2. PROJECT SUMMARY AND ADMINISTRATION

- A. On September 30, 2020, Governor Newsom signed Senate Bill 823 (Chapter 337, Statutes of 2020), which began the closure of the state's Division of Juvenile Justice, realigning those state functions to county governments. Under SB 823, DJJ intake will close for most youth on July 1, 2021, and counties then become fully responsible for housing, programming, and treatment of youth at higher offense and needs levels who can no longer be committed to DJJ.

As part of SB 823, \$9.6 million was set aside for the Board of State and Community Corrections to "award one-time grants, to counties for the purpose of providing resources for infrastructure-related needs and improvements to assist counties in the development of a local continuum of care." (Welf. & Inst. Code, § 2250, subd. (a).)

- B. Grantee agrees to administer the project in accordance with Attachment 1: YPFG Request for Application (incorporated by reference) and Attachment 2: YPFG Grant Application, which are attached and hereto and made part of this agreement.

- B. The Grantee shall establish separate accounting records and maintain documents and other evidence sufficient to properly reflect the amount, receipt, and disposition of all project funds, including grant funds and any matching funds by the Grantee and the total cost of the project. Source documentation includes copies of all awards, applications, approved modifications, financial records and narrative reports.
- C. Personnel and payroll records shall include the time and attendance reports for all individuals reimbursed under the grant, whether they are employed full-time or part-time. Time and effort reports are also required for all subcontractors and consultants.

7. CONFLICT OF INTEREST

- A. Existing law prohibits any grantee, subgrantee, partner or like party who participated on the YPFG Scoring Panel (See Appendix A) from receiving funds from the YPFG grants awarded under this RFA. Applicants who are awarded grants under this RFA are responsible for reviewing the YPFG Scoring Panel membership roster (see Appendix A) and ensuring that no grant dollars are passed through to any entity represented by the members of the YPFG Scoring Panel.
- B. In cases of an actual conflict of interest with a Scoring Panel member, the Board may revoke the grant award and legal consequences could exist for the parties involved, including, but not limited to, repayment of the grant award.

- A. The Grantee shall be paid quarterly in arrears by submitting an invoice (Form 201) to the BSCC that outlines actual expenditures claimed for the invoicing period.
- B. All project expenditures and any county match contributions must be incurred by the end of the grant project period, June 1, 2024, and included on the invoice due July 15, 2024. Project expenditures incurred after June 1, 2024 will not be reimbursed.
- D. Grantee shall submit an invoice to the BSCC each invoicing period, even if grant funds are not expended or requested during the invoicing period.
- E. Upon the BSCC's request, supporting documentation must be submitted for project expenditures. Grantees are required to maintain supporting documentation for all expenditures on the project site for the life of the grant and make it readily available for review during BSCC site visits.

| 12. March 1, 2024 to June 1, 2024 | July 15, 2024 |

2. GRANT AMOUNT AND LIMITATION

- A. In no event shall the BSCC be obligated to pay any amount in excess of the grant award. Grantee waives any and all claims against the BSCC, and the State of California on account of project costs that may exceed the sum of the grant award.
- B. Under no circumstance will a budget item change be authorized that would cause the project to exceed the amount of the grant award identified in this Grant Agreement.

3. BUDGET CONTINGENCY CLAUSE

- A. This grant agreement is valid through YPFG funding generated from the General Fund. The Grantee agrees that the BSCC's obligation to pay any sum to the grantee under any provision of this agreement is contingent upon the availability of sufficient funding granted through the passage of Senate Bill 823 (Statutes of 2020, Chapter 337).
- B. If YPFG funding is reduced or falls below estimates contained within the YPFG Request for Application, the BSCC shall have the option to either cancel this Grant Agreement with no

EXHIBIT B: BUDGET DETAIL AND PAYMENT PROVISIONS

liability occurring to the BSCC or offer an amendment to this agreement to the Grantee to reflect a reduced amount.

- C. If BSCC cancels the agreement pursuant to Paragraph 3(B) or Grantee does not agree to an amendment in accordance with the option provided by Paragraph 3(B), it is mutually agreed that the Grant Agreement shall have no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement except that Grantee shall be required to maintain all project records required by Paragraph 6 of Exhibit A for a period of three (3) years following the termination of this agreement.

4. PROJECT COSTS

- A. Grantee is responsible for ensuring that actual expenditures are for eligible project costs. "Eligible" and "ineligible" project costs are set forth in the July 2020 BSCC Grant Administration Guide, which can be found under Quick Links here:

https://www.bscc.ca.gov/s_correctionsplanningandprograms/

The provisions of the BSCC Grant Administration Guide are incorporated by reference into this agreement and Grantee shall be responsible for adhering to the requirements set forth therein. To the extent any of the provisions of the BSCC Grant Administration Guide and this agreement conflict, the language in this agreement shall prevail.

- B. Grantee is responsible for ensuring that invoices submitted to the BSCC claim actual expenditures for eligible project costs.
- C. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- D. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. Grant funds shall not replace (supplant) any federal, state and/or local funds that have been appropriated for the same purpose. Violations can result in recoupment of monies provided under this grantor suspension of future program funding through BSCC grants.

5. PROMPT PAYMENT CLAUSE

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

6. WITHHOLDING OF GRANT DISBURSEMENTS

- A. The BSCC may withhold all or any portion of the grant funds provided by this Grant Agreement in the event the Grantee has materially and substantially breached the terms and conditions of this Grant Agreement.
- B. At such time as the balance of state funds allocated to the Grantee reaches five percent (5%), the BSCC may withhold that amount as security, to be released to the Grantee upon compliance with all grant provisions, including:
 - 1) submittal and approval of the final invoice;
 - 2) submittal and approval of the Final Report;
- C. The BSCC will not reimburse Grantee for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.

EXHIBIT B: BUDGET DETAIL AND PAYMENT PROVISIONS

D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

Grantee's written demand shall be fully supported by factual information. The BSCC County Facilities Construction Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. - B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

9. UNION ACTIVITIES

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code §§16654 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.

- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

Youth Programs and Facilities Grant Program

Background

On September 30, 2020, Governor Newsom signed Senate Bill 823 (Chapter 337, Statutes of 2020), which began the closure of the state's Division of Juvenile Justice, realigning those state functions to county governments. Under SB 823, DJJ intake will close for most youth on July 1, 2021, and counties then become fully responsible for housing, programming, and treatment of youth at higher offense and needs levels who can no longer be committed to DJJ.

As part of SB 823, \$9.6 million was set aside for the Board of State and Community Corrections to "award one-time grants, to counties for the purpose of providing resources for infrastructure-related needs and improvements to assist counties in the development of a local continuum of care." (Welf. & Inst. Code, § 2250, subd. (a).)

Request for Application Development

The Board of State and Community Corrections (BSCC) issued a Request for Information (RFI) on December 18, 2020 to inform the Board's decision making and identifying potential counties to receive a one-time grant as part of the Youth Programs and Facilities Grant (YPFG) Program under SB 823, for the purposes of providing resources for infrastructure related needs and improvements to assist them in the development of a local continuum of care for justice system-involved youth.

The survey requested information about the county's intent to house these youth after June 30, 2021, specific programming that may be developed/offered for the population, whether youth from other counties will be housed, anticipated number of these youth to be housed, and infrastructure needs to house these youth. Counties were asked to respond to the RFI by January 15, 2021. Fifty-seven of the 58 Counties in California responded to the survey. For the youth population that can no longer be committed to DJJ, a majority of responding counties indicated they lack capacity to serve youth in one or more of the following high-needs categories and that they intend to refer these youth to other counties for appropriate treatment and placement: 1. Females, 2. Sex Offenders, and 3. Seriously Mentally Ill youth.

On February 11, 2021, the BSCC Board approved a request for the development of a Request for Application (RFA). This RFA will allocate grant resources to support the infrastructure needs of counties, including counties that can provide facility and treatment space for referrals from other counties that lack this local, specialized capacity.

Between February 19 and March 22, 2021, the BSCC solicited and received written public comment on the grant program and on the further development of the RFA. In addition, on March 22, 2021, the BSCC convened a statewide virtual Stakeholder Input Session for live public comment on the grant process and the RFA. Public comments have been

reviewed and incorporated by the YPFG working group into this final Request for Applications.

Purpose of the YPFG Program

The purpose of the YPFG Program is to award one-time funding to counties solely for infrastructure needs to facilitate youth programming that maintains trauma-informed, culturally relevant and gender appropriate services to youth in the care of counties.

Infrastructure and improvement needs are defined below. Further information about eligible costs are available in the Budget Considerations section (page 9).

- Site preparation, fixed equipment and fixed furnishings, installation of fixed equipment and fixed furnishings necessary for the operation of the facility or program.
- Moveable equipment, and moveable furnishings necessary for the activation and operation of the facility or program.
- Additional infrastructure-related needs and improvements to assist counties in the development of a local continuum of care including but are not limited to supplies; transportation acquisitions; and training material acquisition.

While the intent of this grant is to address infrastructure needs, other DJJ Realignment funding will be provided to counties after July 1, 2021, to establish evidence-based and best practice programming for all youth that aligns with individual case plan development, the establishment of relevant goals and needs, treatment, and transition planning for successful re-entry to the community. Facility providers, community-based organizations and families will work together with agency personnel to integrate services in and out of custody to provide a continuum of care.

Consideration of SB 823 Intent

In completing this application, Applicants should acknowledge and demonstrate their commitment to supporting the intent of SB 823 such that the infrastructure needs that are identified and funded support the following:

- Justice system involved youth remain closer to their families and communities and they receive age-appropriate treatment.
- Youth needs are met by providing and implementing public health approaches to support positive youth development and building the capacity of a continuum of community-based approaches.
- The use of evidence-based and promising practices and programs that improve the outcomes of youth and public safety.
- Further the development of a local “continuum of care”.
- Reduce the transfer of youth into the adult criminal justice system.
- Ensure that dispositions are in the least restrictive appropriate environment.
- Reduce and then eliminate racial and ethnic disparities.
- Reduce the use of confinement in the juvenile justice system by utilizing community-based responses and interventions.

The terms “trauma-informed approaches”, “trauma-informed care”, and “culturally responsive” are used in SB 823 and are defined in section 1302 of Title 15 of the California Code of Regulations (CCR). These definitions are:

- **Trauma-informed approaches** are policies, practices and procedures that ensure that all parties involved recognize and respond appropriately to the impact of traumatic stress and ensure the physical and psychological safety of all youth, family members, and staff.
- **Trauma-informed care** means an organizational structure and system framework that involves understanding, recognizing, and responding to traumatic stress reactions and the effects of all types of trauma. Trauma-informed care also emphasizes raising awareness and providing resources about trauma and the impact of trauma on youth, family members and staff.
- **Culturally responsive** means considering the diverse population of a facility with regard to race, language, ethnicity, sexual orientation, gender, gender expression, immigration status and values.

Programming in County Facilities Subject to State Minimum Standards

Applicants planning to use YPFG funds for infrastructure or improvements to local facilities covered by Title 15 of the CCR, including juvenile halls and probation camps, must ensure that funded projects observe the programming requirements that are included in the facility standards. Required opportunities for programs, recreation, and exercise in juvenile facilities are specified in Section 1371 of Title 15 of the CCR. Programming is to include, but not be limited to, trauma focused, cognitive, evidence-based, best practice interventions that are culturally relevant and linguistically appropriate, or pro-social interventions and activities designed to reduce recidivism. These programs should be based on the youth's individual needs as required by Sections 1355 and 1356. Such programs may be provided under the direction of the Chief Probation Officer or the County Office of Education and can be administered by county partners such as mental health agencies, community-based organizations, faith-based organizations, or probation staff.

Evidence-based Practices

The BSCC is committed to supporting programs, practices, and strategies that are rooted in documented evidence showing they reduce youth risk factors and rates of recidivism while also considering participant characteristics, situations, and preferences. Applicants for Part A regional projects are asked to describe evidence-based or research-based approaches in program descriptions for their projects. Applicants may find it helpful to review the information on evidence-based treatment practices in Appendix A of this RFP as well as in the Substance Abuse and Mental Health Services Administration's (SAMHSA) Guide to Evidence-Based Practices available at:

www.samhsa.gov/ebpwebguide.

Funding Information

Of the \$9.12 million available (after BSCC administrative cost), funding is available for two project types:

- Regional Hubs (Part A)
- All County Distribution – All Counties (Part B)

Counties may submit an application for funding in both categories, but must submit a separate application for each part, Part A and Part B. Counties wishing to receive funding in only one category may submit only one application and must note which “Part” is being applied for.

Regional Hubs (Part A)

A total of \$5 million is available to fund up to five projects (up to \$1 million each) to develop regional hubs to serve youth referred by other counties in the three high-needs areas: (1) females, (2) youthful sex offenders, and (3) seriously mentally ill youth. Funding will be prioritized so that each of the three high-needs areas is funded. This funding priority will be implemented as follows:

1. Applicants will identify the high-need area their project will address on the Applicant Information Form. Applicants may submit only one Part A application and can apply to serve only one high-need area.
2. Applications for Part A will be scored and must receive at least 50% of the total points available to be considered for funding (see Application Scoring Process – Part A Applicants Only on page 12).
3. It is the intent to fund at least one application in each of the high-needs areas. This means that an application for a particular high-needs area may be funded even if the application scores lower than other applications that fund different high-needs areas.

If there are not sufficient qualified applicants in Part A, Regional Hubs, to exhaust all funds, those funds will be used to augment the Part B, All County Distribution.

All County Distribution (Part B)

A minimum of \$4.12 million will be allocated pro rata (by formula) to all counties based on county juvenile population (age 12 – 17) to support infrastructure and improvements for local programs and facilities for their in-county population of realigned youth. These Part B funds must be spent on infrastructure or improvements to programs, services, or facilities serving youth who are realigned to counties as a result of the closure of the Division of Juvenile Justice.

To ensure that large, medium, and small counties all have the opportunity to share in the available funding, the \$4.12 million has been distributed based on county juvenile population category (see Appendix F, County Juvenile Population Index). The county juvenile population categories are based on each county's share of the statewide population of youth age 12 through 17. In the table below, the maximum dollar amount that can be requested by a county is listed as the Funding Amount Per County, according to the category in which that county falls:

	Small Counties	Medium Counties	Large Counties
Juvenile Population Threshold	Population < 25,000	Population 25,001-95,000	Population 95,001+
Total Number of Counties	35	15	8
Total Amount to Category	\$1,648,010	\$1,236,000	\$1,236,000
Total Percent to Category	40%	30%	30%
Funding Amount Per County Applicant	\$47,086	\$82,400	\$154,500

The table above reflects a total allocation of \$4.12 million. It is possible that funds available for Part B may be augmented. This may occur in two ways:

1. Funds available in Part A are not exhausted. The amount remaining from Part A will be used to increase the amount available for Part B accordingly. The new total amount available will be distributed as outlined in the table above (40% to small counties, 30% to medium counties, and 30% to large counties).
2. One or more counties do not apply for Part B funds. Any individual county share that is not applied for will be distributed as outlined in the table above (40% to small counties, 30% to medium counties, and 30% to large counties).

If one or both of the two scenarios above occur, counties that applied will be notified, provided with the total amount of increased funding available, and will be permitted to adjust their project accordingly through a budget modification process.

Eligible Applicants

Only California's 58 counties are eligible to apply.

All YPFG county applicants and grantees are required to designate a Lead Public Agency to serve as the coordinator for the administration of the YPFG. The Applicant County should designate a department, agency, or office under its jurisdiction to serve as the Lead Public Agency. The Lead Public Agency is responsible for the management of the grant and reporting requirements. The application must be signed by either the chief executive officer of the county or the duly designated head of the Lead Public Agency.

Part B Deferred Spending Approval Process

For Part B funding, counties that have not yet finalized how these funds will be spent may apply based on available information, describing the infrastructure and improvements for the realignment population that are contemplated including a timeline for submitting a modified application with more complete information no later than six months from the award date. The county should submit a place holder budget requesting the full amount available depending on the county size designation.

Contact Information

This Request for Application (RFA) provides the information necessary to prepare an application to the BSCC for grant funds available through the YPFG program.

The BSCC staff cannot assist the applicant or its partners with the actual preparation of the application. Any technical questions concerning the RFA, the application process, or program issues must be submitted to by email to: SB823Grant@bscc.ca.gov.

The BSCC will accept and respond to questions about the RFA **until April 30, 2021**. Frequently asked questions and answers (FAQs) concerning this RFA will be posted on the BSCC website and posted periodically through April 30, 2021.

General Grant Requirements

The grant period will begin on June 10, 2021 and end on June 1, 2024.

Grant Agreement

Applicants approved for funding by the BSCC Board are required to enter into a grant agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. See Appendix B for a sample grant agreement (State of California: Contract and General Terms and Conditions). The terms and conditions of the grant agreement may change before execution.

The grant agreement start date is expected to be June 10, 2021. Grant agreements are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services, and encumbrances cannot begin prior to the grant agreement start date. Work, services, and encumbrances that occur after the start date, but prior to grant agreement execution, may not be reimbursed. Grantees are responsible for maintaining their grant agreement, all invoices, records, and relevant documentation for at least three years after the final payment under the contract.

Supplanting

BSCC grant funds shall be used to support new program activities or to augment existing funds that expand current program activities. BSCC grant funds shall not be used to replace existing funds. Supplanting is strictly prohibited for all BSCC grants. When using outside funds as match, applicants must be careful not to supplant. Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

It is the responsibility of the Grantee to ensure that supplanting does not occur. The Grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

Payment of State Grant Funds – Part A Regional Hub

Payment will be made to counties in arrears (reimbursement) based on invoices (which may include progress reports) submitted to the BSCC on a monthly, every other month or quarterly basis. Counties will pay first and then submit reimbursement requests to the BSCC. Invoices are processed by the BSCC upon receipt, and then forwarded to the appropriate state agencies for payment. The typical turn-around time for payment to counties after submittal of an invoice is approximately 30-60 days. Counties should plan for needed cash flow to support the project on a monthly, every other month or quarterly reimbursement basis.

Payment of State Grant Funds – Part B All County Distribution

Grantees shall be paid in one lump sum. The State Controller's Office (SCO) will issue the warrant (check) to the individual designated on the Applicant Information Form as the Financial Officer for the grant. Grantees must submit quarterly invoices to document how the money was spent to the BSCC through an online process no later than 45 days following the end of the invoicing period. Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct a desk review process which requires grantees to submit electronic documentation to support all grant funds claimed during the invoicing period and on-site monitoring visits that will include a review of documentation maintained as substantiation for project expenditures.

Compliance Monitoring Visits

The BSCC staff will monitor each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives. As needed, monitoring visits may also occur to provide technical assistance on fiscal, programmatic, evaluative, and administrative requirements. For your reference, a sample Monitoring Visit Checklist Tool is provided in Appendix C.

Report Requirements

By July 1, 2024, each grantee that receives a grant from the Youth Programs and Facilities Grant Program shall submit a detailed report to the BSCC with the following information:

- An accounting of expenditures.
- A description of the physical and system enhancements made.
- How many regional placement beds were supported with the funding (Part A grantees only).
- What proportion of the regional placement beds were contracted to other counties and which counties (Part A grantees only).

More detailed instructions on the report process will be made available to grantees.

Grantee Orientation Process

Following the start of the grant period, BSCC staff will conduct a virtual Grantee Orientation (at a date to be determined later). The purpose of this mandatory training is to review the grant requirements, invoicing and modification processes, reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, and Day-to-Day Contact must attend.

Debarment, Fraud, Theft or Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

The BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation. All applicants must complete Appendix D certifying that they are in compliance with the BSCC's policies on debarment, fraud, theft and embezzlement.

Budget Considerations

Eligible Costs for State Reimbursement for Part A and Part B Grants

State Grant Funds can be used for design, construction, and infrastructure or improvement activities that occur after the Grant Agreement had been signed by both the County and the BSCC. All construction, including renovation, proposed to be completed within this program must meet all of the requirements as identified in this RFA and must enable facilities to: maintain compliance with safety and security considerations in facility operational standards as contained in Title 15 of the California Code of Regulations; fire and life safety standards and physical plant requirements contained in Title 24 commencing with Section 1231 of the California Code of Regulations. If for any reason the proposed project is claimed to be exempt from any state or local laws, regulations, ordinances, standards, or requirements, counties must provide the BSCC with a statement citing the appropriate exemption.

Project costs eligible for this state financing are:

1. Costs for the design and construction of the BSCC-approved YPFG project, incurred after the execution of the grant agreement, including site preparation, fixed equipment and fixed furnishings, installation of fixed equipment and fixed furnishings necessary for the operation of the facility or program.
2. Moveable equipment, and moveable furnishings necessary for the activation and operation of the facility or program.
3. Additional infrastructure-related needs and improvements to assist counties in the development of a local continuum of care including but are not limited to supplies; transportation acquisitions; and training material acquisition.

A maximum of 25 percent of proposed project expenditures may be allocated for one-time personnel costs that are necessary to plan, develop or manage the proposed improvement or infrastructure program or project. This 25 percent allowance may include payments to public or private agency personnel or consultants for planning, development or management of the project but shall not be construed to limit or disallow personnel or contract costs incurred for the design, purchase, installation, construction, renovation or other direct implementation of project improvements or infrastructure.

Costs attributed to the items above must be identified in the application.

Ineligible Costs

Project items or costs not eligible for state grant funding shall include but are not limited to, the following:

1. Temporary holding or court holding facilities.
2. Purchase, lease, or rent of land; excavation of burial sites; public art; off-site costs including access roads, power generation and utilities development; bonus payments; and debt service or interest payments on indebtedness.

Funds from the YPFG Program shall not be used by counties to enter into contracts with private entities whose primary business is the custodial confinement of adults or youth in a prison or prison-like setting. (Welf. & Inst. Code, § 2250, subd. (d).)

Overview of the RFA Process

Confirmation of Receipt of Application

Upon submission of an application, applicants will receive a confirmation email from the BSCC stating the application has been received. The email will be sent to the individual who signed the application and the person listed as the Project Director.

Disqualification

The following will result in disqualification:

- The original hard copy or electronic version of the application are not received by 11:59 p.m. on May 12, 2021.
- The applicant is not one of the following: (1) a county government agency, which includes individual agencies or departments within a County.

“Disqualification” means the application will not be considered for YPFG funding.

Technical Compliance Review

It is the BSCC’s intent to avoid having otherwise worthy applications eliminated from consideration due to relatively minor and easily corrected errors or omissions. Therefore, during the week immediately following the proposal due date, BSCC staff will conduct a Technical Compliance Review - a review to determine whether an application is in compliance with all technical requirements. Applicants will have a limited opportunity to respond to deficiencies identified during the technical review process by making nonsubstantive changes that bring the proposal into technical compliance.

Unless disqualified, Part A applications will advance to the Application Rating Process.

Unless disqualified, Part B applicants will be notified of the funding recommendations. It is anticipated the BSCC Board will act on the recommendations at its meeting on June 10, 2021. Applicants are not to contact members of the Scoring Panel nor the BSCC Board to discuss applications.

Summary of Key Dates

The following table shows an estimated timeline of key dates related to the YPFG Program.

Activity	Date

Application Scoring Process – Part A Applications Only

The BSCC will be using a Scoring Panel process to complete the reading and rating of Part A applications, and to develop scoring recommendations for the BSCC Board.

The YPFG Program Scoring Panel members will read and rate each Part A application in accordance with the prescribed rating factors listed in the table below. The raters will base their scores on how well an applicant addresses the items listed under each rating factor within the Application Narrative and Budget. Ratings, once submitted to the BSCC, will be final.

At the conclusion of this process, applicants will be notified of the funding recommendations. It is anticipated the BSCC Board will act on the recommendations at its meeting on June 10, 2021. Applicants are not to contact members of the Scoring Panel nor the BSCC Board to discuss applications.

Rating Factors

The Rating Factors to be used and the maximum points assigned to each factor are shown in the table below. Applicants are asked to address each of these factors as a part of their application. The percent value assigned to each of the Rating Factors correlates to its importance (see Percent of Total Value column).

YPFG Program Regional Hubs (Part A) Rating Factors and Point Values

	Rating Factors	Point Range	Percent of Total Value	Weighted Rating Factor Score
1	Juvenile Justice Realignment Population	0 - 5	20%	40
2	Infrastructure and Improvements	0 - 5	20%	40
3	Realignment Program Description	0 - 5	25%	50
4	Regional Factors	0 - 5	25%	50
5	Budget	0 - 5	10%	20
Maximum Final Application Score:			100%	200

Raters will score an applicant's response in each of the Rating Factor categories on a scale of 0-5, according to the six-point rating scale shown below. Each rating is then weighted according to the "Percent of Total Value" column (determined by the ESC) associated with each Rating Factor to arrive at the final Weighted Score for each Rating Factor. The Weighted Rating Factor Score for each rating factor are then added together to calculate the Final Application Score.

Threshold/Minimum Score

An application must meet a threshold of **50%**, or minimum score of **100** total points to be considered for funding.

Six-Point Rating Scale

Not Responsive 0	Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response fails to address the criteria.	The response addresses the criteria in a very inadequate way.	The response addresses the criteria in a non-specific or unsatisfactory way.	The response addresses the criteria in an adequate way.	The response addresses the criteria in a substantial way.	The response addresses the criteria in an outstanding way.

Scoring Panel and Conflicts of Interest

Existing law prohibits any grantee, subgrantee, partner, or like party who participated on the above referenced YPFG Program Scoring Panel from receiving funds from the grants awarded under this RFA. Applicants who are awarded grants under this RFA are responsible for reviewing the YPFG Program Scoring Panel membership roster and ensuring that no grant dollars are passed through to any entity represented by any member of the Scoring Panel. [Scoring-Panel-Membership](#) will be posted to the BSCC website no later than May 1, 2021.

Upon submission, the Budget Attachment will become Section 5 of the Application and will be reviewed as such based on the Budget Rating Factor section criteria listed above.

Applicants should be aware that budget of a funded application will still be subject to review and approval by the BSCC staff to ensure all proposed costs listed within the budget narrative are allowable and eligible. Instructions for Application Narrative and Budget for Part B All County Distribution

A minimum of \$4.12 million in YPFG Program funds will be allocated to all counties based on juvenile population (ages 12 – 17) to support infrastructure and improvements for local programs and facilities for realigned youth. These Part B funds must be spent on allowable infrastructure or improvement expenses for programs, services, or facilities serving youth who are realigned to counties as a result of the closure of the Division of Juvenile Justice. In the narrative, applicant counties should describe the need and the proposed expenditures as they relate to programs, services, or facilities the county will create or utilize to house or serve the realignment population.

For information about eligible costs, see the Budget Considerations section (page 9). Note that a maximum of 25 percent of the proposed expenditures may be allocated for one-time county personnel, costs necessary to plan or implement the proposed infrastructure program or project.

Deferred Spending Approval Process

For Part B funding, counties that have not yet finalized how these funds will be spent may apply based on available information, describing the infrastructure and improvements for the realignment population that are contemplated including a timeline for submitting a modified application with more complete information no later than six months from the award date. The county should submit a place holder budget requesting the full amount available depending on the county size designation.

Instructions: The Application Narrative must be submitted in Arial 12-point font with one-inch margins on all four sides. The narrative must be 1.5-line spaced and cannot exceed **2 numbered pages** in length. For the Application Narrative, address each of the four (3) sections below.

Section 1: Project Need

Section 2: Project Description

Each section should be titled according to its section header as provided (e.g., Juvenile Project Need). Within each section, addressed the numbered criteria in a cohesive, comprehensive narrative format. Do not include website links.

Instructions: The Budget and Budget Narrative must be completed using the Budget Attachment (an Excel workbook, a link and instructions are provided on page 32). For the Budget and Budget Narrative address the numbered criteria provided below.

Section 3: Budget

The 2-page limit does not include the Cover Sheet, Application Checklist, Applicant Information Form, Budget Table or other required attachments (see YPFG (Part B) Program Proposal Checklist).

It is up to the applicant to determine how to use the total page limit in addressing each section.

Section 1: Project Need

For the Project Need section, address the information requested below in narrative form.

- 1.1. Describe the project need as it relates to programs, services or facilities the county will create or utilize to house or serve youth who are realigned to counties as a result of the closure of DJJ. Include a description of the service population by age, gender, offense, offense history, and treatment or program need and by any other factors you plan to utilize.
- 1.2. Describe the number of youth to be served (maximum capacity at any time), and proposed length of stay.

Section 2: Project Description

For the Project Description section, address the information requested below in narrative form.

- 2.1. Describe the infrastructure and improvements for which funds are sought, including the facility (e.g., juvenile hall, probation camp, other) and location where the improvements or infrastructure will be added.
- 2.2. Explain why the infrastructure and improvements are needed in relation to existing resources and how this will generate program enhancements which will serve the realigned population.

Section 3: Budget

For the Budget section, provide the information below when completing the Budget Attachment.

- 3.1. Provide a complete and detailed budget information in each section of the Budget Attachment (link below) that includes:
- language supporting each expense.
 - expenses that are allowable within the definitions or parameters of the RFA.
 - expenses that are appropriate for the described program or project.

Budget Attachment Instructions:

As part of the application process, applicants are required to submit the **Budget Attachment**, which is an Excel Workbook that can be accessed at: <https://www.bscc.ca.gov/wp-content/uploads/RFA-Budget-Table.Final.xlsx>

Upon submission, the Budget Attachment will become Section 3 of the Application.

Applicants should be aware that budget of a funded application will still be subject to review and approval by the BSCC staff to ensure all proposed costs listed within the budget narrative are allowable and eligible. Regardless of any ineligible costs that may need to be addressed post award, the starting budget and the total amount requested will be the figures used for the Standard Grant Agreement.

Applicants are solely responsible for the accuracy and completeness of the information entered in the Budget Table and Budget Narrative Table. Detailed instructions for completing the Budget Attachment are listed on the Instructions tab of the Excel workbook.

Appendix A: Evidence-Based Resources

The BSCC is committed to supporting programs, practices, and strategies that are rooted in documented evidence showing they reduce youth risk factors and rates of recidivism while also considering participant characteristics, situations, and preferences.

In the process of developing and describing their projects for purposes of this RFA, applicants may find it helpful to focus on the following three basic principles:

- 1. Is there evidence or data to suggest that the intervention, service, or strategy is likely to work, i.e., produce a desired benefit?** For example, was the intervention, service, or strategy selected by the project used by another entity with documented positive results? Is there published research/information on the intervention the project has chosen to implement showing its effectiveness? Is the intervention or strategy being used by another entity with a similar problem and similar target population?
- 2. Once an intervention, service, or strategy is selected, will you be able to demonstrate that it is being carried out as intended?** For example, does this intervention, service, or strategy provide for a way to monitor quality control or continuous quality improvement? If this intervention, service, or strategy was implemented in another area, are there procedures in place to ensure the model is being closely followed (so the project is more likely to achieve similar desired outcomes)?
- 3. Is there a plan to collect data that will allow for an appraisal of whether the intervention, service, or strategy worked?** For example, will the intervention, service, or strategy selected allow for the collection of data or other information so outcomes can be measured at the conclusion of the project? Are there or will there be processes in place to identify, collect, and analyze that data/information?

The websites provided below may be useful to applicants in the proposal development process. This list is not exhaustive, and it is offered as a suggested starting point for applicants to use in researching evidence-based programs, practices, and strategies.

Appendix D: Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

CONFIDENTIALITY NOTICE

All documents submitted as a part of the Youth Programs and Facilities Grant (YPFG) Program are public documents and may be subject to a request pursuant to the California Public Records Act. The BSCC, as a state agency, may have to disclose these documents to the public. The BSCC cannot ensure the confidentiality of any information submitted in or with this proposal. (Gov. Code, §§ 6250 et seq.)

Section 1: Project Need

1.1. San Francisco faces unique challenges with the impending closure of DJJ and realignment of DJJ functions back to local jurisdictions. Since 2019, San Francisco has been engaged in a robust local process to close our juvenile hall and reimagine what a non-institutional place of detention will look like for young people who require secure holding, primarily pre-adjudication. This local process now coincides with the statewide process of realigning DJJ functions to our county and demands that we be creative, thoughtful, and intentional in deciding what our full continuum of care looks like for young people in the juvenile justice system. We have recently added five new community member seats to the subcommittee of our Juvenile Justice Coordinating Council tasked with creating this continuum. As we are still engaged in our local planning process, our subcommittee members have decided to request that San Francisco enter the Deferred Spending Approval Process while we further develop our plan.

San Francisco historically has not had a high number of young people in DJJ facilities. In fact, between 2016-2020, San Francisco committed only 11 young people to DJJ. As we contemplate realignment today, San Francisco only has one young person committed to DJJ. Overwhelmingly, young people from San Francisco who are sent to DJJ are committed because their immediate sustained petition is serious and violent, or because that young person has a long history of serious and violent behaviors paired with failures in out of home placements. Young people are often 18 or older when they have been committed to DJJ and all of the last 11 commitments have been young men. Seven of the eleven young people committed to DJJ between 2016-2020 have been African-American, two have been Latinx, one is Pacific Islander, and one is white. Finally, most young people sent to DJJ from San Francisco stay at least two years. Based on recent trends, San Francisco must contemplate a continuum of care for a realigned population that is very small in number, made up primarily of transitional-aged youth, who come with serious histories and high needs, and need to transition into successful adulthood when they are released. Additionally, we must examine every decision and component of this continuum for these young people through a racial

equity lens as we see the stark racial disparities in the population of young people who have been sent to DJJ from San Francisco.

1.2 Based on prior year commitment data, San Francisco anticipates having two commitments to our facility per year, with a maximum capacity of 6 at any given time, for an average length of stay of 28 months.

Section 2: Project Description

2.1. Because San Francisco has historically low numbers of DJJ commitments, we are considering what it might look like to take a regional approach for young people the court commits to a long-term secure placement. We are considering the possibility of reopening our former juvenile ranch and offering it as a regional placement; we are considering sending our young people to one, or multiple, placements in the San Francisco Bay Area should that be a reasonable option; and, we are simultaneously considering all other possibilities brought to us by our subcommittee members. Because we have not yet made any interim or final decisions about the placement of these young people, we are requesting to undertake the Deferred Spending Approval Process.

2.2. Should we send our young people out of county, we may spend the Youth Programs & Facilities Grant on transportation to families to ensure that they have every opportunity to see their loved one. If we offer a space here in San Francisco, we will need to purchase program curriculum and associated staff training and technical assistance in order to ensure that our staff who have historically worked with young people under 18 for a short amount of time feel prepared to work in support of transitional-age youth for longer lengths of stay. We also recognize that holding this population locally in our juvenile hall, while it is open, would require some infrastructure and training adjustments that could be supported by this grant.

San Francisco will submit a finalized proposal to the BSCC no later than November 12th, 2021. It is our intent that by then we will have a much clearer picture of what the future looks like for secure facilities and shifted continuums of care in San Francisco, as well as what is being offered around the region that may be a good fit for the realigned population in San Francisco.

Appendix D: Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

- ☒ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.
- ☒ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.
- ☒ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

Section 1: Project Need

1.1. San Francisco faces unique challenges with the impending closure of DJJ and realignment of DJJ functions back to local jurisdictions. Since 2019, San Francisco has been engaged in a robust local process to close our juvenile hall and reimagine what a non-institutional place of detention will look like for young people who require secure holding, primarily pre-adjudication. This local process now coincides with the statewide process of realigning DJJ functions to our county and demands that we be creative, thoughtful, and intentional in deciding what our full continuum of care looks like for young people in the juvenile justice system. We have recently added five new community member seats to the subcommittee of our Juvenile Justice Coordinating Council tasked with creating this continuum. As we are still engaged in our local planning process, our subcommittee members have decided to request that San Francisco enter the Deferred Spending Approval Process while we further develop our plan.

San Francisco historically has not had a high number of young people in DJJ facilities. In fact, between 2016-2020, San Francisco committed only 11 young people to DJJ. As we contemplate realignment today, San Francisco only has one young person committed to DJJ. Overwhelmingly, young people from San Francisco who are sent to DJJ are committed because their immediate sustained petition is serious and violent, or because that young person has a long history of serious and violent behaviors paired with failures in out of home placements. Young people are often 18 or older when they have been committed to DJJ and all of the last 11 commitments have been young men. Seven of the eleven young people committed to DJJ between 2016-2020 have been African-American, two have been Latinx, one is Pacific Islander, and one is white. Finally, most young people sent to DJJ from San Francisco stay at least two years. Based on recent trends, San Francisco must contemplate a continuum of care for a realigned population that is very small in number, made up primarily of transitional-aged youth, who come with serious histories and high needs, and need to transition into successful adulthood when they are released. Additionally, we must examine every decision and component of this continuum for these young people through a racial

equity lens as we see the stark racial disparities in the population of young people who have been sent to DJJ from San Francisco.

1.2 Based on prior year commitment data, San Francisco anticipates having two commitments to our facility per year, with a maximum capacity of 6 at any given time, for an average length of stay of 28 months.

Section 2: Project Description

2.1. Because San Francisco has historically low numbers of DJJ commitments, we are considering what it might look like to take a regional approach for young people the court commits to a long-term secure placement. We are considering the possibility of reopening our former juvenile ranch and offering it as a regional placement; we are considering sending our young people to one, or multiple, placements in the San Francisco Bay Area should that be a reasonable option; and, we are simultaneously considering all other possibilities brought to us by our subcommittee members. Because we have not yet made any interim or final decisions about the placement of these young people, we are requesting to undertake the Deferred Spending Approval Process.

2.2. Should we send our young people out of county, we may spend the Youth Programs & Facilities Grant on transportation to families to ensure that they have every opportunity to see their loved one. If we offer a space here in San Francisco, we will need to purchase program curriculum and associated staff training and technical assistance in order to ensure that our staff who have historically worked with young people under 18 for a short amount of time feel prepared to work in support of transitional-age youth for longer lengths of stay. We also recognize that holding this population locally in our juvenile hall, while it is open, would require some infrastructure and training adjustments that could be supported by this grant.

San Francisco will submit a finalized proposal to the BSCC no later than November 12th, 2021. It is our intent that by then we will have a much clearer picture of what the future looks like for secure facilities and shifted continuums of care in San Francisco, as well as what is being offered around the region that may be a good fit for the realigned population in San Francisco.

Hi Emily,

BSCC preliminarily approves the attached budget modification submittal based on the requirements and intent of the SB 823 grant, including that the proposed expenditures conform to the Board's Titles 15 and 24 regulations regarding juvenile detention facilities. This preliminary approval does not include approvals that may be required from the State Public Works Board or the California Department of Corrections and Rehabilitation for upgrading SB 81 facilities. Final determination of compliance with Titles 15 and 24 will be made following the completion of the construction project.

Please use the attached workbook for future invoices (#3) and Budget Modification Requests. The current approved Budget Modification worksheets are locked so please let us know if you need another Budget Modification. I'll create another Budget Mod worksheet and unlock the Project Budget Narrative worksheet for you upon request.

The next step or items we'll need is your Board Resolution, Grant Agreement Template, W9 and Govt TIN form. A sample Board Resolution can be found on page 43/44 of the Request for Applications document on our SB 823 homepage. The Govt TIN and Grant Agreement Template are located under the Resources section of the SB 823 homepage located here:

TOTAL	\$ 82,400	\$ -	\$ 70,171	\$ 152,571

JUSTIFICATION FOR MODIFICATION:

San Francisco requested a deferred spending approval process in order to give our DJJ Realignment Subcommittee the time they needed to identify priorities for DJJ Realignment and the YPFG. Since initiating the deferred spending approval process, the funding available to San Francisco has increased from \$82,400 to \$152,571. The following budget modifications reflect both of these changes.

Line Item 4: Increase spending from \$0 to \$80,000. San Francisco County initially considered sending all young people committed to an SYTF out of county. The DJJ Realignment Subcommittee decided against this and instead will invest in moveable furnishings that can easily be transferred to a new space, should San Francisco decide to move our SYTF to a new space in the future. That these furnishings and equipment are moveable is especially important given the local conversation in San Francisco around the future site of our juvenile hall, which also currently serves as our SYTF site. These furnishings include an upgrade to one of our classrooms as well as the redesign of a current classroom into a college lounge. Most, if not all, of the young people in San Francisco who are a part of the DJJ Realignment population are over 18 and many have already completed their high school requirements. The purchase of these moveable furnishings, such as study carrels, couches, rugs, etc. will give our older students a better, more developmentally appropriate space in which to learn and participate in their education. Also included in this line item are purchases to upgrade our outdoor space for recreational use, programming use, and for family visitation. All of these furnishings will be moveable as well, should San Francisco's SYTF move to a new space in the future. These purchases include picnic tables, benches, umbrellas, metal tables for food prep, storage, etc., and assorted outdoor furniture. Finally, San Francisco will invest in improving the experience of long term commitment by investing in new mattresses for the facility.

Line Item 6: Decrease in spending from \$35,000 to \$0. Because San Francisco does not currently plan to send any young people committed to an SYTF out of county, we do not have a need for vehicles to do that transport. We have reallocated these dollars to other line items.

Line Item 7: Decrease in spending from \$17,000 to \$0. San Francisco will be funding collective training opportunities with JIRBG dollars instead of YPFG dollars and thus do not require these dollars in this line item. We have reallocated these dollars to other line items.

Line Item 8: Increase spending from \$9,800 to \$72,571. San Francisco will use YPFG dollars to purchase programming materials and supplies for the expanded programming we are creating as a result of DJJ Realignment. We have increased this line item amount to purchase additional materials and supplies for priority programming identified by the DJJ Realignment Subcommittee. These purchases include Virtual Reality (VR) equipment for our older students, which will allow them to learn from and participate in activities that would otherwise be impossible from inside our facility such as Career & Technical Education (CTE) coursework in the education center. We also seek to invest in garden supplies for our gardening program run by the school district; culinary program equipment and supplies such as a propane grill, pots, pans, and other cooking utensils; sports equipment both for recreational use as well as our Physical Education programming; and supplies for our parenting program, such as toys for toddlers, coloring books, etc. for those young people in our care who are parents and have their children come to visit.

Line Item 9: Decrease spending from \$20,600 to \$0. San Francisco no longer anticipates the need to use dollars from YPFG to support staff time for project management or development.

Good morning,

Yesterday, the BSCC Board unanimously passed the agenda item which approved conditional funding for your grant application. **Congratulations** on your new grant with the BSCC.

Please let us know as soon as possible whether you will be accepting your conditional grant.

BSCC received three applications for Part A and 37 applications for Part B. The below table shows the updated grant funds available to Part B applicants. **Part B applicants: please submit an updated budget table and narrative (if necessary) if interested in applying for the additional grant funds.**

We will provide additional notice if funding availability should further change due to applicants relinquishing their award.

 - Agreement to abide by all terms and conditions of the contract/Standard Agreement.
 - The BSCC will be providing a mandatory virtual **Grantee Orientation** soon. More information including dates/times will be forthcoming.
 - Please note: although your application has been recommended for funding and awarded by the Board, staff will be reviewing your budget section carefully to ensure all proposed costs listed within the budget narrative are actually allowable and eligible for reimbursement with SB 823 funds. In addition, any single item purchase more than \$3,500 will need pre-approval by BSCC before the actual item(s) is procured (even if it is in your original budget). We will work with projects on any issues that may arise. Regardless of any narrative updates that may need to be addressed, we will be using the figures provided in your application budget table as your starting budget for the reimbursement invoices and the total amount requested for your contract/Standard Agreement. Please reference the July 2020 BSCC Grant Administration Guide for general guidance for items that may require pre-approval: <https://www.bscc.ca.gov/wp-content/uploads/BSCC-Grant-Admin-Guide-July-2020-Final.pdf>
 - For counties that have completed SB81 facilities and Bonds have already been sold, any spending of grant funds within your SB81 funded projects related to additions, betterments, extensions or improvements, will require prior approval from your Facilities Standards & Operations (FSO) assigned Field Representative to ensure T15/T24 compliance and consent from the State Public Works Board (SPWB), CDCR, and BSCC. Please refer to Section 11 of your Facility Sublease agreement for additional information.
 - In addition, if counties are entering into any new arrangements/agreements for the use of SB81 facilities, prior approval by SPWB will be required.
- It is our pleasure to serve as the BSCC representatives for this grant program. Staff at the BSCC are currently teleworking so we ask for your patience during this contracting period. If you have any questions or think we can be of assistance, please do not hesitate to contact me or John Prince.

Again, congratulations on your award and we look forward to working with you.

Subject: San Francisco's YPFG Application - Part B

Good morning,

Yesterday, the BSCC Board unanimously passed the agenda item which approved conditional funding for your grant application. **Congratulations** on your new grant with the BSCC.

Please let us know as soon as possible whether you will be accepting your conditional grant.

BSCC received three applications for Part A and 37 applications for Part B. As the RFA made up to \$5 million available to fund up to five Part A projects and a total of three applications were received, an additional \$2 million is now available to Part B applicants. The below table shows the updated grant funds available to Part B applicants. **Part B applicants: please submit an updated budget table and narrative (if necessary) if interested in applying for the additional grant funds.**

We will provide additional notice if funding availability should further change due to applicants relinquishing their award.

	Small Counties	Medium Counties	Large Counties
Juvenile Population Threshold	Population < 25,000	Population 25,001- 95,000	Population 95,001+
Total Number of Counties	17	14	6
Total Amount to Category	\$2,448,000	\$1,836,000	\$1,836,000
Total Percent to Category	40%	30%	30%
Funding Amount Per County Applicant	\$144,000	\$131,143	\$306,000

I'd like to provide some next steps/updates on upcoming activities for the SB 823 YPFG grant:

- The contract documents (Standard Agreement) should be coming your way soon. These will be emailed (with instructions for submittal) to the individual listed as the Authorized Officer on the grant application with a cc to all other individuals listed on the Applicant Information Form.
- If you have not submitted a Resolution from your Governing Board, we will need this document in order to fully execute your contract/Standard Agreement. Please note: the language provided in Appendix E of the Request for Application (attached for your convenience) must include, at a minimum:
 - Language that delegates authority to the individual/position authorized to execute the grant agreement including any amendments *or* provide sufficient documentation indicating that the signer has been vested with plenary authority to execute grant agreements (e.g., a City Council or County Board of Supervisors delegating such authority to an Agency head);
 - A non-supplantation declaration; and
 - Agreement to abide by all terms and conditions of the contract/Standard Agreement.
- The BSCC will be providing a mandatory virtual **Grantee Orientation** soon. More information including dates/times will be forthcoming.
- Please note: although your application has been recommended for funding and awarded by the Board, staff will be reviewing your budget section carefully to ensure all proposed costs listed within the budget narrative are actually allowable and eligible for reimbursement with SB 823 funds. In addition, any single item purchase more than \$3,500 will need pre-approval by BSCC before the actual item(s) is procured (even if it is in your original budget). We will work with projects on any issues that may arise. Regardless of any narrative updates that may need to be addressed, we will be using the figures provided in your application budget table as your starting budget for the reimbursement invoices and the total amount requested for your contract/Standard Agreement. Please reference the July 2020 BSCC Grant Administration Guide for general guidance for items that may require pre-approval: <https://www.bscc.ca.gov/wp-content/uploads/BSCC-Grant-Admin-Guide-July-2020-Final.pdf>
- For counties that have completed SB81 facilities and Bonds have already been sold, any spending of grant funds within your SB81 funded projects related to additions, betterments, extensions or improvements, will require prior approval from your Facilities Standards & Operations (FSO) assigned Field Representative to ensure T15/T24 compliance and consent from the State Public Works Board (SPWB), CDCR, and BSCC. Please refer to Section 11 of your Facility Sublease agreement for additional information.
- In addition, if counties are entering into any new arrangements/agreements for the use of SB81 facilities, prior approval by SPWB will be required.

It is our pleasure to serve as the BSCC representatives for this grant program. Staff at the BSCC are currently teleworking so we ask for your patience during this contracting period. If you have any questions or think we can be of assistance, please do not hesitate to contact me or John Prince.

Again, congratulations on your award and we look forward to working with you.
