ADOPTING ENVIRONMENTAL FINDINGS (AND A STATEMENT OF OVERRIDING CONSIDERATIONS) UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT AND STATE GUIDELINES IN CONNECTION WITH THE ADOPTION OF THE SUNNYDALE HOPE SF MASTER PLAN PROJECT AND RELATED ACTIONS NECESSARY TO IMPLEMENT SUCH PLANS.

Preamble

In 2008, Mercy Housing, ("Project Sponsor") was selected by the Mayor's Office of Housing and Community Development (hereinafter "MOHCD") (then, the Mayor's Office of Housing) and the San Francisco Housing Authority to work with the local Sunnydale and Velasco and surrounding Visitacion Valley communities to create a Master Plan for the complete redevelopment of the site that would not only include reconstructed Housing Authority units, but additional affordable units along with market rate units, neighborhood serving retail, community service, new parks and open space, and new streets and infrastructure ("The Sunnydale HOPE SF Master Plan Project" or "Project"). As a part of the HOPE SF selection process, the Project Sponsor was also selected to act as the Master Developer for the Project.

As the selected Master Developer, the Project Sponsor applied to the Planning Department to enter a Development Agreement with the City under Administrative Code Chapter 56. The Project Sponsor also submitted an application for environmental review. On December 12, 2012, the Department issued a Notice of Preparation of an Environmental Impact Report ("NOP") for the Project. On December 19, 2014, the Department published the Draft Environmental Impact Report / Draft Environmental Impact Statement ("DEIR/DEIS") for the Project and provided public notice in a newspaper of general circulation of the availability of the DEIR/DEIS for public review and comment. The DEIR/DEIS was available for public comment from December 12, 2014 through February 17, 2015. The Planning Commission held a public hearing on January 22, 2015 on the DEIR/DEIS at a regularly scheduled meeting to solicit public comment regarding the DEIR/DEIS.

The Department prepared responses to comments on environmental issues received at the public hearing and in writing during the public review period for the DEIR/DEIS, prepared revisions to the text of the DEIR/DEIS in response to comments received or based on additional information that became available during the public review period. This material was presented in a Response to Comments document, published on June 24, 2015, distributed to the Planning Commission and all parties who commented on the DEIR/DEIS, and made available to others upon request at the Department.

A Final Environmental Impact Report / Final Environmental Impact Statement ("FEIR/FEIS" or "Final EIR/EIS") was prepared by the Department, consisting of the Draft EIR/EIS and the Response to Comments document.

Project Environmental Impact Report files WAS made available for review by this Commission and the public. These files were available for public review at the Planning Department at 1650 Mission Street, and are part of the record before this Commission.

On July 9, 2015, the Planning Commission reviewed and considered the Final EIR/EIS and found that the contents of the report and the procedures through which the Final EIR/EIS was prepared, publicized, and reviewed complied with the California Environmental Quality Act (California Public Resources Code section 21000 et seq.) ("CEQA"), 14 California Code of Regulations sections 15000 et seq. ("CEQA Guidelines"), and Chapter 31 of the San Francisco Administrative Code ("Chapter 31").

The Commission found the Final EIR/EIS was adequate, accurate and objective, reflected the independent analysis and judgment of the Department and the Commission, and that the summary of comments and responses contained no significant revisions to the Draft EIR/EIS, and approved the Final EIR/EIS for the Project in compliance with CEQA, the CEQA Guidelines and Chapter 31.

On July 9, 2015, by Motion No. 19704, the Commission certified the Final Environmental Impact Report ("FEIR") as accurate, complete and in compliance with the California Environmental Quality Act ("CEQA").

The Planning Department, Jonas P. Ionin, is the custodian of records, located in the File for Case No. 2008.0305E, at 1650 Mission Street, Fourth Floor, San Francisco, California.

Department staff prepared a Mitigation Monitoring and Reporting Program ("MMRP") for the Project and these materials were made available to the public and this Commission for this Commission's review, consideration and action.

Project Description

By this action, the Planning Commission adopts Environmental Findings (and a Statement of Overriding Considerations) under the California Environmental Quality Act and State Guidelines in connection with the adoption of the Potrero Hope SF Master Plan Project and related actions necessary to implement such plans. The Project is generally described below here.

The Sunnydale HOPE SF Master Plan Project is part of the City's Hope SF Program, which looks to transform several of the City's Housing Authority sites to revitalized mixed-use mixed-income well integrated neighborhoods.

The Sunnydale HOPE SF Master Plan project ("Project") includes demolishing all existing units, vacating portions of the right of way and building new streets that would better relate to the existing

street grid. The Project would transform the six existing super blocks into about 34 new fine-grained blocks. The site is designed with a central "Hub" that would feature a series of parks, open spaces, a community center, space for retail, and other community-serving uses.

At completion, the Project would include up to 1,770 units, including Housing Authority replacement units (775 units), a mix of additional affordable units (a minimum of approximately 200 low-income units), and market rate units (up to 694 units). New buildings within Sunnydale would provide a consistent street wall with "eyes-on-the-street" active ground floor treatment. A variety of building types would be constructed throughout including individual townhomes, small apartment buildings and larger corridor apartment buildings. Approximately 1,437 parking spaces would be provided for the units largely below grade. Approximately 60,000 gross square feet of community serving uses, including retail, would also be constructed.

In 2008, Mercy Housing was selected by the Mayor's Office of Housing and Community Development (hereinafter "MOHCD") (then, the Mayor's Office of Housing) and the San Francisco Housing Authority to work with the local Sunnydale and Velasco and surrounding Visitacion Valley community to create a Master Plan for the site that would not only include reconstructed Housing Authority units, but additional affordable units along with market rate units, neighborhood serving retail, community service, new parks and open space, and new streets and infrastructure. Mercy Housing is also the Master Developer for the site.

On top of the Development Agreement, project approvals will include General Plan Amendments, Planning Code Text Amendments, Planning Code Map Amendments, Approval of a Design Standards and Guidelines document, and Adoption of Shadow findings pursuant to Planning Code Section 295.

Other than those actions described above, several actions will be required for the project over its multi-year buildout. These actions include but are not limited to approval of subdivisions, right-of-way dedications and vacations.

The Planning Commission wishes to facilitate the physical, environmental, social and economic revitalization of Project site, using the legal tools available through the Planning and Administrative Codes, while creating jobs, housing and open space in a safe, pleasant, attractive and livable mixed use neighborhood that is linked rationally to adjacent neighborhoods.

MOVED that the Planning Commission has reviewed and considered the Final EIR and the record associated herewith, including but not limited to the comments and submissions made to this Planning Commission and the Planning Department's responses to those comments and submissions, and based thereon, hereby adopts the Project Findings required by CEQA attached hereto as Attachment A including a statement of overriding considerations, and adopts the MMRP, that shall be included as a condition of approval for each and all of the approval actions set forth in the Motions described above.

Motion No. 19784
November 17, 2016

2010.0305 E GPA PCT PCM DEV GEN SHD
Sunnydale HOPE SF Master Plan Project
Adoption of CEQA Findings

I hereby certify that the foregoing Motion was ADOPTED by the San Francisco Planning Commission on November 17, 2016.
