Supervisors,

Subject: Reopen JFK

My husband and I are unable to visit the deYoung , Academy of Sciences, Japanese Tea Garden, and Botanical Garden as they are inaccessible without access to JFK Drive. Parking options are limited and laborious for us. JFK Drive should be reopened to the way it was before COVID.

Lynna Kaplan

Sent From Alice Oshiki to the Board of Supervisors on 11/11/2021 8:43:58 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Alice Oshiki

Sent From Jane Elias to the Board of Supervisors on 11/11/2021 8:41:55 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. To do otherwise is ableist and doesn't serve all the citizens of San Francisco but only the privileged. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Artana De Carlo

Sent From Candace Gianni to the Board of Supervisors on 11/11/2021 8:18:42 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I grew up going to the park an Museums with my family. I still attending events a visiting the park. I think to maintain access for all the park needs to go back to the way it was before Covid-19. The Sunday and holiday closure and few Saturday's are okay but many people need to park close and use the available parking that existed before. I live out of town now but am a member of the Deyoung and Academy of Sciences. But being a child of the ~50's am not a mobile as I used to be and need as other walk to get there. Going back to the previous schedule would make it equitable for all.

Candace Gianni

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Karin Werner

Sent From Alexandra Yudovich to the Board of Supervisors on 11/11/2021 7:56:04 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Alexandra Yudovich

Sent From Loretta Yurkov to the Board of Supervisors on 11/11/2021 7:54:35 PM

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Loretta Yurkov

Sent From Rhonwyn House to the Board of Supervisors on 11/11/2021 7:53:46 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

Im a 78 year old member of the deYoung Museum who lives in Marin. I'm also disabled and need every ounce of energy to make it thru the galleries which I visit regularly. I and many others like me need easy access to the museum. PLEASE!! Keep the drive open the way it was before the pandemic for EVERYONE to enjoy, not just cyclists, skaters. They can have it on Sundays the way it was before. Thank you for your vote to return JFK Dr to pre-pandemic useage!!

Rhonwyn House

Sent From Susan Worden to the Board of Supervisors on 11/11/2021 7:50:40 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible I to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic. My sister and I both have disabilities. Please don't make it more difficult than it already is to visit the DeYoung and Academy of Science.

Susan Worden

Sent From Dave Charleston to the Board of Supervisors on 11/11/2021 7:50:29 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dave Charleston

Sent From Kate Lucchese to the Board of Supervisors on 11/11/2021 7:49:18 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

Older folks and those with disabilities need close curb access to reach the attractions in the park. It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Kate Lucchese

Sent From Barbara Styles to the Board of Supervisors on 11/11/2021 7:48:30 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. Please open GGP, JFK Dr. from 8th Ave. to the 22nd exit cross over N & S. This will help individuals visit De Young Museum, Rose Garden, Stow Lake, Tea Gardens and the many walking paths into the redwood forest area. The garage is too expensive for most of us.

Barbara Styles

Sent From Autumn Monday to the Board of Supervisors on 11/11/2021 7:47:50 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Autumn Monday

Sent From Gabriella Gardella to the Board of Supervisors on 11/11/2021 7:46:04 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Gabriella Gardella

Sent From Carole Issel to the Board of Supervisors on 11/11/2021 7:41:41 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I was born in San Francisco 78 years ago. I am still here. I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. As a senior citizen with limited movement I urge you to restore access to Golden Gate Park as it was before the pandemic.

Carole Issel

Sent From Gary Parks to the Board of Supervisors on 11/11/2021 7:41:12 PM

Dear Board of Supervisors,

Subject: Reopen JFK

I have visited Golden Gate Park frequently--enjoying its many attractions and amenities--for over 50 years. Though San Francisco has never been my physical home, it is one of my spiritual homes--nourishing me culturally, and aesthetically. I do believe that our society needs to be less auto-dependent, but drastic permanent closures of major access streets is not the answer. Use of the Parks' museums and gardens by people from other parts of the City, and from out of town, will decrease because of the resulting parking headache. JFK Drive should be reopened to the way it was before COVID.

Gary Parks

Sent From Richard Lanzerotti to the Board of Supervisors on 11/11/2021 7:38:19 PM

Dear Board of Supervisors,

Subject: Reopen JFK

We fought hard in the past (Coalition to Keep the de Young in the Park) to rebuild our magnificent institutions in GG Park where millions of visitors go yearly. Attempts again by skaters, skate boarders, scooterists, bicyclists, and others present a severe threat that the deYoung, the CAS, the Japanese Tea Garden and Botanical Garden will lose vital visitors. Closing JFK Drive permanently will significantly affect the elderly, infirm, tourists, and multigenerational families who wish to visit. Closing JFK must not be allowed. Most sincerely, San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Richard Lanzerotti

Sent From Jan Taradash to the Board of Supervisors on 11/11/2021 7:37:53 PM

Sent From didi boring to the Board of Supervisors on 11/11/2021 7:35:51 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

didi boring

Sent From ken osborn to the Board of Supervisors on 11/11/2021 7:35:07 PM

Dear Board of Supervisors,

Subject: JFK

During the pandemic it makes sense to close JFK drive to provide outdoor space while practicing shelter-in-place. That time is or will be soon ending. I live in East Bay and drive with friends to visit Golden Gate Park and the de Young. Closing JFK drive permanently is counter productive to accessing one of San Francisco's finest. I have been visiting the de Young starting with my parent's visits in 1957 coming from Sacramento.

ken osborn

Sent From Elizabeth Mandranis to the Board of Supervisors on 11/11/2021 7:35:00 PM

Dear Board of Supervisors,

Subject: JFK

I am an older person who loves to visit SF and the wonderful museums and parks. But if access becomes limited permanently I won't be able to visit. San Francisco is for everyone- it holds world class treasures people come to see from all over the world. It should not just be for locals who can jog and hike! Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Sent From Trish Jakielski to the Board of Supervisors on 11/11/2021 7:18:30 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. This precious resource needs to be easily accessible to ALL people. After my mom's stroke, we could still slowly drive around the park so she could see the rhododendrons, the ducks, the kids playing in the open areas. It also burdens residents on park-adjacent streets with much more traffic. Thank you.

Trish Jakielski

Sent From Laura W to the Board of Supervisors on 11/11/2021 7:18:01 PM

Dear Board of Supervisors,

Subject: JFK Drive in GG Park

I understand why John F. Kennedy Drive was fully closed during the pandemic for use by nearby residents to get exercise. Now that society is opening up again and allowed to widen our experiences, I ask that the road be reopened for vehicular traffic. I am an East Bay resident who enjoys visiting all the joys of SF and especially Golden Gate Park. In my younger days I could get around without my car. Now that I have more time and the ability to spend my earned money, I need to be able to drive to the deYoung Museum. Please open access for all of us to be able to drive through the park again.

Laura W

Sent From Eva Klein to the Board of Supervisors on 11/11/2021 7:17:21 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Eva Klein

Sent From Mary Steward to the Board of Supervisors on 11/11/2021 7:15:21 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Mary Steward

Sent From Andr e McGiffin to the Board of Supervisors on 11/11/2021 7:15:05 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Andr e McGiffin

Sent From Katia Churton to the Board of Supervisors on 11/11/2021 7:14:36 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Betty Louie

Sent From Mutsuko Arima to the Board of Supervisors on 11/11/2021 7:13:06 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left me unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. I need to be able to use the handicap parking near the entrance and can't afford to pay for parking in their lot. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Mutsuko Arima

Sent From Nick and Candy Carter to the Board of Supervisors on 11/11/2021 7:11:19 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans and honorary San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Nick and Candy Carter

Sent From Betsy Fowler to the Board of Supervisors on 11/11/2021 7:10:57 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

It has become next to impossible for any handicapped person to access the de Young and other areas of the park with JFK Drive closed. This SHOULD be The Peoples Park for everyone and not just the select few who remain happily ambulatory. We've come to avoid the park altogether because of the shut down. Please, please reopen JFK Drive. The sooner the better!

Betsy Fowler

Sent From Ronni Randall to the Board of Supervisors on 11/11/2021 7:09:41 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. For handicapped individuals, closing JFK prevents use of numerous convenient handicapped spaces near the museum on JFK forcing us Seniors to park far away and in the area where cars win dues are smashed daily. We have been museum members for 25 years but will not renew unless JFK Drive is reopened. Also... some police might be a good idea... ya think?

Ronni Randall

Sent From Kathleen Phelan to the Board of Supervisors on 11/11/2021 7:09:16 PM

Dear Board of Supervisors,

Subject: JFK

We are in our eighties and no longer able to walk great distances. We pretty much have been unable to really enjoy all that Golden Gate Park has to offer! Being San Francisco natives, I guess our lifetime of memories will have to suffice if JFK is closed to cars! Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Kathleen Phelan

Sent From margaret r to the Board of Supervisors on 11/11/2021 7:09:16 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

margaret r

Sent From Nancy M Burrill to the Board of Supervisors on 11/11/2021 7:08:02 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Nancy M Burrill

Sent From Cecile Ehrmann to the Board of Supervisors on 11/11/2021 7:07:46 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Cecile Ehrmann

Sent From Cheryl Davis to the Board of Supervisors on 11/11/2021 7:07:27 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

I grew up on 38th Ave between Balboa and Cabrillo. My 86 year old mother still lives there. I would like to be able to take her to the park for a walk, but parking on Fulton and walking in is not an option. Access for elderly by car is severely limited in SF right now. Please reopen JFK so we can at least enjoy the park. Closing JFK on weekends is enough of an inconvenience to city residents. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Cheryl Davis

Sent From Corinne Beauvais to the Board of Supervisors on 11/11/2021 7:07:17 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! And so do out of towners who love the park. When JFK Drive is closed it takes away street parking and forces out of towners to park in the expensive garage. JFK Drive should be reopened to the way it was before COVID.

Corinne Beauvais

Sent From Lorraine Vilardo to the Board of Supervisors on 11/11/2021 7:06:47 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Lorraine Vilardo

Sent From Patrice Beard to the Board of Supervisors on 11/11/2021 6:55:41 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Patrice Beard

Sent From David Mares to the Board of Supervisors on 11/11/2021 6:55:39 PM

Dear Board of Supervisors,

Subject: Reopen JFK

I grew up in the East Bay, with grandparents and aunts in the Mission District and Bayview. My Mothers and siblings still live in the East Bay so I visit often. Access to Golden Gate Park allows me, my sons and grandchildren the ability to easily enjoy the park every time we visit. Please don't restrict access to this world class asset of the City.

David Mares

Sent From Elizabeth Olivarez to the Board of Supervisors on 11/11/2021 6:55:14 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety and access to the park by disabled residents who drive and families who drive. Residents of San Francisco should be allowed to have more access to the Golden Gate Park via JFK Drive. The JFK Drive should be opened and made accessible according to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety! San Franciscans have given up a lot of accessibility due to covid and this needs to be restored to the residents. We've been limited in the use of the park and parking due to the placing of the parklets. We look like a shanty town. It's time that the Mayor and supervisors address & meet the needs of the residents of San Francisco.

Elizabeth Olivarez

Dear Board of Supervisors,

Subject: Golden Gate Park

I haven't been able to use Golden Gate Park since its closure. I haven't seen the Tea Garden or the Dahlias because parking isn't close enough. Please re-open all of the roadways!!! It's really hard to get to the other side and is congesting traffic. ESPECIALLY with the work going on on 19th Avenue!!!! Open the streets back up!! Thank you,

mary ellen clauss

Sent From Sheila Wollen to the Board of Supervisors on 11/11/2021 6:52:37 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice. A reasonable compromise is in order. Please reopen JFK Drive like it was before COVID!

Sheila Wollen

Sent From Maary-Rose Hayes to the Board of Supervisors on 11/11/2021 6:52:05 PM

Dear Board of Supervisors,

Subject: JFK Drive

I love going to the de Young but suspended my membership. I am 82, have bad knees, can't ride a bike, don't live close, need to drive and it's difficult and expensive to park. I approve closing JFK drive on weekends. Can't we go back to that? We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Maary-Rose Hayes

Sent From Sylvia Montez to the Board of Supervisors on 11/11/2021 6:50:50 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Thank you for your consideration - please reopen JFK drive.

Sylvia Montez

Sent From Atsuko Takeshita to the Board of Supervisors on 11/11/2021 6:50:43 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Atsuko Takeshita

Sent From mahalia miller to the Board of Supervisors on 11/11/2021 6:50:26 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

mahalia miller

Sent From Richard Palazzolo to the Board of Supervisors on 11/11/2021 6:50:15 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Richard Palazzolo

Sent From Joy De Lara to the Board of Supervisors on 11/11/2021 6:50:01 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Joy De Lara

Sent From Cynthia Powell to the Board of Supervisors on 11/11/2021 6:49:58 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. I am considering dropping my museum memberships to the CalAcademy and deYoung because it is just too difficult to find affordable parking. The garage is too expensive, and street parking is very limited. I live in Petaluma, so taking MUNI is not an option. Part of the enjoyment of going to the museums has been driving along JFK and seeing all the landscaping, especially the flowers in front of the Conservatory. Closing JFK only benefits a limited few in S.F., and drives away many Bay Area residents as well as other tourists who would like to enjoy G.G. Park. Please reopen JFK Drive like it was before COVID!

Cynthia Powell

Sent From RICARDO PEREZ to the Board of Supervisors on 11/11/2021 6:48:44 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Sent From randisue watson to the Board of Supervisors on 11/11/2021 6:31:50 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

randisue watson

Sent From Thomas Oâ€™Leary to the Board of Supervisors on 11/11/2021 6:31:37 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Thomas Oâ€™Leary

Sent From Skye Rendon to the Board of Supervisors on 11/11/2021 6:31:21 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before.

Skye Rendon

Sent From Wayne Wiswell to the Board of Supervisors on 11/11/2021 6:31:17 PM

Sent From patricia holden to the Board of Supervisors on 11/11/2021 6:22:34 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. What about handicap folks, strollers w/babies, and elderly who need to be dropped off or enjoy walking as their exercise. Closing JFK will essentially close it to residents who aren't nearby. No one is going to take a shuttle bus (the Park Shuttle has failed miserably-zero usage). Or a Muni for an hour one way trip. Catering to the needs of bikers leaves out of the majority of SF residents. It's bad enough that sidewalks are used recklessly by bikers, scooters and tourists -- making it dangerous for us walkers!

patricia holden

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Michael Bowling

Sent From Irina Lelic to the Board of Supervisors on 11/11/2021 6:16:39 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Irina Lelic

Sent From Emily Chiu to the Board of Supervisors on 11/11/2021 6:16:21 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID.

Emily Chiu

Sent From Suzanne Schellenberg to the Board of Supervisors on 11/11/2021 6:16:07 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Suzanne Schellenberg

Sent From Greg Zhovreboff to the Board of Supervisors on 11/11/2021 6:15:56 PM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Greg Zhovreboff

Sent From Jennifer Smith to the Board of Supervisors on 11/11/2021 6:15:38 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Jennifer Smith

Louis Nuyens

Sent From Cindy Hill to the Board of Supervisors on 11/11/2021 5:25:29 PM

Dear Board of Supervisors,

Subject: JFK Drove access for cars

Thank you for the months of pedestrian and bicycle access to JFK Drive during the height of the pandemic stay-at-home period. Now it's time to return to an open street for cars and other motorized vehicles; it's time to return to the previous schedule as it provided safer access to the park's amenities for mobility-compromised individuals and free parking for those who can not afford to pay. Thank you for considering my opinion. Regards, Cindy Hill

Cindy Hill

Sent From Diane Ridley to the Board of Supervisors on 11/11/2021 5:23:07 PM

Dear Board of Supervisors,

Subject: JFK

I would like to see JFK Drive reopened on weekdays and Saturdays. While it's closure was perhaps an innovative response to the perceived need for additional outdoor recreational space during the shelter-in-place phase of the pandemic, I believe it is underutilized and more of a hindrance to recreation in the Park than an enticement. Its closure has made navigating across and within the Park confusing and frustrating, and has served to increase the traffic and parking burden on other streets inside and adjacent to the Park. Despite the fact that restrictions on indoor activities have been reduced, the ongoing closure discourages people from experiencing some of the Park's biggest assets-the Conservatory of Flowers, the Fine Arts Museum, the Academy of Sciences, the Music Concourse, the Japanese Tea Garden, Stow Lake, and the Arboretum. Unless there is a integrated City plan and financial commitment to adding additional parking outside of the park and frequent, convenient public transportation to and within the park that will make its features easily accessible to residents and out-of town visitors, especially those with disabilities, I do not feel continuation of this experiment is of any benefit. Like a number of the 'slow streets' that have been created in the City, it feels elitist and exclusionary,

Diane Ridley

Sent From MARY JO WOODMANSEE to the Board of Supervisors on 11/11/2021 5:21:29 PM

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

MARY JO WOODMANSEE

Sent From Julia A. King to the Board of Supervisors on 11/11/2021 5:20:37 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Julia A. King

Sent From Patricia E. New to the Board of Supervisors on 11/11/2021 5:12:36 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Patricia E. New

Sent From Marie Dorsey to the Board of Supervisors on 11/11/2021 5:10:38 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Marie Dorsey

Sent From Leslie Thompson to the Board of Supervisors on 11/11/2021 5:10:04 PM

Olga Gordon

Sent From Lawrence Wong to the Board of Supervisors on 11/11/2021 10:52:39 AM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK Drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK Drive as it was before this pandemic (i.e., open on weekdays yearlong and Saturdays six months of the year, but close on Sundays and holidays yearlong and Saturdays the other six months of the year). Increased car and foot traffic from tourists and residents is needed to keep the institutions in GG Park open and financially solvent (which includes some of my favorite institutions like the CA Academy of Sciences, the DeYoung Museum, and the Japanese Tea Garden). Earlier, you did a good thing restoring service to most of the SF Muni lines (including the iconic cable car lines) to let the outside world know that SF has reopened for tourists and business. Please reopen JFK Drive to restore pre-pandemic car and foot traffic to GG Park for tourists and residents and help keep the aforementioned institutions at GG Park financially afloat. (Otherwise, those institutions will be forced to close indefinitely for lack of business. And that would be yet another loss for SF's culture on top of Cliff House and Stern Grove closed permanently earlier this year.)

Lawrence Wong

Sent From Esther Blau to the Board of Supervisors on 11/11/2021 10:40:34 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Esther Blau

Mechell Keith

Sent From Howard Yellen to the Board of Supervisors on 11/11/2021 6:10:48 AM

Dear Board of Supervisors,

Subject: GGP

Keeping JFK Drive closed post-pandemic is absurd. I want to be clear, I'm not criticizing you personally. I believe that keeping park access by cars so limited is well intended, but misguided. How is a disabled person such as myself supposed to get to the museums? Muni is difficult for me to begin with, and due to being immunocompromised impossible it has been impossible in the last two years and I expect I won't get back to taking it until the spring. I live on Sanchez St. in Duboce Triangle, and Muni has been one of the big attractions of living here, but I have always driven to the park with my dogs. More broadly, one of the genuinely great things about the park is how multi-purpose it is. It is a place of great natural beauty, but it also is a place where people play exercise, go to museums and much more. It is not, should not and will never be a purely wild place. It is also inevitable that the closure of JFK will push parking and traffic to adjacent neighborhoods. The same thing has happened with the expansion of 'quiet streets.' The first few were terrific, but I've seldom seen folks walking or biking on Noe or Page. I live near Noe and walk down it (on the sidewalks) almost daily. Like the closure of JFK, quiet streets end up as a form of NIMBYism. They don't reduce parking and traffic much, but they do foist it on nearby residents. Noe in particular is a problem, because it pushes traffic to Sanchez, which is a critical and dangerous part of the Wiggle. I can't remember seeing a commuting biker take Noe instead of Sanchez, and with more road traffic they are put in further danger. As a lifelong progressive, the policies of my kindred spirits in fact dispirit me. It often feels like dogma trumps (lousy word) outcomes. I know that people play this card all the time, but FWIW, I've lived here since the 1980s. Thanks for taking the time to consider my opinion. HLY

Sent From Nina Steinman to the Board of Supervisors on 11/11/2021 5:18:50 AM

Dear Board of Supervisors,

Subject: JFK

I live half a block from the park on eighth Avenue. I can show you dozens of photos with JFK empty of pedestrians during the week in any weather and at any time of day. Fulton is a nightmare. Come on already, we are not going to give up cars because the SFMTA has a bizarre agenda. Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Nina Steinman

Sent From Lee Bonds to the Board of Supervisors on 11/11/2021 5:17:13 AM

Dear Board of Supervisors,

Sent From Allison Kozak to the Board of Supervisors on 11/11/2021 4:46:30 AM

Dear Board of Supervisors,

Subject: JFK Drive

The closure of JFK Drive during the beginning of the pandemic made sense, creating a place where people could be outdoors with plenty of room, and giving home-bound people an escape. But it's time to reopen JFK. Closure of JFK creates unnecessary difficulties of access, especially to people with disabilities. My husband has not been able to frequent our favorite areas around the park, Pioneer East Meadow & the Rose Garden, for almost 2 years because we can't park close enough. Remember, JFK was created as a thoroughfare through the park for a reason. It is the park's main access way, the only east-west artery. It was conceived and served as a thoroughfare from its creation. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Allison Kozak

Sent From Aya Van Zandt to the Board of Supervisors on 11/11/2021 4:31:35 AM

Dear Board of Supervisors,

Subject: JFK

I am a working mother of 3 kids. The kids have activities all over San Francisco - schools, sports, friends. The street closures in the city have added extra stress and driving time to our already stressed out, time-constrained family. I know we are not the only regular working family who are ready to truly get back to the normalcy, and can't help feeling that the city leaders are tone deaf to what working SF families are experiencing, or wondering if they even care. Take one of the 'slow streets' that we used to take to get the kids to school. We are rushing around at 8:15 am to get the kids to school, then ourselves to work, all the while some lucky folks who can take the leisurely walk or jog along one of these streets - why can't they walk or jog on the sidewalk? It is time for the city leaders to realize what the ORDINARY folks need. After all, the city claims that it is a 'family friendly city' . We are not asking for much.

Sent From Loretta Callies to the Board of Supervisors on 11/11/2021 3:55:35 AM

Dear Board of Supervisors,

Subject: JFK

The current closure of JFK Drive is unfortunate and causes weekday problems to access all the wonderful things GG Park has to offer. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. It is now time to restore all streets that were closed and take down all the signs as I see no one using the blocked off streets as they have gone back to work, and no right turns on Lincoln that make it very difficult to get onto the Lower Great Highway. Restore our City to the Beautiful way it was. I'm sure if you needed to use all these streets you would be just as frustrated as we are. Take your concerns to clean up the Area next to the Asian Art Museum. It is very disconcerting to go to the theater and have to step over people shooting up and needles all over the sidewalk. Take a walk at night and see the sights that are driving people away. Thank you for your time.

Loretta Callies

Sent From David Deiwert to the Board of Supervisors on 11/11/2021 3:55:31 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

David Deiwert

Sent From Brighton Miller to the Board of Supervisors on 11/11/2021 3:51:34 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

The roads must open. This park should be inclusive to everyone in SF, and all park lovers visiting. To have the road shut discourages people who would like to come but it's too crowded to find parking, or the areas that there is parking there are mobs of people. If someone cannot walk or bike, they are unable to see the sights by taking a beautiful drive through the park. I believe having the street closed, it's an elitist move to keep out those who cannot walk to the park to enjoy it. It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Brighton Miller

Sent From Susan Vaughan to the Board of Supervisors on 11/11/2021 3:50:46 AM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Susan Vaughan

Sent From Eileen Maloy to the Board of Supervisors on 11/11/2021 3:50:40 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Eileen Maloy

Sent From Helen Marcus to the Board of Supervisors on 11/11/2021 3:47:48 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

While it made sense to close JFK Drive during covid, I urge you to reopen it to vehicles. I used to come often to the De Young and the Rose Garden where I was married. Now I've been only once in 2 years and could not find my way around with all the one way streets and closures. Help let me enjoy the park again.

Helen Marcus

Sent From Tatyana Yurkhova to the Board of Supervisors on 11/11/2021 3:46:34 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Tatyana Yurkhova

Sent From Janet Niwa to the Board of Supervisors on 11/11/2021 3:46:29 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Janet Niwa

Sent From Nancy Steinbach to the Board of Supervisors on 11/11/2021 3:45:46 AM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Nancy Steinbach

Sent From RILEY GORDINIER to the Board of Supervisors on 11/11/2021 3:42:54 AM

Dear Board of Supervisors,

Subject: JFK Drive

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. I have lived in Brisbane all of my life and come to San Francisco at least every week. I am a frequent visitor of Golden Gate Park. It seems more and more SF does everything to discourage visitors and that is a shame. I love San Francisco and delight in bringing friends from near and far into the City. Please do not make it even more difficult by closing this important artery in the Park. Not everyone is able to bike anymore or walk long distances like when I was young.
Sincerely, Michele Salmon

Michele Salmon

Sent From Susanne Scholz to the Board of Supervisors on 11/11/2021 2:28:16 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. I come to San Francisco to go to the DeYoung and with JFK closed it is much harder to access. I would appreciate it if it could be open on weekdays. I often come with a disabled person and the extra distance from outside the park is quite difficult. Thank you for your consideration. Susanne Scholz

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Brenda Osborne

Sent From Angela Lee to the Board of Supervisors on 11/11/2021 2:07:32 AM

Dear Board of Supervisors,

Subject: JFK Drive and Great Highway

The current closure of JFK Drive and The Great Highway severely impacts people with disabilities, seniors, and communities surrounding Golden Gate Park and visitors from afar. As we emerge from COVID, it's time to reopen JFK Drive and The Great Highway. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year. The Great Highway is a major emergency evacuation route. How can you keep it close endangering your citizens for the few? Please consider the families you are putting in danger? When there is an emergency do we get on our bikes or walk to safety? We use fast transportation. GGPark is bordered on two sides of it with water. The safest evacuation is South. East is also a traffic jam as citizens would run into over evacuees who are boarded by the bay. Please truly rethink your plans. We already have enough lives lost to COVID 19.

Angela Lee

Sent From Margaret Cleland to the Board of Supervisors on 11/11/2021 1:55:57 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. Taxes are used from all. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. The park has plenty of areas for recreation. The road closure not only limits access but also makes parking limited so that you may be forced to use the expensive museum parking or not go. Many people do not have the mobility needed to access this part of the park. I understand SF seems to be against cars but if your going to limit access to roadways in the City (Golden Gate Park, Great Highway, Slow Streets) maybe we should not have to pay taxes for these roads that we can no longer use.

Margaret Cleland

Sent From Emilia Jankowski to the Board of Supervisors on 11/11/2021 1:54:45 AM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue! I may live outside of the City but I visit the Golden Gate Park and the deYoung Art Museum on a regular basis when I visit my stepfather. The street in front of the museum should be open to traffic. Also street parking in the Park should be returned for public use so visitors can enjoy the many beautiful spots in the Park. Make the Park available to all visitors.

Emilia Jankowski

Sent From Marc Johnson to the Board of Supervisors on 11/11/2021 1:52:38 AM

Dear Board of Supervisors,

Subject: Reopen JFK

I love the Park. And really appreciated the closures when the Covid virus was rampant and we could not be close to each other, especially when walking, running, skating and other activities. Now that most of us are vaccinated, are still good with social distancing when appropriate, it's time to open JFK to traffic during the week. I am a sub contractor to the Museum and have used the 8th Ave entrance on occasion to make way to the loading dock area. On weekends (when the Park used to close this area), there are lots of people. During the week, even when it's a beautiful day, there are few folks using JFK between the tennis courts and Stow Lake. Please, please, please, open the park back up. There is just not enough parking underground or on Fulton, MLK and adjacent streets to handle all the people who would like to use the park, the Museum, the Academy, the 'Wheel' and the bandshell area. It's time to reopen and make it easy for *many* people to appreciate art once again.

Marc Johnson

Sent From Carole Cassidy to the Board of Supervisors on 11/11/2021 1:42:33 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

EVERYONE, San Francisco resident or not, deserves access to Golden Gate Park. I implore you, reopen JFK Drive to allow this to happen. I, for one, at 80 have limited mobility...I can't walk, nor can I take public transportation from San Rafael (too demanding of my body), and I certainly can't bike to the park. San Francisco seems to have forgotten that not everyone who wants to visit is 25 and fit! What the park contains are PUBLIC asset, yet you seem on the verge of deciding which parts of the public should be allowed access. JFK Drive must be open to traffic as it was pre-pandemic. Someday perhaps you'll understand why the park is an asset to be enjoyed by all who wish to visit, not the few, when you too find getting around a problem. It's clear, by even proposing to close JFK Drive, you have no idea what it's like.

Carole Cassidy

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic! If I can't count on driving to the museum, there will be no reason for me to maintain my membership--just when I was looking forward to returning after a long COVID hiatus.

Deborah Shaw

Sent From Colleen McCoy to the Board of Supervisors on 11/11/2021 1:35:57 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. Additionally, my husband & I are elderly. It is confusing to find our way to the de Young now and even harder to find parking. We're not disabled but can't walk far. Please put things back the way it was.

Colleen McCoy

Sent From Joseph Mangiameli to the Board of Supervisors on 11/11/2021 1:34:17 AM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Joseph Mangiameli

Sent From Bob Hopper to the Board of Supervisors on 11/11/2021 1:33:37 AM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Bob Hopper

Sent From Lynne Towle to the Board of Supervisors on 11/11/2021 1:33:07 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before. The park is meant to be used by ALL SF residents, not just those who live within walking distance. Closing the roads to the park will limit access to too many people.

Lynne Towle

Sent From Heidi Arno to the Board of Supervisors on 11/11/2021 1:33:04 AM

Dear Board of Supervisors,

Subject: JFK

In order for my husband and others with limited mobility to visit the DeYoung Museum, I need to be able to stop for a few minutes and assist him with drop off at the closest Museum entry point to roadway possible. Please consider him and people like him who cannot walk long distances assisted or unassisted when deliberating possible changes to traffic flow in Golden Gate Park near the DeYount. Thank you.

Heidi Arno

Sent From Michael Rende to the Board of Supervisors on 11/11/2021 1:32:29 AM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Michael Rende

Sent From Elissa Rubin-Mahon to the Board of Supervisors on 11/11/2021 1:16:29 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

As an elderly patron of the deYoung museum, I urge you to open at least parts of Golden Gate Park roadways for cars and parking. I travel to San Francisco via auto almost once a month, to shop in the city and visit the museums. Between the bridge toll, fuel prices and now parking fees at the museum, I am finding it difficult to cover the cost of the trips on my fixed income. If roads were closed on holidays and weekends, it would at least give those of us for which this situation is problematic a chance to enjoy the park more fully, instead of rushing in and out of an exhibit because we can't afford extended parking costs nor walk great distance to get to the attractions.

Elissa Rubin-Mahon

Sent From Shannon Hart to the Board of Supervisors on 11/11/2021 12:54:29 AM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I am disabled & the closure cuts off access to handicapped parking spaces + equitable entrance access to deYoung museum, Japanese Garden & Acad. of Science. I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety AND not deny rights of disabled persons. Don't forget about us!

Shannon Hart

Sent From shoshanah dobry to the Board of Supervisors on 11/11/2021 12:54:28 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

shoshanah dobry

Sent From Sue Santoro to the Board of Supervisors on 11/11/2021 12:54:24 AM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic! For out-of-towners, like me, who are members of the Museum, providing access as it was before the pandemic encourages me to visit more often. To spend more time in San Francisco and of course spend more tourist dollars. Please put things back as they were before the pandemic.

Sue Santoro

Sent From Lydia Inghram to the Board of Supervisors on 11/11/2021 12:54:09 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Lydia Inghram

Sent From Hiroko Ono to the Board of Supervisors on 11/11/2021 12:54:05 AM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Hiroko Ono

Sent From Susan Kroll to the Board of Supervisors on 11/11/2021 12:53:13 AM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! My husband is 81 and I am 70 it is important to reopen JFK drive so we can park close to the museums since we can't walk that far JFK Drive should be reopened to the way it was before COVID.

Susan Kroll

Sent From Barbara Combs to the Board of Supervisors on 11/11/2021 12:52:45 AM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Sent From Judith Morrow to the Board of Supervisors on 11/11/2021 12:44:06 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Judith Morrow

Sent From Kristin Wood to the Board of Supervisors on 11/11/2021 12:43:56 AM

Dear Board of Supervisors,

Subject: Reopen JFK

The museums in Golden Gate park are a state and regional treasure. The museums have members from the greater Bay Area. It is not viable to take public transit from San Jose to visit the De Young. A car and a place to park are critical to being able to visit the exhibitions at the museum. Spilling parking out into the local neighborhoods is not viable as they are already very limited for non-resident parking.

Kristin Wood

Sent From Kitty Clark to the Board of Supervisors on 11/11/2021 12:43:49 AM

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Sarah Bacon

Sent From Margaret Fawcett to the Board of Supervisors on 11/11/2021 12:33:16 AM

Dear Board of Supervisors,

Subject: JFK

The de Young museum serves not only the neighborhood surrounding it but SF, the State and the World. I have been a member of the Fine Arts Museum for some 50 years but do not live in the City. I remember the fight and settlement over closing JFK Drive permanently or only on holidays and weekends. That was a good solution/accommo-dation. It's expensive parking in the garage and now that I'm in my late 70s I notice that fact, arrive early and park on JFK Drive. Please reopen it for parking and not keep it closed. Thank you. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Margaret Fawcett

Sent From Paul Simpson to the Board of Supervisors on 11/11/2021 12:33:03 AM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many others disabled people, seniors, people with children and Bay Area visitors unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic! JFK was never intended to be off limits to automobiles 7 days a week. Please do the right thing. As with many other senior citizens during the pandemic, we have all suffered enough.

Paul Simpson

Sent From Vivian Turner to the Board of Supervisors on 11/11/2021 12:32:40 AM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Vivian Turner

Sent From Outi Kourula to the Board of Supervisors on 11/11/2021 12:32:03 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Outi Kourula

Sent From Patricia Manger to the Board of Supervisors on 11/11/2021 12:16:39 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Patricia Manger

Sent From Nancy Murray to the Board of Supervisors on 11/11/2021 12:16:25 AM

Dear Board of Supervisors,

Subject: Support a JFK Drive compromise!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Nancy Murray

Sent From Tempe Javitz to the Board of Supervisors on 11/11/2021 12:16:22 AM

Dear Board of Supervisors,

Sent From Joyce Appelbaum to the Board of Supervisors on 11/11/2021 12:15:44 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Joyce Appelbaum

Sent From Cynthia Samson to the Board of Supervisors on 11/11/2021 12:15:32 AM

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Cynthia Samson

Sent From Carol Fox to the Board of Supervisors on 11/11/2021 12:15:12 AM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Carol Fox

Sent From Gloria Donohue to the Board of Supervisors on 11/11/2021 12:14:38 AM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. This closure particularly impacts the elderly and those with mobility difficulty. We need your voice on this issue!

Gloria Donohue

Sent From Wendy Gilmore to the Board of Supervisors on 11/11/2021 12:14:30 AM

Dear Board of Supervisors,

Subject: JFK Drive

I am a person with mobility issues. The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

Subject: Please rPlease reopen FK Driveive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue! I'm a senior and makes it difficult to find a place to park close by to visit the museums as often as I would like to ...

Jeri Lucia-Johnson

Sent From Rick Waterman to the Board of Supervisors on 11/11/2021 12:11:57 AM

Dear Board of Supervisors,

Subject: Reopen JFK Drive

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It used to be closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety! The proposed permanent closure to automobiles would be a devastating blow to people like myself with mobility impairments. We would continue to be unable to visit our beloved museum and be deprived on this cultural treasure, just as we have been deprived during the prolonged COVID-related closure to automobiles. PLEASE be sensitive to the physical limitations of disabled people, and PLEASE restore JFK drive to its pre-pandemic configuration so that automobiles can make it possible for people like me to visit the museum.

Rick Waterman

Sent From Gwyneth Perrier to the Board of Supervisors on 11/11/2021 12:11:52 AM

Dear Board of Supervisors,

Sent From Jamie S. to the Board of Supervisors on 11/11/2021 12:03:27 AM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Jamie S.

Sent From Stuart Hata to the Board of Supervisors on 11/10/2021 8:56:36 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID.

Stuart Hata

Sent From Christian Norris to the Board of Supervisors on 11/10/2021 4:01:06 PM

Dear Board of Supervisors,

Subject: Open JFK Drive to all forms of transportation

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Christian Norris

Sent From Kari Alexander to the Board of Supervisors on 11/10/2021 3:59:50 PM

Dear Board of Supervisors,

Subject: Reopen JFK Drive to All!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. I urge you to restore access to Golden Gate Park as it was before the pandemic.

Kari Alexander

Sent From Rory Cox to the Board of Supervisors on 11/9/2021 6:17:02 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Elderly, heavy people, families that live all over SF and tourists alike are not able to use the park when it's closed off to people who live close enough, and who are able bodied, to walk to GG Park. The street is empty most of the time while traffic is backed up on Stanyan and 19th Ave. Slow Streets across the city are utterly Separate but NOT EQUAL! Rich housewives don't want people driving down their st so they lie and say it's about community. What community needs to walk in the middle of the street? Haight st small businesses are struggling already as are businesses on Church st. Diverting foot traffic off these streets makes it even harder to survive a post pandemic economy. Not to mention Haight is becoming increasingly less safe as pedestrians are choosing Page over Haight which has contributed to more homeless and criminal behaviors on Haight like multiple shootings the past few weeks. Please pull your heads out of the Sand. Stop pandering to Karens on Twitter. SLOW STREETS = SEPARATE BUT NOT EQUAL.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. JFK Drive was never meant to be the private sanctuary of local residents forever! Although Johnny McLaren was a humble and modest man, as a Certified Tour Guide of San Francisco for over 50 years, I love to tell his story to my tour groups from around the world, as we pass his statue surrounded by his favorite rhododendrons! Uncle Johnny would be appalled at the decision to close one of the most scenic sections of JFK! Sunday closure acceptable. At this point, private and commercial vehicular traffic on JFK is easily sustainable. We may need to address this issue in the future, but at this point private and commercial vehicles are sustainable! Let's not let this iconic section of JFK be lost to visitors from around the world. It's a San Francisco memory that people remember for a lifetime. It is what makes our beloved city so special to locals and visitors alike. Please don't be bulldozed by a few radical voices that are being illogical, self centered and unreasonable! Thank you, -Ted Bravos Founder & CEO International Tour Management Institute Since 1976

The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID! I will also like to say with the slow street in place Stanyan st and Masonic Ave and 19th Avenue are the closest route to cross over from Richmond district to Sunset district. The traffic is very heavy and over crowded during the week days. I just pray every time that there is no accident or emergency occur during that time because is a fire engine needs to pass through and is coming across your path while you are on Stanyan st, you really dont have any where to turn. I just don't see why we can't have the same out come like the neighbors near the Great Highway. They all stated that the Great Highway should be open during the week days and just closed it on the weekend. I just feel that would make things a little easier for all of those who need to commute.

Craig Carraher

Sent From Paula Symonds to the Board of Supervisors on 11/6/2021 6:04:17 PM

Dear Board of Supervisors,

Subject: Golden Gate Park

San Francisco is known for many things and one of them is its world class museums, one of which is located in Golden Gate Park just off of Martin Luther King Drive. The DeYoung Museum attracts San Franciscans across many age groups and visitors from all over California, other states and outside the US. One of its most faithful groups here in the city and the greater Bay Area is retirees. Once the work of a lifetime is completed many from this group seek the solace and the beauty found in art. They do this by becoming members of the museum and as such visit on a regular basis. Many from this group also become volunteers believing it is time to give back some of what San Francisco has offered them over the years. Many volunteers travel from outside the city to work at the museum. At the beginning of the pandemic San Francisco Park and Rec made a unilateral decision to close Martin Luther King Drive. At the time of the closure no one from the Senior group was impacted as all were closeted at home. Now with the reopening, Park and Rec wants to continue the closure not only on the weekends, which had already been the case but every day. JFK Drive, which borders the DeYoung Museum, has provided free parking close by both for volunteers and Senior visitors. This parking has included ADA compliance spots within 1/10th of a mile of the museum's side entrance on JFK Drive for those with mobility issues. As the museum opens and volunteers return many feel they will no longer be able to work their shifts if they cannot drive and park nearby. Public transportation is not a reliable or safe alternative. Many older patrons do not feel safe on San Francisco public transportation. On several occasions I have attempted to take the bus myself pre-pandemic from Noe Valley to the museum for my volunteer shifts. The bus never followed the schedule, on the weekend it didn't start early enough. To go from my house in Noe Valley by car takes 15 minutes while by bus the few times I tried almost an hour. My time is as valuable as a fully employed person. I don't like wasting it standing on a street corner waiting for a bus that never comes. On two occasions when the bus never appeared I decided to walk and was able to walk the distance in 40 minutes. I am not your average 76 year old and this is not a viable solution for the majority of Seniors nor would it be for me on a rainy cold winter day. The garage, which is not operated by the museum, is too expensive for people on fixed incomes who visit the museum regularly as volunteers and senior members do, and during popular exhibitions there are not enough regular or ADA parking spaces. On an average day during the Matisse exhibition last year the museum greeted approximately 5,000 visitors. For Bouquets to Art's first day the museum had over 500 visitors and the city had not yet fully opened. Volunteers often work evening events. It is hard to expect Seniors especially unaccompanied women to walk safely through a dark park back and forth to the museum, especially when we see seniors attacked fairly regularly on the City's streets. The problems Seniors have with the closure becomes one of equity. Just look at this picture and you will see not one senior engaging, but only a few feet away is the Museum they cannot access. Golden Gate Park is more than its roads. It is more than a place for five year old's to learn how to ride a bike. It is more than a bike path from the Zoo to the Embarcadero. It contains a science academy and world class museum, a lovely children's playground and merry-go-round. It contains soccer fields for the use of city kids. It has meadows for games, graduations, picnics and birthdays. It has a polo field and stables that are not being utilized now. You can boat in the park and feed ducks in many of its ponds. You can drive and race radio controlled boats. You can play tennis and bocce ball. You can practice archery. You can visit the world of plants and flowers in a

Victorian glass house. You can pretend you are in a garden in Japan and drink tea and eat cookies that are outside your usual experience. BUT Park and Rec seems to think it should only belong to the bikers and walkers thus diminishing all the other activities that it contains. The equity issues associated with the closure of JFK Drive don't only impact Seniors. They impact families who want to picnic or birthday but can't carry their supplies on a bike or trundle them on a bus. They impact children, especially children of color who come from the far flung corners of the city to visit the science museum or art museum or Arboretum or Japanese Tea Garden. They must endure several transfers on a bus or ride a bicycle! to get to the park. It makes sense for the white elite who live close to the park boundary to make it very difficult for them to come. The closure will keep tourists and out and City visitors away as well by making it too hard or forcing them to limit their use of ALL the wonders of the Park. The closure of JFK Drive would severely impact the operation of the DeYoung Museum already in debt due to the pandemic closure. The evening and daytime functions that the museum has for openings, meetings, some wedding receptions and other gettogethers are made very difficult with the closure. The museum's loading dock is located off JFK. Bringing in and taking out exhibits and other operation materials is problematic. It is my understanding that drivers who are simply doing their job delivering needed supplies to the museum are harassed for driving on the closed street. If visitors choose to drive they will be forced to park in the surrounding neighborhoods. This would increase traffic in the neighborhoods and take away all their parking. Parking meters would not solve the problem but rather turn more people away. Martin Luther King Drive is now the closest parking to the museum in the park. The 4 hour parking limit is strictly enforced. Staff and volunteers who are working longer than 4 hours must use their whole break time to move their cars to prevent ticketing and there is no guarantee that a new parking place can be found in the now very limited parking available. The closure simply makes no sense at all.

Paula Symonds

Sent From Peter Pirolli to the Board of Supervisors on 11/6/2021 6:03:25 PM

Dear Board of Supervisors,

Subject: JFK Drive

The current slate of politicians are creating a huge hole for a wave of challengers who will run on anti-elite messages and pledging to fight for working people, the disabled, and citizens of the neighborhoods. The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Peter Pirolli

Dear Board of Supervisors,

Subject: JFK Drive

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Joan Cody

Sent From William Tompkins to the Board of Supervisors on 11/6/2021 5:13:38 PM

Dear Board of Supervisors,

Subject: JFK Drive

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle. We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

William Tompkins

Sent From Tony Socha to the Board of Supervisors on 11/6/2021 4:35:37 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Tony Socha

Sent From Daniel Steves to the Board of Supervisors on 11/6/2021 4:27:49 PM

Dear Board of Supervisors,

Subject: Reopen JFK

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park! JFK Drive should be reopened to the way it was before COVID. Please support the volunteers who maintain the dahlia dell and reopen JFK drive.

Daniel Steves

Sent From Shelley Marks to the Board of Supervisors on 11/6/2021 4:27:42 PM

Paul Siegel

Sent From Devorah Joseph to the Board of Supervisors on 11/6/2021 3:50:34 PM

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. The City may also lose the beautiful Dahlia Dell because the growers can't transport their tools, fertilizers, etc. to the Dell without being able to drive there, nor take their flowers out for exposition. The park authorities will not allow them in with their vehicles. Please reopen JFK Drive like it was before COVID!

Devorah Joseph

Sent From Brian Bowen to the Board of Supervisors on 11/6/2021 3:05:23 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Brian Bowen

Sent From Susan Smith to the Board of Supervisors on 11/6/2021 2:48:33 PM

Sent From Michael Rose to the Board of Supervisors on 11/3/2021 6:23:51 AM

Dear Board of Supervisors,

Subject: Golden Gate Park

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality. Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. I live in the middle inner Richmond district I commute daily to the Deyoung museum in GG park for work then I need drive to the east bay Hayward to assist with the care for my mother after her heart attack. It has been a severe hardship during this whole process and the temporary closure of JFK has not helped. In addition several days week I need to explain the difficulty of the passenger loading Uber pick especially for those elderly of town guest that are navigating museums and park it is difficult for them to understand it will be easier to leave the park due to the closure on 8 and Fulton. Pre-pandemic it was very simple for person less familiar with the park to use the passenger loading zone in the front of the build to be pick up. This is a great convenient way for the elderly, disable, parents with babies or young children or just about anyone that attends night time events at the museum. A car service is a safe and reliable way to get home safely especially for a woman late at night and closer the pick up is from the event or a secure build the safer someone will feel. I believe it is important to consider all possible and be mindful of access operation needs of institutions and overall safety and experience for all. Kindest Regards

Michael Rose

Dear Board of Supervisors,

Subject: JFK

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

Subject: Please Reopen JFK & Access to GGP

I am writing to ask for your support to reopen the roads inside of Golden Gate Park, specifically JFK Drive. As an employee of the de Young Museum, I am proud to represent the City's museum and welcome individuals from all backgrounds who visit. Golden Gate Park and the destinations inside of the Park belong to everyone. I agree with Supervisor Walton's comments that closing roads and limiting access to the Park is recreational redlining. We should be removing, not creating barriers for residents of all districts and diverse visitors to our City. When a compromise was made in 2007 between the various stakeholders, representatives of communities from all over the City were brought to the table and part of that conversation. This is not what is happening today. That compromise allowed for shared use of the Park roads and it is what we need to return back to. It does not make sense to limit access to this end of Golden Gate Park (which houses the California Academy of Sciences, the de Young Museum, the Japanese Tea Garden, the San Francisco Botanical Garden, the Conservatory of Flowers, Peacock Meadow, the Dahlia Garden, the new Goldman Tennis Center, and many other key spaces). I hope you will show your support in making Golden Gate Park a place for everyone and restoring equitable access to this beloved space for all. Thank you,

Paria Dea

Sent From Megan Bourne to the Board of Supervisors on 11/2/2021 7:13:43 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

As a SF Citizen and as a staff member at the de Young, I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. When I lived in Cole Valley, I walked to work and fully enjoyed the park on weekends. On weekdays, there was ample room for pedestrians, bikes and people who need to drive. Cyclists and pedestrians enjoyed the full use of the road on Saturdays and 1/2 of Sundays. Pre-closure my daughter learned to ride her bike there, my dog had great runs, we enjoyed picnics, reunions and innumerable soccer practices and games. Now, my five mile work commute from the Excelsion takes an hour on Muni. People who cannot walk or bike and who cannot afford the garage, are unable to access the east end of Golden Gate Park. de Young staff have to park further away, which is not safe on short winter days. Staff and vendors who need to access the loading dock are aggressively harassed. Everyone should be able to access Golden Gate Park. We need your voice on this issue!

Megan Bourne

Sent From Sheila Presssley to the Board of Supervisors on 11/2/2021 6:55:32 PM

Dear Board of Supervisors,

Subject: JFK

As a SF resident, I am deeply disturbed that my tax dollars are being used to promote ableism and gatekeeping in Golden Gate Park. My 90 year old parents cannot ride their bikes to GG Park, yet they still enjoy the many amenities of the park and the park institutions. Please let's not use tax payer funds to turn GG Park into a private 'back yard' for those wealthy enough to live close by. It is time to revert back to the compromise that was struck over a decade ago and restore access for all - including those who are disabled, low income, or live outside of adjoining neighborhoods to Golden Gate Park. Thank you so much for your consideration.

Sheila Presssley

Sent From Meghan McCauley to the Board of Supervisors on 11/2/2021 6:31:41 PM

Dear Board of Supervisors,

Subject: JFK

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things. SFMTA and Rec and Park are holding accessibility improvements in Golden Gate Park hostage, contingent upon the ongoing closure of JFK. Why are improvements to accessibility from Fulton Ave and an improved shuttle route only possible if JFK remains closed? Making accessibility improvements like this are Rec and Park and SFMTA's responsibility. Those who demand the ongoing closure of JFK to vehicles ignore the very real questions about how people who rely on cars for transit (many of whom are people with disabilities, seniors, families with young kids, out-of-towners) will get to this part of Golden Gate Park. They don't care. They are unable to visualize people whose lives are different than their own. It's NIMBYism in the park. The time for 'close first, ask questions later' is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. Otherwise, an actual real compromise that puts people (not politics) first is welcome.

Meghan McCauley

Sent From Anna Present to the Board of Supervisors on 11/2/2021 6:25:09 PM

Dear Board of Supervisors,

Subject: Please reopen JFK Drive

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays. I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park. The closure has caused so many barriers to accessing parts of the park. We need your voice on this issue!

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Lori Cockerill

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Jennifer Drennan

-- Sent from **Maureen Kelly** to **Board of Supervisors** on 2022-03-03 12:26:27 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Maureen Kelly

Dear Board of Supervisors,

The current closure of JFK Drive is RIDICULOUS!!! It severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Lauren Cook

-- Sent from **Carol Reed** to **Board of Supervisors** on 2022-03-01 17:44:40 --

Dear Board of Supervisors,

Everyone from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

All other roads should be opened as well including the Great Highway. Navigating the city on weekends is horrendous. The construction on 19 th Ave with park closures also make city travel difficult on weekdays too.

You are not making the city safer for anyone, you are just creating more hostility and road rage.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Carol Reed

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Regards,

Frieda Frenkel

-- Sent from **John Tostanoski** to **Board of Supervisors** on 2022-02-28 18:29:25 --

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

John Tostanoski

-- Sent from **Janie Worster** to **Board of Supervisors** on 2022-02-28 17:17:49 --

Dear Board of Supervisors,

I have lived in the inner Richmond for 17 years. I bike, walk and drive. I have 2 children who (due to the messed up lottery system) go to school in the outer Sunset. It's a 30-45 min bike ride, made impossible by music instruments, massive backpacks, tired children and weather. They are interning at Stow Lake this spring and we would normally walk, but have to bring heavy sandwich boards and equipment, which means that we have to go all the way around the park (waste of gas!!) every weekend to get to a place that would be a 5 min drive if JFK was open!!

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

-- Sent from **Christine Kiessling** to **Board of Supervisors** on 2022-02-27 16:53:55 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Christine Kiessling

-- Sent from **Heather Powers** to **Board of Supervisors** on 2022-02-26 21:16:51 --

Dear Board of Supervisors,

I personally am suffering as a disabled person trying to get around bough the JFK and Great Highway Closures.

I can not safely cross streets, get to appointments without double the cost or visit many parts of the park I used to enjoy.

The bike coalitions have scared my neighbors against speaking out by going door to door, blocking roads and review bombing any businesses that speak out against these closures.

The roar of engines through our neighborhoods to avoid these closures starts at 7am, with car clubs revving at each crosswalk and speed hump where children and disabled people walk. Crosswalks have become danger zones.

The bicycles seen about are not from saving the environment, they are exercise enthusiasts who drive in, leave their trash and want the right to drive full speed without stopping on any road without consequences. It is the local elderly and our park gardeners who are out there picking up trash after it is decimated each weekend.

I should have the right to cross the street without worry of being run over if I am not fast enough.

I should be able to walk with my cane down the street without having to watch out for needles and broken glass because our neighborhoods are overwhelmed with no additional resources.

Barring that I should at least be able to park close enough to have a fighting chance to enjoy it too!

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park and the Great Highway.

JFK Drive should be reopened to the way it was before COVID.

I am a disabled single parent with multiple sclerosis. The closures of JFK and the Great Highway have been very negatively impactful for my family. We are one of those families that has been highly impacted by the pandemic because I am immunocompromised, because our housing situation is poor, unsafe and unstable and we are arguably in greater need of utilizing our outdoor spaces than those who have the resources to flee to Tahoe, etc.

There has been so much done to consider disadvantaged communities here, but the one that seems to get overlooked again and again are your disabled communities. Please please please think about your policies' effect on us.

Thank you.

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Florisa Mikhitan

-- Sent from **Eugene Reshetov** to **Board of Supervisors** on 2022-02-26 17:11:28 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Eugene Reshetov

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Thomas Despanie

-- Sent from **Leticia O'Sullivan** to **Board of Supervisors** on 2022-02-25 10:42:46 --

Dear Board of Supervisors,

I'm a teacher and live on Fulton St, near the Music Concourse. There is no parking in my building, so my family relies on street parking.

Since the reopening of the park attractions, with the continued closure of JFK, tourists and SF residents park in my neighborhood to access the park, leaving very few available parking spots for us residents.

I'm eight months pregnant and have a 2 year old child. Sometimes I have to park several blocks from home, and walk with my child at night, carrying her backpack and my bag from work. Two weeks ago we were confronted by a man who was on drugs or mentally ill, who followed us for two blocks and said obscene things to my child. I was terrified!

Please reopen JFK and give tourists and park goers the option of parking inside the GG park, leaving the parking on Fulton for us residents.

Regards,

Leticia O'Sullivan

-- Sent from **Deane Hartley** to **Board of Supervisors** on 2022-02-24 19:54:59 --

Dear Board of Supervisors,

I am a west-side bicyclist who has to suffer the anarchy of eastern JFK regularly. It's a heart-in-my throat experience to dodge all the inattentive pedestrians, strollers, mopeds and runners in the bike lane (where the California vehicle code obligates cyclists to ride). Occasionally I glance over at the wide, peaceful, well-paved, buffer-zone-protected pedestrian pathways that run parallel to JFK and see...almost nobody there. This is a silly state of affairs and there's no good reason for it. Yes, none. City Hall tyrannized us with "Slow Streets" based on some delusion of a public-health "emergency" in which the sidewalks were, what?...overcrowded with thousands of sick people? Maybe they only went outside when I was indoors because I never encountered these unhygienic throngs in my 4500 miles per year of walking and pedaling San Francisco streets. JFK was well designed for ALL conveyances to co-exist in their own designated zones. Please end this embarrassment and re-open JFK to the way it was before Covid.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive with all roadways open to vehicle traffic and street closures on HOLIDAYS ONLY.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

As I have gained mobility issues , it is a deterrent to not be able to drive into to partake in the de young. The closure creates more traffic and harder parking. Contrary to the idea that SF is transit friendly, the muni is slow, unreliable and pretty dirty. Removing parking lanes and traffic lanes all through out the city reduces the availability to partake in the local shops and entertainment. I have been forced to leave SF due to ridiculous pricing on rents but it is still my home and being squeezed out through it become physically inaccessible is painful. Please restore the JFK drive to everyone one and not just those with out disabilities.

Sincerely,

Eveline Darroch

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Michael Martin

-- Sent from **Michele Amato-Topp** to **Board of Supervisors** on 2022-02-23 15:12:22 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Michele Amato-Topp

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

I have a 92 year old mother who cannot access the park. She was unable to go during the holidays at night to see the lights . I used to see older people in the park every day sitting on benches near their cars . Now never . The 150+ free parking spaces we voted for our gone . That means people from the outer districts have no place to park. Having JFK drive closed is not equitable. You allow electric bikes ?! That is motorized . Do you know who owns those ? Rich , white men... that is who this closure favors . I have met the rudest cyclists who fly by and scream for people to get out of the way.

If SF wants a closed PORTION of JFK we should vote on it and put money to. Pave a whole section . Like one way . SF has never put money into the upkeep of the running path. It is time for SF to live up to its name of being a city for all.

Regards,

Linda Ravano

-- Sent from **Ron Appel** to **Board of Supervisors** on 2022-02-23 01:26:06 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Ron Appel

-- Sent from **Wendy King** to **Board of Supervisors** on 2022-02-23 01:22:40 --

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Closing JFK Drive for long periods of time causes hardships for many people.

Please reopen JFK Drive like it was before COVID!

Regards,

Wendy King

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Grace Mauberret

-- Sent from **Elizabeth Murphy** to **Board of Supervisors** on 2022-02-23 01:04:44 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety! AND I AM SO TIRED OF DRIVING AN EXTRA 30 MINUTES TO AND FROM WORK!

Regards,

Elizabeth Murphy

-- Sent from **Grace Duff** to **Board of Supervisors** on 2022-02-23 00:59:15 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Grace Duff

Dear Board of Supervisors,

San Francisco is a busy city. As we reopen for business, start to frequent businesses that have been suffering, and people start back to work, they must be able to get around, find parking, and get to where they need to go without getting delayed in unnecessary traffic jams. You can do something about this!

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before. The time to act is now!

Thanks for your consideration,

Jennifer Xavier

-- Sent from **Leo Villacorte** to **Board of Supervisors** on 2022-02-22 17:25:03 --

Dear Board of Supervisors,

You can't close a major street, even one in a park, without making concessions for how to get around the lack of a thoroughfare that gets a large portion of people north and south of the park (Arguello entrance) as well as allows people to get through the park (east/west) without having to trudge through street traffic on Lincoln and Fulton.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Gene Kim

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Carolyn Gregory

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Ann Stanton

-- Sent from **Barbara Armeli** to **Board of Supervisors** on 2022-02-22 01:55:25 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Barbara Armeli

Dear Board of Supervisors,

As a 30 year resident of the inner-Sunset I'd like to request that JFK drive be reopened to traffic at night and during the week days. I find it very annoying that I have to drive 20 blocks out of my way to cross over from 9th Ave on the Sunset side to the Richmond side. It's especially annoying at night or in the rain when there is obviously very little recreational use if any.

Primarily though, I think it should be noted by city government with the recent ousting of the three school board members that a lot of us long time residents are tired of knee-jerk decisions made without proper planning. And, with the added bait and switch aspect where a temporary measure is used as a foothold to end-run any actual planning work.

SF government needs to get back to a common-sense and fair approach.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Mary Gebrian

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Peter Thoen

Dear Board of Supervisors,

Dear Custodians of the City by the Bay,

My wife and I lived in San Francisco for ten years in the Sunset District, a block from the zoo and six blocks up from Ocean Beach.

We have seen many changes in The City, and some of the most appalling changes have been the shutting down of The Great Highway and JFK Drive during the onset of the 2020 SARS-2 Pandemic. It is truly unfair for someone who may not have the luxury of being able to live in or bike to the wealthy western part of town, which has exploded in popularity during the pandemic. And anyone who has lived in SF and has taken public transit to work and back, know it is not practical to tell someone who lives nowhere nearby Golden Gate Park to take public transit to Golden Gate Park.

With all due respect, you really do need a car to easily get to the Park and back, especially if you have physical handicaps or are elderly, and this trip often serves as the outlet needed for the green space in a dense city for recreation and stress relief that Mr. McLaren designed this beautiful and amazing space for. To block cars from going up and down JFK Drive, is simply blocking more people's access to enjoying this space.

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park.

Especially the elderly, the handicapped and those that live far away from the Park and can't practically take public transit there.

JFK Drive should be reopened to the way it was before the COVID-19 Pandemic.

Many thanks for your attention to this matter.

Thank you,

Matthew Crom

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

I live right next to the park - the traffic on Stanyan is atrocious - emergency vehicles can't get through in a timely manner.

In addition - parking within Golden Gate park near Sharon Art Studio has become increasingly more challenging - as JFK is no longer a viable option for people when they come into the park for parities, soccer games etc.

Please reopen JFK Drive like it was before COVID!

-- Sent from **S G** to **Board of Supervisors** on 2022-02-21 05:47:33 --

Dear Board of Supervisors,

As a person with disabilities who lives in Glen Park, I can't reliably walk to get to GGP.

As a woman who has been sexually assaulted on MUNI, I can't reliably take public transit.

The street closures have caused traffic congestion on surrounding streets.

I've lived in SF for 20 years and there has never been a problem with having JFK open. GGP has always been accessible, easy parking, not congested, and easy to navigate on an average day. There is no need to take this thoroughfare away from people who don't live in the neighborhood.

I understood street closures in neighborhoods during r height of covid, but GGP is literally a park - there are massive wide open spaces throughout. There is no logic to having this street closed. And yes, I've seen the plans.

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

And all other streets should reopen as well. What's the need to have Waller closed when GGP or Buena Vista park are right there? Why have Keller or Lake closed when they're the street with the fewest stop signs? It's time to open streets for all of us, not just the convenience of the people who live in those neighborhoods. I live on Bosworth, no one closed down my street; I'm sure it would be nice to have some piece and quiet and go for walks, but the street is there for a reason. Stop catering to these people. They can move to Marin if they don't want to live in an urban environment.

Thank you,

S G

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Lisa Crane

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

mary moylan

Richard Redmond

-- Sent from **Claudia Landivar** to **Board of Supervisors** on 2022-02-20 23:53:15 --

Dear Board of Supervisors,

When JFK Drive was closed at the height of the pandemic, it was done to provide needed comfort to nearby residents who were sheltering in place — at least for those with the mobility to access the park.

It's time for John F. Kennedy Drive to reopen so everyone has access to Golden Gate Park, critical open space. It would be a mistake to keep it the way it is now in favor of a single ableist constituency.

The pre-COVID conditions on JFK Drive, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays, have the benefit of allowing more people of all physical abilities to access that space. Changes to those conditions should be carefully thought out, and include serious consideration of opportunities to make things better for everyone.

I urge you to support JFK Drive returning to those pre-COVID conditions.

Thanks for your consideration,

Claudia Landivar

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Larry Williamson

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic. I further urge you to dismantle the safe streets program and return the city streets to their original purpose.

Regards,

John Meyers

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Salvatore Bellarmino

-- Sent from **Karen Myers** to **Board of Supervisors** on 2022-02-20 20:02:36 --

Dear Board of Supervisors,

I am an Outer Sunset resident with a disability who wants to be able to use the park again. I can't access the beautiful eastern JFK or Western MLK Drives, which I used to drive to (and through) so I could spend time in nature. So, is the plan to only allow healthy, active people go to the Dahlia Gardens, the Conservatory of Flowers, the Rose Garden, the ponds and gardens and tourist sites? This is heartless. Our city's natural beauty should be accessible to EVERY ONE.

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,

Karen Myers

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

George Streissguth

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Open ALL of the slow streets that have been hijacked by the SFMTA. The SFMTA has made it increasingly aggravating to drive around the city which is detrimental to businesses in San Francisco. I now do most of my shopping for groceries/clothes/household items, etc in San Mateo County. My veterinarian and the majority of restaurants I frequent are also in San Mateo County. That's thousands of dollars of revenue lost to SF county.

Thank you,

Ivy Tong

Dear Board of Supervisors,

GG park is huge. JFK is the best way to get through it. Bikers and pedestrians have PLENTY of space to have fun in the park, and plenty of ability to traverse it (via sidewalks, grass, and roads - all of which were *perfectly* sufficient before). Closing JFK provides zero new options for mobility - it only gives them concrete to play on. It's fantastic that residents have that option now, but there are so many other places for that... NOT THE MAIN ROAD. If you're going to close park to help with covid, allow kids to learn roller blading, etc.... then why on earth wouldn't you just pick some smaller side road!?

PLEASE make a sensible change.

While I'm at it - why on earth would you remove a lane (25% reduction) from one of the biggest thoroughfares in the city - Fell St - when you could have just *made the existing bike/walk path wider*!? I've lived right next to the panhandle for almost 10 years - there was never even a business problem on that path to begin with! I'm definitely not a "stick it to the man" / screw-the-government kind of guy, but damn this reeks of some political career-move type of decision! Absolutely pointless!!

Thanks for your consideration,

Aaron Gomez

-- Sent from **Richard Koch** to **Board of Supervisors** on 2022-02-20 06:39:02 --

Dear Board of Supervisors,

I have ambulatory problems. My walking is limited and my ability to use and enjoy Golden Gate Park is restricted by the present motor vehicle policy. The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Richard Koch

-- Sent from **Linda Lee** to **Board of Supervisors** on 2022-02-20 06:32:09 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open at least partially for car traffic.

Linda Lee

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Sandra Lynnette Jones

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few. My good friend is a volunteer at the Dahlia Dell, one of the most beautiful spots in the Park. She is over 80 years old, as are many of her fellow volunteers. They have bulky equipment they use to tend the garden, and can't lug it from wherever they can park, which is usually at least half a mile or more from the Dell. This is ridiculous and needs to be addressed. Many of the volunteers in the Park are retired people who may have mobility issues.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Carol Gould

-- Sent from **Jessica Tanzer** to **Board of Supervisors** on 2022-02-19 21:51:43 --

Dear Board of Supervisors,

I live up on Twin Peaks where the road is closed. I have a movement disorder that is degenerative and a life threatening condition that brings me to the hospital with emergencies, with the road closed, tourists bottleneck at Burnett and Twin Peaks Blvd and we get stuck unable to get out of or in to our neighborhood. The street closures on Page St and other streets that aren't thoroughfares are really lovely but closing Twin Peaks Blvd at Burnett, The Great Highway and JFK in the park are all completely unfair to those of us who have disabilities. I should include not being able to bring folding chairs to Dolores Park. I have been a San Francisco resident for 35 years and I am no longer able to enjoy these four city treasures. Please consider this from an ADA perspective.

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Jessica Tanzer

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Shirley Wing

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Amy Chen

-- Sent from **Gary Mendribil** to **Board of Supervisors** on 2022-02-19 17:59:23 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Gary Mendribil

-- Sent from **Sherri Sheridan** to **Board of Supervisors** on 2022-02-19 17:58:22 --

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Sherri Sheridan

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,

Jane Jones

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,

Alyce Pagano

San Francisco, CA 94131

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

ROBERT GEASE

Dear Board of Supervisors,

As a disabled person, a fulltime preschool teacher, a mother,

daughter, and a 5th generation San Franciscan, this makes my life very very difficult. My elderly parents live on either side of the park and it impairs my ability to get to them. Folks have a lot of land and space to play but not enough access to drive my parents to the closest access to museums and other park opportunities. Not everyone can afford such things but everyone should have equal access as Mc Laren intended the parks for folks to enjoy ...

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

This also applies to the Great Highway. You lot are closing streets and roads all over SF, and those of us who rely on our (small) car to get around are forced to drive much further. Those of us who also have mobility challenges, and are not high-paid tech workers, cannot afford the extra parking. Frequently, we also lack the extra couple of hours it would take to drive to and from those areas.

ALL of us pay for these roads and areas. I don't think the pedestrians are paying anything extra, nor the bicyclists, skaters, scooters and so forth. If you remove GENERAL PUBLIC use of the roads we pay for, you are likely to find yourselves in litigation.

Please, just for once, be INCLUSIVE of ALL SF residents, not just the rich ones with lots of time.

Sincerely,

MH Cliver

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Teresa Davis

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Roads are built for cars. Let roads be open to serve their original purpose. If people need more parks, then they should fight for the land & funding to built more parks. It's absolutely ridiculous for them to take every opportunity to rob roads from SF residents to expand their parks, especially on weekdays. Aren't they supposed to be at work or in school?

Thank you,

Anna Chan

-- Sent from **Emmett Quigley** to **Board of Supervisors** on 2022-02-14 14:53:04 --

Dear Board of Supervisors,

The time has come to reopen Golden Gate Park - to include access to the Arguello Gate!!! Taking away this route has made congestion awful and slows down EMT and first responders from getting where they need to be to help! In addition - getting to the upper Richmond is a PITA - I pay for these roads - I want to use them!

Emmett Quigley

-- Sent from **Jennie Chin** to **Board of Supervisors** on 2022-02-13 16:07:39 --

Dear Board of Supervisors,

I am a senior resident of district 11 who uses JFK Drive to access GG Park venues and also to visit relatives, friends and restaurants in the Richmond area. Closure of JFK Drive is an elitist move to discourage residents of neighborhoods distant from the park from accessing the museums, restaurants and other sites in GG park that require driving from southern parts of the city across the park. Combined with the closure of the Great Highway on weekends (since when does the weekend start at noon on Friday????), it is a harrowing experience to navigate access, not to mention the extra traffic time required. Not everyone wants to be on Muni, especially in these covid times (I am immune compromised). I also don't need to spend a chunk of time exposed to the questionable people on the bus. Closure of the roadways in GG Park just caters to the able bodied, generally younger people. You didn't ask what the rest of us taxpayers want! I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

Everyone should be able to access Golden Gate Park and not be forced to take the bus. Only the people who live near the park are for this closure!! How elitist and discriminatory!!

We need your voice on this issue!

Sincerely,

Jennie Chin

Dear Board of Supervisors,

My mother had congestive heart failure and spinal stenosis. She recently passed away. The last three years of her life showed me the absolute importance of keeping ALL of San Francisco open to visitors, especially our parks. Without easy vehicle access, many people - like my Mom - who have a variety of mobility issues cannot enjoy amenities our city offers. It must be nice to be young and/or healthy enough to bike, walk, or even catch MUNI, or wealthy enough to catch an Uber everywhere, but we're not all like that and our representatives consistently or conveniently seem to forget that. My Mom needed a car and easy access everywhere she went in this city, and she is NOT alone.

One of her very favorite things was to drive to the upper reservoir in McLaren and watch the dogs play in the water. During COVID, the street leading to the reservoir was shut to vehicles. The last two years of her life she was unable to participate in one of the things that have her joy . To this day that street remains closed, robbing people with mobility issues from using a public accomodations they pay taxes for. That is NOT right.

JFK Drive - and all of the streets closed under the cover of COVID - should be reopened to the way it was.

Thank you,

Kirsten Selberg

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Karen Ferguson

Dear Board of Supervisors,

Whereas most people agree that pedestrians and bicyclists should be accorded safe access to Golden Gate Park, we need to balance that with access for everyone else.

In the case of the de Young Museum, the current almost unbelievable pandemic closure of the main drive has basically strangled access to one of San Francisco's major arts institutions on which the city spends tax revenue and which attracts people from all over the world. Foreign friends say this sort of 'blockade' should be considered intolerable in a city supposedly supportive of the arts. It is especially terrible for older people and families with children who find it challenging to walk long distances, basically tiring themselves before they even get to their arts destination, the de Young!

I urge you to restore access to Golden Gate Park as it was before the pandemic. This is critical. Why donate or spend the city's money on works of art for the public benefit if the public cannot fully benefit because of publicly imposed restrictions on access??? It's crazy--irrational policy!!!

-- Sent from **robert laiks** to **Board of Supervisors** on 2022-02-09 02:07:18 --

Dear Board of Supervisors,

I moved to SF in 1971 and lived in both the Richmond and inner Sunset, using the park to walk, jog, bike and drive. I covered every inch. Even when my job moved to East Bay I frequently made it to the park on weekends. With countless trails and sidewalks there was never a problem getting around even when cars are present. I think McLaren's design is intended for this use. I read that only 15% of locals bike in the city, and I was a member of the SF Bicycle Coalition back in '72, so I know how to get around by bike in the city. Altering the design and use of the park excludes many people, such as seniors and the handy capped, there is no need to close JFK Drive. It diminishes the park for so many, 85% and benefits so few, 15%. Please don't ruin this great park. There is a strong vocal group who are totally anti-car, but the way to enhance the city would be to improve mass transit not just to ban cars everywhere. Also I believe the closure hurts the museums, open JFK Drive!

Thank you,

robert laiks

Dear Board of Supervisors,

All people including those with handicaps deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

I am from Santa Cruz and have visited many times.

I love to visit but really under these conditions I can't enjoy the museums and amazing views.

Like many other seniors or people with limits I can not get on shuttles.

I need to park nearby to these places in Golden Gate Park.

Please please reopen this route -JFK Drive should be open like it was pre-pandemic.

Dear Board of Supervisors,

As a senior citizen from Contra Costa County taking public transportation during a pandemic is not smart. Even when not in a pandemic, it would require a bus to BART (Because there is no parking available mid morning, lots are full by 8 am or earlier at Concord, N. Concord, Pleasant Hill, Walnut Creek.) After bus and then BART, another bus is required to get to Golden Gate Park. Otherwise 3 or 4 busses is required if not wanting to take BART.

This public transportation is a nightmare. I have not used my museum membership once since the museums opened because I won't expose myself to germs on public transportation. Asking senior citizens to do so is ludacris.

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Catherine Lindberg

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Peggy Duly

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

My husband & I are very upset about the possibility that JFK Drive may be closed permanently. We are retired & no longer bike or take Muni. We live close to the park but need to drive. It is a major inconvenience for us to get to the Park's many attractions, including the deYoung Museum and Botanical Gardens. Also crossing to the other side of the Park is a major hassle. We used to drive to 9th Ave to get to Irving St. but now have to go to Park Presidio Blvd, which is now more congested. People need to use JFK Drive to traverse the city. So please reopen JFK Drive & let's try to get back to normal in SF!!

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Byron Kim

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Karen Fass

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

MARJORIE MALCOLM

-- Sent from **Lily Ho** to **Board of Supervisors** on 2022-01-13 16:54:21 --

Dear Board of Supervisors,

My parents live in the Inner Richmond at Cabrillo and have enjoyed GGP everyday for 40 years. Now they're too old and frail to jaywalk Fulton Freeway. I want to take them to Peacock Meadow for the Entwined light show. I can't. The closest entrance on Fulton with stop lights are at 6th and Arguello. Arguello's incline is too steep for disabled and seniors to hike up. 6th Ave entrance is a half mile walk one way. My parents can't make that walk. The parking lot is even further.

You have NO plans for how you will remedy use for 3.4 miles of JFK for my parents and seniors and disabled like them.

For a City that totes compassionate care like its oxygen, I find it hypocritical that this proposal is even a conversation. You should be ashamed for considering it.

I hope each one of you that votes in favor of the JFK closure gets personally sued with ADA lawsuits.

Thank you for your time and consideration.

Sincerely,

Lily Ho

Dear Board of Supervisors,

I love Golden Gate Park and hold dear those parts left wild. However, closing a vital artery like JFK Drive does little to make the park more "natural", while it does much to impede access and movement from one part of the park to another. Please consider opening this vital link again.

Christian Geiser

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

LISA DUNSETH

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Mary Ann Edson-Plumb

Dear Board of Supervisors,

I am a former resident of the Bay Area, and prior to Covid was a frequent visitor to San Francisco and most years to the de Young Museum. The de Young Museum, and its collections and exhibitions, are all treasures, and it is important that they are shared. I urge you to support returning access to the de Young on John F. Kennedy Drive to its pre-COVID conditions with roadways open to vehicle traffic, and street closures on Sundays, holidays, some Saturdays, and possibly limited at hours.

I haven't been able to enjoy Golden Gate Park since Covid started, and I think everyone should be able to access the de Young Museum and the other excellent parts of Golden Gate Park after Covid.

Thank you for (re-)making SF for everyone.

Sincerely,

Richard Leeds

-- Sent from **Michael Zanoni** to **Board of Supervisors** on 2022-01-12 14:52:56 --

Dear Board of Supervisors,

SF Chronicle writer Heather Knight is using false statistics and worse, inflammatory language in her editorials regarding JFK Drive. The writer frequently says that 75% of drivers are using it as a shortcut, and that is outrageous, why would anyone want to drive through a slow street to get from point A to point B when you have Lincoln and Fulton Street nearby?

In Sunday's editorial, she unbelievably started calling JFK Drive, a dangerous highway! Obviously anyone who had driven on it knows that it's a very slow road and people are respectful when driving and parking there. Then she criticized the museum for hiring a lobbying firm to help restore the street, there is nothing the matter with that and it sounds like she is acting as a paid lobbyist for the bicycle coalition and other groups to me, butcher we need to restore the badly needed 300 free parking spaces near the de Young and Academy of sciences that sit idle, and the 20 that are reserved for people like me that are disabled. I don't even go to the park anymore because it is too difficult to navigate and get to the museum conservatory garden area, so I hope you consider restoring what was before the pandemic, a Sunday closure and perhaps other areas can be closed like the one near the bocce ball courts but not the ones nearest the billion dollars of museums and gardens that need to be accessible by all forms of transportation.

Thankyou,

Michael Zanoni

District 8

Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Kathleen Wright

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Lisa McLaughlin

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Elizabeth Stryks

Dear Board of Supervisors,

Dear Supervisors,

I am a 3rd generation San Franciscan, and now live in Fremont. I have been a DeYoung Member for years and always enjoyed other parts of Golden Gate Park. I belong to the Olive Hyde Art Guild and have arranged group trips to wonderful art exhibits. Please find a compromise to let those of us who are willing to travel to The City and DeYoung access via JFK Drive. By keeping JFK Drive closed, you lose visitor revenue from meals, shopping, and most importantly you lose goodwill and SF's big  heart.

Elaina Habel

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Jean Cleverly

-- Sent from **Scott Starratt** to **Board of Supervisors** on 2022-01-12 03:14:56 --

Dear Board of Supervisors,

JFK Drive should be open in a manner that improves access for the disabled and staff of the museums and increases the number of free parking spaces, BUT do not allow it to be the thoroughfare that it was prior to its closing in response to the pandemic.

For me, public transportation is not a viable option and paying for transportation such as an Uber or Lyft would be ridiculous.

Scott Starratt

-- Sent from **Leslie Kaye** to **Board of Supervisors** on 2022-01-12 02:56:13 --

Dear Board of Supervisors,

I used to go to GG Park frequently, particularly to visit the DeYoung or Botanical Garden.

I've lived in SF a very long time, in fact at 8th Ave and Fulton for a while.

I have always enjoyed and appreciated John F Kennedy Drive on Sundays or special days when it closed to cars. It is a nice change for the bicyclists, skate boarders, etc. However it loses its specialness when it remains open the entire time, especially as it is wide open, and not being used to full advantage or effect. Parking spaces are gone, the access to the Botanical Gardens is changed, Museum attendance is reduced.

I like our roads being shared by autos and pedestrians and bicycles. It provides more access for all, it keeps traffic moving, it brings more people to the park, and our beloved DeYoung needs and deserves all the visitors from SF and surrounding areas, and far-away places, as it can get. Please re-open John F Kennedy to auto traffic shared with the bike lanes for others, and keep the special treat of no cars for Sundays, or special occasions. My two cents, Sincerely, Leslie Kaye

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

JFK is a public thoroughfare designed for cars that many people depend on for many reasons. I have heard no evidence from the government that keeping JFK closed will in fact improve the environment or lead to a decrease in car usage. Even if there was a marginal benefit, you could argue that keeping open access to our finest cultural institutions is more important than a small number of people being able to walk and bike in the middle of a street that already has large sidewalks and bike lanes.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few individuals who need "more space." This isn't about space its about ideology and eliminating cars.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

-- Sent from **Lynn Stelmah** to **Board of Supervisors** on 2022-01-12 02:12:16 --

Dear Board of Supervisors,

By closing JFK Drive permanently to cars, you will be denying access to museum visitors who are blind and have mobility issues. That is against the law. We blind people go to the DeYoung and Cal Academy because of their wonderful programs for us. We shouldn't have to walk or roll a great distance to get to the museums' entrances. It is elitist to give over a right of way for disabled visitors to roller bladers and bicyclists. You can expect lawsuits if one of we disabled folks gets hit by a bicyclist who doesn't stop for us like cars do.

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Betty LeFevre

-- Sent from **Jenia Grossman** to **Board of Supervisors** on 2022-01-12 01:33:52 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Jenia Grossman

-- Sent from **Libby Adler** to **Board of Supervisors** on 2022-01-12 01:30:35 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Libby Adler

-- Sent from **Cynthia Sandoal** to **Board of Supervisors** on 2022-01-12 01:26:36 --

Dear Board of Supervisors,

I raised my children in the Haigh Ashbury and had the privilege of ready access to GG Park by foot, bike, or even car for two decades. Closing JFK permanently limits access to only the hale and hardy and nearby residents while severely limiting access to this world class destination for all others.

It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Cynthia Sandoal

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Barbara Williams-Sheng

Dear Board of Supervisors,

My husband and I are members of the deyoung museum and in the past we were frequent visitors to the museum and park. We seldom go to the area anymore because of the limited parking. My husband has difficulty walking any distance and the parking lot is too far of a walk for him. It appears that golden gate park has become a park for the young and healthy. What about the older and disabled residents who want to enjoy the park? Sharing access seems much more reasonable than closing JFK drive. The park should be for everyone; young, old, healthy and disabled. Let's go back to the compromise and reopen JFK!

Sincerely,

Jennifer Haller

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Beverly Rosselli

-- Sent from **Lynn Carnes** to **Board of Supervisors** on 2022-01-12 00:40:10 --

Dear Board of Supervisors,

Although I know longer live in the Bay Area, I still visit Golden Gate Park, the DeYoung, and the Academy of Sciences when I visit friends and family. The move to permanently close JFK drive is poorly thought out.

The current closure impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. Not all of us want to fight for parking in the underground garage. As much as I've enjoyed traffic-free Sundays, I also like to park along the road for a leisurely walk to the museums or Conservatory of Flowers.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year. To do otherwise simply is not practical. Attractions in our park require as many visitors as they can accommodate in order to survive. Thank you.

Regards,

Lynn Carnes

Marianne Ellis

-- Sent from **Susan Simpkin** to **Board of Supervisors** on 2022-01-12 00:28:51 --

Dear Board of Supervisors,

Born in SF and raised in SF and Marin County, I have enjoyed Golden Gate Park as a walker, runner and cyclist for decades.

I have been a member of the DeYoung for decades, visiting first with my mother in the '60's and, now, with my daughters.

While I recognize that driving in SF has become, shall I say, less courteous, especially in the last 10 years, complete 24/7, 365 closure of JFK is ridiculous and creates more reckless traffic patterns around the park. As most of GGP has now added speed bumps to slow traffic, this should be a consideration for JFK rather than a wholesale closure.

I have a daughter with a disability and accessing the DeYoung and the Academy of Sciences has become untenable. Prior to her passing, my mother was in a wheelchair and loved an outing to the DeYoung and the Academy of Sciences. Now the same accessibility is a tremendous burden for anyone with mobility issues.

The current 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We must return to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Susan Simpkin

Access to the north side of San Francisco from the south side where I live (in the Sunset District) has been severely impacted in a negative way with the continued road closures that provide access from the south to the north side of the city and places north of San Francisco. You have choked off access to a densely populated area, making moving around in the city extraordinarily difficult and frustrating. It is especially so on weekends and holidays and through the summer and fall months. Everyone is back on the roads yet the city has steadfastly choked off access to huge numbers of its citizens.

-- Sent from **Bob Pulvino** to **Board of Supervisors** on 2022-01-12 00:06:52 --

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,

Bob Pulvino

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Hermanto Notodihardjo

Dear Board of Supervisors,

I am a 76 year old native San Franciscan and I want my park back!

Prior to the pandemic, The traffic on JFK was minimal. It was not a freeway - people enjoyed a slow cruise to their park destination.

Relatively few people have been taking advantage of the current closures. Go to the Park on a weekday and see for yourself.

Please reopen JFK Drive like it was before COVID!

Regards,

Alexander Wagstaff

Dear Board of Supervisors,

We live in the East Bay. We have memberships to both the de Young and Cal Academy and take our five children and elderly grandparents to the Park monthly. During our recent visits, it has been so frustrating to move about the Park and find parking.

I would love to use the garage, but that is frequently full if we arrive after 10:30 am. For the elderly, the disabled, parents of young kids and the disorganized who cannot get to the Park at 9 am, please re-open JFK drive!

You have a national treasure in Golden Gate Park and it deserves to be accessed by the community!

Thank you for your work and your careful consideration of this issue.

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Judith Marder

Dear Board of Supervisors,

The current closure of JFK makes GG park access much more difficult for young children and disabled people.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

William Klingelhofer

Dear Board of Supervisors,

SFCC Charter guarantees equal access to all - you are in default of that law!

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Vera Genkin

-- Sent from **Maurice Gregg** to **Board of Supervisors** on 2021-12-08 19:15:11 --

Dear Board of Supervisors,

It is unfortunate that the SF is again raising the issue of accessibility to the several science and cultural institutions adjacent to or near the the eastern section of JFK Drive, pitting especially older and disabled citizens of SF against those mostly younger. A compromise reached years ago closed JFK on weekends but allowed those wishing to drive to Golden Gate Park on weekdays to have access to parking, including many handicapped-restricted spaces. Because public transportation is usually not a viable alternative - too much walking to access Muni and then walk to destinations when departing Muni, problems in inclement weather, etc., and the only alternative is paying high parking fees in the underground garage, the city should retain the earlier compromise, only closing the eastern section of JFK on weekends.

Sincerely,

Maurice Gregg

-- Sent from **Lynn Watson** to **Board of Supervisors** on 2021-12-08 07:29:49 --

Dear Board of Supervisors,

Please re open JFK drive during the week. It makes it difficult to get to the science academy and the museum and almost impossible to get to Stow Lake from the north side of the park. I see no valid reason that a city park as huge as GGPark needs to close streets for recreation. If you want somewhere to skate build a skating rink. We don't need the Ferris wheel either.

Please open JFK Drive. current closure of JFK Drive severely affects people with disabilities, seniors, and communities not directly neighboring Golden Gate Park; Please reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Supporters of full-time closure never acknowledge the presence of major attractions at the eastern end of the Park: de Young Museum, California Academy of Sciences, Conservatory of Flowers, Ferris Wheel. They do like to point out that Central Park is car free but they overlook two key differences: topography (Manhattan is MUCH flatter than San Francisco) and a much more robust public transit system in New York.

There are more people with mobility issues than those who qualify for a handicapped placard and the greatly diminished public parking due to a closed JFK Drive makes it difficult if not impossible for those folks to visit any of those major cultural and educational attractions.

I'm sympathetic to those who want to teach their children to ride a bike but there are other areas in the Park that could be closed that aren't "next door" to our world class attractions. And don't overlook the visitors from other parts of the Bay Area as well as outside the area who want to see these attractions. They need a simple way to get to the eastern end of the Park. The 44 O'Shaughnessy is great but you have to be able to get to it; not everyone can.

Please consider the rest of the population not just those who are fit enough to ride a bike or a scooter.

Regards,

Jeanne Dorward

Dear Board of Supervisors,

The closure is sooo elitist, disabled who rely on cars, and especially the elderly are denied the opportunities of the able-bodied. So unfair to treat the disabled and elderly this way. The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Lily Thang

-- Sent from **D Peers** to **Board of Supervisors** on 2021-12-06 18:36:57 --

Dear Board of Supervisors,

The pandemic closure of JFK drive has been dangerous for me as a senior pedestrian with osteoporosis who takes the 5R Fulton bus to the 8th Ave entrance of the park.

The users of bicycles and other alternate transportation travel at high speeds all over the entire width of JFK with complete disregard for anyone walking in crosswalks to get to the Museum or the Academy of Science.

The alternate options for entering the park at that location are narrow, dark, damp and slippery. I really shouldn't be necessary to transfer at 8th & Fulton to the 44 O'Shaughnessy in order to cross JFK safely.

On the whole auto traffic has increased in the west end of the park and on Fulton due to Great Highway and Cabrillo St. closures. We need more public outreach and creative thinking to find better solutions. I hope the City does not rush into expensive solutions that we will all regret later.

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

-- Sent from **Shipra Shukla** to **Board of Supervisors** on 2021-12-01 00:02:44 --

Dear Board of Supervisors,

I live walking distance from the DeYoung, but I have family and friends in other parts of San Francisco, and all over the Bay Area, who can't walk to the DeYoung. many of them are seniors with mobility issues who need to be dropped off. Some people have families with young children that need to be dropped off.

Traffic needs to be able to flow so that the park feels welcoming. It causes a lot of stress and anxiety when families have to fight through traffic just to get to the museum -- especially when they've traveled from far away already.

Please stop catering to able bodied people aged 18-38 who live near the park.

Sincerely,

Shipra Shukla

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

If San Francisco would like the museum complex to be for SF city residents only, it is doing a good job of it. Getting to the complex from Novato, and parking, is close to impossible. And when I've come in there have been no people out and about enjoying that area. It is empty and hard to get to.

Juliane Cortino

Sincerely,

Juliane Cortino

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

I live in the Sunset and Park traffic is terrible. We need JFK open weekdays. It takes an hour there and back to bring kids to school across the Park from the Sunset to Washington. Trying to get across 19th Ave east is often blocked causing traffic on MLK and Irving that spans many blocks.

PLEASE REOPEN JFK!!

Regards,

Craig Given

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID.

I do events at the museum, and the difficulty and harrassment this past year has been unprecedented.

The Museum needs to be able to operate without our staff and security officers being harassed. We only have one street to access our loading dock and that is JFK and there has not been one event that hasn't involved harrassment, twitter complaints, and extreme difficulty for all staff working onsite.

It would at least be a compromise/allow us to operate if it was back to before being closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Dear Board of Supervisors,

Ableism and cruelty and exclusion have no place in San Francisco. The current closure of JFK Drive is unfortunately all of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

It is almost unfathomable that a city that considers itself progressive would callously exclude all of the persons with disabilities, the elders, and multigenerational families from throughout the Bay Area from full access to JFK Drive. Two years ago, during winter, we used to drive to park in front of the Conservatory of Flowers at night to sit in our car for an hour to watch the light show. Last year we were not able to access it nor attend the Festival of Lights installation which was off-limits to those of us who could not walk in. The Festival of Lights will be opening again in early December, and once again we are completely excluded. This is unfair and cruel.

In this time of the Christmas season, when the coming of Christ is celebrated around the world, His words should be honored, as told by Mathew: "Whatsoever you do to the least of my sisters and brothers, you do unto to me".

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Ahmad Serrano

Dear Board of Supervisors,

As a person with limited mobility, I support reopening JFK drive to allow easier access to the museums and other areas of the park that are inaccessible for those of us who can't ride a bike or walk very far.

Regards,

Laurie Schultz

-- Sent from **Phylece Snyder** to **Board of Supervisors** on 2021-11-23 00:37:26 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

I'm a low income senior who now lives in Oakland. I love coming to the museums in GG Park! I've been going all my life and very thankful for the free parking on the streets. The underground parking is absurdly expensive and I cannot afford it. Please go back to the way it was or find some other way to make parking free and accessible.

Thank you!

Regards,

Phylece Snyder

-- Sent from **Jill DAlessandro** to **Board of Supervisors** on 2021-11-23 00:09:32 --

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Above all, the closure of JFK is prioritizing the recreational past time of the able bodied and affluent over the access to the park and several non-profit and educational institutions to everyone including the elderly. The closure threatens the survival of important city institutions.

Please reopen JFK Drive like it was before COVID!

Regards,

Jill DAlessandro

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

The city is doing the public and these great city institutions a disservice. In addition, without a clear decision and mandate, the city is creating a dangerous and hostile environment between the activists for the closed streets and the park and museum employees that need vehicle access to work.

In the same way the streets were closed with out debate, we need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Paul Palacios

-- Sent from **Melissa Leventon** to **Board of Supervisors** on 2021-11-22 16:29:03 --

Dear Board of Supervisors,

Dear Supervisors,

I am a resident of the upper Haight district (District 5) and a former employee at the de Young. I am writing to urge you to reopen automobile access to Golden Gate Park as it was before the pandemic. I am especially concerned about access to the museums, the Conservatory, and other cultural attractions at the eastern end of the park. During my 16-year tenure at the de Young, the negative impact of the Sunday closure of JFK Drive was crystal clear when our Sunday attendance was compared to attendance on Saturdays, and I understand that museum visitorship now has been greatly impacted by the full closure of the drive. Is the City planning to compensate the de Young for all the lost revenue resulting from the street closure?

We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else. There are literally miles of park roads west of 10th avenue that can be reserved for cyclists, walkers and runners 24/7. In my view, this is a fairer way for the needs of San Franciscans and the city's important cultural institutions in the park to co-exist.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Melissa Leventon

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. In particular seniors can't always use buses due to less physical stability. They can visit many areas of the park with family member driving and pick-up. The park was a blessed beautiful and extremely spirit lifting for all of us able to walk the many paths and observing families use of JFK during the intense 2020. I can notice that the use has become more weekend use as vaccines have improved much for the city.

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Akiko Arikawa

Dear Board of Supervisors,

A second generation San Franciscan, 3 generations buried in the Presidio, I definitely preferred the park before COVID. Open up Jfk blvd. Long time museum member, have lost interest. I used to take my students every year to get he city and museums.

San Francisco is no longer the city I've loved all my life. Sad.

Regards,

Deborah Fremming

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

There are those of us who drive to visit the park and we need access that is closer. In the past, it was possible to park on JFK and walk into the museums, etc. Please give that access back to us. Not all of us can afford the price of the garage or can walk from Fulton to get into the park.

Please reopen JFK Drive like it was before COVID!

Regards,

Christina Creveling

-- Sent from **Alex Darr** to **Board of Supervisors** on 2021-11-20 19:56:09 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to keep open JFK Drive as it has been since the start of COVID lockdowns. It was unsafe for Park users everyday except Sundays and half of the Saturdays every year - bike lanes blocked by cars and pedestrian walkways crowded to the point that people walked on the grass landscaping (note the disappearance of use paths alongside paved walkways) each day of the week. We need to balance equity AND safety!

The park needs better transit access every day of the week from every neighborhood and the museum-controlled parking garage, approved by voters who were promised a "pedestrian oasis" in exchange, needs to be made affordable to those who need to drive to the park, addressing accessibility.

People with vision, hearing, and mobility disabilities, as well as seniors and children, deserve a safe place to walk, ride, roll, and play away from the noise and danger of cars. There are plenty of roads to drive in Golden Gate Park. At least part of it should be safe for other users.

Regards,

Alex Darr

-- Sent from **Tamra Winchester** to **Board of Supervisors** on 2021-11-20 18:59:21 --

Dear Board of Supervisors,

I feel very strongly about the issue of closing JFK Drive. The City of San Francisco must continue to earn its reputation for being a cultured city with world class art. As important, the current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

The initial intent of closing JFK Drive temporarily was to benefit the health of Golden Gate Park visitors, I would like to emphasize that art and exercise are equally essential for us to thrive. Opening the drive will not prevent the public from exercising and otherwise enjoying the park. Keeping it closed will definitely impact the ability of the museums to survive and severely restrict access to the park for visitors.

Don't succumb to a false dichotomy. We don't have to choose between indoor and outdoor enrichment. Open the drive to pre-COVID conditions to benefit everyone. Please.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Tamra Winchester

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety!

Regards,

Dale Thompson

-- Sent from **Anne Kaiser** to **Board of Supervisors** on 2021-11-20 05:53:21 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Anne Kaiser

Dear Board of Supervisors,

I was recuperating from a broken foot and surgery and I couldn't go to the lawn bowling club or otherwise enjoy the park like I used to because there was nowhere to park. I couldn't walk from the museum parking lot.

I grew up right next to the park when it was closed only on Sundays. We need to reopen the park so people can access it. You are hurting the cherished institutions that are in them such as the museum, aquarium (that's what we always called it when we were kids) and the tea garden.

Please reopen JFK Drive like it was before COVID!

Regards,

Linda Allen

-- Sent from **Joyce Warner** to **Board of Supervisors** on 2021-11-20 05:06:48 --

Dear Board of Supervisors,

I write to ask for your consideration for San Franciscans that love the park, but don't live close to it. The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Closing it on weekends is a nice respite, but keeping it that way all week is really restricting access for many of us that come from other neighborhoods. It just makes it too difficult to get into the park for residents.

Sincerely,

Joyce Warner

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

I walk in GGP at least twice a week, often covering 4 to 6 miles, but I STRONGLY support returning to pre-pandemic access patterns. As a healthy 78 year old, I see the VERY negative effect of the current closure configuration on my friends, young families and myself, particularly in regard to the museums and the less crowded semi-hidden delights of the park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few!!

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

The road closure contributes to more parking in adjacent neighborhoods, straining the relationship with neighbors. People coming in from out of town or visiting San Francisco will likely either opt to park in adjacent neighborhoods or not visit at all. Requiring all to park in paid parking lots likely limits the amount of people who will visit. It's often just enough to make one reconsider going to the museum for lunch, visiting the tea garden, or taking a stroll through the park. The park is closed every Sunday and that is enough.

Sincerely,

Lara Conte

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

The impact of internationally and historically valued art through exhibitions is extraordinary.

It touches people in ways that cannot be over estimated. It raises the level of connection between all humans. It touches all ages. And it promotes the values that generate civilization, making it possible for so many to survive side by side on one lone planet. It is extraordinary to me that such a potent force would be reduced and impaired to benefit the privileged few that live within the local Golden Gate Park area zipcodes.

It is a complete reversal of the purpose of this public park and the public museums within it.

Sincerely,

Anne Nadler

23:38:31 --

Dear Board of Supervisors,

I am asking you to reopen JFK Drive to how it was before COVID. JFK is a main access to GGP and the museums. Everyone needs equal access. Many, like myself, cannot bicycle and cannot walk the distance, and cannot skate. I love our museums and the Academy and as a native San Franciscan senior citizen, I want to continue to enjoy them. Please re-open JFK to its pre-COVID status. Thank you.

Regards,

Denise Malmquist-Little

Joan Gill

-- Sent from **John Marino** to **Board of Supervisors** on 2021-11-19 23:13:59 --

Dear Board of Supervisors,

I am disabled. A recent attempt to visit sites within the Park was extremely frustrating to the point that I just gave up and went home. Most of the major attractions in the park are on JFK Drive, when you close it, you are making access for disabled people difficult, if not impossible. In other words, you are in violation of the ADA and I for one will be happy to support an effort to litigate against the city on this issue.

Thank you,

John Marino

-- Sent from **John Adams** to **Board of Supervisors** on 2021-11-19 23:13:35 --

Dear Board of Supervisors,

The closure of JFK triples the time of my frequent drive from 4th and Parnassas to the Kaiser facility between 5th and 6th on Geary.

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

The Park is cut-off to many disabled people & Handicapped. There will only be a limited number of spots & once those are gone, we will have to turn around and go home, or pay to park. The park should return to being closed only on Sundays.

Also it is creating a large traffic jam on Stanyan street on ALL days with much more emissions being created by stop & go traffic right in front of a Hospital!

All this so people can go & play on their bikes. The bicycle coalition is completely greedy, in their relentless grabbing of any and all streets just for their exclusive use. It excludes the very large majority who use these streets for access to live & work in our daily lives.

Sincerely,

Bill Alvarado

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. As a former 40 year San Francisco resident who is now in Pacifica, I still come to the museums in Golden Gate Park and other activities. I am older and the accessibility is a really important issue for me in terms of being able to park and go to the museums and make use of the park. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Deni Asnis

Pacifica, CA 94044

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

michael sosin

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Audra Katona

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

I'm a low income Fine Artist age 75 w/ bad knees who needs street parking to access DeYoung Museum. [Garage is expensive!]

Please don't forget about me! A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID!

Regards,

Allegra Printz

-- Sent from **Peter Dickstein** to **Board of Supervisors** on 2021-11-18 22:45:41 --

Dear Board of Supervisors,

I do not have an "informed" opinion about this matter BECAUSE, there have been no objective studies that provide data about traffic patterns and parking space availability. After attending a meeting with the board of the Inner Sunset Merchants Association it became clear to me that public opinion is diligently being sought without first, and critically, providing data that enables the public to opine in an intelligent way. I urge City staff and Supervisors to do their homework by completing their traffic and parking studies, present the data to the public and only then, seek public opinion. Any other process is out of sequence, intellectually dishonest, illogical and a disservice to the public that will likely be exposed, with appropriate disapproval, after it's too late.

Please reopen JFK Drive like it was before COVID! Not everyone can just hop on a bike, scooter, or skates in order to enjoy Golden Gate Park. The effort to close this off to the elderly, the infirmed and families is misguided. I am 3rd generation San Francisco and we used to picnic in the park. Do not take access away from those who need to bring in food, birthday cake, etc. Please consider ALL city citizens and not just the Bicycle Coalition. It's completely unfair. What good is the city park if you cannot get there?!

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Also please open the great highway to cars and stop the slow streets program. No one wants it (or at least not very many people). As life is getting back to normal, so is traffic. Lawton and other streets adjacent to slow streets are awful and VERY dangerous now that slow streets are closed. Very dangerous to drivers and pedestrians. People are also ignoring the signs, so what good is blocking it off anyway?? People going around the block need to drive on the slow streets. People who live there need to drive on the slow streets. So what's the point??? They aren't car free! The great highway shutdown is awful. The avenues are a mess because of the GH closure. Anyone who says otherwise is lying. It only benefits bikers because they don't stop for pedestrians. My dog almost got run over many times on the GH by bikers. I'm not anti bike but giving them the entire highway is ridiculous. SF supervisors are just making things harder for their constituents while appeasing a small number of people. Open it all up. Please!

Thank you,

Diane McKie

Dear Board of Supervisors,

Hi there, I'd like express my thoughts on the JFK Drive closure as an employee of the de Young. I'm sure you've received a number of comments regarding the inequitable access to the museum that the closure causes, but what is most notable to me is that the current setup is dangerous to the pedestrians and bicyclists who believe that JFK is without vehicular traffic. Our dock doors are located on a stretch where JFK is closed, and there must be at least a dozen instances a day where vehicles drive down JFK to access those doors, which are absolutely necessary for the museum to function. Each one of these instances presents a dangerous combination of unaware pedestrians who assume that there are no vehicles around, and a vehicle (oftentimes a cargo truck with gaping blind spots) driving alongside them. I've personally seen instances of people walking in the road with headphones on, completely unaware that a massive truck is behind them. It's even worse now that the sun sets while the museum is still open, meaning that there are long periods of the day that these vehicles are also driving with reduced visibility, and I feel that it's just a matter of time before a collision occurs. I understand that open walkable space is precious, and that bicycles need greater priority, but I believe there are better solutions. Focusing on better bike lanes would be a vast improvement, and a welcome compromise could be to close JFK Saturday and Sunday, when our service vehicles aren't typically in use. Thanks for your time!

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Looking down closed JFK from the Fell St entrance on weekdays I never see anyone in the street, there are a few people on the broad sidewalks. Closure not only limits access to the deYoung, but also Conservatory of Flowers and several other things on that stretch of road. The pre-pandemic schedule should be re-implemented. Public access should be allowed/encouraged for all, not just a few who can bike, walk or skate to the area. Many disabled people do not have the ability to transfer to shuttle busses outside the park or the financial means to use the underground garage.

Larry Pulliam

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Valerie Machacek

-- Sent from **David Heineman** to **Board of Supervisors** on 2021-11-16 19:32:05 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

David Heineman

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and as well as communities neighboring Golden Gate Park. Now that pandemic is over, which was why the park was originally closed, JFK must be reopened

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Grace Jeung

Dear Board of Supervisors,

Persons with mobility challenges from all of the Bay Area have relied on the access programs at the deYoung museum. Part of that is being able to park in DISABLED PARKING spaces on JFK Dr behind the museum that provides access to the side entrance with wheelchairs and mobility scooters. If JFK Dr. is closed to vehicular traffic, those parking spaces (and our ability to visit the museum) are gone. Please keep JFK Dr open for disabled persons! Appreciate your consideration to preserve this access to the museum.

Thank you,

Doris Maez

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Marc Pilisuk

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Toni Belonogoff

-- Sent from **Janice LeBon** to **Board of Supervisors** on 2021-11-15 20:06:16 --

Dear Board of Supervisors,

I am a native San Franciscan who mostly walks, runs, and bikes to get around the city. While I am able-bodied, I am very concerned that closing JFK Drive will limit access to those who are not. I think of my mother-in-law, who has limited mobility because of knee pain and loves visiting the Dahlia Garden every time she visits. I think of families from the greater Bay Area who may not have access to green space and can't easily get to Golden Gate Park via public transportation. As someone who runs weekly in GGP, I know that JFK does not need to be closed during the week for me to feel safe exercising. Please don't privatize Golden Gate Park by closing JFK Drive Monday through Friday.

Thank you,

Janice LeBon

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and I am disabled and am a senior. I must use a taxi or Lyft. One day I waited for almost an hour because the driver coming to pick me up had to be told after many calls to come by the longer way around by way of Lincoln Ave and 9th Ave. It made me late to my next appointment. It was a good thing that I had used the bathroom before exiting the museum. Please open JFK again. That experience was terrible and would have been worse without my walker with a seat.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Mindy Geminder

-- Sent from **Betty Voris** to **Board of Supervisors** on 2021-11-13 20:10:42 --

Dear Board of Supervisors,

We must reopen JFK Drive to make access to Golden Gate Park a reality. Those of us with disabilities simply cannot access the museum or the Conservatory of Flowers. Plus the cost of parking in the underground garage is prohibitive if we want to spend more than an hour enjoying the museums and plaza activities. A continuation of this closure will prohibit many of us from visiting those wonderful venues. It must return to its former plan.

Access should be the same for everybody! JFK Drive should be open like it was pre-pandemic.

Betty Voris

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Edith Lockhart

-- Sent from **Leslie Wong** to **Board of Supervisors** on 2021-11-13 19:31:26 --

Dear Board of Supervisors,

I am a resident who is affected by the
JFK Closure.

Traversing through and to alternate routes through the park is difficult.

I am having mobility issues caused by hip, knee and joint issues and cannot just drive
by areas to visually enjoy the gardens and park without

Having to pay huge parking fees at the museum.

Access should not be only for the elite who can afford to pay for such accommodations
or only those physically able to cycle to such sites.

The current closure of JFK Drive severely impacts people with disabilities, seniors, and
communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to
the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID,
with all roadways open to vehicle traffic and street closures on Sundays, holidays and
Saturdays, 6 months of the year.

Clearly many needs and interests must be considered, but ascertaining what works best
to ease commutes and accommodate varying transportation needs and access can only
be ascertained if we start from complete opening and really work a plan through true
open, transparent assessments to develop a plan that truly serves the public in the best
way possible.

Regards,

Leslie Wong

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Terry McDevitt

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I walk in the park at least twice during the week and now need to travel a great distance further to gain access to the trails. Why does the city continue to "fix" things that weren't broken all under the guise of coves safety protocols.

We need your voice on this subject.

An SF registered voter,

G Mairandres

Sincerely,

Gerd Mairandres

-- Sent from **Margaret Hengel** to **Board of Supervisors** on 2021-11-12 17:44:10 --

Dear Board of Supervisors,

I usually come down Fulton and then go into the garage which to me is a god-send.

I don't like parking out on JFK Drive. I don't feel my car is safe out there. I'd really, really like to have parking over at the Legion of Honor. What's there is NOT enough for all the people who'd like to see the large exhibits. Public Transit doesn't work for me. I come from South San Jose.

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able-bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Margaret Hengel

Dear Board of Supervisors,

Blocking off JFK Drive is unfair to people covered under the ADA or who are just older, impaired OR if the weather is bad. The Museums are treasures that we are blocked from accessing. Please reopen JFK Drive. It is not equitable to just make these world class local tax payer supported collections only available to the "able" bodied. Thank you.

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

June Levin

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

You members of the BOS and the Mayor always make these moves barely thinking or never thinking are helpful to all of the community including the disabled. You absolutely ignore that the community includes disabled and elderly people for whom ease of mobility gives access to public buildings which are already difficult to enter.

It seems as if the BOS members take great pleasure in making our disabled lives even more difficult and devoid of any participation or enjoyment from public facilities. Then you all pat yourselves on the back at what a great thing you've done, we disinvited and isolated the disabled and elderly. Excellent. Then karma strikes one of you and puts in our disabled ranks and suddenly you see how incredibly difficult and devoid of pleasure you've made the city for the disabled and elderly.

You members of the BOS blindly make changes and never consider how you're simpleminded decisions negatively impact people whose lives are already at a disadvantage for mobility. You never realize or accept that you've harmed citizens of SF by catering only to the able bodied and young. The BOS's and Mayor's simpleminded changes to road access and even MUNI access have made this city an isolating hell for the disabled and elderly.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Marcy Burris

-- Sent from **Blake Wu** to **Board of Supervisors** on 2021-11-12 08:16:42 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Blake Wu

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise. This is an issue of access and equity for San Franciscans who live in the Eastern/Southern part of the city. It is so elitist of the nearby residents to want the park to themselves. Shame.

Please reopen JFK Drive like it was before COVID!

Regards,

Helen Ferentinos

Dear Board of Supervisors,

As a member of the Fine Arts Museums living in Berkeley it will be very difficult to continue supporting and visiting the de Young and occasionally visiting the California Academy of Sciences if JFK Drive remains closed. I ask you to reopen JFK Drive to how it was before COVID: closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. JFK Drive needs to be open to people from the greater Bay Area

and San Francisco visitors from around the world. The City needs to make its cultural attractions and museums easily accessible to all visitors.

Regards,

William Wreden

-- Sent from **Barbara Daley** to **Board of Supervisors** on 2021-11-12 07:12:21 --

Dear Board of Supervisors,

Please consider reopening JFK Drive to cars. Going to Golden Gate Park and frequently visiting the De Young, Academy of Sciences and the Botanical Gardens has been one of the greatest pleasures of my family's life. The closure of the Great Highway and JFK has had a huge impact on our ability to access the park and, frankly, our enjoyment of San Francisco. We are much less inclined to pop in to the City now, and often find the traffic and difficulties of getting into and through the park not worth the hassle. We do appreciate the compromise you chose for opening Great Highway on weekdays, and hope something similar can be worked out for JFK Drive. We are senior citizens with memberships to the Fine Arts Museums and Academy of Sciences, as well as the Asian Art Museum, but living in Pacifica makes it necessary for us to drive to Golden Gate Park.

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Barbara Daley

-- Sent from **Mary Cloutier** to **Board of Supervisors** on 2021-11-12 07:09:40 --

Dear Board of Supervisors,

Access to the park is an ordeal with the Park cut off and access to the museum is so much more difficult. Roads are meant for all and I believe sharing as has been done in the past should be restored.

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

Golden Gate Park has always been one of the main reasons to visit SF. Even more so that downtown has become a disgusting 3rd world sloppy dirty unsafe place. We have not renewed our yearly Museum passes for The DeYoung/Legion because it has become impossible to get to. We have lived in Oakland and visited the Golden Gate for 30+ years. Regretably the cost of visiting Strybing and the Museums have become burdensome. Keep those road closures if you want to insulate yourselves against the world and visitors. The only ones with access now are those who have the luxury of living around the Parks. What a shame. The same goes for the Shoreline drive by the Ocean.

Dear Board of Supervisors,

The closure of JFK Drive (and GH) is causing greater problems. There is plenty of access to safe places to recreate.

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Slow streets need to be re-considered. Clay St no longer needs to be closed - I live on Washington St and we have so much more traffic I can hardly get out of my driveway. Lake St closure is making California St a traffic nightmare too. During the lockdown it might have made sense but that time has passed.

Dear Board of Supervisors,

My husband and I live in Palo Alto, long time members and visitors to the deYoung, Japanese Tea Garden, Academy of Science. Closing the park to cars a real deterrent to people who don't live in SF, but live in the Bay Area and will cause decline of tourists from out of the bay area and out of state access to the museums in Golden Gate Park. There has to be a better way than closing the roads in the park.

Dear Board of Supervisors,

I am 67 and first went to the de Young before I was 10 years old with my parents and sibs. (My sibs would have been 8 and 6.5.) Getting into that part of GG Park was not easy. I know parking has been expanded but when my husband and I started taking our 5 y.o. there in 1990, we always went early on the free day (as we were living in UC student housing at the time). Not going early meant being in a bad traffic jam. We joined the museum just before the pandemic got underway and got to one exhibit. It's a project already to get in and out of that area without being stuck in MORE traffic. Give museum go-ers a break.

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Sylvia Fandel

-- Sent from **Karen Bernal** to **Board of Supervisors** on 2021-11-12 02:13:24 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Karen Bernal

Dear Board of Supervisors,

Closing JFK Drive is a nightmare for anyone who wants to go to the deYoung. Below grade parking is also closed. What are they thinking??? I went to the museum with two friends, one - handicapped- had driven down from Portland. There were no handicapped parking spots anywhere near the museum. This poses an added burden, beyond just taking the train or driving into San Francisco, for anyone but the most able bodied. It's just not a good idea.

Please revert back to allowing car, with access to parking.

Thank you.

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Jane Antonacci

-- Sent from **Norma Sengstock** to **Board of Supervisors** on 2021-11-12 00:09:35 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Regards,

Norma Sengstock

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Jean Jackman

Dear Board of Supervisors,

We are native San Franciscans and have enjoyed GGP for 60+ years. Multiple roads in the park are already closed on weekends. Closing JFK Dr. also closes our ability to visit. Your older park aficionados will now be exiled due to lack of accessibility. Please - DO NOT CLOSE JFK Dr.

john harrington

-- Sent from **Kathy Haber** to **Board of Supervisors** on 2021-11-11 23:59:17 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Kathy Haber

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Elizabeth Potter

-- Sent from **Reece Foxen** to **Board of Supervisors** on 2021-11-11 23:58:48 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

I am disabled and often come to the de Young Museum. The missing ADA parking spaces with the closure of JFK make the parking and access very difficult. I am hoping that you reconsider the current status of JFK closure.

Sincerely,

Reece Foxen

-- Sent from **Joan Simmons** to **Board of Supervisors** on 2021-11-11 23:38:42 --

Dear Board of Supervisors,

I am a docent at The SF Conservatory of Flowers. Very many of the cadre of volunteers here are elderly. Closing access to JFK Dr., and therefore the Dahlia Circle Dr. as well, causes an access hardship. Access to the northern end of Nancy Pelosi Dr. is similarly denied.

I prefer not to park in the garage. It cost \$18.75 when I attended Bouquets to Art at the DeYoung this year.

There are five institutions, the two addressed above, as well as the SFBG, THE California Academy of Sciences, and the Japanese Tea Garden affected negatively by this closure. It was parking bedlam when I attended the Flower Piano event at the SFBG this year.

The city of San Francisco is justifiably proud of these beautiful star attractions and should not hinder accessibility.

Joan Simmons

Dear Board of Supervisors,

On Oct. 27th a Sr. friend and I spent the day @ DeYoung. We parked in the garage since neither can walk well. The signs saying \$5/hr. are not obvious. With a \$26 parking bill we will not be able to enjoy the museum. We have previously been able to walk from street parking.

Sincerely,

Kathryn Kastama

-- Sent from **Mary Ellen Crisp** to **Board of Supervisors** on 2021-11-11 22:34:56 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Mary Ellen Crisp

Dear Board of Supervisors,

I don't know who came up with this "brilliant" idea to keep it closed or who on earth wants this road closed? not only this but entire SF looks so ugly with curbside restaurants, and also with slow streets? not very thoughtful for people with disability. SF really needs to go back to it's old self. These adjustments are our reminder of vocid time, which is very traumatic. so we need to get rid of these reminders. even current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

-- Sent from **Doug Urbanus** to **Board of Supervisors** on 2021-11-11 21:45:02 --

Dear Board of Supervisors,

I've been unable to take advantage of my membership to the de Young and the Legion of Honor due to the pandemic. Nevertheless I've maintained my membership and it's costs. I am on the brink of returning, which also means bringing my money to the Avenues. As a native San Franciscan I'm annoyed by the closing off of streets, the Great Hwy for one. Keeping JFK Dr closed to weekday traffic plainly cripples access to the de Young. Why pedestrians require such an expanse of pavement on weekdays is beyond me. Simply put: if I can't access with some modicum of convenience the de Young I will discontinue my membership to the de Young and the Legion of Honor. I'll take my restaurant money over to Sausalito and make my purchases that I might have made in San Francisco somewhere else. And naturally (should anyone ask) encourage friends to visit somewhere else as well.

Thanks for your consideration,

Doug Urbanus

-- Sent from **Tamra Winchester** to **Board of Supervisors** on 2021-11-11 21:11:20 --

Dear Board of Supervisors,

I feel very strongly about the issue of closing JFK Drive. The City of San Francisco must continue to earn its reputation for being a cultured city with world class art. As important, the current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

The initial intent of closing JFK Drive temporarily was to benefit the health of Golden Gate Park visitors, I would like to emphasize that art and exercise are equally essential for us to thrive. Opening the drive will not prevent the public from exercising and otherwise enjoying the park. Keeping it closed will definitely impact the ability of the museums to survive and severely restrict access to the park for visitors.

Don't succumb to a false dichotomy. Open the drive to pre-COVID conditions to benefit everyone. Please.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Marc Larby

-- Sent from **Michael Rieser** to **Board of Supervisors** on 2021-11-11 21:01:02 --

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Michael Rieser

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Cindy Peterson

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit. As older San Franciscans, My husband & I like to get out, but our walking range is getting shorter. Please keep roads open for everyone not just for bicyclists & motorized scooters! There's plenty of room for everyone in the park. Weekend shutdowns is enough!

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Judy Toupin

-- Sent from **Gary Parks** to **Board of Supervisors** on 2021-11-11 19:41:12 --

Dear Board of Supervisors,

I have visited Golden Gate Park frequently--enjoying its many attractions and amenities--for over 50 years. Though San Francisco has never been my physical home, it is one of my spiritual homes--nourishing me culturally, and aesthetically. I do believe that our society needs to be less auto-dependent, but drastic permanent closures of major access streets is not the answer. Use of the Parks' museums and gardens by people from other parts of the City, and from out of town, will decrease because of the resulting parking headache.

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Gary Parks

Dear Board of Supervisors,

We fought hard in the past (Coalition to Keep the de Young in the Park) to rebuild our magnificent institutions in GG Park where millions of visitors go yearly. Attempts again by skaters, skate boarders, scooterists, bicyclists, and others present a severe threat that the deYoung, the CAS, the Japanese Tea Garden and Botanical Garden will lose vital visitors. Closing JFK Drive permanently will significantly affect the elderly, infirm, tourists, and multigenerational families who wish to visit. Closing JFK must not be allowed.

Most sincerely,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Richard Lanzerotti

-- Sent from **ken osborn** to **Board of Supervisors** on 2021-11-11 19:35:07 --

Dear Board of Supervisors,

During the pandemic it makes sense to close JFK drive to provide outdoor space while practicing shelter-in-place.

That time is or will be soon ending. I live in East Bay and drive with friends to visit Golden Gate Park and the de Young.

Closing JFK drive permanently is counter productive to accessing one of San Francisco's finest.

I have been visiting the de Young starting with my parent's visits in 1957 coming from Sacramento.

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Susan Schermerhorn

Dear Board of Supervisors,

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

Thanks for your consideration,

Carol Dorf

Dear Board of Supervisors,

I grew up in the East Bay, with grandparents and aunts in the Mission District and Bayview. My Mothers and siblings still live in the East Bay so I visit often. Access to Golden Gate Park allows me, my sons and grandchildren the ability to easily enjoy the park every time we visit. Please don't restrict access to this world class asset of the City.

Thank you,

David Mares

-- Sent from **Elizabeth Olivarez** to **Board of Supervisors** on 2021-11-11 18:55:14 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety and access to the park by disabled residents who drive and families who drive. Residents of San Francisco should be allowed to have more access to the Golden Gate Park via JFK Drive. The JFK Drive should be opened and made accessible according to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety! San Franciscans have given up a lot of accessibility due to covid and this needs to be restored to the residents. We've been limited in the use of the park and parking due to the placing of the parklets. We look like a shanty town. It's time that the Mayor and supervisors address & meet the needs of the residents of San Francisco.

Regards,

Elizabeth Olivarez

-- Sent from **deanne delbridge** to **Board of Supervisors** on 2021-11-11 18:54:24 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

I am considering dropping my museum memberships to the CalAcademy and deYoung because it is just too difficult to find affordable parking. The garage is too expensive, and street parking is very limited. I live in Petaluma, so taking MUNI is not an option. Part of the enjoyment of going to the museums has been driving along JFK and seeing all the landscaping, especially the flowers in front of the Conservatory. Closing JFK only benefits a limited few in S.F., and drives away many Bay Area residents as well as other tourists who would like to enjoy G.G. Park.

Please reopen JFK Drive like it was before COVID!

Dear Board of Supervisors,

I am a runner who trains in Golden Gate Park almost every day. I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It is closed all Sundays and half of the Saturdays every year, with ample bike lines and pedestrian walkways each day of the week. We need to balance equity AND safety!

Regards,

Kay Petrini

-- Sent from **Kay Taneyhill** to **Board of Supervisors** on 2021-11-11 18:38:47 --

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Kay Taneyhill

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Dahlia Armon

-- Sent from **DeLayne Harthorn** to **Board of Supervisors** on 2021-11-11 18:38:15 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

DeLayne Harthorn

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

What about handicap folks, strollers w/babies, and elderly who need to be dropped off or enjoy walking as their exercise. Closing JFK will essentially close it to residents who aren't nearby. No one is going to take a shuttle bus (the Park Shuttle has failed miserably-zero usage). Or a Muni for an hour one way trip.

Catering to the needs of bikers leaves out of the majority of SF residents. It's bad enough that sidewalks are used recklessly by bikers, scooters and tourists -- making it dangerous for us walkers!

Sincerely,

patricia holden

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Bob Lehr

-- Sent from **Julia Seelos** to **Board of Supervisors** on 2021-11-11 18:21:58 --

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

I am 74 years old and can only enjoy the park by using a car and parking close to the museum and arboretum.

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Julia Seelos

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Susie Kang

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Divya Patel

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Michael Fields

-- Sent from **Lynda Ramos** to **Board of Supervisors** on 2021-11-11 18:09:22 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Lynda Ramos

Dear Board of Supervisors,

Thank you for the months of pedestrian and bicycle access to JFK Drive during the height of the pandemic stay-at-home period. Now it's time to return to an open street for cars and other motorized vehicles; it's time to return to the previous schedule as it provided safer access to the park's amenities for mobility-compromised individuals and free parking for those who can not afford to pay.

Thank you for considering my opinion. Regards, Cindy Hill

-- Sent from **Diane Ridley** to **Board of Supervisors** on 2021-11-11 17:23:07 --

Dear Board of Supervisors,

I would like to see JFK Drive reopened on weekdays and Saturdays. While it's closure was perhaps an innovative response to the perceived need for additional outdoor recreational space during the shelter-in-place phase of the pandemic, I believe it is underutilized and more of a hindrance to recreation in the Park than an enticement. Its closure has made navigating across and within the Park confusing and frustrating, and has served to increase the traffic and parking burden on other streets inside and adjacent to the Park. Despite the fact that restrictions on indoor activities have been reduced, the ongoing closure discourages people from experiencing some of the Park's biggest assets—the Conservatory of Flowers, the Fine Arts Museum, the Academy of Sciences, the Music Concourse, the Japanese Tea Garden, Stow Lake, and the Arboretum. Unless there is a integrated City plan and financial commitment to adding additional parking outside of the park and frequent, convenient public transportation to and within the park that will make its features easily accessible to residents and out-of town visitors, especially those with disabilities, I do not feel continuation of this experiment is of any benefit. Like a number of the "slow streets" that have been created in the City, it feels elitist and exclusionary,

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Marnie Badgley

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Geri Albers

-- Sent from **Alexander Hosmer** to **Board of Supervisors** on 2021-11-11 15:35:15 --

Dear Board of Supervisors,

Hate having to continually fight to take back what we had for years in San Francisco. I supported temporary closure because of the pandemic. As we re-open, these areas should reopen. If they don't, I will not support closing anything if a similar situation occurs in the future. I can see the slippery slope.

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Dear Board of Supervisors,

The 24/7 closure of JFK Drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK Drive as it was before this pandemic (i.e., open on weekdays yearlong and Saturdays six months of the year, but close on Sundays and holidays yearlong and Saturdays the other six months of the year). Increased car and foot traffic from tourists and residents is needed to keep the institutions in GG Park open and financially solvent (which includes some of my favorite institutions like the CA Academy of Sciences, the DeYoung Museum, and the Japanese Tea Garden).

Earlier, you did a good thing restoring service to most of the SF Muni lines (including the iconic cable car lines) to let the outside world know that SF has reopened for tourists and business. Please reopen JFK Drive to restore pre-pandemic car and foot traffic to GG Park for tourists and residents and help keep the aforementioned institutions at GG Park financially afloat. (Otherwise, those institutions will be forced to close indefinitely for lack of business. And that would be yet another loss for SF's culture on top of Cliff House and Stern Grove closed permanently earlier this year.)

Sincerely,

Lawrence Wong

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Regards,

Stacy Heniser

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Susann Cate Lynn

-- Sent from **Howard Yellen** to **Board of Supervisors** on 2021-11-11 06:10:48 --

Dear Board of Supervisors,

Keeping JFK Drive closed post-pandemic is absurd. I want to be clear, I'm not criticizing you personally. I believe that keeping park access by cars so limited is well intended, but misguided.

How is a disabled person such as myself supposed to get to the museums? Muni is difficult for me to begin with, and due to being immunocompromised impossible it has been impossible in the last two years and I expect I won't get back to taking it until the spring. I live on Sanchez St. in Duboce Triangle, and Muni has been one of the big attractions of living here, but I have always driven to the park with my dogs.

More broadly, one of the genuinely great things about the park is how multi-purpose it is. It is a place of great natural beauty, but it also is a place where people play exercise, go to museums and much more. It is not, should not and will never be a purely wild place.

It is also inevitable that the closure of JFK will push parking and traffic to adjacent neighborhoods. The same thing has happened with the expansion of 'quiet streets.' The first few were terrific, but I've seldom seen folks walking or biking on Noe or Page. I live near Noe and walk down it (on the sidewalks) almost daily. Like the closure of JFK, quiet streets end up as a form of NIMBYism. They don't reduce parking and traffic much, but they do foist it on nearby residents. Noe in particular is a problem, because it pushes traffic to Sanchez, which is a critical and dangerous part of the Wiggle. I can't remember seeing a commuting biker take Noe instead of Sanchez, and with more road traffic they are put in further danger.

As a lifelong progressive, the policies of my kindred spirits in fact dispirit me. It often feels like dogma trumps (lousy word) outcomes.

I know that people play this card all the time, but FWIW, I've lived here since the 1980s.

Thanks for taking the time to consider my opinion.

HLY

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We should reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open as it was before the pandemic shutdown.

Caroline T Cory

-- Sent from **Allison Kozak** to **Board of Supervisors** on 2021-11-11 04:46:30 --

Dear Board of Supervisors,

The closure of JFK Drive during the beginning of the pandemic made sense, creating a place where people could be outdoors with plenty of room, and giving home-bound people an escape. But it's time to reopen JFK.

Closure of JFK creates unnecessary difficulties of access, especially to people with disabilities. My husband has not been able to frequent our favorite areas around the park, Pioneer East Meadow & the Rose Garden, for almost 2 years because we can't park close enough.

Remember, JFK was created as a thoroughfare through the park for a reason. It is the park's main access way, the only east-west artery. It was conceived and served as a thoroughfare from its creation.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Allison Kozak

-- Sent from **Aya Van Zandt** to **Board of Supervisors** on 2021-11-11 04:31:35 --

Dear Board of Supervisors,

I am a working mother of 3 kids. The kids have activities all over San Francisco - schools, sports, friends. The street closures in the city have added extra stress and driving time to our already stressed out, time-constrained family. I know we are not the only regular working family who are ready to truly get back to the normalcy, and can't help feeling that the city leaders are tone deaf to what working SF families are experiencing, or wondering if they even care. Take one of the "slow streets" that we used to take to get the kids to school. We are rushing around at 8:15 am to get the kids to school, then ourselves to work, all the while some lucky folks who can take the leisurely walk or jog along one of these streets - why can't they walk or jog on the sidewalk?

It is time for the city leaders to realize what the ORDINARY folks need. After all, the city claims that it is a "family friendly city". We are not asking for much.

Dear Board of Supervisors,

The current closure of JFK Drive is unfortunate and causes weekday problems to access all the wonderful things GG Park has to offer.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. It is now time to restore all streets that were closed and take down all the signs as I see no one using the blocked off streets as they have gone back to work, and no right turns on Lincoln that make it very difficult to get onto the Lower Great Highway. Restore our City to the Beautiful way it was. I'm sure if you needed to use all these streets you would be just as frustrated as we are. Take your concerns to clean up the Area next to the Asian Art Museum. It is very disconcerting to go to the theater and have to step over people shooting up and needles all over the sidewalk. Take a walk at night and see the sights that are driving people away . Thank you for your time.

-- Sent from **Brighton Miller** to **Board of Supervisors** on 2021-11-11 03:51:34 --

Dear Board of Supervisors,

The roads must open. This park should be inclusive to everyone in SF, and all park lovers visiting. To have the road shut discourages people who would like to come but it's too crowded to find parking, or the areas that there is parking there are mobs of people.

If someone cannot walk or bike, they are unable to see the sights by taking a beautiful drive through the park.

I believe having the street closed, it's an elitist move to keep out those who cannot walk to the park to enjoy it.

It's time for John F. Kennedy Drive to reopen. Golden Gate Park is a critical open space that everyone should be able to visit.

I urge you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays and some Saturdays as it was before

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Doug McKirahan

-- Sent from **Christye Hatfield** to **Board of Supervisors** on 2021-11-11 03:11:00 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Christye Hatfield

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Kathryn Douglas

-- Sent from **Jan Hudson** to **Board of Supervisors** on 2021-11-11 03:08:16 --

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Jan Hudson

I have lived in Brisbane all of my life and come to San Francisco at least every week. I am a frequent visitor of Golden Gate Park. It seems more and more SF does everything to discourage visitors and that is a shame. I love San Francisco and delight in bringing friends from near and far into the City. Please do not make it even more difficult by closing this important artery in the Park. Not everyone is able to bike anymore or walk long distances like when I was young.

Sincerely, Michele Salmon

-- Sent from **Angela Lee** to **Board of Supervisors** on 2021-11-11 02:07:32 --

Dear Board of Supervisors,

The current closure of JFK Drive and The Great Highway severely impacts people with disabilities, seniors, and communities surrounding Golden Gate Park and visitors from afar.

As we emerge from COVID, it's time to reopen JFK Drive and The Great Highway. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

The Great Highway is a major emergency evacuation route. How can you keep it close endangering your citizens for the few?

Please consider the families you are putting in danger? When there is an emergency do we get on our bikes or walk to safety? We use fast transportation. GGPark is bordered on two sides of it with water. The safest evacuation is South. East is also a traffic jam as citizens would run into over evacuees who are boarded by the bay.

Please truly rethink your plans. We already have enough lives lost to COVID 19.

Regards,

Angela Lee

Dear Board of Supervisors,

Growing up in San Francisco, it was so easy to go to the museum. However, it has become very difficult. I'm hoping you will consider opening the streets so that all of us can access the museum easily. Not everyone is a bike rider 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Pat Chappell

-- Sent from **Margaret Cleland** to **Board of Supervisors** on 2021-11-11 01:55:57 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. Taxes are used from all. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

The park has plenty of areas for recreation. The road closure not only limits access but also makes parking limited so that you may be forced to use the expensive museum parking or not go. Many people do not have the mobility needed to access this part of the park. I understand SF seems to be against cars but if your going to limit access to roadways in the City (Golden Gate Park, Great Highway, Slow Streets) maybe we should not have to pay taxes for these roads that we can no longer use.

Margaret Cleland

I may live outside of the City but I visit the Golden Gate Park and the deYoung Art Museum on a regular basis when I visit my stepfather. The street in front of the museum should be open to traffic. Also street parking in the Park should be returned for public use so visitors can enjoy the many beautiful spots in the Park. Make the Park available to all visitors.

Sincerely,

Emilia Jankowski

-- Sent from **Marc Johnson** to **Board of Supervisors** on 2021-11-11 01:52:38 --

Dear Board of Supervisors,

I love the Park. And really appreciated the closures when the Covid virus was rampant and we could not be close to each other, especially when walking, running, skating and other activities.

Now that most of us are vaccinated, are still good with social distancing when appropriate, it's time to open JFK to traffic during the week.

I am a sub contractor to the Museum and have used the 8th Ave entrance on occasion to make way to the loading dock area. On weekends (when the Park used to close this area), there are lots of people. During the week, even when it's a beautiful day, there are few folks using JFK between the tennis courts and Stow Lake.

Please, please, please, open the park back up. There is just not enough parking underground or on Fulton, MLK and adjacent streets to handle all the people who would like to use the park, the Museum, the Academy, the "Wheel" and the bandshell area.

It's time to reopen and make it easy for *many* people to appreciate art once again.

Thank you,

Marc Johnson

-- Sent from **john musante** to **Board of Supervisors** on 2021-11-11 01:48:41 --

Dear Board of Supervisors,

Please keep JFK Drive OPEN where it is adjacent to the de Young and California Academy of Science. There are many other roadways within Golden Gate Park, especially ones adjacent to lakes and other beautiful vistas, that can provide the desired vehicle free experiences for pedestrians and bicycle/scutter users. Personal vehicles and Muni Transportation are very important to continue service to each of these important facilities.

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Please reopen JFK Drive like it was before COVID, as a minimum, but most desirable to private personal vehicle access across GG Park to accommodate North-South vehicle communication through the Park!

Dear Board of Supervisors,

EVERYONE, San Francisco resident or not, deserves access to Golden Gate Park. I implore you, reopen JFK Drive to allow this to happen.

I, for one, at 80 have limited mobility...I can't walk, nor can I take public transportation from San Rafael (too demanding of my body), and I certainly can't bike to the park.

San Francisco seems to have forgotten that not everyone who wants to visit is 25 and fit! What the park contains are PUBLIC asset, yet you seem on the verge of deciding which parts of the public should be allowed access. JFK Drive must be open to traffic as it was pre-pandemic. Someday perhaps you'll understand why the park is an asset to be enjoyed by all who wish to visit, not the few, when you too find getting around a problem. It's clear, by even proposing to close JFK Drive, you have no idea what it's like.

-- Sent from **Nina Meister** to **Board of Supervisors** on 2021-11-11 01:22:17 --

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

Also, being handicapped, I appreciate being able to park nearby on the street without having to use the garage.

Please reopen JFK Drive like it was before COVID!

Regards,

Nina Meister

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Sharon. Levy

-- Sent from **Elissa Rubin-Mahon** to **Board of Supervisors** on 2021-11-11 01:16:29 --

Dear Board of Supervisors,

As an elderly patron of the deYoung museum, I urge you to open at least parts of Golden Gate Park roadways for cars and parking. I travel to San Francisco via auto almost once a month, to shop in the city and visit the museums. Between the bridge toll, fuel prices and now parking fees at the museum, I am finding it difficult to

cover the cost of the trips on my fixed income. If roads were closed on holidays and weekends, it would at least give those of us for which this situation is problematic a chance to enjoy the park more fully, instead of rushing in and out of an exhibit because we can't afford extended parking costs nor walk great distance to get to the attractions.

Regards,

Elissa Rubin-Mahon

Dear Board of Supervisors,

The museums in Golden Gate park are a state and regional treasure. The museums have members from the greater Bay Area. It is not viable to take public transit from San Jose to visit the De Young. A car and a place to park are critical to being able to visit the exhibitions at the museum.

Spilling parking out into the local neighborhoods is not viable as they are already very limited for non-resident parking.

Thank you,

Kristin Wood

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Barbara Delman

-- Sent from **Kate Schertz** to **Board of Supervisors** on 2021-11-11 00:43:10 --

Dear Board of Supervisors,

Although I live in Sonoma, I am a member of the FAMSF and regularly attend every new how. The lack of access to the museum has made it extremely difficult for me to get to the garage parking which I need due to mobility problems. Please do not permanently close JFK.

Kate Schertz

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Christopher Pederson

-- Sent from **Margaret Fawcett** to **Board of Supervisors** on 2021-11-11 00:33:16 --

Dear Board of Supervisors,

The de Young museum serves not only the neighborhood surrounding it but SF, the State and the World. I have been a member of the Fine Arts Museum for some 50 years but do not live in the City. I remember the fight and settlement over closing JFK Drive permanently or only on holidays and weekends. That was a good solution/accommo-dation. It's expensive parking in the garage and now that I'm in my late 70s I notice that fact, arrive early and park on JFK Drive. Please reopen it for parking and not keep it closed. Thank you.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Margaret Fawcett

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Kathleen Heng

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Mary Conway

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

John Urbanik

-- Sent from **Grant Barringer** to **Board of Supervisors** on 2021-11-11 00:12:41 --

Dear Board of Supervisors,

I support a Golden Gate Park that is accessible to everyone. We all agree that bicyclists and pedestrians should have access to Golden Gate Park, but we need to balance that with access for everyone else.

I urge you to restore access to Golden Gate Park as it was before the pandemic.

Creating equitable opportunity at art institutions for those that are disabled is imperative, especially after so many months of isolation, the effects of which disproportionately impact people who are disabled.

Regards,

Grant Barringer

Dear Board of Supervisors,

The current closure of JFK Drive severely impacts people with disabilities, seniors, and communities not directly neighboring Golden Gate Park. There is a larger demographic that is prevented from attending the de Young Museum and the Academy of Sciences due to the elimination of free parking on Kennedy Drive. Don't privilege local residents. These institutions are for ALL VISITORS! To say nothing of the salaried people and volunteers who work there.

As we emerge from COVID, it's time to reopen JFK Drive. Golden Gate Park belongs to the people of San Francisco, not just a few.

I strongly encourage you to support JFK Drive returning to the conditions pre-COVID, with all roadways open to vehicle traffic and street closures on Sundays, holidays and Saturdays, 6 months of the year.

Regards,

Joel Altman

-- Sent from **Kathryn Hobart** to **Board of Supervisors** on 2021-11-11 00:12:14 --

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Kathryn Hobart

-- Sent from **Rick Waterman** to **Board of Supervisors** on 2021-11-11 00:11:57 --

Dear Board of Supervisors,

I fully support bicyclist and pedestrian safety. That's why I am asking you to reopen JFK Drive to how it was before COVID. It used to be closed all Sundays and half of the Saturdays every year, with ample bike lanes and pedestrian walkways each day of the week. We need to balance equity AND safety! The proposed permanent closure to automobiles would be a devastating blow to people like myself with mobility impairments. We would continue to be unable to visit our beloved museum and be deprived on this cultural treasure, just as we have been deprived during the prolonged COVID-related closure to automobiles. PLEASE be sensitive to the physical limitations of disabled people, and PLEASE restore JFK drive to its pre-pandemic configuration so that automobiles can make it possible for people like me to visit the museum.

Regards,

Rick Waterman

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Elderly, heavy people, families that live all over SF and tourists alike are not able to use the park when it's closed off to people who live close enough, and who are able bodied, to walk to GG Park.

The street is empty most of the time while traffic is backed up on Stanyan and 19th Ave.

Slow Streets across the city are utterly Separate but NOT EQUAL! Rich housewives don't want people driving down their st so they lie and say it's about community. What community needs to walk in the middle of the street?

Haight st small businesses are struggling already as are businesses on Church st. Diverting foot traffic off these streets makes it even harder to survive a post pandemic economy. Not to mention Haight is becoming increasingly less safe as pedestrians are choosing Page over Haight which has contributed to more homeless and criminal behaviors on Haight like multiple shootings the past few weeks.

Please pull your heads out of the Sand. Stop pandering to Karens on Twitter.

SLOW STREETS = SEPARATE BUT NOT EQUAL.

Thank you,

Rory Cox

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic.

Roger Flanigan

Dear Board of Supervisors,

The 24/7 closure of JFK drive has left many people unable to access Golden Gate Park and its institutions. The current closure is for those who live close enough, have the money to pay for parking, or are able bodied enough to travel on foot or bicycle.

We need to go back to the compromise that was struck and reopen JFK as it was before the pandemic!

Sincerely,

Tad Lacey

JFK Drive was never meant to be the private sanctuary of local residents forever!

Although Johnny McLaren was a humble and modest man, as a Certified Tour Guide of San Francisco for over 50 years, I love to tell his story to my tour groups from around the world, as we pass his statue surrounded by his favorite rhododendrons!

Uncle Johnny would be appalled at the decision to close one of the most scenic sections of JFK!

Sunday closure acceptable.

At this point, private and commercial vehicular traffic on JFK is easily sustainable.

We may need to address this issue in the future, but at this point private and commercial vehicles are sustainable!

Let's not let this iconic section of JFK be lost to visitors from around the world. It's a San Francisco memory that people remember for a lifetime.

It is what makes our beloved city so special to locals and visitors alike.

Please don't be bulldozed by a few radical voices that are being illogical, self centered and unreasonable!

Thank you,

Please reopen JFK Drive like it was before COVID!

I will also like to say with the slow street in place

Stanyan st and Masonic Ave and 19th Avenue are the closest route to cross over from Richmond district to Sunset district. The traffic is very heavy and over crowded during the week days. I just pray every time that there is no accident or emergency occur during that time because is a fire engine needs to pass through and is coming across your path while you are on Stanyan st, you really dont have any where to turn. I just don't see why we can't have the same out come like the neighbors near the Great Highway. They all stated that the Great Highway should be open during the week days and just closed it on the weekend. I just feel that would make things a little easier for all of those who need to commute.

-- Sent from *Paula Symonds* to **Board of Supervisors** on 2021-11-06 18:04:17 --

Dear Board of Supervisors,

San Francisco is known for many things and one of them is its world class museums, one of which is located in Golden Gate Park just off of Martin Luther King Drive. The DeYoung Museum attracts San Franciscans across many age groups and visitors from all over California, other states and outside the US. One of its most faithful groups here in the city and the greater Bay Area is retirees. Once the work of a lifetime is completed many from this group seek the solace and the beauty found in art. They do this by becoming members of the museum and as such visit on a regular basis. Many from this group also become volunteers believing it is time to give back some of what San Francisco has offered them over the years.

Many volunteers travel from outside the city to work at the museum. At the beginning of the pandemic San Francisco Park and Rec made a unilateral decision to close Martin Luther King Drive. At the time of the closure no one from the Senior group was impacted as all were closeted at home. Now with the reopening, Park and Rec wants to continue the closure not only on the weekends, which had already been the case but every day.

JFK Drive, which borders the DeYoung Museum, has provided free parking close by both for volunteers and Senior visitors. This parking has included ADA compliance spots within 1/10th of a mile of the museum's side entrance on JFK Drive for those with mobility issues. As the museum opens and volunteers return many feel they will no longer be able to work their shifts if they cannot drive and park nearby. Public transportation is not a reliable or safe alternative. Many older patrons do not feel safe on San Francisco public transportation. On several occasions I have attempted to take the bus myself pre-pandemic from Noe Valley to the museum for my volunteer shifts. The bus never followed the schedule, on the weekend it didn't start early enough. To go from my house in Noe Valley by car takes 15 minutes while by bus the few times I tried almost an hour. My time is as valuable as a fully employed person. I don't like wasting it standing on a street corner waiting for a bus that never comes. On two occasions when the bus never appeared I decided to walk and was able to walk the distance in 40 minutes. I am not your average 76 year old and this is not a viable solution for the majority of Seniors nor would it be for me on a rainy cold winter day.

The garage, which is not operated by the museum, is too expensive for people on fixed incomes who visit the museum regularly as volunteers and senior members do, and during popular exhibitions there are not enough regular or ADA parking spaces. On an average day during the Matisse exhibition last year the museum greeted approximately 5,000 visitors. For Bouquets to Art's first day the museum had over 500 visitors and the city had not yet fully opened.

Volunteers often work evening events. It is hard to expect Seniors especially unaccompanied women to walk safely through a dark park back and forth to the museum, especially when we see seniors attacked fairly regularly on the City's streets.

The problems Seniors have with the closure becomes one of equity. Just look at this picture and you will see not one senior engaging, but only a few feet away is the Museum they cannot access.

Golden Gate Park is more than its roads. It is more than a place for five year old's to learn how to ride a bike. It is more than a bike path from the Zoo to the Embarcadero. It contains a science academy and world class museum, a lovely children's playground and merry-go-round. It contains soccer fields for the use of city kids. It has meadows for games, graduations, picnics and birthdays. It has a polo field and stables that are not being utilized now. You can boat in the park and feed ducks in many of its ponds. You can drive and race radio controlled boats. You can play tennis and bocce ball. You can practice archery. You can visit the world of plants and flowers in a Victorian glass house. You can pretend you are in a garden in Japan and drink tea and eat cookies that are outside your usual experience. BUT Park and Rec seems to think it should only belong to the bikers and walkers thus diminishing all the other activities that it contains.

The equity issues associated with the closure of JFK Drive don't only impact Seniors. They impact families who want to picnic or birthday but can't carry their supplies on a bike or trundle them on a bus. They impact children, especially children of color who come from the far flung corners of the city to visit the science museum or art museum or Arboretum or Japanese Tea Garden. They must endure several transfers on a bus or ride a bicycle! to get to the park. It makes sense for the white elite who live close to the park boundary to make it very difficult for them to come. The closure will keep tourists and out and City visitors away as well by making it too hard or forcing them to limit their use of ALL the wonders of the Park.

The closure of JFK Drive would severely impact the operation of the DeYoung Museum already in debt due to the pandemic closure. The evening and daytime functions that the museum has for openings, meetings, some wedding receptions and other gettogethers are made very difficult with the closure. The museum's loading dock is located off JFK. Bringing in and taking out exhibits and other operation materials is problematic. It is my understanding that drivers who are simply doing their job delivering needed supplies to the museum are harassed for driving on the closed street.

If visitors choose to drive they will be forced to park in the surrounding neighborhoods. This would increase traffic in the neighborhoods and take away all their parking. Parking meters would not solve the problem but rather turn more people away. Martin Luther King Drive is now the closest parking to the museum in the park. The 4 hour parking limit is strictly enforced. Staff and volunteers who are working longer than 4 hours must use their whole break time to move their cars to prevent ticketing and there is no guarantee that a new parking place can be found in the now very limited parking available. The closure simply makes no sense at all.

Thanks for your consideration,

paula symonds

Dear Board of Supervisors,

A compromise for John F. Kennedy Drive was reached in 2007 that allowed all users of Golden Gate Park to share the roads. It is time to reopen JFK Drive back to the way it was before COVID. The select few that are the most vocal are doing us all a disservice that want a reasonable compromise.

The City may also lose the beautiful Dahlia Dell because the growers can't transport their tools, fertilizers, etc. to the Dell without being able to drive there, nor take their flowers out for exposition. The park authorities will not allow them in with their vehicles.

Please reopen JFK Drive like it was before COVID!

Regards,

Devorah Joseph

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park.

Brian Bowen

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Susan Smith

-- Sent from **Frances Gorman** to **Board of Supervisors** on 2021-11-06 09:55:48 --

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! This corridor can be shared safely by pedestrians, cyclists and motorized vehicles. In fact, This is safer than allowing everyone to mingle as it is with JFK closed to vehicles.

JFK Drive should be open like it was pre-pandemic.

Respectfully,

Frances Gorman

Dear Board of Supervisors,

Roads are a public resource paid for by the public, and should be managed properly by public servants for the broadest possible use by the full community of the infrastructure. Those of you who continue to work for special interests, listen up - we are on to you. And we vote. You will promptly be fired if you can't take the basic necessary steps to ensure that roadway access is efficient for the public. All of the public.

Thank you,

Geoffrey Moore

Dear Board of Supervisors,

All families from around the City deserve access to Golden Gate Park. We must reopen JFK Drive to make access to Golden Gate Park a reality.

Not all can take public transportation or walk/bike to Golden Gate Park. Access isn't the same for everybody! JFK Drive should be open like it was pre-pandemic. I live in the middle inner Richmond district I commute daily to the Deyoung museum in GG park for work then I need drive to the east bay Hayward to assist with the care for my mother after her heart attack. It has been a severe hardship during this whole process and the temporary closure of jfk has not helped. In addition several days week I need to explain the difficult of the passenger loading Uber pick especially for those elderly of town guest that are navigating museums and park it is difficult for them to understand it will be easier to leave the park due to the closure on 8 and Fulton. Pre-pandemic it was very simple for person less familiar with the park to use the passenger loading zone in the front of the build to be pick up. This is a great convenient way for the elderly, disable, parents with babies or young children or just about anyone that attends night time events at the museum. A car service is a safe and reliable way to get home safely especially for a woman late at night and closer the pick up is from the event or a secure build the safer someone will feel.

I believe it is important to consider all possible and be mindful of access operation needs of institutions and overall safety and experience for all. Kindest Regards

Michael Rose

Dear Board of Supervisors,

I am writing to ask for your support to reopen the roads inside of Golden Gate Park, specifically JFK Drive. As an employee of the de Young Museum, I am proud to represent the City's museum and welcome individuals from all backgrounds who visit.

Golden Gate Park and the destinations inside of the Park belong to everyone. I agree with Supervisor Walton's comments that closing roads and limiting access to the Park is recreational redlining. We should be removing, not creating barriers for residents of all districts and diverse visitors to our City. When a compromise was made in 2007 between the various stakeholders, representatives of communities from all over the City were brought to the table and part of that conversation. This is not what is happening today. That compromise allowed for shared use of the Park roads and it is what we need to return back to.

It does not make sense to limit access to this end of Golden Gate Park (which houses the California Academy of Sciences, the de Young Museum, the Japanese Tea Garden, the San Francisco Botanical Garden, the Conservatory of Flowers, Peacock Meadow, the Dahlia Garden, the new Goldman Tennis Center, and many other key spaces). I hope you will show your support in making Golden Gate Park a place for everyone and restoring equitable access to this beloved space for all.

Thank you,

Paria Dea

-- Sent from **Megan Bourne** to **Board of Supervisors** on 2021-11-02 12:13:43 --

Dear Board of Supervisors,

As a SF Citizen and as a staff member at the de Young, I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

When I lived in Cole Valley, I walked to work and fully enjoyed the park on weekends. On weekdays, there was ample room for pedestrians, bikes and people who need to drive. Cyclists and pedestrians enjoyed the full use of the road on Saturdays and 1/2 of Sundays. Pre-closure my daughter learned to ride her bike there, my dog had great runs, we enjoyed picnics, reunions and innumerable soccer practices and games.

Now, my five mile work commute from the Excelsion takes an hour on Muni. People who cannot walk or bike and who cannot afford the garage, are unable to access the east end of Golden Gate Park. de Young staff have to park further away, which is not safe on short winter days. Staff and vendors who need to access the loading dock are aggressively harassed.

Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Megan Bourne

-- Sent from **Sheila Presssley** to **Board of Supervisors** on 2021-11-02 11:55:31 --

Dear Board of Supervisors,

As a SF resident, I am deeply disturbed that my tax dollars are being used to promote ableism and gatekeeping in Golden Gate Park. My 90 year old parents cannot ride their bikes to GG Park, yet they still enjoy the many amenities of the park and the park institutions.

Please let's not use tax payer funds to turn GG Park into a private "back yard" for those wealthy enough to live close by.

It is time to revert back to the compromise that was struck over a decade ago and restore access for all - including those who are disabled, low income, or live outside of adjoining neighborhoods to Golden Gate Park.

Thank you so much for your consideration.

Sheila Presssley

-- Sent from **Meghan McCauley** to **Board of Supervisors** on 2021-11-02 11:31:40 --

Dear Board of Supervisors,

Ableism and gatekeeping have no place in San Francisco. The current closure of JFK Drive is unfortunately both of those things.

SFMTA and Rec and Park are holding accessibility improvements in Golden Gate Park hostage, contingent upon the ongoing closure of JFK. Why are improvements to accessibility from Fulton Ave and an improved shuttle route only possible if JFK remains closed? Making accessibility improvements like this are Rec and Park and SFMTA's responsibility.

Those who demand the ongoing closure of JFK to vehicles ignore the very real questions about how people who rely on cars for transit (many of whom are people with disabilities, seniors, families with young kids, out-of-towners) will get to this part of Golden Gate Park. They don't care. They are unable to visualize people whose lives are different than their own. It's NIMBYism in the park.

The time for "close first, ask questions later" is over. It is time to revert back to the compromise that was struck over a decade ago and restore access for all to Golden Gate Park. Otherwise, an actual real compromise that puts people (not politics) first is welcome.

Dear Board of Supervisors,

I urge you to support returning John F. Kennedy Drive to its pre-COVID conditions, with all roadways open to vehicle traffic and street closures on Sundays, holidays, and some Saturdays.

I haven't been able to enjoy Golden Gate Park with JFK Drive closed 24/7. Everyone should be able to access Golden Gate Park.

We need your voice on this issue!

Sincerely,

Jessica Lerma

-- Sent from **Alex Dacks** to **Board of Supervisors** on 2021-11-02 10:11:41 --

Dear Board of Supervisors,

San Franciscans of all ages and abilities love Golden Gate Park. We all need access to the Park!

JFK Drive should be reopened to the way it was before COVID.

Thank you,

Alex Dacks

Subject: In support of Golden Gate Park Access and Safety Plan (File no. 220261)
Date: Monday, April 25, 2022 9:22:17 AM

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Board of Supervisors,

I am writing in support of the mayor's plan for a slow street corridor through Golden Gate Park (File no. 220261). As a resident of supervisorial district 2, the car-free promenade on JFK Dr. gives me a safe place to recreate, free of the danger and noise of cars. While I enjoy walking on many SF city streets, JFK Dr. is by far the least stressful as I don't have to watch out for cars on every corner. It is also the most relaxing, as the din of car motors fades into the distance. Finally, the slow street corridor through the park allows me a safe bike route to commute to work. If the mayor's plan for Golden Gate Park fails to go through, my life in SF will feel considerably bleaker. Thus, I am calling on Supervisor Catherine Stefani and her colleagues to approve the mayor's plan and give so many San Franciscans one thing to smile about.

Sincerely,
Nathan Wolfe

Dear Supervisors, Staff and SF County Transportation Authority:

re: File# 220370 - Access Equity Study Hurts Vulnerable Communities

Please enter this email into the permanent record as my public comments re: the Joint Special Transportation Authority Board Meeting and the above file referenced as the Access Equity Study requested by Supervisor Walton.

Please acknowledge your receipt of my comments by emailing me at zrants@gmail.com

Dear Board of Supervisors and SF County Transportation Authority and staff:

Please vote against the continuation of road closures in Golden Gate Park and do not support any of the limited reports that the public has seen as they are inconclusive and flawed reports.

As I mentioned earlier in a number of phone calls to you offices, and it seems a lot of people agree with the following statements:

Regardless of what the Board agreed to in their request for a survey, the voters do not accept a partial study of 3 out of 11 district residents as representing us and our needs and desires, and therefore we find the report and the summary flawed for the following reasons:

1. The survey and report requested by Supervisor Walton that will be presented tomorrow only includes people from 3 districts - Districts 3, 10, and 11. The other 8 districts, including my own, were not included in the "city-wide" survey. We cannot accept such a limited survey. This incomplete survey presented to the public over the weekend, should not be accepted as it is written.
2. The results of the incomplete survey, do not represent the majority of the citizens and should not be admissible as a city-wide survey regardless of the directions and questionable methodology used to gather the data.
3. When the voters were given the opportunity to vote on road closures in Golden Gate Park, they voted NO closures.
4. You must give the voters an opportunity to vote on the use of their public streets before removing access to them on a permanent basis.
5. The streets and the city will not return to normal until all the COVID restrictions, including closed and slow streets, are returned to normal pre-COVID conditions.

Respectfully submitted,

Meri Eliza

should be included in your records.

forgive my typos

April 22, 2022

Mayor Breed, Supervisors, and Staff:

I am writing on the subject of reopening JFK Drive and the streets in Golden Gate Park because it has come to our attention that there may be a decision made regarding the use of JFK Drive and the streets in Golden Gate Park at a Special Joint Meeting of SFCTA and the Board of Supervisors on April 26, 2022 at 9 AM. The agenda was just posted and we barely have time to review the documents prior to the meeting, but, we will be able to make some comments now as our position has not changed.

For your reference, East Mission Improvement Association passed a resolution supporting returning JFK Drive and all other roads inside Golden Gate Park to their pre-pandemic status October 28, 2021. Coalition for San Francisco Neighborhoods passed a similar resolution in November 2021.

Families, neighbors, artists, employees, workers, nature lovers, and all those seeking access to the natural and cultural attributes in the park, including elderly and physically challenged citizens, need permanent free and easy access and enjoyment of Golden Gate Park and its many assets in the manner in which we have always appreciated them during our time in San Francisco, prior to the emergency order that shut down the city. Now that the emergency order is lifted, we need to open the streets so that we may resume our pre-COVID lives.

Twice the voters voted by ballot to oppose street closures in the park when given the chance to do so. You need to honor the voters' decision and re-open the streets in Golden Gate Park now. Any changes in the ordinary use of public streets should be thoughtfully designed, vetted and approved by public ballot, not be government edict.

This is such an important matter that you may expect phone calls and my presence at the meeting if I can possibly make it. We appreciate your thoughtful consideration of the needs of all San Francisco citizens to return to our normal lives without hesitation or delay.

I leave you with one other thought.

Why did the SFMTA and the city spend so much time, energy, and money, convincing the state authorities that the center bike lanes in Golden Gate park are safer for bikes than the ordinary curb side lanes if they are not safe now? When did those center bike lanes transition from being safe to not being safe? What physically altered the facts? Should we assume that none of the center bike lanes or other “experimental” bikes lane designs that do not conform to “normal” designs are also not safe? If so, why are they being suggested for other streets around the city? Are we going to spend more money on more “temporary safety experimental designs?”

Thanks for your time and thoughtful consideration.

Sincerely,

Mari Eliza

Dear Mayor Breed, Board President Walton and Supervisors:

I urge each Supervisor to vote against the proposed legislation approving and implementing the Golden Gate Park Access and Safety Program. I urge Mayor Breed to withdraw the proposed legislation. The entire length of JFK Drive should be immediately reopened to cars.

Please see the attached emails from me dated May 11, 2021; September 20/September 21, 2021; January 6, 2022; February 16, 2022; and March 9, 2022. They are hereby incorporated into this email, and I request that they be made part of the record for the Board file numbers stated above and for the proposed legislation.

Over 4,500 people have signed a petition on change.org asking for the immediate opening of JFK Drive to cars. In particular, please read the comments. Here's a link: <https://www.change.org/p/mayor-london-breed-keep-golden-gate-park-open-to-everyone-re-open-jfk-drive-459de70d-08fd-4bac-945b-8d79eb4fa5ee>

On February 18, 2022, the SF Mayor's Disability Council devoted an entire meeting to JFK Drive and extended it by almost 2 hours so more members of the public could be heard. There were ASL (as there always are), and Chinese and Vietnamese interpreters. Literally dozens of public commenters at the meeting described the hardship the car ban has caused them and asked that cars be allowed on JFK Drive again now, and there were many comments in the chat to the same effect. The mitigation measures described by MTA and Rec Park previously and again at the meeting didn't change anyone's mind. Only two public commenters supported the ban. The comments at the February 18 meeting are consistent with the many public comments and emails MDC has received during the past couple of years about JFK Drive, the overwhelming majority of which opposed banning cars.

Below are links to a recording and transcript of the meeting. Please listen to them and read them.

Recording https://sanfrancisco.granicus.com/player/clip/40618?view_id=17&redirect=true

Transcript -https://sanfrancisco.granicus.com/TranscriptViewer.php?view_id=17&clip_id=40618

Here's just one example of the barriers, discrimination and hardship caused by the car ban. Recently my 92.5-year-old mother was visiting from out of town. She's frail and she can't walk far. Ordinarily we would drive along JFK Drive so she could enjoy Golden Gate Park. But this was impossible. If the Dahlia Garden were in bloom, we would drive into Pompeii Circle, park near the Dahlia Garden, and she'd get out of the car and enjoy the garden; this also would have been impossible.

Current conditions on the part of JFK Drive that is closed to cars are dangerous to pedestrians, especially seniors and people with disabilities, because of speeding cyclists (especially those riding electric bicycles) and scooter riders. Vicki Bruckner and others have made detailed recommendations about safety measures, including speed bumps/humps, raised crosswalks, lighting at crosswalks, stop signs, and enforcement of traffic laws. Please implement those recommendations ASAP.

If you truly care about access for all, including disabled people and seniors, please defeat the proposed legislation and end the car ban. This issue is a test of whether San Francisco government officials' statements about equal access are sincere or just rhetoric.

Sincerely

Howard Chabner

Subject: Public comment on May 11, 2021, SFCTA meeting - Reopen JFK Drive to cars ASAP

Dear SFCTA Board members, Mayor Breed and others:

Please reopen JFK Drive to cars ASAP, except, as before the pandemic, for the eastern part on Sundays and some Saturdays.

Before the pandemic, a large percentage of visitors to Golden Gate Park came in cars, including San Franciscans, people who live elsewhere in the Bay Area, and tourists from around the world. Those who relied on cars include seniors, people with mobility and other disabilities, families with children, and residents from places within and outside San Francisco where driving is the only feasible option. Before the pandemic, JFK Drive was open to all transportation modes, including cars, except the eastern part was closed to cars on Sundays and some Saturdays. That was a fair compromise. In addition, there has been a parking-protected bike lane in both directions on JFK Drive for years (the creation of which resulted in the elimination of many parking spaces).

The closure was imposed by executive order of Mayor Breed at the beginning of shelter-in-place on a temporary, emergency basis in order to provide more space for social distancing. In essence, this has closed much of Golden Gate Park to anyone who can't walk or bike in, which is inequitable, but it was imposed quickly and justified as one of many temporary measures to deal with an unprecedented public health emergency.

Permanently closing JFK Drive to cars would create a permanent access barrier to Golden Gate Park for countless numbers of people, including many seniors, people with mobility and other disabilities, families, and people from places where driving is the only feasible option.

The closure of JFK Drive to cars during the pandemic has been touted as a success by some, and used to argue for permanent closure. But it hasn't been a success for those who have been unable to access Golden Gate Park because of the closure. It may be possible to measure the number of pedestrians and cyclists in the park, but it is utterly impossible to measure the number of people who couldn't go there because of the closure.

Permanently closing the eastern part of JFK to cars would permanently eliminate hundreds of parking spaces. Increasing the number of blue zones elsewhere in the park and in the surrounding areas would be insufficient to compensate for the loss. Disabled people parked not only in the blue zones on JFK,

but in regular spaces also, as we do throughout the city. When JFK was open to cars, people who couldn't walk, or couldn't walk far, could park close to destinations such as the Conservatory of Flowers, AIDS Memorial Grove, Dahlia Garden and others. With permanent closure, they will never be able to. Moreover, increasing the number of blue zones elsewhere would do nothing for the countless number of people who may not be disabled but rely on cars to get to the park.

I live close enough to roll to the park, which I do often when the weather is good, and it is truly delightful. But even though I live close, I'm not able to roll there in cold or rainy weather, or at night. For example, I was unable to see the light show in February. When my mother, age 91, visits from Chicago, we drive to the park to go to the museums and gardens. She can walk short distances, but it isn't possible for her to walk there no matter how good the weather.

Weather matters. Many visitors, whether disabled or not, are unable to stand in the rain or cold waiting for a shuttle, and are unable to walk long distances in the rain or cold.

Terminology matters. Rec Park, MTA and others refer to the days that JFK Drive is closed to cars as "Car-Free" days, which implies freedom, and implies that cars are bad. "Restricted Access" or "Car-Forbidden" would be just as accurate.

The City can't make the temporary, emergency closure of JFK Drive permanent without doing an environmental impact report. (The original bike plan was tied up in court for years because the City refused to do an EIR.) And you can't do an EIR about closing JFK without first doing a traffic study of the surrounding areas. One example of the environmental impact on the surrounding areas is the increased congestion on Fell Street from Masonic to Stanyan since JFK Drive has been closed. Any study also must include the impact of losing hundreds of spaces in GGP on parking in the surrounding areas. And it's impossible to do a meaningful traffic study until after the pandemic emergency is over, because current conditions aren't representative.

Closing JFK to cars permanently would violate Title II of the Americans with Disabilities Act. And the City has a mixed record in defending against ADA lawsuits.

Sincerely

Howard Chabner

To all the recipients of Victoria Bruckner's email:

I agree with Ms. Bruckner's comments, which are spot on and eloquently stated.

Regarding the shuttle, I would add that even if the shuttle were well-funded and well-functioning, it isn't equitable, feasible, safe or healthy to require disabled people, seniors, families with small children and others to wait outside in cold, rainy or windy weather for a shuttle (or to ride in a vehicle that's open to the elements). Moreover, it's quite likely that even if the shuttle were well-funded and well-functioning, few would use it in such weather (or perhaps at all, considering the difficulties), which the proponents of banning cars from JFK Drive would then use to justify the ban on the basis that there is little demand.

Also, there are nighttime events such as the Entwined Light Show, the lighting of the Conservatory of Flowers, evening events at both museums, and the fact that the Ferris Wheel is open until 10 PM. The shuttle would be unlikely to run late enough to provide access to these events, and even if it did, the health and safety problems would be even greater than during the day. The Music Concourse garage – touted as a solution by some – closes at 7 PM, is expensive, has poor security, very few van accessible spaces, and other limitations.

Attached is a memo I wrote dated September 9, 2021, which analyzes RPD/MTA's visitor data.

Sincerely

Howard Chabner

Subject: Public Comment for the Land Use and Board of Supervisors Meetings, 9-20-21 and 9-21-21

Dear Members of the Board of Supervisors and SF Government Staff,

Supervisor Chan's well-meaning resolution, attempting a "compromise" related to access barriers caused by the closure of JFK Drive in Golden Gate Park, unfortunately only attempts to solve one of the *myriad* problems caused by the closure.

Supervisor Chan, including much of the general public, has been misled by numerous articles and commentaries in the public media, which have erroneously framed the closure of JFK Drive as a struggle between the DeYoung museum and the Bicycle Coalition. Would that it were as simple as that!

The closure of JFK Drive cuts off easy access for the majority of San Franciscans, Bay Area residents, and tourists to *nearly all* of the most popular attractions in Golden Gate Park. These include, among others, the Rhododendron Dell, the Dahlia Garden, Stow Lake, Pioneer Falls, the Model Boat Lagoon, the Fly-Fishing Pond, and the Buffalo Paddock.

Access to all of these attractions is effectively eliminated for most people with vision and mobility disabilities, seniors, countless families with small children, and almost anyone who must travel to Golden Gate Park from outside the City, or from residents of neighborhoods in the South or Southeast of town, who are mostly working families of color. It is wildly impractical, exclusionary, and horribly inequitable.

In addition, the City currently lacks, and will lack for the foreseeable future, the public transit infrastructure that could support the proposed closure! Last month, Jeffrey Tumlin clearly stated on public radio that Muni only has adequate funding for full service until 2022. After that, Muni service will have to be significantly cut back.

Furthermore, during the pandemic, many who used to regularly ride public transit returned to driving because of fears of the transmissibility of Covid-19. Now, amid widespread concern about the even more transmissible Delta variant, people have continued to avoid buses and trains, preferring to remain in their cars for safety.

The Golden Gate Park Shuttle, the planned alternative to provide access for those who cannot walk, run, cycle or skate to the areas of the Park they want to visit, is barely functional. It has only one driver, and makes unpredictable and infrequent runs. Many of its stops, which are too far apart, lack benches, timetables, and other access features that visitors need to effectively use it. Fully staffing the Shuttle, and providing enough vehicles and appropriately furnished stops, will cost hundreds of thousands of dollars which neither RPD, MTA or the City itself currently have in their budgets.

All of these problems point to the main difficulty with this terrible, insane process. The planning for it was entirely reactive, and was done completely backwards.

Though I have no doubt that many at SFCTA, MTA, RPD, MOD, and Walk San Francisco worked very hard on the plan, it began with a pre-chosen goal, closing JFK Drive, and worked backwards from that point, overlooking many of the serious problems the closure would cause. The current neighborhood meetings, hosted by MTA, to get feedback from the public about how best to ameliorate these problems now that the plan is in place, resemble the actions of a software company that trumpets the release of a miraculous new product, only to be forced to develop patch after patch, year after year, to remedy its many serious faults, one by one.

An appropriate plan for the future of Golden Gate Park would have begun with questions, rather than preconceived answers. The question, "How can we provide the easiest and safest access to the most attractions for the most visitors, of all backgrounds, abilities and ages?" was clearly never asked at the outset.

As a positive contrast, consider what was accomplished by GGNRA when it provided full, world-class access during its renovations at Crissy Field and Lands End. These wonderful places now have universal access, by many different means, for young, old, disabled and non-disabled, athletic and non-athletic people from all over the Bay Area. The concepts and precepts of Universal Design were used throughout the entire endeavor. That is the reason, for example, that many of the drinking fountains at Crissy Field are at not two, but three heights: the tallest for adults, the middle height for wheelchair users and kids, and the lowest, for everyone's dogs!

Truly inclusive, open, tolerant and creative thinking was never used when developing the current plan for the closure of JFK Drive. It was shot through with implicit and partisan bias against people who weren't even considered at the outset! It was designed for the enjoyment of the most physically able and athletic San Franciscans, who live closest to Golden Gate Park, at the expense of *everyone* else!

I hope this isn't an indication that the inclusive, open and creative City that I moved to forty-three years ago hasn't morphed into a mere collection of self-interested, greedy, competitive and cruel individuals. I hope we can move back into the open, big-hearted, egalitarian and creative space we used to occupy, a space epitomized by Golden Gate Park itself.

JFK DRIVE CLOSURE TO CARS – ANALYSIS OF RPD/MTA VISIT DATA

By Howard Chabner

September 9, 2021

The Recreation and Parks Department and MTA have been touting large increases in pedestrian and cyclist usage of JFK Drive since the eastern part of the street has been closed to cars 24/7 during the pandemic, compared to before the full-time closure, when it was closed to cars during daytime hours every Sunday and Saturdays from April through September. For example, in a May 27, 2021, form email from RPD, and in other communications from RPD and MTA, the following statistics (or, in other communications, similar ones) were cited: “During the GGP Slow Street program, pedestrian visits increased 42% and bike visits increased 441%.” Also see RPD Director Phil Ginsburg quoted in an August 8, 2021, New York Times article by Adam Nagourney, [San Francisco’s Cyclists Cheer a Road Less Traveled. Museums Mourn It.](#)

RPD, MTA and their allies have been using the increases to advocate for closing JFK Drive to cars 24/7 permanently, arguing that the closure has led to increased usage of Golden Gate Park.

I asked RPD and MTA questions about the data, and received answers by emails of June 9 and June 23, 2021, from Tamara Barak Aparton, RPD’s Deputy Director of Communications and Public Affairs. Per RPD, pre-closure data was from October 2018 through April 2019, and data from the closure period was from October 2020 through April 2021. The data were collected by a single optical sensor on JFK Drive at the intersection of Tea Garden Drive. RPD collected the data; MTA wasn’t involved. (Email of MTA Director Jeff Tumlin of June 4, 2021.) I will forward RPD’s responses.

Note that the closure period was two years – not one – after the pre-closure period. The closure began on April 28, 2020, so RPD could have shortened each time period by only three days and provided data for three consecutive time periods – October 2018 through April 27, 2019; October 2019 through April 27, 2020; and October 2020 through April 27, 2021. That would have been more likely to show whether there was a trend, whether the pre-closure period of October 2018 through April 2019 was anomalous, and other important information. Ideally, RPD should have provided data for several such periods going back five years or more; this would have shown whether there were any trends, anomalies, etc. Comparing only two time periods, especially nonconsecutive ones, is far from a robust study.

It appears from RPD’s answers that the sensor was operating before October 2018, and continues to operate. Therefore, beginning the periods in October and ending in April seems arbitrary – or perhaps cherry picking – especially since there are only two time periods. Why not begin in December? Why not end in June?

If a visitor made a roundtrip across the sensor, it would count as two visits, per RPD. It’s likely that most pedestrians who crossed the sensor made roundtrips, which means that the actual pedestrian visits are probably closer to half the numbers cited.

It's quite likely that the number of cyclist visits counted by RPD is even more than twice the actual number. Many cyclists make roundtrips, but some cross the sensor more than twice on a ride. The following is from a friend who bikes daily: "On JFK Drive, I go the length to Crossover Drive first. On to Daly City and back, and then on JFK Drive from Crossover to the Concourse. Around Stow Lake a couple of laps and onto JFK Drive again. This time from the boathouse road to the Concourse. A couple of laps around that, and then down JFK Drive to Pelosi Drive. Then loop up around the tennis courts, bocci, and nursery to MLK and the Concourse, another two laps on that, and back onto JFK Drive to the crossing at Kezar Way back to the Haight. So, you can see that on most days, I might be counted as 5 visits! Maybe even more, depending upon where they measure, and how they sort the data. That's on most days. Occasionally, I do loops just around the eastern end of the park (between Kezar and Crossover) when I can hit JFK Drive, etc. another 10 times. Add to that the large number of other cyclists going through the park as well as doing loops around the eastern end, and the problem becomes a mythical exponential mistake."

If the degree of overcounting is the same during both time periods, which is impossible to know, the percentage increases cited wouldn't change if the absolute numbers were adjusted for overcounting.

But the absolute numbers are important, and are much smaller than what RPD and MTA claim. When a small number is increased, the resulting number may still not be large even though the percentage increase may be. A small GDP or an organism with a small number of cells may see a large percentage increase, but the GDP or organism may still be small. RPD says there were 122,822 cyclist visits pre-closure; if 40% of those were roundtrips, then only 73,693 visits were made – an average of 10,528 visits per month or only 350 visits per day, or, using the generous assumption that all cyclist visits were made during 10 hours, only 35 visits per hour. No wonder the percentage increase seems large.

During the pre-closure period, 2,511,570 cars went through the intersection. That's significantly more than the total 2,073,476 pedestrian and cyclist visits during closure, and more than double the total 1,117,534 pedestrian and cyclist visits during the pre-closure period. (These numbers count roundtrips as two visits.) If, as RPD and MTA assert, a significant percentage of cars used JFK Drive to get somewhere else, rather than to visit the park, it's likely that there is less overcounting of cars than pedestrians and cyclists because many cars would have driven on JFK Drive in one direction, exited the park, gone to one or more destinations, and returned home on a different route. Many wouldn't have made roundtrips across JFK Drive.

Cars carry an average of more than one person, so no matter how much the 2.5 million car trips are adjusted downward to eliminate double counting of roundtrips, far more people used cars to go to destinations along or near JFK Drive, or through it en route to destinations outside the park, during the pre-closure period than the total number of pedestrians and cyclists in either period.

Cars coming from JFK Drive east of Tea Garden Drive that parked on JFK Drive east of Tea Garden Drive (bringing people to visit Peacock Meadow, the Dahlia Garden or the Conservatory of Flowers, for example) and made a U-turn to exit the park, and those coming from JFK Drive west of Tea Garden Drive that parked on JFK Drive west of Tea Garden Drive (bringing

people to visit the Rose Garden, Spreckels Lake and Buffalo Paddock, for example) that made a U-turn to exit the park, weren't counted. If those cars – and the people in them – were counted, even more people would be shown as having visited GGP by car.

If a family of four drove to GGP westbound on JFK Drive, parked on JFK Drive east of Tea Garden Drive, walked to the California Academy of Sciences, Music Concourse, SkyStar Wheel or other destinations by way of the Rhododendron Dell, visited those destinations, walked back to their car along the same route, and made a U-turn to exit the park, it would count as zero pedestrian visits and zero car visits. If they parked in the same place, walked to the de Young, Music Concourse, Japanese Tea Garden or Botanical Garden by crossing the intersection of JFK Drive and Tea Garden Drive, visited those destinations, walked back to their car the same way, and made a U-turn to exit the park, it would count as eight pedestrian visits and zero car visits. If they drove west along JFK Drive, crossed the intersection of Tea Garden Drive, parked west of Tea Garden Drive, walked to any of those destinations, walked back to their car the same way and continued driving west along JFK Drive to exit the park, it would count as eight pedestrian visits and one car visit. If, instead, they made a U-turn to exit the park, driving east past Tea Garden Drive, it would count as eight pedestrian visits and two car visits.

Yet in all four examples, four people drove to and from the park, parked their car on JFK Drive, walked from their car to the same or nearby destinations, and walked back to their car. Their visit to the park was essentially the same, but RPD counted a different number of visits and modes for each visit – ranging from zero pedestrian visits and zero car visits to eight pedestrian visits and two car visits. RPD's data simply isn't very accurate.

RPD and MTA decry that many of the cars on JFK Drive were en route to destinations outside the park; the people in them didn't visit the park. But that's also true of many cyclists. Of course there's nothing wrong with cyclists using JFK Drive to go elsewhere, but to the extent the increased cyclist visits were cyclists en route to other destinations, those increased visits don't justify closing JFK Drive to cars. The rationale cited by RPD and MTA for continuing to ban cars is that the ban has led to increased usage of Golden Gate Park. If cut-through car traffic doesn't count as using the park, neither should cut-through bike traffic. It's important to keep in mind that if the car ban were lifted, cyclists would continue to be protected by the parking buffered bike lanes that have been there for around 10 years.

The cars that were diverted because of the closure were diverted – they didn't vanish into thin air! Any study of the impact of permanent 24/7 closure to cars must take into account increased traffic in the nearby streets, both in the park and outside. I live on Fell near Clayton, and congestion on Fell and on Stanyan (and the associated pollution and noise) has increased significantly since the closure.

The sensor provided visits by date, but neither RPD nor MTA totaled visits by day of the week, which means they haven't analyzed visits by day of the week. Both organizations argue that the closure of eastern JFK Drive to cars has led to huge increases in pedestrian and cyclist visits, and that those increases justify banning cars 24/7 permanently. It would be important to know, therefore, how much of those increases occurred on Sundays and on Saturdays in April, days in which eastern JFK Drive was closed in the pre-closure period. Increases on those days

obviously couldn't have been due to the closure; most likely they were due to pandemic conditions, when many people worked from home, some lost their jobs, students attended online classes, and fewer people traveled outside San Francisco. Yet neither RPD nor MTA has done this simple calculation. How difficult is it to add up 35 numbers, add up a second set of 35 numbers, and compare the two sets?

It's also important to compare visits during the two periods on each other day of the week. (Similarly, for each day of the week it would simply involve adding up 30 numbers, adding up a second set of 30 numbers, and comparing the two sets.) If the increased visits were relatively small on certain days of the week, perhaps Mondays and Tuesdays, then closure on those days isn't justified even on the grounds cited by RPD, MTA and their allies.

And if RPD didn't compile data by day of the week, they certainly didn't compile it by time of day. It's a safe bet, however, that the overwhelming majority of pedestrian and cyclist visits in both periods occurred during daylight hours. What justification can there be for closing JFK Drive to cars at night?

The sensor doesn't count unique visitors, just visits. (Tracking unique visitors would violate the City and State's privacy laws, per RPD.) So if someone visited five times per week during the closure period (perhaps she was working from home during the pandemic and didn't travel), whether on foot or by bike, RPD would count it as five visits each week, or 10 if she made roundtrips. It's wonderful that she enjoyed the park frequently, but Golden Gate Park (and all our parks) are for everyone. To the extent the increased visits were made by relatively few people, the argument for banning cars is even weaker.

RPD and MTA are analyzing anonymized location-based data from Streetlight Data and CityDash.ai. It appears that this data shows visitor origin. But this data also doesn't count unique visitors. So, again, it's impossible to know to what extent increased visits – even those from far – were made by relatively few people. (Collecting location-based data on individuals, even though anonymized, raises major privacy concerns, but that's an issue for another day.)

RPD doesn't know how visitors got to the park. Someone who drove from outside San Francisco or from another neighborhood in San Francisco, parked outside the park, and walked or biked in would be counted as a pedestrian or cyclist even though most of the trip was made by car and, indeed, might not have been feasible or possible without a car.

Visitor data, no matter how collected, sliced, diced and analyzed, doesn't measure – because it can't measure – the number of people who stayed away from Golden Gate Park because banning cars from JFK Drive made it too difficult to get there or to park there.

Banning cars from JFK Drive 24/7 effectively excludes many people (not only disabled people) from visiting many of the most important destinations in GGP. It's wrong. It's a violation of disability civil rights laws. The data about visits may be politically relevant, but the civil rights violations caused by banning cars from JFK Drive don't depend on data. The disability civil rights complaint filed by Bob Planthold, Vicki Bruckner and me with the California Department of Justice, and the one filed by Richard Skaff, which are

currently pending, are valid regardless of the data. Nothing herein is a waiver of these complaints, of our rights asserted therein, or of any other legal rights.

Subject: Exclusionary Winter Lights shows in Golden Gate Park; Disability discrimination complaint with US DOJ
Attachments: [JFKDriveUSDOJComplaintText11-17-2021.pdf](#)

Dear Mayor Breed, Board President Walton, Supervisors, Director Ginsburg, Director Tumlin, Director Bohn, staff members and others:

For the second year in a row, banning cars from (the eastern part of) JFK Drive made it impossible for many people with mobility disabilities, seniors, those who live far from Golden Gate Park and others to see the Winter Lights shows. In 2020 there was Entwined, which "transformed [Peacock Meadow] into an enchanted forest of otherworldly shapes and ever-changing light." This past December the Winter Lights event was larger, featuring, in addition to Entwined, "Photosynthesis by Illuminate on the Conservatory of Flowers, special ambient lighting among trees and ferns by the SF Park Alliance and the activation of the Music Concourse."

For many people with mobility disabilities, including me (I use a power wheelchair full-time), the only way to see these light shows is by car. I live a couple of blocks from Golden Gate Park and my wheelchair can go long distances, but because of my muscular dystrophy I don't do well in cold weather and it just isn't feasible or healthy for me to roll there at night. For others with mobility disabilities who don't live nearby, for those who walk with difficulty and precariously, for those who cannot walk far and for others similarly situated, it's literally impossible to get there, and to view the light shows, without a car. Winter evenings and nights are cold and often windy, and this past December – fortunately – there was a lot of rain. Many of us need the shelter of being in a car. And many, including women alone, don't feel safe walking in the park after dark; being in a car is safer.

Yet the only solution Rec and Park proffers is the shuttle. But it isn't a solution. Does RPD really expect people with mobility disabilities, seniors, families with small children, and women alone to wait in the cold, darkness, wind and rain for a shuttle? To stand because there are no benches at the stops? To wait multiple times in order to go from one display to another? To risk the shuttle being full of able-bodied people (for whom it may be workable), and being passed up? To risk missing the last shuttle? To risk the wheelchair lift (assuming every shuttle has one) malfunctioning?

Moreover, the shuttle operates only on weekends and holidays, and only until 8 PM.

It may well be that the shuttle runs with many empty seats, especially at night. RPD

might misinterpret this as a lack of interest by people with mobility disabilities in viewing the Winter Lights shows, or, during the day, a lack of interest in visiting the park entirely, when actually it's due to the fact that the shuttle is not a real solution.

On November 17, 2021, I filed a complaint with the US Department of Justice about discrimination against disabled people by the City and County of San Francisco due to the closure of JFK Drive to cars. It was assigned report number 116626-RTG. Attached is the text of the complaint. Others have filed similar complaints.

Please act according to the principles you profess. It's time to end the ban.

Sincerely

Howard Chabner

I have facioscapulohumeral muscular dystrophy (FSHD), cannot walk, and use a power wheelchair full-time.

In April 2020, as part of San Francisco's response to the pandemic, the eastern part of JFK Drive in Golden Gate Park was closed to cars 24 X 7 on a temporary, emergency basis to provide more space for social distancing. JFK Drive is the main east-west thoroughfare in the park, and many attractions are located along or near the eastern part, including the Conservatory of Flowers, Dahlia Garden, de Young Museum, California Academy of Sciences, Lily Pond, Rhododendron Dell, Peacock Meadow and SkyStar Observation Wheel. The Entwined Light Show and the lighting of the Conservatory of Flowers take place only at night. The observation wheel is open until 10 PM.

Before the pandemic, many people with mobility and other disabilities relied on cars (including paratransit, private regular vehicles and private vehicles adapted for wheelchair access) to access Golden Gate Park. JFK Drive was open to all transportation modes, including cars, except that the eastern part was closed to cars on Sundays (until around 5 PM) and some Saturdays (until around 5 PM). There are hundreds of parking spaces along JFK Drive, including some designated disabled parking spaces (blue zones). It's important to emphasize, however, that disabled people parked not only in blue zones, but also in regular spaces, as we do elsewhere.

Paratransit vehicles dropped off and picked up people with disabilities at various locations along the eastern part of JFK Drive, such as the attractions listed above. This includes parents with disabilities who take paratransit so they can accompany their able-bodied children to school outings, and parents of children with disabilities who accompany their children.

I live close enough to roll to the park in my power wheelchair during the day in good weather. But I'm not able to roll there in cold, foggy or rainy weather, or at night. In those conditions, before the eastern part of JFK Drive was closed to cars, my wife and I drove there in our wheelchair accessible minivan. The closure has prevented me from visiting the attractions described above except during warm, sunny days, and from planning visits in advance because the weather in San Francisco is an unknown factor.

Many people with disabilities who don't live close to the park, and/or who use manual wheelchairs, and/or who walk slowly, with difficulty, and can walk only short distances, and who may or may not use canes, crutches, or a walker, have been unable to access the eastern part of JFK Drive and the attractions along and near it.

There is no longer any pandemic-related justification for continuing to close the eastern part of JFK Drive to cars, yet San Francisco government is continuing to do so, and it's likely the closure will become permanent.

This situation is the subject of a complaint by Alyse Ceirante dated October 4, 2021, record number 106078-MGD. I agree with and support her complaint.

Subject: MTA survey results about JFK Drive are very flawed.
Attachments: [JFKDriveSurveyCommentsCleanV2MichaelCawthon2-4-2022.pdf](#)
[JFKDriveSurveyDetailsCleanMichaelCawthon2-2022.xlsx](#)
[JFKDriveSurveyAgeIncomeStratificationCleanMichaelCawthon2-2022.xlsx](#)

Dear Mayor Breed, Board President Walton, Members of the SF Board of Supervisors, Director Ginsburg, Director Tumlin, and Board, Commission and City staff members, MTA conducted a survey about JFK Drive in September through November 2021. Based on the results, City agencies and others claim that the overwhelming majority of San Franciscans support a car-free JFK Drive. Attached is an analysis by Michael Cawthon based on the survey database he received from MTA in response to a Sunshine request. Mr. Cawthon's expertise and experience are shown at the end of his analysis. Two spreadsheets detailing the data are also attached to this email.

Mr. Cawthon's analysis shows major flaws in the survey methodology and tabulation of the results, including duplicates, tabulation errors, filling in missing data, elimination of some responses that are probably valid, and the submission and acceptance of over 500 online surveys after the deadline. The late responses overwhelmingly supported car-free JFK.

Per the analysis: "Alleged support for a car-free JFK steadily declined in older age groups. Only 38% of responses from residents age 65 and above favored the existing car-free JFK option (among nearly 1,300 responses from these age groups). Survey responses that reported one or more disabilities also did not favor a car-free JFK Drive. Nearly 1,000 responses came from residents who reported one or more disabilities (the most common were mobility issues). Among those that answered the car-free JFK Drive question, only 38% allegedly favored the existing car-free JFK option." Paper surveys didn't ask about disabilities, so the number of people with disabilities who oppose banning cars is probably undercounted.

According to the analysis, Latinos, Blacks, Asians and Pacific Islanders were underrepresented in the survey responses relative to their proportions of San Francisco residents, as were certain geographic areas.

Sincerely

Howard Chabner

Golden Gate Park Access & Safety Program Survey

The comprehensive SFMTA survey database was obtained through a Sunshine Ordinance request. Many of the flaws and inconsistencies I will describe are baked into the structure of the survey itself. Others become rather obvious by just sorting and filtering the responses by different characteristics. Anybody with moderate spreadsheet skills could perform the same analysis.

Results of the Survey

City agencies, local journalists, and activist groups have promoted the apparently favorable response to the survey. Some have inaccurately claimed that 10,000 people responded to the survey and that the overwhelming majority of San Franciscans support a car-free JFK Drive. First of all, 10,000 people did not respond to the survey. There are 9,749 responses in the SFMTA database, and responses are not the same as people. As detailed below, there are many duplicate responses among the surveys submitted. The exact number of duplicates cannot be determined by anyone. However, there are certainly several hundred and potentially a couple thousand duplicate responses in the SFMTA database. Additional details are provided below. As a result, there may have only been 7,000 or fewer people that actually responded to the survey. In addition, not every survey respondent answered every question. For example, more than 900 responses did not answer the car-free JFK Drive question.

Second, the results of the survey cannot be extrapolated to the general population of San Francisco. You may be able to claim that a certain percentage of the survey responses favored car-free JFK Drive, but you cannot extend this claim to all of San Francisco. Responses to this survey were voluntary and anonymous. Only those who were aware of the survey and interested enough in the proposed changes in Golden Gate Park would have responded. As detailed later, many people responded to the survey multiple times. There was no attempt by SFMTA to ensure that the composition of responses reflected the actual demographic characteristics of San Francisco. Based on the demographic information that was provided on the surveys, the responses were clearly not representative of the general population of San Francisco. Non-white ethnic groups were significantly underrepresented. Many geographic areas of San Francisco were also significantly underrepresented. These issues are explained in greater detail below.

Advocates for a car-free JFK Drive have boasted that all income groups and ethnicities supported car-free JFK, based on the survey responses. However, they did not explain that the strongest apparent support came from high-income households, particularly those reporting incomes \$200,000 and above. Responses from households earning \$200,000 or more accounted for 30% of the total responses that provided income information on the survey. Advocates also failed to mention that ethnic diversity among the responses was severely lacking. Significantly inadequate representation by certain ethnicities in the survey is explained below in greater detail. Further, among all ethnicities, apparent support for a car-free JFK was strongest among White responses, which were heavily overrepresented in the survey. For example, there were nearly 1,200 survey responses from the following demographic group: White only, age 25-44, with household income of \$150,000 or more. More than 93% of this demographic reportedly favored a car-free JFK Drive.

Alleged support for a car-free JFK steadily declined in older age groups. Only 38% of responses from residents age 65 and above favored the existing car-free JFK option (among nearly 1,300 responses from these age groups).

Survey responses that reported one or more disabilities also did not favor a car-free JFK Drive. Nearly 1,000 responses came from residents who reported one or more disabilities (the most common were mobility issues). Among those that answered the car-free JFK Drive question, only 38% allegedly favored the existing car-free JFK option.

Inadequate Representation from Certain Ethnicities

Nearly 7,000 surveys provided ethnicity information. The remaining surveys left these questions blank or stated that they preferred not to answer. Of the 7,000 surveys with ethnic information, 66% reported that they were White only (i.e. they did not select Hispanic or any other ethnic category other than White). According to U.S. Census information, about 40% of the population of San Francisco is comprised of non-Hispanic White residents. While White residents were significantly overrepresented in the survey, virtually all other remaining ethnicities were significantly underrepresented relative to their actual proportions of total city residents. For example, Asian & Pacific Islander responses represented less than 16% of the surveys, but these groups account for 35% of the total San Francisco population. Similarly, Hispanic & Latinx responses (of any race) comprised 8% of the survey responses, but these groups make up 15% of the total city population. The scenario is the same for Black & African American responses.

Inadequate Representation from Certain Geographies

There have been public claims by advocates that support for a car-free JFK Drive is strong citywide, with survey responses from 24 of 25 San Francisco zip codes desiring a car-free JFK. This claim, while perhaps technically accurate, is highly misleading, because there were very few survey responses from many San Francisco zip codes. Survey responses were recorded from 34 valid San Francisco zip codes. Seven of these zip codes represent P.O Boxes or other zip codes with no reported residents. Of the remaining 27 valid San Francisco zip codes with residents, 16 had fewer than 200 responses to the car-free JFK Drive question. For example, the zip code for Treasure Island (94130) had one response to the car-free JFK question. Zip code 94111 had 12 responses, and zip code 94129 had 25 responses to the car-free JFK Drive question. Support for a car-free JFK Drive cannot be reasonably determined for thousands of residents in those zip codes based on so few responses.

The southeastern part of San Francisco (zip codes 94112, 94124, and 94134) was particularly underrepresented in the survey. These three zip codes include the Ingleside, Excelsior, Bayview, Visitacion Valley, and Portola neighborhoods. These zip codes had about 300 total survey responses to the car-free JFK Drive question. Based on U.S. Census information, these three zip codes have more than 150,000 residents. Claiming that citizens in all of these neighborhoods favor a car-free JFK Drive based on only 300 combined survey responses is extremely disingenuous.

Further, there are some discrepancies in the zip code data from the paper surveys. This problem is described in more detail below. However, the number of responses from two zip codes (94107 and 94110) are not accurate, because SFMTA employees improperly entered this data for some paper surveys that lacked this information.

Duplicate Online Surveys and Problems with “Over-Vote” Analysis

The SFMTA identification and analysis of multiple responses from identical IP addresses was included with the database they provided to me. Just to be clear, this was their analysis, not mine. They did not provide individual IP addresses in the database (personal information), but they did indicate how many responses came from duplicate IP addresses. SFMTA identified about 2,000 online responses from duplicate IP addresses and estimated that about 1,700 of these responses should be excluded from the results (i.e. “over-votes”). I believe this process was significantly flawed, but at least SFMTA acknowledged that there is a very large number of duplicate online survey responses in their database. Nonetheless, their methodology improperly excluded many legitimate responses, while failing to identify many more likely duplicates.

I will describe the SFMTA methodology to identify and exclude “over-votes” in more detail. First, SFMTA identified online responses from IP addresses that had two or more responses to the existing car-free JFK question on the survey (blank responses were not counted – not every response answered this question). Based on this analysis, SFMTA identified a total of 2,023 potential duplicate survey responses from 836 IP addresses. That means that out of the 8,037 total online surveys that answered the car-free JFK question, about 25% came from duplicate IP addresses. Most of these responses came from IP addresses that reportedly had two or three responses each. However, some IP addresses had ten or more responses, including one IP address that reportedly had 50 responses to this question.

It is important to note that multiple responses from the same IP address did not always answer the question the same way (e.g. one response from an IP address may have indicated the existing car-free JFK option was “Desirable” and another response from the same IP address may have found that option “Undesirable”). SFMTA calculated “over-votes” by only looking for identical responses from the same IP address. So if there were two “Desirable” responses to this question from one IP address, both were identified as “over-votes.” Unique responses from the same IP address were not considered “over-votes.” Based on this analysis, SFMTA identified 1,706 “over-votes” among the 2,023 potential duplicate responses for this question.

This is a very flawed methodology, and the process certainly excluded many legitimate survey responses. For example, if a single person actually submitted two or more identical online responses to this question, SFMTA excluded all of these responses as “over-votes.” Using this approach, such an individual would not have had any of their responses counted by SFMTA. In this situation, it would be more appropriate to count one response from such an individual, and to exclude any additional responses as invalid.

More importantly, it is virtually certain that different people sometimes submitted responses to the survey using a shared device (e.g. public computer) or from different devices that shared the same IP address (e.g. people using the same internet service provider network). Based on the SFMTA approach,

most of these responses would have been considered as “over-votes” and would have been excluded from the overall results, even though they likely originated from different people.

Remember, there was reportedly one IP address that had 50 responses to the car-free JFK question. Of these, 35 responses found the existing car-free JFK option “Very Undesirable.” However, seven other responses from this same IP address answered this question “Very Desirable.” The remaining eight responses from this IP address were distributed among all of the remaining options, including two responses that had “No Opinion.” One of the 50 responses from this IP address answered the question “Desirable.” In its calculation of “over-votes,” SFMTA only counted any duplicate answers from the same IP address. In this instance, SFMTA considered 49 of the 50 responses from this IP address to be “over-votes.” The only response that was counted was the single unique response for “Desirable.” All other responses from this IP address were excluded because they had two or more answers for each option. Based on the distribution of answers to this question from this IP address, these responses do not appear to have come from a single person or even a few different people. It appears much more likely that this was either a shared device or a shared IP address used by very many people. However, virtually all of these responses were excluded by SFMTA as “over-votes.”

There is another major problem with the analysis of duplicates and “over-votes.” It would have been very easy for a single individual to submit multiple online surveys from different devices with different IP addresses, or to use many other available methods to submit multiple surveys from fake IP addresses. For example, an individual could have submitted surveys from their personal cell phone, their work laptop, and their family tablet. These devices would likely each have a unique IP address and would not be apparent as duplicate responses to the SFMTA.

In addition, there is no way for anyone to know how many people submitted both online surveys and paper surveys. There were also major problems with the paper surveys, as described in detail below.

Duplicate Paper Surveys and Problems with Data Manipulation

Paper surveys only accounted for about 9% of the total number of responses in the SFMTA database. However, there were major problems with these surveys. There appears to be a large number of duplicate paper surveys, and it also appears that SFMTA employees inappropriately entered some survey data for questions that were not answered on the original surveys. I contacted SFMTA and provided them with my analysis. SFMTA refused to answer my questions or provide any additional information regarding these issues.

I am 100% certain that there is a large group of duplicate paper surveys in the database. I know this because I found many duplicate pairs of paper surveys by carefully reviewing the underlying data. There are numerous pairs of surveys that are identical in every single respect, including identical answers to every question, verbatim comments in every comment field, and identical demographic information (e.g. age range, income range, and ethnicity). The most conclusive proof came from the optional comment fields. I easily identified duplicates where surveys had identical lengthy comments in multiple comment fields. There is no possibility that two surveys would have the exact same responses to dozens of questions and verbatim comments in every field. I asked SFMTA to explain how the duplicates got into the database and to accurately identify all duplicate paper surveys. I did not ask them to

confirm whether or not there are duplicates, because I know that there are. I suspect that a large batch of paper surveys was inadvertently entered into the database twice by different SFMTA employees. I estimate that potentially 50-60% of the paper surveys consist of these duplicate pairs, meaning that about 25-30% of the responses from the paper surveys should be discarded. By the way, SFMTA responded to my additional request with “No responsive records exist.” I am following up with SFMTA with an additional request to obtain confirmation of my claims.

I am also 100% certain that SFMTA employees improperly entered zip codes for paper surveys that did not originally contain this information. I asked SFMTA to simply confirm this, and to identify any other instances where employees may have improperly entered or changed survey responses. I discovered the zip code discrepancies using the same methods I used to identify the duplicate paper surveys. Again, based on my review, it appears that at least two different SFMTA employees entered the paper surveys into the database. It appears that if the zip code was left blank, one employee always entered 94107 and the other employee always entered 94110 for these surveys. As a result, paper surveys from these two zip codes supposedly represent nearly 60% of all paper survey responses, which would be virtually impossible. For reference, these two zip codes aren't even near Golden Gate Park and they only represent about 12% of the city's population (there are more than 30 San Francisco zip codes). Also, these two zip codes only made up 10% of the online survey responses, which is much closer to the expected proportion. Another red flag: every single paper survey supposedly had a zip code entered. There were no blank responses for zip codes on any of the paper surveys. This is highly improbable. There were no other questions on the survey (paper or online) that didn't have at least some blank entries among the surveys submitted. The fact is, people don't always answer every question on a survey. By the way, SFMTA responded to my additional request with “No responsive records exist.” While I do not believe that there was any ill intent behind this practice, it is a significant weaknesses with the administration of the survey. Entering or changing answers on behalf of survey respondents is a huge problem, even if it didn't affect a large number of surveys or change the overall survey results. This practice illustrates a significant weakness with survey controls. It has the potential to distort some of the survey results, and it calls into question the integrity of other survey responses.

Further, there is at least one other problem with the paper surveys. These surveys generally asked the same questions as the online surveys. However, the paper surveys did not ask for information regarding disabilities. Therefore, the total number of surveys from people reporting one or more disabilities is certainly undercounted by some degree. If the proportions were similar to the online surveys, there could have been another 100 responses from the paper surveys that would have reported one or more disabilities.

Additional Problems with the Surveys

I know for a fact that more than 500 online surveys were submitted and accepted after the public deadline of 5pm on November 24, 2021. The SFMTA database includes the submission date and time for every online survey. There were 552 online surveys submitted after the deadline, including 400 that were submitted after 12pm on November 28, 2021. Nearly 90% of these very late surveys favored car-free JFK. That should be a red flag, and all surveys received after the deadline should be discarded. The survey was well publicized and was open to the general public for more than two months. Anyone who

wanted to respond to the survey was perfectly capable of doing so within the established parameters, as understood by everyone.

I also know for a fact that there were nearly 600 surveys with contradictory responses. These included surveys that said they wanted both the existing car-free JFK and the No Project option (285 responses answered either “Desirable” or “Very Desirable” to both options). The total also includes responses that did not want either option (299 responses that found both options either “Undesirable” or “Very Undesirable”). Again, this is pretty easy to verify by using simple sorting and filtering techniques. These contradictions cloud the results, because some of the surveys that claim to support the existing car-free JFK also indicated that they wanted the roads reopened to cars (i.e. pre-pandemic status). This problem resulted from the poor structure and wording of the survey questions. The analysis of these two questions on the survey should exclude any contradictory responses.

About Michael Cawthon:

I have worked for a bank regulatory agency as an examiner and an analyst for over 30 years. The analysis and opinions in this paper are entirely my own and in no way reflect the work or views of my employer or any other organization.

Golden Gate Park Access and Safety Program

Survey available online 9/21/2021 through 11/24/2021 (although late responses were apparently accepted)
 Paper surveys could also be submitted (although these surveys lacked questions about disabilities)

Subject: March 10, 2022, joint meeting of MTA Board and RecPark Commission - JFK Drive - end the exclusionary car ban now!
Date: Wednesday, March 9, 2022 2:08:01 PM
Attachments: [JFKDriveMIGAccessReportFinal11-2021.pdf](#)
[JFKDriveSurveyCommentsCleanV2MichaelCawthon2-4-2022.pdf](#)

Dear Board Members and Commissioners:

Please end the exclusionary ban on cars on eastern JFK Drive ASAP! Consider:

1 - On February 18, 2022, the SF Mayor's Disability Council devoted an entire meeting to JFK Drive and extended it by almost 2 hours so more members of the public could be heard. There were ASL (as there always are), and Chinese and Vietnamese interpreters. Literally dozens of public commenters at the meeting described the hardship the car ban has caused them and asked that cars be allowed on JFK Drive again now, and there were many comments in the chat to the same effect. The mitigation measures described by MTA and Rec Park previously and again at the meeting didn't change anyone's mind. Only two public commenters supported the ban. The comments at the February 18 meeting are consistent with the many public comments and emails MDC has received during the past couple of years about JFK Drive, the overwhelming majority of which opposed banning cars.

Below are links to a recording and transcript of the meeting. I strongly urge you to listen to them and read them.

Recording https://sanfrancisco.granicus.com/player/clip/40618?view_id=17&redirect=true

Transcript -https://sanfrancisco.granicus.com/TranscriptViewer.php?view_id=17&clip_id=40618

2 - For an example of the discriminatory impact of the car ban, consider my 92.5 year old mother, who lives in Chicago and will be visiting later this month. She is frail, can walk only limited distances, and uses a walker sometimes and a cane other times. Although most of her life she has not been disabled, she now fits both the common sense and legal definition of a person with a disability. She enjoys going to the Dahlia Garden. For the past 10 years or more before the car ban, she went with me and my wife in our wheelchair accessible minivan; one could drive along JFK Drive, then Pompeii Circle all the way to the Dahlia Garden. The garden will not yet be in bloom in late March, but the scenario I'm describing will apply to her and countless similarly situated people when it's in bloom. I live around two blocks from the beginning of the park. It is not feasible, physically possible, healthy, kind or legal to expect her to walk two blocks to the beginning of the park, cross a busy street (Stanyan), walk further

into the park to the first shuttle stop, wait up to 25 minutes for the shuttle, ride the shuttle to the Dahlia Garden, wait up to another 25 minutes for the shuttle, then walk more than two blocks back to my home. (The shuttle currently doesn't even operate on weekdays.)

For the second year in a row, the car ban excluded many disabled people from the recent Winter Lights shows and other nighttime events. For those with mobility disabilities who don't live nearby, for those who walk with difficulty and precariously, for those who cannot walk far, and for those who don't do well in cold and windy weather, it's impossible to view the light shows without a car. For example, because of my muscular dystrophy I don't do well in cold weather, and it just isn't feasible or healthy for me to roll there at night. So I couldn't go to the light shows. Winter evenings and nights are cold and often windy, and this past December – fortunately – rainy. Many require the shelter and safety of being in a car.

The shuttle isn't a solution. Does RecPark really expect people with disabilities, seniors, families with small children, and women alone to wait in the cold, darkness, wind, and rain for a shuttle? To risk being passed up because the shuttle is full? To risk missing the last shuttle?

Even during the day it's not feasible or fair or healthy to ask disabled people to wait for a shuttle when it's cold, rainy or windy. Even in good weather, it's burdensome for people who come from far away and already have had a long, complicated journey, to wait for a shuttle. Even during the day and in good weather, a shuttle is just too physically demanding and tiring for many people.

Providing a shuttle does not fulfill San Francisco's obligations to ensure full and equal access to people with disabilities.

3 – RecPark and MTA highlight some people with mobility disabilities who support the car ban. These are typically people who use a motorized mobility device such as a power wheelchair or scooter, or those who are physically capable of riding a recumbent bicycle. But the fact that they are able to navigate car free JFK Drive (in good weather) does not mean that the car ban complies with San Francisco's obligations under the ADA and California access laws.

Here are some analogies. Many people with mobility disabilities are able to climb stairs. That doesn't mean that a newly constructed building without an elevator complies with disability access laws. Many people who are legally deaf don't use sign language and aren't part of the deaf culture. That doesn't mean that governments and public accommodations aren't required to provide sign language interpretation and other accommodations.

4 - MIG, a respected architecture, planning and access firm, was hired by the de Young Museum to investigate the impact of closing (the eastern part of) JFK Drive to cars, and the resulting removal of accessible parking spaces, on disability access to the museum. MIG's November 2021 final report (attached) concludes: "By removing free accessible parking in the immediate vicinity of the museum and by not providing

equivalent **free parking** within a reasonable travel distance to the museum, the City is reducing program access **and is not meeting its obligations under title II of the ADA**. Alternative methods of accessing the museum, including passenger drop-off areas, the park shuttle service, and walkways within the park, all have identified barriers to accessibility and do not negate the need for accessible parking spaces." (Page 22. Emphasis added.)

MIG's assignment, and accordingly its report, was limited to the impact on disability access to the de Young Museum. But essentially the same facts, analysis and conclusions also apply to the City's title II obligations with respect to other places and programs on and near the eastern part of JFK Drive, including the Conservatory of Flowers, Dahlia Garden, Rose Garden, Stow Lake/Boathouse and nighttime events.

5 - There are major safety and accessibility problems with crosswalks, street paving and curb ramps along JFK Drive, which RecPark has acknowledged but says it doesn't have funding to repair. I've notified the Board of Supervisors, Mayor Breed, the MTA Board and the RecPark Commission about this, but nobody has responded or done anything. Apparently the Golden Gate Park Safety and Access Program doesn't have enough money to provide safe and accessible curbs, crosswalks and streets.

Thank you for considering this email.

Sincerely

Howard Chabner

In July 2021, the de Young Museum retained MIG to conduct an independent review of accessibility issues at the Museum within Golden Gate Park, stemming from the temporary road closure of John F. Kennedy Drive and removal of accessible parking surrounding the Museum. **This report details how the permanent elimination of these free ADA parking spaces that serve the de Young Museum, and the permanent closure of the street, causes a reduction of access through the removal of accessible features.**

ADA Standards allow alternatives to specified requirements that provide **substantially equivalent or greater accessibility and usability as an “equivalent facilitation.”**¹ The question of whether an alternative solution is “equivalent” involves considerations as to whether it is just as, if not more, effective in terms of accessibility, usability, convenience, and reliability for people with disabilities.

This report provides a discussion of the regulatory requirements to provide access for Museum visitors with disabilities, applicable technical codes, and a summary analysis based on existing conditions. The report includes an assessment of the existing accessible parking and associated paths of travel serving the Museum and an analysis of the impact of street closures on meaningful access to the Museum. Finally, the report considers the alternative proposals from SFMTA and RPD’s Golden Gate Park Access and Safety Program, if permanent road closure is pursued beyond the temporary COVID-19 closure.

The report’s key findings include:

- **JFK Drive Provides Most Accessible Parking:** The JFK Drive spaces represent the best existing option for accessible parking that serves the de Young Museum, based on distance and accessible route. Per 11B-208.3.1, accessible parking serving a building or facility must be on the shortest accessible route from parking to the accessible entrance. The JFK Drive spaces are the closest accessible spaces to the de Young Museum, at a distance of 200 feet. With their removal, the closest accessible street spaces are along MLK Drive, 1,250 feet from the entrance to the Museum. This is an increase of over 1,000 feet in the required path of travel from accessible street parking to the de Young Museum. In addition, removing these spaces reduces accessibility for those who use a van lift in their vehicle for wheelchair access.
- **Shuttle Service is Inadequate:** The shuttle service runs only on weekends and holidays, and during limited hours; its shuttle stops and associated paths of travel are not accessible. Its schedule is unreliable. This service is not “equivalent facilitation” as it limits the time allowed to visit the park, and the length of visit is determined by shuttle service availability. Furthermore, the shuttle service does not provide substantially equivalent or greater accessibility and usability as someone having the ability to drive their personal vehicle and park at an accessible parking space and does not encourage independent access to the site.

¹ Americans with Disabilities Act, ADA Update: A Primer for State and Local Governments
https://www.ada.gov/regs2010/titleII_2010/title_ii_primer.html

- **Parking Garage Not Accessible For Drop-Offs:** The Music Concourse Parking Garage does not provide the minimum requirements for accessible passenger loading and drop-off zones. CBC and ADAS require a minimum 20 foot long by 8 foot wide vehicle pull-up area (11B-503.2). Adjacent to that is a required 20 foot long by 5 foot wide access aisle to load/unload people from the vehicle (11B-503.3). This entire area must be located on the same level and connected to an accessible route (11B-503.4). The minimum height of the vehicle pull-up spaces is required to provide a minimum clearance of 114 inches. (11B-503.5). The minimum clearance would be required at the vehicle pull-up spaces, access aisles serving them, and a vehicular route from an entrance to the passenger drop-off and loading zone to a vehicular exit. The parking garage provides 98-inch clearance.

This option would not be allowed as equivalent facilitation to the removal of parking, or the removal of the existing accessible drop-off adjacent to de Young Museum, currently provided at the Music Concourse area in front of the Museum.

- **Fulton Street Loading Zone & Parking Not a Replacement:** Fulton Street is located outside of the park site, therefore parking spaces are not within the park right-of-way. This proposed option diminishes an already deficient accessible parking within the park site creating less access. Additionally, the segments of Fulton Street within the project area are located on San Francisco's High Injury Network (HIN)². Since it is located along a HIN, it may not be a safe alternative, and due to not being located within the park right-of-way, it does not comply with ADA or CBC scoping³ requirements.

The entrance from Fulton Street and 10th Street is the closest site arrival point for public transportation and from the public sidewalk. However, an accessible route is not provided leading from this location to the Museum entrance. Closing JFK Drive also affects the accessible route from Fulton Street in other ways. The designated accessible routes lead to the crosswalks that cross JFK Drive. A crosswalk intends to alert motorists that there is a pedestrian crossing and to yield to a pedestrian. While on-site, it was observed that the bicyclists and motorized skateboards were moving at rapid rates and not yielding to pedestrians crossing, creating hazards to those coming from site arrival points located at Fulton Street. This condition reduces the accessibility intended for people using mobility aides and pedestrians with low vision or who are blind.

- **Tour Bus Parking/Japanese Tea Garden Parking Lot Less Accessible:** The spaces themselves do not comply with 11B-502. The access aisles are not marked correctly; paint has faded and is not in contrast with the asphalt (11B-502.3.3), and the slopes of the access aisles exceed 2% (11B-502.4). These access aisles are not connected to the shortest accessible route leading to the Museum entrance (11B-208.3.1). Parking spaces are located at the far end of the parking lot. Vehicles were parked on what would be considered the shortest accessible route that leads to the Japanese Garden and de Young Museum both days of the site visit, so the route requires diverting to MLK Drive from the parking lot to access the Museum.

This route has multiple locations where slopes make the walk inaccessible and vertical discontinuities exceed 1/2-inch. Containers block an alternative route from the lot directly linked

² <https://www.sfmta.com/project-updates/initial-plan-fulton-street-safety-and-transit-project>

³ CBC 11B-206.2.1

to the Japanese Tea Gardens and the de Young Museum. One would need to travel an additional 730 feet from this parking lot from where the existing accessible parking is located along JFK Drive. In short, this parking lot is not functionally accessible for Museum guests.

Conclusion

The closure of JFK Drive to vehicles and the associated removal of accessible parking has increased the burden on people with disabilities by increasing the distances these individuals must travel between their cars and the entrance to the de Young Museum. By removing free accessible parking in the immediate vicinity of the Museum and by not providing equivalent free parking within a reasonable travel distance to the Museum, the City is reducing program access and is not meeting its obligations under title II of the ADA. Alternative methods of accessing the Museum, including passenger drop-off areas, the park shuttle service, and walkways within the park, all have identified barriers to accessibility and do not negate the need for accessible parking spaces.

By reviewing programmatic access as a whole, those with ambulation disabilities have experienced a reduction in both parking and access to the Museum within Golden Gate Park. The new alternative and newly proposed options provide much less access, as has been shown in this report.

1. INTENT OF REPORT

MIG was contacted as a consulting expert to examine access issues at the de Young Museum within Golden Gate Park in San Francisco, stemming from the removal of accessible parking surrounding the museum. This report provides a discussion of the regulatory requirements to provide access for museum visitors with disabilities, applicable technical codes, and a summary analysis based on existing conditions. The report includes an assessment of the existing accessible parking and associated paths of travel serving the museum and an analysis of the impact of street closures on meaningful access to the museum. Alternative methods of access are also examined, including the passenger drop-off area in front of the de Young Museum and parkwide shuttle service that includes a stop at the museum. MIG conducted a site visit on July 17 and 18, 2021, to verify existing conditions. MIG evaluated on-street parking provided in the park serving the museum, including the accessible parking spaces on John F. Kennedy (JFK) Drive and Martin Luther King Jr. (MLK) Drive. MIG also examined the parking lots and facilities serving the museum, passenger drop-off areas, and shuttle service stops.

2. PROJECT UNDERSTANDING

MIG was asked to evaluate whether the City of San Francisco is meeting its obligations under the Americans with Disabilities Act (ADA) in the wake of the temporary removal (and planned permanent removal) of the 17 free accessible parking spaces along JFK Drive due to the closure of JFK Drive to vehicles. These free parking spaces are the closest accessible parking in the immediate vicinity of the de Young Museum. MIG's understanding is that the COVID-19 pandemic has caused some extraordinary conditions and that the temporary closure of JFK Drive during the week provides more outdoor activity space. This temporary closure is allowed by the ADA. However, as this report will illustrate, the removal of these 17 free parking spaces that serve the de Young museum and the permanent closure of the street causes a reduction of access through the removal of accessible features. The accessible parking spaces on JFK Drive provide a crucial role in accessing the museum for visitors with disabilities.

As a title II agency, the City is responsible for providing accessible programs and facilities that are available without discrimination toward people with disabilities. A fundamental tenet of title II of the ADA is *“the principle that individuals with disabilities must be provided an equally effective opportunity to participate in or benefit from a public entity's aids, benefits, and services.”*¹ As such, in addition to applying the codes and regulations outlined in this report, the City has an obligation to consult with people with disabilities when setting priorities for achieving program access.

MIG's client, the Corporation of the Fine Arts Museum (COFAM), asserts that the closure of JFK Drive places a burden on people with disabilities who wish to visit the museum significantly diminishes program accessibility. The closure increases the distance these individuals must travel between their cars and the entrance to the museum, and there is a lack of equivalent free parking within a reasonable travel distance to the museum. This assertion is supported by anecdotal evidence from stakeholders in the disability community, suggesting that the longer routes required have prevented many guests from visiting the museum and reduced programmatic access.²

² Mayor's Disability Council Open Letter to San Francisco Recreation and Parks Department. <https://www.sfcta.org/sites/default/files/2021-01/MOD%20Open%20Letter%20to%20RecPark%202018.pdf>

3. HISTORY

JFK Drive is the main thoroughfare through Golden Gate Park, providing access to major destinations for both San Francisco residents and visitors from outside the City. Portions of JFK Drive have long been closed to vehicle traffic on the weekends to promote active transportation and safer spaces for recreation; the Sunday vehicle closure has existed since 1967, with Saturday closures beginning in 2007. In response to the COVID-19 pandemic, JFK Drive from Kezar Drive to Transverse Drive was closed to cars every day of the week as part of the City's effort to allow greater physical distancing during outdoor activities. Now, the City is proposing to close JFK Drive to vehicles permanently.

The closure of JFK Drive and associated roads has disproportionately impacted community members with limited mobility, including people with disabilities. JFK Drive closure removes 26 accessible parking spaces in total, with 17 in the immediate vicinity of the de Young Museum. These 17 spaces are the closest free accessible parking spaces to the museum within 1/10th of a mile of the de Young Museum entrance. They represent 57% of the free accessible parking within a 1/4 mile of the museum entrance and 41% of the free accessible parking within 1/2 mile.³ Stakeholders from the disability community and museum visitors have voiced their concerns: in 2020, the Mayor's Disability Council convened a focus group specifically on the road closure. Its participants "all agreed that having adequate free parking adjacent to the de Young Museum is essential to their ability to enjoy that area of the Park."⁴

Officially, the City of San Francisco is committed to equity and inclusivity and has made efforts since the 1960s to make Golden Gate Park and the various sites within it more accessible to people with disabilities while at the same time balancing pro-bike and pro-pedestrian concerns. Street closure policies related to JFK Drive are currently codified in the San Francisco Park Code Section 6.12, *Disability Access Standards and Authorized Vehicular Traffic Use for Golden Gate Park During Sunday Road Closures*, excerpted here:

*(b) **Disability Access Standards.** The following disability access standards shall apply to the Sunday and holiday road closures of John K. Kennedy Drive and related roads.*

(i) Disability access to Golden Gate Park shall comply with the Americans with Disabilities Act and the Golden Gate Park Revitalization Act of 1998.

(ii) All vehicular access points to the areas of closure shall contain directional signage that describes all access points and accessible surface parking areas for people with disabilities and provides directions to the underground parking facility in the Music

⁴ *JFK Drive Closure and People with Disabilities.* Summary of December 10, 2020 Focus Group. <https://www.sfcta.org/sites/default/files/2021-01/MOD%20focus%20group%20Dec%202020.pdf>

DE YOUNG MUSEUM AT GOLDEN GATE PARK – ACCESSIBILITY REVIEW

Concourse. Signage also shall include telephone and TTY/TDD contact numbers where callers can obtain information on disability access during the road closure periods.

(iii) The Department, in consultation with the Department of Parking and Traffic, Fine Arts Museums, Golden Gate Park Concourse Authority, and Mayor's Office on Disability, shall explore and adopt disability access measures. Such measures may include, but are not limited to:⁵

(A) The provision of eight (8) accessible parking spaces on 8th Avenue between Fulton Street and John F. Kennedy Drive during the closure period.

(B) An additional ten (10) accessible parking spaces to assist with access to the road closure areas.

(C) A signed drop-off zone for people with disabilities on Bowling Green Drive as close as practicable to its intersection with John F. Kennedy Drive.

(D) An authorized intra-park transit shuttle that is accessible and operates frequently on the closed sections of John F. Kennedy Drive, additional accessible parking spaces and additional signed drop-off zones for people with disabilities outside of the area of closure.

Although there are City policies to increase accessible parking within the park, the City is actively reducing access to the de Young Museum and other facilities within Golden Gate Park by removing the Music Concourse surface parking lot and the proposed removal of the accessible parking along JFK Drive. Paid parking is available at the Music Concourse Underground Garage, a privately -owned and operated parking garage built on city-owned property leased by the non-profit 'Music Concourse Community Partnership' (MCCP) located adjacent to the de Young Museum. Free or discounted parking for people with disability placards is not available in the garage. The Music Concourse surface parking Lot near the museum has been reallocated for other functions.

Recently, five new on-street accessible parking spaces were installed along MLK Drive at the entrance to the Music Concourse at the intersection with Nancy Pelosi Drive.⁶ These spaces are at a greater distance to the museum than the spaces on JFK Drive. Additionally, the parking spaces are located along a circulation path that does not meet the requirements of an accessible route due to uneven walks and a reduction in width. This location is discussed later in this report and shown in Exhibit 1.

DE YOUNG MUSEUM AT GOLDEN GATE PARK – ACCESSIBILITY REVIEW

Overall parking within Golden Gate Park lacks the minimum required accessible spaces, as detailed later in this document and depicted in Exhibit 2 and Exhibit 4, which illustrates the accessible spaces referenced in this report and located within the vicinity of the de Young museum. Additionally, the existing accessible spaces in the immediate vicinity of the de Young Museum do not meet code requirements, as described in Section 6 *Code Requirements Analysis* of this document and further detailed in the attached *Deficiency Report*.

4. PROGRAM ACCESS

The ADA is a comprehensive civil rights law that ensures programs, activities, and services of state and local public entities (title II agencies) do not discriminate on the basis of disability. As a title II agency, the City is responsible for the provision of accessible programs and facilities. This includes facilities it owns and leases to others, as is the case with the de Young Museum within Golden Gate Park. The City and the Recreation and Parks Department are thus responsible for access to the museum. The following subsections outline the applicable regulations that apply to evaluating meaningful programmatic access to the museum.

A. 28 CFR 35.149

Section 35.149 of the Code of Federal Regulations, *Discrimination prohibited*, states:

Except as otherwise provided in § 35.150, no qualified individual with a disability shall, because a public entity's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.

A public entity may not deny the benefits of its programs to individuals with disabilities because its facilities are inaccessible. This standard, known as program accessibility, applies to all existing facilities of a public entity. It is the City's responsibility to ensure that the facilities of Golden Gate Park do not exclude individuals with disabilities from participation in programs at the de Young Museum, as it is with other programs occurring throughout the park.

B. 28 CFR 35.133 Maintenance of accessible features.

Section 35.133 of the Code of Federal Regulations, *Maintenance of accessible features*, states:

(a) A public entity shall maintain in operable working condition those features of facilities and equipment that are required to be readily accessible to and usable by persons with disabilities by the Act or this part.

(b) This section does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs.

(c) If the 2010 Standards reduce the technical requirements or the number of required accessible elements below the number required by the 1991 Standards, the technical requirements or the number of accessible elements in a facility subject to this part may be reduced in accordance with the requirements of the 2010 Standards.

The Department of Justice (DOJ) elaborates on this topic.⁷

*"Temporary access interruptions for maintenance, repair, or operational activities are permitted, but must be remedied as soon as possible and may not extend beyond a reasonable period of time. Staff must be prepared to assist individuals with disabilities during these interruptions. For example, if the accessible route to a biology lab is temporarily blocked by chairs from a classroom that is being cleaned, staff must be available to move the chairs so a student who uses a wheelchair can get to the lab. In addition, if an accessible feature such as an elevator breaks down, public entities must ensure that repairs are made promptly and that improper or inadequate maintenance does not cause repeated failures. Entities must also **ensure that no new barriers are created that impede access by people with disabilities**. For example, routinely storing a garbage bin or piling snow in accessible parking spaces makes them unusable and inaccessible to people with mobility disabilities."*

The permanent closure of JFK Drive creates a disruption to accessing the museum through increasing travel distance, not providing equivalent free parking in close proximity, and not ensuring accessible routes from the accessible parking provided. The shuttle service has been implemented to assist with the disruption of parking access. Still, the shuttle service is inconsistent, only runs on the weekends and holidays, and does not provide accessible bus stops or accessible routes to the bus stops.

The ADA Standards allow alternatives to specified requirements that provide substantially equivalent or greater accessibility and usability as an "equivalent facilitation." The question of whether an alternative solution is "equivalent" involves considerations as to whether it is just as, if not more, effective in terms of accessibility, usability, convenience, and reliability for people with disabilities. For example, the ADA Standards specify permanent or built-in features for independent access. Unless otherwise specified, alternatives involving temporary or portable solutions or requiring assistance from others are not generally deemed equivalent to the required minimum level of access.

The shuttle service does not provide substantially equivalent or greater accessibility and usability as someone having the ability to drive their personal vehicle and park at an accessible parking space and does not encourage independent access to the site.

Ongoing maintenance of accessible items is also addressed in the code and standard as noted in 11B-108 and as addressed in the DSA advisory, noting that this includes parking.

11B-108 Maintenance of accessible features: A public accommodation shall maintain in operable working condition those features of facilities and equipment that are required to

⁷ Americans with Disabilities Act, ADA Update: A Primer for State and Local Governments
https://www.ada.gov/regs2010/titleII_2010/title_ii_primer.html

be accessible to and useable by persons with disabilities. Isolated or temporary interruptions in service or accessibility due to maintenance or repairs shall be permitted.

DSA Advisory to 11B-108 is presented here for further context:

Advisory 11B-108 Maintenance of accessible features. Features for accessibility must be permanently functional, unobstructed and may not be removed. It is not sufficient to provide features such as accessible routes, parking, elevators, ramps or signage if those features are not maintained in a manner that enables individuals with disabilities to use them. ...”

While some may feel that this would only be applicable to facilities on site, the CBC is clear that this applies to the public right-of-way, as noted in the following sections.

Section 1.9.1 .1. notes the codes are applicable to “all buildings, structures, sidewalks, curbs and related facilities constructed in the state by the use of state, county or municipal funds, or the funds of any political subdivision of the state...”

Section 1.9.1.1.4 adds with respect to buildings, structures, sidewalks, curbs and related facilities not requiring building permits, building standards published in the California Building Standards code relating to access for persons with disabilities and other regulations adopted pursuant to Government Code Section 4450, and in effect at the time of construction is commenced shall be applicable.

Section 1.9.1.2.3 Any curb or sidewalk intended for public use that is constructed in this state with private funds.

C. 28 CFR 35.151(b) Alterations.

Section 35.151 of the Code of Federal Regulations, *Alterations*, states:

(b) Alterations.

(1) Each facility or part of a facility altered by, on behalf of, or for the use of a public entity in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by individuals with disabilities, if the alteration was commenced after January 26, 1992.

(4) Path of travel. An alteration that affects or could affect the usability of or access to an area of a facility that contains a primary function shall be made so as to ensure that, to the maximum extent feasible, the path of travel to the altered area and the restrooms, telephones, and drinking fountains serving the altered area are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, unless the cost and scope of such alterations is disproportionate to the cost of the overall alteration.

11B-202.4 has the same requirements but has replaced the ‘primary function’ area to include an accessible path of travel to the specific area of alteration or addition.

*ALTERATION. [DSA-AC] A change, addition or modification in construction, **change in occupancy or use**, or structural repair to an existing building or facility. Alterations include, but are not limited to, remodeling, renovation, rehabilitation, reconstruction, historic restoration, resurfacing of circulation paths or vehicular ways, changes or rearrangement of the structural parts or elements, and changes or rearrangement in the plan configuration of walls and full-height partitions. Normal maintenance, reroofing, painting or wallpapering, or changes to mechanical and electrical systems are not alterations unless they affect the usability of the building or facility.*

The permanent closure of JFK Drive affects the usability of the program provided at the museum location and decreases the availability of accessible parking spaces that are within a manageable distance and along accessible routes to the museum facility. The closure of JFK Drive is defined as an alteration.

5. APPLICABLE CODES

The standards that mandate accessibility for the City of San Francisco and the San Francisco Recreation and Park Department are the Americans with Disabilities Accessibility Standards (ADAS) and the California Building Code (CBC). In addition to the ADA and the CBC, the 2011 Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) are used as a comparable design standard when addressing facilities in the right-of-way. The City's obligation as a public agency requires implementing the accessibility standards for new projects and alterations. Application of the accessibility standards is dependent on the context of the location of the project. Both the 2010 ADA and the 2019 CBC apply to facilities and sites, and neither addresses scoping or technical requirements for the public right-of-way. As the two codes have an overlapping scope, and the technical requirements of the 2019 CBC are either equivalent or more stringent than the 2010 ADA. CBC scoping references are presented below, and technical references in the following section, *Code Requirements*. Corresponding 2010 ADA references can usually be found under the same number.

A. 2019 CBC

The closure of JFK Drive and removal of associated parking meets the definition for alteration, as a change in occupancy or use of a vehicular way affecting the usability of a building or facility. The City is required to remove physical barriers when it alters a facility, and reduction of access is not allowed per 11B-202.3.1 *Prohibited reduction of access*.

An alteration that decreases or has the effect of decreasing the accessibility of a building or facility below the requirements for new construction at the time of the alteration is prohibited.

Like the ADA, the CBC applies to facilities of a site. Excerpts of scoping relevant to parking facilities and accessing the museum are presented here.

Section 11B-206.2.1 Site arrival points specifies that at least one accessible route shall be provided within the site from accessible parking spaces and accessible passenger drop-off and loading zones; public streets and sidewalks; and public transportation stops to the accessible building or facility entrance they serve. Where more than one route is provided, all routes must be accessible.

The CBC thus requires all arrival routes to the de Young Museum to be accessible.

Per CBC 11B-208.2, where more than one parking facility is provided on a site, the number of accessible spaces provided is calculated according to the number of spaces required for each parking facility.

Per 11B-208.3.1, parking spaces complying with 11B-502 that serve a particular building or facility shall be located on the shortest accessible route from parking to an entrance complying with 11B-206.4. Where parking serves more than one accessible entrance,

parking spaces complying with 11B-502 shall be dispersed and located on the shortest accessible route to the accessible entrances. In parking facilities that do not serve a particular building or facility, parking spaces complying with 502 shall be located on the shortest accessible route to an accessible pedestrian entrance of the parking facility.

Exception 2 to 11B-208.3.1 is presented here for further context:

*Exception 2: Parking spaces shall be permitted to be located in different parking facilities if substantially equivalent or greater accessibility is provided in terms of **distance from an accessible entrance or entrances, parking fee, and user convenience.***

The exception gives entities some flexibility in how it provides accessible parking, but notably, includes *distance*, as well as *parking fee*, as considerations for providing *substantially equivalent or greater accessibility*. Paid parking is not an equivalent substitute for free parking elsewhere.

Recently added circulation path requirements, given in CBC 11B-250, may also affect the area surrounding the museum. This new section requires circulation paths contiguous to vehicular traffic to be physically separated from traffic, including into and out of parking spaces. Circulation paths include all exterior ways of passage provided for pedestrian travel, including walks, sidewalks, courtyards, ramps, stairways, and landings. Basically, circulation paths must be elevated at least 4 inches above adjacent vehicular areas.

B. PROWAG

On-street parking is not addressed in the scoping requirements and technical standards of the 2010 ADAS or 2019 CBC. Still, title II of the ADA requires local governments to provide accessible on-street parking in the absence of regulatory design specifications for on-street parking facilities. As such, PROWAG is used as a best practice technical standard in the absence of an adopted technical standard.

The San Francisco Property Information Map – Map Viewer⁸ shows Golden Gate Park and the roads within the property lines of the park in one parcel, and the roadways within the park parcel are not identified as public right-of-way. However, per 2011 PROWAG R105.5, public right-of-way is defined as *public land acquired for or dedicated to transportation purposes, or other land where there is a legally established right for use by the public for transportation purposes*. The roads through the extensive Golden Gate Park are on public land, and there is a legally established right for use by the public on these roadways for transportation purposes. As such, they are part of the public right-of-way.

Per 2011 PROWAG R214 On-Street Parking Spaces, where on-street parking is provided on the block perimeter and the parking is marked or metered, accessible parking spaces

⁸ [https://sfplanninggis.org/pim/map.html?search=1832033&layers=Parcels%20\(Block/Lot\)](https://sfplanninggis.org/pim/map.html?search=1832033&layers=Parcels%20(Block/Lot))

DE YOUNG MUSEUM AT GOLDEN GATE PARK – ACCESSIBILITY REVIEW

complying with R309 shall be provided in accordance with Table R214. All parking within Golden Gate Park is technically *metered* because no parking is allowed in the park between the hours of 10 pm and 6 am, per Sec 6.01.g of the San Francisco Park Code. Thus, requirements to provide accessible parking spaces apply.

6. CODE REQUIREMENT ANALYSIS

Code requirements compared to existing conditions at Golden Gate Park surrounding the de Young Museum are presented below. Further detail is given in the attached *Deficiency Report*.

A. Shuttle

The Recreation and Parks Department provides a loop shuttle service in Golden Gate Park, depicted in Exhibit 3.

Scoping for bus stops and bus loading zones is provided in CBC 11B-209. The shuttle service in Golden Gate Park meets the criteria for designated or specified public transportation services provided by public entities as described in *Advisory 11B-209.2.2 Bus loading zones* and is thus subject to the provisions. 11B-209.2.2 requires that each bus loading zone must be accessible, complying with 11B-810.2, *Bus boarding and alighting areas*. Section 11B-209.2.3 *On-street bus stops* note that on-street bus stops shall comply with Section 11B-810.2 to the maximum extent practicable.

For each shuttle stop to be considered accessible, it must provide a 96 inch long, 60-inch wide boarding area (11B-810.2.2) with a slope of 2% maximum perpendicular to the roadway (11B-810.2.4) and also connect to an accessible route (11B-810.2.3).

Current Shuttle drop-off and pick-up locations are included in Exhibit 3 and are identified in the Deficiency Report. The shuttle locations are informal, lacking devoted infrastructure. If one did not know to look for the green signs designating *Bus Shuttle Stop* currently installed along the route, one would be unaware they exist. Lack of compliant boarding areas at shuttle stops and accessible routes to and from shuttle stop locations occur at the majority of the bus shuttle locations, as shown in the attached Deficiency Report.

Consumers have identified issues with the shuttle service. For example, the shuttle service is known to run on an unpredictable and infrequent schedule, distances between stops are too great to provide useful service through the park to people with disabilities, and the shuttle stops do not provide seating or shelter for inclement weather.⁹

While on-site, MIG observed that the shuttles averaged about 30 minutes frequency at each bus shuttle location. This frequency is double the anticipated time that is noted in the Golden Gate Park Stakeholder report.

⁹ Mayor's Disability Council Open Letter to San Francisco Recreation and Parks Department. <https://www.sfcta.org/sites/default/files/2021-01/MOD%20Open%20Letter%20to%20RecPark%202018.pdf>

**de Young Museum
Shuttle Map Exhibit**

Ogle 08/12/2021
080° VEH
Chk'd SM
Scale NTS

ExhibitNo:
??

Furthermore, the shuttle service runs only on weekends and holidays. Even if all shuttle stops and associated paths of travel were accessible, it is not an adequate replacement for the removed accessible parking spaces, as many museum guests visit during the week. Shuttle service is not provided during certain park events, including special events at the museum, as these events are conducted outside of the shuttle service designated hours of 9 am to 6 pm. This service is not “equivalent facilitation” as it limits the time allowed to visit the park, and the length of visit is determined by shuttle service availability.

B. Passenger Drop-Off Area

Passenger loading zones are provided on Hagiwara Tea Garden Drive in front of the de Young Museum on MLK Drive, as shown in Exhibit 4.

CBC 11B-209.2.1 requires at least one accessible passenger drop-off and loading zone (complying with 11B-503) for every 100 linear feet of drop-off and loading zone space provided. Approximately 334 total linear feet¹⁰ of passenger drop-off area is provided in front of the de Young Museum on Hagiwara Tea Garden Drive. This length would require four accessible passenger loading zones. Four curb ramps are provided in this area, but an accessible passenger loading zone is not provided. Access aisles are not marked with hatched lines and a border to discourage parking (11B-503.3.3), and slopes in the potential access aisle areas exceed 2% (11B-503.4). For reference, an image of code requirements for passenger loading zones is presented in Figure 1. The deficiencies at the passenger drop-off/loading area are noted in Appendix A. The items noted are relatively easy to resolve and will result in an accessible location for drop off and pick up to the de Young and surrounding museums.

The City is currently proposing multiple options. The following two options involve the Passenger Drop-Off Area:

- 1) **Parking Garage Signage and Upgrades**¹¹: *“The proposal would involve wayfinding signage updates both within the park and on surrounding city streets to better inform visitors of the permanent alignment of today’s carfree route as well as how to easily access the parking garage. The proposal would also involve promotion of the garage for free 15-minute access for pick ups and drop offs. This service is offered today, but few park visitors know or utilize it.”*

Items that should be considered for this recommendation are that the parking garage does not provide the minimum requirements for accessible passenger loading and drop-

¹⁰ Measured using GoogleEarth Pro tools.

¹¹ Golden Gate Park Access & Safety Program
<https://storymaps.arcgis.com/stories/c44dfec403664e0ca3d2af6bd048b2ae>

off zones. CBC and ADAS require a minimum 20 foot long by 8 foot wide vehicle pull-up area (11B-503.2). Adjacent to that is a required 20 foot long by 5 foot wide access aisle to load/unload people from the vehicle (11B-503.3). This entire area must be located on the same level and connected to an accessible route (11B-503.4). The minimum height of the vehicle pull-up spaces is required to provide a minimum clearance of 114 inches. (11B-503.5). The minimum clearance would be required at the vehicle pull-up spaces, access aisles serving them, and a vehicular route from an entrance to the passenger drop-off and loading zone to a vehicular exit. The parking garage provides 98-inch clearance.

This option would not be allowed as equivalent facilitation to the removal of parking, or the removal of the existing accessible drop-off adjacent to de Young Museum.

- 2) **Taxi Stand¹²:** *Taxis today can drop-off fares in Golden Gate Park but are not allowed to pick up passengers hailing them on streets within the park. In 2020, fully one quarter of all taxis rides in San Francisco used the Paratransit Debit Card, providing rides for seniors and residents with disabilities.*

This proposal would establish two taxi stands on Music Concourse: one adjacent to the DeYoung Museum and one adjacent to the CA Academy of Sciences. This would create queuing space for taxi operators in the Music Concourse, becoming a convenient and highly-visible alternative to travel by private vehicle.

This proposal would include allowing taxis to cross JFK at 8th Avenue in a Taxi/Muni-only lane, but this is not required to establish taxi stands in the Concourse.

To provide the taxi stand, it appears that the existing drop-off areas that are currently planned to be relocated to the parking garage would be replaced. However, for the reasons noted in item 1, that is not an option.

In addition to the inability to relocate the existing drop-off area, taxis are not considered an equivalent facilitation to driving one's vehicle. Accessibility taxis have limited availability, and this includes accessible vehicles provided through services such as Uber and Lyft.

These two options noted as proposals for providing additional access reduce the already limited access within Golden Gate Park.

Figure 1. Loading Zone Code Requirements¹³

FIGURE: PASSENGER DROP OFF AND LOADING ZONE ACCESS AISLE

C. Parking Lots

Parking facilities serving the de Young Museum are depicted in Exhibit 4. CBC 11B-208.2 states that parking spaces complying with Section 11B-502 shall be provided in accordance with Table 11B-208.2. Where more than one parking facility is provided on a site, the number of accessible spaces provided is calculated separately according to the number of spaces required for each parking facility. Table 1 depicts both the provided and required accessible parking spaces for parking facilities near the museum.

DE YOUNG MUSEUM AT GOLDEN GATE PARK-ACCESSIBILITY REVIEW

Parking Area	Fee	Total Parking Spaces	Total Accessible Parking Spaces	Required Accessible Parking Spaces (ADA)	Total Accessible Parking Spaces Needed (ADA)
Japanese Tea Garden (Parking Lot #1)	\$15 per day	23	4	2	0
Music Concourse surface parking lot (<i>now signed no parking anytime</i>) (Parking Lot #2)	N/A	0	0	0	0
Music Concourse Garage	\$5.25/hr weekday \$6.25/hr weekends	836	33	17	0

The Music Concourse surface parking lot located behind the bandstand is the closest surface parking lot to de Young Museum is at the intersection of Hagiwara Tea Garden Drive and Music Concourse Drive, just south of the museum. This lot still exists physically and has marked accessible parking that is faded, but the lot has been closed and is no longer being used to provide parking. Instead, MIG observed during the site visit that the area has been repurposed as a food truck area and storage space for ped bikes, functionally removing the accessible parking.

While the number of accessible parking spaces provided in the Japanese Tea Garden lot is compliant, the spaces themselves do not comply with 11B-502. The access aisles are not marked correctly; paint has faded and is not in contrast with the asphalt (11B-502.3.3), and the slopes of the access aisles exceed 2% (11B-502.4). These access aisles are not connected to the shortest accessible route leading to the museum entrance (11B-208.3.1). Parking spaces are located at the far end of the parking lot. Vehicles were parked on what would be considered the shortest accessible route that leads to the Japanese Garden and de Young Museum both days of the site visit, so the route requires diverting to MLK Way from the parking lot to access the museum. As noted on Exhibit 1, one would need to travel an additional 730 feet from this parking lot from where the existing accessible parking is located along JFK Drive. This route has multiple locations where slopes make the walk inaccessible and vertical discontinuities exceed ½-inch. Containers block an alternative route from the lot directly linked to the Japanese Tea Gardens and the de Young Museum. In short, this parking lot is not functionally accessible for museum guests.

The private paid parking provided at the Music Concourse Garage is not an equivalent alternative to free street parking serving the museum. Many people are unwilling to pay at \$5.25/hour (weekday) or \$6.25/hour (weekend), especially people with disabilities or seniors on a fixed income. Van parking within the parking garage is also not compliant due to the size of the access aisles and structural columns located within the accessible stalls.

D. On-Street Parking Serving the de Young Museum

Since on-street parking within the right-of-way is not addressed in the scoping requirements and technical standards of ADAS and CBC, the 2011 PROWAG is used as the best practice technical standard.

Fulton Street

The entrance from Fulton Street and 10th Street is the closest site arrival point for public transportation and from the public sidewalk. The route is designated by an ISA sign as the accessible route to the site. However, upon further investigation, an accessible route is not provided leading from this location to the museum entrance. Park pathways present significant grade issues, with the slope in the direction of travel often well above the allowable 5% and additional cross slope issues (11B-405). Once on the path, these pathways also lack directional signage where paths intersect, leading to multiple directions for a route leading toward the museum (11B-216.6).

ADAS and CBC codes require that an accessible route be provided from all site arrival points, including bus stops and the public sidewalk. These also must be located within close proximity to the general circulation path. (11B-206.2.1) See Exhibit 1 'Accessible Routes'.

Closing JFK Drive also affects the accessible route from Fulton Street in other ways. The designated accessible routes lead to the crosswalks that cross JFK Drive. A crosswalk intends to alert motorists that there is a pedestrian crossing and to yield to a pedestrian. While on-site, it was observed that the bicyclists and motorized skateboards were moving at rapid rates and not yielding to pedestrians crossing, creating hazards to those coming from site arrival points located at Fulton Street. This condition reduces the accessibility intended for people using mobility aides and pedestrians with low vision or who are blind.

The City is currently proposing an option to relocate JFK Drive accessible parking to Fulton Street¹⁴.

¹⁴ Golden Gate Park Access & Safety Program
<https://storymaps.arcgis.com/stories/c44dfec403664e0ca3d2af6bd048b2ae>

1) Fulton Street Loading Zone:

“Under the current car-free route, Fulton Street has the street parking closest to the DeYoung Museum.

This project proposal would create loading zones and 14-16 new ADA blue zone spaces on Fulton Street to facilitate park access and drop-offs for trips coming from the north. This would also include sidewalk widening on Fulton Street and pathway upgrades between Fulton Street and the Music Concourse in order to meet ADA disability access guidelines.”

Fulton Street is located outside of the park site. ADAS requires at least one accessible route must be provided within the site to the accessible facility entrances from these site arrival points, where provided:

- Accessible parking and accessible passenger loading zones
- Public streets and sidewalks
- Each public transportation stop

Site arrival points include accessible parking spaces and accessible passenger loading zones, public transit stops located on sites, and public streets and sidewalks.

CBC goes beyond to state, “Where more than one route is provided, all routes shall be accessible.”¹⁵

This proposed option reduces an already deficient accessible parking within the park site creating less access.

Additionally, “Segments of Fulton Street within the project area are located on San Francisco’s High Injury Network (HIN) [sic], including the segments from 6th Avenue to 11th Avenue...” and ‘...Fulton between 6th and 11th Avenues is part of the City’s Vision Zero “High Injury Network” where the most collisions occur -- and each of the four locations where the crossing distance would be reduced is a pedestrian entrance to Golden Gate Park. The changes would require removal of just two auto and three motorcycle parking spaces, on the park side of the street at 6th Avenue.”¹⁶ The proposed design moves 14 to 16 accessible parking spaces to Fulton Street along the HIN. Due to this area being dangerous for pedestrians, the other projects propose a reduction of parking within this area and adding bus bulb-outs. Since it is located along a HIN, it may not be a safe alternative, and due to not being located within the park right-of-way, it does not comply with ADA or CBC scoping¹⁷ requirements.

¹⁵ CBC 11B-206.2.1

¹⁶ <https://www.sfmta.com/project-updates/initial-plan-fulton-street-safety-and-transit-project>

¹⁷ CBC 11B-208.2

MLK Parking Spaces

On-street parking spaces on MLK Drive do not provide access aisles per R309.2.1. Five-foot minimum access aisles are required by PROWAG where the width of the adjacent sidewalk or available right-of-way exceeds 14 feet. Since the property is all City-owned, the City is not limited by right-of-way on park roads. Sufficient space exists in most places to provide access aisles and curb ramps, as provided at other locations in the park.

Were the *Narrow Sidewalks*¹⁸ criteria to be applied, negating the need for access aisles, several MLK spaces still would not meet the standards. Some spaces are located midblock, without a curb ramp to provide a connection to the accessible route. R309.2.2 requires accessible spaces to be located at the end of the block face when an access aisle is not provided.

JFK Parking Spaces

Van accessible signs are provided at some of the accessible spaces on JFK Drive. PROWAG does not specify a minimum number for providing van accessible on-street parking spaces. These spaces do not meet the CBC requirements for van spaces due to the widths of the spaces and potential access aisles, and the surface slopes. PROWAG does not require a minimum width of on-street parking spaces, nor a maximum slope, as it is tied to the road grade. However, it does require a connection to a pedestrian access route.

It is important to note that while the PROWAG does not provide minimum widths to the on-street parking, the City of San Francisco does require 8-foot minimum parking stalls width for on-street parking.

The JFK Drive spaces represent the best existing option for accessible parking that serves the de Young Museum, based on distance and accessible route. Removing these spaces reduces accessibility for those who use a van lift in their vehicle for wheelchair access.

Per 11B-208.3.1, accessible parking serving a building or facility must be on the shortest accessible route from parking to the accessible entrance. Exhibit 1 shows that the JFK Drive spaces are the closest accessible spaces to the de Young Museum, at a distance of 200 feet. With their removal, the closest accessible street spaces are along MLK Way, 1,250 feet from the entrance to the museum. This is an increase of over 1,000 feet in the required path of travel from accessible street parking to the de Young Museum.

Park-wide On-Street Parking

MIG also examined accessible on-street parking serving the greater Golden Gate Park for additional context. While PROWAG R214 references "block perimeter" as the unit for

¹⁸ PROWAG R309.2.2

calculating required accessible parking, the nature of the park roads do not adhere to block structure. As a result, MIG has chosen to use sections of the park instead, as the sections are shown in Figure 5 of the *Golden Gate Park Stakeholder Working Group and Action Framework*.¹⁹ Table 3 summarizes the available versus required on-street parking that will remain if the JFK parking is removed.

As referenced in Exhibit 2, the park lacks the minimum number of accessible on-street parking spaces within Golden Gate Park. In the eastern areas of the park identified by the Golden Gate Park Stakeholder Group, the minimum accessible parking requirements have not been met. As a result, additional accessible on-street parking spaces are needed along the roadways in many areas of the park and will need to remain open to vehicle traffic. Any removal of existing parking condenses vehicle traffic into the other areas of the park, further congesting limited spaces.

Parking Area Section	Cost	Total Parking Spaces	Number of Accessible Parking Spaces	Required number of Accessible Parking Spaces (PROWAG)	Total Missing Accessible Parking Spaces (PROWAG)
Kezar Drive	Free	100	0	4	4
MLK East/Bowling Green	Free	290	6	12	6
MLK Central & Nancy Pelosi	Free	315	10	13	3
MLK West & Tea Garden	Free	215	5	9	4
Stow Lake East	Free	210	6	9	3
Stow Lake West	Free	190	1	6	5
Transverse	Free	300	0	12	12
Lindley & Marx Meadows, Hellman Hollow	Free	400	0	16	16
Elk Glen Picnic Area/Mallard Lake	Free	200	0	6	6
<i>Total based on individual roadways</i>		<i>2220</i>	<i>28</i>	<i>87</i>	<i>59</i>
<i>Total based on the total number of spaces within park roadways</i>		<i>2220</i>	<i>28</i>	<i>89</i>	<i>61</i>

¹⁹ *Golden Gate Park Stakeholder Working Group and Action Framework*, May 2021, [https://www.sfcta.org/sites/default/files/2021-05/GGP Stakeholder Working Group and Action Framework-2021-05-11-FINAL.pdf](https://www.sfcta.org/sites/default/files/2021-05/GGP%20Stakeholder%20Working%20Group%20and%20Action%20Framework-2021-05-11-FINAL.pdf)

7. CONCLUSION

The closure of JFK Drive to vehicles and the associated removal of accessible parking has increased the burden on people with disabilities by increasing the distances these individuals must travel between their cars and the entrance to the de Young Museum. Before the closure of JFK Drive, there were 26 accessible parking spaces in total, with 17 of the free accessible parking spaces located within 200 feet of the de Young Museum. There are now no accessible parking spaces on JFK Drive, and travel distance has increased by over 1,000 feet. While this may not appear to be very far to some, it can be an incredible feat for those using mobility devices. Some disabilities contribute to an overall loss of muscle, causing fatigue and the need for using mobility aides such as multiple sclerosis and amyotrophic lateral sclerosis. For those using walkers or canes, many people lack stamina, have poor balance, or use mobility devices because of respiratory, cardiac, or neurological disabilities. The longer travel distances required can result in the difference between making a museum visit or staying home, as the distance can be more than one can handle.

When parking is viewed in its entirety, Golden Gate Park lacks the minimum required accessible spaces, with the existing accessible spaces not meeting ADA or code requirements.

By removing free accessible parking in the immediate vicinity of the museum and by not providing equivalent free parking within a reasonable travel distance to the museum, the City is reducing program access and is not meeting its obligations under title II of the ADA. Alternative methods of accessing the museum, including passenger drop-off areas, the park shuttle service, and walkways within the park, all have identified barriers to accessibility and do not negate the need for accessible parking spaces.

While this area predates the mandatory ADA requirements for new construction after January 26, 1991, the City chose to add these parking spaces to accomplish program access for this area.

In summary, the de Young Museum and its patrons are not requesting additional access, only restoring and maintaining what was previously provided by the City to create program access initially. By reviewing programmatic access as a whole, those with ambulation disabilities have experienced a reduction in both parking and access to the museum within Golden Gate Park. The new alternative and newly proposed options provide much less access, as has been shown in this report.

Prior to the final closure of JFK Drive, it is recommended that the City reopen accessible parking spaces until a final agreement can be achieved that provide equivalent facilitation to the prior existing conditions to meet its title II obligations of making sure their programs remain accessible to all.

APPENDIX A: DEFICIENCY REPORT

Golden Gate Park
San Francisco, CA

Assessment Date: 7/16/2021

**ACCESSIBLE ROUTE
FULTON STREET**

Comment#: 01

Deficiency: Accessible Route - Vertical Displacement - Height

Accessible route leading from bus stop and 2 accessible parking spaces located at Fulton Street entrance to accessible route has a large crack creating a 2-inch change of elevation and creates a tripping hazard along entire width of walk.

Measurement: 2 inches

Recommended Remediation:

Replace/grind locations where changes in elevation occur. Changes in level of ¼" high maximum shall be permitted to be vertical and without edge treatment. Changes in level between ¼" high minimum and ½" high maximum shall be beveled with a slope not steeper than 1:2. ADA Advisory: Change in level of ½" is permitted to be ¼" vertical plus ¼" beveled.

Floor/Area: Accessible Route
Room/Spot: Fulton Street

Assessment Date: 7/16/2021

Comment#: 17

Deficiency: Parking - Access Aisle - Slope

The slope of the access aisle in any direction exceeds 1:48 (2.0%) grade.

Measurement: 2.4 % grade

Recommended Remediation:

Re-grade and resurface the access aisle to provide 1:48 maximum slopes in all directions. Floor or ground surfaces. Parking spaces and access aisles serving them shall comply with Section 11B-302. Access aisles shall be at the same level as the parking spaces they serve. Changes in level are not permitted. Exception: Slopes not steeper than 1:48 shall be permitted.

Floor/Area: Parking Lot #1
Room/Spot: Japanese Tea Garden
Notes: Stall 1

Code Compliance:		YIN/NA		
2010 ADAS	502.4	N	Quantity: 1	each
2019 CBC	11B-502.4	N		

Comment #: 18

Deficiency: Accessible Route - Vertical Displacement - Height

Accessible route has a change of elevation of 1-1/4" where accessible route from accessible parking at Japanese parking lot connects to MLK Drive.

Measurement: 1.25 inches

Recommended Remediation:

Replace/grind locations where changes in elevation occur. Changes in level of 1/4" high maximum shall be permitted to be vertical and without edge treatment. Changes in level between 1/4" high minimum and 1/2" high maximum shall be beveled with a slope not steeper than 1:2. ADA Advisory: Change in level of 1/2" is permitted to be 1/4" vertical plus 1/4" beveled.

Floor/Area: Parking Lot #1
Room/Spot: Japanese Tea Garden

**PASSENGER DROP OFF
HAGIWARA TEA GARDEN DR.**

Comment#: 19

Deficiency: At Grade Transitions - Perpendicular Curb Ramp - Landing Length

Landing does not provide minimum 48 inches length at the top of the perpendicular curb ramp.

Measurement: 46 inches

Recommended Remediation:

Replace curb ramp landing. Landings shall be provided at the tops of curb ramps and blended transitions. The landing clear length shall be 48 inches minimum.

Floor/Area: Passenger Drop Off
Room/Spot: Hagiwara Tea Garden Dr.

Code Compliance:		YIN/NA		
2010 ADAS	406.4	Y	Quantity: 2	each
2019 CBC	11B-406.5.3	N		

Comment #: 20

Deficiency: At Grade Transitions - Perpendicular Curb Ramp - Landing Slope

The slope of the landing at the top of the curb ramp near the drive thru ordering location is steeper than 1:48 (2.0%) in any direction. Grooves required to be maximum 1:48. Slopes at grooves is 3.1%. Typical at both drop off areas in front of de Young museum.

Measurement: 3.1 % grade

Recommended Remediation:

Replace landing. The slope of the landing in all directions shall be 1:48 maximum. This should be coordinated with additional comment on lack of passenger loading zone at same level as vehicular space.

Floor/Area: Passenger Drop Off
Room/Spot: Hagiwara Tea Garden Dr.

Deficiency: On-Street Parking - Access Aisle - General

No access aisle is provided at the on-street parking and parking space is located adjacent to a light pole. This will not allow sufficient space for passenger loading/unloading.

Measurement: 0 count

Recommended Remediation:

Where the width of the adjacent sidewalk or available right of way exceeds 14.0 feet, an access aisle 5 feet wide shall be provided at street level the full length of the parking space and shall connect to a pedestrian access route. The access aisle shall comply with R302.7 and shall not encroach on the vehicular travel lane. Exception is allowed at locations where adjacent street or sidewalks have not been altered, an access aisle would not be required provided that the parking space is located at the end of the block face.

Golden Gate Park Access & Safety Program Survey

The comprehensive SFMTA survey database was obtained through a Sunshine Ordinance request. Many of the flaws and inconsistencies I will describe are baked into the structure of the survey itself. Others become rather obvious by just sorting and filtering the responses by different characteristics. Anybody with moderate spreadsheet skills could perform the same analysis.

Results of the Survey

City agencies, local journalists, and activist groups have promoted the apparently favorable response to the survey. Some have inaccurately claimed that 10,000 people responded to the survey and that the overwhelming majority of San Franciscans support a car-free JFK Drive. First of all, 10,000 people did not respond to the survey. There are 9,749 responses in the SFMTA database, and responses are not the same as people. As detailed below, there are many duplicate responses among the surveys submitted. The exact number of duplicates cannot be determined by anyone. However, there are certainly several hundred and potentially a couple thousand duplicate responses in the SFMTA database. Additional details are provided below. As a result, there may have only been 7,000 or fewer people that actually responded to the survey. In addition, not every survey respondent answered every question. For example, more than 900 responses did not answer the car-free JFK Drive question.

Second, the results of the survey cannot be extrapolated to the general population of San Francisco. You may be able to claim that a certain percentage of the survey responses favored car-free JFK Drive, but you cannot extend this claim to all of San Francisco. Responses to this survey were voluntary and anonymous. Only those who were aware of the survey and interested enough in the proposed changes in Golden Gate Park would have responded. As detailed later, many people responded to the survey multiple times. There was no attempt by SFMTA to ensure that the composition of responses reflected the actual demographic characteristics of San Francisco. Based on the demographic information that was provided on the surveys, the responses were clearly not representative of the general population of San Francisco. Non-white ethnic groups were significantly underrepresented. Many geographic areas of San Francisco were also significantly underrepresented. These issues are explained in greater detail below.

Advocates for a car-free JFK Drive have boasted that all income groups and ethnicities supported car-free JFK, based on the survey responses. However, they did not explain that the strongest apparent support came from high-income households, particularly those reporting incomes \$200,000 and above. Responses from households earning \$200,000 or more accounted for 30% of the total responses that provided income information on the survey. Advocates also failed to mention that ethnic diversity among the responses was severely lacking. Significantly inadequate representation by certain ethnicities in the survey is explained below in greater detail. Further, among all ethnicities, apparent support for a car-free JFK was strongest among White responses, which were heavily overrepresented in the survey. For example, there were nearly 1,200 survey responses from the following demographic group: White only, age 25-44, with household income of \$150,000 or more. More than 93% of this demographic reportedly favored a car-free JFK Drive.

Alleged support for a car-free JFK steadily declined in older age groups. Only 38% of responses from residents age 65 and above favored the existing car-free JFK option (among nearly 1,300 responses from these age groups).

Survey responses that reported one or more disabilities also did not favor a car-free JFK Drive. Nearly 1,000 responses came from residents who reported one or more disabilities (the most common were mobility issues). Among those that answered the car-free JFK Drive question, only 38% allegedly favored the existing car-free JFK option.

Inadequate Representation from Certain Ethnicities

Nearly 7,000 surveys provided ethnicity information. The remaining surveys left these questions blank or stated that they preferred not to answer. Of the 7,000 surveys with ethnic information, 66% reported that they were White only (i.e. they did not select Hispanic or any other ethnic category other than White). According to U.S. Census information, about 40% of the population of San Francisco is comprised of non-Hispanic White residents. While White residents were significantly overrepresented in the survey, virtually all other remaining ethnicities were significantly underrepresented relative to their actual proportions of total city residents. For example, Asian & Pacific Islander responses represented less than 16% of the surveys, but these groups account for 35% of the total San Francisco population. Similarly, Hispanic & Latinx responses (of any race) comprised 8% of the survey responses, but these groups make up 15% of the total city population. The scenario is the same for Black & African American responses.

Inadequate Representation from Certain Geographies

There have been public claims by advocates that support for a car-free JFK Drive is strong citywide, with survey responses from 24 of 25 San Francisco zip codes desiring a car-free JFK. This claim, while perhaps technically accurate, is highly misleading, because there were very few survey responses from many San Francisco zip codes. Survey responses were recorded from 34 valid San Francisco zip codes. Seven of these zip codes represent P.O Boxes or other zip codes with no reported residents. Of the remaining 27 valid San Francisco zip codes with residents, 16 had fewer than 200 responses to the car-free JFK Drive question. For example, the zip code for Treasure Island (94130) had one response to the car-free JFK question. Zip code 94111 had 12 responses, and zip code 94129 had 25 responses to the car-free JFK Drive question. Support for a car-free JFK Drive cannot be reasonably determined for thousands of residents in those zip codes based on so few responses.

The southeastern part of San Francisco (zip codes 94112, 94124, and 94134) was particularly underrepresented in the survey. These three zip codes include the Ingleside, Excelsior, Bayview, Visitacion Valley, and Portola neighborhoods. These zip codes had about 300 total survey responses to the car-free JFK Drive question. Based on U.S. Census information, these three zip codes have more than 150,000 residents. Claiming that citizens in all of these neighborhoods favor a car-free JFK Drive based on only 300 combined survey responses is extremely disingenuous.

Further, there are some discrepancies in the zip code data from the paper surveys. This problem is described in more detail below. However, the number of responses from two zip codes (94107 and 94110) are not accurate, because SFMTA employees improperly entered this data for some paper surveys that lacked this information.

Duplicate Online Surveys and Problems with “Over-Vote” Analysis

The SFMTA identification and analysis of multiple responses from identical IP addresses was included with the database they provided to me. Just to be clear, this was their analysis, not mine. They did not provide individual IP addresses in the database (personal information), but they did indicate how many responses came from duplicate IP addresses. SFMTA identified about 2,000 online responses from duplicate IP addresses and estimated that about 1,700 of these responses should be excluded from the results (i.e. “over-votes”). I believe this process was significantly flawed, but at least SFMTA acknowledged that there is a very large number of duplicate online survey responses in their database. Nonetheless, their methodology improperly excluded many legitimate responses, while failing to identify many more likely duplicates.

I will describe the SFMTA methodology to identify and exclude “over-votes” in more detail. First, SFMTA identified online responses from IP addresses that had two or more responses to the existing car-free JFK question on the survey (blank responses were not counted – not every response answered this question). Based on this analysis, SFMTA identified a total of 2,023 potential duplicate survey responses from 836 IP addresses. That means that out of the 8,037 total online surveys that answered the car-free JFK question, about 25% came from duplicate IP addresses. Most of these responses came from IP addresses that reportedly had two or three responses each. However, some IP addresses had ten or more responses, including one IP address that reportedly had 50 responses to this question.

It is important to note that multiple responses from the same IP address did not always answer the question the same way (e.g. one response from an IP address may have indicated the existing car-free JFK option was “Desirable” and another response from the same IP address may have found that option “Undesirable”). SFMTA calculated “over-votes” by only looking for identical responses from the same IP address. So if there were two “Desirable” responses to this question from one IP address, both were identified as “over-votes.” Unique responses from the same IP address were not considered “over-votes.” Based on this analysis, SFMTA identified 1,706 “over-votes” among the 2,023 potential duplicate responses for this question.

This is a very flawed methodology, and the process certainly excluded many legitimate survey responses. For example, if a single person actually submitted two or more identical online responses to this question, SFMTA excluded all of these responses as “over-votes.” Using this approach, such an individual would not have had any of their responses counted by SFMTA. In this situation, it would be more appropriate to count one response from such an individual, and to exclude any additional responses as invalid.

More importantly, it is virtually certain that different people sometimes submitted responses to the survey using a shared device (e.g. public computer) or from different devices that shared the same IP address (e.g. people using the same internet service provider network). Based on the SFMTA approach,

most of these responses would have been considered as “over-votes” and would have been excluded from the overall results, even though they likely originated from different people.

Remember, there was reportedly one IP address that had 50 responses to the car-free JFK question. Of these, 35 responses found the existing car-free JFK option “Very Undesirable.” However, seven other responses from this same IP address answered this question “Very Desirable.” The remaining eight responses from this IP address were distributed among all of the remaining options, including two responses that had “No Opinion.” One of the 50 responses from this IP address answered the question “Desirable.” In its calculation of “over-votes,” SFMTA only counted any duplicate answers from the same IP address. In this instance, SFMTA considered 49 of the 50 responses from this IP address to be “over-votes.” The only response that was counted was the single unique response for “Desirable.” All other responses from this IP address were excluded because they had two or more answers for each option. Based on the distribution of answers to this question from this IP address, these responses do not appear to have come from a single person or even a few different people. It appears much more likely that this was either a shared device or a shared IP address used by very many people. However, virtually all of these responses were excluded by SFMTA as “over-votes.”

There is another major problem with the analysis of duplicates and “over-votes.” It would have been very easy for a single individual to submit multiple online surveys from different devices with different IP addresses, or to use many other available methods to submit multiple surveys from fake IP addresses. For example, an individual could have submitted surveys from their personal cell phone, their work laptop, and their family tablet. These devices would likely each have a unique IP address and would not be apparent as duplicate responses to the SFMTA.

In addition, there is no way for anyone to know how many people submitted both online surveys and paper surveys. There were also major problems with the paper surveys, as described in detail below.

Duplicate Paper Surveys and Problems with Data Manipulation

Paper surveys only accounted for about 9% of the total number of responses in the SFMTA database. However, there were major problems with these surveys. There appears to be a large number of duplicate paper surveys, and it also appears that SFMTA employees inappropriately entered some survey data for questions that were not answered on the original surveys. I contacted SFMTA and provided them with my analysis. SFMTA refused to answer my questions or provide any additional information regarding these issues.

I am 100% certain that there is a large group of duplicate paper surveys in the database. I know this because I found many duplicate pairs of paper surveys by carefully reviewing the underlying data. There are numerous pairs of surveys that are identical in every single respect, including identical answers to every question, verbatim comments in every comment field, and identical demographic information (e.g. age range, income range, and ethnicity). The most conclusive proof came from the optional comment fields. I easily identified duplicates where surveys had identical lengthy comments in multiple comment fields. There is no possibility that two surveys would have the exact same responses to dozens of questions and verbatim comments in every field. I asked SFMTA to explain how the duplicates got into the database and to accurately identify all duplicate paper surveys. I did not ask them to

confirm whether or not there are duplicates, because I know that there are. I suspect that a large batch of paper surveys was inadvertently entered into the database twice by different SFMTA employees. I estimate that potentially 50-60% of the paper surveys consist of these duplicate pairs, meaning that about 25-30% of the responses from the paper surveys should be discarded. By the way, SFMTA responded to my additional request with "No responsive records exist." I am following up with SFMTA with an additional request to obtain confirmation of my claims.

I am also 100% certain that SFMTA employees improperly entered zip codes for paper surveys that did not originally contain this information. I asked SFMTA to simply confirm this, and to identify any other instances where employees may have improperly entered or changed survey responses. I discovered the zip code discrepancies using the same methods I used to identify the duplicate paper surveys. Again, based on my review, it appears that at least two different SFMTA employees entered the paper surveys into the database. It appears that if the zip code was left blank, one employee always entered 94107 and the other employee always entered 94110 for these surveys. As a result, paper surveys from these two zip codes supposedly represent nearly 60% of all paper survey responses, which would be virtually impossible. For reference, these two zip codes aren't even near Golden Gate Park and they only represent about 12% of the city's population (there are more than 30 San Francisco zip codes). Also, these two zip codes only made up 10% of the online survey responses, which is much closer to the expected proportion. Another red flag: every single paper survey supposedly had a zip code entered. There were no blank responses for zip codes on any of the paper surveys. This is highly improbable. There were no other questions on the survey (paper or online) that didn't have at least some blank entries among the surveys submitted. The fact is, people don't always answer every question on a survey. By the way, SFMTA responded to my additional request with "No responsive records exist." While I do not believe that there was any ill intent behind this practice, it is a significant weaknesses with the administration of the survey. Entering or changing answers on behalf of survey respondents is a huge problem, even if it didn't affect a large number of surveys or change the overall survey results. This practice illustrates a significant weakness with survey controls. It has the potential to distort some of the survey results, and it calls into question the integrity of other survey responses.

Further, there is at least one other problem with the paper surveys. These surveys generally asked the same questions as the online surveys. However, the paper surveys did not ask for information regarding disabilities. Therefore, the total number of surveys from people reporting one or more disabilities is certainly undercounted by some degree. If the proportions were similar to the online surveys, there could have been another 100 responses from the paper surveys that would have reported one or more disabilities.

Additional Problems with the Surveys

I know for a fact that more than 500 online surveys were submitted and accepted after the public deadline of 5pm on November 24, 2021. The SFMTA database includes the submission date and time for every online survey. There were 552 online surveys submitted after the deadline, including 400 that were submitted after 12pm on November 28, 2021. Nearly 90% of these very late surveys favored car-free JFK. That should be a red flag, and all surveys received after the deadline should be discarded. The survey was well publicized and was open to the general public for more than two months. Anyone who

wanted to respond to the survey was perfectly capable of doing so within the established parameters, as understood by everyone.

I also know for a fact that there were nearly 600 surveys with contradictory responses. These included surveys that said they wanted both the existing car-free JFK and the No Project option (285 responses answered either “Desirable” or “Very Desirable” to both options). The total also includes responses that did not want either option (299 responses that found both options either “Undesirable” or “Very Undesirable”). Again, this is pretty easy to verify by using simple sorting and filtering techniques. These contradictions cloud the results, because some of the surveys that claim to support the existing car-free JFK also indicated that they wanted the roads reopened to cars (i.e. pre-pandemic status). This problem resulted from the poor structure and wording of the survey questions. The analysis of these two questions on the survey should exclude any contradictory responses.

About Michael Cawthon:

I have worked for a bank regulatory agency as an examiner and an analyst for over 30 years. The analysis and opinions in this paper are entirely my own and in no way reflect the work or views of my employer or any other organization.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mayor Breed, Board President Walton, and Supervisors:

The San Francisco Planning Department issued a CEQA Exemption Determination dated March 10, 2022, finding that the Golden Gate Park Access and Safety Program (the "Project") that is the subject of the legislation proposed by Mayor Breed and several Supervisors (and that will be voted on by the BOS/SFCTA on April 26, 2022), is exempt from review under CEQA.

Attached is the Notice of Appeal of the Exemption Determination filed by Richard Skaff, Vicki Bruckner, Patricia Arack and myself on April 6, 2022. The four of us are seniors and have mobility disabilities. On page 3, I mention that I've lived on Fell Street for a long time and have observed increased traffic, congestion, pollution and noise on Fell since the closure of Eastern JFK Drive to cars. There has also been increased traffic, congestion, pollution and noise on streets near Eastern JFK Drive, including Lincoln, Kezar, Stanyan and Fulton, as a result of banning cars from Eastern JFK Drive.

I filed the notice of appeal electronically and brought a check to the Board of Supervisors clerk's office. Subsequently we received several emails and letters from the clerk's office attaching different opinions of the Planning Department regarding whether we could appeal to the Board of Supervisors. Initially we were told that we could appeal but it was premature because the action at issue hadn't yet occurred. Finally, we were told that we could not appeal at all because the governmental body that would approve the action – the Board of Supervisors – couldn't hear an appeal of a CEQA exemption determination regarding its own action. Attached is the Planning Department opinion.

The Planning Department's opinion that the CEQA Exemption Determination is not appealable to the Board of Supervisors is incorrect. See San Francisco Administrative Code Section 31.16. Therefore, we request that our appeal be

considered and heard by the Board of Supervisors.

I urge each Supervisor to vote against the proposed legislation approving and implementing the Project. I urge Mayor Breed to withdraw the proposed legislation. By a separate email, I will describe the myriad reasons why legislation should not be passed, and why JFK Drive should be immediately reopened to cars. Defeating the legislation would make the exemption determination and our appeal moot.

There will be significant direct, indirect and cumulative impacts from the Project, including impacts on transportation; traffic congestion on surrounding streets; access to a public park that is of regional, national and global importance; historic resources; parking; VMT, GHG, energy consumption; emergency access; evacuation in case of earthquakes or other disasters; human impacts on those who need or want to drive into and through the Park; and impacts on the resources of major museums and cultural attractions.

This appeal concerns the implications of the road closures that have been proposed as part of the Project (the “Road Closures”). While the Road Closures might appear small to certain audiences, there are vast ripple effects on the community. The City must proceed in a manner that protects the interests of all people who use and enjoy Golden Gate Park and the recreational facilities, scenic resources and cultural institutions located inside the park.

The City’s decision to conduct no environmental review to assess and mitigate the substantial adverse environmental impacts that will result from the Road Closures is simply wrong. This environmental review is required by the California Environmental Quality Act (“CEQA;” Pub. Resources Code, § 21000 et seq.) and the CEQA Guidelines (“Guidelines;” Cal. Code Regs., tit. 14, § 15000 et seq.). Also, the Road Closures will violate other federal, state, and local laws that strictly regulate road closures and park closures. (*See, e.g.*, Cal. Vehicle Code, § 21100 et seq.; S.F. Park Code, § 3.03.) Collectively, these laws require the City to maintain fair and equitable access to its parks through established public rights of way.

Background Information Regarding the Road Closures’ Adverse Impacts

Road closures in Golden Gate Park, including the closure of JFK Drive and the removal of public parking spaces near the Dahlia Garden, Rhododendron Dell, de Young Museum, Conservatory of Flowers, California Academy of Sciences, and other park attractions have caused and will continue to cause substantial adverse effects on the public. These closures disproportionately burden seniors and people with disabilities, and the adverse effects will only become worse if the proposed permanent Road Closures are approved by the City. The long-term, permanent effects of this action require analysis.

The closure of Eastern JFK Drive places a disproportionate burden on people with disabilities who wish to visit the Dahlia Garden, Rhododendron Dell, de Young Museum, Conservatory of Flowers, California Academy of Sciences, and other park attractions. The closures significantly diminish public accessibility. The closures increase the distance these individuals must travel between their cars and the entrance to the museum, and there is a lack of sufficient accessible free parking within a reasonable travel distance to the museum. Unfortunately, there a lack of meaningful alternative forms of transportation for seniors and people with

disabilities.

Pedestrians traveling through Golden Gate Park will find that many paths and walkways contain uneven features, steep slopes, or other hazards. These hazardous features pose disproportionate challenges for seniors and persons with disabilities. Furthermore, seniors and people with disabilities are disproportionately targeted by criminal activity when traveling without their cars in Golden Gate Park.

Combined with other recent road closures in the City, the proposed road closures will cause cascading, indirect impacts on other public rights of way surrounding Golden Gate Park. Inevitably, these impacts interfere with the public's ability to use and enjoy the unique and irreplaceable cultural and recreational institutions in Golden Gate Park.

Background Information Regarding the Status of the Environmental Review of the Road Closures

CEQA requires public agencies to disclose and analyze adverse environmental effects of projects before approving those projects. “[I]t is the policy of the state that public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects.” (Pub. Resources Code, § 21002.) CEQA is “intended to assist public agencies in systematically identifying both the significant effects of proposed projects and the feasible alternatives or feasible mitigation measures which will avoid or substantially lessen such significant effects.” (*Ibid.*)

When reviewing whether a project will have adverse environmental impacts, public agencies must disclose, analyze and mitigate any environmental effects on “human beings, either directly or indirectly.” (Pub. Resources Code, § 21083, subd. (b)(3); Guidelines, § 15065, subd. (a)(4).) California’s environmental justice statutes require CEQA to be applied in a manner that fairly and equitably considers potential disparate impacts on the basis of age, disability, or other protected characteristics. (Gov. Code, § 11135, subd. (a); *id.* at § 65040.12, subd. (e).)

CEQA Exemptions Cannot be Used if Any Aspect of a Project, Either Individually or Cumulatively, May Cause a Significant Effect on the Environment

The purpose of CEQA is to enable decision makers and members of the public to make meaningful and fully-informed decisions about new development and land use planning in their community. (*See Vineyard Area Citizens for Responsible Growth, Inc. v. City of Rancho Cordova* (2007) 40 Cal.4th 412, 448-450.) As the Court of Appeal explained in *Save Our Big Trees v. City of Santa Cruz* (2015) 241 Cal.App.4th 694, 704-705, CEQA review procedures generally involve a “three-tiered process:”

“The first tier requires an agency to conduct a preliminary review to determine whether CEQA applies to a proposed project. If CEQA applies, the agency must proceed to the second tier of the process by conducting an initial study of the project. [Citation.] Among the purposes of the initial study is to help ‘to inform the choice between a negative declaration and an Environmental Impact Report [“EIR”].’ [Citation.] If there is ‘no substantial evidence that the project or any of its aspects may cause a significant effect on the environment,’ the agency prepares a negative declaration. (Guidelines,

§ 15063, subd. (b)(2).) Alternatively, if ‘ “the initial study identifies potentially significant effects on the environment but revisions in the project plans ‘would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur’ and there is no substantial evidence that the project as revised may have a significant effect on the environment, a mitigated negative declaration may be used.” ‘ Finally, if the initial study uncovers ‘substantial evidence that any aspect of the project, either individually or cumulatively, may cause a significant effect on the environment’ (CEQA Guidelines, § 15063, subd. (b)(1)), the agency must proceed to the third tier of the review process and prepare a full EIR... “

CEQA mandates a finding of significant impact, and thus preparation of an EIR, when substantial evidence, in light of the whole record, shows that a project may have a significant cumulative effect, or has “effects [that] will cause substantial adverse effects on human beings, either directly or indirectly.” (Pub. Resources Code, § 21083, subd. (b)(2), (3); Guidelines, § 15065, subd. (a)(3), (4).)

CEQA and the Guidelines require a CEQA analyses to disclose and evaluate a project’s cumulative impacts and lead agencies may not, *ipso jure*, equate individually minor effects with cumulatively minor effects. Rather, CEQA mandates “a finding that a project *may* have ‘a significant effect on the environment’ ” where the “possible effects of a project are individually limited but cumulatively considerable.” (Pub. Resources Code, § 21083, subd. (b), emphasis added; Guidelines, § 15065, subd. (a)(3).) “[C]umulatively considerable means that the incremental effects of an individual project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.” (Pub. Resources Code, § 21083, subd. (b)(2).)

Cumulative impacts may compound or increase other environmental impacts, and a CEQA analysis must inquire into and discuss the incremental impacts of a project when added to closely related past, present, and reasonably foreseeable probable future development projects taking place over a period of time. (Guidelines, §§ 15130, 15355, 15358; *see North Coast Rivers Alliance v. Kawamura* (2015) 243 Cal.App.4th 647, 682; *Kings County Farm Bureau, supra*, 221 Cal.App.3d at p. 721.) Even when a combined cumulative impact associated with a project’s incremental effect and the effects of other related projects is not significant, the analysis still must “briefly indicate why the cumulative impact is not significant and is not discussed in further detail.” (Guidelines, § 15130, subd. (a)(2).) “A Lead Agency shall identify facts and analysis supporting the lead agency’s conclusion that the cumulative impact is less than significant.” (*Ibid.*)

Potentially significant environmental impacts of the Road Closures include (but are not limited to) the following:

a. Air Quality

Agencies must disclose, analyze, and mitigate whether a project will cause conflicts with or obstruct implementation of the applicable air quality plan, whether the project will result in a cumulatively considerable net increase of certain criteria pollutants, and whether the project will expose sensitive receptors to substantial pollutant concentrations. (Guidelines, Appendix G, subd. III.)

One of the objectives of the Proposed Road Closures is to block cut-through traffic in

Golden Gate Park. Redirecting traffic to nearby streets, including Stanyan Street, Fulton Street and Lincoln Way, will cause increased vehicular traffic on those streets. In turn, the altered traffic patterns will cause greater concentrations of vehicular emissions in proximity to residences and other sensitive receptors adjacent to those streets, as well as the displacement of traffic to museums and other amenities in the City that offer better access to seniors, the disabled, and other sensitive populations. (See *Taxpayers for Accountable School Bond Spending v. San Diego Unified School Dist.* (2013) 215 Cal.App.4th 1013, 1051.)

Changes in the circulation pattern, which potentially lengthens commutes and the duration during which vehicles are idling, also could increase vehicle miles traveled and otherwise increase greenhouse gas emissions. These impacts are further exacerbated by the cumulative effect of other street closures in the vicinity of Golden Gate Park, including the ongoing closure of the Great Highway. These potential impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

b. Biological Resources

Agencies must disclose, analyze, and mitigate whether a project will cause substantial adverse effects on biological resources, including *inter alia* certain protected and migratory bird species. (Guidelines, Appendix G, subd. IV.) Here, the Road Closures might cause pedestrians to take shortcuts through forested or other undeveloped portions of Golden Gate Park. This could, in turn, cause adverse environmental impacts to protected species, including potential migratory birds that may be nesting in forested areas of the park. Again, these potential impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

c. Cultural Resources

Agencies must disclose, analyze, and mitigate whether a project will cause substantial adverse effects on “[a]ny object, building, structure, site, area, place” that is “significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California.” (Guidelines, Appendix G, subd. V; *id.* at § 15064.5.)

The historic character and significance of Golden Gate Park and its various facilities and amenities is well documented in the Golden Gate Park Master Plan. In fact, Golden Gate Park is listed in the National Register of Historic Places, and several key contributing historic structures within the Park are accessed through JFK Drive. Examples are the Japanese Tea Garden and the Conservatory of Flowers. By cutting off seniors, people with disabilities, and other members of the public from these cultural and historic resources, the facilities will inevitably collect fewer admissions fees, and they may lose long-term institutional support from the community. Because these financial impacts will likely negatively impact the long-term upkeep of cultural resources in Golden Gate Park, the Road Closures could potentially cause significant impacts to the character and quality of key historic, artistic, and cultural institutions. Accordingly, an appropriate CEQA document must disclose, analyze, and mitigate the

Road Closure's potential adverse impacts on the quality, accessibility, and character of these cultural and historic resources.

d. Hazards and Hazardous Materials

Agencies must disclose, analyze, and mitigate whether a project will cause substantial adverse effects to human health and safety. (Guidelines, Appendix G, subd. IX.) Some of the pedestrian trails and walkways in Golden Gate Park have steep grades, uneven surfaces, or other features that could pose a hazard to pedestrians, especially seniors and people with disabilities. These potential hazards should be mitigated, and the City must analyze in an appropriate CEQA document whether pedestrian routes are accessible and ADA compliant.

City crime statistics also show high levels of crime against persons (e.g., assault, robbery, sexual assault) in Golden Gate Park in recent years. Seniors and people with disabilities are often disproportionately targeted by criminals. Some members of the public may find that it is safer to travel through the park by car, especially at night. In any event, these potential public safety risks must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

e. Land Use and Planning

Agencies must disclose, analyze, and mitigate whether a project will cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect. (Guidelines, Appendix G, subd. XI.) The City has adopted a number of planning documents that specifically require the preservation of access to the de Young Museum. For example, the General Plan's Art Element includes a variety of policies that require the preservation of fair and equal access to arts and cultural institutions. (See, e.g., Policy I-1.4.)

City planning documents also require the preservation of fair and equitable access through Golden Gate Park for seniors and people with disabilities. For example, the Golden Gate Park Master Plan requires the City to preserve "access to all, especially the mobility impaired, senior citizens, and families with children." (See p. 5-1.)

The Road Closures will significantly diminish public accessibility for seniors and people with disabilities. The closures increase the distance these individuals must travel between their cars and the entrance to the museum, and there is a lack of sufficient accessible free parking within a reasonable travel distance to the museum. There is a lack of meaningful alternative forms of transportation for seniors and people with disabilities. Again, these impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

f. Parks and Recreation

Agencies must disclose, analyze, and mitigate whether a project will cause damage or the deterioration in quality to parks and recreational facilities. (Guidelines,

Appendix G, subd. XVI.) Fundamentally, by making Golden Gate Park and its facilities less accessible to seniors and people with disabilities, the Road Closures will cause a deterioration in the quality of the park. The implementation of the Road Closures will also necessitate the construction of new or replacement pedestrian paths and walkways to remediate hazardous features (e.g., steep slopes or uneven surfaces), and the construction of these new paths could, in turn, cause indirect environmental impacts on other environmental features in Golden Gate Park.

Moreover, as noted above, the Road Closures may cause pedestrians to take shortcuts through forested or other undeveloped portions of Golden Gate Park. This could, in turn, cause a deterioration in the quality of the park. These impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

g. Transportation and Circulation

Agencies must disclose, analyze, and mitigate whether a project will conflict with adopted transportation plans and whether a project will cause traffic hazards. (Guidelines, Appendix G, subd. XVII.) As noted above, the Road Closures directly conflict with the transportation plans and policies in the Golden Gate Park Master Plan. By forcing seniors and people with disabilities to walk great distances through roads and pathways that will be shared by runners and bicyclists, the Road Closures will create new traffic hazards.

Furthermore, when a project eliminates parking spaces, thereby necessitating the construction of new parking elsewhere, the agency must analyze and mitigate potential indirect environmental effects associated with the construction of the replacement parking. (*See Save Our Access-San Gabriel Mountains v. Watershed Conservation Authority* (2021) 68 Cal.App.5th 8, 29.) Here, the permanent elimination of accessible parking spaces in close proximity to museums in the park could potentially necessitate the construction of replacement parking in other areas of the park. Again, these impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

By rerouting increased vehicular traffic onto portions of State Route 1 (part of the California State Highway System) that pass through Golden Gate Park, the Road Closures could potentially cause adverse direct, indirect, and cumulative impacts to state highways under the jurisdiction of the California Department of Transportation. And it is important to note that the Department of Transportation's jurisdiction over state highways extends to more than the "main-traveled way." As defined by the Streets and Highway Code, the concept of a "state highway" also includes "collateral facilities" such as frontage roads, ramps, auxiliary lanes, parking areas, and shoulders, as well as bridges, culverts, curbs, drains and all works "incidental to highway construction, improvement, and maintenance." (Streets & Highways Code, § 23; see also *id.* §§ 73, 660 ["highway" includes entire width of right of way, "whether or not the entire area is actually used for highway purposes."]; *City of Cloverdale v. Dept. of Transp.* (2008) 166 Cal.App.4th 488, 493.) It will be crucial for the City to involve the Department of Transportation in the CEQA process as a responsible and trustee agency, and the City should work collaboratively with the Department of

Transportation to identify mitigation measures that appropriately address impacts to all affected infrastructure. It is also imperative the City address whether any other state approvals or input are required given potential impacts on circulation elements within the jurisdiction of the Department of Transportation.

h. Mandatory Findings of Significance

Agencies must disclose, analyze, and mitigate whether a project will have impacts that are individually limited, but cumulatively considerable. (Guidelines, Appendix G, subd. XXI [“ ‘Cumulatively considerable’ means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects”].) Here, the cumulative effect of successive road closures in the City, as well as the cumulative effects of increased demand for park and roadway services as a result of new development in the City, will have potentially significant environmental effects and those effects impacts must be disclosed, analyzed, and mitigated in an appropriate CEQA document.

The Road Closures Must Comply with Laws that Regulate Access to Streets

All members of the public have a “common and fundamental right” to use streets and highways “for purposes of travel and transportation” and have a fundamental right to travel within the State, including within a city. (Vehicle Code, § 21235.) The City cannot “interfere with the free flow of traffic, as by closing a street”, without being expressly authorized to do so by the Legislature. (*Citizens Against Gated Enclaves v. Whitley* (1994) 23 Cal.App.4th 812, 820.) Likewise, the City cannot place “gates or other selective devices” that “deny or restrict the access of certain members of the public to the street, while permitting others unrestricted access to the street.” (Vehicle Code, § 21101.6.)

City law also restricts permanent street closures. Section 3.03 of the Park Code contemplates that streets may be temporary closed if emergency conditions necessitate such a closure, but the streets must be “reopened to the public” at an appropriate time. (S.F. Park Code, § 3.03.)

Here, substantial evidence shows that the proposed Road Closures will cause substantial adverse impacts to public welfare and safety by obstructing access to Golden Gate Park and its facilities, including museums in the park. These impacts will cause disparate impacts to seniors and people with disabilities.

Proponents of the legislation, the Project and the Road Closures claim that these streets are “no longer needed” so that they can legislate closure under the Vehicle Code. But the Project sponsors have not substantiated with any evidence that the streets are no longer needed, and therefore they cannot make any decision on that basis. The streets are obviously needed to get access to a public park that is not just a neighborhood playground but is a global attraction and an historic resource. The Project is pre-empted because it conflicts with the Vehicle Code.

I urge each Supervisor to vote against the proposed legislation approving and implementing the Project. I urge Mayor Breed to withdraw the proposed legislation. By a separate email, I will describe the myriad reasons why legislation should not be passed, and why JFK Drive should be immediately reopened to cars. Defeating the legislation would make the CEQA exemption determination and our appeal moot.

Sincerely

Howard Chabner

**Subject: File No. 220391 - Appeal of California Environmental Quality Act (CEQA)
Determination of Exemption from Environmental Review - Proposed
Golden Gate Park Access and Safety Program Project**

Dear Mr. Chabner:

The Office of the Clerk of the Board is in receipt of a memorandum dated April 12, 2022, from the Planning Department regarding their determination on the filing of the appeal of the Exemption Determination issued by the Planning Department under CEQA as a Statutory Exemption for the proposed Golden Gate Park Access and Safety Program project.

Pursuant to Administrative Code, Sections 31.16(a) and (e), any person or entity may appeal an exemption determination to the Board of Supervisors during the time period beginning with the date of the exemption determination and ending 30 days after the date of Approval Action. However, Administrative Code, Chapter 31, does not provide appeals to the Board of Supervisors for CEQA determinations where the Approval Action for which the CEQA determination was issued is taken by the Board of Supervisors.

The Planning Department has determined that your filing is not appealable, as the approval action, which is the Board of Supervisors' adoption of File No. 220261, the Ordinance amending the Park Code to adopt the Golden Gate Park Access and Safety Plan, will be taken by the Board of Supervisors. I have attached a copy of the Planning Department's memo for further explanation.

If you have any questions, please feel free to contact Legislative Clerks Lisa Lew at (415) 554-7718, Jocelyn Wong at (415) 554-7702, or Brittney Harrell at (415) 554-4447.

Very truly yours,

Angela Calvillo
Clerk of the Board

**RE: SF PLANNING DEPARTMENT CEQA Exemption Determination, Case No.
2021-010167ENV (“Golden Gate Park Access & Safety Program”)**

NOTICE OF APPEAL OF CEQA EXEMPTION DETERMINATION

PLEASE TAKE NOTICE that Howard Chabner, Victoria Bruckner, Richard Skaff and Patricia Arack (“Appellants”) hereby appeal to the San Francisco Board of Supervisors the CEQA Exemption Determination of the San Francisco Planning Department, Case No. 2021-010167ENV, dated March 10, 2022, and all actions implementing the Recreation and Parks Department (“RPD”) and San Francisco Municipal Transportation Agency (“SFMTA”) Golden Gate Park Access & Safety Program (the “Project”), under the claim of an exemption from the California Environmental Quality Act (“CEQA”) under Public Resources Code 21080.25. (See EXHIBIT A: SF Planning Department CEQA Exemption Determination, Case No. 2021-010167 ENV.)

See EXHIBIT B: RPD Commission Resolution No. 0506-010, June 16, 2005, regarding a vehicular circulation plan for visitors to the Music Concourse in Golden Gate Park; EXHIBIT C: RPD Commission Resolution No. 2203-001, March 10, 2022, approving the Project; and EXHIBIT D: SFMTA Board Resolution No. 220310-020, March 10, 2022, approving the Project.

This appeal concerns the Planning Department’s decision not to conduct an environmental review to assess and mitigate the substantial adverse environmental impacts that will result from the proposed road closures, both partial and in whole, in Golden Gate Park. This environmental review is required by CEQA (Pub. Resources Code, § 21000 et seq.) and the CEQA Guidelines (“Guidelines;” Cal. Code Regs., tit. 14, § 15000 et seq.), and federal statutes and regulations including NEPA and NHPA. The Project also violates other federal, state, and local laws that require environmental review and strictly regulate road closures and park closures. (See, e.g., Cal. Vehicle Code, § 21100 et seq.; S.F. Park Code, § 3.03.) Collectively, these laws require the City to maintain fair and equitable access to its parks through established public rights of way.

The Project proposes restricting private vehicle access on certain streets and street segments within Golden Gate Park, modifying some two-way street segments into one-way traffic, implementing a protected two-way bikeway on the east side of a segment of Transverse Drive, and implementing a one-way westbound bike lane on a segment of Martin Luther King Jr. Drive. The Project would remove approximately 976 general unmetered parking spaces, and precisely 26 blue zones and two tour bus zones over almost 3 miles of roadway.

CEQA requires public agencies to disclose and analyze adverse environmental impacts of projects before approving those projects. “[I]t is the policy of the state that public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects.” (Pub. Resources Code, § 21002.) CEQA is “intended to assist public agencies in systematically identifying both the significant effects of proposed projects and the feasible alternatives or feasible mitigation measures which will avoid or substantially lessen such significant effects.” (*Ibid.*)

When reviewing whether a project will have adverse environmental impacts, public agencies must disclose, analyze and mitigate any environmental impacts on “human beings, either directly or indirectly.” (Pub. Resources Code, § 21083, subd. (b)(3); Guidelines, § 15065, subd. (a)(4).) California’s environmental justice statutes require CEQA to be applied in a manner that fairly and equitably considers potential disparate impacts on the basis of age, disability, or other protected characteristics. (Gov. Code, § 11135, subd. (a); *id.* at § 65040.12, subd. (e).)

RPD and SFMTA, and the San Francisco Planning Department, have taken the position that the Project is exempt from CEQA, and therefore they need not disclose, analyze, or mitigate the Project’s potential adverse environmental impacts. This approach is not consistent with CEQA and the CEQA Guidelines. An appropriate CEQA document must disclose, analyze, and mitigate the Road Closure’s potential adverse impacts on the quality, accessibility, and character of all cultural and historic resources.

Additionally, the exemption claimed, per Public Resources Code 21080.25, does not even apply to the Project. Since this is an exemption created by a statute, the Project must comply with the exemption guidelines provided under Public Resources Code 21080.25. Under Public Resources Code 21080.25, an exemption may be granted for the following:

Pedestrian and bicycle facilities, including new facilities. For purposes of this paragraph, “bicycle facilities” include, but are not limited to, bicycle parking, bicycle sharing facilities, and bikeways as defined in Section 890.4 of the Streets and Highways Code.

The Project does not comply with the definition provided above of new pedestrian and bicycle facilities. The complete closure of streets, partially or in whole, is different from the creation of bikeways and pedestrian walkways. In the case of John F. Kennedy Drive East, specifically, the Project proposes permanently closing this road to private car traffic,

even though the proposed area of closure has long had 6-foot-wide pedestrian walkways and protected bike lanes. In fact, the bike lanes on both sides of John F. Kennedy Drive East were redesigned by SFMTA in 2012 to become San Francisco's first parking-protected bikeway. (See Exhibit E.) And merely adding bicycle sharing facilities is not sufficient to qualify for an exemption – otherwise, many large projects with significant environmental impacts would be rendered exempt by the simple addition of a bicycle sharing facility. The Project does not fit within the narrowly construed definitions and provisions in Section 21080.25 and therefore does not qualify for that exemption.

Furthermore, while RPD, SFMTA, and the San Francisco Planning Department have claimed that the Project qualifies for a Statutory Exemption, per Public Resources Code Section 21080.25, the Project has significant impacts on a historic resource. Golden Gate Park is listed in the National Register of Historic Places, and several key contributing historic structures within the park are accessed through John F. Kennedy Drive, which is proposed to be permanently closed to private vehicles as part of the Project. As will be explained in further briefing on this Appeal, and/or already voiced in public comment to SFMTA and RPD, the Project will have other significant impacts, it is not exempt from CEQA, and it requires an Environmental Impact Report ("EIR") under CEQA, and an EIS under federal law.

Among the adverse environmental impacts are significantly increased traffic, congestion, noise, and vehicle emissions on the nearby streets. Appellant Howard Chabner has lived on Fell Street since 1988 and has observed significantly increased traffic, congestion, noise, and vehicle emissions on Fell Street since the eastern part of JFK Drive has been closed to motor vehicles.

Appellants will submit further briefing and comment on or before the scheduled hearing date on this appeal.
