CIVIC BRIDGE

Spring 2023 Cohort | Mayor's Office of Innovation

Spring 2023 Cohort

- 1. Office of Economic & Workforce Development + ZS Associates** | Through this partnership, ZS Associates will work with OEWD to identify additional economic recovery indicators for the City to track. ZS Associates will then build Power BI dashboards for the identified indicators.
- 2. Office of Transgender Initiatives + Zendesk** | Zendesk will lead the design of a ready-to-share program blueprint and toolkit for the City's Guaranteed Income for Trans People (GIFT) pilot program for low-income transgender residents. The project goal is to create materials that can be used to disseminate the program's model and findings to other metropolitan cities, in order to provide a guide for replication of the program.
- 3. Planning + Accenture** | Accenture will design a blueprint for an integrated database for the City's Shared Spaces program. This project will also feature a real time build of the database design by City staff.
- 4. SFO + Adobe** | Through a user-centered research approach, Adobe will work with SFO to develop a strategic plan to improve SFO's customer experience. The project deliverable will include a 'future state' customer journey map featuring improvements for each customer touch point under SFO's direction, including qualitative and quantitative insights that can be used to inform strategic decision making for SFO customer services
- 5. Digital Equity Initiative (MOHCD) + Slalom** | Slalom will review and provide recommendations to update and operationalize SF Digital Equity's Digital Skills and Entrepreneurship Playbook (DSEP) materials. The DSEP is designed to be used by community-based organizations (CBOs) and other digital skill training providers to deliver digital literacy and ecommerce classes and programs. This project is in support of the second goal of the City's Digital Equity Strategic Plan 2019 – 2024, "to launch digital literacy innovation programs."

Key insights

- Each project deliverable has the potential to provide a scalable model for other City Depts facing similar challenges
- All project proposals were evaluated and approved by a review committee of City Dept partners (COIT, Digital Services, DT, DataSF, CON)
- Since the inaugural cohort, this is the first Civic Bridge A&E resolution not to be introduced retroactively

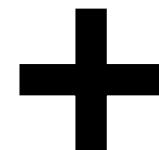

Appendix

Program overview

Civic Bridge is a 16-week, cohort-based program that connects City Departments with pro bono teams to tackle civic challenges. Volunteers are expected to dedicate 20% of their time to the project over the 16-week timeframe. The program leverages tools, methodologies, and skill sets of pro bono teams of skilled volunteers to deliver implementable and valuable solutions.

Criteria for a successful project

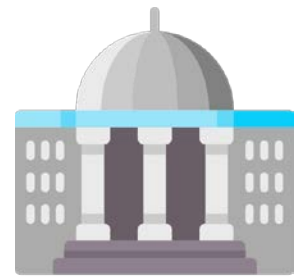

A clear challenge statement

What is the problem you're trying to solve and what will "success" look like?

Potential for impact

Why is the project important? What impact will it have on the lives of residents?

Alignment with Mayoral priorities

This year's cohort is focused on economic recovery, revitalization, and resilience.

Leadership support

The challenge should be "mission critical" not just "nice to have" for Department leadership. The project should have the support of your Department head so the Department can carry forward the Civic Bridge solution/deliverable.

Internal champion

At least one City lead to serve as primary point of contact for the pro bono team, help guide/manage the collaboration, and ensure the work is aligned with the Dept's North Star.

Project types

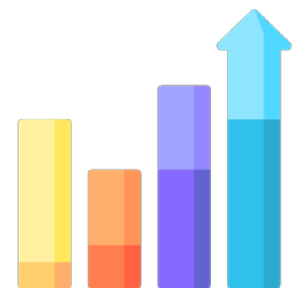

User Research & Design

Focuses on understanding the end users of a government service or program, e.g. user research plan, stakeholder engagement

Strategy & Service Execution

Focuses on execution of components of strategies for a City department, e.g. pilot/program design, service blueprint, operational frameworks, scenario planning

Data Synthesis & Modeling

Focuses on leveraging data to solve a particular challenge or need

Communications & Content

Focuses on improving a City Department's communications and outreach, e.g. content for a marketing campaign

Technology Prototyping

Focuses on targeted, high need, technology implementation needs, e.g. website wireframe, process map

The process

Pre-Program

Sourcing projects

MOI sourced project proposals from City Depts that have leadership support, dedicated resources, and potential for impact

Selecting

Project proposals were evaluated by a review committee of City Dept partners (COIT, Digital Services, DataSF, DT, CON)

Matching

Selected projects were shared with pro bono ecosystem through MOI outreach to past partners and organizations that have indicated interest in participating in the program.

Pro bono partners then indicated which projects they were interested in working on (no more than 3 projects). MOI matched partners with projects based on pro bono skill sets/expertise and interest

16-Week Project

Define

Refine project scope and define project plan

Discovery

Understand the challenge and government landscape

Design

Synthesize insights and create concepts for solutions

Delivery

Deliver actionable solutions and create an implementation roadmap

Program phases + key events

CHALLENGE

The San Francisco Police Department (SFPD) sought to understand best practices and develop tools to help them integrate the many change initiatives into their strategic plan

SERVICES

Through Civic Bridge, Accenture consultants contributed their skills in strategic planning, stakeholder interviews, and workshop facilitation to deliver a Change Management Charter, and a tactical tool to help SFPD prioritize strategy initiatives and associated stakeholder and communications considerations.

OUTCOMES

- ✓ The team gathered data to understand the challenge through stakeholder interviews and reviewing “lessons learned” from past efforts
- ✓ They facilitated workshops with SFPD staff and SMEs to create a shared version of change management success, governance, and principles
- ✓ They developed a Change Management Charter and a tactical tool which they refined with SFPD feedback

Office of Contract
Administration

CHALLENGE

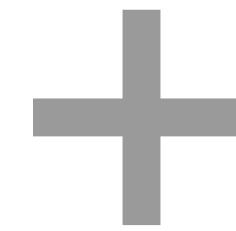

The Office of Contract Administration (OCA) wanted to better understand the needs and pain points of bidders and suppliers as they sought to improve the contracting process

SERVICES

Through Civic Bridge, Zendesk volunteers contributed their skills in user research, service design, and strategy to surface barriers facing bidders and suppliers, as well as stakeholder Departments, and to deliver recommendations for a more streamlined contracting experience

OUTCOMES

- ✓ The team gathered data to understand the challenge through stakeholder Department interviews and currently available resources
- ✓ They designed and launched a survey to bidders and suppliers, then synthesized key takeaways and trends from ~100 responses
- ✓ They developed recommendations on how the contracting and compliance process may be streamlined and for a One-Stop-Shop.

CHALLENGE

The Department of Children, Youth and their Families (DCYF) wanted to raise awareness about the presence of children in San Francisco and their rights as part of their efforts towards a more inclusive and representative city.

SERVICES

Through Civic Bridge, Salesforce volunteers use their skills in communications and partnership-building to develop a communication toolkit and strategy for the Department.

OUTCOMES

- ✓ The team collected more context and data about the challenge through interviews with City and UNICEF stakeholders.
- ✓ They interviewed residents in San Francisco to get a baseline of what they viewed as a “child-friendly” city and inform the strategy deliverable
- ✓ They developed a communications toolkit that included content calendars, partner engagement timelines and tools, and marketing best practices

CHALLENGE

SFMTA needed support on capturing disparate TNC data in a dashboard so they could better analyze the data and ensure equitable access to ride-hailing services for people using wheelchairs.

SERVICES

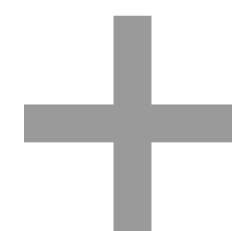

Through Civic Bridge, ZS consultants contributed their skills in data processing, transformation, analysis, and visualization to build a user-friendly dashboard in Tableau.

OUTCOMES

- ✓ The team extensively interviewed SFMTA and SFCTA staff to understand the current data landscape and needs
- ✓ They designed a prototype blueprint based on use cases and what data variables were most important
- ✓ They developed two data dashboards on Tableau, one for internal City use and the other to be public-facing. The dashboards included statewide data and a focus on user-centered design.

San Francisco
Rent Board

**Civic
Consulting**
alliance

CHALLENGE

Rent Board needed support in better sharing their services and available resources to San Franciscans renters and tenants

SERVICES

Through Civic Bridge, Civic Consulting Alliance volunteers contributed their skills in website design, content development, and strategic thinking to launch a new, more accessible website for Rent Board.

OUTCOMES

- ✓ The team used the Pareto principle to the Rent Board's current website and call volume to determine the major areas of confusion
- ✓ They worked with City staff and attorneys to translate dense, legal rental language to more layman terms
- ✓ They worked with Digital Services to design the website's layout to make resources more discoverable
- ✓ They launched the new, more accessible website on sf.gov

RECITALS

WHEREAS, The Civic Bridge Program, a 16 week program that is an initiative of the San Francisco Mayor's Office of Innovation, matches pro bono private sector talent with certain departments of the City and County of San Francisco ("City") to address specific policy or operational challenges facing those departments. Under the Program, private companies and individuals may donate consulting services free of charge to the City to help City departments develop cutting-edge strategies and solutions to improve public sector service delivery and enhance internal process capability; and

WHEREAS, the San Francisco International Airport ("Department"), a department of the City, seeks volunteer consulting services to develop a strategic plan to improve SFO's customer experience ("the Project"); and

WHEREAS, Adobe ("Donor") proposes to donate to the Department consulting services for the Project free of charge as a gift-in-kind ("Donor Services"); and

WHEREAS, the Donor Services will be a team of 6 employees giving approximately 20% time to assist the Department with this work over the course of 16 weeks;

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual promises set forth herein, the parties hereto agree as follows:

1. Description of Donor Services.

Donor will provide free consulting services on a volunteer basis to the Department for the Project over an approximately 16 week period expected to run between May of 2023 and August of 2023. The monetary value of the free consulting services donation is \$149,760.

The Donor Services will be a team of 6 employees giving approximately 20% time to assist the department with this work over the course of 16 weeks. At the end of the Project, the Donor will provide the Department with a final report that will include: i) current SFO journey map for multiple customer personas; ii) a 'future state' customer journey map featuring improvements for each customer touch point under SFO's direction, including qualitative and quantitative insights that can be used to inform strategic decision making for SFO customer services;

and iii) a summary of the project research and a set of recommendations for next steps SFO can take to improve its customers'-journey.

Unless specifically agreed upon in advance by Department, all work product and deliverables prepared in whole or in part by Donor under this Agreement shall be the property of City. However, Donor may retain and use copies for reference and as documentation of the volunteer experience and capabilities.

If, in connection with consulting services provided under this Agreement, Donor creates artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Donor under this Agreement are not works for hire under U.S. law, Donor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Donor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

The Department hereby agrees to accept the Donor Services, and will use its discretion in deciding how to deploy or implement the Donor Services. The parties acknowledge and agree that the Donor Services are for the benefit and use of the City, without restriction.

Donor and Department acknowledge and agree that the Civic Bridge Program will not be used for the Department's general acquisition of goods and services otherwise subject to the requirements of the San Francisco Administrative Code. Nothing in this Agreement shall prohibit Donor from participating in a competitive solicitation or otherwise contracting with City or Department to provide City with goods or services if done in compliance with all applicable City procurement and solicitation rules, regulations, policies, and procedures and all applicable conflict-of-interest laws. If Donor is instrumental in developing the scope of work for a future procurement, then the Donor is prohibited from bidding on that future procurement. The Donor acknowledges and agrees that under certain laws, including California Government Code section 1090, involvement in preparing for a procurement may disqualify a Donor from participating in a later competitive bid process or from having any direct communication with or receiving any compensation or other benefit from a bidder, contractor, or vendor with respect to a resulting procurement.

2. No Employment Relationship.

Donor acknowledges and agrees that providing Donor Services for the City does not create any employment relationship or expectation of a future employment

relationship between the Donor and the City or its Department. Donor acknowledges and agrees that the City may, in its sole discretion, provide Donor with access to certain City resources but that the provision of such access shall in no way be construed as creating, or giving rise to, any employment relationship. The City may reject Donor's services at any time without notice or hearing or cause.

The City or Department will not provide any compensation of any kind to the Donor for the Donor Services provided under this Agreement, and no expenses of any kind will be reimbursed. Donor shall not represent or hold him or herself out to be an employee of the City at any time.

Prior to beginning the Donor Services, Donor shall execute an acknowledgement, in a form acceptable to the City, that he or she is not an employee of the City.

3. Proprietary or Confidential Information of City.

If this Agreement requires City to disclose "Private Information" to Donor within the meaning of San Francisco Administrative Code Chapter 12M, Donor and Donor's employees shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Donor Services. Donor is subject to the enforcement and penalty provisions in Chapter 12M.

In the performance of Donor Services, Donor may have access to City's proprietary or confidential information, the disclosure of which to third parties may damage City. If City discloses proprietary or confidential information to Donor, such information must be held by Donor in confidence and used only in performing the Agreement. Donor shall exercise the same standard of care to protect such information as a reasonably prudent business entity would use to protect its own proprietary or confidential information.

The City or Department shall not make available to Donor access to City information system networks that are not available to the public without the consultation (and approval) of the City's Chief Information Security Officer.

The City or Department shall not make available to Donor Protected Health Information ("PHI"), which means any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual; and (ii) that identifies the individual or where there is a reasonable basis to believe the information can be used to identify the individual, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501. Protected Health Information includes Electronic Protected Health Information (45 C.F.R. Sections 160.103, 164.501). If PHI is inadvertently

produced to Donor, Donor shall immediately return the PHI and shall not use or disclose the PHI in any manner.

4. **Workers Compensation.** Donor acknowledges and agrees that the City is not obligated to and does not carry any insurance for Donor, and any condition, illness or injury that Donor suffers in the performance of the Donor Services shall be covered by the Donor's insurance.
5. **Use of City and County Property for Business Purposes Only.** All City equipment, devices, materials, supplies, furnishings (e.g., photocopiers, telephones, computers, printers, vehicles, stationary, fax machines) must be used only to conduct City business. Use of City property for personal, political, or other non-City business is strictly prohibited and could lead to the City's rejection of further Donor Services from the Donor.
6. **Indemnity.**

Donor agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of Donor in the performance of the Donor Services to be provided under this Agreement, except those arising by reason of the negligence of the City, its officers, employees and agents.

Donor also agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles or services to be supplied in the performance of Donor's services under this Agreement.

City agrees to defend, indemnify and hold harmless Donor from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of City in its obligations under this Agreement, except those arising by reason of the sole negligence of Donor.

In the event of concurrent negligence of City, its officers, employees and agents, and Donor, the liability for any and all claims for injuries or damages to persons and/or property shall be apportioned under the California theory of comparative negligence as presently established or as may hereafter be modified.

7. **Effective Date; Term; Termination.**

The effective date of this Agreement shall be May 3, 2023. The term of this Agreement shall commence on the effective date, and shall end on August 18, 2023, provided that the City can reject all or any part of the Donor Services being

provided under this Agreement at any time upon written notice. Either party may terminate this Agreement, at any time during the term hereof, for convenience and without cause, by giving the other party written notice of termination.

8. **Notices.** Unless otherwise indicated elsewhere in this Agreement, all written communications sent by the parties may be by U.S. mail, e-mail or by fax, and shall be addressed as follows:

Either party may change the address to which notice is to be sent by giving written notice thereof to the other party. If e-mail notification is used, the sender must specify a Receipt notice.

9. **Modification.** This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.
10. **Governing Law; Venue.** The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California, without regard to its conflict of laws principles. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.
11. **Entire Agreement.** This Agreement sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions.

WHEREAS, The Civic Bridge Program, an initiative of the San Francisco Mayor's Office of Innovation, matches pro bono private sector talent with certain departments of the City and County of San Francisco ("City") to address specific policy or operational challenges facing those departments. Under the Program, private companies and individuals may donate consulting services free of charge to the City to help City departments develop cutting-edge strategies and solutions to improve public sector service delivery and enhance internal process capability; and

WHEREAS, Mayor's Office of Housing and Community Development ("Department"), a department of the City, seeks volunteer consulting services to help develop an operationalization strategy for the Department's Digital Skills and Entrepreneurship Playbook ("the Project"); and

WHEREAS, Slalom ("Donor") proposes to donate to the Department consulting services for the Project free of charge as a gift-in-kind ("Donor Services"); and

WHEREAS, the Donor Services will be a team of 3 employees working full-time to assist the Department with this work over the course of 6 weeks;

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual promises set forth herein, the parties hereto agree as follows:

1. Description of Donor Services.

Donor will provide free consulting services on a volunteer basis to the Department for the Project over an approximately 6 week period expected to run between May of 2023 and August of 2023. The monetary value of the free consulting services donation is \$140,400.

The Donor Services will be a team of 3 employees giving approximately full-time to assist the department with this work over the course of 6 weeks. At the end of the Project, the Donor will provide the Department with an operationalization strategy for the City's Digital Skills and Entrepreneurship Playbook to support interested community members with developing their e-commerce business skills. The parties acknowledge and agree that deliverables provided under this agreement are subject to applicable public disclosure laws, including the City's

Sunshine Ordinance.

Unless specifically agreed upon in advance by Department, all work product and deliverables prepared in whole or in part by Donor under this Agreement shall be the property of City. However, Donor may retain and use copies for reference and as documentation of the volunteer experience and capabilities.

If, in connection with consulting services provided under this Agreement, Donor creates artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Donor under this Agreement are not works for hire under U.S. law, Donor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Donor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

The Department hereby agrees to accept the Donor Services, and will use its discretion in deciding how to deploy or implement the Donor Services. The parties acknowledge and agree that the Donor Services are for the benefit and use of the City, without restriction.

Donor and Department acknowledge and agree that the Civic Bridge Program will not be used for the Department's general acquisition of goods and services otherwise subject to the requirements of the San Francisco Administrative Code. Nothing in this Agreement shall prohibit Donor from participating in a competitive solicitation or otherwise contracting with City or Department to provide City with goods or services if done in compliance with all applicable City procurement and solicitation rules, regulations, policies, and procedures and all applicable conflict-of-interest laws. If Donor is instrumental in developing the scope of work for a future procurement, then the Donor is prohibited from bidding on that future procurement. The Donor acknowledges and agrees that under certain laws, including California Government Code section 1090, involvement in preparing for a procurement may disqualify a Donor from participating in a later competitive bid process or from having any direct communication with or receiving any compensation or other benefit from a bidder, contractor, or vendor with respect to a resulting procurement.

2. No Employment Relationship.

Donor acknowledges and agrees that providing Donor Services for the City does not create any employment relationship or expectation of a future employment relationship between the Donor and the City or its Department. Donor acknowledges and agrees that the City may, in its sole discretion, provide Donor

with access to certain City resources but that the provision of such access shall in no way be construed as creating, or giving rise to, any employment relationship. The City may reject Donor's services at any time without notice or hearing or cause.

The City or Department will not provide any compensation of any kind to the Donor for the Donor Services provided under this Agreement, and no expenses of any kind will be reimbursed. Donor shall not represent or hold him or herself out to be an employee of the City at any time.

Prior to beginning the Donor Services, Donor shall execute an acknowledgement, in a form acceptable to the City, that he or she is not an employee of the City.

3. Proprietary or Confidential Information of City.

If this Agreement requires City to disclose "Private Information" to Donor within the meaning of San Francisco Administrative Code Chapter 12M, Donor and Donor's employees shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Donor Services. Donor is subject to the enforcement and penalty provisions in Chapter 12M.

In the performance of Donor Services, Donor may have access to City's proprietary or confidential information, the disclosure of which to third parties may damage City. If City discloses proprietary or confidential information to Donor, such information must be held by Donor in confidence and used only in performing the Agreement. Donor shall exercise the same standard of care to protect such information as a reasonably prudent business entity would use to protect its own proprietary or confidential information.

The City or Department shall not make available to Donor access to City information system networks that are not available to the public without the consultation (and approval) of the City's Chief Information Security Officer.

The City or Department shall not make available to Donor Protected Health Information ("PHI"), which means any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual; and (ii) that identifies the individual or where there is a reasonable basis to believe the information can be used to identify the individual, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501. Protected Health Information includes Electronic Protected Health Information (45 C.F.R. Sections 160.103, 164.501). If PHI is inadvertently produced to Donor, Donor shall immediately return the PHI and shall not use or disclose the PHI in any manner.

4. Workers Compensation. Donor acknowledges and agrees that the City is not

obligated to and does not carry any insurance for Donor, and any condition, illness or injury that Donor suffers in the performance of the Donor Services shall be covered by the Donor's insurance.

5. **Use of City and County Property for Business Purposes Only.** All City equipment, devices, materials, supplies, furnishings (e.g., photocopiers, telephones, computers, printers, vehicles, stationary, fax machines) must be used only to conduct City business. Use of City property for personal, political, or other non-City business is strictly prohibited and could lead to the City's rejection of further Donor Services from the Donor.

6. **Indemnity.**

Donor agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of Donor in the performance of the Donor Services to be provided under this Agreement, except those arising by reason of the negligence of the City, its officers, employees and agents.

Donor also agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles or services to be supplied in the performance of Donor's services under this Agreement.

City agrees to defend, indemnify and hold harmless Donor from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of City in its obligations under this Agreement, except those arising by reason of the sole negligence of Donor.

In the event of concurrent negligence of City, its officers, employees and agents, and Donor, the liability for any and all claims for injuries or damages to persons and/or property shall be apportioned under the California theory of comparative negligence as presently established or as may hereafter be modified.

7. **Effective Date; Term; Termination.**

The effective date of this Agreement shall be May 15, 2023. The term of this Agreement shall commence on the effective date, and shall end on June 23, 2023, provided that the City can reject all or any part of the Donor Services being provided under this Agreement at any time upon written notice. Either party may terminate this Agreement, at any time during the term hereof, for convenience and without cause, by giving the other party written notice of termination.

8. **Notices.** Unless otherwise indicated elsewhere in this Agreement, all written communications sent by the parties may be by U.S. mail, e-mail or by fax, and

shall be addressed as follows:

Either party may change the address to which notice is to be sent by giving written notice thereof to the other party. If e-mail notification is used, the sender must specify a Receipt notice.

9. **Modification.** This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.
10. **Governing Law; Venue.** The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California, without regard to its conflict of laws principles. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.
11. **Entire Agreement.** This Agreement sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual promises set forth herein, the parties hereto agree as follows:

1. Description of Donor Services.

Donor will provide free consulting services on a volunteer basis to the Department for the Project over an approximately 16 week period expected to run between May of 2023 and August of 2023. The monetary value of the free consulting services donation is \$149,760.

The Donor Services will be a team of 6 employees giving approximately 20% time to assist the department with this work over the course of 16 weeks. At the end of the Project, the Donor will provide the Department with a ready to share program blueprint and toolkit for the City's guaranteed income pilot program for low-income transgender residents that can be used to disseminate the program's model and findings to other metropolitan cities. The parties acknowledge and

agree that deliverables provided under this agreement are subject to applicable public disclosure laws, including the City's Sunshine Ordinance.

Unless specifically agreed upon in advance by Department, all work product and deliverables prepared in whole or in part by Donor under this Agreement shall be the property of City. However, Donor may retain and use copies for reference and as documentation of the volunteer experience and capabilities.

If, in connection with consulting services provided under this Agreement, Donor creates artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Donor under this Agreement are not works for hire under U.S. law, Donor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Donor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

The Department hereby agrees to accept the Donor Services, and will use its discretion in deciding how to deploy or implement the Donor Services. The parties acknowledge and agree that the Donor Services are for the benefit and use of the City, without restriction.

Donor and Department acknowledge and agree that the Civic Bridge Program will not be used for the Department's general acquisition of goods and services otherwise subject to the requirements of the San Francisco Administrative Code. Nothing in this Agreement shall prohibit Donor from participating in a competitive solicitation or otherwise contracting with City or Department to provide City with goods or services if done in compliance with all applicable City procurement and solicitation rules, regulations, policies, and procedures and all applicable conflict-of-interest laws. If Donor is instrumental in developing the scope of work for a future procurement, then the Donor is prohibited from bidding on that future procurement. The Donor acknowledges and agrees that under certain laws, including California Government Code section 1090, involvement in preparing for a procurement may disqualify a Donor from participating in a later competitive bid process or from having any direct communication with or receiving any compensation or other benefit from a bidder, contractor, or vendor with respect to a resulting procurement.

2. No Employment Relationship.

Donor acknowledges and agrees that providing Donor Services for the City does not create any employment relationship or expectation of a future employment

relationship between the Donor and the City or its Department. Donor acknowledges and agrees that the City may, in its sole discretion, provide Donor with access to certain City resources but that the provision of such access shall in no way be construed as creating, or giving rise to, any employment relationship. The City may reject Donor's services at any time without notice or hearing or cause.

The City or Department will not provide any compensation of any kind to the Donor for the Donor Services provided under this Agreement, and no expenses of any kind will be reimbursed. Donor shall not represent or hold him or herself out to be an employee of the City at any time.

Prior to beginning the Donor Services, Donor shall execute an acknowledgement, in a form acceptable to the City, that he or she is not an employee of the City.

3. Proprietary or Confidential Information of City.

If this Agreement requires City to disclose "Private Information" to Donor within the meaning of San Francisco Administrative Code Chapter 12M, Donor and Donor's employees shall use such information only in accordance with the restrictions stated in Chapter 12M and in this Agreement and only as necessary in performing the Donor Services. Donor is subject to the enforcement and penalty provisions in Chapter 12M.

In the performance of Donor Services, Donor may have access to City's proprietary or confidential information, the disclosure of which to third parties may damage City. If City discloses proprietary or confidential information to Donor, such information must be held by Donor in confidence and used only in performing the Agreement. Donor shall exercise the same standard of care to protect such information as a reasonably prudent business entity would use to protect its own proprietary or confidential information.

The City or Department shall not make available to Donor access to City information system networks that are not available to the public without the consultation (and approval) of the City's Chief Information Security Officer.

The City or Department shall not make available to Donor Protected Health Information ("PHI"), which means any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual; and (ii) that identifies the individual or where there is a reasonable basis to believe the information can be used to identify the individual, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501. Protected Health Information includes Electronic Protected Health Information (45 C.F.R. Sections 160.103, 164.501). If PHI is inadvertently

produced to Donor, Donor shall immediately return the PHI and shall not use or disclose the PHI in any manner.

4. **Workers Compensation.** Donor acknowledges and agrees that the City is not obligated to and does not carry any insurance for Donor, and any condition, illness or injury that Donor suffers in the performance of the Donor Services shall be covered by the Donor's insurance.
5. **Use of City and County Property for Business Purposes Only.** All City equipment, devices, materials, supplies, furnishings (e.g., photocopiers, telephones, computers, printers, vehicles, stationary, fax machines) must be used only to conduct City business. Use of City property for personal, political, or other non-City business is strictly prohibited and could lead to the City's rejection of further Donor Services from the Donor.

6. **Indemnity.**

Donor agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of Donor in the performance of the Donor Services to be provided under this Agreement, except those arising by reason of the negligence of the City, its officers, employees and agents.

Donor also agrees to defend, indemnify and hold harmless the City, its officers, employees and agents, from any and all suits or claims for infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark, or any other proprietary right of any person or persons in consequence of the use by the City, or any of its boards, commissions, officers, or employees of articles or services to be supplied in the performance of Donor's services under this Agreement.

City agrees to defend, indemnify and hold harmless Donor from any and all acts, claims, omissions, liabilities and losses by whomever asserted arising out of acts or omissions of City in its obligations under this Agreement, except those arising by reason of the sole negligence of Donor.

In the event of concurrent negligence of City, its officers, employees and agents, and Donor, the liability for any and all claims for injuries or damages to persons and/or property shall be apportioned under the California theory of comparative negligence as presently established or as may hereafter be modified.

7. **Effective Date; Term; Termination.**

The effective date of this Agreement shall be May 3, 2023. The term of this Agreement shall commence on the effective date, and shall end on August 18, 2023, provided that the City can reject all or any part of the Donor Services being

provided under this Agreement at any time upon written notice. Either party may terminate this Agreement, at any time during the term hereof, for convenience and without cause, by giving the other party written notice of termination.

8. **Notices.** Unless otherwise indicated elsewhere in this Agreement, all written communications sent by the parties may be by U.S. mail, e-mail or by fax, and shall be addressed as follows:

To Department: Pau Crego, pau.crego@sfgov.org, 1800 Market St suite 100, San Francisco, CA 94102, USA

To Donor: Ed O'Brien Hogan, eobrienhogan@zendesk.com, 989 Market Street, San Francisco, CA 94103

Either party may change the address to which notice is to be sent by giving written notice thereof to the other party. If e-mail notification is used, the sender must specify a Receipt notice.

9. **Modification.** This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.
10. **Governing Law; Venue.** The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California, without regard to its conflict of laws principles. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.
11. **Entire Agreement.** This Agreement sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the date first specified herein.

Hi Mat,

Thanks for chatting just now. As requested, I confirm our match and planned project for this spring's pro bono engagement with Civic Bridge and we look forward to partnering with SFO over the next few months.

I will keep you updated on the signed LOI in hopes we can provide it to you before the board meeting. Once your legal team has reviewed and returned the volunteer agreement we will begin that signatory process too.

I am just waiting to hear back from our 6th volunteer and hope to share the full list of names with you soon so you can send them a welcome note.

Please let me know if there is anything else needed from us at this time. Looking forward to kicking things off in a few weeks!

Alex
