DESCRIPTION OF AMOUNT OF CONTRACT Not to Exceed \$20,000,000		
NATURE OF THE CONTRACT (Please describe) On February 8, 2022, the San Francisco Public Utilities Commission (SFPUC) issued an updated emergency declaration after SFPUC staff have determined based on the cost proposals received to date from the Contractor that damage sustained to the site was much more significant than originally anticipated and will require increased funding. The contributing factors to the increased scope and duration from the site restoration include, but are not limited to, rebuilding the slope with engineered soils, drainage systems, and structural retaining walls to stabilize the hillside and to mitigate it against future erosion and failure; protecting in place existing large diameter sewer within the footprint of the impacted slope; removal and reinstallation of historical rock walls; restoration of concert and west meadow turfgrass; replacement of exterior and interior furnishings at the ancillary buildings following moisture and mold abatements as a result of significant water egress; replanting of new trees within the impacted scope.
