City agencies, led by the Human Right Commission (HRC), are defining racial equity, consistent with the Government Alliance on Race and Equity (GARE), as the point at which race can no longer be used to predict life outcomes, and outcomes for all racial groups are improved. These program directly inflluence the effectiveness of site level programs in order to maximize equity and inclusion for all peoples served by the City.

Section 1: Measurable Outcomes		<u> </u>
	d by your Project. Outcomes are sometimes called results. Outcom objectives are sometimes called outcome benchmarks or indicators.	
Category	Outcomes	Outcome Objectives
Residential Stability: Tenants maintain permanent housing (see examples in cell comments to the right)	1) On a monthly basis, 100% of households who showed housing instability received Supportive Services. 2) On an annual basis, at least 85% or tenant lease violations will be resolved without a loss of housing to tenants. 3) On an annual basis, 100% of households with planned exits from the program will be engaged to create a comprehensive exit plan and ensure continuity of services 4) 75% of tenants assessed with needs related to medical care, mental health, substance use, benefits and other income assistance will develop a service plan within the first 6 months of move-in.	Tenants receive an Assessment within 60 days of move-in 2) Coordination with Property Management on a weekly basis, and external community providers as needed. Service plans are reviewed every 6 months or as needed, to idenity unmet needs and update plan accordingly.
Increased Skills and/or Income: Tenants gain job-related skills, participate in job-related training and/or education, gain stipend part-time or full-time supported employment, gain access to mainstream service/income support Programs for which they are eligible (see examples in cell comments to the right)	100% of households will be asssesed for income and/or public benefit opportunities within 60 days of move-in	Provide monthly tenant engagement programming and opportunities, specific to the population being served. This includes providing support groups, developing peer support groups, training and education opportunities,
Greater Self- Determination: Tenants gain daily living skills and ability to plan and advocate for themselves to maximize independence and self-sufficiency (see examples in cell comments to the right)	On annual basis, at least 90% of tenants maintain their housing for a mimumum of 12 months, move to other permanent housing, or are provided with more appropriate placements	Services engages in weekly wellness checks and tracks interactions with tenants through the individual assessments and ongoing referrals
Resident Satisfaction	At least 80% of tenants completing an annual survey will be satisfied or very satisfied with supportive services	Circulate annual survey and follow up with specific improvements as needed Update policies and procedures, and forms as needed

Section 2: Plan for Evaluation

Describe your evaluation plan, including how you intend to collect, track and analyze data on the effectiveness of your Project, including the outcomes Projected above. Indicate who will analyze the data and perform your Program evaluation. (e.g., staff, consultant, etc.).

Data is reported by Support Service Providers on a monthly, quarterly and annual basis. Information is input into shared databases, CARBON and ONE (Online Navigation and Entry), managed by the City and County of San Francisco. There is least one dedicated HSH staff managing the contract with the Support Services Provider and who reviews the reports on the respective due dates, and provides feedback and follow-up as necessary. Monitoring of the program occurs on an annual basis on-site at the building, at which time the program outcome objectives will be reviewed alongside program documents and client files. A comprehensive report, including findings and feedback, is then issued to the agency providing Support Services. Additionally, HSH will require programs to report how they will address issues of racial equity in services provided, the demographics of their staff at all levels, and internal mechanisms for advancement of staff of color. HSH will monitor and evaluate programs on their responsiveness to racial disparities

"Article VII((xii) "Enforceable Funding Commitment" means a letter or other document, in form and substance satisfactory to the Department, which evidences an enforceable commitment of funds or a reservation of funds by a Project funding source, and which contains the following: a. The name of the Applicant or Grantee; b. The Project name; c. The Project site address, assessor's parcel number, or legal description; and d. The amount, interest rate (if any), and terms of the funding source. The Enforceable Funding Commitment may be conditioned on certain standard underwriting criteria, such as appraisals, but may not be generally conditional. Examples of unacceptable general conditions include phrases such as "subject to senior management approval," or a statement that omits the word "commitment," but instead indicates the lender's "willingness to process an application" or indicates that financing is subject to loan committee approval of the Project. Contingencies in commitment documents based upon the receipt of tax-exempt bonds or low-income housing tax credits will not disqualify a source from being counted as committed.

Applicant comments: Include a description of balloon payments and unusual or extraordinary circumstances.
