Rev **Threshold** 4/23/2023 i. Applicant acknowledges that the Eligible Projects under this project type must provide evidence of site control (as defined in §300) within 60 days from the date of the conditional award. Note: Failure to meet this requirement will rescind the conditional award. ii. Applicant acknowledges that the Eligible Projects under this project type must meet the following threshold requirements (a-d below), within 90 days from the date of the conditional award. Note: Failure to meet this requirement will rescind the conditional award. a. Relocation narrative, as defined in §300; b. Appraisal, as noted in the Application Upload Checklist; c. PNA or equivalent evidence of rehabilitation costs, as noted in the Application Upload Checklist; and d. Phase 1 ESA or equivalent, as noted in the Application Upload Checklist. §203 Geographic Distribution and Allocations - Homeless Youth Allocation Unless otherwise indicated, all scoring criteria and other NOFA provisions shall govern the allocation awards provided under this NOFA. Homekey Projects are not required to serve only Homeless Youth, or Youth at Risk of Homelessness. Homekey Projects proposing to serve Homeless Youth, or Youth at Risk of Homelessness, may also serve other qualifying members of the Target Population. At the close of the application period, any unused funds from this allocation shall be reallocated to the Discretionary Reserve and shall be subject to the prioritization methods therein. Applicant acknowledges that to qualify under Homeless Youth Allocation, Projects that meet the threshold requirements of Article III, as well as the following criteria, will be prioritized for Homeless Youth allocation funds: - Have at least 25% of Assisted Units reserved for Homeless Youth or Youth at Risk of Homelessness; - Have jointly applied and/or partnered with a nonprofit corporation(s), including community-based organization(s), with at least three years of experience serving current or former Foster Youth, Homeless Youth, or Youth at Risk of Homelessness; and · Provide Supportive Services for Youth Assisted Units using a Positive Youth Development (PYD) model and trauma- informed care. Services may include, but are not limited to, case management, income supports, educational and employment counseling, life skills, legal assistance, health and wellness, and family connection services. §303 Other Requirements i. Applicant acknowledges that Homekey may fund all units in a Project or a portion of the units. If seeking Homekey funding for a portion of the units in a given project, Applicants must identify committed sources for the non-Homekey units. The non-Homekey units are not required to serve the Homekey Target Population and may therefore be restricted at higher AMI levels, which may help promote project feasibility. a. If at time of acquisition, an existing tenant's household income is at or below 50% AMI, but the tenant does not qualify as a member of the Target Population, the tenant may remain in place and the unit may still be funded by Homekey. When, in the course of normal tenant turnover, the ineligible household moves from the unit, the Applicant acknowledges that the unit shall thereafter be occupied by the Target Population? Note: There should be no more than 49 percent of the Assisted Units that do not meet the Target Population at the time of acquisition. An existing household who meets the Target Population definition or was a member of the Target Population at the time they moved into the property will not be counted towards the 49 percent cap. Evidence confirming that existing tenants qualify as either at or below 50% AMI or Target Population will be required of the Applicant. ii. Applicant acknowledges that at year 15 from the recordation of the Affordability Covenant, in circumstances where the Grantee has exhausted available operating funding and demonstrated to the Department that the Project is no longer feasible, the Department may approve an increase in income levels, to the minimum extent required for fiscal integrity, in five percent increments of Assisted Units up to 50 percent AMI? iii. Applicant acknowledges that the Department reserves the right to set restrictions on the unit mix, rent levels, and other factors deemed necessary. To the maximum extent possible, these changes shall minimize the impact on the lowest income Project residents and shall be phased in as gradually as possible. If, following any increase in rents and income limits, or modification of Target Population occupancy requirements, new resources become available, or market demand changes, allowing reversion to the former income and rent limits or Target Population occupancy requirements, the Department may re- impose these income limits and rent limits or Target Population occupancy requirements, in whole or in part, subject to an analysis of Project feasibility? iv. Applicant acknowledges that in addition to §300 above, Applicants purchasing affordability covenants and restrictions will also be evaluated on the following requirements: a. The Grantees that purchase affordability covenants and restrictions for existing residential units shall restrict those units to individuals and families who are Homeless or who are At Risk of Homelessness, as defined in 24 CFR part 578.3. Such restriction shall run for 55 years. v. Applicant acknowledges that in addition to §300 above, master leasing projects will also be evaluated on the following requirements: a. The Grantee shall provide a 15-year plan from the recordation of the use restriction to cover operations and service costs for the Project with specific funding sources (government/philanthropic/private). vi. Applicant acknowledges that Homekey Grantee(s) shall not, for the duration of this Agreement, sell, assign, transfer, or convey the Project, or any interest therein or portion thereof, without the express prior written approval of the Department? §500 Article XXXIV Applicant acknowledges per HSC §37001, subdivision (h)(2), article XXXIV, §1 of the California Constitution is not applicable to a development that consists of the acquisition, rehabilitation, reconstruction, alterations work, new construction, or any combination thereof, of lodging facilities or dwelling units using moneys received from the CSFRF established by the federal American Rescue Plan Act of 2021 (ARPA) (Public Law 117-2)? As such, Article XXXIV is not applicable to Homekey funded development. §501 Housing First Applicant acknowledges that the Eligible Applicant shall certify to employ the core components of Housing First, as set forth at Welfare and Institutions Code section 8255(b), in its property management and tenant selection practices? Projects shall accept tenants regardless of sobriety, participation in services or treatment, history of incarceration, credit history, or history of eviction in accordance with practices permitted pursuant to Housing First practices, including local Coordinated Entry System prioritization protocols, or other federal or state Project funding sources. §502 Tenant Selection and Participant Selection Applicant acknowledges that referrals to Homekey Assisted Units shall be made through the local Coordinated Entry System (CES) or another comparable prioritization system based on greatest need. All referral protocols for Homekey Assisted Units must be developed in collaboration with the local CoC and implemented consistent with the requirements set forth in this NOFA. CoC collaboration in Project and Supportive Service design is also strongly encouraged to help target and serve greatest need populations. If referrals will be made using a prioritization system other than CES, the Applicant must describe the plan for tenant and participant selection, and it shall be reasonably detailed and comprehensive, as determined by the Department in its sole and absolute discretion. For Grantees utilizing HOME-ARP funds as match, this includes descriptions of any system that are consistent with HOME-ARP referral methods as described in HUD Community Planning and Development (CPD) Notice 21-10. The CES Participation and CoC Coordination document can be found on the Homekey website. "Article VII(xiv) "Enforceable Funding Commitment" means a letter or other document, in form and substance satisfactory to the Department, which evidences an enforceable commitment of funds or a reservation of funds by a Project funding source, and which contains the following: a. The name of the Applicant; b. The Project name; c. The Project site address, assessor's parcel number, or legal description; and d. The amount, interest rate (if any), and terms of the funding source. The Enforceable Funding Commitment may be conditioned on certain standard underwriting criteria, such as appraisals, but may not be generally conditional. Examples of unacceptable general conditions include phrases such as "subject to senior management approval," or a statement that omits the word "commitment," but instead indicates the lender's "willingness to process an application" or indicates that financing is subject to loan committee approval of the Project. Contingencies in commitment documents based upon the receipt of tax-exempt bonds or low-income housing tax credits will not disqualify a source from being counted as committed.

Note: Where local sources may be dependent upon future budget allocations or are in the process of being allocated, Applicants can demonstrate funding commitments by submitting one of the following:

i. An executed authorizing resolution from the governing body of the Local Public Entity describing the intent to commit the funds to the Eligible Project (by name) upon allocation approval, or

ii. A formal letter, on official letterhead, from the Local Public Entity's governing body or from an official with authority, that demonstrates the Local Public Entity's intent to commit funds to the Eligible Project (by name) upon allocation approval. These funding commitments will be noted in the Homekey Standard Agreement.

Applicant comments: Include a description of balloon payments and unusual or extraordinary circumstances that have resulted in higher than expected Project costs and provide a justification as to why these costs are reasonable.

#### **Applicant Documents**

Rev 4/23/2023

#### **Certifications & Legal Disclosure**

A completed and signed Certification is required for each Joint Applicant. Each Joint Applicant must sign an individual Certification form. A completed and signed Legal Disclosure is also required for each Joint Applicant. The hard copy Certifications & Legal Disclosure should be submitted with the application as detailed in the NOFA.

#### Resolutions

Applicant may use their own Resolution format as long as it contains ALL of the authorizations as in the sample.

The person attesting to the resolution signing cannot be the same person authorized to execute the documents in the name of the applicant.

If more than one authorized signatory is identified, state whether both signatories are required or only one signatory is required to submit and execute Program docs. If the application is being signed by a designee of the authorized signatory, the applicant must also submit a designee letter or other proof of signing authority.

A resolution is required of each Joint Applicant - both private and public entities. A sample resolution template is available on the Homekey website.

#### **Organizational Documents**

#### Organizational documents are required for all Applicants except Governmental entities are not required.

Submit organizational documents supporting the Resolution submitted with the application.
