Hi,

My name is Martha Hollins and I am the Tenant Council President of Plaza East. I am sending this letter in response to a resolution taking place tomorrow, Tuesday June 28th, 2022. Please distribute this to all members of the Board of Supervisors and include it in the agenda if possible prior to tomorrow's meeting. The File number is #220740.

Have a blessed day,

Plaza East Tenant Association

Hello Dean Preston,

My name is Martha Hollins. Currently, I serve as the President of the Plaza East Resident Council, and I take my role as a community steward seriously. I, as president of the council and a long-standing member of the community, I hold myself responsible for ensuring the voice of Plaza East residents and others in the community are heard by city officials who represent them. On numerous occasions, I have requested an audience with you to discuss resident concerns and the outcomes of the year-long engagement process resident went through. Residents explicitly expressed that they want a safe integrated community with resources that meet their needs. If I may ask, are you happy about the lack of economic wealth at Plaza East? In addition, are you thrilled with the lack of educational attainment for young scholars at Plaza East? Lastly, where are you when the countless incident of community violence happens at Plaza?

Over the past two years, the resident council has partnered with community stakeholders, city officials, and service organizations to engage families at Plaza East. We have had numerous resident meetings, and host of community events, and had several conversations with the developers, property management, and community leaders. I can understand as a District Supervisor your schedule can be busy but had hoped that you would have found more time to attend resident meetings and community events so you could hear firsthand the opinions and concerns Plaza East residents are having about redevelopment. We know that the concerns and the opinion of residents are different from one another and so can the opinion of city officials who are elected to represent them. In closing, I'm concerned that you would issue remarks in your newsletters that don't represent the collective resident voice at Plaza East, and you continue to minimize the voice of an African American leader in this community. If you truly care about Plaza East residents, then please partner with the members of the Resident Council differently.

I will make myself and the members of the Resident Council available to meet with you and not your staff.

Sincerely,

X *Martha Hollins*

Martha Hollins
