[Planning, Building, Fire Codes - Small Business Month Fee Waivers Including for Awning Installation]

Ordinance amending the Planning, Building, and Fire Codes to codify the annual waiver of awning replacement fees and awning sign fees applied for during the month of May, to annually waive fees for new awning installations applied for during the month of May, and to indicate that the Planning Code, Building, and Fire Code waivers pertaining to pedestrian street lighting as well as awning replacement, awning installation, and awning sign fees are keyed to permit application in May rather than permit issuance in May; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

NOTE: **Unchanged Code text and uncodified text** are in plain Arial font.
Additions to Codes are in *single-underline italics Times New Roman font*.
Deletions to Codes are in ~~*strikethrough italics Times New Roman font*~~.
Board amendment additions are in double-underlined Arial font.
Board amendment deletions are in ~~strikethrough Arial font~~.
Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Land Use and Environmental Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

Supervisors in File No. 230212 and is incorporated herein by reference. The Board affirms this determination.

(b) On _____, the Planning Commission, in Resolution No. _____, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. _____, and is incorporated herein by reference.

(c) Pursuant to Planning Code Section 302, the Board finds that this Planning Code amendment will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. _____, and the Board incorporates such reasons herein by reference. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. _____.

Section 2. Background and Findings.

(a) Annually, May is Small Business Month, during which the Board of Supervisors recognizes the importance of small businesses in San Francisco. As part of this recognition, each year during Small Business Month, there are waivers of various local permit fees that have acted as a bar for many small businesses to improve their building facades and store fronts. Fee waivers include fees for the replacement of awnings, signs on awnings, and installation of pedestrian level lighting. These existing fee waivers are contained in an uncodified Section 4 of Ordinance No. 149-16 in Board of Supervisors File No. 160632 and in Tables 1A-A and 1A-E of the Building Code. This ordinance would codify the existing awning fee waivers, and, in addition, expand fee waivers to include the installation of new awnings, waive plan review and inspection fees of the aforementioned awning and lighting permits

under the Fire Code, and key the Planning, Building, and Fire Code fee waivers to application for the permit in May rather than issuance of the permit in May.

(b) On April 19, 2023, at a duly noticed public hearing, the Building Inspection Commission considered this ordinance in accordance with Charter Section D3.750-5 and Building Code Section 104A.2.11.1.1. A copy of a letter from the Building Inspection Commission regarding the Commission's recommendation is on file with the Clerk of the Board of Supervisors in File No. 230212.

(c) No local findings are required under California Health and Safety Code Section 17958.7 because the amendments to the Building Code contained in this ordinance do not regulate materials or manner of construction or repair, and instead relate in their entirety to administrative procedures for implementing the code, which are expressly excluded from the definition of a "building standard" by California Health and Safety Code Section 18909(c).

Section 3. Article 3.5 of the Planning Code is hereby amended by revising Section 350, to read as follows:

SEC. 350. FEES.

* * * *

(j) **Deferred or Reduced Fee; Fee Waivers.**

(1) Any fraternal, charitable, benevolent, or any other nonprofit organization, that is exempt from taxation under the Internal Revenue laws of the United States and the Revenue and Taxation Code of the State of California as a bona fide fraternal, charitable, benevolent, or other nonprofit organization, or public entity, that submits an application for the development of residential units all of which are affordable to low and moderate income households, as defined by the United States Housing and Urban Development Department,

for a time period that is consistent with the policy of the Mayor's Office of Housing and Community Development and the Successor to the San Francisco Redevelopment Agency, may defer payment of the fees except those for discretionary review and appeals to the Board of Supervisors until (A) before final Planning Department approval of the building permit, preparatory to issuance of the building permit, before the building permit is released to the applicant, or (B) within one year of the date of action on the application, whichever comes first. This ~~*exemption*~~ *deferral provision* shall apply notwithstanding the inclusion in the development of other nonprofit ancillary or accessory uses. Should the project be withdrawn prior to final Planning approval, the applicant shall pay time and material costs pursuant to Section 350(g).

(2) An exemption from paying the full fees specified for discretionary review or appeals to the Board of Supervisors may be granted when the requestor's income is not enough to pay for the fee without affecting ~~*his or her abilities*~~ *their ability* to pay for the necessities of life, provided that the*y* ~~*person seeking the exemption*~~ demonstrate~~s~~ to the Planning Director or ~~*his/her*~~ *the Director's* designee that ~~*he or she*~~*they* would be substantially affected by the proposed project.

(3) Certain of the fees charged in accordance with subsections (b) and (c) are subject in some circumstances to waiver, as stated in Section 4 of Ordinance No. 149-16 in Board of Supervisors File No. 160632*, or as stated below. Description of the waivers below does not affect the other waiver provisions in Section 4 of Ordinance No. 149-16.*

Small Business Month Fee Waivers: No Planning Department fees shall apply to a Small Business that applies for a permit for awning replacement, awning installation, or signs on awnings during the month of May. For purposes of this subsection (j)(3), a Small Business shall be a business with a total workforce of 100 or fewer fulltime employees. To the extent this provision for Small

Business Month Fee Waivers differs from the description in subsection (f) on page 43 of Ordinance No. 149-16, this provision governs.

Section 5. Chapter 107 of the San Francisco Fire Code is hereby amended by revising Section 107.17, to read as follows:

107.17. ~~***Reserved***~~**.** ***[FOR SF] Small Business Month Fee Waivers.***

Notwithstanding the fees established herein, all plan review and inspection fees related to reviewing the structural integrity of awning replacements, awning installations, and installation of pedestrian level lighting for permits submitted "over the counter" at the Central Permit Bureau are hereby waived for any Small Business that applies for a permit for such activities during the month of May. For purposes of this Section, a Small Business shall be a business with a total workforce of 100 or fewer fulltime employees.

Section 6. Effective Date; Retroactivity.

(a) This ordinance shall become effective 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the ordinance.

(b) The Board of Supervisors intends that this ordinance be operative during the entirety of May 2023, which is Small Business Month. To effectuate this intent, the operative provisions of this ordinance shall be retroactive to May 1, 2023 should the effective date of the ordinance occur after May 1, 2023. If any fees that are waived by this ordinance have been collected prior to its effective date, said fees shall be promptly refunded on or after the effective date of the ordinance.

Section 7. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this ordinance as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the ordinance.

Section 8. Effect of Ordinance on Ordinance No. 149-16; Directions to Clerk of the Board of Supervisors.

(a) This ordinance overlaps with subsection (f) on page 43 of Ordinance No. 149-16, duplicating some of that subsection's features but making some changes. To the extent the provisions of this ordinance differ from those of Ordinance No. 149-16, the provisions of this ordinance govern. This ordinance therefore supersedes subsection (f) on page 43 of Ordinance No. 149-16.

(b) Upon the effective date of this ordinance, the Clerk of the Board of Supervisors shall place a copy of this ordinance in Board File No. 160632, the file for Ordinance No. 149-16. LEGISLATIVE DIGEST
(Substituted, 03/21/2023)

[Planning, Building, Fire Codes - Small Business Month Fee Waivers Including for Awning Installation]

Ordinance amending the Planning, Building, and Fire Codes to codify the annual waiver of awning replacement fees and awning sign fees applied for during the month of May, to annually waive fees for new awning installations applied for during the month of May, and to indicate that the Planning Code, Building, and Fire Code waivers pertaining to pedestrian street lighting as well as awning replacement, awning installation, and awning sign fees are keyed to permit application in May rather than permit issuance in May; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and making findings of public necessity, convenience, and welfare pursuant to Planning Code, Section 302.

Existing Law

May is Small Business Month in San Francisco. (See Administrative Code Section 2A.240(a)(7).)

Planning Code Section 350 authorizes the Planning Department to charge fees to compensate the Department for the cost of processing applications, developing and revising land use controls, and performing or providing other activities and services. Currently, such fees are contained in Ordinance No. 149-16.

Planning Code Section 350(j) provides for waivers or reductions of certain fees. Certain waivers are contained in Ordinance No. 149-16, which includes a waiver for permit fees for awning replacement and signs on awnings during the month of May for a Small Business Enterprise.

Building Code Section 110A contains the schedule of fees for building permits. Table 1A-A contains a fee waiver for awning replacements for a Small Business Enterprise during the month of May. Table 1A-E contains a fee waiver for pedestrian-level lighting permits for a Small Business Enterprise during the month of May.

Fire Code Section 107 contains the schedule of fees for plan review and inspection. Table 107-B contains the fee schedule for plan review. Table 107-C contains the schedule of fees for field inspections.

Amendments to Current Law

This ordinance would amend Planning Code Section 350(j) to codify the existing planning fee waivers for Small Businesses. It would also add a fee waiver for new installation of awnings during the month of May.

This ordinance would also amend Building Code Section 110A to add the building permit fee waiver for new installation of awnings for Small Businesses during the month of May and make additional clarifying edits.

This ordinance would amend Section 107 of the Fire Code to add a waiver of plan review and inspection fees for awning replacements, awning installations, and installation of pedestrian level lighting for Small Businesses during the month of May.

This ordinance also clarifies that the fee waivers are available to Small Businesses that apply for a permit during the month of May. The ordinance defines a “Small Business” as one with a total workforce of 100 or fewer fulltime employees.

The operative provisions of this ordinance shall be retroactive to May 1, 2023 should the effective date of the ordinance occur after May 1, 2023.

This ordinance also contains provisions that overlap with subsection (f) on page 43 of Ordinance No. 149-16. To the extent the provisions of this ordinance differ from those of Ordinance No. 149-16, the provisions of this ordinance govern.

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

Findings

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

The proposed Ordinance will codify an existing fee waiver program for small businesses seeking permits during the month of May to legalize awnings, signs on awnings, or pedestrian lighting.

The proposed Ordinance expands the existing fee waiver program to also waive permit fees for new awning installations and all signs.

General Plan Compliance

The proposed Ordinance and the Commission's recommended modification is consistent with the following Objectives and Policies of the General Plan:

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 2
MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

Policy 2.3
Maintain a favorable social and cultural climate in the city in order to enhance its attractiveness as a firm location.

OBJECTIVE 4
IMPROVE THE VIABILITY OF EXISTING INDUSTRY IN THE CITY, THE EQUITABLE DISTRIBUTION OF INFRASTRUCTURE, AND THE ATTRACTIVENESS OF THE CITY AS A LOCATION FOR NEW INDUSTRY.

Policy 4.1
Maintain and enhance a favorable business climate in the city.

OBJECTIVE 6
MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

URBAN DESIGN ELEMENT

OBJECTIVE 4
IMPROVEMENT OF THE NEIGHBORHOOD ENVIRONMENT TO INCREASE PERSONAL SAFETY, COMFORT, PRIDE AND OPPORTUNITY

The proposed Ordinance provides a gesture of goodwill for small businesses by waiving certain permit fees during the month of May. Planning Code Section 101 Findings

The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

   The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

   The proposed Ordinance would not have a negative effect on housing or neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced;

   The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;

   The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

   The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

   The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

7. That the landmarks and historic buildings be preserved;

EXECUTIVE SUMMARY
PLANNING, BUILDING, AND FIRE CODE TEXT AMENDMENT

HEARING DATE: May 4, 2023

90-Day Deadline: June 22, 2023

Project Name:	Small Business Month Fee Waivers Including for Awning Installation
Case Number:	2023-002633PCA [Board File No. 230212]
Initiated by:	Supervisor Engardio / Introduced March 21, 2023
Staff Contact:	Veronica Flores, Legislative Affairs veronica.flores@sfgov.org, 628-652-7525

Recommendation:	Approval with Modifications

Planning Code Amendment

The proposed Ordinance would amend the Planning, Building, and Fire Codes to codify the annual waiver of awning replacement fees and awning sign fees applied for during the month of May, to annually waive fees for new awning installations applied for during the month of May, and to indicate that the Planning Code, Building, and Fire Code waivers pertaining to pedestrian street lighting as well as awning replacement, awning installation, and awning sign fees are keyed to permit application in May rather than permit issuance in May.

The Way It Is Now:	**The Way It Would Be:**
The Small Business Month Fee Waiver Program is currently listed in the Building Code's Fee Table, an uncodified section of the Code.	This fee waiver program would be codified in the Planning, Building, and Fire Codes.
This program applies to permit fees related to awning replacements, sign copy on awnings, and pedestrian street lighting for permits issued in the month of May.	This program would also apply to permits for new awnings. The Fee Waiver Program would apply to awning permits that are *applied for* in May, regardless of when the permit is issued. This Ordinance would be retroactive to May 1, 2023.

The Way It Is Now:	The Way It Would Be:
Small businesses are eligible for this fee waiver program if they have 100 or fewer employees, as verified jointly by the Planning Department and Department of Building Inspection.	Small businesses would be eligible for this fee waiver program if they have 100 or fewer full-time employees.

Background

The proposed Ordinance seeks to codify an existing program-wide fee waiver within the Planning, Building, and Fire Codes. This fee waiver program first started in 2012[1] and renewed annually until 2014, during which time it was made permanent.[2] It was previously included in Planning Code Section 355. In 2016, Section 355 was repealed and the fee waiver program was then moved to Table 1A-A – Building Permits Fees of the Building Code,[3] which is an uncodified section of the Code. The proposed Ordinance seeks to codify and expand this existing fee waiver program again for transparency.

Small Business and Building Inspection Commissions

The Small Business Commission held a public hearing on March 13, 2023 and unanimously recommended approval of the Ordinance. As part of their approval, the Small Business Commission noted that this will help businesses that may not have permits for their awnings or that have received Notices of Violation for noncompliant awnings by waiving costly permitting fees. Additionally, the Building Inspection Commission held a public hearing on March 15, 2023, and also unanimously recommended approval of the proposed Ordinance.

Issues and Considerations

Small Business Month Fee Waiver

May is Small Business and Building Safety Month (Small Business Month) and the Board of Supervisors adopted legislation to support small businesses by waiving various local permit fees for the month of May. This program began as a pilot program in 2012 and was renewed annually until 2014, at which time the program was made permanent. The fee waiver applies to permits for the replacement of awnings, signs on awnings, and installation of pedestrian level lighting as these fees have acted as a barrier for many small businesses to improve their building facades and store fronts.

Small Business Verification

The original Ordinance required the Planning Department and the Department of Building Inspection to verify qualifying small businesses based on the total number of employees. Currently, there is no such process in place because these two Departments do not have access to employee information. The proposed Ordinance removes this responsibility from the Planning Department and the Department of Building Inspection. Instead, Supervisor

[2] Board File No. 140312, Ordinance 63-14
[3] Board File No. 160632, Ordinance 149-16

Engardio is working with the Department of Building Inspection to revise the applicable permit forms so that the applicant is responsible for disclosing, under penalty of perjury, whether or not they qualify for the program.

Fiscal Impact

Since the Small Business Fee Waiver program was made permanent, approximately 50 qualifying awning permits had their fees waived. Table 1 shows this is approximately 7.8% of the total awning permits applied for during this same timeframe.

Source: Planning Department data pulled on March 28, 2023.

Based on today's permit fees listed in Table 1A-A – Building Permits Fees of the Building Code, this resulted in approximately $8,370 permit fees waived under this program for 50 signs. This assumes the construction cost of all the awning permits is $1; however, permit fees would be greater if construction costs are greater than $500 based on today's Fee Schedule. The Department noted that the month of May does not always have a greater number of awning permits compared to other months of the year. If more small businesses take advantage of this program during the month of May, the Department believes the fiscal impact will increase but still be minimally impactful on fee revenues collected.

General Plan Compliance

The proposed Ordinance provides a gesture of goodwill for small businesses by waiving certain permit fees during the month of May. The program was made permanent in May 2014 and has since been relocated to an uncodified section of the Building Code. Codifying this fee waiver program supports the Commerce and Industry Element's goals of maintaining and enhancing a favorable business climate in the city. Additionally, the proposed Ordinance also supports the Urban Design Element's policy to encourage and assist with voluntary programs for neighborhood improvement.

Racial and Social Equity Analysis

The Planning Code amendments in the proposed Ordinance support racial and social equity by expanding an existing fee waiver program benefiting small businesses. Many small businesses have unpermitted awnings and signs. If they are reported to the City, the City issues a Notice of Violation for noncompliance. Oftentimes, small business owners are not aware of permitting requirements and find themselves in a confusing, and sometimes expensive, process to come into compliance.

The proposed Ordinance alleviates some of the financial burden by waiving permit fees for qualifying small businesses during Small Business Month in May. The Department notes that the program is not widely used right now based on the low number of awning permits issued during the month of May. Further, data shows that there are sometimes other months of the year with a greater number of awning permits. The City should better advertise this program because not many small businesses seem to be benefitting from it right now.

While the existing Small Business Fee Waiver Program and the proposed Ordinance's expansion of the program supports small businesses, more can be done to further racial and social equity. Article 6 of the Planning Code, which outlines all the sign regulations, does not account for different communities with specific aesthetical preferences, some of which do not fit within the existing sign regulations. Future Ordinances and other efforts should consider amendments to the awning and sign controls that are more cognizant of different cultural preferences because one size or one design does not fit all. Because of this, small businesses participating in the Small Business Month Fee Waiver Program may still have to revise the existing awning or sign to comply with the Code resulting in additional costs to bring the awning or sign into compliance. In some cases, some of these small business owners have had their current sign up for 30+ years without any complaints or forcing any undue harm to the community.

The Department of Building Inspection recently received a large batch of awning and sign complaints targeting certain neighborhoods such as Chinatown or Richmond, both historically communities of color. The City has reached out to these communities where there are prolific awning or sign permit violations to help them abate the violation as quickly as possible. The City also hopes to prevent any enforcement issues for these small business owners in these targeted communities, and ensuring the sign regulations are responsive to different cultural aesthetics could be a first step.

Implementation

The Department has determined that this ordinance will not impact our current implementation procedures. Planning Department review of awnings and signs will continue in the same manner at the Permit Center. Additionally, the Department of Building Inspection still issues permits and calculates and collects (or waives) permit fees.

The proposed Ordinance improves the Department's current implementation process by eliminating a determination process jointly required of Planning Department and the Department of Building Inspection with respect to verifying the number of employees for the small businesses. This is information that neither department has readily available and is better suited for other agencies to assess or for the applicant to verify during the permit application process.

Recommendation

The Department recommends that the Commission *approve with modifications* the proposed Ordinance and adopt the attached Draft Resolution to that effect. The Department's proposed recommendation is as follows:

1. Expand the fee waiver program to apply to all sign permits applied for in May.

Basis for Recommendation

The Department supports the overall goals of this Ordinance because it provides an incentive to improve business facades at what would be a minimal cost to the City but would provide certainty of fee waivers for such scopes of work during Small Business Month each year. Additionally, the Department believes the proposed Ordinance would benefit from the following recommended modification:

Recommendation 1: Expand the fee waiver program to apply to all sign permits applied for in May.
The Department assessed the potential fees waived if signs were included as part of program since 2014, only during the month of May. Table 2 shows that approximately 7.2% of signs permits since 2014 were filed during the month of May. Based on today's permit fees listed in Table 1A-A – Building Permits Fees of the Building Code, this would have resulted in approximately $54,405 permit fees waived under this program. This again assumes the construction cost of all the sign permits is $1 yielding minimal permit fees; however, permit fees would be greater if construction costs are greater than $500 based on today's Fee Schedule. Based on this approach, approximately $62,775 in permit fees would have been waived since 2014 if signs were also included. However, the Department of Building Inspection would have the most accurate fee information since they are the lead agency in collecting (or waiving) permit fees. That said, the Department still believes the additional fees waived under this recommended modification are immaterial and balances out the need to support small businesses.

Required Commission Action

The proposed Ordinance is before the Commission so that it may approve it, reject it, or approve it with modifications.

Environmental Review

The proposed amendments are not defined as a project under California Environmental Quality Act Sections 15378 and 15060(c)(2) because it would not result in a direct or indirect physical change in the environment.

Section 1. Land Use and Environmental Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

Supervisors in File No. ___ and is incorporated herein by reference. The Board affirms this determination.

(b) On _____, the Planning Commission, in Resolution No. _____, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. _____, and is incorporated herein by reference.

(c) Pursuant to Planning Code Section 302, the Board finds that this Planning Code amendment will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. _____, and the Board incorporates such reasons herein by reference. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. _____.

Section 2. Background and Findings.

(a) Annually, May is Small Business Month, during which the Board of Supervisors recognizes the importance of small businesses in San Francisco. As part of this recognition, each year during Small Business Month, there are waivers of various local permit fees that have acted as a bar for many small businesses to improve their building facades and store fronts. Fee waivers include fees for the replacement of awnings, signs on awnings, and installation of pedestrian level lighting. These existing fee waivers are contained in an uncodified Section 4 of Ordinance No. 149-16 in Board of Supervisors File No. 160632 and in Tables 1A-A and 1A-E of the Building Code. This ordinance would codify the existing awning fee waivers, and, in addition, expand fee waivers to include the installation of new awnings, waive plan review and inspection fees of the aforementioned awning and lighting permits

under the Fire Code, and key the Planning, Building, and Fire Code fee waivers to application for the permit in May rather than issuance of the permit in May.

(b) On _____, at a duly noticed public hearing, the Building Inspection Commission considered this ordinance in accordance with Charter Section D3.750-5 and Building Code Section 104A.2.11.1.1. A copy of a letter from the Building Inspection Commission regarding the Commission's recommendation is on file with the Clerk of the Board of Supervisors in File No. _____.

(c) No local findings are required under California Health and Safety Code Section 17958.7 because the amendments to the Building Code contained in this ordinance do not regulate materials or manner of construction or repair, and instead relate in their entirety to administrative procedures for implementing the code, which are expressly excluded from the definition of a "building standard" by California Health and Safety Code Section 18909(c).

Section 3. Article 3.5 of the Planning Code is hereby amended by revising Section 350, to read as follows:

SEC. 350. FEES.

* * * *

(j) **Deferred or Reduced Fee; Fee Waivers.**

(1) Any fraternal, charitable, benevolent, or any other nonprofit organization, that is exempt from taxation under the Internal Revenue laws of the United States and the Revenue and Taxation Code of the State of California as a bona fide fraternal, charitable, benevolent, or other nonprofit organization, or public entity, that submits an application for the development of residential units all of which are affordable to low and moderate income households, as defined by the United States Housing and Urban Development Department,

for a time period that is consistent with the policy of the Mayor's Office of Housing and Community Development and the Successor to the San Francisco Redevelopment Agency, may defer payment of the fees except those for discretionary review and appeals to the Board of Supervisors until (A) before final Planning Department approval of the building permit, preparatory to issuance of the building permit, before the building permit is released to the applicant, or (B) within one year of the date of action on the application, whichever comes first. This ~~*exemption*~~ *deferral provision* shall apply notwithstanding the inclusion in the development of other nonprofit ancillary or accessory uses. Should the project be withdrawn prior to final Planning approval, the applicant shall pay time and material costs pursuant to Section 350(g).

(2) An exemption from paying the full fees specified for discretionary review or appeals to the Board of Supervisors may be granted when the requestor's income is not enough to pay for the fee without affecting ~~*his or her abilities*~~ *their ability* to pay for the necessities of life, provided that the*y* ~~*person seeking the exemption*~~ demonstrate~~s~~ to the Planning Director or ~~*his/her*~~ *the Director's* designee that ~~*he or she*~~*they* would be substantially affected by the proposed project.

(3) Certain of the fees charged in accordance with subsections (b) and (c) are subject in some circumstances to waiver, as stated in Section 4 of Ordinance No. 149-16 in Board of Supervisors File No. 160632*, or as stated below. Description of the waivers below does not affect the other waiver provisions in Section 4 of Ordinance No. 149-16.*

Small Business Month Fee Waivers: No Planning Department fees shall apply to a Small Business that applies for a permit for awning replacement, awning installation, or signs on awnings during the month of May. For purposes of this subsection (j)(3), a Small Business shall be a business with a total workforce of 100 or fewer fulltime employees. To the extent this provision for Small

Business Month Fee Waivers differs from the description in subsection (f) on page 43 of Ordinance No. 149-16, this provision governs.

For purposes of this Section, a Small Business shall be a business with a total workforce of 100 or fewer fulltime employees.

Section 6. Effective Date; Retroactivity.

(b) The Board of Supervisors intends that this ordinance be operative during the entirety of May 2023, which is Small Business Month. To effectuate this intent, the operative provisions of this ordinance shall be retroactive to May 1, 2023 should the effective date of the ordinance occur after May 1, 2023. If any fees that are waived by this ordinance have been collected prior to its effective date, said fees shall be promptly refunded on or after the effective date of the ordinance.

Section 7. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this ordinance as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the ordinance.

Section 8. Effect of Ordinance on Ordinance No. 149-16; Directions to Clerk of the Board of Supervisors.

(a) This ordinance overlaps with subsection (f) on page 43 of Ordinance No. 149-16, duplicating some of that subsection's features but making some changes. To the extent the provisions of this ordinance differ from those of Ordinance No. 149-16, the provisions of this ordinance govern. This ordinance therefore supersedes subsection (f) on page 43 of Ordinance No. 149-16.

(b) Upon the effective date of this ordinance, the Clerk of the Board of Supervisors shall place a copy of this ordinance in Board File No. 160632, the file for Ordinance No. 149-16. In addition, the Clerk of the Board shall indicate on the Board's website chart for ordinances enacted in 2016 that Ordinance No. 149-16 has been superseded in part by this ordinance.

RE: BOS File No. 230212 – Small Business Month Fee Waiver - SUPPORT

Dear Ms. Calvillo,

On March 13, 2023 the Small Business Commission (the Commission) heard BOS File 230212 – Small Business Month Fee Waiver. Tita Bell, Legislative Aide to Supervisor Joel Engardio, presented the legislation. Ms. Bell explained that this proposal would expand the current Small Business Month Awning Fee Waiver Program by allowing fees for new awning installations to be waived. The existing Awning Fee Waiver Program currently waives fees for replacement awnings. It also clarifies that fees will be waived for awning applications submitted in May, even if permit issuance comes later. Lastly, the legislation includes a retroactivity clause in the event the ordinance is not enacted until after May 2023.

The Commission unanimously voted to support this legislation noting that this will help businesses that may not have permits for their awnings or that have received Notices of Violation for noncompliant awnings by waiving costly permitting fees. The Commission supports policies that pursue proactive compliance as an alternative to punitive enforcement, and this proposal furthers that goal.

The Commission commends Supervisor Engardio and his staff for their willingness to improve this important program. Thank you for considering the Commission's recommendations. Please feel free to contact me should you have any questions.

Sincerely,

Katy Tang
