Stakeholder Engagement & Outreach

Goal: Work with a CBO with experience in BVHP to conduct public outreach and engage with the community and President Walton's office to select and participate in the development of the charging site in BVHP.

Duration: Up to 6 months

Selection: CBO selection and contract will be awarded through the City's competitive public solicitation process.

We will solicit President Walton's feedback during the solicitation development process and invite a member of his office to sit on the selection panel.
