Grant funds may be commingled with Grantee's other liquid assets OR investments. All expenditures made in furtherance of the purposes of the grant shall be charged off against the grant and shall appear on Grantee's books. Grantee shall keep adequate records to substantiate its expenditures of grant funds. Grantee is expected to maintain complete and accurate financial records of revenues and expenditures relating to the grant for at least four (4) years after the Grantee has expended the last of the grant funds. In the event that the Foundation is audited by any government agency, it may be necessary, in rare instances, for the Foundation to examine, audit, or have audited the records of Grantee insofar as they relate to activities supported by this grant. Any expenses related to such activities will be borne by the Foundation.

V. NO PLEDGE

Neither this Agreement nor any other statement, oral or written, nor the making of any contribution or grant to Grantee shall be interpreted to create any pledge or any commitment by the Foundation or by any related person or entity to make any other grant or contribution to Grantee or any other entity for this or any other project. and the final selection of such consultants or third party service providers is within the discretion of Grantee. XIII. NO WAIVERS

The failure of the Foundation to exercise any of its rights under this Agreement shall not be deemed a waiver of such rights.

XIV. TERMINATION

The Foundation, at its sole option, may terminate this agreement or withhold payments, or both, at any time, if, in the Foundation's judgment: a) the Foundation is not satisfied with the quality of the Grantee's progress toward achieving the project goals; b) the Foundation is of the opinion that the Grantee is incapable of satisfactorily completing the project or has ceased to be an appropriate means of accomplishing the purposes of the grant; c) the Grantee dissolves or fails to operate; or d) the Grantee materially fails to comply with the terms and conditions of this agreement, including but not limited to failure to submit reports when due. FINANCIAL REPORT

The Financial Report should follow the format of the **Approved Project Budget** included in the Grant Agreement.

With each report, please submit a copy of the organization's most recent audited financial statements generated since your last report or proposal submission to the Foundation.

RE-GRANTING REPORT GUIDELINES

Some or all of the funds granted to your organization by The James Irvine Foundation are designated for re-granting to other entities of your choice. In order to monitor and assess the impact and reach of our grantmaking, it is important for the Foundation to collect information on all re-granting activities we support.

We request the following information for each re-grant *approved* by your organization in the previous calendar year. (We define *approved* as officially selected and authorized, not necessarily paid out).

- Name of the re-grant recipient
- Total dollar amount of the re-grant
- Primary county (or counties) served by the re-grant recipient
- A one or two sentence statement of purpose of the re-grant (This is a statement of the activity being supported by the funds, for example, "to support organizational capacity building," or "to support a six-month training program in arts for youth aged 12–18.")

In addition, we request aggregate amounts for the re-grants approved by your organizations in the previous calendar year.

- TOTAL amount of Irvine funds re-granted for the calendar year
- Percentage of Irvine funds re-granted by operating budget size of re-grant recipients according to the ranges below:
 - < \$500,000 (\$0–\$499,999)
 - \$500,000–\$1,999,999
 - \$2,000,000–\$9,999,999
 - > \$10 million

Please submit this information in an Excel spreadsheet.

Accounting for Pooled Funds

In some instances, a grant from the Irvine Foundation may have been pooled with funds from other sources and then re-granted. In these cases, it may be impossible to tell exactly how funds from Irvine were redistributed to re-grantees. To account for funds that were pooled, therefore, please do the following:

Step 1: Calculate the percent contribution of Irvine funds to the entire re-granting pool of funds.

Step 2: Multiply the percent calculated in Step 1 by the total amount of each individual re-grant.

Example: The Irvine Foundation made a grant to your organization for \$100,000 for re-granting. The Irvine grant was pooled with a \$300,000 grant from the Packard Foundation for a total of \$400,000 for re-granting. From Step 1, the Irvine contribution is 25% ($\$100,000 + \$300,000 = \$400,000$. $\$100,000$ divided by $\$400,000 = 25\%$). Your organization made a re-grant to the Neighborhood Children's Coalition for \$20,000. From Step 2, the individual re-grant made using Irvine funds was \$5,000 ($\$20,000 \times 25\% = \$5,000$). Thus, the amount to report on your re-granting report to Irvine should be \$5,000.

All reporting requirements should be submitted through the Foundation's online system using your account, accessible at the website www.irvine.org/portal. Please contact Grants Administration at grantsadmin@irvine.org if you need assistance with our online grantee portal.
