Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Karina Velasquez, karinawinder@gmail.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I would like to know how this is even legal? Who does this and think this is okay? People haven't even applied for the position (not surprising since it doesn't open until May of 2023!).

Last I checked, you worked for us. The Police commission doesn't believe in safety. isn't that the number one reason we have law enforcement? The current police commission voted to not allow our SFPD to enforce certain traffic violations. You wonder why vision zero is unsuccessful? We have no enforcement and now the Police Commission is literally not allowing the SFPD to enforce certain traffic laws.

Stop with this nonsense and do NOT allow this vote to happen 5 months early. Let's apply some common sense here.

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a complete transparent and above-board manner in this re-appointment process.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is an action that suppresses community involvement. Other candidates should be allowed to apply for this position when it is opened in April. This early appointment is wrong and underhanded and contributes to my lack of confidence in the Board of Supervisors judgement and real concern for the people they represent.

Thank you.

Dear Supervisors,

The Briones Society, a coalition of center-right and moderate-leaning San Franciscans, strongly oppose the premature appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

We urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. We oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Jay Donde,
President, The San Francisco Briones Society

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Phillip Zakhour, philzakhour@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

We're watching you Supervisor Chan!

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Martha Ehmann Conte, martha@ehmannconte.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Scot Conner, scot.conner@berkeley.edu

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Charles Bush, cbush8@comcast.net

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

RE: Appointment, Police Commission

From your constituent: Perry Klebahn, perry_k2003@yahoo.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Tamara Sypult, tsypult@yahoo.com

I live in District 9

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Marina Roche, marinaroche@icloud.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Ron Hirson, rhirson@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: James Osullivan , dblbirdy@yahoo.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Elliot Gittleman, esh.fire@sbcglobal.net

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Erica Sandberg, esandberg_2000@yahoo.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Angie Yap, ayhc69@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Monica DuClaud, duclaud@comcast.net

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I want to express my strong opposition to the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term does not end until April of 2023 so there is no justifiable reason to re-appoint her 5 months early. This is a blatant political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to stick to an honest nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Lou Ann Bassan, louann.bassan@gmail.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Jennie Feldman, jenniefootefeldman@gmail.com

I live in District 5

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of the city deserve a chance to apply for this seat and be considered through an open and transparent public process. This rushed reappointment of Cindy Elias is the opposite of protecting the public and reeks of corruption. The city has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Bob Bonnet , bobbbonnet@gmail.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Diane Sargent, diane.sargent@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Amy Lee, amyrchan@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Ira Schneiderman, schneido@yahoo.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Amy Lee, amyrchan@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Dear Supervisor Chan,

I am emailing to advise you that I plan to submit an application for a chance to be appointed for a position on the Police Commission when the opportunity arises in April of 2023. I expect to complete and submit an application at that time via the normal process and timeline. As a D1 resident it is my hope and expectation that my supervisor would be supportive of one of her constituents desire to share her expertise as both a lawyer and licensed clinical social worker on this important commission. Please do not eliminate this opportunity for me to be considered for this chance to serve my community by voting in favor of re-appointing Cindy Elias 5 months prior to her term being up. An unnecessary and unusual early vote excludes others, like myself, from participating in this important and meaningful process, and discourages citizens to engage in public service.

Thank you for keeping this appointment process fair, transparent and open to all your constituents.

Best,
Stephanie Lehman, LCSW
Elected Delegate AD19

This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Georgia Qiao, georgiaqiao@yahoo.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Jennie Lyons, jlyonsaef@gmail.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

From your constituent: Margaret de Clercq, ninadeclercq@gmail.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Comment for the Rules Committee Meeting

12/12/22, Agenda Item #3, Appointment, Police Commission

From your constituent: Philip Bowles, cottonboll@gmail.com

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Dear Supervisors,

I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission. Commissioner Elias' term is not up until April of 2023 and there is no legitimate reason to re-appoint her 5 months early. This is clearly a political maneuver to avoid allowing our full Board of Supervisors with its newly elected members to have an opportunity to vote and/or nominate other candidates. Our democracy requires that this committee behave in a more transparent and above-board manner in this re-appointment process, particularly because Commissioner Elias' ethics have been called into question.

I urge you to allow for the nomination process to take place in the normal course, in April of 2023, when the newly elected members of the Board of Supervisors are present and able to participate. I oppose this unnecessary acceleration of the usual appointment process of a critical Police Commission seat and urge you not to do it.

This is a purely political move that suppresses community involvement. This will not sit well with voters who are tired of political games played by our elected officials.

Thank you.

Victor,

Happy Monday, I am writing to you in regard to the Rules Committee meeting. Specifically, I would like to provide public comment on item #3 of today's meeting.

I strongly encourage the reelection of Cindy Elias as President of the Police Commission. Cindy has proven to be a commissioner who cares deeply about racial justice, genuine policy accountability, fairness, and systems change, which is what is needed in our police commission.

Thank you!

Message to Supervisor Chan and the Rules Committee

RE: Appointment, Police Commission

From your constituent: Sydney Samucha, cindysf2@aol.com

I live in District 1

Message: I strongly oppose the early appointment of Commissioner Elias' seat on the Police Commission.

Rules Committee of the Board of Supervisors,

I strongly oppose this early appointment of Commissioner Elias' seat on the Police Commission.

When Commissioner Elias was appointed to this position in 2018, there were 12 applicants for 2 open seats. We should allow people to apply to serve and stand before the rules committee to share why they want to serve.

Residents of District 1 deserve a chance to apply for this seat and be considered through an open and transparent public process. Our Supervisor's duty is to stand up for D1 residents. This rushed reappointment of Cindy Elias is the opposite of protecting D1 and reeks of corruption. District 1 has experienced a rise in crime - car break-ins, garage break-ins, and home break-ins are now common in our neighborhood. Supervisor Chan is cutting us out of the city's public safety policy conversation if she supports the reappointment of Cindy Elias without giving proper time for our community to submit applications, as currently planned in 2023.

This completely disregards the public's role in serving on commissions. Anyone interested in putting themselves forward to serve just had the door slammed in their face by Supervisor Peskin.

If the BOS is serious about engaging the public, we should be transparent, not ram through favored political appointees.

This is precisely the kind of political game voters have

rejected throughout this year.

This seat isn't up until April. There is plenty of time to have a public, transparent process for this important commission.

We are paying attention and will remember Supervisor Chan's vote on police commission appointments when she is up for re-election in 2024.

December 10, 2022

Dear Members San Francisco Board of Supervisors,

I am writing in strong support of the reappointment of Ms. Cindy Elias to the San Francisco Police Commission. Ms. Elias has performed her duties on the Police Commission with a high level of integrity, professionalism and commitment. Her service has been a benefit to the residents of San Francisco and the San Francisco Police Department.

During her tenure as Police Commissioner she has called for presentations addressing solutions to low morale, how to increase clearance rates, 96a reports and fixing the racial disparities. She has worked tirelessly and successfully on 5.01 use of force, 5.03 investigatory investigation, 5.17 prohibition against biased policing, 1421 release of records to the public. She has also taken the initiative to review outdated General Orders, examining them for inconsistencies and current relevance.

Ms. Elias now serves as the President of the Police Commission and has worked collaboratively with all Commissioners, including Mayoral appointees. She has worked well with the Chief of Police and during my term as Supervisor, she has responded to every text, phone call and email in a prompt and professional manner. She has met every expectation of a Board appointed Commissioner.

The role of a Police Commissioner requires diligence, perseverance and dedication. It requires reading volumes of manuscripts, weekly public meetings, discussions and a tremendous amount of time and energy. Ms. Elias has done this and more, now that
