JAPANTOWN CHHESS STRATEGIES

Cultural Heritage Conservation and Sustainability

1. Support improvements to Peace Plaza.

5. Create an accessible digital archive from existing physical and digital archives held by multiple community organizations through collaborative efforts.

JAPANTOWN CHHES STRATEGIES

Tenant Protections

6. Develop and implement a Strategic Plan to address the Japan Center Malls (JCM) Covenant Agreements, the adjoining properties between Laguna and Fillmore Streets, and the future of the properties, and negotiate Benefits Agreements with JCM and other owners.
7. Explore new strategies to work with existing residential tenants and descendants of those displaced by redevelopment, property owners and the City to protect residential tenants from displacement and to place Certificate of Preference holders, artists, culture bearers, families, younger generations, and employees of community-based organizations in existing housing.
8. Work with existing commercial and nonprofit tenants outside of the Japan Center Malls to negotiate protections and benefits they need to remain in Japantown.

JAPANTOWN CHHES STRATEGIES

Arts and Culture

9. Create a virtual and physical Artist Assistance and Media Center.
10. Develop a virtual and physical intergenerational Co-creative Hub.
11. Establish a SF Japantown Arts Committee.

17. Develop partnerships and collaborations with the Japan External Trade Organization, the City, Japanese companies, and eco-initiatives, and other Japantowns and networks.

JAPANTOWN CHHES STRATEGIES

Land Use and Housing

18. Work with property owners and community organizations to identify, secure and occupy underutilized space to meet community needs.
19. Engage in the implementation of the 2022 Housing Element to ensure Japantown's housing needs are addressed.
20. Explore opportunities for a community oversight infrastructure to establish a community development corporation / community land trust / community investment fund or a similar mechanism and work with the City to acquire property for community control.
21. Develop a Japantown Preservation and Development Vision Master Plan (Community Plan).
22. Work with property owners, developers, and the City to develop opportunities for affordable housing that is culturally affirming in design.
