AMENDED IN COMMITTEE 9/21/2022 RESOLUTION NO.

FILE NO. 220884

1	[Support for Application of Infill Infrastructure Grant Program Funds - Tenderloin
	Neighborhood Development Corporation, 730 Stanyan Associates L.P., Mercy Housing - 2550
2	Irving Street, 730 Stanyan Street, 2530-18th Street]

Resolution supporting Tenderloin Neighborhood Development Corporation, 730 Stanyan Associates L.P., and Mercy Housing (each an "Applicant") submission of applications under the Infill Infrastructure Grant Program ("IIG Program") to the California Department of Housing and Community Development to receive IIG Program funds in order to construct 100% affordable, multifamily rental housing developments affordable to low-income households located at 2550 Irving Street, 730 Stanyan Street, and 2530-18th Street, respectively (each a "Project").

WHEREAS, The objective of the Infill Infrastructure Grant ("IIG") Program ("IIG Program") of the California Department of Housing and Community Development (the "Department") is to promote infill housing development by providing financial assistance for capital improvement projects that are an integral part of, or necessary to facilitate the development of affordable housing, a Qualifying Infill Project or a Qualifying Infill Area; and WHEREAS, The Department's Multifamily Finance Super NOFA streamlines four of the

Department's rental housing programs to align eligibility criteria, scoring, and release of funds for a coordinated single application and award process, including the IIG Program; and WHEREAS, The Tenderloin Neighborhood Development Corporation is submitting an

WHEREAS, The Tenderloin Neighborhood Development Corporation is submitting an application to the Department for IIG Program funding to support the development of affordable housing located at 2550 Irving Street, which is a qualifying infill project under the IIG Program ("2550 Irving Project"); and

WHEREAS, 2550 Irving Project will consist of the following: 90 new affordable units for
households with incomes between 20% and 60% TCAC AMI, a unit mix consisting of 9
studios, 34 one-bedroom units, 23 two-bedroom units, and 24 three-bedroom units, 22 units
will be set-aside for families experiencing homelessness and subsidized by the City's Local
Operating Subsidy Program (LOSP), 15 units will be set-aside for veteran's experiencing
homelessness and subsidized with VASH vouchers, administered by the Housing Authority,
and one, one-bedroom manager's unit; and
WHEREAS, The 2550 Irving Project supports the City's goal of advancing geographic
aguity by dayalaning affordable bayaing in naighborheada whore minimal affordable bayaing

WHEREAS, The 2550 Irving Project supports the City's goal of advancing geographic equity by developing affordable housing in neighborhoods where minimal affordable housing has been built, and the mid-Sunset neighborhood is an amenity- and transit-rich neighborhood for serving families and households experiencing homelessness; and

WHEREAS, 730 Stanyan Associates, L.P. is submitting an application to the Department for IIG Program funding to support the development of affordable housing located at 730 Stanyan Street, which is a qualifying infill project under the IIG Program ("730 Stanyan Project"); and

WHEREAS, 730 Stanyan Street will consist of 160 new affordable units for households with incomes ranging from 30% to 80% AMI (the "Project"); the unit mix consists of: 35 studios, 43 one-bedrooms, 42 two-bedrooms, and 40 three-bedrooms; fifty (50) of the units will be set aside for homeless households (30 for TAY, 20 for families) and will receive additional subsidy under the City's Local Operating Subsidy Program (LOSP)with referrals from San Francisco's Coordinated Entry System; there will be one, one-bedroom manager's unit; and

WHEREAS, 730 Stanyan Street supports the City's goal of advancing geographic equity by developing affordable housing in neighborhoods where minimal affordable housing has been built; and

1	WHEREAS, Mercy Housing is submitting an application to the Department for IIG
2	Program funding to support the development of affordable housing located at 2530-18th
3	Street, which is a qualifying infill project under the IIG Program ("2530-18th Project," and
4	together with the 2550 Irving Project and 730 Stanyan Project, collectively, the "Projects");
5	and
6	WHEREAS, 2530-18th Street will consist of 73: new affordable units for households
7	with incomes between 30% and 70% TCAC AMI (the "Project"); the unit mix consists of 34
8	one-bedroom units, 31 two-bedroom units, and 7 three-bedroom units; half of the units (36)
9	will be set aside for homeless households and will receive additional subsidy under the City's
10	Local Operating Subsidy Program (LOSP) with referrals from San Francisco's Coordinated
11	Entry System; there will be one, two-bedroom manager's unit; and
12	WHEREAS, 2530-18th Street represents a significant response to San Francisco's
13	affordable housing and homelessness crisis and will help us meet all of the Mayor's
14	commitment; and
15	WHEREAS, Section 206 (a)(2) of the IIG Program guidelines requires that each
16	Applicant submit a letter of support from the local governing body with an application for IIG
17	Program funds; and
18	WHEREAS, The IIG Program guidelines require letters of support from the local
19	government of Projects, which must include name and location, a brief statement of support
20	identifying the project and its developer, be on City or County letterhead, and be dated, and
21	signed by the Board Clerk or the President of the Board of Supervisors; now, therefore, be it
22	RESOLVED, That the Board of Supervisors hereby supports the 2550 Irving Project,
23	the 730 Stanyan Project, and the 2530-18th Project; and, be it
24	

25

1	RESOLVED, That the Board of Supervisors supports each Applicant submitting an
2	application for IIG Program funds for the 2550 Irving Project, the 730 Stanyan Project, and the
3	2530-18th Project; and, be it
4	RESOLVED, The Board of Supervisors hereby authorizes the Clerk of the Board of
5	Supervisors to submit letters to the Department transmitting this Resolution of support for the
6	IIG Program applications for the 2550 Irving Project, the 730 Stanyan Project, and the 2530-
7	18th Project.

HCD Super NOFA

Mayor's Office of Housing and Community Development

September 21, 2022

Super NOFA

California Department of Housing and Community Development

Infill Infrastructure Grant Program

- Grant Funds for infill construction
- Criteria includes: project readiness, affordability, density, access to transit, proximity to amenities, leveraged funding commitments, local support, and consistency with regional plans.
- \$200 million available statewide

Changes in HCD Funding

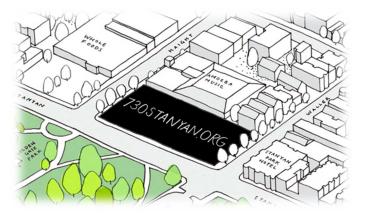

- HCD Funding is a significant source of funding for SF affordable housing projects
- In response to State law, HCD is streamlining the application process
 - A new 2022 "SuperNOFA" combines 4 programs
 - Applications accepted once annually
- New rules for some programs:
 - local jurisdictions are required to be the joint applicant and to assist with program monitoring
- The Affordable Housing & Sustainable Communities (AHSC) program remains on its own schedule
- For all competitive funding, HCD grants points for sites located in "high resource" census tracts

730 Stanyan

- Joint development with CCDC and TNDC
- 160 units
- 35 studios, 43 1-bedrooms, 42 2-bedrooms, and 40 3-bedrooms
- 50 units for homeless households (30 for TAY Transitional Age Youth, 20 for families)
- 25-80% SF MOHCD AMI
- Ground Floor: childcare center, senior center, TAY drop-in center, low-cost restaurant or café, and tech training center
- Construction start date: estimated 2024

TNDC is a		ole housing: cated to providing affordable housing for low- income people living in San Francisco. Since its foundable housing for low- income people living in San Francisco. Since its foundable housing for low- income people living in San Francisco.		

and Transbay. TNDC's residents are among the most vulnerable in San Francisco and they are provided with safe, professionally managed, affordable housing and culturally appropriate support services that help to ensure that residents maintain their housing.

Add Project description below:

2550 Irving is a 100% affordable family housing project located in the Sunset District of San Francisco, CA. The project will involve demolition of an existing structure and the construction of a 90-unit, 7-story Type I building with ground floor amenities and a small office space for the newly formed Sunset Chinese Cultural District. The ground floor includes on-site resident services offices, on-site property management offices, laundry room, community room with kitchen, bicycle parking, and a large landscaped outdoor space, in addition to back of house areas, including but not limited to a maintenance shop and trash room. An roof top courtyard will provide residents with urban agriculture programming. The all-electric project will pursue a minimum LEED Silver Certification.

The proposed project includes ground floor podium parking utilizing mechanical parking lifts, which is necessary to achieve high density housing for families in the high opportunity Sunset neighborhood. The CIP also requires demolition, site clearance and grading, utility service improvements and associated engineering, sidewalk and streetscape improvements, stormwater management system, storm drains system, landscaping and irrigation, environmental mitigation using a Vapor Intrusion Mitigation System (VIMS), on-site bicycle parking, and payment of local permit and impact fees. All of the costs associated with the aforementioned scope of the CIP are integral to the QIP.

QIP: describe unit mix and tenant population (narrative portion)

The 90-unit building consists of 9 studios, 34 one-bedroom, 23 two-bedroom, and 24 three-bedroom units. Twenty-two units (22) are dedicated to formerly homeless families referred through Coordinated Entry System (CES), and fifteen (15) units are set aside for veterans referred through Veterans Administration (VA) referral list. The remaining fifty-two (52) units are targeted to families earning no more than 60% AMI (TCAC AMI). There is one one-bedroom manager's unit planned in the building.

Describe any o	lemolition t	o be comp	leted (inclu	ding any s	tructures, parl	king lots, signa	ge, or bill	boards to	be demolis	shed).					

The 0.44-acre (19,125-sf) project site is currently developed with a two-story building and existing parking lot. The parking area is currently closed off from public street access with chain link fencing/gates on the western and southern sides. The site contains three existing curb cuts for ingress/egress, one along 26th Avenue, one along 27th Avenue and one along Irving Street. The existing commercial structure is a vacant former San Francisco Police Credit Union (vacated upon sale) and will be abated and demolished for the new construction. The surface parking lot will be demolished for the construction of the improvements to be possible.

For Operating Subsidies: Provide evidence of commitment status (e.g., letters of intent, commitment letters, grant awards or subsidy contracts). If commitments are not available, provide other documentation such as a reservation or third-party letter stating the following: total subsidy and estimated first year allocation, date or expected date of award, and term (in years).

For Project-Based Rental Assistance: Projects having or proposing project-based rental assistance must provide documentation of current contract Rents. A fully executed subsidy contract shall be required prior loan closing. Projects having or proposing project-based rental assistance shall fund a Transition Reserve in accordance with §7312(f)(2) and FWHG 301(f)(2).

File Name:	18. Operating Subsidy Commitment	Documentation evidencing commitment of Operating Subsidies including source, term (in years), total subsidy amount, and estimated first year allocation.	Uploaded to HCD Portal?	Yes
File Name:	19. Current Contract Rents	Projects proposing project-based rental assistance: Provide documentation of current contract rents for HAP, Shelter Plus or other source, as applicable.	Uploaded to HCD Portal?	Yes

UMR §8303 and §8316 **Site Control**

File Name:

34. Appraisal

At time of application, does Sponsor/Applicant, or its wholly controlled affiliate have site control pursuant to UMR §8303?										
Type of site control:	Date	Expires	Extensions Availa	able	Purchase Price		Total L	and Area		
Fee Title	11/19/2021	N/A	0	0			0.44	acres		
Current owner	Current ow	ner street add	ress	City		St	tate	Zip code		
2550 Irving Associates, L.P.	201 Eddy S	Street		San F	rancisco	C.	A	94102		

Below, provide details for unusual site control special circumstances, and for applications with multiple or non-contiguous parcels, scattered sites, lot line adjustments, air rights parceling, phased projects, or other complex land transactions, including unique value calculations and explanations as applicable:

2550 Irving Associates, L.P. purchased the property from the San Francisco Police Credit Union, with the grant deed recorded on November 19, 2021. Land will be included in the development budget as a land donation, where the City will purchase the land and enter into a ground lease with the Partnership. Land will be sold to the City and County of San Francisco (SF MOHCD) at construction closing and ownership will be conveyed. The 2550 Irving project will then take on a ground lease from the City and County of San Francisco, and this is reflected in the project's operating budget.

Planned and o	completed property transfer(s).		Ground Lease planned?							
	Lessor		Term	Annual Pa	yment					
	2550 Irving Associates, L.	P.	of the Project, with option to extend the term for a	\$15,00	00					
Below, describ	be property transfers occurring in connection	•								
Property ownership will be transferred to City and County of San Francisco at construction closing and the project will enter into a ground lease with the City and County of San Francisco.

Relocation Requirements MHP §7315 IIG §301

Does Project trigger State Relocation Assistance Law (Title 1, GC, Division 7, Chapter 16, commencing at Section 7260, and Title 25 CCR, Subchapter 1, Chapter 6, commencing at Section 6000.)?

No

Provide a narrative explanation, in the box below, supporting why relocation is not required. "N/A" or "Vacant Land" is not sufficient.

Relocation is not required for this site, as the property (formerly the San Francisco Police Credit Union, prior to sale) is vacant.

Environmental Requirements & Reports

MHP §7303.1(h) IIG §202(h)

Sponsor/Applicant certifies that the Project site is free from severe adverse environmental conditions, such as the presence of toxic waste that is economically infeasible to remove or cannot be mitigated.

If environment	al mitigation is required, are costs sufficien	t, pursuant to the environmental reports and included in the Project's Development Bu	dget?	Yes
File Name:	37. Env. Report 1	Phase I (prepared or updated no earlier than 12 months prior to the application due date).	Uploaded to HCD Portal?	Yes
File Name:	38. Env. Report 2	Phase II (prepared or updated no earlier than 12 months prior to the application due date).	Uploaded to HCD Portal?	N/A
File Name:	42. Env. Report 6	Other Environmental Report.	Uploaded to HCD Portal?	Yes

Article XXXIV Appendix A - Defined Terms.

Article XXXIV is not applicable to "only IIG Projects".

"Article XXXIV" means Article XXXIV, Section 1 of the California Constitution. This constitutional provision requires local voter approval before a state public body can develop, construct, or acquire a low-rent housing Project in any manner.

Sponsor/Applicant shall provide an Article XXXIV legal opinion or evidence of Article XXXIV authority allocated pursuant to the Notice of Funding Availability.

File Name:	43. Article XXXIV Legal Opinion	Legal opinion regarding Article XXXIV, prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	N/A
File Name:	44. Article XXXIV Authority	Documentation of Article XXXIV Authority prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	Yes

Tenant Selection, Recertification, and Rental Agreement and Grievance Procedures UMR §8305, §8306, and §8307

Sponsor/Applicant certifies that the Project will comply with the requirements of UMR §8305, §8306, and §8307 as applicable?

Yes

Yes

Nondiscrimination and Fair Housing Requirements

MHP §7314(a) IIG §300(a)

Recipients/Sponsors shall adopt a written non-discrimination policy. Sponsor/Recipient certifies to comply with all applicable state and federal law, including, without limitation, the requirements of Title VI of the Civil Rights Act of 1964 (42 USC Section 2000d et seq.); the Americans with Disabilities Act of 1990; the Fair Housing Act; the Fair Housing Amendments Act of 1988; the California Fair Employment and Housing Act; the Unruh Civil Rights Act; GC Section 11135; Rehabilitation Act of 1973 Section 504; and all regulations promulgated pursuant to those statutes (including 24 CFR Part 100, 24 CFR Part 8, and 28 CFR Part 35)?

Yes

Americans with Disabilities Act and Physical Accessibility Requirements

MHP §7314(b) IIG §300(b)

All developments shall adhere to the accessibility requirements set forth in: (i) California Building Code Chapters 11A and 11B; (ii) the federal Fair Housing Act (42 U.S.C. § 3601 et seq.) and its regulations at 24 Code of Federal Regulations part 100 (particularly 24 C.F.R. Section 100.205), and its design and construction requirements, including ANSI A117.1-1986, and the Fair Housing Accessibility Guidelines, March 6, 1991, in conjunction with the Supplement to Notice of Fair Housing Accessibility Guidelines: Questions and Answers About the Guidelines, June 28, 1994; and (iii) the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.) and its Title II and Title III regulations at 28 Code of Federal Regulations parts 35 and 36; and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and the implementing HUD regulations at 24 Code of Federal Regulations part 8. In addition, developments shall adhere to either the Uniform Federal Accessibility Standards (UFAS) (24 C.F.R. Section 8.32), or HUD's Alternative Accessibility Standard. In addition, the Sponsor shall ensure that the Project meets the following requirements:

Sponsor/Recipient certifies to ensure compliance with all applicable state and federal building codes and accessibility laws and standards?

Yes

Violence Against Women Act (VAWA)

MHP §7314(c) IIG §300(c)

Sponsor/Recipient certifies that where applicable, Sponsors shall ensure individuals are not denied assistance, evicted, or have their assistance terminated because of their status as survivors of domestic violence, dating violence, sexual assault, or stalking, or for being affiliated with a victim, pursuant to §34 USC Section 12491.

Yes

Pet Friendly Housing Act of 2017

MHP §7314(d) IIG §300(d)

Sponsor/Recipient certifies to authorize residents of the housing development to own or otherwise maintain one or more common household pets pursuant to the Pet Friendly Housing Act of 2017 (HSC Section 50466).

Yes

California State Prevailing Wage Law

MHP §7314(e) IIG §300(e)

Sponsor/Recipient certifies that the Project will comply with California's prevailing wage law (Lab. Code, Section 1720 et seq.)?

The Sponsor should seek professional legal advice about the law's requirements.

Yes

For the purposes of California's prevailing wage law (Lab. Code, Section 1720 et seq.), an IIG Capital Improvement Project shall be considered a public work that is paid for in whole or in part out of public funds. As such, it is subject to California's prevailing wage law. Program funding of a Capital Improvement Project shall not necessarily, in and of itself, be considered public funding of a Qualifying Infill Project unless such funding is considered public funding under California's prevailing wage law. Although the use of Program funds does not require compliance with the federal Davis-Bacon Act, other funding sources may require compliance with the federal Davis-Bacon Act.

Supportive Services Costs - HCD 2017 UMR Limits (for projects with HCD funding)

HCD UMR §8301(t): "Supportive Services" - social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits.

HCD UMR §8301(u): "Supportive Services Costs" - the costs of providing tenants service coordination, case management, and direct resident and Supportive Services. It includes: (1) the cost of providing tenants with information on and referral to social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits; (2) salaries, benefits, contracted services, telecommunication expenses, travel costs, supplies, office expenses, staff training, maintenance of on-site equipment used in services programs, such as computer labs, incidental costs related to resident events, and other similar costs approved by the Department.

A. Supportive Services Units:	Prvices Units: Total number of Units: 90 Maximum cost baseline year: 20		2022	Total Units	Max PUPY Expense	Max Costs			
	UMR §8314(e)(1): Total number of Supportive Housing (SH) Units anticipated to be restricted to individuals or families eriencing chronic homelessness as defined consistent with Health and Safety Code (HSC) §50675.14.								
	s pursuant to HSC §	\$50675.14	Units (other than those restricted to individuals or families (), PLUS the total number of Units restricted to occupancy be not include Units included in (1) above	by	37	\$3,461	\$128,057		
(3) UMR §8314(e)(3): Total numb Supportive Services at the Project	has both: (A) qualifi luding the Project; a	ed staff d nd (B) a s	t, their affiliate, or a service provider under contract to provi evoted exclusively to oversight and quality control of reside system to track and report on tenant outcomes, such as cha	ide ent	0	\$1,189	\$0		
	(4) UMR §8314(e)(4): Total number of Units anticipated to be offered Supportive Services provided by the Project Sponsor, a Sponsor affiliate, or contracted service provider that do not satisfy the criteria in items (1), (2) and (3) above.								
(5) Maximum Supportive Service	(5) Maximum Supportive Services Costs						\$142,773		

HCD Reserve Requirements

	•		UMR Required Operating Re	eserve Amount:	\$435,607	\$580,810

If Reserve amounts are different than the required amount, enter Reserve amounts and how they are calculated below:

The project's Operating Reserve amount of \$451,970 is calculated based on the methodology for Tax Credit Project above, except that the base amount does not exclude the On-site Service Coordinator costs, and the base amount also includes the \$15,000 annual ground lease amount, because the tax credit investor will require these costs to be included in the 3

Transition Reserve Calculator

	a) Does the Project propose use of Project-based rental assistance?	Yes		
	b) Subsidy Initial Contract Term: (enter in years)	20		
	c) Go to Cash Flow and remove the subsidy income the year after the subsidy contract ends, enter the amount of Cash Flow after all debt service: example: subsidy initial term is 15 years remove the subsidy income in Cash Flow tab from year 16 (if non-renewable two year requirement would be year 16 & 17) cell BE8 and/or BE9, enter what the income is from cell BE60. If negative enter as a negative number.	-\$530,375		
	d) Do any of the permanent development sources have loan terms that end at the same time or before the subsidies initial term?			
	e) Complete if box is yellow, add back the amount of annual debt service for the loan(s) that is ending: (Cash Flow rows 43-56) example: 1st mortgage loan term is 15 years, subsidy is also 15 years use amount in cell BE43. Do not include Balloon Payments .			
	Total Transition Reserve Required: (c + e = Amount of negative Cash Flow, if Cash Flow is positive transition reserve is not required \$0 will show)	\$291,553		
	Minimum amount of Transition Reserve that should be Capitalized based on 2% simple interest discount over term of contract. (Higher amount in Al38 is acceptable) AJ44 ÷ Sum of (AJ40 x 2%) + 1	\$208,252		
	If any part of the Transition Reserve is funded from Cash Flow:			
2	Enter amount capitalized in "Dev Budget SU": (Cell D80)			
2	Enter how many years you are using Cash Flow to fund the reserve:			
	Minimum annual amount that should be in Cash Flow: (Sum of (AJ44 - AJ47) ÷ AJ48)	\$0		
`				

Note: If Reserve amounts proposed in the Development or Operating Budget are different than the MHP required amount, explain why (i.e., other lender requirement) and show calculation method(s) below:

(6) individuals who are experiencing Homelessness and individuals experiencing Chronic Homelessness as defined above in Appendix A	23	23

Part I. Tenant Selection Narrative

This section asks for a detailed description of your tenant selection process. Using the titled sections below, your narrative should be as specific as possible, delineating the roles of property management and the Lead Service Provider and how these functions will be coordinated. Your description should clearly and conclusively document processes to ensure tenant selection and Housing First Practices.

Section 1: Tenant Selection Criteria

- 1. Target Tenant Population and Eligibility Criteria
- a. Do you use Housing First Practices?

Yes

b. Describe the criteria that will be used to ensure that applicants are eligible to occupy the units targeting the populations as identified above using a Housing First Approach. This should include the criteria relating to the applicant's income eligibility, homeless status (SNP Chronic Homeless, SNP Homeless or at risk of becoming homeless, or other SNP), and disability.

Key criteria for eligibility and selection criteria include the following.

Income: In order for an applicant to be eligible for a unit, their gross annual income cannot exceed the maximum income limits for the property or program unit, as determined by the property's funding sources. Additionally, some properties require that the average of all tenant incomes stay below a particular income limit.

For all units with a flat monthly rent, TNDC's minimum income policy excludes applicants whose rent burden would exceed 50% of the household's gross monthly income (except where

c. List specific applicants' credit history, criminal record, rental history, substance use, and similar screening criteria that will result in application rejection as well as those specific criteria that may result in rejection and the relevant conditions that would convert a "may reject" into a "will reject". Note: Property Management Plans or Tenant Selection Plans will be reviewed for consistency with the above answers.

After initial eligibility and conditional housing offer, the Applicant's household must meet any criminal screening standards. TNDC complies with San Francisco Police Code Article 49 – Fair Chance Ordinance:

• TNDC will conduct an individualized assessment and consider only "directly related" convictions and unresolved arrests in light of time elapsed, any evidence of rehabilitation, mitigating

d. Describe any additional eligibility criteria other than those indicated above, i.e., information needed to determine if applicant can comply with lease terms. Note: Selection criteria designed to assess anything other than the ability to comply with lease terms generally run afoul of fair housing laws designed to protect equal access to housing for people with disabilities.

See Between the Lines, A Question and Answer Guide on Legal Issues in Supportive Housing Chapter 4

Twenty-two units at 2550 Irving will be funded by the City and County of San Francisco through their Local Operating Subsidy Program (LOSP). TNDC will receive referrals from the Department of Homelessness and Supportive Housing, as facilitated through the Coordinated Entry System. Applicants are defined as eligible if they meet the definition of "Homeless or At-risk of Becoming Homelessness" as defined in the funding agreements. Verification of homelessness consists of an assessment in the Online Navigation System (ONE) system and/or a letter from an approved agency stating specifically that the household is homeless. Living in shelters, transitional housing, or treatment facilities qualify the person as homeless. If the

e. List the tenant disclosures you provide to applicants/tenants. Example: Megan's Law disclosures.

The following tenant disclosures are provided to applicants/tenants: Death in Unit disclosure; Late Fee Policy Addendum; TNDC House Rules; Violence, Dating Violence, or Stalking (VAWA) Addendum; Megan's Law Addendum.

f. How you will use the local Coordinated Entry System (CES) for selecting tenants? If the local Coordinated Entry System is not yet operational, describe your plan to use it for tenant selection when it is established. In your response, include the name and contact information for your system contact person.

Whenever units reserved for Local Operating Subsidy Program (LOSP) households become available, TNDC staff will notify the San Francisco Department of Homelessness and Supportive Housing (HSH). During initial rent-up - and thereafter as vacancies become available - HSH will notify relevant Referral Agencies associated with HSH-selected programs serving homeless adults and families city-funded shelters; these are Access Points associated with the Coordinated Entry System. Through Coordinated Entry, HSH will select eligible prospective tenants to apply for vacancies, ensure that eligible applicants meet all application and certification requirements, and will facilitate the applicant referral process.

- 2. Marketing/Outreach
- a. Describe marketing/outreach efforts to publicize to potential tenants.

TNDC's marketing and outreach for 2550 Irving will highlight the unit types and sizes, amenities, and neighborhood, as well as the financing sources for the project. There will be increased outreach to neighborhood organizations serving families in the general public. Advertising of TNDC units open to the general public includes, but is not limited to the following: a. The creation of attractive and informative advertising flyers describing the available units (location, type of unit, cost, amenities and features, significant selection criteria such as minimum and maximum allowable incomes, available viewing days and times, contact information). These flyers will also be available in multiple languages.

b. If your tenants will include minor children and / or adult dependents, describe the specific marketing outreach that will be used to publicize unit availability.

All units are set aside for low income families and all units are equally marketed to the general public through collaborations with San Francisco's Mayor's Office of Housing and Community Development's outreach team. This involves partnerships with resource centers in various neighborhoods, who help applicants access (including translation assistance) and fill out applications. TNDC's goal is to ensure that all applicants are screened using consistently applied, fair criteria, to provide a desirable, well-maintained and affordable place to live for an economically, racially, and ethnically integrated resident population while complying with the provisions of any federal, state, or local law. The marketing will highlight the unit types and

c. For units restricted to Special Need Populations (SNP), describe your plan to prioritize highly vulnerable households referred by the local CES.

Special Needs Population Experience & Narrative

This worksheet must be completed if Project has one or more Special Needs Population (SNP) units

The Si	The SNP units will be occupied by households meeting the criteria specified in Appendix A – Defined Terms

Lead Service Provider Experience:

With over 25 years of experience, Tenderloin Neighborhood Development Corporation's Tenant and Community Services Department recognizes the support service requests low-income adults, and families, including those that are formerly homeless. TNDC's unique approach to supportive housing combines safe and affordable home environments with free voluntary, confidential, and on-site services that are culturally relevant and trauma-informed. TNDC's experienced Social Workers are adept at responding to the need those who have experienced trauma due to societal and/or interpersonal violence, systematic racism, living in under resourced communities, and years of experiencing.

Project Sponsor Experience:

TNDC was formed in 1981 to serve the low-income community of the Tenderloin neighborhood of San Francisco. Since that time, we have expanded to nine different parts of § Francisco yet remain deeply committed to providing affordable homes and services for San Francisco residents with the lowest of incomes. TNDC began with the purchase of a single SRO and a desire to protect the neighborhood from speculative real estate and gentrification pressures as the hotel and financial districts began encroaching on the peighborhood. Since that first building purchase over 41 years ago. TNDC has grown its portfolio.

Property Management Experience:

The Property Management Department – comprised of more than 300 employees - serves over 6,000 residents across approximately 3,800 units, all of which are located in Sa Francisco; nearly 900 of these units have a permanent supportive housing component.

Property Management oversees approximately \$65 million in annual revenue, and within the department, there are additional support roles to ensure the financial and physical

Supportive Services Verification

This worksheet must be completed if Project has one or more Supportive Housing or Special Needs units

To the Sponsor: Complete the Project sponsor, service provider, Project name and contact information, target population, and name of Verifying Funding Agency information sections below. Then submit this form along with a copy of the Supportive Services Project Plan contained in the application to the appropriate funding agency (public or non-profit) knowledgeable about the supportive services needs of the targeted population(s). For example, for a Project serving chronically mentally ill people, the funding entity could be the County Department of Mental Health.

Submission of this form shall constitute certification by the sponsor that a true copy of the Supportive Housing Supportive Services Project Plan submitted in the application has been submitted to the funding agency named below. The form may be submitted to more than one agency or department if necessary.

Project Sponsor:	Tenderloin Neighborhood Development Corporation
Lead Service Provider:	Tenderloin Neighborhood Development Corporation
Project Name:	2550 Irving
Project Address/Site:	2550 Irving Street
Project City:	San Francisco
Project County:	San Francisco
Name of Verifying Funding Agency:	San Francisco Department of Homelessness and Supportive Housing
Target Population(s):	Families and veterans experiencing homelessness

To the public or non-profit funding agency: The Project sponsor named above is submitting an application to the State Department of Housing and Community Development (HCD) requesting funding for the Project named above under the Multifamily Housing Program (MHP) or Veterans Housing and Homelessness Prevention Program (VHHP). The application for MHP or VHHP funding is subject to HCD's determination that the Project qualifies as a Supportive Housing Project. The findings of your agency will be considered in arriving at this determination. Review the attached copy of the Supportive Services Plan, note your findings in the box below, and complete the signature block below the chart. Attach comments for any "No" and as otherwise necessary. Your cooperation is appreciated.

We, as signed below, have reviewed the Supportive Services Plan submitted for the Project named above.

The services proposed in the Supportive Services Plan are appropriate to meet the needs of the target population(s) named above.

The Project Lead Service Provider is a known provider of support services to the target population(s) listed above.

Describe how services will be coordinated	
Veterans are assigned social workers funded through the VA separately from the Supportive Services Budget. The Sponsor's Support Services staff have a collaborative relation the VA Social Worker. They communicate regularly regarding any challeneges that might be arising on-site for the VASH tenants and they distinguish their roles clearly on a cabasis.	
Agency Name How Services will be Coordinated	
Describe how services will be coordinated	
Agency Name How Services will be Coordinated	
Describe how services will be coordinated	

Local Operating Subsidy Program (LOSP) unit referrals will come from a Community Queue maintained by the City and County of San Francisco and referred by the SF Department of Homelessness and Supportive Housing, as facilitated through the Coordianted Entry System. When walk-ins approach 2550 Irving staff about vacancies, staff will provide an information

Section 2: Best Practices in Service Delivery

1. Fully describe HOW the practices listed below will be utilized in your service delivery model. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training will occur. Note: Do not simply state definitions of these practices.

Describe benefits counseling and advocacy, including assistance in accessing SSI/SSP, enrolling in Medi-Cal:

The on-site support service staff will be trained prior to lease up to work with tenants to make sure they receive all benefits for which they are eligible and will be trained on SOAR prior to lease up. This includes making referrals to and following-up with the appropriate resources, applying for benefits, and making appointments. Such benefits include: General Assistance (GA), Temporary Assistance to Needy Families (TANF), Social Security (SSA, SSI/SSDI), Veterans' Benefits, Food Stamps (SNAP), Medi-Cal, Healthy Families, and Medicare.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Benefits training is provided during on-boarding and as new information is available it is shared through in-services organized by leadership. If there is cost associated with the training funds are available.

Describe Critical Time Intervention

The on-site support services staff will be trained on all of the components of the Critical Time Intervention Model prior to lease-up. Tenants with long histories of being unhoused or unsheltered often need a lot of support to successfully transition into housing. The components will be used to successfully assist tenants with this transition to their new housing site. Intensive attention will be paid to connecting with tenant's current support system early on to help build the skils of the entire support system. Overtime less intensive support is needed, however periodic monitoring is used to support and maintain the network.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. CTI Training is provided during on-boarding and periodically through training in the community. If there is cost associated with the training funds are available.

Describe Trauma-Informed Care Strategies:

The on-site support services staff will be trained on trauma informed care (TIC) prior to lease-up and throughout their tenure at TNDC. In addition to formal training support service policies and practices are trauma informed. Support Services staff recognize that tenants come to us with long histories of trauma especially when coming from experiences of being unhoused and unsheltered. Together support services and property management use a TIC approach when challenges arrise related to housing retention and eviction prevention. Relationships are built early on and interventions take into consideration ways to not retraumatize tenants who are struggling to stay housed.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. TIC Training is provided during on-boarding and is readily available in the community. TIC is also a platform upon with other trainings are buit so we ensure that all training is Trauma Informed regardless of the specialized topic. If there is cost associated with the

Describe Motivational Interviewing:

The on-site support services staff will be trained on Motivational Interviewing prior to lease-up and during their tenure at TNDC. The on-site support services team use motivational interviewing when working with tenants to set goals and to move through stages of change. Support services staff work with tenants to explore their desires for change and taps into their internal motivations. Inquiry is a key strategy when practicing MI as it allows tenants to be the expert of their own change. Motivational Interviewing is a model that works well when using a TIC approach, a Harm Reduction Philosopy and a Cultural Humility lens.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Motivational Interviewing Training is provided during on-boarding and is readily available in the community. MI is a trauma informed practice that is foundational to support services. MI training is available at least annually and is easily accessible in the cummunity. If

Describe Voluntary "Moving On" assistance, and when community resources (e.g., tenant-based vouchers) are available, to support current tenants to move from the Project into other permanent housing when that housing may be better suited to their needs:

The on-site support services staff will be trained on Voluntary Moving-on prior to lease-up and during their tenure at TNDC. Many tenants have long term goals related to "moving-on" from Permanent Supportive Housing. When tenants set these tyes of goals on-site support services staff assist tenants to develop skills that will help them to live more independently with less on-site support services. Areas of focus include budgetting, employment and training, identifying support systems outside of PSH, finding alternative housing.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Develpment that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Voluntary Moving-on training is provided during on-boarding and as new resources for Voluntary Moving-on become available they are shared through in-services organized by leadership. If there is cost associated with the training funds are available.

Describe Peer Support (include length of time Peer Support program used, if applicable):

The on-site support services staff will be trained on promoting peer support prior to lease-up and during their tenure at TNDC. Supporting peer relationships is practiced through organizing and facilitating community development activities; both large events and small support groups. Peer support can also be built by moving collaboratively with tenants through conflict. Using mediation and conflict resolution practices create stronger and more trusting relationships with peers.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Peer Suppor training is provided during on-boarding and as new resources for Peer Support become available they are shared through in-services organized by leadership. If there is cost associated with the training funds are available.

2. Fully describe the policies and procedures of the following. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training occurs.

Describe case conferencing:

The on-site support services staff will be trained on Case Conferencing prior to lease-up and during their tenure at TNDC. Case conferencing is a powerful strategy to offer support to tenants and to help them meet their needs. These often include medical and mental health providers and are most successful when the tenant participates in the conference. When a tenant is in jeopardy of losing their housing a case conference can be even more successful with property management staff at the table. It is important to keep in mind that case conferences must also honor the privacy and confidentiality of tenants and the only information that can be shared is that which the tenant has given written permission to share with

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Case Conferencing training is provided during on-boarding and is practiced as tenant needs arise. If new frameworks for Case Consultation arise training occurs through in-services organized by leadership or at Clinical Consultation sessions facilitated by Licensed

Describe how the Sponsor's and LSP's Program philosophy, values, and principles is communicated to applicants for tenancy and tenants:

The on-site support services staff will be trained on Sponsor's and Program's philosophy prior to lease-up and during their tenure at TNDC. During orientation new staff spend 3-4 weeks meeting one-on-one wih organization and program staff to understand the policies and practices as well as the goals and philosophy of each. Additionally new staff receive, reveiw, and acknowledge in writing that they understand the policies and procedures of both.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support service staff are regularly trainined on any new Sponsor and Program policies. Training on new policies and procedures occur in-house as new policies are created and do not have a cost associated with them.

Describe policies for rent due by residents during periods of hospitalization:

When tenants are hospitalized and want to retain their housing the on site support services staff assist the tenant to stay engaged with property management regarding their rent. Staff from the on site support services team and property management team are trained prior to lease up on how to handle these situations. In situations where tenant's lose their income when hospitalized the support services staff then work with the subsidy program and property management to recertify and adjust rent. The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety hazards. The

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support services staff are trainined on rent-policies upon hire. If rent policy changes occur support service staff are trained by our Property Management counterparts as needed. These trainings do not have a cost associated with them.

Describe policy and procedures for: 1) resident privacy, and 2) confidentiality, including the use of Releases of Information:

Staff are trained according to the shared Service Integration Manual (SIM) prior to lease up. The SIM details that the on site support services staff and property management staff are encouraged to and can openly discuss many types of situations that may arise. For example, if an incident has occurred in a community/public space, the on site support services staff and Property Management staff can openly discuss the behavior/incident. They are also encouraged to provide each other with any necessary follow-up information related to the incident. On site support services staff may have confidential information about a tenant that is shared in confidence and a tenant may request that this confidential information is not discussed with

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Privacy, Confidentiality, Protected Health Information and HIPAA training is provided during on-boarding and is required annually. This training is available at no cost through the San Francisco Department of Public Health.

Describe appropriate coordination between property management and the lead service provider to support Housing First tenant selection and tenant retention and staff/resident safety, e.g., regular communication, cross-training, standing meeting time and agenda items:

The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety hazards. The on-site support services staff will be trained prior to lease up to help tenants to understand house rules, policies, and procedures. Housing retention and eviction prevention services will include immediate outreach to tenants whose housing is in jeopardy due to house rule violations, non-payment of rent, and/or health and safety hazards including hoarding and cluttering. The on-site support services staff will provide linkages to and follow-up with the appropriate eviction prevention and

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Housing First, tenant selection, and tenant retention upon hire. Training is provided in-house through interdepartmental leadership on an on-going basis. There is no cost associated with this training.

Describe how applicants and residents are made aware of the reasonable accommodations procedure, and assisted with such requests

The on-site support services staff will be trained on Reasonable Accommodations prior to lease-up and during their tenure at TNDC. TNDC has a robust Compliance Team that takes the time to provide training to the support service staff on how to support tenants to make reasonable accommodation requests. During mandatory Fair Housing Training support services staff learn about the ADA and how to support tenants throughout the Reasonable Accommodation proces whether that be using the correct documents or providing on-going follow-up with outside providers.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Reasonable Accommodations upon hire. Training is provided in-house through the Compliance Department annually. There is no cost associated with this training.

Describe appropriate coordination between property management and the lead service provider to support Housing First tenant selection and tenant retention and staff/resident safety, e.g., regular communication, cross-training, standing meeting time and agenda items:

The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety hazards. The on-site support services staff will be trained prior to lease up to help tenants to understand house rules, policies, and procedures. Housing retention and eviction prevention services will include immediate outreach to tenants whose housing is in jeopardy due to house rule violations, non-payment of rent, and/or health and safety hazards including hoarding and cluttering. The on-site support services staff will provide linkages to and follow-up with the appropriate eviction prevention and

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Housing First, tenant selection, and tenant retention upon hire. Training is provided in-house through interdepartmental leadership on an on-going basis. There is no cost associated with this training.

Describe how applicants and residents are made aware of the reasonable accommodations procedure, and assisted with such requests:

The on-site support services staff will be trained on Reasonable Accommodations prior to lease-up and during their tenure at TNDC. TNDC has a robust Compliance Team that takes the time to provide training to the support service staff on how to support tenants to make reasonable accommodation requests. During mandatory Fair Housing Training support services staff learn about the ADA and how to support tenants throughout the Reasonable Accommodation proces whether that be using the correct documents or providing on-going follow-up with outside providers.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Reasonable Accommodations upon hire. Training is provided in-house through the Compliance Department annually. There is no cost associated with this training.

Describe process for receiving and resolving tenant grievances:

The on-site support services staff, along with property management, will be trained prior to lease up to receive and resolve tenant grievances. It is the policy of management that all residents' grievances be given complete and objective consideration. This procedure applies to both applicants and residents. All residents are encouraged to use it without concern that it will reflect on their status as a resident. The support services team also have grievance procedures independent of the property management grievance procedure. The documented procedure is provided to tenants and is available in multiple languages to meet the tenant's needs.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support services staff are trainined on Grievance Procedures upon hire. If changes to the Grievance Forms or Procedures occur support service staff are trained in house as needed. Support service staff are also trainined on Conflict Resolution upon hire and during their tenure. Conflict resolution training is readily available in the community and if there is a cost associated with the training, funds are available.

Describe appropriate responses to tenant crises:

The on-site support services staff will be trained prior to lease up to intervene in crises by immediately responding to any episodes of medical and behavioral health emergency. In responding to these crises, the on-site Support Services staff will access the appropriate emergency response providers (for example, Adult Protective Services, Child protective Services, mobile crisis teams, police, paramedics, etc.). The on-site support service staff will also work with tenants to provide conflict resolution by offering to act as a mediator.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Crisis Intevention, Violence Prevention, and De-escalation training is provided during on-boarding. It is available at least annually and is easily accessible in the community. If there is cost associated with the training funds are available.

Describe retention of tenants regardless of their use of substances:

The on-site support services staff will be trained on Harm Reduction prior to lease-up and during their tenure at TNDC. TNDC practices Harm Reduction agency wide and tenants are not required to be free of substances to access housing or services. Support services staff "meet tenants where they are" and see tenants as the experts of their own experiences. Harm reduction is a non-judgemental way of helping tenants to identify and achive their own self-determined goals. TNDC support services staff work with tenants to focus on the behaviors that might be impeding their retention and use motivational intervention techniques to change behaviors that are jeopardizing their housing.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Harm Reduction training is provided during on-boarding and throughout staff tenure. It is readily available in the community and if there is cost associated with the training funds are available.

Describe cultural competency:

The on-site support services staff will be trained on Cultural Competency prior to lease-up and during their tenure at TNDC. However Cultural Competency is an antiquated model that tends to overgeneralize populations and does not allow room for the individual. TNDC support serices are built upon a Cultural Humility platform. Cultural Humility is a more evolved model as it places the tenant at the center and sees tenants as individuals and the experts of their own experience. It also requires service providers to come from a place of inquiry and reflect on their places of privilege. It also requires a committment for staff to use their power to redress power imbalances to benefit the tenants.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Cultural Humility training is provided during on-boarding and is required several times throughout the year. Training is provided through in-services organized by leadership, through community resources, and through Clinical Cunsultants cented in Cultural Humility. If

Part III. Supportive Services Detail

Section 1: Supportive Services Chart

Required Services: List and describe all required services to be provided to tenants, including all service needs of the targeted populations as listed above. The chart must include each of the services listed. Please be sure that the services listed address all the service needs of all the target populations as listed above. Attach the agreement or commitment letter for each of the minimum services listed. If the tenant will be referred to another agency for a service, attach an agreement or commitment letter from the agency that will be providing the service directly.

Section 2: Supportive Services Coordination

1. Describe the accessibility of community services to which you propose linkages, whether they are on-site or in close proximity to the Project, including the hours they are available, and the frequency, travel time and cost to the tenant for transportation required to access the services to include both public transportation and private transportation services (e.g. van owned by the provider). Provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished if not already included in agreement provided for service provision.

TNDC support services staff use a trauma informed care approach, a harm reduction philosophy, and a cultural humility lens, which places the tenant at the center and sees tenants as individuals and the experts of their own experience. Using this platform, support services staff will be able to better accomodate cultural, trauma-based, and disability related barriers to provide referrals and linkages to neighborhood resources. TNDC support services does not contract directly with these specific third party community services, but provides information and linkages to residents to neighborhood resources per the TNDC Service Agreement. Neighborhood community service organizations include: Sunset Neighborhood Beacon Center

2. Describe how services will accommodate cultural, trauma-based, and disability related barriers to services.

TNDC on-site support services staff provide referrals and linkages to multiple mainstream community, county, state and federal resources. Some examples include; County Adult Assistance Programs (GA, CAPI, SSIP) Temporary Assistance to Needy Families (TANF), SSI/SSDI/SS, Veterans Administration Benefits, CalFresh (SNAP), Medi-Cal (Medicaid) and Medicare. TNDC on-site support services staff also link tenants to other government funded community resources like; In Home Support Services, Paratransit, Adult Protective Services, and Mobile Crisis. When housing retention and eviction prevention services are needed staff access programs like; Bay Area Legal Aid, the Eviction

Section 3: Verification from Appropriate Public or Non-profit Funding Agency

All applications shall include a verification from an appropriate funding entity (either public or non-profit) knowledgeable about the supportive service needs of the targeted population, indicating that the proposed services are appropriate to meet the needs of the targeted SH and SN population(s). The verification shall endorse the primary service provider as a known provider of support services to the target population the sponsor is proposing to serve. The Project Sponsor and/or Service Provider are not eligible to provide the Funding Agency Verification

Please use the attached Supportive Service Verification form from the Appropriate Public or Non-Profit Agency. Please submit one verification for each target population. If appropriate, a single funder may provide a verification for multiple populations (i.e. a County Department of Health Services could provide a verification for a Project serving individuals with HIV/AIDS, Chronic Substance Abuse and Other Chronic Health Conditions). Please be sure to indicate on the verification form the target populations to which each verification applies.

Part IV. Tenant Safety And Engagement

Section 1: Tenant Engagement

1. Describe your strategies to engage residents in services, including when outreach will occur and the methods that will be used, e.g., outreach to applicants and residents, peer engagement. flyers.

Support Services staff begin assertively outreaching to tenants immediately upon their move-in. In all scenarios, the Property Management staff inform the Support Services staff as to when a tenant will be moving in so that the Support Services can prepare the appropriate outreach materials for the tenants. one the tenant has moved in, the Support Services staff will deliver outreach materials directly to their homes. Materials include; welcome information, calendars of events, information regarding resources in the negibborhod, and extensive information regarding the on-site services that are available. Support Services staff reach out to tenants each month with calendars and flyers for events and activities. Support Services

2. Describe your strategies to engage residents in social interaction and community involvement within the Project.

Community-building activities promote the growth and development of a supportive and safe tenant community. Activities include social/cultural celebrations and workshops that are tailored to the needs of tenants, including tenants who are formerly homeless. Tenants are encouraged to establish Tenant Councils at each of TNDC's buildings to provide leadership opportunities and opportunities to engage in the activities of the building. Once individuals and families are housed on site support services staff door knock, leave welcome notes, provide invitations to activities to engage tenants quickly.

3. Describe your strategies to engage residents to participate in building operations.

All tenants engage with Property Management on their move-in day, so an innovative practice is for Property Management to facilitate a one-on-one introduction to the support services staff. On day one they show the new tenants where the Social Worker Office is and provide the new tenant with the Social Worker's contact information, brochure and calendar of events The partnership with Property Management extends beyond move-in day. Social Workers partner closely on all issues related to housing stability, continued independent living, housing retention, and eviction prevention.

4. Describe your strategies to engage residents in planning and delivery of individual and group resident services.

Outreach will be conducted both immediately upon move-in and on an on-going basis. Outreach efforts will include knocking on tenants' doors, engaging with tenants in community spaces, providing tenants with letters of welcome to the community, and personally inviting tenants to and reminding them of upcoming and on-going events and activities in the buildings. Outreach materials will be provided in languages most appropriate for the tenant.

5. Describe how the physical building space supports social interaction and the provision of services.

While 2550 Irving is located on a dense urban infill site, the design makes use of every opportunity to foster a community within the building. The biophilic entry, generously sized and with ample greenary, leads residents into a spacious and sunlight-filled lobby. The reception area offers transparency welcoming residents into the building. Landscaping from the front of the building flows transparently and naturally into a matching interior. A large community room with full kitchen anchors the ground floor, with direct connection to a spacious landscaped courtyard. The community room is centralized and will serve as a known meeting space for all tenants; a place where they can watch TV, gather with neighbors, enjoy the courtyard from a

6. If you plan to conduct tenant satisfaction surveys, describe how they will be conducted, including the frequency, the types of questions asked, how they will be reviewed, and how the results will be used to improve building operations and service delivery.

Tenant satisfaction surveys are conducted annually. Surveys include questions about satisfaction with services, responsiveness of service providers, feedback on community engagement activities. Results are compliled and analyzed by the Quality Assurance Manager and are then shared with various stakeholders including staff, community members, funders, fund development, and board members.

7. Describe your strategies to engage residents in services, services planning/operations, and in building community and facility operations. Also indicate how those with disabilities will be connected to the community within the building.

Tenant Engagement is one critical component of service provision to the target population; folks who are Formerly Homeless or At Risk of Homelessness. As participation in support services is voluntary, it is incumbent upon TNDC as the service provider to use creative strategies to engage with tenants. Support services staff employs a variety of culturally appropriate methods to encourage tenants to engage in services and to address their needs. These methods include personal invitations (both face to face and written), posting of flyers, information and monthly event calendars in languages most appropriate to the target population, through word of mouth and through referrals from Property Management staff.

Section 2: Safety and Security

1. Summarize your written policies and procedures on privacy and confidentiality of residents.

The on-site support services and property management team at TNDC frequently work together to help resolve issues affecting housing retention, physical or mental health, and independence and/or self-sufficiency. While it is important to keep confidentiality in mind, the on-site support services staff and property management staff are encouraged to and can openly discuss many types of situations that may arise. For example, if an incident has occurred in a community/public space, the on site support services staff and property management staff can openly discuss the behavior/incident. The staff are also encouraged to provide each other with any necessary follow-up information related to the incident. The on site support

2. Summarize your written policies and procedures on sign in/out procedures, fire/safety drills, posted local contacts in case of emergency.

Per the TNDC Property Management House Rules, visitors and guests (an individual adult or minor whose name does not appear on the Residential Rental Agreement for the premises as a "tenant.") must check in with the front desk person and sign in and out at the reception desk. They must also present photo identification card in one of the following forms: State-issued Driver's License; State-issued Identification Card; Passport; Military Identification; Alien Card; State Government Agency issued picture ID card; Mexican Consular Registration Card; Merchant Seaman ID; Veteran's Administration ID; or Day Labor Program ID. Unescorted visitors will not be allowed into the building.

3. Describe your building design safety features for ensuring resident and staff safety (include lighting, entrance/exits, locked doors, common area locations).

The building features a multi-faceted security system that is closely integrated with the observations and requirements of the building managers. Each exterior door requires electronic chip entry, and discrete cameras offer views of every occupiable corner of the building. The majority of the indoor residential area, centrally located and lined with glass walls, is designed with an "eyes on the street" mentality fostering community transparency and visibility. Other indoor areas are coupled with corridors and/or outdoor spaces, so that all spaces remain consistently activated and no unsafe "dead zones" emerge. Each area is lit to industry standards, and the outdoor spaces shall be closed down by building staff at sunset. Other than

4. Summarize your written policies and procedures on ensuring staff safety.

TNDC is committed to providing a safe, violence-free workplace. In this regard, TNDC strictly prohibits employees, consultants, customers, visitors, or anyone else on TNDC premises or engaging in a TNDC related activity from behaving in a violent, bullying, or threatening manner. Moreover, as part of this policy, TNDC seeks to prevent workplace violence before it begins and reserves the right to deal with behavior that suggests a propensity towards violence prior to any violent behavior occurring.

TNDC believes that prevention of workplace violence begins with recognition and awareness of potential early warning signs and has established procedures within Human Resources for

5. Summarize your written policies for addressing violations of resident/staff safety by residents or staff.

If a resident violates staff safety, the property manager will speak with the resident about the violation and document the conversation. If the resident is not cooperative, the manager will send the resident a Lease-Rules Violation letter and inform the on site support services staff of the problem. The support services staff will then contact the resident, and if the resident does not cooperate, the property manager will issue a 3-day Perform Convenant or Quit Notice to the Resident, while also completing a Proof of Service Affidavit. The property manager will give the support services staff a copy of the notice, who will continue to seek resident cooperation. If the resident does not comply within 3 days (10 if in a HUD building), the resident

6. Describe your guest/visitor policy for residents.

TNDC's policy on guests/visitors is as follows. A "visitor" is an individual adult or minor whose name does not appear on the Residential Rental Agreement for the premises as a "tenant." When a visitor arrives at a property with a front desk, the front desk person will contact the tenant by telephone. If they do not have a telephone, they will have to make alternative arrangements so as to be available to their visitor(s). At properties which have a front desk clerk, visitors must sign in and out at the reception desk, and present photo identification card in one of the following forms: State-issued Driver's License; State-issued Identification Card; Passport; Military Identification; Alien Card; State Government Agency issued picture ID card;

7. Summarize your written policies for coordination with property management for resolution of tenant issue.

TNDC's Property Management and on site support services team use a Service Integration Manual (SIM) that outlines the roles and responsibilities of each department. The SIM clearly defines roles and decision making responsibilities to make certain that there are coordinated strategies to maintain tenants' housing stability and to sustain the health and well-being of tenants residing in a TNDC community. In the case of tenant and/or building incidents, designated property management (typically the General Manager) staff provide the on site support services staff with copies of incident reports and/or tenant complaints within 1 business day. The general manager reviews the incident reports/tenant complaints and determines

Part V. Staffing

Section 1: Staffing Chart

1. List all staff positions that will provide services to the tenants of the target populations listed above. Include Sponsor or LSP staff positions, and any staff positions of partnering organizations who have committed time to the Project. Include your services coordination staff. For each position, list the position title, minimum requirements, the full-time equivalent (FTE), the organization under which the position resides, and the location of the position (on-site or off-site). Attach a copy of each positions duty statement.

Note: All staff positions listed here must be reflected in the Supportive Services Budget. Be sure to indicate which staff position will be responsible for Homeless Management Information System data entry. If the cost of supportive service position is included as part of the Project's operating budget and the position will serve SH and SNP units, that position must be included in this chart.

i.	Number of units per case manager FTE (g÷h)				26.43	

Part VI. Supportive Services Budget

Section 1: Supportive Services Budget and Cost Per Unit Table

In the table below, provide a line item breakdown for all costs associated to Supportive Services for the entire project. This should include income, expenses, staff, and in-kind services. A funding source should be identified for all costs, if available, showing as committed or non-committed sources of funding. Total SS expenses cannot be greater than income and external sources of funding.

Supportive services expenses included as part of the Project's Operating Budget (as documented in the MHP Application) must be included in this Supportive Services Budget below. These funds should be equal to or less than the maximum allowable amount identified in the Supportive Services Cost calculator (S2-Supportive Service Costs tab). Additionally, these funds must be listed as "Project Operations" in the Income Source column and as "Not Committed" in the Status column.

Income Source/Program Name				Туре	Status	% of Total Budget
San Francisco Dept. of Homelessness & Supportive Housing				Cash	Committed	59.27%
Operating Budget	\$62,140	Cash	Committed	24.85%		
VA Social Worker -Separate from Operating Budget		\$39,699	Cash	Committed	15.88%	
						0.00%
Total Revenue: \$250,031						100.00%
Expense Item			Amount	Туре	Status	% of Total Budget
Staff Salaries: List by title of position. (This list must match the Staffing Chart above.)						
Social Worker	FTE:	1.00	\$65,000	Cash	Intend to Fund or Provide	26.00%
Social Worker/Site Supervisor	FTE:	0.50	\$38,000	Cash	Intend to Fund or Provide	15.20%
Senior Director of Tenant & Community Services	FTE:	0.02	\$5,640	Cash	Intend to Fund or Provide	2.26%
Director of Supportive Housing Services	FTE:	0.05	\$10,532	Cash	Intend to Fund or Provide	4.21%

Travel						0.00%
Office Rent/Occupancy Costs (don't include rent/leasing costs for SH units)						0.00%
Training			\$1,500	Cash	Intend to Fund or Provide	0.60%
Supportive Services Administrative Fees - Home Office			\$29,249	Cash	Intend to Fund or Provide	11.70%
Program Expense			\$6,240	Cash	Intend to Fund or Provide	2.50%
Payroll Fees and Indirect Costs			\$24,939	Cash	Intend to Fund or Provide	9.97%
Consultants			\$2,774	Cash	Intend to Fund or Provide	1.11%
Program Expense - Food Bank (Food Pantry)			\$450	Cash	Intend to Fund or Provide	0.18%
	Total E	xpenses	\$250,031			100.00%

Supportive Services Cost Per Unit: Permanent supportive housing best practice suggests a range between \$5,000 - \$10,000 annually in services per household, depending upon the intensity of the needs of the target population. Complete the following calculation about supportive services cost per unit for your Project. If your supportive services cost per unit, as calculated below, differ from industry practice, provide a narrative explanation. The Project must meet/address the industry standard.

Supportive Services Expense Per Unit Calculation

Total O	verall Units	
a.	Total overall SNP units	37
b.	Total supportive service expenses	\$250,031
C.	Total Supportive Service Expenses per unit (b÷a)	\$6,758
Total M	HP Assisted Units	
d.	Total MHP Assisted SNP units	23
e.	Percentage of MHP SNP Assisted units (d÷a)	62.16%
f.	Total Estimated costs attributed to MHP SNP assisted units (b*e)	\$155,425

Section 2: Budget Narrative and Funding Commitments

1. Describe how budgeted amounts are adequate to provide services described in Supportive Services Plan and in Services Staffing Table:

The budgeted amounts for 1.5 FTE social workers at this property are adequate to provide the supportive services detailed in the Supportive Services Plan. With assistance, oversight, and management by a Community Impact Analyst & Manager (managing compliance, evaluations, contracts, and related trainings), a Tenant & Community Service Administrative Coordinator (education and training, guidance, assistance with difficult or complicated situations), and overall oversight by the Director of Supportive Housing Services and Sr. Director of Tenant & Community Services, we are confident that with this staffing and budget, we will provide appropriate services to Supportive Housing units. This staffing pattern promotes self-sufficiency and independence while fostering the growth and development of a safe and supportive residential community for the target population.

- 2. Document committed funds with letter from committing agency that includes the following. Documented services/funding must appear in Supportive Services Budget Table.
- a) Project name; b) Description of services to be funded or provided; c) Dollar value of funds or in-kind services. If cash is provided, state funding source; d) Funding term or service provision; e) A description and history of agency/organization providing funding or services.

File Name:	91. SS Fund Ltr1, SS Fund Ltr2, SS Fund Ltr3, etc	Services funding commitment letters; Include: Project name; description of services; dollar value of funds or in-kind services; If cash is provided, state funding source; funding term; description & history of agency/org. providing funding or services.	Uploaded to HCD Portal?	Yes
------------	--	--	-------------------------	-----

3. Describe your experience filling major services funding gaps in similar housing. If you haven't experienced any service gaps, then write Not Applicable.

Not applicable

4. Describe in specific terms the plan to fill any service gaps that occur during Project life due to expiration of grants, partner withdrawals, cancellation of a commitment or any other reason.

Not applicable		

Section 3: Service Funding History Table:

Part VII. Measurable Outcomes and Plan for Evaluation

Section 1: Measurable Outcome

Outcomes are what you expect to happen for the people served by your project. Outcomes are sometimes called results. Outcome objectives are time-specific measurable goals that identify how you know if you are achieving your desired results. Outcome objectives are sometimes called outcome benchmarks or indicators.

Please categorize the outcomes for your project into the following three categories:

Category	Outcomes	Outcome Objectives
Residential Stability: tenants maintain permanent housing (see examples in cell comments to the right)	needed to maintain their housing.	On a monthly basis, 100% of households who showed housing instability received Supportive Services. On an annual basis, at least 85% or tenant lease violations will be resolved without a loss of housing to tenants. On annual basis, at least 90% of tenants maintain their housing for a missing of 12 months.
Increased Skills and/or Income: tenants gain job-related skills, participate in job-related training and/or education, gain stipend part-time or full-time supported employment, gain access to mainstream service/income support programs for which they are eligible (see examples in cell comments to the right)	increase income, and access the mainstream resources for which they are eligible.	100% of households will be assessed for income and/or public benefit opportunities within 60 days of move-in. 75% of tenants assessed with needs related to medical care, mental health, substance use, benefits and other income assistance will develop a service plan within the first 6 months of move-in. 50% of all referrals to employment and training programs will
Greater Self- Determination: tenants gain daily living skills and ability to plan and advocate for themselves to maximize independence and self-sufficiency (see examples in cell comments to the right)		On an annual basis, 100% of households with planned exits from the program will be engaged to create a comprehensive exit plan and ensure continuity of services. At least 80% of tenants completing an annual survey will be satisfied or very satisfied with supportive services

Section 2: Plan for Evaluation

1. Describe your evaluation plan. Include how you intend to collect, track and analyze data on the effectiveness of your project, including the outcomes projected above. Indicate who will analyze the data and perform your program evaluation. (e.g., staff, consultant, etc.).

TNDC's support services team maintains a robust database to constantly monitor and evaluate the program. On-site support services staff enter data in real time. This includes intake and assessment information, referrals and linkages, individualized service plan goals, ADLs, Income, housing history and comprehensive support systems. This database also tracks significant interactions between support services staff and tenants including; case mananagement, crisis intervention, housing retention and eviction prevention. We are also able to track engagement in community activities and events. Direct supervisors and Managers regularly run services and outcome reports for individual performance and for funders. The Quality

Universal Scoring Criteria

A minimum point score of 85 points for Universal Scoring criteria much be achieved to be considered for a funding award.

Application due date: 7/12/22 Total Universal Project Score: 111.00

Total Universal Possible Score: Tiebreaker Score: 1.110162

113

MHP §7318(d) IIG §401(d)

Applications shall be evaluated for compliance with the threshold and eligibility requirements of these guidelines, and applicable statutes, and scored based on the application scoring criteria listed in the Universal Scoring Appendix to the NOFA. The applications with the highest number of points shall be selected for funding, provided that they meet all threshold and eligibility requirements and achieve specified minimum scores as identified in the NOFA.

Universal Scoring Criteria (113 Maximum Points Possible)

See NOFA Universal Scoring Appendix for the "Universal Point Score Criteria" table.

B. Extent to which the Project serves households at the lowest income levels (30 points maximum)

30.00

Applications will be scored based on the percentage of Restricted Units limited to various percentages of AMI adjusted by household size and as follows:

(1) A maximum of 30 points will be awarded based on the Lowest Income Points Table below.

	F	Point valu	es that ar	e only ava	ilable to p	orojects in	Rural Are	eas are sh	naded	purple

To receive any points in this category, at least 10 percent of the Restricted Units must be restricted to households with incomes not exceeding 30 percent of AMI.

Qualifying Units

Does the Project have at least 10 percent of the Restricted Units restricted to households with incomes not exceeding 30 percent of AMI?

TRUE

Deeply affordable Units under this paragraph (2) - those Units up to 30 percent AMI targeting - cannot be concentrated among a project's smaller Units. They must be distributed proportionately across all unit sizes, or, alternately, more heavily represented among larger Units. To ensure a proportional spread of deeply affordable Units, at least 10% of the larger Units in the Project must be provided at 30 percent of area median income, as applicable. So long as the applicant meets the 10% standard project-wide, the 10% standard need not be met among all of the smaller Units. a)

C. State Policy Priorities (17 points maximum)

15.00

(1) Five (5) points will be awarded for Projects located in a "High Resource" or "Highest Resource" area as shown on the TCAC/HCD Opportunity Area Map.

5.00

MHP Senior Projects do not qualify for High/Highest Resource Area points unless they also qualify as MHP Special Needs Projects with at least 25% Department Restricted Special Needs Units. These may also qualify under the MHP Senior set-aside if they meet the eligibility requirements under MHP Guidelines §7302(e)(2).

Is Project an MHP Senior Project?

FALSE

Is Project an MHP Special Needs Project with at least 25% Special Needs Units

TRUE

Sponsor or Applicant acknowledges that, as further described in the NOFA, if 50% of all NOFA program funds have been recommended to projects located in High or Highest Resource Areas, projects ranked below this shall not receive 5 points for being located in a High or Highest Resource Area.

Yes

Note: To the extent possible, the Department will also aim to achieve approximately 50% High and Highest Resource Area projects under VHHP and FWHG funded projects.

Sponsor/Applicant may choose to utilize the applicable census tract, or census block group, or resource designation from the TCAC/HCD Opportunity Area Maps in effect when the initial site control (pursuant to UMR section 8303(a)) was obtained up to seven (7) calendar years prior to the Application.

Is the Sponsor or Applicant utilizing an older census tract or census block group resource designation from the TCAC/HCD Opportunity Maps?

10.00

No

Ten (10) points maximum will be awarded for Project's Total Percentage of Super NOFA Funded Units Serving Special Needs Populations, Agricultural

Households.
02. 2550 Irving SuperNOFA Application_FINAL Tab 10

Under this category, applications requesting IIG Program funds only and no other Super NOFA funds, these Projects will automatically receive 10 points.

G. Cost Containment (5 points maximum)

5.00

A Project shall receive one (1) point for each full percent that the project's eligible basis is less than the project's adjusted threshold basis limit, up to a maximum of (5) points. The percentage is calculated by dividing the project's eligible basis by the project's adjusted threshold basis limit.

\$89.121.678 Project's total eligible basis 42 18% Percentage

For purposes of this subdivision, a project's adjusted threshold basis limit shall be the project's threshold basis limit, as if it were a 4 percent LIHTC project, as determined pursuant to Section 10327(c)(5) of the TCAC regulations, except that the increase for deeper targeting pursuant to Section 10327(c)(5)(C) of the TCAC regulations that is multiplied by the unadjusted threshold basis limit shall be limited to 80 percent. Section 10327(c)(5) of the TCAC regulations states that for projects financed through CDLAC, "an increase of one percent (1%) in the threshold basis limits shall be available for every 1% of the project's Low-Income and Market Rate Units that will be income and rent restricted at or below 50 percent (50%) but above 35 percent (35%) of Area Median Income (AMI). An increase of 2 percent (2%) shall be available for every 1% of the project's Low-Income and Market Rate Units that will be restricted at or below 35% of AMI. In addition, the applicant must agree to maintain the affordability period of the project for 55 years (50 years for projects located on tribal trust land)." The Department, however, will only restrict to income levels in 5 percent increments.

Any Project may be subject to performance penalties if the project's total eliqible basis determined upon construction completion exceeds the revised total adjusted threshold basis limits for the year the Project completes construction (or the original total eligible threshold basis limit if higher) by 40 percent.

Projects adjusted threshold basis limit			\$154,148,665
Total Unita	00		

Including a boost from TCAC §10327 (c)(5)(c), but not more than 80%.

1%	Above 35%, <= 50% AMI	Units	30		Boost	33.009	%
2%	At or below 35% AMI	Units	47		Boost	104.00	%
Projects TOTAL HCD ADJ. THRESHOLD BASIS LIMIT: \$101,942,590							

Limitation	80.00%

80% Boost - Adjusted threshold basis limit (ATBL)

Sponsor acknowledges that any Project may be subject to performance penalties if the project's total eligible basis determined upon construction completion exceeds the revised total adjusted threshold basis limits for the year the Project completes construction (or the original total eligible threshold basis limit if higher) by 40%.

H. Tiebreaker Score

In the event of tied point scores, the Department shall rank tied applications based on three factors which will be added together for a final tiebreaker score. The three factors are: (1) the lowest weighted average affordability of all residential units, (2) leverage of other funds, and (3) additional cost containment. The tiebreaker scoring calculation is explained below. Although the exact balance will be driven by the applicant pool, the Department will strive to ensure that no single MHP project-type exceeds roughly 50% of the total NOFA funds.

- Lowest weighted average affordability of all residential Units.
 - Multiply each income limit applicable to the Project by the number of adjusted residential Units restricted at that income level (market rate units, which do not include units subject to rent and/or occupancy restrictions at 70 percent or 80 percent AMI, shall be designated 100 percent AMI). Unrestricted Manager's Unit(s) are excluded from this calculation.

For purposes of this calculation:

- Units with federal project-based rental assistance shall be assigned targeted rent levels of 30 percent AMI regardless of their actual income targeting; and
- If the average affordability of unadjusted residential Units, exclusive of Units with rental assistance, is less than 40 percent AMI, then the calculation shall assume a targeted rent level of 40 percent AMI for each residential Unit that does not have rental assistance.
- b. Add the products calculated pursuant to the previous paragraph.
- Divide the sum calculated pursuant to the previous paragraph by the total number of adjusted residential Units in the Project to obtain the average affordability.

38.58% 61.42%

d. Subtract (C) from 1.0.

2 Leverage of other funds.

- Applications will be scored based on the leverage of other soft funds, meaning local public funds, including land donations or fee waivers to be used for permanent funding of the development costs attributable to the Restricted Units as a percentage of the total Project development cost.
- Land donations will be counted as leveraged funds where the value is established with a current appraisal, with the amount discounted to reflect a purchase price that is lower than the appraised value, or any fees, or other reliably predictable payments required as a condition of the donation.

Sponsor or Applicants certifies that land donations will be counted as leveraged funds where the value is established with a current appraisal, with the amount discounted to reflect a purchase price that is lower than the appraised value, or any fees, or other reliably predictable payments required as a condition of the donation.

Yes

The capitalized value of rent differentials attributable to public project-based rental or public operating subsidies, based upon TCAC underwriting standards. Standards shall include the following and shall be annually aligned with TCAC standards for these capitalized values to the extent possible: a 15-year loan term; an interest rate based upon a spread over 10-year Treasury Bill rates; a 1.15 to 1 debt service coverage ratio; and a five percent (5%) vacancy rate.

The rental income differential for subsidized Units shall be established by subtracting rental income at 40 percent AMI levels (30 percent AMI for Special Needs Project types with project-based rental assistance) from the committed contract rent income documented by the subsidy source. In the case of a USDA rental subsidy only, the contract rent income is the higher of 60 percent AMI Rents or the committed contract USDA Basic Rents. The committed contract rent income for Units with existing project-based Section 8 rental subsidy shall be documented by the current monthly contract rent in place at the time of the Application or by contract rent committed to and approved by the subsidy source (HUD); rent from a rent comparable study or post-rehabilitation rent shall not be permitted.

The rent differential for projects with public operating subsidies shall equal the annual subsidy amount in year 1, provided the subsidy will be of a similar amount in succeeding years, or the aggregate subsidy amount of the contract divided by the number of years in the contract if the contract does not specify an annual subsidy amount.

If the contract does not specify an annual subsidy amount:

Aggregate Subsidy \$6,638,450

Number of Years in the Subsidy Contract: Average Annual Operating Subsidy Amount:

\$442,563 \$32.864.469

- d. Add the sum of all eligible soft funds as set forth in paragraphs (a.), (b.) and (c.).
- e. Divide (d.) by total Project development cost and express as a decimal.

Total Development Cost

30.85% \$106,533,068

Additional cost containment. The "additional cost containment" category for the Tie-Breaker, follows the same methodology as the Cost Containment scoring category above, in Scoring Category G. This factor is calculated by dividing the project's eligible basis by the project's adjusted threshold basis limit.

Total Eligible Basis per the Development Budget

Adjusted Threshold Basis Limit per CDLAC Regulation Section 5230(I)

18.75%

For purposes of this subdivision, a **project's adjusted threshold basis limit** shall be the project's threshold basis limit, as if it were a 4 percent LIHTC project, as determined pursuant to Section 10327(c)(5) of the TCAC regulations, except that the increase for deeper targeting pursuant to Section 10327(c)(5)(C) of the TCAC regulations that is multiplied by the unadjusted threshold basis limit shall be limited to 80 percent. Section 10327(c)(5) of the TCAC regulations states that for projects financed through CDLAC, "an increase of one percent (1%) in the threshold basis limits shall be available for every 1% of the project's Low-Income and Market Rate Units that will be income and rent restricted at or below 50 percent (50%) but above 35 percent (35%) of Area Median Income (AMI). An increase of 2 percent (2%) shall be available for every 1% of the project's Low-Income and Market Rate Units that will be restricted at or below 35% of AMI. In addition, the applicant must agree to maintain the affordability period of the Project for 55 years (50 years for projects located on tribal trust land)." The Department, however, will only restrict to income levels in 5 percent increments.

Percentages shall not include any percentage points requested or awarded (up to 5 percent) pursuant to the Cost Containment point category. The maximum percentage shall be 25 percent.

The calculation in this paragraph (3) is multiplied by 0.75.

Note: Any Sponsor may be subject to future performance penalties if the project's total eligible basis determined upon construction completion exceeds the revised total adjusted threshold basis limits for the year the Project completes construction (or the original total eligible threshold basis limit if higher) by 40 percent.

Legal Disclosure

For purposes of the following questions, and with the exceptions noted below, the term "applicant" shall include the sponsor(s)/Applicant(s), and any subsidiary of the sponsor(s)/Applicant(s) if the subsidiary is involved in (for example, as a guarantor) or will be benefited by the Application or the Project.

In addition to each of these entities themselves, the term "applicant" shall also include the direct and indirect holders of more than ten percent (10%) of the ownership interests in the entity, as well as the officers, directors, principals and senior executives of the entity is a corporation, the general and limited partners of the entity if the entity is a partnership, and the members or managers of the entity if the entity is a limited liability company. For Projects using tax-exempt bonds, it shall also include the individual who will be executing the bond purchase agreement.

The following questions must be responded to for each entity and person qualifying as an "applicant," or "joint applicant" as defined above.

Explain all positive responses on a separate sheet and include with this questionnaire in the Application.

Exceptions:

Public entity applicants without an ownership interest in the proposed Project, including but not limited to cities, counties, and joint powers authorities with 100 or more members, are not required to respond to this questionnaire.

Members of the boards of directors of non-profit corporations, including officers of the boards, are also not required to respond. However, chief executive officers (Executive Directors, Chief Executive Officers, Presidents or their equivalent) must respond, as must chief financial officers (Treasurers, Chief Financial Officers, or their equivalent).

Civil Matters

- 1) Has the applicant filed a bankruptcy or receivership case or had a bankruptcy or receivership action commenced against it, defaulted on a loan or been foreclosed against in past ten years?
- 2) Is the applicant currently a party to, or been notified that it may become a party to, any civil litigation that may materially and adversely affect (a) the financial condition of the applicant's business, or (b) the Project that is the subject of the Application?
- 3) Have there been any administrative or civil settlements, decisions, or judgments against the applicant within the past ten years that materially and adversely affected (a) the financial condition of the applicant's business, or (b) the Project that is the subject of the Application?
- 4) Is the applicant currently subject to, or been notified that it may become subject to, any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency?
- 5) In the past ten years, has the applicant been subject to any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency that resulted in a settlement, decision, or judgment?

Criminal Matters

- 6) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, felony charges against the applicant?
- 7) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, misdemeanor charges against the applicant for matters relating to the conduct of the applicant's business?
- 8) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, criminal charges (whether felony or misdemeanor) against the applicant for any financial or fraud related crime?
- 9) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, that could materially affect the financial condition of the applicant's business?
- 10) Within the past ten years, has the applicant been convicted of any felony?
- 11) Within the past ten years, has the applicant been convicted of any misdemeanor related to the conduct of the applicant's business?
- 12) Within the past ten years, has the applicant been convicted of any misdemeanor for any financial or fraud related crime?

Please provide a letter of explanation if you responded "Yes" to any of the questions above.

Entity Organizational Documents

Organizational Documents

The following is intended as a brief summary of legal documents commonly required to verify the legal authority of the private entity or entities applying to HCD for an Award of funds and does not apply to public applicants. Documents required to apply for funds (threshold requirements) are legally distinct from those required to enter into a standard agreement or to receive bonus points. For projects receiving an Award of HCD funds, additional documents, or corrections, may be required prior to execution of the Standard Agreement.

Organizational Charts

Complete organizational charts are required for the Sponsor/Recipient, Borrower, MGP and AGP (if different from the Sponsor).

Corporate Entities

Articles of Incorporation (Corp. Code §154, 200 and 202) as certified by the CA Secretary of State.

Bylaws and any amendments thereto (Corp. Code §207(b), 211 and 212)

Certificate of Amendment of Articles of Incorporation (Corp. Code §900-910 (general stock), §5810-5820 (public benefit and religious corporations), §7810-7820 (mutual benefit corporations), or §12500-12510 (general cooperative corporations)) as applicable.

Restated Articles of Incorporation (Corp. Code §901, 906, 910 (general stock), §5811, 5815, 5819 (public benefit and religious corporations), §7811, 7815 and 7819 (mutual benefit corporations) and §12501, 12506 and 12510 (general cooperative corporations)) as applicable.

Statement of Information (CA Secretary of State form SI-100 or SI-200)

Shareholder Agreements (Corp. Code §186) if applicable.

Certificate of Good Standing certified by Secretary of State. Certificate of Good Standing must be dated 30 days or less from the application due date.

Limited Liability Companies

Articles of Organization (CA Secretary of State form LLC-1)

Certificate of Amendment (CA Secretary of State form LLC-2) if applicable.

Restated Articles of Organization (CA Secretary of State form LLC-10) if applicable.

Certificate of Correction (CA Secretary of State form LLC-11) if applicable.

Statement of Information (CA Secretary of State form LLC-12 or LLC-12NC)

Operating Agreement (Corp. Code §17707.02(s) and 17701.10)

Certificate of Good Standing certified by Secretary of State. Certificate of Good Standing must be dated 30 days or less from the application due date.

Limited Partnerships

Certificate of Limited Partnership (CA Secretary of State form LP-1)

Amendment to Certificate of Limited Partnership (CA Secretary of State form LP-2) if applicable.

Certificate of Correction (CA Secretary of State form LP-2) if applicable.

Limited Partnership Agreement (CA Corp. Code §15901.02(x) and 15901.10)

Amended and Restated Limited Partnership Agreement

Certificate of Good Standing certified by Secretary of State.

Multifamily Finance Super Notice of Funding Availability (NOFA) Application

Gavin Newsom, Governor State of California

Lourdes Castro Ramírez, Secretary

Business, Consumer Services and Housing Agency

Gustavo Velasquez, Director

Department of Housing and Community Development (HCD)

2020 West El Camino Avenue, Suite 500, Sacramento, CA 95833
Phone: (916) 263-2771
Email: SuperNOFA@hcd.ca.gov
Multifamily Finance Super NOFA

SUPER NOFA DATE 03/30/2022

Instructions

When opening this file, a yellow banner at the top may appear with a button that says, "Enable Editing", and/or "Enable Macros". It is essential that you click this box(es) so that the macros are enabled. Enabling macros is necessary for full workbook/application functionality.

WARNING: Partial functionality of this application/workbook WILL BE LOST when using Apple Mac Computers. The Department highly recommends using PC Computers and Microsoft Office 2013 or newer to complete the application.

Application materials must be submitted electronically via HCD portal system. Requirements for uploading the Application Workbook and required supporting documentation, including naming conventions, are described in the application instructions available at https://hcd.ca.gov/multifamily-finance-supernofa

"Red" cells indicate the Sponsor/Applicant has failed to meet a requirement of the program, threshold, scoring, upload, or certification.

Sponsor/Applicant must upload all application materials to HCD portal no later than 4:00 p.m. Pacific Daylight Time on July 12, 2022.

"Blue" cells

Application must be on the Department's forms and cannot be altered or modified by the Sponsor/Applicant. Excel forms must be in Excel format, not a PDF document.

If the Sponsor/Applicant discover any errors within application, use the Application Support tab and email the entire workbook to AppSupport@hcd.ca.gov

Additional instructions and guidance are given throughout the Application in "red" text and in cell comments. Cell Notes/Comments are very important to read as some of these will provide direction on completing your application.

"Yellow" cells are for Sponsor or Applicant input. It is very important that you answer ALL yellow cells, failure to provide all information may disqualify your application from consideration or may negatively impact your point score.

"Orange" cells are required attachments. Failure to provide the required attachments and documentation may disqualify your application from consideration or may negatively impact your point score. Electronically attached files must use the naming convention in the Application.

are self-score points awarded in the "Scoring" worksheet. These are automated calculations based on the inputs provided by the Sponsor/Applicant.

<u>Disclosure of Application:</u> Information provided in this Application and attachments will become a public record available for review by the public pursuant to the Public Records Act. As such, any materials provided will be disclosable to any person making a public records request. Please use discretion in providing HCD with information that is not specifically requested, including but not limited to, bank account numbers, personal phone numbers and home addresses. By providing this information to HCD, the Sponsor/Applicant is waiving any claim of confidentiality and consents to the disclosure of all submitted material upon request.

Application Document Checklist

Instructions for Application submission:

The following is a FULL list of ALL the items that may be necessary to upload to HCD portal.

Use the electronic file name descriptions below for the electronic submission via HCD portal. Application materials, workbooks, and supporting documentation must be submitted no later t 4:00 p.m. Pacific Daylight Time on July 12, 2022.

Electronic File Name	Document Description	Included?				
Liectionic File Ivairie	Document Description	included:				
01. Document Checklist	Document Checklist.	Included				
02. Application	Super NOFA Excel Application.	Included				
03. App Sub Notification	MHP Only: Per Health & Safety Code §50675.7(e) Sponsor/Applicant must notify the local legislative body (City Council or County Board of Supervisors), or Tribal governing body if applicable, of the Sponsor's loan/grant application prior to application submission.	Included

Will the Sponsor/Applicant (Community-Based Developer) maintain their corporate headquarters within 10 miles of the proposed Project or have 3 deed-restricted affordable

housing Projects within 10 miles of the proposed Project?

Add Project description below:

Υŧ

730 Stanyan (the "Project") will be a new mixed-use building located in the Haight- Ashbury neighborhood directly across the street from Golden Gate Park in San Francisco. Located on parcel directly purchased by the City and subject to a ground lease, the Project will feature new affordable housing with 160 residential rental units ranging in income restrictions from 20' 60% AMI for families, and Transitional Age Youth (TAY), including those who were formerly homeless. The project will include one manager's unit and comprise a mix of studios, 1-, 2- a 3-bedroom units. The project will include 50 Local Operating Subsidy Program (LOSP) units (30 for TAY and 20 for family households) and in addition to community spaces for residents there will be five separate commercial spaces on the ground floor to serve the residents and the neighborhood.

Each of the five spaces will be operated by various non-profit partners to provide early childhood education, transitional age youth services/drop-in center, tech training, a senior center, a potentially, a low-cost restaurant or cafe. The project is aiming for minimum of LEED Gold certification for green standards. The project will be the first to meet City Planning's AB 168 agreement process to pay tribute to Native American land that the project will be built on. Additionally, the project is developing an affordable marketing plan to proactively reach out to underserved BIPOC population, including seniors in District 5 of San Francisco.

IIG Capital Improvement Project - provide related CIP and scope or work.

The CIP requires demolition of the existing paving and planter areas, grading and site preparation, underground utilities (including joint trench), sidewalk and streetscape improvements, stormwater management system, storm drains system, landscaping and irrigation, and on-site bicycle parking. All of the costs associated with the aforementioned scope of the CIP are integral to the QIP.

QIP: describe unit mix and tenant population (narrative portion)

The proposed development will include total of 160 units including 1 manager's unit. The unit mix is comprised of studios, one-, two-, and three-bedroom units over ground floor offices, to fhouse spaces, resident amenities and community serving commercial spaces. The 8-story, all-electric affordable housing building will serve low income and formerly homeless families and Transitional Age Youth (TAY) in Haight Ashbury neighborhood of San Francisco. Formerly homeless families and TAY will be referred through the Coordinated Entry System (CES).

02. Super-NOFA-Application	n-V2-6-10					23 of 17	78							Project Overview

The Sponsor/Recipient of a Project resulting in displacement of persons, businesses or farm operations shall be solely responsible for providing the assistance and benefits set forth in this section and in applicable state and federal law and shall agree to indemnify and hold harmless the Department from any liabilities or claims for relocation-related costs.

Does Project trigger State Relocation Assistance Law (Title 1, GC, Division 7, Chapter 16, commencing at Section 7260, and Title 25 CCR, Subchapter 1, Chapter 6, commencing at Section 6000.)?

N

Provide a narrative explanation, in the box below, supporting why relocation is not required. "N/A" or "Vacant Land" is not sufficient.

This project is a new construction to be built on an empty site, therefore, there is no existing building with residents to be relocated.

Environmental Requirements & Reports

MHP §7303.1(h) IIG §202(h)

Sponsor/Applicant certifies that the Project site is free from severe adverse environmental conditions, such as the presence of toxic waste that is economically infeasible to remove or cannot be mitigated.

Y€

If environmental mitigation is required, are costs sufficient, pursuant to the environmental reports and included in the Project's Development Budget?

II CIIVII OI II II CIII	ai miligation is required, are costs sumotent, p	disdant to the children and reports and moladed in the Froject's Development Budget:		10.

Article XXXIV

Appendix A - Defined Terms.

Article XXXIV is not applicable to " only IIG Projects".

"Article XXXIV" means Article XXXIV, Section 1 of the California Constitution. This constitutional provision requires local voter approval before a state public body can develop, construct, cacquire a low-rent housing Project in any manner.

Sponsor/Applicant shall provide an Article XXXIV legal opinion or evidence of Article XXXIV authority allocated pursuant to the Notice of Funding Availability.

File Name:	43. Article XXXIV Legal Opinion	Legal opinion regarding Article XXXIV, prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	N/
File Name:	44. Article XXXIV Authority	Documentation of Article XXXIV Authority prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	Υ€

Tenant Selection, Recertification, and Rental Agreement and Grievance Procedures UMR §8305, §8306, and §8307

Sponsor/Applicant certifies that the Project will comply with the requirements of UMR §8305, §8306, and §8307 as applicable?

Nondiscrimination and Fair Housing Requirements

MHP §7314(a) IIG §300(a)

Recipients/Sponsors shall adopt a written non-discrimination policy. Sponsor/Recipient certifies to comply with all applicable state and federal law, including, without limitation, the requirements of Title VI of the Civil Rights Act of 1964 (42 USC Section 2000d et seq.); the Americans with Disabilities Act of 1990; the Fair Housing Act; the Fair Housing Amendments Act of 1988; the California Fair Employment and Housing Act; the Unruh Civil Rights Act; GC Section 11135; Rehabilitation Act of 1973 Section 504; and all regulations promulgated pursuant to those statutes (including 24 CFR Part 100, 24 CFR Part 8, and 28 CFR Part 35)?

Americans with Disabilities Act and Physical Accessibility Requirements

MHP §7314(b) IIG §300(b)

All developments shall adhere to the accessibility requirements set forth in: (i) California Building Code Chapters 11A and 11B; (ii) the federal Fair Housing Act (42 U.S.C. § 3601 et seq.) and its regulations at 24 Code of Federal Regulations part 100 (particularly 24 C.F.R. Section 100.205), and its design and construction requirements, including ANSI A117.1-1986, and the Fair Housing Accessibility Guidelines, March 6, 1991, in conjunction with the Supplement to Notice of Fair Housing Accessibility Guidelines: Questions and Answers About the Guidelines, June 28, 1994; and (iii) the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.) and its Title II and Title III regulations at 28 Code of Federal Regulations parts 35 and 36; and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and the implementing HUD regulations at 24 Code of Federal Regulations part 8. In addition, developments shall adhere to either the Uniform Federal Accessibility Standards (UFAS) (24 C.F.R. Section 8.32), or HUD's Alternative Accessibility Standard. In addition, the Sponsor shall ensure that the Project meets the following requirements:

Sponsor/Recipient certifies to ensure compliance with all applicable state and federal building codes and accessibility laws and standards?

Violence Against Women Act (VAWA)

MHP §7314(c) IIG §300(c)

Sponsor/Recipient certifies that where applicable, Sponsors shall ensure individuals are not denied assistance, evicted, or have their assistance terminated because of their status as survivors of domestic violence, dating violence, sexual assault, or stalking, or for being affiliated with a victim, pursuant to §34 USC Section 12491.

Pet Friendly Housing Act of 2017

MHP §7314(d) IIG §300(d)

Sponsor/Recipient certifies to authorize residents of the housing development to own or otherwise maintain one or more common household pets pursuant to the Pet Friendly Housing Act of 2017 (HSC Section 50466).

California State Prevailing Wage Law

MHP §7314(e) IIG §300(e)

Sponsor/Recipient certifies that the Project will comply with California's prevailing wage law (Lab. Code, Section 1720 et seq.)?

The Sponsor should seek professional legal advice about the law's requirements.

For the purposes of California's prevailing wage law (Lab. Code, Section 1720 et seq.), an IIG Capital Improvement Project shall be considered a public work that is paid for in whole or in part out of public funds. As such, it is subject to California's prevailing wage law. Program funding of a Capital Improvement Project shall not necessarily, in and of itself, be considered public funding of a Qualifying Infill Project unless such funding is considered public funding under California's prevailing wage law.

Although the use of Program funds does not require compliance with the federal Davis-Bacon Act, other funding sources may require compliance with the federal Davis-Bacon Act.

Sponsor or Applicants comments: Include a description of balloon payments and unusual or extraordinary circumstances that have resulted in higher than expected Project costs and provide a justification as to why these costs are reasonable.

The interest rates on the tax-exempt and taxable construction and perm loans contain the predicted needed cushion for the current volatile interest rate environment. The land donation represents the value of a below market lease for a term of 99 years. The commercial costs include the cost of the commercial space and the prorated cost of related soft costs and are covered by tax credit equity. Please also note that the 20 20% AMI units which are not MHP-restricted are NPLH units and are restricted under that program through the City of San Francisco. No MHP loan limits are

Manager Units in Project: TOTAL UNITS: ADJUSTMENTS Cal Code of Reg §10327(c)(5)(A-F) Yes/No Adjustment for Projects paid in whole or part out of public funds subject to a legal requirement for the payment of state or federal prevailing wages or financed in part by a labor-affiliated organization requiring the employment of construction workers who are paid at least state or \$22,744,498 Yes federal prevailing wages (20%). (A) For Projects certifies that (1) they are subject to a Project labor agreement within the meaning of §2500(b)(1) of the Public Contract Code, or (2) they will use a skilled and trained workforce as defined by §25536.7 of the Health and Safety Code to perform all onsite work within an No \$0 apprenticeable occupation in the building and construction trades (5%). For New construction Projects required to provide parking beneath residential units (not "tuck under" parking) or through construction of an on-(B) No \$0 site parking structure of two or more levels (10%). (C) For Projects where a day care center is part of the development (2%). Yes \$2,274,450 (D) For Projects where 100 percent of the units are for Special Needs populations (2%). No (E) Project applying under §10325 or §10326 of the TCAC regulations that includes one or more of the features below (up to 10%). Yes \$2,274,450 (1) Project shall have onsite renewable generation estimated to produce 50% or more of annual tenant electricity use. If the combined available No roof area of the Project structures, including carports, is insufficient for provision of 50% of annual electricity use, then the Project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Available solar accessible area is defined as roof area less north facing roof area for sloped roofs, equipment, solar thermal hot water and required local or state fire department set-backs and access routes. A Project not availing itself of the 90% roof area exception may also receive an increase under paragraph (2) only if the 0.00 renewable generation used to calculate each basis increase does not overlap (5%). (2) Project shall have onsite renewable generation estimated to produce 75% or more of annual common area electricity use. If the combined No available roof area of the Project structures, including carports, is insufficient for provision of 75% of annual electricity use, then the Project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Available solar accessible area is defined as roof area less north facing roof area for sloped roofs, equipment, solar thermal hot water and required local or state fire department set-backs and access routes. A Project not availing itself of the 90% roof area exception may also receive an increase under paragraph (1) only 0.00 if the renewable generation used to calculate each basis increase does not overlap (2%). (3) Newly constructed Project buildings shall be 15% or more energy efficient than the 2019 Energy Efficiency Standards (California Code of No Regulations, Part 6 of Title 24) by at least 5 EDR points for energy efficiency alone (not counting solar); except that if the local building department has determined that building permit applications submitted on or before December 31, 2019 are complete, then newly constructed Project buildings shall be fifteen percent (15%) or more energy efficient than the 2016 Energy Efficiency Standards (California Code of 0.00 Regulations, Part 6 of Title 24) (4%). No (4) Rehab Project buildings shall have 80% decrease in estimated annual energy use (or improvement in energy efficiency) in the HERS II post 0.00 No (5) Irrigate only with reclaimed water, greywater, or rainwater (excepting water used for Community Gardens) or irrigate with reclaimed water, grey water, or rainwater in an amount that annually equals or exceeds 20,000 gallons or 300 gallons per unit, whichever is less (1%). 0.00 No (6) Community Gardens of at least 60 square feet per unit. Permanent site improvements that provide a viable growing space within the Project including solar access, fencing, watering systems, secure storage space for tools, and pedestrian access (1%). 0.00 No (7) Install bamboo, stained concrete, cork, salvaged or FSC-Certified wood, natural linoleum, natural rubber, or ceramic tile in all kitchens, living rooms, and bathrooms (where no VOC adhesives or backing is also used) (1%). 0.00 No (8) Install bamboo, stained concrete, cork, salvaged or FSC-Certified wood, or natural linoleum, natural rubber, or ceramic tile in all interior floor space other than units (where no VOC adhesives or backing is also used) (2%). 0.00 Yes (9) For new construction Projects only, meet all requirements of the U.S. Environmental Protection Agency Indoor Air Plus Program (2%). 0.02 \$0 No Project requires seismic upgrading of existing structures, and/or requires toxic or other environmental mitigation as certified by the Project architect/ engineer (lesser of costs or 15% basis adjustment). (F) If Yes, select type of work: Enter Certified Costs of Work Local development impact fees required to be paid to local government entities. Certification from local entities assessing fees also required. (G) WAIVED IMPACT FEES ARE INELIGIBLE. (H) Projects where at least 95% of the Project's upper floor units are serviced by an elevator (10%). Yes \$11,372,249 Projects wherein at least 95% of the building(s) is constructed as Type I as defined in the California Building Code, in which case, the Type III (I) Yes \$17,058,374 10% increase below is not allowed (15%).

Projects wherein at least 95% of the building(s) is constructed as (1) a Type III as defined in the California Building Code, or (2) a Type III/Type

er-NOFA-Application-V2-6-10.
Projects within a county with an unadjusted 9% threshold basis limit for a 2-bedroom unit equal or less than \$400,000 and within a census tract

I combination, in which case, the Type I 15% increase above is not be allowed (10%).

designated on the TCAC/HCD Opportunity Map as Highest or High Resource (10%).

Supportive Services Costs - HCD 2017 UMR Limits (for projects with HCD funding)

HCD UMR §8301(t): "Supportive Services" - social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits.

HCD UMR §8301(u): "Supportive Services Costs" - the costs of providing tenants service coordination, case management, and direct resident and Supportive Services. It includes: (1) to cost of providing tenants with information on and referral to social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits; (2) salaries, benefits, contracted services, telecommunication expenses, travel costs, supplies, office expenses, staff training, maintenance of on-site equipment used in services programs, such as computer labs, incidental costs related to resident events, and other similar costs approved by the Department.

A. Supportive Services Units:	Total number of Units:	160	Maximum cost baseline year:	2022	Total Units	Max PUPY Expense	Max Costs
(1) UMR §8314(e)(1): Total number of Supportive Housing (SH) Units anticipated to be restricted to individuals or families experiencing chronic homelessness as defined consistent with Health and Safety Code (HSC) §50675.14.						\$4,617	\$0
(2) UMR §8314(e)(2): Total number of Supportive Housing (SH) Units (other than those restricted to individuals or families experiencing chronic homelessness pursuant to HSC §50675.14), PLUS the total number of Units restricted to occupancy by Special Needs Populations (SNP)* under any HCD program. See Appendix A – Defined Terms Do not include Units included in (1) above.					50	\$3,461	\$173,050
(3) UMR §8314(e)(3): Total number of Units where the Sponsor, their affiliate, or a service provider under contract to provide Supportive Services at the Project has both: (A) qualified staff devoted exclusively to oversight and quality control of resident services in affordable housing, including the Project; and (B) a system to track and report on tenant outcomes, such as changes in employment status and income. Do not include Units included in items (1) and (2) above.					0	\$1,189	\$0
(4) UMR §8314(e)(4): Total number of Units anticipated to be offered Supportive Services provided by the Project Sponsor, a Sponsor affiliate, or contracted service provider that do not satisfy the criteria in items (1), (2) and (3) above.					109	\$283	\$30,847
(5) Maximum Supportive Services C	Costs				159		\$203,897

		MHP .42% Fee	\$99,919	\$24,980	\$33,306			
		\$0	\$0	\$0				
		\$0	\$0	\$0				
		\$6,666	\$1,667	\$2,222				
		\$0	\$0	\$0				
		\$153,099	\$38,275	\$51,033				
			Totals	\$788,034	\$197,009	\$262,678		
			UMR Required Operating R	Reserve Amount:	\$734,799	\$979,732		

If Reserve amounts are different than the required amount, enter Reserve amounts and how they are calculated below:

The tax credit investor will include the cost of services and the ground lease payment in their 3 month operating reserve calculation. So, we have to include it here.

Transition Reserve Calculator

	a) Does the Project propose use of Project-based rental assistance?	No				
	b) Subsidy Initial Contract Term: <i>(enter in years)</i>					
	c) Go to Cash Flow and remove the subsidy income the year after the subsidy contract ends, enter the amount of Cash Flow after all debt service: example: subsidy initial term is 15 years remove the subsidy income in Cash Flow tab from year 16 (if non-renewable two year requirement would be year 16 & 17) cell BE8 and/or BE9, enter what the income is from cell BE60. If negative enter as a negative number.					
1	d) Do any of the permanent development sources have loan terms that end at the same time or before the subsidies initial term?					
	e) Complete if box is yellow, add back the amount of annual debt service for the loan(s) that is ending: (Cash Flow rows 43-56) example: 1st mortgage loan term is 15 years, subsidy is also 15 years use amount in cell BE43. Do not include Balloon Payments .					
	Total Transition Reserve Required: (c + e = Amount of negative Cash Flow, if Cash Flow is positive transition reserve is not required \$0 will show)	\$0				
	Minimum amount of Transition Reserve that should be Capitalized based on 2% simple interest discount over term of contract. (Higher amount in Al38 is acceptable) AJ44 ÷ Sum of (AJ40 x 2%) + 1	\$0				
	If any part of the Transition Reserve is funded from Cash Flow:					
2	Enter amount capitalized in "Dev Budget SU": (Cell D80)					
2	Enter how many years you are using Cash Flow to fund the reserve:					
	Minimum annual amount that should be in Cash Flow: (Sum of (AJ44 - AJ47) ÷ AJ48)	\$0				

Comments:

Note: If Reserve amounts proposed in the Development or Operating Budget are different than the MHP required amount, explain why (i.e., other lender requirement) and show calculation method(s) below:

The City of San Francisco maintains a program-wide transition reserve for the LOSP program. As such, the project is not required by HCD to provide a project-specific transition reserve.

(6) individuals who are experiencing Homelessness and individuals experiencing Chronic Homelessness as defined above in Appendix A	20	6

Part I. Tenant Selection Narrative

This section asks for a detailed description of your tenant selection process. Using the titled sections below, your narrative should be as specific as possible, delineating the roles of property management and the Lead Service Provider and how these functions will be coordinated. Your description should clearly and conclusively document processes to ensure tenant selection and Housing First Practices.

Section 1: Tenant Selection Criteria

- 1. Target Tenant Population and Eligibility Criteria
- a. Do you use Housing First Practices?

b. Describe the criteria that will be used to ensure that applicants are eligible to occupy the units targeting the populations as identified above using a Housing First Approach. This should include the criteria relating to the applicant's income eligibility, homeless status (SNP Chronic Homeless, SNP Homeless or at risk of becoming homeless, or other SNP), and disability.

Key criteria for eligibility and selection criteria include the following.

Income: In order for an applicant to be eligible for a unit, their gross annual income cannot exceed the maximum income limits for the property or program unit, as determined by the property's funding sources. Additionally, some properties require that the average of all tenant incomes stay below a particular income limit.

For all units with a flat monthly rent, TNDC's minimum income policy excludes applicants whose rent burden would exceed 50% of the household's gross monthly income (except where

c. List specific applicants' credit history, criminal record, rental history, substance use, and similar screening criteria that will result in application rejection as well as those specific criteria that may result in rejection and the relevant conditions that would convert a "may reject" into a "will reject". Note: Property Management Plans or Tenant Selection Plans will be reviewed for consistency with the above answers.

After initial eligibility and conditional housing offer, the Applicant's household must meet any criminal screening standards. TNDC complies with San Francisco Police Code Article 49 – Fair Chance Ordinance:

• TNDC will conduct an individualized assessment and consider only "directly related" convictions and unresolved arrests in light of time elapsed, any evidence

d. Describe any additional eligibility criteria other than those indicated above, i.e., information needed to determine if applicant can comply with lease terms. Note: Selection criteria designed to assess anything other than the ability to comply with lease terms generally run afoul of fair housing laws designed to protect equal access to housing for people with disabilities.

See Between the Lines, A Question and Answer Guide on Legal Issues in Supportive Housing Chapter 4.

Yes

Fifty units at 730 Stanyan will be funded by the City and County of San Francisco through their Local Operating Subsidy Program (LOSP). TNDC will receive referrals from the Department of Homelessness and Supportive Housing, as facilitated through the Coordinated Entry System. Applicants are defined as eligible if they meet the definition of "Homeless or At-risk of Becoming Homelessness" as defined in the funding agreements. Verification of homelessness consists of an assessment in the Online Navigation System (ONE) and/or a letter from an approved agency stating specifically that the household is homeless. If the applicant is staying with friends or family, the letter needs to be from an agency that is working with the

e. List the tenant disclosures you provide to applicants/tenants. Example: Megan's Law disclosures.

The following tenant disclosures are provided to applicants/tenants: Death in Unit disclosure; Late Fee Policy Addendum; TNDC House Rules; Violence, Dating Violence, or Stalking (VAWA) Addendum; Megan's Law Addendum.

f. How you will use the local Coordinated Entry System (CES) for selecting tenants? If the local Coordinated Entry System is not yet operational, describe your plan to use it for tenant selection when it is established. In your response, include the name and contact information for your system contact person.

Whenever units reserved for Local Operating Subsidy Program (LOSP) households become available, TNDC staff will notify the San Francisco Department of Homelessness and Supportive Housing (HSH). During initial rent-up - and thereafter as vacancies become available - HSH will notify relevant Referral Agencies associated with HSH-selected programs serving homeless adults and city-funded shelters; these are Access Points associated with the Coordinated Entry System. Through Coordinated Entry, HSH will select eligible prospective tenants to apply for vacancies, ensure that eligible applicants meet all application and certification requirements, and will facilitate the applicant referral process.

2. Marketing/Outreach

a. Describe marketing/outreach efforts to publicize to potential tenants

TNDC's marketing and outreach for 730 Stanyan will highlight the unit types and sizes, amenities, and neighborhood, as well as the financing sources for the project. There will be increased outreach to neighborhood organizations serving families in the general public. Advertising of TNDC units open to the general public includes, but is not limited to the following: a. The creation of attractive and informative advertising flyers describing the available units (location, type of unit, cost, amenities and features, significant selection criteria such as minimum and maximum allowable incomes, available viewing days and times, contact information). These flyers will also be available in multiple languages.

b. If your tenants will include minor children and / or adult dependents, describe the specific marketing outreach that will be used to publicize unit availability.

All units are set aside for low income families and TAY, and all units are equally marketed to the general public through collaborations with San Francisco's Mayor's Office of Housing and Community Development's outreach team. This involves partnerships with resource centers in various neighborhoods, who help applicants access (including translation assistance) and fill out applications. TNDC's goal is to ensure that all applicants are screened using consistently applied, fair criteria, to provide a desirable, well-maintained and affordable place to live an economically, racially, and ethnically integrated resident population while complying with the provisions of any federal, state, or local law. The marketing will highlight the unit types and

c. For units restricted to Special Need Populations (SNP), describe your plan to price	oritize highly vulnerable households referred by the local CES.	
Local Operating Subsidy Program (LOSP) unit referrals will come from a Communit Homelessness and Supportive Housing, as facilitated through the Coordianted Entrinformation sheet that explains how to apply for both LOSP and non-LOSP units.		
3. Characteristics of SNP		
a. Please confirm compliance by checking all of the characteristics that apply to the Tenant holds a lease in his/her name and is responsible for paying rent?	e units in your Project: Yes	
Tenant has his/her own room or apt. and is individually responsible for selecting a r	roommate in any shared	
tenancy?	Yes	
Tenant may stay as long as he/she pays his/her share of rent and complies with the		
Unit is subject to applicable state and federal landlord tenant laws? Participation in services or any particular service shall not be required as a conditio	on of tenancy? Yes	
b. Typically, all the characteristics listed above must be present in order for the Procharacteristic.	eject to be eligible as SH and SNP. Please explain mitigating circ	umstances for any missing
Not applicable		
Part II. Lead Service Provider (LSP) Detail		
Section 1: LSP		
The LSP is the entity that has overall responsibility for the provision of supportive so	ervices & implementation of the Supportive Services Plan. The L	SP provides comprehensive case
management services (individualized services planning $\&$ the provision of connection with other agencies that do so.	ons to mental health, substance use, employment, health, housi	ng retention) and may also coordinate

Section 2: Best Practices in Service Delivery

1. Fully describe HOW the practices listed below will be utilized in your service delivery model. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training will occur. Note: Do not simply state definitions of these practices.

Describe benefits counseling and advocacy, including assistance in accessing SSI/SSP, enrolling in Medi-Cal:

The on-site support service staff will be trained prior to lease up to work with tenants to make sure they receive all benefits for which they are eligible and will be trained on SOAR prior to lease up. This includes making referrals to and following-up with the appropriate resources, applying for benefits, and making appointments. Such benefits include: General Assistance (GA), Temporary Assistance to Needy Families (TANF), Social Security (SSA, SSI/SSDI), Veterans' Benefits, Food Stamps (SNAP), Medi-Cal, Healthy Families, and Medicare.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Benefits training is provided during on-boarding and as new information is available it is shared through in-services organized by leadership. If there is cost associated with the training funds are available.

Describe Critical Time Intervention:

The on-site support services staff will be trained on all of the components of the Critical Time Intervention Model prior to lease-up. Tenants with long histories of being unhoused or unsheltered often need a lot of support to successfully transition into housing. The components will be used to successfully assist tenants with this transition to their new housing site. Intensive attention will be paid to connecting with tenant's current support system early on to help build the skils of the entire support system. Overtime less intensive support is needed, however periodic monitoring is used to support and maintain the network.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. CTI Training is provided during on-boarding and periodically through training in the community. If there is cost associated with the training funds are available.

Describe Trauma-Informed Care Strategies:

The on-site support services staff will be trained on trauma informed care (TIC) prior to lease-up and throughout their tenure at TNDC. In addition to formal training support service policies and practices are trauma informed. Support Services staff recognize that tenants come to us with long histories of trauma especially when coming from experiences of being unhoused and unsheltered. Together support services and property management use a TIC approach when challenges arrise related to housing retention and eviction prevention. Relationships are built early on and interventions take into consideration ways to not retraumatize tenants who are struggling to stay housed.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. TIC Training is provided during on-boarding and is readily available in the community. TIC is also a platform upon with other trainings are buit so we ensure that all training is Trauma Informed regardless of the specialized topic. If there is cost associated with

Describe Motivational Interviewing:

The on-site support services staff will be trained on Motivational Interviewing prior to lease-up and during their tenure at TNDC. The on-site support services team use motivational interviewing when working with tenants to set goals and to move through stages of change. Support services staff work with tenants to explore their desires for change and taps into their internal motivations. Inquiry is a key strategy when practicing MI as it allows tenants to be the expert of their own change. Motivational Interviewing is a model that works well when using a TIC approach, a Harm Reduction Philosopy and a Cultural Humility lens.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Motivational Interviewing Training is provided during on-boarding and is readily available in the community. MI is a trauma informed practice that is foundational to support services. MI training is available at least annually and is easily accessible in the cummunity. If

Describe Voluntary "Moving On" assistance, and when community resources (e.g., tenant-based vouchers) are available, to support current tenants to move from the Project into other permanent housing when that housing may be better suited to their needs:

The on-site support services staff will be trained on Voluntary Moving-on prior to lease-up and during their tenure at TNDC. Many tenants have long term goals related to "moving-on" from Permanent Supportive Housing. When tenants set these tyes of goals on-site support services staff assist tenants to develop skills that will help them to live more independently with less on-site support services. Areas of focus include budgetting, employment and training, identifying support systems outside of PSH, finding alternative housing.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Voluntary Moving-on training is provided during on-boarding and as new resources for Voluntary Moving-on become available they are shared through in-services organized by leadership. If there is cost associated with the training funds are available.

Describe Peer Support (include length of time Peer Support program used, if applicable):

The on-site support services staff will be trained on promoting peer support prior to lease-up and during their tenure at TNDC. Supporting peer relationships is practiced through organizing and facilitating community development activities; both large events and small support groups. Peer support can also be built by moving collaboratively with tenants through conflict. Using mediation and conflict resolution practices create stronger and more trusting relationships with peers.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Peer Suppor training is provided during on-boarding and as new resources for Peer Support Programs become available they are shared through in-services organized by leadership. If there is cost associated with the training funds are available.

2. Fully describe the policies and procedures of the following. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training occurs.

Describe case conferencing:

The on-site support services staff will be trained on Case Conferencing prior to lease-up and during their tenure at TNDC. Case conferencing is a powerful strategy to offer support to tenants and to help them meet their needs. These often include medical and mental health providers and are most successful when the tenant participates in the conference. When a tenant is in jeopardy of losing their housing a case conference can be even more successful with property management staff at the table. It is important to keep in mind that case conferences must also honor the privacy and confidentiality of tenants and the only information that can be shared is that which the tenant has given written permission to share with

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Case Conferencing training is provided during on-boarding and is practiced as tenant needs arise. If new frameworks for Case Consultation arise training occurs through in-services organized by leadership or at Clinical Consultation sessions facilitated by Licensed

Describe how the Sponsor's and LSP's Program philosophy, values, and principles is communicated to applicants for tenancy and tenants:

The on-site support services staff will be trained on Sponsor's and Program's philosophy prior to lease-up and during their tenure at TNDC. During orientation new staff spend 3-4 weeks meeting one-on-one wih organization and program staff to understand the policies and practices as well as the goals and philosophy of each. Additionally new staff receive, reveiw, and acknowledge in writing that they understand the policies and procedures of both.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support service staff are regularly trainined on any new Sponsor and Program policies. Training on new policies and procedures occur in-house as new policies are created and do not have a cost associated with them.

Describe policies for rent due by residents during periods of hospitalization:

When tenants are hospitalized and want to retain their housing the on site support services staff assist the tenant to stay engaged with property management regarding their rent. Staff from the on site support services team and property management team are trained prior to lease up on how to handle these situations. In situations where tenant's lose their income when hospitalized the support services staff then work with the subsidy program and property management to recertify and adjust rent. The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support services staff are trainined on rent-policies upon hire. If rent policy changes occur support service staff are trained by our Property Management counterparts as needed. These trainings do not have a cost associated with them.

Describe policy and procedures for: 1) resident privacy, and 2) confidentiality, including the use of Releases of Information:

Staff are trained according to the shared Service Integration Manual (SIM) prior to lease up. The SIM details that the on site support services staff and property management staff are encouraged to and can openly discuss many types of situations that may arise. For example, if an incident has occurred in a community/public space, the on site support services staff and Property Management staff can openly discuss the behavior/incident. They are also encouraged to provide each other with any necessary follow-up information related to the incident. On site support services staff may have confidential information about a tenant that is shared in confidence and a tenant may request that this confidential information is not

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Privacy, Confidentiality, Protected Health Information and HIPAA training is provide during on-boarding and is required annually. This training is available at no cost through the San Francisco Department of Public Health.

Describe appropriate coordination between property management and the lead service provider to support Housing First tenant selection and tenant retention and staff/resident safety, e.g., regular communication, cross-training, standing meeting time and agenda items:

The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety hazards. The on-site support services staff will be trained prior to lease up to help tenants to understand house rules, policies, and procedures. Housing retention and eviction prevention services will include immediate outreach to tenants whose housing is in jeopardy due to house rule violations, non-payment of rent, and/or health and safety hazards including hoarding and cluttering. The on-site support services staff will provide linkages to and follow-up with the appropriate eviction prevention

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Housing First, tenant selection, and tenant retention upon hire. Training is provided in-house through interdepartmental leadership on an on-going basis. There is no cost associated with this training.

Describe how applicants and residents are made aware of the reasonable accommodations procedure, and assisted with such requests.

The on-site support services staff will be trained on Reasonable Accommodations prior to lease-up and during their tenure at TNDC. TNDC has a robust Compliance Team that takes the time to provide training to the support service staff on how to support tenants to make reasonable accommodation requests. During mandatory Fair Housing Training support services staff learn about the ADA and how to support tenants throughout the Reasonable Accommodation proces whether that be using the correct documents or providing on-going follow-up with outside providers.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Reasonable Accommodations upon hire. Training is provided in-house through tthe Compliance Department annually. There is no cost associated with this training.

Describe appropriate coordination between property management and the lead service provider to support Housing First tenant selection and tenant retention and staff/resident safety, e.g., regular communication, cross-training, standing meeting time and agenda items:

The on-site support services staff will work in partnership with property management staff to identify tenants who are in need of housing retention services related to nuisance behavior, non-payment of rent, and/or health and safety hazards. The on-site support services staff will be trained prior to lease up to help tenants to understand house rules, policies, and procedures. Housing retention and eviction prevention services will include immediate outreach to tenants whose housing is in jeopardy due to house rule violations, non-payment of rent, and/or health and safety hazards including hoarding and cluttering. The on-site support services staff will provide linkages to and follow-up with the appropriate eviction prevention

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs.

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Housing First, tenant selection, and tenant retention upon hire. Training is provided in-house through interdepartmental leadership on an on-going basis. There is no cost associated with this training.

Describe how applicants and residents are made aware of the reasonable accommodations procedure, and assisted with such requests;

The on-site support services staff will be trained on Reasonable Accommodations prior to lease-up and during their tenure at TNDC. TNDC has a robust Compliance Team that takes the time to provide training to the support service staff on how to support tenants to make reasonable accommodation requests. During mandatory Fair Housing Training support services staff learn about the ADA and how to support tenants throughout the Reasonable Accommodation proces whether that be using the correct documents or providing on-going follow-up with outside providers.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Support Services Leadership, Property Management Leadership, and Complicance work together to ensure that all staff are fully training on Reasonable Accommodations upon hire. Training is provided in-house through tthe Compliance Department annually. There is no cost associated with this training.

Describe process for receiving and resolving tenant grievances:

The on-site support services staff, along with property management, will be trained prior to lease up to receive and resolve tenant grievances. It is the policy of management that all residents' grievances be given complete and objective consideration. This procedure applies to both applicants and residents. All residents are encouraged to use it without concern that it will reflect on their status as a resident. The support services team also have grievance procedures independent of the property management grievance procedure. The documented procedure is provided to tenants and is available in multiple languages to meet the tenant's needs.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs.

Support services staff are trainined on Grievance Procedures upon hire. If changes to the Grievance Forms or Procedures occur support service staff are trained in house as needed. Support service staff are also trainined on Conflict Resolution upon hire and during their tenure. Conflict resolution training is readily available in the community and if there is a cost associated with the training, funds are available.

Describe appropriate responses to tenant crises

The on-site support services staff will be trained prior to lease up to intervene in crises by immediately responding to any episodes of medical and behavioral health emergency. In responding to these crises, the on-site Support Services staff will access the appropriate emergency response providers (for example, Adult Protective Services, Child protective Services, mobile crisis teams, police, paramedics, etc.). The on-site support service staff will also work with tenants to provide conflict resolution by offering to act as a mediator.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Crisis Intevention, Violence Prevention, and De-escalation training is provided during on-boarding. It is available at least annually and is easily accessible in the community. If there is cost associated with the training funds are available.

Describe retention of tenants regardless of their use of substances:

The on-site support services staff will be trained on Harm Reduction prior to lease-up and during their tenure at TNDC. TNDC practices Harm Reduction agency wide and tenants are not required to be free of substances to access housing or services. Support services staff "meet tenants where they are" and see tenants as the experts of their own experiences. Harm reduction is a non-judgemental way of helping tenants to identify and achive their own self-determined goals. TNDC support services staff work with tenants to focus on the behaviors that might be impeding their retention and use motivational intervention techniques to change behaviors that are jeopardizing their housing.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Harm Reduction training is provided during on-boarding and throughout staff tenure It is readily available in the community and if there is cost associated with the training funds are available.

Describe cultural competency:

The on-site support services staff will be trained on Cultural Competency prior to lease-up and during their tenure at TNDC. However Cultural Competency is an antiquated model that tends to overgeneralize populations and does not allow room for the individual. TNDC support serices are built upon a Cultural Humility platform. Cultural Humility is a more evolved mode as it places the tenant at the center and sees tenants as individuals and the experts of their own experience. It also requires service providers to come from a place of inquiry and reflect on their places of privilege. It also requires a committenent for staff to use their power to redress power imbalances to benefit the tenants.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Each support services staff have access to \$1000 of training and development funds annually. At the beginning of each year the support service staff create an annual Plan for Professional Development that outlines required and desired trainings for the coming year. TNDC also has a robust training and development program offering a variety of mandatory and optional trainings. Training is available through on-site in-services, webinars and off-site conferences. Cultural Humility training is provided during on-boarding and is required several times throughout the year. Training is provided through in-services organized by leadership, through community resources, and through Clinical Cunsultants cented in Cultural Humility. If

Part III. Supportive Services Detail

Section 1: Supportive Services Chart

Required Services: List and describe all required services to be provided to tenants, including all service needs of the targeted populations as listed above. The chart must include each of the services listed. Please be sure that the services listed address all the service needs of all the target populations as listed above. Attach the agreement or commitment letter for each of the minimum services listed. If the tenant will be referred to another agency for a service, attach an agreement or commitment letter from the agency that will be providing the service directly.

Section 2: Supportive Services Coordination

1. Describe the accessibility of community services to which you propose linkages, whether they are on-site or in close proximity to the Project, including the hours they are available, and the frequency, travel time and cost to the tenant for transportation required to access the services to include both public transportation and private transportation services (e.g. van owned by the provider). Provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished if not already included in agreement provided for service provision.

TNDC support services staff use a trauma informed care approach, a harm reduction philosophy, and a cultural humility lens, which places the tenant at the center and sees tenants as individuals and the experts of their own experience. Using this platform, support services staff will be able to better accommodate cultural, trauma-based, and disability related barriers to provide referrals and linkages to neighborhood resources. TNDC support services does not contract directly with these specific third party community services, but provides information and linkages to residents to neighborhood resources per the TNDC Service Agreement. Neighborhood community service organizations include: Homeless Youth Alliance (0.3 mile

2. Describe how services will accommodate cultural, trauma-based, and disability related barriers to services.

TNDC on-site support services staff provide referrals and linkages to multiple mainstream community, county, state and federal resources. Some examples include; County Adult Assistance Programs (GA, CAPI, SSIP) Temporary Assistance to Needy Families (TANF), SSI/SSDI/SS, Veterans Administration Benefits, CalFresh (SNAP), Medi-Cal (Medicaid) and Medicare. TNDC on-site support services staff also link tenants to other government funded community resources like; In Home Support Services, Paratransit, Adult Protective Services, and Mobile Crisis. When housing retention and eviction prevention services are needed staff access programs like; Bay Area Legal Aid, the Eviction

Section 3: Verification from Appropriate Public or Non-profit Funding Agency

All applications shall include a verification from an appropriate funding entity (either public or non-profit) knowledgeable about the supportive service needs of the targeted population, indicating that the proposed services are appropriate to meet the needs of the targeted SH and SN population(s). The verification shall endorse the primary service provider as a known provider of support services to the target population the sponsor is proposing to serve. The Project Sponsor and/or Service Provider are not eligible to provide the Funding Agency Verification.

Please use the attached Supportive Service Verification form from the Appropriate Public or Non-Profit Agency. Please submit one verification for each target population. If appropriate, a single funder may provide a verification for multiple populations (i.e. a County Department of Health Services could provide a verification for a Project serving individuals with HIV/AIDS, Chronic Substance Abuse and Other Chronic Health Conditions). Please be sure to indicate on the verification form the target populations to which each verification applies.

Part IV. Tenant Safety And Engagement

Section 1: Tenant Engagement

1. Describe your strategies to engage residents in services, including when outreach will occur and the methods that will be used, e.g., outreach to applicants and residents, peer engagement, flyers.

Support Services staff begin assertively outreaching to tenants immediately upon their move-in. In all scenarios, the Property Management staff inform the Support Services staff as to when a tenant will be moving in so that the Support Services can prepare the appropriate outreach materials for the tenants, one the tenant has moved in, the Support Services staff will deliver outreach materials directly to their homes. Materials include; welcome information, calendars of events, information regarding the on-site services that are available. Support Services staff reach out to tenants each month with calendars and flyers for events and activities. Support Services

2. Describe your strategies to engage residents in social interaction and community involvement within the Project.

Community-building activities promote the growth and development of a supportive and safe tenant community. Activities include social/cultural celebrations and workshops that are tailored to the needs of tenants, including tenants who are formerly homeless. Tenants are encouraged to establish Tenant Councils at each of TNDC's buildings to provide leadership opportunities and opportunities to engage in the activities of the building. Once individuals and families are housed on site support services staff door knock, leave welcome notes, provide invitations to activities to engage tenants quickly.

3. Describe your strategies to engage residents to participate in building operations.

All tenants engage with Property Management on their move-in day, so an innovative practice is for Property Management to facilitate a one-on-one introduction to the support services staff. On day one they show the new tenants where the Social Worker Office is and provide the new tenant with the Social Worker's contact information, brochure and calendar of events The partnership with Property Management extends beyond move-in day. Social Workers partner closely on all issues related to housing stability, continued independent living, housing retention, and eviction prevention.

4. Describe your strategies to engage residents in planning and delivery of individual and group resident services.

Outreach will be conducted both immediately upon move-in and on an on-going basis. Outreach efforts will include knocking on tenants' doors, engaging with tenants in community spaces, providing tenants with letters of welcome to the community, and personally inviting tenants to and reminding them of upcoming and on-going events and activities in the buildings Outreach materials will be provided in languages most appropriate for the tenant.

5. Describe how the physical building space supports social interaction and the provision of services.

While 730 Stanyan is located on a dense urban infill site, the design makes use of every opportunity to foster a community within the building. The gathering court, generously sized and with ample greenary, leads residents into a spacious and sunlight-filled lobby. The reception desk features a low, counter-height, accessibility-minded design that feels residential – not institutional – with a seating area in the lobby. Landscaping from the front of the building flows transparently and naturally into a matching interior. A large community room with full kitchen anchors the ground floor, with direct connection to the spacious landscaped gathering courtyard. The community room is centralized and will serve as a known meeting space for all

6. If you plan to conduct tenant satisfaction surveys, describe how they will be conducted, including the frequency, the types of questions asked, how they will be reviewed, and how the results will be used to improve building operations and service delivery.

Tenant satisfaction surveys are conducted annually. Surveys include questions about satisfaction with services, responsiveness of service providers, feedback on community engagement activities. Results are compliled and analyzed by the Quality Assurance Manager and are then shared with various stakeholders including staff, community members, funders, fund development, and board members.

7. Describe your strategies to engage residents in services, services planning/operations, and in building community and facility operations. Also indicate how those with disabilities will be connected to the community within the building.

Tenant Engagement is one critical component of service provision to the target population; folks who are Formerly Homeless or At Risk of Homelessness. As participation in support services is voluntary, it is incumbent upon TNDC as the service provider to use creative strategies to engage with tenants. Support services staff employs a variety of culturally appropriate methods to encourage tenants to engage in services and to address their needs. These methods include personal invitations (both face to face and written), posting of flyers information and monthly event calendars in languages most appropriate to the target population, through word of mouth and through referrals from Property Management staff.

Section 2: Safety and Security

1. Summarize your written policies and procedures on privacy and confidentiality of residents.

The on-site support services and property management team at TNDC frequently work together to help resolve issues affecting housing retention, physical or mental health, and independence and/or self-sufficiency. While it is important to keep confidentiality in mind, the on-site support services staff and property management staff are encouraged to and can openly discuss many types of situations that may arise. For example, if an incident has occurred in a community/public space, the on site support services staff and property managemen staff can openly discuss the behavior/incident. The staff are also encouraged to provide each other with any necessary follow-up information related to the incident. The on site support

2. Summarize your written policies and procedures on sign in/out procedures, fire/safety drills, posted local contacts in case of emergency.

Per the TNDC Property Management House Rules, visitors and guests (an individual adult or minor whose name does not appear on the Residential Rental Agreement for the premises as a "tenant.") must check in with the front desk person and sign in and out at the reception desk. They must also present photo identification card in one of the following forms: State-issued Driver's License; State-issued Identification Card; Passport; Military Identification, Alien Card; State Government Agency issued picture ID card; Mexican Consular Registration Card; Merchant Seaman ID; Veteran's Administration ID; or Day Labor Program ID. Unescorted visitors will not be allowed into the building.

3. Describe your building design safety features for ensuring resident and staff safety (include lighting, entrance/exits, locked doors, common area locations).

The building features a multi-faceted security system that is closely integrated with the observations and requirements of the building managers. Each exterior door requires electronic chip entry, and discrete cameras offer views of every occupiable corner of the building. The majority of the indoor residential area, centrally located and lined with glass walls, is designe with an "eyes on the street" mentality fostering community transparency and visibility. Other indoor areas are coupled with corridors and/or outdoor spaces, so that all spaces remain consistently activated and no unsafe "dead zones" emerge. Each area is lit to industry standards, and the outdoor spaces shall be closed down by building staff at sunset. Other than

4. Summarize your written policies and procedures on ensuring staff safety.

TNDC is committed to providing a safe, violence-free workplace. In this regard, TNDC strictly prohibits employees, consultants, customers, visitors, or anyone else on TNDC premises or engaging in a TNDC related activity from behaving in a violent, bullying, or threatening manner. Moreover, as part of this policy, TNDC seeks to prevent workplace violence before it begins and reserves the right to deal with behavior that suggests a propensity towards violence prior to any violent behavior occurring.

TNDC believes that prevention of workplace violence begins with recognition and awareness of potential early warning signs and has established procedures within Human Resources for

5. Summarize your written policies for addressing violations of resident/staff safety by residents or staff.

If a resident violates staff safety, the property manager will speak with the resident about the violation and document the conversation. If the resident is not cooperative, the manager will send the resident a Lease-Rules Violation letter and inform the on site support services staff of the problem. The support services staff will then contact the resident, and if the resident does not cooperate, the property manager will issue a 3-day Perform Convenant or Quit Notice to the Resident, while also completing a Proof of Service Affidavit. The property manager will give the support services staff a copy of the notice, who will continue to seek resident cooperation. If the resident does not comply within 3 days (10 if in a HUD building), the resident

6. Describe your guest/visitor policy for residents.

TNDC's policy on guests/visitors is as follows. A "visitor" is an individual adult or minor whose name does not appear on the Residential Rental Agreement for the premises as a "tenant." When a visitor arrives at a property with a front desk, the front desk person will contact the tenant by telephone. If they do not have a telephone, they will have to make alternative arrangements so as to be available to their visitor(s). At properties which have a front desk clerk, visitors must sign in and out at the reception desk, and present photo identification card in one of the following forms: State-issued Driver's License; State-issued Identification Card; Passport; Military Identification; Alien Card; State Government Agency issued picture ID

7. Summarize your written policies for coordination with property management for resolution of tenant issue.

TNDC's Property Management and on site support services team use a Service Integration Manual (SIM) that outlines the roles and responsibilities of each department. The SIM clearly defines roles and decision making responsibilities to make certain that there are coordinated strategies to maintain tenants' housing stability and to sustain the health and well-being of tenants residing in a TNDC community. In the case of tenant and/or building incidents, designated property management (typically the General Manager) staff provide the on site supports staff with copies of incident reports and/or tenant complaints within 1 business day. The general manager reviews the incident reports/tenant complaints and determines

Part V. Staffing

Section 1: Staffing Chart

1. List all staff positions that will provide services to the tenants of the target populations listed above. Include Sponsor or LSP staff positions, and any staff positions of partnering organizations who have committed time to the Project. Include your services coordination staff. For each position, list the position title, minimum requirements, the full-time equivalent (FTE), the organization under which the position resides, and the location of the position (on-site or off-site). Attach a copy of each positions duty statement.

Note: All staff positions listed here must be reflected in the Supportive Services Budget. Be sure to indicate which staff position will be responsible for Homeless Management Information System data entry. If the cost of supportive service position is included as part of the Project's operating budget and the position will serve SH and SNP units, that position must be included in this chart.

Title	Minimum	requirements	Total FTE:	1.1	Total FTE:	2.5	Employing Organization	Location		
List each staff position	the place of the job de	perience and education. Note: doesn't take scription or duty statement.	positions for all		positions for all positions for project units (half-SH/SNP (half-time		positions for all positions for project units (half- SH/SNP (half-time		This could be the LSP, Sponsor or a Project Partner	Select "On- Site" or "Off- Site"

2. Describe the roles of all services staff listed in the Staffing Chart. Describe how the services staff will collaborate to function as a team and avoid duplication of services.

Each of the Resident Services Coordinators will carry distinct caseloads. Upon move-in the tenants will be assigned to one of the Resident Services Coordinators who will be the primary support service provider for the tenant as not to duplicate services. The Program Manager provides support and supervision to the the Master's Level Social Worker/Site Supervisor who in turn provides support and supervision to the Bachelor's Level Social Worker. The Director provides direct supervision to the Manager and the Senior Director is responsible for the overall implementation of the Program. The Community Impact Analyst & Manager provides focuses on quality assurance and the Administrative Coordinator provides administrative

Section 2: Staffing Ratios

1. Indicate the overall services staffing level for your Project by completing the calculation below.

a.	Total Project Units (not including managers)	159
b.	Total FTE Service Staff from the Staffing Chart (cells V243-V252)	3.63
C.	Number of units per FTE Staff Person (a+b)	43.80

2. Complete Case Manager Staffing Ratio chart. Include all case management staff from staffing & budget forms. Do not include administrative, supervisorial or other direct service positions.

·	Population Type	SH Chronic Homeless	SNP Homeless with Disability	SNP Other			
	Maximum Case Mgr. Ratio	1:20	1:25	1:40

Part VI. Supportive Services Budget

Section 1: Supportive Services Budget and Cost Per Unit Table

In the table below, provide a line item breakdown for all costs associated to Supportive Services for the entire project. This should include income, expenses, staff, and in-kind services. A funding source should be identified for all costs, if available, showing as committed or non-committed sources of funding. Total SS expenses cannot be greater than income and external sources of funding.

Supportive services expenses included as part of the Project's Operating Budget (as documented in the MHP Application) must be included in this Supportive Services Budget below. These funds should be equal to or less than the maximum allowable amount identified in the Supportive Services Cost calculator (S2-Supportive Service Costs tab). Additionally, these funds must be listed as "Project Operations" in the Income Source column and as "Not Committed" in the Status column.

Income Source/Program Name			Amount	Туре	Status	% of Total Budget
San Francisco Dept. of Homelessness & Supportive Housing			\$324,870	Cash	Committed	70.17%
Operating Budget			\$138,099	Cash	Committed	29.83%
						0.00%
						0.00%
	Total F	Revenue:	\$462,969			100.00%
Expense Item			Amount	Туре	Status	% of Total Budget
Staff Salaries: List by title of position. (This list must match the Staffing Chart above.)						
3rd Party Service Provider for TAY	FTE:	1.00	\$143,810	Cash	Intend to Fund or Provide	31.06%
Social Worker for LOSP Families	FTE:	1.00	\$181,060	Cash	Intend to Fund or Provide	39.11%
Social Worker for non-LOSP Families	FTE:	1.00	\$86,858	Cash	Intend to Fund or Provide	18.76%
Senior Director of Tenant & Community Services	FTE:	0.01	\$2,895	Cash	Intend to Fund or Provide	0.63%
Director of Supportive Housing Services	FTE:	0.03	\$5,408	Cash	Intend to Fund or Provide	1.17%

Travel						0.00%
Office Rent/Occupancy Costs (don't include rent/leasing costs for SH units)						0.00%
Training			\$3,500	Cash	Intend to Fund or Provide	0.76%
Professional Fees			\$1,516	Cash	Intend to Fund or Provide	0.33%
Food Bank			\$565	Cash	Intend to Fund or Provide	0.12%
Program Expense			\$7,001	Cash	Intend to Fund or Provide	1.51%
Administrative Fees, Other Expense			\$15,493	Cash	Intend to Fund or Provide	3.35%
						0.00%
	Total E	xpenses	\$462,969			100.00%

Supportive Services Cost Per Unit: Permanent supportive housing best practice suggests a range between \$5,000 - \$10,000 annually in services per household, depending upon the intensity of the needs of the target population. Complete the following calculation about supportive services cost per unit for your Project. If your supportive services cost per unit, as calculated below, differ from industry practice, provide a narrative explanation. The Project must meet/address the industry standard.

Supportive Services Expense Per Unit Calculation

Total Overall Units

a.	Total overall SNP units	50
b.	Total supportive service expenses	\$462,969
C.	Total Supportive Service Expenses per unit (b+a)	\$9,259

Total MHP Assisted Units

d.	Total MHP Assisted SNP units	16
e.	Percentage of MHP SNP Assisted units (d+a)	32.00%
f.	Total Estimated costs attributed to MHP SNP assisted units (b*e)	\$148,150

Section 2: Budget Narrative and Funding Commitments

1. Describe how budgeted amounts are adequate to provide services described in Supportive Services Plan and in Services Staffing Table:

The budgeted amounts for 3.5 FTE social workers at this property are adequate to provide the supportive services detailed in the Supportive Services Plan. With assistance, oversight, and management by a Community Impact Analyst & Manager (managing compliance, evaluations, contracts, and related trainings), a Tenant & Community Service Administrative Coordinator (education and training, guidance, assistance with difficult or complicated situations), and overall oversight by the Director of Supportive Housing Services and Sr. Director of Tenant & Community Services, we are confident that with this staffing and budget, we will provide appropriate services to Supportive Housing units. This staffing pattern promotes self-sufficiency and independence while fostering the growth and development of a safe and supportive residential community for the target population.

- 2. Document committed funds with letter from committing agency that includes the following. Documented services/funding must appear in Supportive Services Budget Table.
- a) Project name; b) Description of services to be funded or provided; c) Dollar value of funds or in-kind services. If cash is provided, state funding source; d) Funding term or service provision; e) A description and history of agency/organization providing funding or services.

File Name:	91. SS Fund Ltr1, SS Fund Ltr2, SS Fund Ltr3, etc	Services funding commitment letters; Include: Project name; description of services; dollar value of funds or in-kind services; If cash is provided, state funding source; funding term; description & history of agency/org. providing funding or services.	Uploaded to HCD Portal?	Yes
------------	--	--	-------------------------	-----

3. Describe your experience filling major services funding gaps in similar housing. If you haven't experienced any service gaps, then write Not Applicable.

Not applicable

4. Describe in specific terms the plan to fill any service gaps that occur during Project life due to expiration of grants, partner withdrawals, cancellation of a commitment or any other
reason.
Not applicable

Section 3: Service Funding History Table:

Funding History for:	Tenderloin Neighborhood Development Corporation

Part VII. Measurable Outcomes and Plan for Evaluation

Section 1: Measurable Outcomes

Outcomes are what you expect to happen for the people served by your project. Outcomes are sometimes called results. Outcome objectives are time-specific measurable goals that identify how you know if you are achieving your desired results. Outcome objectives are sometimes called outcome benchmarks or indicators.

Please categorize the outcomes for your project into the following three categories

Category	Outcomes	Outcome Objectives
Residential Stability: tenants maintain permanent housing (see examples in cell comments to the right)	Tenants will participate in the support services desired and needed to maintain their housing.	Families & TAY: On a monthly basis, 100% of households who showed housing instability received Supportive Services. On an annual basis, at least 85% or tenant lease violations will be resolved without a loss of housing to tenants. On annual basis, at least 90% of tenants maintain their
Increased Skills and/or Income: tenants gain job- related skills, participate in job-related training and/or education, gain stipend part-time or full-time supported employment, gain access to mainstream service/income support programs for which they are eligible (see examples in cell comments to the right)	Tenants will receive the referrals desired to develop skills, increase income, and access the mainstream resources for which they are eligible.	TAY: On an annual basis, at least 70% of participants will either be enrolled in school or employed At least 60% of participants housed for at least 90 days will have maximized their income and benefits for which they are eligible, or will be in the application process. The percentage requirement in this objective will be benchmarked over the first 12 months of service to ensure it is attainable, and may be
Greater Self- Determination: tenants gain daily living skills and ability to plan and advocate for themselves to maximize independence and self-sufficiency (see examples in cell comments to the right)		

Section 2: Plan for Evaluation

1. Describe your evaluation plan. Include how you intend to collect, track and analyze data on the effectiveness of your project, including the outcomes projected above. Indicate who will analyze the data and perform your program evaluation. (e.g., staff, consultant, etc.).

TNDC's support services team maintains a robust database to constantly monitor and evaluate the program. On-site support services staff enter data in real time. This includes intake and assessment information, referrals and linkages, individualized service plan goals, ADLs, Income, housing history and comprehensive support systems. This database also tracks significant interactions between support services staff and tenants including; case mananagement, crisis intervention, housing retention and eviction prevention, We are also able to track engagement in community activities and events. Direct supervisors and Managers regularly run services and outcome reports for individual performance and for funders. The Quality

Special Needs Population Experience & Narrative

2)	individuais who are experiencing-nomelessness and individuals experiencing Chronic Homelessness						
3)	people with disabilities						
4)							
5)							

Lead Service Provider Experience:

With over 25 years of experience, Tenderloin Neighborhood Development Corporation's Tenant and Community Services Department recognizes the support service requests of low adults, and families, including those that are formerly homeless. TNDC's unique approach to supportive housing combines safe and affordable home environments with free voluntary confidential, and on-site services that are culturally relevant and trauma-informed. TNDC's experienced Social Workers are adept at responding to the needs of those who have expetrauma due to societal and/or interpersonal violence, systematic racism, living in under resourced communities, and years of experiencing homelessness.

Project Sponsor Experience:

TNDC was formed in 1981 to serve the low-income community of the Tenderloin neighborhood of San Francisco. Since that time, we have expanded to nine different parts of San Francisco residents with the lowest of incomes. TNDC began with the purchase of a single SRO and desire to protect the neighborhood from speculative real estate and gentrification pressures as the hotel and financial districts began encroaching on the neighborhood. Since that firs building purchase over 41 years ago, TNDC has grown its portfolio.

Property Management Experience:

The Property Management Department – comprised of more than 300 employees - serves over 6,000 residents across approximately 3,800 units, all of which are located in San France over 900 of these units have a permanent supportive housing component.

Property Management oversees approximately \$65 million in annual revenue, and within the department, there are additional support roles to ensure the financial and physical health

To receive any points in this category, at least 10 percent of the Restricted Units must be restricted to households with incomes not exceeding 30 percent of AMI.

Qualifying Units 3

Does the Project have at least 10 percent of the Restricted Units restricted to households with incomes not exceeding 30 percent of AMI?

TR

Deeply affordable Units under this paragraph (2) - those Units up to 30 percent AMI targeting - cannot be concentrated among a project's smaller Units. They must be distributed proportionately across all unit sizes, or, alternately, more heavily represented among larger Units. To ensure a proportional spread of deeply affordable Units, at least 10% of the larger Units in the Project must be provided at 30 percent of area median income, as applicable. So long as the applicant meets the 10% standard project-wide, the 10% standard need not be met among all of the smaller Units.

			Provided	10% Units Req.	Cum. Req.	Extra / Over	Cum. Prov.	
5 Bedroom Restricted Units	0	ELI Units Provided	0	0	0	0	0	TRUE

Certification & Legal Status

On behalf of the entity identified in the signature block below, I certify that:

- 1) The information, statements and attachments included in this Application are, to the best of my knowledge and belief, true and correct.
- 2) I possess the legal authority to submit this Application on behalf of the entity identified in the signature block.
- 3) The following is a complete disclosure of all identities of interest of all persons or entities, including affiliates, that will provide goods or services to the Project either (a) in one or more capacity or (b) that qualify as a "Related Party" to any person or entity that will provide goods or services to the Project. "Related Party" is defined in §10302 of the California Code of Regulations (CTCAC Regulations):

Regarding Line 25 below, HCD issued a Preliminary Notice of Declaration of Default to CCDC regarding the Saint Claire Residence, Project #85-SUHRO-0229, and contract #85-HRLS-229 (the "HRL Loan") on August 27, 2021. Subsequently, HCD and CCDC entered into a forbearance Agreement dated March 31, 2022, pursuant to which the parties agreed upon a five (5) year forbearance period (the "Forbearance Term") with a repayment schedule and a balloon payment due at the end of the Forbearance Term, unless the HRL Loan is paid in full prior to the end of the Forbearance Term. CCDC plans to repay the HRL Loan in full not later than July 12, 2022.

- 4) As of the date of Application, the Project, or the real property on which the Project is proposed (Property) is not part to or the subject of any claim or action at the State or Federal appellate level.
- 5) I have disclosed and described below any claim or action undertaken which affects or potentially affects the feasibility of the Project.

In addition, I acknowledge that all information in this Application and attachments is public, and may be disclosed by the State.

Cindy Louie	Chief Financial Officer of Chinatown CDC		
Printed Name	Title of Signatory	Signature	Date

Legal Disclosure

For purposes of the following questions, and with the exceptions noted below, the term "applicant" shall include the sponsor(s)/Applicant(s), and any subsidiary of the sponsor(s)/Applicant(s) if the subsidiary is involved in (for example, as a guarantor) or will be benefited by the Application or the Project.

In addition to each of these entities themselves, the term "applicant" shall also include the direct and indirect holders of more than ten percent (10%) of the ownership interests in the entity, as well as the officers, directors, principals and senior executives of the entity if the entity is a corporation, the general and limited partners of the entity if the entity is a partnership, and the members or managers of the entity if the entity is a limited liability company. For Projects using tax-exempt bonds, it shall also include the individual who will be executing the bond purchase agreement.

The following questions must be responded to for each entity and person qualifying as an "applicant," or "joint applicant" as defined above.

Explain all positive responses on a separate sheet and include with this questionnaire in the Application.

Exceptions:

Public entity applicants without an ownership interest in the proposed Project, including but not limited to cities, counties, and joint powers authorities with 100 or more members, are not required to respond to this questionnaire.

Members of the boards of directors of non-profit corporations, including officers of the boards, are also not required to respond. However, chief executive officers (Executive Directors, Chief Executive Officers, Presidents or their equivalent) must respond, as must chief financial officers (Treasurers, Chief Financial Officers, or their equivalent).

Instructions

When opening this file, a yellow banner at the top may appear with a button that says, "Enable Editing", and/or "Enable Macros". It is essential that you click this box(es) so that the macros are enabled. Enabling macros is necessary for full workbook/application functionality.

WARNING: Partial functionality of this application/workbook WILL BE LOST when using Apple Mac Computers. The Department highly recommends using PC Computers and Microsoft Office 2013 or newer to complete the application.

Application materials must be submitted electronically via HCD portal system. Requirements for uploading the Application Workbook and required supporting documentation, including naming conventions, are described in the application instructions available at https://hcd.ca.gov/multifamily-finance-supernofa

Sponsor/Applicant must upload all application materials to HCD portal no later than 4:00 p.m. Pacific Daylight Time on July 12, 2022.

Application must be on the Department's forms and cannot be altered or modified by the Sponsor/Applicant. Excel forms must be in Excel format, not a PDF document.

If the Sponsor/Applicant discover any errors within application, use the Application Support tab and email the entire workbook to

AppSu

AppSupport@hcd.ca.go

Additional instructions and guidance are given throughout the Application in "red" text and in cell comments. Cell Notes/Comments are very important to read as some of these will provide direction on completing your application.

"Yellow" cells

are for Sponsor or Applicant input. It is very important that you answer ALL yellow cells, failure to provide all information may disqualify your application from consideration or may negatively impact your point score.

"Orange" cells

are **required** attachments. Failure to provide the required attachments and documentation may disqualify your application from consideration or may negatively impact your point score. Electronically attached files must use the naming convention in the Application.

"Blue" cells

are self-score points awarded in the "Scoring" worksheet. These are automated calculations based on the inputs provided by the Sponsor/Applicant.

"Red" cells indicate the Sponsor/Applicant has failed to meet a requirement of the program, threshold, scoring, upload, or certification.

<u>Disclosure of Application</u>: Information provided in this Application and attachments will become a public record available for review by the public pursuant to the Public Records Act. As such, any materials provided will be disclosable to any person making a public records request. Please use discretion in providing HCD with information that is not specifically requested, including but not limited to, bank account numbers, personal phone numbers and home addresses. By providing this information to HCD, the Sponsor/Applicant is waiving any claim of confidentiality and consents to the disclosure of all submitted material upon request.

Application Document Checklist

NEW 2022 SuperNOFA App - HPP 8 of 64 Project Overview

MHP §7303.1(j) IIG §202(j)

Sponsor/Applicant acknowledges and certifies that Projects involving new construction, acquisition and substantial Rehabilitation, or conversion of non-residential structures to residential dwelling Units must be physically capable of accommodating broadband service with at least a speed of 25 megabits per second for downloading and 3 megabits per second for uploading (25/3). Internet service and its ongoing fee are not required.

Yes

MHP §7302(b) IIG §100

Sponsor/Applicant certifies that other development funding sources, including all tax credit equity generated by the Project, are insufficient to cover Project development costs?

Yes

MHP §7302(k) IIG §200(g)

Sponsor/Applicant acknowledges that once a Project is awarded Department funds, the Sponsor/Recipient acceptance of these Department funds is acknowledging the Project as submitted and approved by the Department and is the Project that is to be funded and built. Any bifurcation of the Project would make that Award null and void, as the awarded Project is no longer feasible as originally submitted and approved and because the awarded funds are unable to be assumed or assigned.

Yes

MHP §7302(c) IIG §200(c)

Sponsor/Applicant certifies that at the time of the application due date, construction or rehabilitation work has not commenced?

Yes No

Does Sponsor/Applicant plan to complete, or has completed, any emergency repairs to existing structures required to eliminate hazards or threats to health and safety?

al? Yes

MHP Only: Per Health & Safety Code §50675.7(e) Sponsor/Applicant must notify the local legislative body (City Council or County Board of Supervisors), or Tribal governing body if applicable, of the Sponsor's loan/grant application prior to application submission.

Uploaded to HCD Portal?

Describe Developer(s) experience with affordable housing:

Mercy Housing California (Mercy) developed over 50 properties in San Francisco over the past 35 years. These developments' success are a result of strong affordable housing expertise used to innovate and leverage financial structures, construction delivery methods (to reduce cost and increase quality) and service delivery models to make affordable housing more responsive to diverse, vulnerable residents' needs. Mercy develops and operates affordable, service-enriched housing that changes the lives of families, seniors, and people who have been homeless. Mercy works with public and private partners to help keep the most vulnerable in our communities stably housed and prevent homelessness. From construction to community development, Mercy advances innovative solutions to meet the scale and urgency of California's housing crisis.

Add Project description below:

The project is located at 2530 18th Street, adjacent to the existing Homeless Prenatal Program (HPP) and will provide much needed supportive housing for low-income families and those transitioning out of homelessness. Additionally, the building's lowest two floors will include dedicated office space for the Homeless Prenatal Program (HPP), allowing them to expand their existing office, program, and training spaces currently housed next door at 2500 18th Street. The housing component of the project is 72 units and is 100% affordable, up to the 80% AMI level. The project site is located in an existing mixed use neighborhood, two blocks from the closest park and playground, and conveniently located along several bus routes. Approximately 1/2 mile away, along pedestrian friendly streets, are a major grocery store and an elementary school. The existing unoccupied warehouse on the site will be demolished.

IIG Capital Improvement Project - provide related CIP and scope or work.

The scope of the work will include the following actions related to site preparation, streetscaping, site utility costs, and relocation of PG&E transformer room:

- Site Preparation: Excavation, soil stabilization and grading are the key site preparation components in the CIP.
- Streetscaping: Installation of a standard bulbout on the corner of 18th and Hampshire Street that meets the requirements outlined in the San Francisco Better Streets Plan (Planning Code 138.1). The project is responsible for any utility work associated the construction of the bulbout, including potential work related to the relocation of high-pressure fire hydrant shut-off valve if needed. For the bulbout into Hampshire Street, the curb ramp needs to be adequately accommodated on the bulbout curb return and should not inhibit on-street loading. A receiving ramp is likely needed across Hampshire Street.
- · Site Utility Costs: Joint trenches, potable and fire water as well as sanitary sewers are the key elements included in the site utility costs of the CIP.

* Transformer Poom Polocation: The current location of the DCSE switch hav is interfering with tree reads and having and must be relocated underground. The project is

QIP: describe unit mix and tenant population (narrative portion)

The Homeless Prenatal Family Housing project is a 73 unit, new construction project (72 affordable rental units and one manager's unit). One half, or 36 units, are designated for formerly homeless individuals and/or families. 100% of the units will be affordable to tenants at or below 80% of AMI. The project features 34 one-bedroom units, 32 two-bedroom units (includes manager's unit) and 7 three-bedroom units.

Relocation Requirements MHP §7315 IIG §301

The Sponsor/Recipient of a Project resulting in displacement of persons, businesses or farm operations shall be solely responsible for providing the assistance and benefits set forth in this section and in applicable state and federal law and shall agree to indemnify and hold harmless the Department from any liabilities or claims for relocation-related costs.

Does Project trigger State Relocation Assistance Law (Title 1, GC, Division 7, Chapter 16, commencing at Section 7260, and Title 25 CCR, Subchapter 1, Chapter 6, commencing at Section 6000.)?

No

Provide a narrative explanation, in the box below, supporting why relocation is not required. "N/A" or "Vacant Land" is not sufficient.

The building is currently being used as a storage facility by the co-developer. No displacement of persons, businesses or farm operations will take place as part of this development.

Environmental Requirements & Reports

MHP §7303.1(h) IIG §202(h)

Sponsor/Applicant certifies that the Project site is free from severe adverse environmental conditions, such as the presence of toxic waste that is economically infeasible to remove or cannot be mitigated.

Yes N/A

ii environinei	ital miligation is required, are costs sumder	it, pursuant to the environmental reports and included in the Project's Development Bo	uget?	IN/A

Article XXXIV Appendix A - Defined Terms.

Article XXXIV is not applicable to " only IIG Projects".

"Article XXXIV" means Article XXXIV, Section 1 of the California Constitution. This constitutional provision requires local voter approval before a state public body can develop, construct, or acquire a low-rent housing Project in any manner.

Sponsor/Applicant shall provide an Article XXXIV legal opinion or evidence of Article XXXIV authority allocated pursuant to the Notice of Funding Availability.

File Name:	43. Article XXXIV Legal Opinion	Legal opinion regarding Article XXXIV, prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	N/A
File Name:	44. Article XXXIV Authority	Documentation of Article XXXIV Authority prepared in accordance with NOFA Section VI.	Uploaded to HCD Portal?	Yes

Tenant Selection, Recertification, and Rental Agreement and Grievance Procedures UMR §8305, §8306, and §8307

Sponsor/Applicant certifies that the Project will comply with the requirements of UMR §8305, §8306, and §8307 as applicable?

Yes

Nondiscrimination and Fair Housing Requirements MHP §7314(a) IIG §300(a)

Recipients/Sponsors shall adopt a written non-discrimination policy. Sponsor/Recipient certifies to comply with all applicable state and federal law, including, without limitation, the requirements of Title VI of the Civil Rights Act of 1964 (42 USC Section 2000d et seq.); the Americans with Disabilities Act of 1990; the Fair Housing Act; the Fair Housing Amendments Act of 1988; the California Fair Employment and Housing Act; the Unruh Civil Rights Act; GC Section 11135; Rehabilitation Act of 1973 Section 504; and all regulations promulgated pursuant to those statutes (including 24 CFR Part 100, 24 CFR Part 8, and 28 CFR Part 35)?

Yes

Americans with Disabilities Act and Physical Accessibility Requirements MHP §7314(b) IIG §300(b)

All developments shall adhere to the accessibility requirements set forth in: (i) California Building Code Chapters 11A and 11B; (ii) the federal Fair Housing Act (42 U.S.C. § 3601 et seq.) and its regulations at 24 Code of Federal Regulations part 100 (particularly 24 C.F.R. Section 100.205), and its design and construction requirements, including ANSI A117.1-1986, and the Fair Housing Accessibility Guidelines, March 6, 1991, in conjunction with the Supplement to Notice of Fair Housing Accessibility Guidelines; Questions and Answers About the Guidelines, June 28, 1994; and (iii) the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.) and its Title II and Title III regulations at 28 Code of Federal Regulations parts 35 and 36; and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) and the implementing HUD regulations at 24 Code of Federal Regulations part 8. In addition, developments shall adhere to either the Uniform Federal Accessibility Standard (UFAS) (24 C.F.R. Section 8.32), or HUD's Alternative Accessibility Standard. In addition, the Sponsor shall ensure that the Project meets the following requirements:

Sponsor/Recipient certifies to ensure compliance with all applicable state and federal building codes and accessibility laws and standards?

Yes

Sponsor/Recipient certifies that where applicable, Sponsors shall ensure individuals are not denied assistance, evicted, or have their assistance terminated because of their status as survivors of domestic violence, dating violence, sexual assault, or stalking, or for being affiliated with a victim, pursuant to §34 USC Section 12491.

Yes

Pet Friendly Housing Act of 2017 MHP §7314(d) IIG §300(d)

Sponsor/Recipient certifies to authorize residents of the housing development to own or otherwise maintain one or more common household pets pursuant to the Pet Friendly Housing Act of 2017 (HSC Section 50466).

Yes

California State Prevailing Wage Law MHP §7314(e) IIG §300(e)

Sponsor/Recipient certifies that the Project will comply with California's prevailing wage law (Lab. Code, Section 1720 et seq.)? The Sponsor should seek professional legal advice about the law's requirements.

Yes

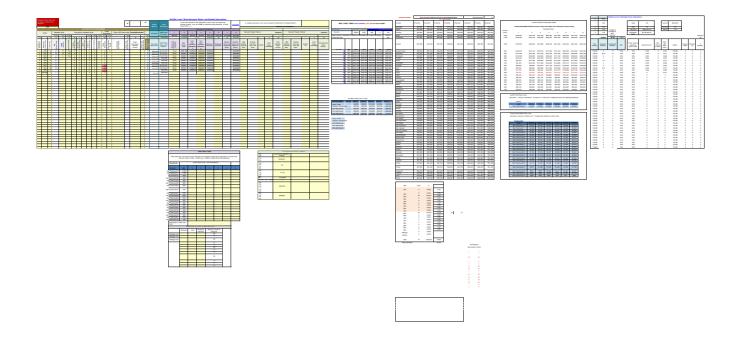

For the purposes of California's prevailing wage law (Lab. Code, Section 1720 et seq.), an IIG Capital Improvement Project shall be considered a public work that is paid for in whole or in part out of public funds. As such, it is subject to California's prevailing wage law. Program funding of a Capital Improvement Project shall not necessarily, in and of itself, be considered public funding of a Qualifying Infill Project unless such funding is considered public funding under California's prevailing wage law.

Although the use of Program funds does not require compliance with the federal Davis-Bacon Act, other funding sources may require compliance with the federal Davis-Bacon Act.

File Name:	74. Op Exp Compare	Submit at least 3 operating expense comparables for similar projects located in the same market area. Projects should be affordable housing projects similar in size, type, amenities, and population to the proposed project. One comparable may be submitted for a 100% market rate Project if unable to locate affordable housing comparables. The most recent two years audited statements for each comparable is preferred, if available. Additional information may be required.	Uploaded to HCD Portal?	Yes

Supportive Services Costs - HCD 2017 UMR Limits (for projects with HCD funding)

HCD UMR §8301(t): "Supportive Services" - social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits.

HCD UMR §8301(u): "Supportive Services Costs" - the costs of providing tenants service coordination, case management, and direct resident and Supportive Services. It includes: (1) the cost of providing tenants with information on and referral to social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits; (2) salaries, benefits, contracted services, telecommunication expenses, travel costs, supplies, office expenses, staff training, maintenance of on-site equipment used in services programs, such as computer labs, incidental costs related to resident events, and other similar costs approved by the Department.

A. Supportive Services Units:	Total number of Units:	73	Maximum cost baseline year:	2022	Total Units	Max PUPY Expense	Max Costs
(1) UMR §8314(e)(1): Total number of Supportive Housing (SH) Units anticipated to be restricted to individuals or families experiencing chronic homelessness as defined consistent with Health and Safety Code (HSC) §50675.14.							\$166,212
(2) UMR §8314(e)(2): Total number of Supportive Housing (SH) Units (other than those restricted to individuals or families experiencing chronic homelessness pursuant to HSC §50675.14), PLUS the total number of Units restricted to occupancy by Special Needs Populations (SNP)* under any HCD program. See Appendix A – Defined Terms Do not include Units included in (1) above.					0	\$3,461	\$0
(3) UMR §8314(e)(3): Total number of Units where the Sponsor, their affiliate, or a service provider under contract to provide Supportive Services at the Project has both: (A) qualified staff devoted exclusively to oversight and quality control of resident services in affordable housing, including the Project; and (B) a system to track and report on tenant outcomes, such as changes in employment status and income. Do not include Units included in items (1) and (2) above.				0	\$1,189	\$0	
(4) UMR §8314(e)(4): Total number of Units anticipated to be offered Supportive Services provided by the Project Sponsor, a Sponsor affiliate, or contracted service provider that do not satisfy the criteria in items (1), (2) and (3) above.				0	\$283	\$0	
(5) Maximum Supportive Services Costs			36		\$166,212		

HCD Reserve Requirements

	Totals \$0					\$0
			UMR Required Operating Re	eserve Amount:	\$185,827	\$247,770

If Reserve amounts are different than the required amount, enter Reserve amounts and how they are calculated below:

Transition Reserve Calculator

	a) Does the Project propose use of Project-based rental assistance?	No				
	b) Subsidy Initial Contract Term: (enter in years)					
	c) Go to Cash Flow and remove the subsidy income the year after the subsidy contract ends, enter the amount of Cash Flow after all debt service: example: subsidy initial term is 15 years remove the subsidy income in Cash Flow tab from year 16 (if non-renewable two year requirement would be year 16 & 17) cell BE8 and/or BE9, enter what the income is from cell BE60. If negative enter as a negative number.					
1	d) Do any of the permanent development sources have loan terms that end at the same time or before the subsidies initial term?					
	e) Complete if box is yellow, add back the amount of annual debt service for the loan(s) that is ending: (Cash Flow rows 43-56) example: 1st mortgage loan term is 15 years, subsidy is also 15 years use amount in cell BE43. Do not include Balloon Payments .					
	Total Transition Reserve Required: (c + e = Amount of negative Cash Flow, if Cash Flow is positive transition reserve is not required \$0 will show)	\$0				
	Minimum amount of Transition Reserve that should be Capitalized based on 2% simple interest discount over term of contract. (Higher amount in Al38 is acceptable) AJ44 ÷ Sum of (AJ40 x 2%) + 1	\$0				
	If any part of the Transition Reserve is funded from Cash Flow:					
2	Enter amount capitalized in "Dev Budget SU": (Cell D80)					
2	Enter how many years you are using Cash Flow to fund the reserve:					
	Minimum annual amount that should be in Cash Flow: (Sum of (AJ44 - AJ47) ÷ AJ48)	\$0				

Comments

Note: If Reserve amounts proposed in the Development or Operating Budget are different than the MHP required amount, explain why (i.e., other lender requirement) and show calculation method(s) below:

Part I. Tenant Selection Narrative

This section asks for a detailed description of your tenant selection process. Using the titled sections below, your narrative should be as specific as possible, delineating the roles of property management and the Lead Service Provider and how these functions will be coordinated. Your description should clearly and conclusively document processes to ensure tenant selection and Housing First Practices.

Section 1: Tenant Selection Criteria

- 1. Target Tenant Population and Eligibility Criteria
- a. Do you use Housing First Practices?

Yes

b. Describe the criteria that will be used to ensure that applicants are eligible to occupy the units targeting the populations as identified above using a Housing First Approach. This should include the criteria relating to the applicant's income eligibility, homeless status (SNP Chronic Homeless, SNP Homeless or at risk of becoming homeless, or other SNP), and disability.

Applicants for MHP units at Homeless Prenatal Family Housing will be processed according to reasonable selection criteria, as in accordance with the provisions of 25 CCR Section 8305. The tenant selection criteria shall include priority status under a local coordinated access (aka the Coordinated Entry System, or CES) system developed pursuant to 24 CFR 478.7(a)(8). Applicants will be pulled from the local CES to ensure priority is given to the most vulnerable and high-acuity homeless persons within the region. San Francisco's Coordinated Entry System (CES) utilizes a standardized screening and prioritization process to assess and link to housing resources. This process strongly enforces Housing First

c. List specific applicants' credit history, criminal record, rental history, substance use, and similar screening criteria that will result in application rejection as well as those specific criteria that may result in rejection and the relevant conditions that would convert a "may reject" into a "will reject". Note: Property Management Plans or Tenant Selection Plans will be reviewed for consistency with the above answers.

As the property is placing households designated as formerly homeless/ permanent supportive housing, all placements will be done through the coordinated entry program for the City and County of San Francisco. The sponsor shall have no direct input on the placement of these units and wil not reject applicants based on credit history, criminal record, rental history, substance use, and similar screening criteria that will result in application rejection.

d. Describe any additional eligibility criteria other than those indicated above, i.e., information needed to determine if applicant can comply with lease terms. Note: Selection criteria designed to assess anything other than the ability to comply with lease terms generally run afoul of fair housing laws designed to protect equal access to housing for people with disabilities.

See Between the Lines, A Question and Answer Guide on Legal Issues in Supportive Housing Chapter 4

There are no eligibility criteria other than what is spelled out in the response to the questions above. However, the units will likely make use of HUD rental housing subsidies, which have requirements that are not tied into the deed restrictions and may change over time based on federal guidance. Our philosophy is of voluntary participation in supportive services, and so while staff will do whatever it reasonably takes to ensure housing stabilization and wellness, tenants will be met where they are at. Strategies such as progressive engagement and critical time intervention, will be used to encourage new tenants to move towards supportive services. Staff will work with tenants to support their housing retention.

e. List the tenant disclosures you provide to applicants/tenants. Example: Megan's Law disclosures

Our property management company, Mercy Housing Management Group, provides Megan's law disclosures

f. How you will use the local Coordinated Entry System (CES) for selecting tenants? If the local Coordinated Entry System is not yet operational, describe your plan to use it for tenant selection when it is established. In your response, include the name and contact information for your system contact person.

HPP's CES pilot proposal originates from its direct experience with CES in family buildings, as well as the direct experience serving homeless families of its development partner, Mercy Housing. It is the shared experience that the complexity families bring to their living situations – i.e., the highly varied and diverse social, medical, educational, and economic needs presented within just one household – make the relatively rigid CES classification system an imperfect fit when trying to lease up an entire building at once. Furthermore, many families that need support are unfortunately excluded by the system. HPP and Mercy believe that the specific system modifications recommended below will help provide a much stronger

2. Marketing/Outreach

a. Describe marketing/outreach efforts to publicize to potential tenants

Six months prior to construction completion Mercy Housing Management Group will work with Homeless Prenatal Program, to create a comprehensive list of all application materials to provide to a list of qualified services agencies including emergency shelters, safe havens, drop-in centers and street outreach programs frequented by vulnerable persons experiencing homelessness. This will enable clients of these agencies to anticipate and positively address issues such as providing identifications, and addressing credit reports and criminal background issues, and other applicable supportive documentation needed to complete the application process.

b. If your tenants will include minor children and / or adult dependents, describe the specific marketing outreach that will be used to publicize unit availability.

c. For units restricted to Special Need Populations (SNP), describe your plan to pri		E !!							
The CES prioritizes highly vulnerable households according to a standardized scre criteria that will be approved by all funders, when marketing begins, we will first rea									
the tenant selection criteria outlined in the question above. As part of CES, HSH m									
opportunities throughout the County.									
3. Characteristics of SNP									
Please confirm compliance by checking all of the characteristics that apply to the characteristics are confirmed by the characteristics.	e units in your Project:								
Tenant holds a lease in his/her name and is responsible for paying rent?	Yes								
Tenant has his/her own room or apt. and is individually responsible for selecting a tenancy?	roommate in any shared Yes								
Tenant may stay as long as he/she pays his/her share of rent and complies with the	e terms of his/her lease?								
Unit is subject to applicable state and federal landlord tenant laws?	Yes								
Participation in services or any particular service shall not be required as a condition	on of tenancy? Yes								
 Typically, all the characteristics listed above must be present in order for the Pre characteristic. 	oject to be eligible as SH and SNP. Please explain mitigating circu	umstances for any missing

Section 2: Best Practices in Service Delivery

1. Fully describe HOW the practices listed below will be utilized in your service delivery model. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training will occur. Note: Do not simply state definitions of these practices.

Describe benefits counseling and advocacy, including assistance in accessing SSI/SSP, enrolling in Medi-Cal:

Staff are trained how to assist clients to access all public benefits, both SSI and local programs such as General Relief. To assist participants in enrolling in SSI, Case Managers will utilize the SOAR method to link residents to SSI and other benefit programs. Case management staff will assist clients to apply for General Relief, and may accompany them to apply in person. Once they are receiving this benefit, Case Managers with support in applying and transitioning to SSI.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe Critical Time Intervention:

Using a multidisciplinary team approach, staff increase the frequency of contact with participants in the days and weeks immediately following placement in permanent housing. Aware that this time can be a difficult adjustment which could result in loss of housing, all staff are highly supportive to clients and work to address their needs.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe Trauma-Informed Care Strategies:

Staff are trained on service delivery keeping in mind the impact of trauma on an individuals' life and life choices. The framework used to deliver services utilizes the six key principles of a trauma informed approach in combination with housing first. Office space is designed to be welcoming, warm, and egalitarian. Staff is conscious of their language and body posture to allow residents to feel safe and empowered to make their own choices. Discussion of the prevalence of trauma on the general population, and in particular for individuals who have experienced homelessness, occur during case conferences and supervision so that all interventions consider how trauma might be impacting the thoughts, feelings, and behaviors of

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal

Describe Motivational Interviewing:

All services staff are assessed at hire for experience with motivational interviewing and they are provided training at hire and annually thereafter. Motivational interviewing is used regularly to help residents identify their strengths and support them to make positive changes and achieve their goals. It is also a tool used to address issues that may jeopardize a resident's housing

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through

Describe Voluntary "Moving On" assistance, and when community resources (e.g., tenant-based vouchers) are available, to support current tenants to move from the Project into other permanent housing when that housing may be better suited to their needs:

Staff follow set guidelines in supporting tenants' desires for an application to change their project based voucher to a tenant based voucher and exit the project. These guidelines set the clear expectation that to do so, the client must be in good standing with the property manager for one ear, be actively participating in case management, and have demonstrated the ability to establish connections with community resources.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during supervision

Describe Peer Support (include length of time Peer Support program used, if applicable):

Peer advocates will be utilized to help residents adjust to life in their new housing program. Case management staff are trained in the availability of this service, and will make referrals and linkages to external resources as needed.

Describe periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

Case management staff are trained in the availability of this service, and will make referrals and linkages to external resources as needed.

2. Fully describe the policies and procedures of the following. Include a description of initial and periodic training plans including who will be trained, type of training, cost and how often training occurs

Describe case conferencing:

Case conferencing happens on weekly at each project, to assist staff to develop solutions to barriers and to support each other when servicing the same individuals. This allows more experienced staff to assist newer staff and helps ensure that best practices are being implemented consistently. Case conferences are opportunities for the Resident Services Manager to provide advice or instruction, or to target spending time with a client themselves.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe how the Sponsor's and LSP's Program philosophy, values, and principles is communicated to applicants for tenancy and tenants:

Mercy Housing is defined by its mission to create stable, vibrant, and healthy communities by developing, financing, and operating affordable, program-enriched housing for families, seniors, and people with special needs who lack the economic resources to access quality, safe housing opportunities. Homeless Prenatal Program is driven by its mission to break the cycle of childhood poverty. Missions are covered during the staff orientation they recieve when they are hired.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This training is led by a respective qualified Mercy Housing staff person, Homeless Prenatal Program staff member or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe policies for rent due by residents during periods of hospitalization:

To ensure that housing retention is not disrupted during periods of hospitalization, case managers are trained to access budgeted client supportive services funds to ensure there is no gap in on-time rental payment. Case managers are trained to collaborate and advocate with property management. This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe policy and procedures for: 1) resident privacy, and 2) confidentiality, including the use of Releases of Information:

Staff follow strict policies and procedures, as outlined below, on resident privacy and confidentiality. This is to remain in compliance with the law, but most importantly to respect our residents.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

All staff are trained in and agree to these policies before having access to residents or any protected health information. This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe appropriate coordination between property management and the lead service provider to support Housing First tenant selection and tenant retention and staff/resident safety, e.g., regular communication, cross-training, standing meeting time and agenda items:

Services Staff communicate frequently with Property Management staff as needed. At time of engagement into services at the property, they will have tenants sign reciprocal releases of information enabling Case Management, Property Management and Residential Services Staff to communicate. Diagnoses are never shared with property management. The release of information allows communication amongst property management and supportive services to discuss and address behaviors of the tenant that may be affecting their tenancy. Services Staff who know the tenant best will propose a course of action that will take place to reconcile the adverse tenant behavior. Property Management works with the residential service

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs.

Services staff is trained on how to properly communicate with property management in a way to address the behaviors of a tenant and to keep the privacy and confidentiality of the tenant secure. For example, services staff might be aware of underlying causes of behavioral issues that put housing retention at risk, and thereby support management in determining which tools available to the management agent would be best to bring to bear in any given circumstance, but without disclosing information as pertains to disability status.

Describe how applicants and residents are made aware of the reasonable accommodations procedure, and assisted with such requests:

Staff inform residents of the ability to make reasonable accommodations and assist them to do so during the lease-up tenant screening process. Case managers proactively make each resident aware of their rights before and immediately after they move in, and advocate for them with property management. Th

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe process for receiving and resolving tenant grievances:

Mercy Housing uses a standard for to ensure that staff document initial receipt of the grievance and client receipt of the response. Flexibility is provided to allow clients to write the grievance on another paper of their choice. The standard for is used regardless of clearly document receipt and response. Case managers are instructed to clearly communicate the availability of grievance forms, which are placed in public locations so residents do not need to request one from staff. The goal is to ensure that residents feel free to submit grievances and also are aware they have other channels for more routine concerns.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe appropriate responses to tenant crises:

Staff are trained in how to de-escalate tenant crises in their body language and communication, including how to escape a situation if necessary. The goal is always a de-escalation of the situation for the safety of all involved. Staff work to build trust when there is no crisis in order to reduce the frequency of crises and to communicate more effectively during them.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe retention of tenants regardless of their use of substances:

As an agency committed to housing the most vulnerable from a Harm Reduction and Housing First perspective, abstaining from substance use is not required to receive services. Staff are trained to assist residents to address the negative consequences of such use or those which would negatively impact their tenancy, utilizing motivational interviewing and other clinical methods as well as linkages to substance abuse treatment. Staff proactively reach out to residents in order to support them in this area.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. In addition, the new employee orientation covers core elements like HIPAA, trauma-informed care, harm reduction, boundaries, and others, ensuring that all of the most critical topics are covered twice. During supervision meetings, case managers are periodically refreshed on these topics or given more in-depth training as new topics arise. Additional trainings may be accessed through the online learning portal.

Describe cultural competency:

Staff are required to have cultural competency in mind for all interactions with residents, as a way to build connections and to avoid offense or breaking trust. Staff are trained in particular issues their clients may face as a result of their race, gender, disability, language or LGBTQ status.

Describe initial and periodic training plans associated with the above item including who will be trained, the type of training, cost, and how often training occurs:

This topic is covered during the staff orientation they receive when they are hired. This training is led by a qualified Mercy Housing staff person or a 3rd party trainer. Additional trainings may be accessed through the online learning portal.

Part III. Supportive Services Detail

Section 1: Supportive Services Chart

Required Services: List and describe all required services to be provided to tenants, including all service needs of the targeted populations as listed above. The chart must include each of the services listed. Please be sure that the services listed address all the service needs of all the target populations as listed above. Attach the agreement or commitment letter for each of the minimum services listed. If the tenant will be referred to another agency for a service, attach an agreement or commitment letter from the agency that will be providing the service directly.

Resident Service	Service Description	Service Provider(s)	Relationship to Sponsor	Agreement	Off-site Service Location
List each service separately	Describe service, including the frequency.	Provider's Name	Sponsor, separate division of Sponsor's organization, or a Project Partner	If service will be provided by a non- Sponsor entity, indicate type of agreement under which service will be provided.	If service is on-site, leave blank. Enter distance, in miles, to of site service and resident commuting plan.
Case management with individual service plans	Case managers make contact with their clients no fewer than three times per month, more frequently immediately after move in or as issues arise. The case manager will schedule voluntary activities for residents, as well as provide one-on-one case management for residents. They will help each resident to develop a personalized plan for greater independence and self-	Homeless Prenatal Program	Project Partner	Commitment Letter	
Benefits counseling and advocacy: -SSI/SDI -MediCal -CalWORKs -VA compensation	Case Managers will help residents access mainstream resources and government entitlement programs such as social security, SSI/Disability, Medi-Cal, Medicare, food assistance, veterans' services, mental health care, health care, substance abuse recovery, education and employment, low income utility assistance, local government programs, and others. Section 2: Supportive Services Coordination

1. Describe the accessibility of community services to which you propose linkages, whether they are on-site or in close proximity to the Project, including the hours they are available, and the frequency, travel time and cost to the tenant for transportation required to access the services to include both public transportation and private transportation services (e.g. van owned by the provider). Provide documentation, in the form of Memorandum of Understanding, Memorandum of Agreement, letters of support or contracts demonstrating who will be responsible for ensuring access to services and how accessibility will be accomplished if not already included in agreement provided for service provision.

Services and programming will be delivered onsite, and be available to all residents. Office hours will be available for residents, with programming usually being held Monday-friday, between 9:00am-5.00pm. Hours may be adjusted according to the needs of the community. All services will be provided as needed and on an ongoing basis. Frequent opportunities for service provider contact with residents will support residents in their transition from homelessness to housing stability. All new PSH residents will be offered an intake meeting to assess their needs and set family goals as as requested by resident. Each staff will work on the family standard business hours of 8.30am-5.30pm, and be available 40 hours/week in the housing community. To assess the community to assess the provider community to assess the provider community to assess the provider community. To assess the provider community to assess the provider community to assess the provider contact with a provider contact with a provider contact with the provider

Services and Property Management teams will be trained in permanet supportive housing best practices that will include the following: trauma-informed care, cultural humilty and sensitivity, REDI, and Fair Housing best practices.

Section 3: Verification from Appropriate Public or Non-profit Funding Agency

All applications shall include a verification from an appropriate funding entity (either public or non-profit) knowledgeable about the supportive service needs of the targeted population, indicating that the proposed services are appropriate to meet the needs of the targeted SH and SN population(s). The verification shall endorse the primary service provider as a known provider of support services to the target population the sponsor is proposing to serve. The Project Sponsor and/or Service Provider are not eligible to provide the Funding Agency Verification.

Please use the attached Supportive Service Verification form from the Appropriate Public or Non-Profit Agency. Please submit one verification for each target population. If appropriate, a single funder may provide a verification for multiple populations (i.e. a County Department of Health Services could provide a verification for a Project serving individuals with HIV/AIDS, Chronic Substance Abuse and Other Chronic Health Conditions). Please be sure to indicate on the verification form the target populations to which each verification applies.

Part IV. Tenant Safety And Engagement

Section 1: Tenant Engagement

1. Describe your strategies to engage residents in services, including when outreach will occur and the methods that will be used, e.g., outreach to applicants and residents, peer engagement, flyers.

Resident Services Coordinator and other staff will work to keep all residents of the project informed on upcoming workshops, programs, and events. In addition to marketing these offerings in all common spaces and passing out flyers, staff can also extend a personal invite to each resident to encourage participation. When a resident first moves in to the project, they will also complete an intake assessment which solicits their suggestions on programming that would be interesting or helpful to them. This assessment also collects several methods of contacting the resident, which is then used for invitations and reminders of events. The residents will also be directly invited to events and services during individual meetings with the

 $2. \ Describe \ your \ strategies \ to \ engage \ residents \ in \ social \ interaction \ and \ community \ involvement \ within \ the \ Project.$

The creation of an individualized service plan (ISP) is a collaborative process, with Resident Service Coordinator assisting clients to develop their own goals from a strengths-based perspective. At intake, during meetings, at annual surveys, and through comment cards, residents may express needs and suggest new services or programs. Staff proactively ask for what participants would like to see, and supervisors have a track record of successfully implementing changes based on participant desires

3. Describe your strategies to engage residents to participate in building operations.

Services are designed to be inclusive of diverse populations with multiple strengths and challenges. While services are voluntary to participate in, they are designed to be engaging and available in a variety of ways. Residents may participate in individual meetings with Services, in groups or activities, or on a larger scale as part of a resident advisory council. Residents can provide feedback via an anonymous suggestion box, during meetings with Services or management, through surveys, or during community meetings.

4. Describe your strategies to engage residents in planning and delivery of individual and group resident services.

The creation of an individualized service plan (ISP) is a collaborative process, with Resident Service Coordinator assisting clients to develop their own goals from a strengths-based perspective. At intake, during meetings, at annual surveys, and through comment cards, residents may express needs and suggest new services or programs. Staff proactively ask for what participants would like to see, and supervisors have a track record of successfully implementing changes based on participant desires.

5. Describe how the physical building space supports social interaction and the provision of services.

The physical building space supports social interaction and provision of services through dedicated common areas and private meeting spaces for one-on-one service delivery. The building has a community room, which will be used for resident community meetings, gatherings and classes and events. In addition there is dedicated Resident Services and case management offices. Also, there is a smaller multi-use room to allow for smaller group meetings, classes and gatherings.

6. If you plan to conduct tenant satisfaction surveys, describe how they will be conducted, including the frequency, the types of questions asked, how they will be reviewed, and how the results will be used to improve building operations and service delivery.

A survey is conducted annually in accordance with Mercy Housing's best practices in permanent supportive housing. Questions include whether participants feel that: they are safe, are treated respectfully, are improving in health and well-being, they have access to neighborhood amenities, staff are responsive, all are treated equally, and if they would recommend the building to others. Resident Service Coordinator will ask client to fill out this survey during meetings. Surveys will be made available for pick up at office, and a drop box to put completed surveys will be easily assessable at office site. All Surveys will be confidential, however, clients can request staff assistance. Mercy Housings resident services department will review

7. Describe your strategies to engage residents in services, services planning/operations, and in building community and facility operations. Also indicate how those with disabilities will be connected to the community within the building.

Mercy Housing engages residents on a regular basis. Monthly community meetings are utilized to update residents on opportunities in the building available to them as well as solicit feedback from residents. In addition to the case managers, there will be a resident service coordinator assigned to the property as well. The RSC's focus will be on community building and activities to engage the residents. Mercy Housing has a comprehensive program model for seniors which includes an emphasis on health and wellness. Evidence based programs are utilized to help residents age in place, reduce falls, and improve their quality of life. All residents, regardless of their disability status will have regular contact from the service staff,

Section 2: Safety and Security

1. Summarize your written policies and procedures on privacy and confidentiality of residents.

All staff must comply with HIPAA's codes of conduct. Access to PHI, as well as how it is transported or retained/destroyed, is carefully controlled and monitored by program managers and supervisory staff. All paper files are stored in a locked cabinet in a locked room, accessible only to a limited number of authorized staff, who assist non-authorized staff in need of a chart All employees, whether permanent, temporary, part-time, or any other, shall be held personally accountable for their actions or negligence in ensuring the confidentiality, integrity, and availability of client records and data. Mercy Housing shall cultivate and maintain a high level of employee awareness of the importance of data security. Policies protecting PHI are

2. Summarize your written policies and procedures on sign in/out procedures, fire/safety drills, posted local contacts in case of emergency.

Residents are not required to sign in or out - only their visitors will be required to do so. Property Management staff will host regular fire and safety drills so tenants can be prepared in case of an emergency and know where to meet or who to call. Names and phone numbers of the on-call on-site staff will be posted as well as those that can be reached in case of emergency along with 9-1-1 information.

3. Describe your building design safety features for ensuring resident and staff safety (include lighting, entrance/exits, locked doors, common area locations).

There will be sufficient lighting including motion sensor lighting throughout the property. There will also be security cameras. All entrances/exits/doors are secured with fob or key system.

-Policy and procedure on sign in/out: Each resident must escort the visitor in/out of the property. Every visitor must sign in/out at the front desk,

-Eire/Safety drills are conducted on an annual basis

Summarize your written policies and procedures on ensuring staff safety.

In all cases, staff are directed to de-escalate the situation and work to ensure the safety of all involved. Staff are directed to always document what took place and to inform their supervisor. When witnessing ongoing violence, staff must move to a safe distance and then call 911. When threats are made to staff, they are only to call 911 if the threat is imminent, but otherwise to consult with their supervisor. For psychiatric emergencies, staff are to ask if they have thoughts of harming themselves or others, and then to determine their plan and intent. They then will stay with the client, and contacting their supervisor or 911 if the threat is immediate. They then pursue voluntary hospitalization, an involuntary hold, or safety

Summarize your written policies for addressing violations of resident/staff safety by residents or staff.

When we receive violations of residents, management staff would investigate and determine if the incident is a violation of the house rules/lease. If it is, we would then issue a violation letter to the resident and engage with resident services on reaching out to residents and resolve the violations. If this is a serious life and safety matter, staff will contact law enforcement "When we receive violations of staff, the immediate supervisor would investigate if the incident is a violation. If it is, the immediate supervisor would engage with the Regional Director of Resident Services and Human Resources Business Partner on taking needed actions such as dismissal of work, leave of absence or separation of employment depending on the

6. Describe your guest/visitor policy for residents

Over Night Guests - Overnight guests are permitted provided that the resident complies with the visitor policy as outlined below:

- a. Overnight guests staying longer than one night must be approved by management
- b. The total cumulative number of allowable overnight visits is normally eight (8) non-consecutive days per month; any request for overnight visits in excess of eight (8) nights per month must be approved by the management on a case by case basis.
- 7. Summarize your written policies for coordination with property management for resolution of tenant issue.

This process is aided since both sets of staff are located in the same building. Services Staff communicate frequently with Property Management staff as needed. At time of engagement into services at the property, they will have tenants sign reciprocal releases of information enabling Case Management, Property Management and Residential Services Staff to communicate.

Part V. Staffing

Section 1: Staffing Chart

1. List all staff positions that will provide services to the tenants of the target populations listed above. Include Sponsor or LSP staff positions, and any staff positions of partnering organizations who have committed time to the Project. Include your services coordination staff. For each position, list the position title, minimum requirements, the full-time equivalent (FTE), the organization under which the position resides, and the location of the position (on-site or off-site). Attach a copy of each positions duty statement.

Note: All staff positions listed here must be reflected in the Supportive Services Budget. Be sure to indicate which staff position will be responsible for Homeless Management Information System data entry. If the cost of supportive service position is included as part of the Project's operating budget and the position will serve SH and SNP units, that position must be included in this chart

Title	Minimum	requirements	Total FTE:	0.4	Total FTE:	2.4	Employing Organization	Location

		ng Chart. Describe how the services staff wild will support coordinaton of all services role						dition to these

Mercy Housing California will be Lead Service provider and will support coordinaton of all services roles. HPP will staff the program with two Case Manager positions. In addition to these full time positions, additional administrative and clinical support will be provided by HPP.

HPP Case Manager: This position will provide ongoing psychosocial assessments, supportive counseling, and individualized wrap-around case management services; provide access

Section 2: Staffing Ratios

1. Indicate the overall services staffing level for your Project by completing the calculation below.

a.	Total Project Units (not including managers)	72
b.	Total FTE Service Staff from the Staffing Chart (cells V243-V252)	2.40
C.	Number of units per FTE Staff Person (a+b)	30.00

2. Complete Case Manager Staffing Ratio chart. Include all case management staff from staffing & budget forms. Do not include administrative, supervisorial or other direct service positions.

	Population Type	SH Chronic Homeless	SNP Homeless with Disability	SNP Other				
	Maximum Case Mgr. Ratio	1:20	1:25	1:40				
SH Chro	onic Homeless Case Manager Staffing Ratio							
a.	Total units for SNP Chronic Homeless			35.00				
b.	Total case manager FTE devoted to tenants							
c.	Number of units per case manager FTE (a+b)							
SNP Ho	meless with Disability Case Manager Staffing Ratio							
d.	Total units for SNP Homeless with Disability per §730	01(z)		0.00				
e.	Total case manager FTE devoted to tenants			2.00				
f.	Number units per case manager FTE (e÷f)			0.00				
SNP Ot	ner Case Manager Staffing Ratio							
g.	Total units for SNP Other per §7301(z)			0.00				
h.	Total case manager FTE devoted to tenants			2.00				
i.	Number of units per case manager FTE (g÷h)			0.00				

Part VI. Supportive Services Budget

Section 1: Supportive Services Budget and Cost Per Unit Table

In the table below, provide a line item breakdown for all costs associated to Supportive Services for the entire project. This should include income, expenses, staff, and in-kind services. A funding source should be identified for all costs, if available, showing as committed or non-committed sources of funding. Total SS expenses cannot be greater than income and external

Supportive services expenses included as part of the Project's Operating Budget (as documented in the MHP Application) must be included in this Supportive Services Budget below. These funds should be equal to or less than the maximum allowable amount identified in the Supportive Services Cost calculator (S2-Supportive Service Costs tab). Additionally, these funds must be listed as "Project Operations" in the Income Source column and as "Not Committed" in the Status column.

Income Source/Program Name			Amount	Туре	Status	% of Total Budget
Operating Budget			\$73,990	Cash	Intend to Fund or Provide	26.48%

Supportive Services Cost Per Unit: Permanent supportive housing best practice suggests a range between \$5,000 - \$10,000 annually in services per household, depending upon the intensity of the needs of the target population. Complete the following calculation about supportive services cost per unit for your Project. If your supportive services cost per unit, as calculated below, differ from industry practice, provide a narrative explanation. The Project must meet/address the industry standard.

Supportive Services Expense Per Unit Calculation

Total Overall Units

a.	Total overall SNP units	36					
b.	Total supportive service expenses	\$279,406					
C.	Total Supportive Service Expenses per unit (b÷a)	\$7,761					
Total MHP Assisted Units							

	d.	Total MHP Assisted SNP units	36
	e.	Percentage of MHP SNP Assisted units (d÷a)	100.00%
Ī	f.	Total Estimated costs attributed to MHP SNP assisted units (b*e)	\$279,406

Section 2: Budget Narrative and Funding Commitments

1. Describe how budgeted amounts are adequate to provide services described in Supportive Services Plan and in Services Staffing Table:

Budget above is based on providing services for 36 formerly homeless households at on-site as well as at HPP offices one block away from the project.. HPP and Mercy currently have case managers employed in its Supportive Housing Program, so the salaries budgeted are similar to what other staff salaries in similar positions are projected to be at the time of the project. HPP and Mercy also have supervisors on staff within the Supportive Housing Program and many more within the organization, so the salary in the budget corresponds with what this salary is projected to be at the time of the project. HPP Supportive Housing Program already has a Data Coordinator on staff, so this is also this employee's projected salary at the time of the project. As LifeLong has many other permanent supportive housing sites of varying sizes, the budgeted amounts for office supplies, client flexible spending, phones, and other operating expenses are predicted based on average amounts spent at sites of similar size

- 2. Document committed funds with letter from committing agency that includes the following. Documented services/funding must appear in Supportive Services Budget Table.
- a) Project name; b) Description of services to be funded or provided; c) Dollar value of funds or in-kind services. If cash is provided, state funding source; d) Funding term or service provision; e) A description and history of agency/organization providing funding or services.

File Name:	91. SS Fund Ltr1, SS Fund Ltr2, SS Fund Ltr3, etc	Services funding commitment letters; Include: Project name; description of services; dollar value of funds or in-kind services; If cash is provided, state funding source; funding term; description & history of agency/org. providing funding or services.	Uploaded to HCD Portal?	Yes
------------	--	--	-------------------------	-----

3. Describe your experience filling major services funding gaps in similar housing. If you haven't experienced any service gaps, then write Not Applicable.

All funding represented above have been committed. Any services gaps remaining beyond all commitments may be filled through the Continuum of Care and its numerous communit
providers that can be made available via referral form the Lead Coordinated Entry Agency to tenants.

4. Describe in specific terms the plan to fill any service gaps that occur during Project life due to expiration of grants, partner withdrawals, cancellation of a commitment or any other reason.

Part VII. Measurable Outcomes and Plan for Evaluation

Section 1: Measurable Outcomes

Outcomes are what you expect to happen for the people served by your project. Outcomes are sometimes called results. Outcome objectives are time-specific measurable goals that identify how you know if you are achieving your desired results. Outcome objectives are sometimes called outcome benchmarks or indicators.

Please categorize the outcomes for your project into the following three categories:

Category	Outcomes	Outcome Objectives
Residential Stability: tenants maintain permanent housing (see examples in cell comments to the right)	Long-term service enriched housing stabilization and retention	At least 90% of tenants retain permanent housing (remain in unit or exit to other permanent housing) for 1 year.
Increased Skills and/or Income: tenants gain job-related skills, participate in job-related training and/or education, gain stipend part-time or full-time supported employment, gain access to mainstream service/income support programs for which they are eligible (see examples in cell comments to the right)	resources	100% assessed for eligible benefits (at minimum SSI/SSDI, GR, CalWORKs, VA); of those eligible for additional benefits, 90% received within 1 year.
Greater Self- Determination: tenants gain daily living skills and ability to plan and advocate for themselves to maximize independence and self-sufficiency (see examples in cell comments to the right)	Individualized service plans to achieve tenant driven goals and objectives	100% will be provided the opportunity to complete an individualized service plan within first 2 weeks of lease up. Service plans will be updated quarterly. 80% of those who complete tenant satisfaction evaluation will express satisfaction with the provided housing and services.

Section 2: Plan for Evaluation

1. Describe your evaluation plan. Include how you intend to collect, track and analyze data on the effectiveness of your project, including the outcomes projected above. Indicate who will analyze the data and perform your program evaluation. (e.g., staff, consultant, etc.).

Mercy Housing follows set policies and procedures related to evaluation in order to ensure that services are being provided at the highest level of quality. This evaluation and planning is project specific, as well as from an agency-wide perspective. Best practice models and evidence-based practices are considered in the design and delivery of each service.

All data will be tracked in SalesForce data system. Data tracked include housing retention, increase in benefits or other income, use of mental health and medical services, and others.

Special Needs Population Experience & Narrative

This worksheet must be completed if Project has one or more Special Needs Population (SNP) units

The SI	The SNP units will be occupied by households meeting the criteria specified in Appendix A – Defined Terms									
1)	Homeless									
2)										
3)										
4)										
5)										

Lead Service Provider Experience:

Mercy Housing California has provided resident services at it properties for 25 years. Mercy Housing California has 105 employees in the resident services department. MHC Resident Services provide a wide range of services at MHC properties, including case management and service coordination at our special needs properties. MHC Resident Services serves residents at 78% of the 156 properties in MHC's portfolio, including the over 2,000 units statewide that serve special needs populations. At our Mission Creek Senior Community, the Arlington Hotel, the Dudley Apartments, Vera Haile Apartments, and Madonna Residences, and Casa de la Mision, MHC provides case management

Project Sponsor Experience:

At Mercy Housing California, we develop and operate affordable, service-enriched housing that changes the lives of families, seniors and people who have been homeless. We work with public and private partners to help keep the most vulnerable in our communities stably housed, preventing homelessness. From construction to community development, we advance innovative solutions to meet the scale and urgency of California's housing crisis. With 40 years of experience, we are trusted experts in developing affordable, service-enriched family housing, senior housing, workforce housing, housing for people with disabilities, and permanent supportive housing for people exiting

Property Management Experience:

Mercy Housing Management Group Inc. currently manages 336 properties serving almost 23,935 affordable apartment homes in 20 states including Arizona, California, Colorado, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, Nebraska, North Carolina, Ohio, South Dakota, Tennessee, Utah, Washington, and Wisconsin.

MHMG's portfolio of managed projects is diverse and includes a wide range of project types, sizes and regulatory requirements. The portfolio includes projects financed with the

Supportive Services Verification

This worksheet must be completed if Project has one or more Supportive Housing or Special Needs units

To the Sponsor: Complete the Project sponsor, service provider, Project name and contact information, target population, and name of Verifying Funding Agency information sections below. Then submit this form along with a copy of the Supportive Services Project Plan contained in the application to the appropriate funding agency (public or non-profit) knowledgeable about the supportive services needs of the targeted population(s). For example, for a Project serving chronically mentally ill people, the funding entity could be the County Department of Mental Health.

Submission of this form shall constitute certification by the sponsor that a true copy of the Supportive Housing Supportive Services Project Plan submitted in the application has been submitted to the funding agency named below. The form may be submitted to more than one agency or department if necessary.

Universal Scoring Criteria

A minimum point score of 85 points for Universal Scoring criteria much be achieved to be considered for a funding award.

Application due date: Total Universal Project Score: Total Universal Possible Score:

113

90.00

7/12/22

Tiebreaker Score: 1.158111

MHP §7318(d) IIG §401(d)

Applications shall be evaluated for compliance with the threshold and eligibility requirements of these guidelines, and applicable statutes, and scored based on the application scoring criteria listed in the Universal Scoring Appendix to the NOFA. The applications with the highest number of points shall be selected for funding, provided that they meet all threshold and eligibility requirements and achieve specified minimum scores as identified in the NOFA.

Universal Scoring Criteria (113 Maximum Points Possible)

See NOFA Universal Scoring Appendix for the "Universal Point Score Criteria" table.

B. Extent to which the Project serves households at the lowest income levels (30 points maximum)

30.00

Applications will be scored based on the percentage of Restricted Units limited to various percentages of AMI adjusted by household size and as follows:

(1) A maximum of 30 points will be awarded based on the Lowest Income Points Table below.

Point values that are only available to projects in Rural Areas are shaded

To receive any points in this category, at least 10 percent of the Restricted Units must be restricted to households with incomes not exceeding 30 percent of AMI.

Qualifying Units

Does the Project have at least 10 percent of the Restricted Units restricted to households with incomes not exceeding 30 percent of AMI?

TRUE

36

Deeply affordable Units under this paragraph (2) - those Units up to 30 percent AMI targeting - cannot be concentrated among a project's smaller Units. They must be distributed proportionately across all unit sizes, or, alternately, more heavily represented among larger Units. To ensure a proportional spread of deeply affordable Units, at least 10% of the larger Units in the Project must be provided at 30 percent of area median income, as applicable. So long as the applicant meets the 10% standard project-wide, the 10% standard need not be met among all of the smaller Units.

C. State Policy Priorities (17 points maximum)

10.00

(1) Five (5) points will be awarded for Projects located in a "High Resource" or "Highest Resource" area as shown on the TCAC/HCD Opportunity Area Map.

0.00

MHP Senior Projects do not qualify for High/Highest Resource Area points unless they also qualify as MHP Special Needs Projects with at least 25% Department Restricted Special Needs Units. These may also qualify under the MHP Senior set-aside if they meet the eligibility requirements under MHP Guidelines §7302(e)(2).

Is Project an MHP Senior Project?

FALSE

Is Project an MHP Special Needs Project with at least 25% Special Needs Units

Sponsor or Applicant acknowledges that, as further described in the NOFA, if 50% of all NOFA program funds have been recommended to projects located in High or Highest Resource Areas, projects ranked below this shall not receive 5 points for being located in a High or Highest Resource Area.

Yes

Note: To the extent possible, the Department will also aim to achieve approximately 50% High and Highest Resource Area projects under VHHP and FWHG funded projects.

		Sponsor/Applicant may choose to utilize the applicable census tract, or census block group, or resource designation from the TCAC/HCD Opportunity Area Maps in effect when the initial site control (pursuant to UMR section 8303(a)) was obtained up to seven (7) calendar years prior to the Application.	
		Is the Sponsor or Applicant utilizing an older census tract or census block group resource designation from the TCAC/HCD Opportunity Maps?	No
		Ten (10) points maximum will be awarded for Project's Total Percentage of Super NOFA Funded Units Serving Special Needs Populations, Agricultural Households.	10.00
		Under this category, applications requesting IIG Program funds only and no other Super NOFA funds, these Projects will automatically receive 10 points.	
		Percentage of Special Needs Units 49.32% Total population of Super NOFA Assisted Units 49.32% Percentage of Agricultural Households Units 0.00% Meets Farmworker Housing Type? FALSE Percentage of VHHP Transitional or Supportive Housing Units. 0.00%	
		Is Project a rehabilitation Project? FALSE	0.00
		(A) The Project qualifies as At High Risk or involves the conversion of single occupancy Units without kitchens and bathrooms to Units with kitchens and bathrooms to Units with kitchens and bathrooms.	
		Does the Project Qualifies as "At High Risk"? FALSE	
		Does the Project involve the conversion of single occupancy Units without kitchens and/or bathrooms to Units with kitchens and bathrooms.	No
		(B) Does the contract for rehabilitation work equal or exceed \$60,000 per unit in hard construction costs?	ALSE
		Two (2) points will be awarded if a new construction Project is located on a site selected under Executive Order N-06-19 to enter into a ground lease with the state to create affordable housing on excess state-owned property.	0.00
	Droi	ect Sponsor/Applicant and Property Management Experience (20 Points maximum)	20.00

5.00

5.00

0.00

Points are available as follows:

Three (3) points. - Six (6) to ten (10) projects managed over three (3) years, of which two (2) shall be Department-regulated or projects utilizing low-income housing tax credits allocated by TCAC.

Five (5) points. - Eleven (11) or more projects managed over three (3) years, of which two (2) shall be Department-regulated or projects utilizing California low-income housing tax credits allocated by TCAC.

For Special Needs projects and for Community-Based Developers, points are available as described above **or** as follows:

For Special Needs Projects:

Five (5) Points. - Four (4) or more <u>special needs</u> projects in service more than three (3) years, of which one (1) shall be Department-regulated or a Project utilizing low-income housing tax credits allocated by TCAC.

For Community-Based Developers:

Five (5) Points. - Four (4) or more projects in service more than three (3) years, of which one (1) shall be Department-regulated or a Project utilizing low-income housing tax credits allocated by TCAC.

Mercy Housing Management Group - are you contracting with a bona-fide management company?

When contracting with an experienced property management company under the terms of paragraphs (1) or (2) above, the Sponsor/Applicant or property co-management entity must obtain training in: project operations, on-site certification training in federal fair housing law, and manager certification in Internal Revenue Code (IRC) Section 42 Low Income Housing Credit Program requirements from a CTCAC-approved, nationally recognized entity. Additionally, the experienced property management agent or an equally experienced substitute, must remain for a period of at least 3 years from the construction completion date (or, for ownership transfers, 3 years from the sale or transfer date) to allow for at least one HCD monitoring visit to ensure the project is in compliance with HCD requirements for inspection and monitoring contained in the regulatory agreement. Thereafter, the experienced property manager may transfer responsibilities to the remaining general partner or property management firm following formal written approval from HCD.

G. Cost Containment (5 points maximum)

5.00

A Project shall receive one (1) point for each full percent that the project's eligible basis is less than the project's adjusted threshold basis limit, up to a maximum of (5) points. The percentage is calculated by dividing the project's eligible basis by the **project's adjusted** threshold basis limit.

Project's total eligible basis \$64,282,662

Percentage 29.59%

For purposes of this subdivision, a **project's adjusted threshold basis limit** shall be the project's threshold basis limit, as if it were a 4 percent LIHTC project, as determined pursuant to Section 10327(c)(5) of the TCAC regulations, except that the increase for deeper targeting pursuant to Section 10327(c)(5)(C) of the TCAC regulations that is multiplied by the unadjusted threshold basis limit shall be limited to 80 percent. Section 10327(c)(5) of the TCAC regulations states that for projects financed through CDLAC, "an increase of one percent (1%) in the threshold basis limits shall be available for every 1% of the project's Low-Income and Market Rate Units that will be income and rent restricted at or below 50 percent (50%) but above 35 percent (35%) of Area Median Income (AMI). An increase of 2 percent (2%) shall be available for every 1% of the project's Low-Income and Market Rate Units that will be restricted at or below 35% of AMI. In addition, the applicant must agree to maintain the affordability period of the project for 55 years (50 years for projects located on tribal trust land)." The Department, however, will only restrict to income levels in 5 percent increments.

Any Project may be subject to performance penalties if the project's total eligible basis determined upon construction completion exceeds the revised total adjusted threshold basis limits for the year the Project completes construction (or the original total eligible threshold basis limit if higher) by 40 percent.

Projects adjusted threshold basis limit \$91,303,924

Total Units 73

Including a boost from TCAC §10327 (c)(5)(c), but not more than 80%.

		1%	Above 35%, <= 50% AMI	Units	15		Boost	20.00%
		2%	At or below 35% AMI	Units	36		Boost	98.00%

Limitation	80.00%

80% Boost - Adjusted threshold basis limit (ATBL) \$40,579,522 Scoring

Yes

H. Tiebreaker Score 1 158111

In the event of tied point scores, the Department shall rank tied applications based on three factors which will be added together for a final tiebreaker score. The three factors are: (1) the lowest weighted average affordability of all residential units, (2) leverage of other funds, and (3) additional cost containment. The tiebreaker scoring calculation is explained below. Although the exact balance will be driven by the applicant pool, the Department will strive to ensure that no single MHP project-type exceeds roughly 50% of the total NOFA funds.

- Lowest weighted average affordability of all residential Units.
 - Multiply each income limit applicable to the Project by the number of adjusted residential Units restricted at that income level (market rate units, which do not include units subject to rent and/or occupancy restrictions at 70 percent or 80 percent AMI, shall be designated 100 percent AMI). Unrestricted Manager's Unit(s) are excluded from this calculation.

For purposes of this calculation:

- · Units with federal project-based rental assistance shall be assigned targeted rent levels of 30 percent AMI regardless of their actual income targeting; and
- If the average affordability of unadjusted residential Units, exclusive of Units with rental assistance, is less than 40 percent AMI, then the calculation shall assume a targeted rent level of 40 percent AMI for each residential Unit that does not have rental assistance.
- b. Add the products calculated pursuant to the previous paragraph.
- Divide the sum calculated pursuant to the previous paragraph by the total number of adjusted residential Units in the Project to obtain the average affordability.

40.00% 60.00%

d. Subtract (C) from 1.0.

2 Leverage of other funds.

- Applications will be scored based on the leverage of other soft funds, meaning local public funds, including land donations or fee waivers to be used for permanent funding of the development costs attributable to the Restricted Units as a percentage of the total Project development cost.
- Land donations will be counted as leveraged funds where the value is established with a current appraisal, with the amount discounted to reflect a purchase price that is lower than the appraised value, or any fees, or other reliably predictable payments required as a condition of the donation.

Sponsor or Applicants certifies that land donations will be counted as leveraged funds where the value is established with a current appraisal, with the amount discounted to reflect a purchase price that is lower than the appraised value, or any fees, or other reliably predictable payments required as a condition of the donation.

Yes

The capitalized value of rent differentials attributable to public project-based rental or public operating subsidies, based upon TCAC underwriting standards. Standards shall include the following and shall be annually aligned with TCAC standards for these capitalized values to the extent possible: a 15-year loan term; an interest rate based upon a spread over 10-year Treasury Bill rates; a 1.15 to 1 debt service coverage ratio; and a five percent (5%) vacancy rate.

The rental income differential for subsidized Units shall be established by subtracting rental income at 40 percent AMI levels (30 percent AMI for Special Needs Project types with project-based rental assistance) from the committed contract rent income documented by the subsidy source. In the case of a USDA rental subsidy only, the contract rent income is the higher of 60 percent AMI Rents or the committed contract USDA Basic Rents. The committed contract rent income for Units with existing project-based Section 8 rental subsidy shall be documented by the current monthly contract rent in place at the time of the Application or by contract rent committed to and approved by the subsidy source (HUD); rent from a rent comparable study or post-rehabilitation rent shall not be permitted.

The rent differential for projects with public operating subsidies shall equal the annual subsidy amount in year 1, provided the subsidy will be of a similar amount in succeeding years, or the aggregate subsidy amount of the contract divided by the number of years in the contract if the contract does not specify an annual subsidy amount.

annual subsidy amount: Amount

Aggregate Subsidy

Number of Years in the Average Annual Operating Subsidy Contract: Subsidy Amount

\$0

d. Add the sum of all eligible soft funds as set forth in paragraphs (a.), (b.) and (c.).

\$21,156,204 37.36%

e. Divide (d.) by total Project development cost and express as a decimal.

Total Development Cost

\$56.620.474

above, in Scoring Category G. This factor is calculated by dividing the project's eligible basis by the project's adjusted threshold basis limit. Total Eligible Basis per the Development Budget 1 Adjusted Threshold Basis Limit per CDLAC Regulation Section 5230(I)

Additional cost containment. The "additional cost containment" category for the Tie-Breaker, follows the same methodology as the Cost Containment scoring category

If the contract does not specify an

For purposes of this subdivision, a project's adjusted threshold basis limit shall be the project's threshold basis limit, as if it were a 4 percent LIHTC project, as determined pursuant to Section 10327(c)(5) of the TCAC regulations, except that the increase for deeper targeting pursuant to Section 10327(c)(5)(C) of the TCAC regulations that is multiplied by the unadjusted threshold basis limit shall be limited to 80 percent. Section 10327(c)(5) of the TCAC regulations states that for projects financed through CDLAC, "an increase of one percent (1%) in the threshold basis limits shall be available for every 1% of the project's Low-income and Market Rate Units that will be income and rent restricted at or below 50 percent (50%) but above 35 percent (35%) of Area Median Income (AMI). An increase of 2 percent (2%) shall be available for every 1% of the project's Low-Income and Market Rate Units that will be restricted at or below 35% of AMI. In addition, the applicant must agree to maintain the affordability period of the Project for 55 years (50 years for projects located on tribal trust land)." The Department, however, will only restrict to income levels in 5 percent increments.

Percentages shall not include any percentage points requested or awarded (up to 5 percent) pursuant to the Cost Containment point category. The maximum percentage shall be 25 percent.

The calculation in this paragraph (3) is multiplied by 0.75.

Note: Any Sponsor may be subject to future performance penalties if the project's total eliqible basis determined upon construction completion exceeds the revised total adjusted threshold basis limits for the year the Project completes construction (or the original total eligible threshold basis limit if higher) by 40 percent.

Before review of Threshold, please click on the YELLOW button to the right.

Click here

The following is to help and guide the Applicant with threshold requirements, it is the sole responsibility of the Applicant to verify and meet all of the threshold requirements per program guidelines. The Department will have a final threshold determination after review of, but not limited to, information provided at application and file uploads.

Projects shall be eligible for an Award of funds as long as the application demonstrates that all the following threshold requirements have been met:

An × means that you may have missed to answer a question within the application, please see the formula and it will guide you to the correct location in the application.

If that section with an 🗴 does not apply to your project, please note this at the "Sponsor Comments" box at the end of each Guideline Section.

(a) The application involves an Eligible Project pursuant to \$7302. Eligible Project.? Yes §7302. Eligible Project. (a) 🗸 (1) 🗸 (b) 🗸 (c) 🗸 (d) 🗸 Per §7304(b)(1) Sponsor/Applicant certifies that all new construction projects must provide a minimum of 15 percent (15%) of the Restricted Units with Yes mobility features, and a minimum of 10 percent (10%) of the Restricted Units with hearing and vision features (e) The Project qualifies as one or more of the following Project types: (5) 🗸 (A) 🗸 (B) **√** (C) 🗸 (D) Sponsor certifies to provide a Supportive Services plan consistent with the requirements of Section 7310. Yes (g) Special Needs Projects must demonstrate integration of targeted populations with the general public by: Sponsor acknowledges to physically integrating Restricted Units for people with disabilities with other Units, to the maximum extent feasible and subject Yes to reasonable health and safety requirements, consistent with 24 Code of Federal Regulations (CFR) Section 8.26. Sponsor acknowledges in Projects with more than 20 Units, have no more than 49 percent of total Units restricted through a Department Regulatory Agreement(s) under all of the Designated Programs combined, to occupancy by persons with disabilities. This limitation shall not be interpreted to

(2) preclude occupancy of any Project Units by persons with disabilities, or restrictions by other funding sources, including but not limited to TCAC, that result Yes in more than 50 percent of total Project Units being restricted to persons with disabilities. It shall also not apply to Projects complying with alternative requirements for demonstrating Olmstead compliance adopted by counties and approved by the Department (h) Assisted Unit Requirements Sponsor acknowledges where multiple Department programs assist the Project and the jurisdiction does not have Article XXXIV authority, the Yes Department's total non-VHHP regulatory authority shall not exceed 49 percent of the Project's total Units, unless the Project otherwise has an exemption Sponsor acknowledges that in jurisdictions having Article XXXIV authority, the Department's total regulatory authority shall not exceed the allocation of Vec (2) authority, up to 100 percent of the Project's total units (3) Sponsor acknowledges that the Units regulated by the Department, including MHP Assisted Units, shall include those with the lowest income limits. Yes (i) Multiple Department Funding Sources: (1) Use of multiple Department funding sources on the same Assisted Units is permitted, subject to the following limitation Sponsor acknowledges the HCD Repeal of Stacking Prohibition of Multiple Department Funding Sources Memo shall remain applicable. A maximum of four (4) HCD Funding Sources comprised of no more than two (2) development loans and two (2) housing-related infrastructure grants may be (A) used on a single Project. Housing related infrastructure grants are those grants provided through the Affordable Housing and Sustainable

Communities program - Housing Related Infrastructure (HRI) grants, Transit Oriented Development (TOD) Implementation program - Infrastructure Yes grants, and infill infrastructure grant programs (IIG-2007 and IIG-2019). (2) Sponsor acknowledges that "Department Funding Sources" do not include: Yes (A) Offsite infrastructure funds: or (B) Existing loans or grants under any Department funding source listed above that are at least 14 years old and that will be assumed or recast as part of an acquisition and Rehabilitation project. (3) Sponsor acknowledges additional limitations on use of multiple Department funding sources may be specified in the NOFA. Yes Sponsor acknowleges that limits on Department Funding, including loan or grant funds, on a per unit, per project, and/or per Sponsor basis, may be Yes further specified in the NOFA. (k) **√** Sponsor Comments

(b) The Applicant is an Eligible Sponsor pursuant to §7303?

Yes

Certification & Legal Status

On behalf of the entity identified in the signature block below. I certify that:

- 1) The information, statements and attachments included in this Application are, to the best of my knowledge and belief, true and correct.
- 2) I possess the legal authority to submit this Application on behalf of the entity identified in the signature block.
- 3) The following is a complete disclosure of all identities of interest of all persons or entities, including affiliates, that will provide goods or services to the Project either (a) in one or more capacity or (b) that qualify as a "Related Party" to any person or entity that will provide goods or services to the Project. "Related Party" is defined in §10302 of the California Code of Regulations (CTCAC Regulations):

This statement is to certify as follows: Mercy Housing California, the development sponsor, is a California non-profit public benefit corporation, with sole member Mercy Housing Inc., a Nebraska non-profit corporation. Mercy Housing California is the sole member of Mercy Housing California non-profit public benefit corporation, which is the sole member/manager of Mercy Housing California 104 LLC, a California Limited Liability Company, the Managing General Partner (MGP). Mercy Housing California 104, L.P., a California Limited Partnership, is the Borrower/Owner for the Homeless Prenatal Family Housing site, with managing general partner Mercy Housing California 104 LLC. Mercy

- 4) As of the date of Application, the Project, or the real property on which the Project is proposed (Property) is not part to or the subject of any claim or action at the State or Federal appellate level.
- 5) I have disclosed and described below any claim or action undertaken which affects or potentially affects the feasibility of the Project.

In addition, I acknowledge that all information in this Application and attachments is public, and may be disclosed by the State.

Legal Disclosure

For purposes of the following questions, and with the exceptions noted below, the term "applicant" shall include the sponsor(s)/Applicant(s), and any subsidiary of the sponsor(s)/Applicant(s) if the subsidiary is involved in (for example, as a guarantor) or will be benefited by the Application or the Project.

In addition to each of these entities themselves, the term "applicant" shall also include the direct and indirect holders of more than ten percent (10%) of the ownership interests in the entity, as well as the officers, directors, principals and senior executives of the entity if the entity is a corporation, the general and limited partners of the entity if the entity is a partnership, and the members or managers of the entity if the entity is a limited liability company. For Projects using tax-exempt bonds, it shall also include the individual who will be executing the bond purchase agreement.

The following questions must be responded to for each entity and person qualifying as an "applicant," or "joint applicant" as defined above.

Explain all positive responses on a separate sheet and include with this questionnaire in the Application.

Exceptions:

Public entity applicants without an ownership interest in the proposed Project, including but not limited to cities, counties, and joint powers authorities with 100 or more members, are not required to respond to this questionnaire.

Members of the boards of directors of non-profit corporations, including officers of the boards, are also not required to respond. However, chief executive officers (Executive Directors, Chief Executive Officers, Presidents or their equivalent) must respond, as must chief financial officers (Treasurers, Chief Financial Officers, or their equivalent).

Civil Matters

- 1) Has the applicant filed a bankruptcy or receivership case or had a bankruptcy or receivership action commenced against it, defaulted on a loan or been foreclosed against in *past ten years*?
- 2) Is the applicant currently a party to, or been notified that it may become a party to, any civil litigation that may materially and adversely affect (a) the financial condition of the applicant's business, or (b) the Project that is the subject of the Application?
- 3) Have there been any administrative or civil settlements, decisions, or judgments against the applicant within the past ten years that materially and adversely affected (a) the financial condition of the applicant's business, or (b) the Project that is the subject of the Application?
- 4) Is the applicant currently subject to, or been notified that it may become subject to, any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency?
- 5) In the past ten years, has the applicant been subject to any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency that resulted in a settlement, decision, or judgment?

Criminal Matters

- 6) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, felony charges against the applicant?
- 7) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, misdemeanor charges against the applicant for matters relating to the conduct of the applicant's business?
- 8) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, criminal charges (whether felony or misdemeanor) against the applicant for any financial or fraud related crime?
- 9) Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, that could materially affect the financial condition of the applicant's business?
- 10) Within the past ten years, has the applicant been convicted of any felony?
- 11) Within the past ten years, has the applicant been convicted of any misdemeanor related to the conduct of the applicant's business?
- 12) Within the past ten years, has the applicant been convicted of any misdemeanor for any financial or fraud related crime?

Entity Organizational Documents

Organizational Documents

The following is intended as a brief summary of legal documents commonly required to verify the legal authority of the private entity or entities applying to HCD for an Award of funds and does not apply to public applicants. Documents required to apply for funds (threshold requirements) are legally distinct from those required to enter into a standard agreement or to receive bonus points. For projects receiving an Award of HCD funds, additional documents, or corrections, may be required prior to execution of the Standard Agreement.

Organizational Charts

Complete organizational charts are required for the Sponsor/Recipient, Borrower, MGP and AGP (if different from the Sponsor).

Corporate Entities

Articles of Incorporation (Corp. Code §154, 200 and 202) as certified by the CA Secretary of State.

Bylaws and any amendments thereto (Corp. Code §207(b), 211 and 212)

Certificate of Amendment of Articles of Incorporation (Corp. Code §900-910 (general stock), §5810-5820 (public benefit and religious corporations), §7810-7820 (mutual benefit corporations), or §12500-12510 (general cooperative corporations)) as applicable.

Restated Articles of Incorporation (Corp. Code §901, 906, 910 (general stock), §5811, 5815, 5819 (public benefit and religious corporations), §7811, 7815 and 7819 (mutual benefit corporations) and §12501, 12506 and 12510 (general cooperative corporations)) as applicable.

Statement of Information (CA Secretary of State form SI-100 or SI-200)

Shareholder Agreements (Corp. Code §186) if applicable.

Certificate of Good Standing certified by Secretary of State. Certificate of Good Standing must be dated 30 days or less from the application due date.

Limited Liability Companies

Articles of Organization (CA Secretary of State form LLC-1)

Certificate of Amendment (CA Secretary of State form LLC-2) if applicable.

Restated Articles of Organization (CA Secretary of State form LLC-10) if applicable.

Certificate of Correction (CA Secretary of State form LLC-11) if applicable.

Statement of Information (CA Secretary of State form LLC-12 or LLC-12NC)

Operating Agreement (Corp. Code §17707.02(s) and 17701.10)

Certificate of Good Standing certified by Secretary of State. Certificate of Good Standing must be dated 30 days or less from the application due date.

Limited Partnerships

Certificate of Limited Partnership (CA Secretary of State form LP-1)

Amendment to Certificate of Limited Partnership (CA Secretary of State form LP-2) if applicable.

Certificate of Correction (CA Secretary of State form LP-2) if applicable.

Limited Partnership Agreement (CA Corp. Code §15901.02(x) and 15901.10)

Amended and Restated Limited Partnership Agreement

Certificate of Good Standing certified by Secretary of State.

Subject: Mayor -- Resolution - Support for the Application of Infill Infrastructure Grant Program Funds

Date: Tuesday, July 26, 2022 4:56:11 PM

Attachments: 01b. Resolution for Super NOFA Sept 2022.pdf

01a. Resolution for Super NOFA Sept 2022.docx

Hello Clerks,

Attached for introduction to the Board of Supervisors is a Resolution supporting Tenderloin Neighborhood Development Corporation, 730 Stanyan Associates L.P., and Mercy Housing (each an "Applicant") submission of applications under the Infill Infrastructure Grant Program ("IIG Program") to the California Department of Housing and Community Development to receive IIG Program funds in order to construct 100% affordable, multifamily rental housing developments affordable to low-income households located at 2550 Irving Street, 730 Stanyan Street, and 2350 18th Street, respectively, in San Francisco (each a "Project")

Please let me know if you have any questions.

Best,

Susanna

Susanna Conine-Nakano Office of Mayor London N. Breed City & County of San Francisco 1 Dr. Carlton B. Goodlett Place, Room 200 San Francisco, CA 94102 415-554-6147
