Rules Committee and Board of Supervisors
City and County of San Francisco
1 Dr. Carlton B. Goodlett Place, Room 244
San Francisco, CA 94102

To the Rules Committee and Board of Supervisors:

I am writing to express my *supreme* interest in serving on the San Francisco Sunshine Ordinance Task Force, as an appointee to one of its vacant seats. I believe that my skills, experience, and passions are characterized by a high degree of congruence with the criteria you are looking for in prospective members of the Task Force.

I currently work at MAPLight.org, a nonprofit, nonpartisan organization based in Berkeley that seeks to reveal the connections between campaign contributions and legislative outcomes, making our findings freely available to the public, and seeking to inform as many citizens as possible about their lawmakers' voting records as well as the efforts of special interests seeking to influence legislative decisions. At the moment, we focus on the California State Legislature as well as U.S. Congress, so I am well versed in the legislative processes of both the state of California and the Federal Government.

I have a great deal of practice in monitoring current legislative affairs and news events in order to pinpoint specific issues that are worthy of illumination so that they become more transparent to the public. Through my work with the communications team at MAPLight.org, I have gained experience responding to requests from journalists and citizens to investigate specific issues, pieces of legislation, and actions of particular lawmakers, generating rigorously and objectively researched reports and disseminating them widely for public consumption.

Even prior to my employment at MAPLight.org, transparency was an issue of the utmost importance to me. While serving as a member of the Harvard First-Year Outdoor Program's Steering Committee, which had historically been a fairly closed and exclusive governing body, I made it a priority to increase the visibility of our decision-making process to the program's broader community, proposing the adoption of an open application process for appointments to the program's leaderships positions (as opposed to the Steering Committee's self-generated selection of appointees, which was the system in place when I began my service) and helped to develop a blog documenting the proceedings of committee meetings for program members to view.

With each passing day, my interest in and commitment to transparency grows stronger. I am thoroughly convinced that it is one of the highest ideals we can strive for, in large part because I know it is a vital element of a healthy and effective democratic government. Citizens must have access to information if they are to make the kind of informed decisions necessary to keep representative government responsive to the interests of its constituents, as it is intended to be.

The unfortunate truth is that, at this moment in time, there are far too many instances in which this is not the case. That said, the work of groups like the Sunshine Ordinance Task Force fills me with hope that this is not an inevitability – that together, citizens can bring about a government that is ever more accessible to its people.

I would be truly honored to have the opportunity to contribute to that effort here in San Francisco, and I promise you that I will bring everything that I am to the achievement of its end.

Please don't hesitate to be in touch if you need any more information from me. And thank you so much for your time and consideration.

Best wishes,

Jay Costa

**Sunshine Ordinance Task Force Application for Seat 7
(Supplemental Sheet for Applicant Ron Kelley)**

Two Pages

Qualifications:

I have a strong background in computer technology, journalism, and media. Thus, I've had a front-row seat to the development of enhanced digital technology that should make privacy and open-government advocates extremely wary. The degree of surveillance and cloaking possible today is exponentially greater than just a year ago. Surveillance is on the rise and free, public access to government decision making is waning. The startup company I work for specializes in these areas and has developed the capability, for good or bad, to render any computing environment 100% secure from the effects of hacking, viruses, and spyware.

As a journalist and separately as a political organizer, I have witnessed first-hand how closed government hearings and sessions weaken our democratic institutions dramatically. I don't believe this is a Democrat vs. Republican issue. It's not a liberal vs. conservative problem. I welcome a debate on the merits of any policy issue and any resulting compromise. That's true governing and part of a healthy process.

But when this process takes place behind closed doors, the public is stripped of its ability to determine if elected officials are competent or corrupted by moneyed interests. Corruption can not continue to exist in the light of awareness. So not only does the public have a right to know, it turns out that public scrutiny is a required safeguard for our democratic institutions. Preserving the public's right to know, barring provable security and privacy risks, directly protects our civil liberties in a fundamental and essential way. Without vigilance in this area, the democracy we inherited from generations before us is at risk.

Education:

B.A. English, magna cum laude, Creative Writing minor, State University Long Beach, Long Beach, CA; Two years as editor at a weekly newspaper, Lane Community College, Eugene, OR with course work in media law, emphasizing the public's right to know as it pertains to open-government and privacy issues. Film Arts Foundation film school, San Francisco, CA; Rocky Mountain Film School, Boulder, CO; BATS Improv graduate, San Francisco, CA; Improv Works graduate, San Francisco, CA; Various certificates.

Business and/or professional experiences:

Currently employed at Vir2us, a startup company with advanced cyber-security technology that immunizes all computing environments from hacking, viruses, and spyware. Also have run my own IT consultancy for 20 years;

Previous experience: Systems Analyst and Network Administrator for 400-computer network, Town School for Boys, San Francisco, CA; Beat reporter, bureau head for the daily The Eugene Register Guard, Eugene, OR; Writing instructor, University of

cont. 

Colorado, Boulder, CO; Director of film school, Film Arts Foundation, San Francisco, CA; Theatre Bay Area staff, Callboard magazine, San Francisco, CA

Civic Activities:

I was involved heavily as staff, a member, or volunteer with media organizations in San Francisco, such as Film Arts Foundation, Theatre Bay Area, BVAC, and Media Alliance. I co-founded the Community Health and Education Clinic in Eugene, OR, a membership-run health clinic, which provided working- and middle-class neighborhoods with health care services. I was a corporate officer for the reforestation company Hoedads, the second largest cooperative in U.S. history; we were in the forefront of protecting local forests and small-woodlot owners from toxic sprays, deforestation, and wildlife decimation. I co-founded the forestry department for Lane County, Oregon, to continue this work. I was a consultant for numerous cooperatives and collectives throughout the Pacific Northwest. I have pushed successfully for open-hearings in a University setting. I was a principal five-state regional coordinator of efforts to end our involvement in Vietnam.

I support Electronic Frontier Foundation and Electronic Privacy Information Center campaigns to protect privacy and transparency in government and corporations. I am a strong advocate for Net Neutrality and lobbied to hold the government and telcoms liable for wiretapping American citizens. I support Avaaz.org, an international watchdog group that works tirelessly on an eclectic array of issues, including exposing the Japanese government's attempts to stack The Whaling Commission, Iran's attempts to stone Sakineh Ashitani for adultery, and Myanmar's house arrest of Aung San Suu Kyi. I support Amnesty International and other groups advocating for the humane treatment of citizens throughout the world and their protection from the tyranny of closed governments. I support groups, such as Human Rights Watch, Center for Democracy, Reporters Without Borders, and the World Future Fund, that monitor Internet censorship in China, France, Germany, Iran, the U.S., and other countries throughout the world. I am a supporter of the Human Rights Campaign's efforts to overturn DADT in the military, and I support the overturn of Prop 8 and any laws that deny equal civil rights to our gay and lesbian citizens. I support the efforts of Death Penalty Focus to find alternatives to the death penalty. I am a strong advocate of election reform and legislation to curtail the worst of the Citizens United decision by the Supreme Court. And I am a member supporter of mediation experts Search for Common Ground and a signatory of the Charter for Compassion.

The Committee Members will meet to consider your appointment to the Sunshine Ordinance Task Force.

There are no set instructions on what you are expected to tell the Rules Committee. However, a brief description of your qualifications, reasons for interest in the subject, or a short discussion of why you feel you would make a good candidate is appropriate.

Please respond before Tuesday, March 1, 2011, whether or not you will be able to attend the meeting.

Addendum to Chris Hyland's Application for Appointment to:
Sunshine Ordinance Task Force

Dear Supervisors,

I wanted to forward an addendum to my application for the SOTF, and I hope this makes it to you in time to review for this thursday's (3/3/11) meeting.

I have had the fortune of traveling extensively as a child (my father was a career diplomat –an Ambassador from the United Nations) and have lived in countries such as Sudan, Turkey, Bangladesh, and Oman. This experience was an education in itself, teaching me to converse (I speak several languages), empathize and relate to people from all walks of life. I spent my formative years in the british boarding school system, and completed my undergraduate degree at Georgetown and my MBA at Johns Hopkins University.

I moved to San Francisco seven years ago to be closer to my brother, and recently bought a house in the mission. I am now here to stay, and I would like to give back to my community and to this beautiful city which I now call home. Professionally I am a seasoned executive/IT recruiter in the Department of Defense/ Intelligence Community which is an industry regulated by compliance requirements such as OFCCP, FSLA & EEO. Recently, I began consulting to an 8a, minority and veteran-owned IT consulting business based in San Francisco.

I answered no to the last question on the application – namely attendance of any SOTF meetings, but I have listened to audio records of meetings, read the annual reports and ancillary material provided on the sfgov.org site. Additionally, I have watched video records of Supervisors meetings, as well as other commission meetings (there does not appear to be any video records of SOTF meetings).

My motivation for volunteering for the SOTF in particular is that it appears to be an all-encompassing entity, coming into contact with many other city offices, as well as directly with the public. Transparent governance, whether it be corporate or in the public sector, is becoming increasingly important in today's world. I cannot think of a better place than the SOTF to start what I hope will be a long record of service to the city.
