District 11 Cannabis Map Oversaturation

Map of Cannabis Storefronts along Mission Street
between I-280 and Daly City.

1. The Sponsor did not follow the guidelines set by the Office of Cannabis with respect to Outreach

a). Good neighbor policy was not included in the packet until the hearing itself on September 29th at Commissioner Tanner's request, of the policy, as she did not see it in their application packet. At that point MMD offered a single page.

c). More than 2 months after the Planning Commission Hearing we finally received the good neighbor policy, 16 pages, on December 7th by the sponsor during the common ground meeting held by the office of Supervisor Safaí. Only the first page of the policy was translated in Spanish, traditional Chinese but not Tagalog (Filipino).

Planning Commission Motion

No 21178

- The motion states on item 5. Public Outreach and Comments.
"The sponsor conducted outreach under the Office of Cannabis Good Neighbor Policy, which includes providing a mailed notice of the Project to all the property owners and occupants within the 300-feet of the site and conducting outreach meetings".
- The sponsor did not follow the proper Office of Cannabis requirements.
- We understand that law and regulation of OOC 1609 (b) (24) Mandatory Community Outreach requires all materials and notices developed and distributed to the neighbors by the Applicant must be translated into the languages require by the Language Access Ordinance which are English, Spanish, Traditional Chinese and Tagalog.

Subject: RE: Equity Applicant

Dear Pic Vancleef:

Thank you for reaching out with your inquiry.

As an important and helpful point of clarification, the Office of Cannabis (OOC) Community Outreach process is separate and distinct from the Planning Department's land use entitlement process. To be in compliance with the OOC requirements, the applicant is required to hold at least one community outreach meeting prior to permit issuance.

With that in mind, the applicant at 4835 Mission Street will need to host at least one community outreach meeting as a part of the OOC permitting process. Before this meeting, the applicant must submit their community outreach materials to the OOC for review and approval purpose. As of now, our office is not aware of any submitted community outreach materials for this location, and accordingly, we are not aware of any community outreach meeting being hosted in the manner consistent with the OOC's [community outreach requirements](#). It is not uncommon for applicants to host their community outreach meetings subsequent to their Planning Commission hearings.

There is a separate set of requirements for community outreach for purposes of the land use entitlement process with the Planning Department. Please contact cpc.cannabis@sfgov.org for information and materials that might help address your inquiry.

Sincerely,

SF- Office of Cannabis
