Building Better Airports Across America

Dear Airport Sponsor:

Today, Secretary Buttigieg announced a Notice of Intent to Fund projects selected under the FY 2023 Bipartisan Infrastructure Law (B L) Airport Terminal Program (ATP). Congratulations! Your project is included as one of the 104 projects selected at 99 airports for approximately $968 million in FY 2023.

The funding helps meet the growing demand for air travel and invests in key areas to help get travelers in and out of airports more quickly and improve the passenger experience. Several grants will address the needs of aging air traffic control towers.

A full list of the final selections as well as other ATP information can be found on our website at www.faa.gov/bil/airport-terminals. The FAA's communications team is reaching out to your respective communications department to share materials to support promoting your award. If you have any questions or need assistance, they can be reached at pressoffice@faa.gov.

I also request you keep the local Airports District Office (ADO) or Regional Office (RO) apprised of any groundbreaking or grand opening ceremonies taking place on these projects. Representatives from the FAA and the Department of Transportation are looking for opportunities to engage the airport community as you put this BIL funding to work.

Congratulations again!

Sincerely,

Shannetta R. Griffin, P.E.
Associate Administrator for Airports

FY2023 Airport Terminal Program Final Selections

February 27, 2023

State	City (Associated)	Airport Name	LOCID	Project Description	Amount Awarded
CA	Palm Springs	Palm Springs International Airport	PSP	The project will fund a portion of the expansion and renovation of the baggage claim including four new carousels and upgrades to flooring, electrical and ventilation systems.	$5,700,000
CA	Sacramento	Sacramento International Airport	SMF	This project is funding a portion of the design and Phase 1 construction of an elevated, ADA-compliant continuous pedestrian walkway and vertical structure connecting Terminal B and Concourse B as a secondary passenger conveyance system.	$11,700,000
CA	San Diego	San Diego International Airport	SAN	This project will fund a portion of the construction of a new 1,210,000 SF terminal building with the addition of 30 gates.	$20,000,000
CA	San Francisco International Airport	San Francisco International Airport	SFO	This project will fund a portion of the rehabilitation of SFO's International Terminal Building roofing system, including photovoltaic system upgrades, roof membrane and waterproofing system replacement, and removal of damaged exterior steel.	$31,000,000
CO	Colorado Springs	Colorado Springs Airport	COS	The Concourse Modernization is a complete remodel of the terminal concourse. This project funds a portion of the renovation including holding areas, restrooms and the Public Address system. It will improve ADA accessibility and increase energy efficiency.	$6,000,000
CO	Denver	Denver International Airport	DEN	This project funds a portion of the baggage handling system replacement, including the control system and curbside conveyors. The new system will improve energy efficiency and will increase capacity.	$22,000,000
CO	Englewood	Centennial Airport	APA	This project is for the design of a new Airport Traffic Control Tower replacing a nearly 40-year old tower. The new tower will meet current building codes and ADA standards, will increase operational capacity, and will enhance airfield safety.	$4,000,000
CT	Windsor Locks	Bradley International Airport	BDL	This award funds a portion of a terminal expansion project at the airport. This includes a new in-line checked baggage system and control room, expanded passenger hold rooms, new airline gate space, and other modifications to for the efficient movement of passengers and baggage.	$5,000,000
FL	Key West	Key West International Airport	EYW	This award funds a portion of a project to construct a new 48,800 square feet Concourse A immediately north of the existing airside terminal building. The new concourse will include 7 passenger boarding bridges. The project also includes about 20,000 square feet of renovations to the existing airside terminal building to expand the existing baggage claim and passenger security screening checkpoint.	$13,300,000
