Project Description

The project proposes renovation of the basement and ground stories and converting five (5) tourist rooms to single-room occupancy (SRO) rooms in an existing three-story over basement building containing twenty (20) residential single-room occupancy (SRO) rooms, plus five (5) tourist rooms, and ground floor retail space. All 25 SRO rooms at the project site will be used as permanent supportive housing for transitional aged youth. The ground floor, most recently used as a liquor store, a Retails Sales and Service use, will be renovated to include a lobby, trash room, bathrooms, offices for supportive-services and property management, resident amenity space, and a Social Service use. The basement will be used for tenants' storage and other spaces for storage or services necessary to the operation or maintenance of the building.

AB-2162 Eligibility Checklist

The Planning Department has determined that the project, as proposed, is eligible for approval under Assembly Bill 2162 (California Government Code Sections 65583 and 65650) in conjunction with the State Density Bonus Law (California Government Code Section 65915).

- Affordability:** All of the proposed residential units must be dedicated as affordable to households at 80% AMI or below for a period of at least 55 years. At least 25% of the total number of units, or 12 units (whichever is greater) must be restricted for residents of Supportive Housing who meet the Target Population. If there are fewer than 12 units in the project, then the entire project must be restricted for residents of Supportive Housing.

- Supportive Services:** Supportive Services include, but are not limited to, a combination of subsidized. Permanent housing, intensive case management, medical and mental health care, substance abuse treatment, employment services, and benefits advocacy. For projects with 20 units or fewer, at least 90 square feet of space must be dedicated to supportive services. For projects with more than 20 units at least 3% of the non-residential floor area must be dedicated to supportive services.
- Zoning:** The project must be in a District that allows for multifamily (2 or more units) or mixed-use zoning.
- Replacement of Existing Units:** If the project demolishes any existing residential unit, then the project must include replacement unit(s) in the Supportive Housing Development in the manner described in CA Govt. Code Section 65915(c)(3).
- Amenities:** Each unit, excluding the manager's unit, must have at least a bathroom, refrigerator, stovetop, and sink.
- Consistent with Objective Standards:** The project must comply with objective, written development standards and policies which apply to other multifamily developments within the same Zoning District. Such objective standards are those that require no personal or subjective (discretionary) judgement, such as objective dimensional requirements, and as otherwise set forth below.

Review Timeline

The AB 2162 Application an accompanying site permit for the project at 3055-3061 16th Street was submitted on October 13, 2022. Pursuant to Government Code Sections 65583 and 65650, the Planning Department must complete any necessary design review within 30 days of application submittal, not including time spent waiting for applicant response to Planning Department requirements. Provided the application is complete, the Planning Department must complete design review by November 11, 2022. This notice serves only to confirm eligibility for using AB-2162; Planning staff may request additional information, as required, to complete their review. Design review or public oversight must be completed in 60 days for projects with 50 or fewer units and 120 days for projects with more than 50 units. The project sponsor will receive a Notice of Final AB-2162 Approval upon completion of design review. Please note that the Planning Director may decide, on a case by case basis, to schedule a design review hearing at the Planning Commission and/or Historic Preservation Commission.
